זוהו ספר הסרה למסע

רפרסיה צה

“...Many of those who sleep in the dusty soil will wake up, these for eternal life, those for reproach, to eternal horror.

And thoughtful people will shine, as the brightness of the firmament, they who have led many to righteousness, like the stars for ever and ever.

But you, Daniel, roll up and seal the words of the “BOOK” until the time of the end. Many will be puzzled but knowledge will increase ...

... GO! Daniel, because these words are kept secret and sealed until the time of the end. Many will be purified, bleached and refined. The wicked will act with impiety. None of the wicked will understand, but thoughtful people will understand. ...”

רפס נחיצה

TRANSLATED BY: ARISTIDE VAN AARTSENGEL

Here is the content of the “BOOK” which was announced to you through Daniel.

We recommend that you read these writings with a rested mind, after moments of rest, in a calm manner, so that your mental capacity is enlightened and you can exercise discernment, while taking time to reflect. Do not force it if you cannot understand the state of things immediately.

Let anyone who reads these writings do so with kindness and attention, and be forgiving if not saving the trouble to translate as correctly as possible, I could not interpret and render certain concepts and expressions in the human language.

Spelling mistakes, unrecognized or missing words

No matter how hard we try to prevent them by paying attention to details, sometimes typos, spelling errors, orthographic or grammatical errors, or missing words in the text of published documents can slip in unnoticed, but they will not escape the notice of some of the most scrupulous readers.

Should you find some, we welcome all proposals for correcting such typos, spelling errors, orthographic or grammatical errors that you may come across while reading these translated writings.

As we move forward with translations into others languages, we are also compelled to regularly add explanations/clarifications, to use different words/terms as appropriate to maintain the original meaning and context, and to correct typos, spelling errors, orthographic or grammatical errors, or missing words as we find them in the text. **Please regularly check online for the latest updated version.**

CHAPTER 001

THE HOLY PLACE, THE PLACE OF LIFE: “HE WHO IS” — “THE UNUTTERABLE”

“HE WHO IS”¹ is the absolute “ONE”, at the origin of all that exists.

“HE WHO IS” is alive, without procreation, Self-designed, Self-created, “Born of Himself”². HE is not prone to “time”, as HE Himself created the concept of “time”³. HE does not need any condition and does not need any relationship to be; HE is without dependence. HE has always existed; HE has no beginning, and no end.

Expressions like “...Before “HE WHO IS”...” or like “...Beyond “HE WHO IS”...” do not exist: there is no “...Before “HE WHO IS” and there is no “...Beyond “HE WHO IS” ...”.

¹ In a following section, we will explain why this is so.

² The “specific event” which is called “BIRTH” does not apply to “HE WHO IS”. “HE WHO IS” has designed and established this “specific event” to apply it to His creatures that HE had also designed by Himself and within Himself and that will be manifested outside of Him. In another section, we will explain how this “specific event” which is called “BIRTH” takes place.

Similarly, the concepts of limit, distinction, measurability, superiority, etc..., that we will use throughout this BOOK, do not apply to “HE WHO IS”: these notions are all metaphors designed and established by “HE WHO IS” to be applied to His creatures that HE had also designed by Himself and within Himself and that will be manifested outside of Him in order to bring these creatures to understand who is “HE WHO IS”.

³ Throughout the following chapters, we will explain this concept of “time”, and how it was elaborated and established.

“HE WHO IS” does not have a form that can be expressed by the words which the creatures — both the celestial creatures and the human creatures — have been endowed with; HE is His own possession.

Because of His intense, strange, extraordinary character, which lies in a dimension that is at the sevenfold of the dimension in which the creatures are found — both the celestial creatures and the human creatures — who are outside of Him, “HE WHO IS” cannot be said, HE cannot be translated by the words which these creatures have been endowed with: HE is beyond expression.

“HE WHO IS” has no name and HE is “THE UNUTTERABLE”⁴, for all these creatures that are, outside of Him and under a well-defined angle, projections of the characteristics of “HE WHO IS”.

⁴ In a following section, we will also explain why this is so.

But already, before we get there and to lead you to understand this subsequently, consider that you are living creatures in a two-dimensional domain (that is, in a plane of existence) and you have never heard of concepts that exist in a three-dimensional domain. All that defines your paradigm — that is to say, a representation of your plane of existence, the way of seeing things in your plane of existence, the framework, which has unwritten rules and beliefs and which defines and directs the patterns or models of your actions —, all that you know are the lines and points, which you use to represent everything that you can represent in your plane of existence.

It is then, that another creature coming this time from the three-dimensional domain comes to tell to those who are from the two-dimensional domain:

“...

Do you know that there is an object that is represented as infinity of points, lines, and circles; all in one single object?

Do you know that all the points, lines, and circles that you see in your plane of existence are only projections, from different angles and with different intensities, of this object that is unknown to you?

...”

So, the living creatures in a two-dimensional domain say:

“...

How is such a thing possible? There are no words for describing such an object in our plane of existence. “By what and how should we designate it?”

...”

It is then, that the creature from the three-dimensional domain tells them:

“HE WHO IS” consists of three parts, which form the Monad of Origin; that is, the primordial unity which is the source of each of the components of the unit, and these components cannot be separated, but are distinguishable:

- A part which is reflection, thought, consciousness, understanding, allows to think, to analyze and “MAKE DECISIONS”; we shall call this part: “THE INTELLECT OF ‘HE WHO IS’”⁵. This part is constituted by all the elements and constituents of “HE WHO IS”, which contribute to “THE INTELLECT” in “HE WHO IS”.

“THE INTELLECT OF ‘HE WHO IS’” is always awake and everything that “HE WHO IS” will accomplish is first of all established by “THE INTELLECT OF ‘HE WHO IS’”.

- A part which is discernment, with unlimited perceptions, which is contemplating itself, and accomplishes any instruction statement that “HE WHO IS” issues into existence with the intention to accomplish it, once this instruction has been established by “THE INTELLECT OF ‘HE WHO IS’”. This part, which complements “THE INTELLECT OF ‘HE WHO IS’”, is constituted by all the elements and constituents of “HE WHO IS”, which contribute to the accomplishment of any instruction that “THE INTELLECT OF ‘HE WHO IS’” issues into existence with the intention of accomplishing it.

“...

Such an object truly exists and is called: the SPHERE, it is the perfect form. That word is not part of your language.

If then, you do not manage to apprehend the perfect form, which is by itself the projection, through a five-dimensional filter, of another original object which this time is in a domain with seven dimensions, and you also do not know of the existence of this five-dimensional intermediate filter, is it this original object of the seven-dimensional domain that you will be able to apprehend from the lines and points — the concepts of your two-dimensional domain — that you use to represent everything you can represent in your plane of existence?

...”

⁵ The intellect is the capacity to perceive, to discern, to reason, to understand, to imagine, to create, to think. We shall use this word to avoid confusion with the word “SPIRIT” which we will use in its original designation to indicate something else.

This part is “THE FORCE OF ‘HE WHO IS’”, also called “THE FORCE OF ‘HE WHO IS’ THAT PERFORMS”, also called “THE WILL OF ‘HE WHO IS’”; it is “THE LABOURER OF ‘HE WHO IS’”, “THE WORKER OF ‘HE WHO IS’”.

- A part which is other than “THE INTELLECT OF ‘HE WHO IS’” and also other than “THE FORCE OF ‘HE WHO IS’”; we shall call it “THE BODY OF ‘HE WHO IS’”.

“THE FORCE OF ‘HE WHO IS’” was created by “HE WHO IS” HIMSELF and from well defined unique particulars of “THE BODY OF ‘HE WHO IS’” and within those well defined particulars of “THE BODY OF ‘HE WHO IS’”; whereas “THE INTELLECT OF ‘HE WHO IS’” has always existed and is without procreation.

“THE FORCE OF ‘HE WHO IS’” is invisible, powerful, extends and moves all over “THE BODY OF ‘HE WHO IS’”. SHE is capable of performing countless tasks simultaneously and throughout “THE BODY OF ‘HE WHO IS’”. It is through it that “HE WHO IS” perceives “THE BODY OF ‘HE WHO IS’” in its whole and in all its details.

This is why “THE FORCE OF ‘HE WHO IS’” is called “THE EYE OF ‘HE WHO IS’”, also called “THE EAR OF ‘HE WHO IS’”.

This is why it is said of “HE WHO IS”, that HE has unlimited perceptions and HE contemplates Himself.

“THE FORCE OF ‘HE WHO IS’” is the like of “THE INTELLECT OF ‘HE WHO IS’”; it is the performing face of “THE INTELLECT OF ‘HE WHO IS’”. It is also said of “THE INTELLECT OF ‘HE WHO IS’” that it is “THE THOUGHT” of “THE FORCE OF ‘HE WHO IS’”.

“THE INTELLECT OF ‘HE WHO IS’” and “THE FORCE OF ‘HE WHO IS’” go hand in hand and are conjoint. This is why most often “HE WHO IS” is considered to be made of two parts which cannot be separated, but are distinguishable:

1. The pair constituted by “THE INTELLECT OF ‘HE WHO IS’” and “THE FORCE OF ‘HE WHO IS’”, and;
2. “THE BODY OF ‘HE WHO IS’”.

“THE BODY OF ‘HE WHO IS’” is an unlimited structure that transcends all realities, greater than the totalities. “THE FORCE OF ‘HE WHO IS’” extends all over “THE BODY OF ‘HE WHO IS’” which is unlimited.

The most close and comprehensible expression of “THE BODY OF ‘HE WHO IS’” is that it is Energy (Light), produced by this Energy (light) by itself, and does not contain any detectable trace of anything other than “THE BODY OF ‘HE WHO IS’”; that is, “THE BODY OF ‘HE WHO IS’” is “PURE”.

Through “THE INTELLECT OF ‘HE WHO IS’”, “HE WHO IS” has established and assigned unique attributes to “THE BODY OF ‘HE WHO IS’”. To each attribute, HE has given a unique meaning and a “single word” which reveals unique particulars especially and deliberately chosen between all those that distinguish “THE BODY OF ‘HE WHO IS’”. So, HE has established the following first three attributes of which the “unique words” in the human language are translated by:

1. “PURITY” — to express the fact that “THE BODY OF ‘HE WHO IS’” contains no detectable trace of anything other than “THE BODY OF ‘HE WHO IS’”. The existence, realization and value of the attribute “PURITY” are independent of any condition of time, space, knowledge. The attribute “PURITY” is absolute and it has no limitation in its exercise or manifestations in “HE WHO IS”. This attribute “PURITY” subsists in itself, it is a real, infinite, eternal, absolute essence, existing by itself in “HE WHO IS”, having consciousness and intelligence of itself.⁶
2. “LIGHT” — to characterize the Energy that emanates from “THE BODY OF ‘HE WHO IS’” and makes it “ALIVE”. This energy is the “LIFE” imprint of “THE BODY OF ‘HE WHO IS’”.
3. “GOD” — to express the fact that “THE BODY OF ‘HE WHO IS’” produces itself the Energy that emanates from “THE BODY OF ‘HE WHO IS’” and makes it “ALIVE”; “THE BODY OF ‘HE WHO IS’” produces itself “LIFE”.

This Energy, which is the product of the attribute “GOD”, that emanates from “THE BODY OF ‘HE WHO IS’” and makes it “ALIVE”, and that is called “LIGHT” — the second attribute here above —, is also called “THE CHILD” of the attribute “GOD” (more precisely “THE

⁶ In the Earthly world in which you live, the concept of “purity” in the sense that you are familiar with, as to be the condition or quality of that, which is pure, the quality of something whose freshness, clarity, or luster does not obscure, and that nothing alters, is an expression relative to the living “PURITY” attribute of “HE WHO IS”.

SON” of “GOD”).⁷ This key feature of a product self-producing itself without any external interference, which is self-sufficient and which constitutes a whole by itself and exists independently of anything else, is the lead characteristic of the aggregate of characteristics that define the attribute “GOD”.⁸

It is so that, when one speaks of “THE FATHER”⁹, “THE SON”, and “THE HOLY SPIRIT”, it is respectively about (1) “HE WHO IS”, through “THE INTELLECT OF ‘HE WHO IS’”, (2) “THE BODY OF ‘HE WHO IS’” through this Energy, which is the product of the attribute “GOD”, that emanates from “THE BODY OF ‘HE WHO IS’” and makes it “ALIVE”, and that is called “LIGHT”, and (3) “THE FORCE OF ‘HE WHO IS’”.

For “THE BODY OF ‘HE WHO IS’”, these three attributes — “PURITY”, “LIGHT”, and “GOD” — also form that, which is called the Monad of Origin, also called the Triad of origin; that is, the primordial unity which is the source of each of the components of this primordial unity, and these components cannot be separated, but are distinguishable.

To this Monad of Origin for “THE BODY OF ‘HE WHO IS’”, “HE WHO IS” has established and assigned a unique attribute which “single word” in the human language translates into: “THE DIVINE”¹⁰.

These three attributes — “PURITY”, “LIGHT”, and “GOD” — are inextricably linked and the most close and comprehensible notion that can be used to represent (or visualize) these three attributes is that of “strict inclusion” of “sets”, and which is used in order relationships in mathematics; Because each attribute represents a set of unique particulars especially and deliberately chosen between

⁷ In another section of this BOOK, we shall explain the details of the designations “THE CHILD” of “GOD” and more precisely “THE SON” of “GOD”.

⁸ “HE WHO IS” will implement some aspects of a decomposition of this self-producing feature in various ways in the living creatures, which HE designed and produced into existence in the world in which you live now. You know already about some of those aspects of the decomposition of this self-producing feature through the “MALE” and “FEMALE” adjectives.

⁹ In another section of this BOOK, we shall explain the details of the designations “THE FATHER” and “THE MOTHER”.

¹⁰ This “single word”, which in the human language translates into “THE DIVINE”, is always masculine and singular and do not have a plural form.

all those that distinguish “THE BODY OF ‘HE WHO IS’”. The attribute “PURITY” is “included” in the attribute “LIGHT”, which itself is “included” in the attribute “GOD”, which in turn is “included” in the attribute “DIVINE”. This “inclusion” does not reverse.

All the unique particulars that are elements of the attribute “PURITY”, have epithet functions in the attribute “LIGHT”; and all the elements of the attribute “LIGHT”, each element in itself, carry in them the unique particulars that belong to the attribute “PURITY”, but no element of the attribute “PURITY” carries in it a determinant of the attribute “LIGHT”.

Similarly, all the unique particulars that are elements of the attribute “LIGHT”, have epithet functions in the attribute “GOD”; and all the elements of the attribute “GOD”, each element in itself, carry in them the unique particulars that belong to the attribute “LIGHT”, but no element of the attribute “LIGHT” carries in it a determinant of the attribute “GOD”.

Similarly, all the unique particulars that are elements of the attribute “GOD”, have epithet functions in the attribute “DIVINE”; and all the elements of the attribute “DIVINE”, each element in itself, carry in them the unique particulars that belong to the attribute “GOD”, but no element of the attribute “GOD” carries in it a determinant of the attribute “DIVINE”.

All the myriads of unique particulars and their descriptions, listed with their syntax and semantic, in the three attributes — “PURITY”, “LIGHT”, and “GOD” —, and ascribed to this Monad of Origin for “THE BODY OF ‘HE WHO IS’”, are truth values about “HE WHO IS”, and the relationship of “strict inclusion” of “sets” reveals the syntax and the semantic of their “attributions”.

It is thus by this single attribute, “THE DIVINE”, which contains all the unique particulars and their descriptions, and ascribed to this Monad of Origin for “THE BODY OF ‘HE WHO IS’”, that “HE WHO IS” — “THE UNUTTERABLE” — will be also designated.¹¹

¹¹ It is because “HE WHO IS” — “THE UNUTTERABLE” — is THE ONLY ONE in existence having in Him the attribute “GOD”, whose unique particulars have epithet functions in the attribute “DIVINE”, that “HE WHO IS” is also referred to by this attribute: “GOD”. Throughout this BOOK, we will instead use the attribute “DIVINE” to refer to “HE WHO IS”.

“HE WHO IS” — “THE UNUTTERABLE” — will be called “THE DIVINE”. And His three constituent parts will be called: “THE INTELLECT OF THE DIVINE”, “THE DIVINE FORCE”, and “THE DIVINE BODY”.

This Monad of Origin for “THE DIVINE BODY” is the source that generates each of its three attributes — “PURITY”, “LIGHT”, and “GOD” — of “THE DIVINE BODY”. This Monad for “THE DIVINE BODY” defines that, which will be called: the “Generative Power of ‘THE DIVINE’”. The three attributes — “PURITY”, “LIGHT”, and “GOD” — that are each essence which forms this Monad of Origin for “THE DIVINE BODY”, define that, which will be called: the “Formative Essence of ‘THE DIVINE’”.

It is from the unique particulars of the attribute “PURITY” of “THE DIVINE BODY”, and remaining within those unique particulars of the attribute “PURITY” of “THE DIVINE BODY”, that “THE DIVINE” has conceived and produced in HIMSELF the UNIQUE creature that is designated as: “THE FORCE OF ‘HE WHO IS’”, or “THE DIVINE FORCE”. It is from those unique particulars of the attribute “PURITY” of “THE DIVINE BODY” that “THE DIVINE FORCE” has inherited the “INVISIBILITY” property.

From the respective particulars of the other two attributes “LIGHT” and “GOD” of “THE DIVINE BODY”, and within these respective particulars of the other two attributes “LIGHT” and “GOD” of “THE DIVINE BODY”, “HE WHO IS” — “THE UNUTTERABLE” — “THE DIVINE” has not designed and has not produced any other creature in HIMSELF, as HE has done with “THE DIVINE FORCE”. In those respective particulars of the other two attributes “LIGHT” and “GOD” of “THE DIVINE BODY”, “THE INTELLECT OF THE DIVINE” is present with the unique particulars of the attribute “PURITY” of “THE DIVINE BODY” as epithets and has always existed and without procreation.

The strength of the luminosity irradiating from “THE DIVINE BODY” is such that this radiance and the strength of this luminosity can be contained only by “THE DIVINE BODY” and within “THE DIVINE”. The strength of this luminosity is billions¹² of times greater than that of the Solar star in the “Physical Realm¹³”.

¹² While I was in a “spiritual” state, trying to understand spiritually the importance of this strength and luminosity compared to those of the solar star, I said to myself: “It is surely a few thousand... may be a few million!”. And instantly, at the same moment, “THE DIVINE”, IHVH, our FATHER spoke to me and said:

“THE DIVINE” — “THE INTELLECT OF THE DIVINE”, “THE DIVINE FORCE”, and “THE DIVINE BODY” — is in Him and by Himself His own domain: “THE DIVINE DOMAIN”.

The most close and comprehensible expression which can be given to “THE DIVINE DOMAIN” is that it is Pure Energy, Pure Light, Conscious, Intellect, Alive, and in a STATE OF SUPREME EQUILIBRIUM and stable.

“THE DIVINE DOMAIN” is shapeless, literally as well as figuratively, it is unlimited and there is nothing else, other than “THE DIVINE DOMAIN” beyond “THE DIVINE DOMAIN”; that is, there is no “Beyond the ‘DIVINE DOMAIN’”¹⁴.

“Of several billion. You can better understand it, knowing that the Archangel RAGUEL who lives and dwell in the solar star, uses the protective veil when he comes inside the “HEAVENLY TABERNACLE””.

¹³ The “Realm” — also called the “Sphere”, also called the “Kingdom” — is a delineated set, a delineated totality, within which well-defined parameters, logical predicates, rules, and laws extend, and within which well-defined and prevailing actions exert “closure” to it; that is, it has a boundary and the result of exercising these well-defined and prevailing actions, to elements of the delineated set, remain within the delineated set. Thus, for example, we will speak without distinction of “Physical Realm”, “Physical Sphere”, or “Physical Kingdom”, etc...

¹⁴ CHRIST had already explained this to human creatures when he told his disciples:

“... ”

“HE WHO IS”, “THE UNUTTERABLE”, no Principality knew him, no authority, no subordinate, no power, no creature since the formation of the world knew him until now, if not him alone and also one that pleases him,...

“THE UNUTTERABLE” is immortal.

HE is ETERNAL, because HE is without procreation, because whoever is beforehand created shall perish. However the Unprocreated has no beginning, because anyone who has a beginning has an end. And no one rules over him.

HE has no name, because he who has a name is the redemption of someone else.

HE is unmentionable.

HE has no shape, because he who has a shape is the creature of someone else.

HE has a specific appearance, not like that, which you have seen neither like that, which you have received, but a strange appearance, transcending

ספר האזנה

all realities and higher than the wholes, with unlimited perception, which is contemplating itself.

HE is unlimited, incorruptible, and elusive.

HE has the continuity. Nothing resembles him.

He is benevolent and immutable, unwavering, blissful.

HE is inconceivable, HE designs Himself.

HE is immeasurable, inaccessible.

HE is perfect since without impairment.

HE is blissful and without impurity.

HE is called "THE FATHER of All"

..."

CHAPTER 002

THE DIVINE BODY

“THE DIVINE BODY” is a structure that transcends all realities. The most close and comprehensible expression which can be given to that, which is at the base of the structure of “THE DIVINE BODY” is that it is composed of an unlimited number of “Divine Particles” that are billions of times smaller than the elementary subatomic particles¹⁵.

Each “Divine Particle” is in itself source of Pure Energy. All these “Divine Particles” are always in movement, each “Divine Particle” in movement in itself

¹⁵ Humans have defined the elementary particles as the fundamental constituents of the universe and described by the standard model of particle physics. These subatomic particles are called “elementary” because they do not result from the interaction from other “smaller” particles. An atom is not an elementary particle, because it consists of electrons, protons and neutrons. These last two, designated by the generic term nucleons, as forming the atomic nucleus, are not elementary because they are made up of quarks. However, electrons and quarks are elemental particles because they are made of no other particle, based on the current state of knowledge of the human creature.

Can you grasp this concepts of something that is billions times smaller than the elementary subatomic particles? The subatomic scale, which you are already aware of, is the domain of physical size that encompasses objects smaller than an atom. It is the scale at which the atomic constituents, such as the nucleus containing protons and neutrons, and the electrons, which orbit in spherical or elliptical paths around the nucleus, become apparent. The subatomic scale includes the many thousands of times smaller subnuclear scale, which is the scale of physical size at which the constituents of the protons and neutrons — particularly quarks — become apparent. Now, just imagine a scale that is few thousands of times smaller than the already smaller subnuclear scale. Unbelievable!

and in relation to others, and their movements are not disordered. That is why “THE DIVINE BODY” is also always awake, IT does not rest¹⁶.

By always using this expression of “Divine Particle” which is the most close and comprehensible expression which can be given to that, which is at the base of the structure of “THE DIVINE BODY”, then, “THE DIVINE BODY” is in fact a “DIVINE SUBSTANCE” unlimited, pure and alive.

“THE DIVINE” consists of three parts, which form the Monad of Origin; that is, the primordial unity which is the source of each of the components of the unit, and these components cannot be separated, but are distinguishable.

As such, this “DIVINE SUBSTANCE” unlimited, pure, and alive, is conscious and intellect. In addition, each delineated part in this “DIVINE SUBSTANCE” unlimited, pure and alive, is conscious and intellect in itself, reflected in itself and at the same time is the “DIVINE SUBSTANCE”.

For creatures that “THE DIVINE” will create into existence in the space in which HE will achieve His Work, this “DIVINE SUBSTANCE” which contemplates itself, will transcend all realities that these creatures can conceive.¹⁷

Through “THE INTELLECT OF THE DIVINE”, “THE DIVINE” conceives Himself and builds up, according to his own plans, architectures made of “Divine Particles”: “THE INTELLECT OF THE DIVINE” is “THE ARCHITECT OF THE DIVINE”.

Through “THE INTELLECT OF THE DIVINE”, “THE DIVINE” defines architectural and technical solutions for the realization of His own designs: “THE INTELLECT OF THE DIVINE” is “THE PROJECT MASTER OF THE DIVINE”.

“THE DIVINE” creates Himself, and performs the designs of His “DIVINE ARCHITECT AND PROJECT MASTER” in the “SILENCE”, using “THE DIVINE FORCE”¹⁸ powerful and invisible. This “DIVINE FORCE” is “THE DIVINE WORKER”, and is best known under the name: “THE HOLY SPIRIT”. It is “THE DIVINE FORCE” who accomplishes all instructions that “THE DIVINE” issues

¹⁶ The concept of “rest” does not apply to “THE DIVINE”. “THE DIVINE” has designed and established this concept to apply it to His creatures that He had also designed by himself.

¹⁷ I do not know how to describe this “SUBSTANCE” so that humans can grasp and understand because human language words are inadequate to describe this “SUBSTANCE” conscious and alive; that is “THE DIVINE”, IHVH, our FATHER.

¹⁸ See October 11, 2015 vision, during the worship praise of 03:00 in the morning.

into existence once they have been established by “THE INTELLECT OF THE DIVINE”.

It is in the “SILENCE” that “THE DIVINE FORCE” accomplishes all the instructions that it receives, and then, arranges and positions the “Divine Particles”, in countless ways, creating “SHAPES” that are alive as delineated parts of “THE DIVINE BODY” as “DIVINE SUBSTANCE” unlimited, Pure, Conscious, Intellect and Alive.

These living shapes, of which the number is countless, and which are delineated parts of “THE DIVINE” that “THE DIVINE” creates in Him, are indistinct of “THE DIVINE”. Each of these shapes is conscious and alive in itself, reflected in itself and at the same time is the “DIVINE SUBSTANCE”. Each of these shapes is still “THE DIVINE”, the essence of “THE DIVINE”, indistinct of “THE DIVINE”, inside of “THE DIVINE”, and is made up of “Divine Particles” constituent of “THE DIVINE BODY”.

All the “Divine Particles” constituent of “THE DIVINE BODY”, subsequent to a “divine work”, produce something, of which the most close and comprehensible expression is “divine energy”.

Some “Divine Particles” constituent of “THE DIVINE BODY”, subsequent to a “divine work”, produce much more of these “divine energies” and transmit these crude “divine energies” to the immediate external environment around them; as such, they emit too much Light, in the sense of these “divine energies” that are characterized by the attribute “LIGHT” and their associated radiance or electromagnetic radiation from the superposition of all electromagnetic waves (that, which we often designate as “white luminous radiation”).¹⁹ To each of such “Divine Particles”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has assigned a unique attribute defined by the “unique word” which means “HE WHO GENERATES ENERGY CONCEPTIONS” and the adjective of which is “GENERATOR”.

Such “Divine Particles” are called “Generative Divine Particles”²⁰, they produce the “divine generative energy” and they are at the origin of the “Generative Power

¹⁹ Throughout these writings, we use the term “Light” (or “light”) often in this sense; that of, both an “energy”, which is characterized by the attribute “LIGHT”, and the radiance (also designated as the “glory”) associated with that “energy”.

²⁰ Later, during the course of the realization of His Work, “THE DIVINE”, IHVH, our FATHER will unveil this nature of the “Divine Particles”, to His creatures without however

of ‘THE DIVINE’”. There are countless types of “Generative Divine Particles”, all different from each other and depending upon the strength of the crude “divine generative energy” that they generate and transmit to the immediate external environment all around them.

Of other “Divine Particles”, although they produce much less of these “divine energies”, they absorb however much “divine generative energy” crude produced and transmitted by the “Generative Divine Particles”, in order to accomplish their “divine work”. To each of such “Divine Particles”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has assigned a unique attribute defined by the “unique word” which means “HE WHO FORMS ENERGY CONCEPTIONS” and the adjective of which is “FORMATIVE”.

Such “Divine Particles” are called “Formative Divine Particles”²¹, they produce the “divine formative energy” and they are at the origin of the “Formative Essence of ‘THE DIVINE’”. There are countless types of “Formative Divine Particles”, all different from each other and depending upon the “divine work” that they produce, from the crude “divine generative energy” produced and transmitted by the “Generative Divine Particles” and which they absorb.

These “Formative Divine Particles” also transmit the products of their “divine work” to the immediate external environment all around them. Some of these “Formative Divine Particles” emit a pure and intense radiance, of absolute white color (eternal symbol of purity of “THE DIVINE”, and fundamental “STATE OF

giving them the explanation and the profound significance, when HE will create into existence the solar star, in the space in which HE designed and established to carry out His Work, on the basis of the characteristics of these “Generative Divine Particles” that emit much more of light and energy, to allow His creatures understand what their “eyes” perceive, however without understanding the meaning.

²¹ Here, too, later, during the course of the realization of His Work, “THE DIVINE”, IHVH, our FATHER will unveil this nature of the other “Divine Particles” when HE will create into existence the lunar star, in the space in which HE designed and established to carry out His Work, on the basis of the characteristics of these “Formative Divine Particles” which, although they emit light and energy, absorb much of the light and energy emitted by the “Generative Divine Particles”, and to allow His creatures understand what their “eyes” perceive, however without understanding the meaning.

HARMONY”²² of “THE DIVINE”), but less potent than the pure radiance emitted by the “Generative Divine Particles”.

These two groups of “Divine Particles”, the “Generative Divine Particles” and the “Formative Divine Particles”, are at the origin of all the “STATES OF EQUILIBRIUM”, all the “STATES OF HARMONY”, of “THE DIVINE” throughout all regions of His unlimited “BEING”.

In His own “Days”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has identified all of the different particulars and aspects of “THE DIVINE BODY”, by designing it Himself in countless ways. By creating His own “DIVINE BODY” countless ways, HE identified each of the different particulars of all the “Divine Particles” as well as their arrangements in relation with each other.

Through those arrangements, HE created that, which is called the “movement” (of a considered “Divine Particle” with respect to defined benchmarks) and HE identified all the particulars of the “Divine Particles” movements, each “Divine Particle” in itself and in relation to the other “Divine Particles”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” created and identified all the different configurations of the “Generative Divine Particles” and the “Formative Divine Particles”, and by “THE DIVINE FORCE” that extends over all “THE DIVINE BODY” which is unlimited, and which is capable of performing countless tasks simultaneously throughout “THE DIVINE BODY”, “THE DIVINE” has established and expressed in Himself all configurations that provide the “STATES OF EQUILIBRIUM”, the “STATES OF HARMONY”, of “THE DIVINE” throughout all regions of the unlimited “DIVINE BODY”.

²² A combination which is ownership of “THE DIVINE” and which presents an original and exclusive characteristic, forming a whole whose various and separate elements are linked in a relation of adequacy, a relation of convenience existing between the constitutive elements, which brings to the both satisfaction and pleasure.

יצירה ספר

CHAPTER 003

“THE DIVINE ARCHITECT AND PROJECT MASTER” has established a first movement for all the “Divine Particles” — the “First Movement of the Divine Particles” — and by “THE DIVINE FORCE” which extends over all “THE DIVINE BODY”, which is unlimited, “THE DIVINE” has consolidated in Himself, on all the “Divine Particles” constituent of “THE DIVINE BODY”, which is unlimited, this first movement on two points and around a “specific axis” in motion.

To the first point of this first movement, the one that describes the beginning and the end of the displacement movement of each “Divine Particle”, HE assigned the word which means “HE WHO EXISTS” and the pronunciation in human language is the same as that of the letter “I”.

To the second point of this first movement, the one that describes the orientation of the movement of each “Divine Particle”, at the halfway of the complete displacement movement, HE assigned the word which means “HE WHO WILL EXIST”, and the pronunciation in human language is the same as that of the letter “V”

On each “Formative Divine Particle”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has added a second movement, selected appropriately among countless other movements. This second movement added to the “Formative Divine Particle” has several particulars and it is different from the first and same movement of all “Divine Particles”.

This combination, of the first movement of the “Formative Divine Particle”, which is the first movement that all “Divine Particles” have, and the second movement added to the “Formative Divine Particle”, is called: the “Movement of Formative Divine Particle”.

It is therefore, for example that this “Movement of Formative Divine Particle” will describe an infinitely small volume of space in which a proportion of the products of the “divine work” accomplished by the “Formative Divine Particle” will be contained. This is the first characteristic of the “Movement of Formative Divine Particle”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

The proportion of the products of the “divine work” accomplished by the “Formative Divine Particle” and contained in this infinitely small volume of space will always be stable, meaning that it will always be predictable, regardless of the orientation of the “specific axis” of the first movement of the “Formative Divine Particle” but depending upon the volume described by the “Movement of Formative Divine Particle”.

This infinitely small volume of space that is described by the “Movement of Formative Divine Particle” will be called the “Divine Primary Equilibrium Zone” of the “Formative Divine Particle”.

A “Divine Primary Configuration” of the “Formative Divine Particle” is defined by a “specific axis” orientation of the first movement of “Formative Divine Particle” and a “specific volume” described by the “Movement of Formative Divine Particle”. Therefore, there are countless “Divine Primary Configurations” that are associated to any “Formative Divine Particle”.

מפרט

CHAPTER 004

THE “DIVINE SECONDARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND ONE “FORMATIVE DIVINE PARTICLE”

When a “Formative Divine Particle” is placed in a fixed location in the proximity of one “Generative Divine Particle”, then, the “Divine Primary Equilibrium Zones” that are associated to the “Formative Divine Particle” with respect to the “Generative Divine Particle” will also be affected by the products of the “divine work” accomplished by the “Generative Divine Particle”.

Thus, depending upon the orientation of the “specific axis” of the movement of the “Generative Divine Particle” and following the orientation of the “specific axis” of the first movement of the “Formative Divine Particle”, a part of the “Divine Primary Equilibrium Zone”, which is associated with the “Formative Divine Particle” with respect to the “Generative Divine Particle” will also contain a proportion of the products of the “divine work” accomplished by the “Generative Divine Particle”. And it will define as such an infinitely small second volume of space in this “Divine Primary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This infinitely small second volume of space which is described by the “Movement of Formative Divine Particle” and which will contain a proportion of the products of the “divine work” accomplished by the “Generative Divine Particle”, will be called: the “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle”. This is the second characteristic of the “Movement of Formative Divine Particle”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

This “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle”, contains at any time, products of the “divine work” accomplished by the “Formative Divine Particle”. It will also

contain at any time, depending upon the “Movement of Formative Divine Particle”, a proportion of the products of the “divine work” accomplished by the “Generative Divine Particle”.

The products of the “divine work” accomplished by the “Generative Divine Particle” and the products of the “divine work” accomplished by the “Formative Divine Particle” will not enter at the same time in the “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle”.

The products of the “divine work” accomplished by the “Generative Divine Particle”, will enter first, and during a first time interval.

At the end of this first time interval, the products of the “divine work” accomplished by the “Formative Divine Particle” will then, enter, and during a second time interval.

A “Divine Secondary Configuration” of one “Generative Divine Particle” and one “Formative Divine Particles” is defined by:

1. The orientation of the “specific axis” of the movement of the “Generative Divine Particle”;
2. The orientation of the “specific axis” of the first movement of the “Formative Divine Particle”; and
3. The “specific volume” defined by the considered “Divine Secondary Equilibrium Zone” with respect to the “Generative Divine Particle”.

In His own “Days”, based on the designs of “THE DIVINE ARCHITECT AND PROJECT MASTER”, “THE DIVINE FORCE” had found that: following the “Divine Secondary Configuration” of one “Generative Divine Particle” and one “Formative Divine Particles”, the “sensations” felt in the “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle” are different and more or less pleasant than those felt in all the “Divine Primary Equilibrium Zones” of the “Formative Divine Particle” constituent of this “Divine Secondary Equilibrium Zone”.

Thus, following the “Divine Secondary Configuration” of one “Generative Divine Particle” and one “Formative Divine Particle”, the proportions of the products of the “divine work” accomplished by the “Generative Divine Particle”, as well as the proportions of the products of the “divine work” accomplished by the “Formative Divine Particle”, and which will enter the “Divine Secondary Equilibrium Zone” of

the “Formative Divine Particle” with respect to the “Generative Divine Particle” may be stable or else unstable.

They will be stable when they will take place in a predictable way, at regular time intervals and with the same proportions of products of the “divine work” accomplished by the “Generative Divine Particle”, otherwise they will be unstable; that is, they will take place in random and unpredictable way.

Stable proportions are obtained from the intersecting points that are defined by the intersection of the direction of the orientation of the “specific axis” of the movement of the “Generative Divine Particle” with that of the orientation of the “specific axis” of the first movement of the “Formative Divine Particle”, and by synchronizing the movement of the “Generative Divine Particle” with the “Movement of Formative Divine Particle” of the “Formative Divine Particle”.

As such, for a “Formative Divine Particle” placed in a fixed location in the proximity of a “Generative Divine Particle”, based on the designs of “THE DIVINE ARCHITECT AND PROJECT MASTER”, “THE DIVINE FORCE” has perfectly synchronized the “Movement of Formative Divine Particle” with the movement of the “Generative Divine Particle”, with respect to the intersecting point of the “specific axis” of the movement of the “Generative Divine Particle” and the “specific axis” of the first movement of the “Formative Divine Particle”.

Therefore, through this perfect synchronization, are determined the proportions of the products of the “divine work” accomplished by the “Generative Divine Particle” and which will enter the “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Through the perfect synchronization of the movement of the “Generative Divine Particle” and the movement of the “Formative Divine Particle”, the movement of the “Formative Divine Particle” is driven by the movement of the “Generative Divine Particle”.

Thus, for the “Formative Divine Particle”, with the passage of time and through the perfect synchronization of the movement of “Formative Divine Particle” with the movement of the “Generative Divine Particle”, a complete flow path of the “Generative Divine Particle” will create and delineate an infinitely small “Divine Secondary Equilibrium Space” which is swept by the “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle”. It is the “Divine Secondary Equilibrium Space” of the “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This “Divine Secondary Equilibrium Space” of the “Formative Divine Particle” with respect to the “Generative Divine Particle” is also contained in the “Divine Primary Equilibrium Space” of the “Formative Divine Particle” with respect to the “Generative Divine Particle”.

So, with this displacement of the position of the intersecting point of the “specific axis” of the movement of the “Generative Divine Particle” and the “specific axis” of the first movement of the “Formative Divine Particles”, the proportions of the products of the “divine work” accomplished by the “Generative Divine Particle” and which will enter the “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle” may be stable or unstable.

They will be stable when they will take place in a predictable way, at regular time intervals, and with the same proportions of products of the “divine work” accomplished by the “Generative Divine Particle”, otherwise they will be unstable; that is, they will take place in random and unpredictable way.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has established all the intersecting point positions that provide stable “Divine Secondary Equilibrium Zones” and “Divine Primary Equilibrium Zones” of the “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Within these equilibrium zones, the proportions of the products of the “divine work” accomplished by the “Generative Divine Particle” and which will enter these “Divine Secondary Equilibrium Zones” and “Divine Primary Equilibrium Zones” will be always stable.

In addition, the “sensations” felt within such stable “Divine Secondary Equilibrium Zones” will be more pleasant than those felt in all the “Divine Primary Equilibrium Zones” of all the “Formative Divine Particles” constituent of these “Divine Secondary Equilibrium Zones”. The “processed divine energy” contained in such stable “Divine Secondary Equilibrium Zones” is also more refined as a result of the synergy — the coordinated action of the established movements of the constituent “divine particles”, applied on the “divine work” performed by the “Generative Divine Particle” and the “Formative Divine Particle”, and which contributes to produce a total effect that is greater than the sum of separate effects of each of these two “divine particles” — defined in such stable “Divine Secondary Equilibrium Zones”.

These different positions of the intersecting point, which provides stability, are the “secondary intersecting points” of the “specific axis” of the movement of the “Generative Divine Particle” and the “specific axis” of the first movement of the “Formative Divine Particle”. There are countless such “secondary intersecting points”, diametrically opposite each other with respect to the centre of the “Generative Divine Particle”.

On each of these “secondary intersecting points” is associated a “Divine Secondary Configuration” of one “Generative Divine Particle” and one “Formative Divine Particle”. On the “Divine Secondary Configuration” of one “Generative Divine Particle” and one “Formative Divine Particle”, the “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle” contains at any time, products of the “divine work” accomplished by this “Formative Divine Particle” and it will contain at any time stable proportions of products of the “divine work” accomplished by the “Generative Divine Particle”.

The “Formative Divine Particle” will produce a “primary unit” measurement of the products of its “divine work”, from a defined “primary quantity” of the products of the “divine work” accomplished by the “Generative Divine Particle” that this “Formative Divine Particle” receives. A proportion of this “primary unit” will enter the “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle”: we shall call it the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the “Formative Divine Particle”.

The stability of the proportion of the products of the “divine work” accomplished by the “Generative Divine Particle” with respect to the proportions of the products of the “divine work” accomplished by the “Formative Divine Particle” is obtained when, within this “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle”, the proportion of products of the “divine work” accomplished by the “Formative Divine Particle” does not exceed the prescribed limit of proportion.

This prescribed limit of proportion in the stable “Divine Secondary Configuration” also ensures the stability of the “Divine Primary Configurations” considered and which are associated with the “Generative Divine Particle” and also with the “Formative Divine Particles” constituent of this “Divine Secondary Configuration”.

For the “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle”, the “primary limit of proportion”

defined for the “Formative Divine Particle”, is two times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the “Formative Divine Particle”.

With the passage of time, the “Generative Divine Particle” will perform its “divine work” and transmit the products of this “divine work” to the “Formative Divine Particle” as well as to the “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle” through synchronization of the movements.

It is so that, the “Formative Divine Particle” will also perform its “divine work” and transmit the products of this “divine work” to the “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Thus, with the passage of time and the movement of the “Generative Divine Particle”, stable proportions of products of the “divine work” accomplished by these two “Divine Particles” will accumulate and increase in the “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle”, until the proportion of products of the “divine work” accomplished by the “Formative Divine Particle” reaches the “primary limit of proportion” which is two times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the “Formative Divine Particle”.

At attainment of this “primary limit of proportion”, the set constituted by two times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the “Formative Divine Particle” will be called the pair of products of the “divine work” accomplished by the “Formative Divine Particle”. All the core particulars that are present in this pair of products of the “divine work” accomplished by the “Formative Divine Particle” are in their first phase of existence.

At attainment of this “primary limit of proportion” which is two times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the “Formative Divine Particle”, the transformation of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the “Formative Divine Particle” will take place in order to maintain the stability of the proportions of products of the “divine work” accomplished by these two “Divine Particles” within the “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This first transformation is the “primary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the “Formative Divine Particle”. The two times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the “Formative Divine Particle” will be the reagents; that is, the products that will be consumed during the transformation, in this “primary transformation”.

At the end of this “primary transformation”, some core particulars of the pair of products of the “divine work” accomplished by the “Formative Divine Particle” have been transmitted and will be present in reduced amount in their second phase of existence in the products of the “primary transformation”.

At the end of this “primary transformation”, this “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it:

- Two times a unit of measurement of products of “transformation sub-steps”, which will be produced during this “primary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the “Formative Divine Particle”.
- One time the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.

And so, a new transformation, that of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “primary transformation” will immediately take place within the “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This new transformation will take place in order to remove these products of the “primary transformation” from the “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle” and also to maintain the stability of the proportions of products of the “divine work” accomplished by this “Formative Divine Particle”. This new transformation is the “‘end of cycle’ transformation”.

In this “‘end of cycle’ transformation”, the two times the products of the “primary transformation” will be reagents; that is, the products that will be consumed during the transformation, in this “‘end of cycle’ transformation”.

The core particulars of the pair of products of the “divine work” accomplished by the “Formative Divine Particle”, in their second phase of existence, will be reduced to zero (nullified) in the “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle”, to give place to the core particulars of the new pair of products of the “divine work” accomplished by the “Formative Divine Particle”, and restore the stability of the proportion of the products of the “divine work” accomplished by the “Generative Divine Particle” with respect to the proportions of products of the “divine work” accomplished by the “Formative Divine Particle” within the “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle”.

At the end of this “‘end of cycle’ transformation”, this “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it: two times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the “Formative Divine Particle”.

The products of the “‘end of cycle’ transformation” will be transmitted to the external and immediate environment around the “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle”. These products of this “‘end of cycle’ transformation” are the one that contribute to the “STATES OF EQUILIBRIUM”, the “STATES OF HARMONY”, of “THE DIVINE” and of His “Electrical Charge” throughout all regions of His unlimited “BEING”.

That is how the “‘end of cycle’ transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the “Formative Divine Particle” will come to an end and keep the stability of the proportion of products of the “divine work” accomplished by the “Formative Divine Particle” within this “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle”.

At the end of this “‘end of cycle’ transformation”, the proportion of products of the “divine work” accomplished by the “Formative Divine Particle” will again reach the “primary limit of proportion” that is two times the “primary proportion” of the “primary unity” of products of the “divine work” accomplished by the “Formative Divine Particle”. Therefore, this transformation cycle will resume within this “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle”.

On each “Divine Secondary Configuration” of one “Generative Divine Particle” and one “Formative Divine Particle”, the “primary transformation” and the “‘end of cycle’ transformation” follow a unique and same model of the “transformation step” of the products of the “divine work” accomplished by the “Generative Divine Particle” by the reagents of the “transformation step”; that is, by the products characteristic of the “transformation step” considered and which will be consumed during the “transformation step”. This unique and same model of the “transformation step” consists of four “transformation sub-steps”.

יצירה לפס

CHAPTER 004

THE “DIVINE SECONDARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND
ONE “FORMATIVE DIVINE PARTICLE”

CHAPTER 005

THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SECONDARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND ONE “FORMATIVE DIVINE PARTICLE”

The model of the “transformation step” in the “Divine Secondary Configuration” of one “Generative Divine Particle” and one “Formative Divine Particle” consists of four “transformation sub-steps”.

As the products of the “divine work” accomplished by the “Generative Divine Particle” enter the “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle”, they are continuously transformed by the reagents of the “transformation step” while these reagents of the “transformation step” last.

A unit of measurement of products of the “divine work” accomplished by the “Generative Divine Particle” that enters this “Divine Secondary Equilibrium Zone” is transformed by a unit of the reagents of the “transformation step”, and a unit of measurement of the “divine generative energy” diluted is produced.

This unit of measurement of the “divine generative energy” diluted, which is produced, will increase the “divine electrical charge” of the products contained in this “Divine Secondary Equilibrium Zone”.

As a consequence, the “divine electrical charge” of products that are available in this “Divine Secondary Equilibrium Zone” will increase as the amount of the “divine generative energy” diluted and available in this “Divine Secondary Equilibrium Zone” increases.

יצירה נחרצת ספר

CHAPTER 006

THE FIRST TWO “TRANSFORMATION SUB-STEPS” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SECONDARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND ONE “FORMATIVE DIVINE PARTICLE”

It is at the first “transformation sub-step” that the products of the “divine work” accomplished by the “Generative Divine Particle” start to continuously enter the “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle”. This entry marks the beginning of the “primary transformation”.

From this beginning of the first “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”, a first defined quantity of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Secondary Equilibrium Zone” by a first proportion of the reagents of the “transformation step”, and a first defined quantity of the “divine generative energy” diluted, will be produced, thus marking the end of the first “transformation sub-step” and also the beginning of the second “transformation sub-step”.

From this beginning of the second “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”, a second defined quantity of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Secondary Equilibrium Zone” by a second proportion of the reagents of the “transformation step”, and a second defined quantity of the “divine generative energy” diluted, will be produced, thus marking the end of the second “transformation sub-step” and also the beginning of the third “transformation sub-step”.

From the beginning of the first “transformation sub-step” to the end of the second “transformation sub-step”, two defined quantities of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Secondary Equilibrium Zone” by two proportions of the reagents of the “transformation step”, and two defined quantities of the “divine generative energy” diluted, will be produced.

As a consequence, the “divine electrical charge” of products that are available in this “Divine Secondary Equilibrium Zone” will be at its peak at the end of the second “transformation sub-step”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of the “Formative Divine Particles” with the movement of the “Generative Divine Particle”, the products of the “divine work” accomplished by the “Formative Divine Particle” will be at the entrance to the “Divine Secondary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

These products of the “divine work” accomplished by the “Formative Divine Particle”, once they enter the “Divine Secondary Equilibrium Zone”, they will also attenuate a defined amount of the “divine generative energy” diluted, which has been previously produced in this “Divine Secondary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Secondary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the “Formative Divine Particle” increases.

CHAPTER 007

THE THIRD “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SECONDARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND ONE “FORMATIVE DIVINE PARTICLE”

The entry of products of the “divine work” accomplished by the “Formative Divine Particle” in the “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle” marks the beginning of the third “transformation sub-step”.

From this beginning of the third “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A first defined quantity of the “divine generative energy” diluted, which was produced during the course of the first two “transformation sub-steps”, will be attenuated in this “Divine Secondary Equilibrium Zone” by the products of the “divine work” accomplished by the “Formative Divine Particle”;
- A first defined quantity of the “divine formative energy” produced by the “Formative Divine Particle” will also be transmitted to the “Divine Secondary Equilibrium Zone”, marking the end of the third “transformation sub-step”.

Thus, the “divine electrical charge” of products that are available in this “Divine Secondary Equilibrium Zone” will decrease and will be determined by the amount of “divine formative energy” diluted of the “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the “Formative Divine Particle” increases.

יצירה ואספר

CHAPTER 007

THE THIRD “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN
THE “DIVINE SECONDARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND
ONE “FORMATIVE DIVINE PARTICLE”

CHAPTER 008

THE FOURTH "TRANSFORMATION SUB-STEP" OF THE "TRANSFORMATION STEP" MODEL IN THE "DIVINE SECONDARY CONFIGURATION" OF ONE "GENERATIVE DIVINE PARTICLE" AND ONE "FORMATIVE DIVINE PARTICLE"

From this beginning of the fourth "transformation sub-step", with the passage of time and the movement of the "Generative Divine Particle":

- The second and last remaining defined quantity of the "divine generative energy" diluted, which was produced during the course of the first two "transformation sub-steps" will be attenuated in this "Divine Secondary Equilibrium Zone" by the products of the "divine work" accomplished by the "Formative Divine Particle";
- A second defined quantity of the "divine formative energy" produced by the "Formative Divine Particle" will also be transmitted to the "Divine Secondary Equilibrium Zone", marking the end of the fourth "transformation sub-step".

Thus, the "divine electrical charge" of products that are available in this "Divine Secondary Equilibrium Zone" will decrease further and will be determined by the amount of "divine formative energy" diluted of the "Formative Divine Particle"; namely, as the amount of products of the "divine work" accomplished by the "Formative Divine Particle" increases.

Therefore, through the perfect synchronization of "Movement of Formative Divine Particle" of the "Formative Divine Particle" with the movement of the "Generative Divine Particle", the end of this fourth "transformation sub-step" will also mark the end of entry of the products of the "divine work" accomplished by the

“Formative Divine Particle” in this “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This end of entry of the products of the “divine work” accomplished by “Formative Divine Particle” in this “Divine Secondary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” also marks the end of the “transformation step” of the products of the “divine work” accomplished by the “Generative Divine Particle” by the reagents of the “transformation step” in the “Divine Secondary Configuration” of two “Divine Particles”.

Thus, in the “Divine Secondary Configuration” of two “Divine Particles”, a “transformation step” of the products of the “divine work” accomplished by the “Generative Divine Particle” by the reagents of the “transformation step” will come to its end and keep the stability of the proportion of the products of the “divine work” accomplished by the “Formative Divine Particle” in this “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle”.

At the end of this “transformation step”, the following will be present in the “Divine Secondary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle”:

- A “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the “Formative Divine Particle”. Both defined quantities of the “divine formative energy” diluted, of the “Formative Divine Particle”, that are still present in this “Divine Secondary Equilibrium Zone” constitute this “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the “Formative Divine Particle”.

THE “DIVINE TERTIARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND TWO “FORMATIVE DIVINE PARTICLES”

父
 母

הסודות

This “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” is smaller than the “Divine Secondary Equilibrium Zone” of the same first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, contains at any time, products of the “divine work” accomplished by the first “Formative Divine Particle”. It will also contain at any time, depending upon the “Movement of Formative Divine Particle”, a proportion of the products of the “divine work” accomplished by the “Generative Divine Particle”. It will also contain, depending upon the “Movement of Formative Divine Particle”, a proportion of the products of the “divine work” accomplished by the second “Formative Divine Particle”.

The products of the “divine work” accomplished by the “Generative Divine Particle” and the products of the “divine work” accomplished by each of the two “Formative Divine Particles” will not enter at the same time in the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

The products of the “divine work” accomplished by the “Generative Divine Particle”, will enter first, and during a first time interval.

At the end of this first time interval, the products of the “divine work” accomplished by the second “Formative Divine Particle” will then, enter, and during a second time interval.

At the end of this second time interval, the products of the “divine work” accomplished by the first “Formative Divine Particle” will then, enter, and during a third time interval.

A “Divine Tertiary Configuration” of one “Generative Divine Particle” and two “Formative Divine Particles” is defined by:

1. The orientation of the “specific axis” of the movement of the “Generative Divine Particle”;
2. The orientation of the “specific axis” of the first movement of each of the two “Formative Divine Particles”; and
3. The “specific volume” defined by the considered “Divine Tertiary Equilibrium Zone” with respect to the “Generative Divine Particle”.

A “Divine Tertiary Configuration” of one “Generative Divine Particle” and two “Formative Divine Particles” thus contains some of the “Divine Secondary Configurations” of the “Generative Divine Particle” and each “Formative Divine Particle” constituent of this “Divine Tertiary Configuration”.

Each of these “Divine Secondary Configurations” of the “Generative Divine Particle” and each “Formative Divine Particle” constituent of this “Divine Tertiary Configuration”, in turn contains some of the “Divine Primary Configurations” that are associated with the “Generative Divine Particle” and also with the “Formative Divine Particle”, considered.

The complexity of the “Divine Tertiary Configuration” of one “Generative Divine Particle” and two “Formative Divine Particles” is higher than those of the “Divine Secondary Configurations” that are contained in this “Divine Tertiary Configuration”. Furthermore, the execution of the “movement” of this “Divine Tertiary Configuration” is the result of the perfect synchronisation of the “Movement of Formative Divine Particle” of each of the two “Formative Divine Particles” between them, and each “Movement of Formative Divine Particle” synchronized with the movement of the “Generative Divine Particle”. This “movement” of this “Divine Tertiary Configuration” is the coordinated action of the “Generative Divine Particle” and the two “Formative Divine Particles”, thus acting in concert, and which will produce a total effect in this “Divine Tertiary Configuration”, a total “sensation”, emanating from the “Divine Tertiary Equilibrium Zones” of its “Formative Divine Particles” with respect to the “Generative Divine Particle”, that will be greater than the sum of effects provided by the individual “Divine Particles” constituent of this “Divine Tertiary Configuration”. All these individual and “combined” effects, all these “sensations”, in all their details, “THE DIVINE ARCHITECT AND PROJECT MASTER” has measured and has recorded them.

In His own “Days”, based on the designs of “THE DIVINE ARCHITECT AND PROJECT MASTER”, “THE DIVINE FORCE” had found that: following the “Divine Tertiary Configuration” of one “Generative Divine Particle” and two “Formative Divine Particles”, the “sensations” felt in the “Divine Tertiary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle” are different and more or less pleasant than those felt in all the “Divine Secondary Equilibrium Zones” of all the “Formative Divine Particles” constituent of this “Divine Tertiary Equilibrium Zone”.

Thus, following the “Divine Tertiary Configuration” of one “Generative Divine Particle” and two “Formative Divine Particles”, the proportions of the products of

the “divine work” accomplished by the “Generative Divine Particle”, as well as the proportions of the products of the “divine work” accomplished by the second “Formative Divine Particle”, and which will enter the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” may be stable or else unstable.

They will be stable when they will take place in a predictable way, at regular time intervals and with the same proportions of products of the “divine work” accomplished by the “Generative Divine Particle” as well as the same proportion of the products of the “divine work” accomplished by the second “Formative Divine Particle”, otherwise they will be unstable; that is, they will take place in random and unpredictable way.

Stable proportions are obtained from the intersecting points that are defined by the intersection of the direction of the orientation of the “specific axis” of the movement of the “Generative Divine Particle” with those of the orientations of the “specific axis” of the first movement of each of the two “Formative Divine Particles”, and by synchronizing the movement of the “Generative Divine Particle” with the “Movement of Formative Divine Particle” of each of the two “Formative Divine Particles”.

As such, for a second “Formative Divine Particle” placed in a fixed location in the proximity of a “Divine Secondary Configuration”, based on the designs of “THE DIVINE ARCHITECT AND PROJECT MASTER”, “THE DIVINE FORCE” has perfectly synchronized the “Movement of Formative Divine Particle” of each of the two “Formative Divine Particles” between them.

HE has also perfectly synchronized the “Movement of Formative Divine Particle” of each of the two “Formative Divine Particles” with the movement of the “Generative Divine Particle”, with respect to the intersecting point of the “specific axis” of the movement of the “Generative Divine Particle” and the “specific axis” of the first movement of each of the two “Formative Divine Particles”.

Through the perfect synchronization of the movement of the “Generative Divine Particle” and the movement of each of the two “Formative Divine Particles”, the movement of each of the “Formative Divine Particles” is driven by the movement of the “Generative Divine Particle”.

Thus, for the first “Formative Divine Particle”, with the passage of time and through the perfect synchronization of the movement of each of the two “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, a complete flow path of the “Generative Divine

Particle” will create and delineate an infinitely small “Divine Tertiary Equilibrium Space” which is swept by the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”. It is the “Divine Tertiary Equilibrium Space” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This “Divine Tertiary Equilibrium Space” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” is also contained in the “Divine Secondary Equilibrium Space” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

So, with this displacement of the position of the intersecting point of the “specific axis” of the movement of the “Generative Divine Particle” and the two “specific axis” of the first movements of the two “Formative Divine Particles”, the proportions of the products of the “divine work” accomplished by the “Generative Divine Particle” as well as the proportions of the products of the “divine work” accomplished by the two “Formative Divine Particles” and which will enter the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, will be stable or unstable due to the addition of the second “Formative Divine Particle” in the originally chosen “Divine Secondary Configuration”.

They will be stable when they will take place in a predictable way, at regular time intervals, and with the same proportions of products of the “divine work” accomplished by the “Generative Divine Particle”, otherwise they will be unstable; that is, they will take place in random and unpredictable way.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has established all the intersecting point positions that provide stable “Divine Tertiary Equilibrium Zones” and “Divine Secondary Equilibrium Zones” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Within these equilibrium zones, the proportions of the products of the “divine work” accomplished by the “Generative Divine Particle” as well as the proportions of the products of the “divine work” accomplished by the second “Formative Divine Particle” and which will enter each of these two equilibrium zones will be always stable.

In addition, the “sensations” felt within such stable “Divine Tertiary Equilibrium Zones” will be more pleasant than those felt in all the “Divine Secondary Equilibrium Zones” of all the “Formative Divine Particles” constituent of these “Divine Tertiary Equilibrium Zones”. The “processed divine energy” contained in

such stable “Divine Tertiary Equilibrium Zones” is also more refined than the “processed divine energy” contained in the stable “Divine Secondary Equilibrium Zones” and as a result of the synergy — the coordinated action of the established movements of the constituent “divine particles”, applied on the “divine work” performed by the “Generative Divine Particle” and the two “Formative Divine Particles”, and which contributes to produce a total effect that is greater than the sum of separate effects of each of these three “divine particles” — defined in such stable “Divine Tertiary Equilibrium Zones”.

The order in which “THE DIVINE ARCHITECT AND PROJECT MASTER” chose the two “Formative Divine Particles” is important in determining these positions of the intersecting point, which provide the stability of each of these two equilibrium zones of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

If the order in which “THE DIVINE ARCHITECT AND PROJECT MASTER” chose the two “Formative Divine Particles” is changed, then, the positions of the intersecting point will not be the same as those that provide the stability of each of these two equilibrium zones of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

As a consequence, the stability of each of these two equilibrium zones of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will be affected. Therefore, the proportions of the products of the “divine work” accomplished by the “Generative Divine Particle” as well as the products of the “divine work” accomplished by the two “Formative Divine Particles”, and which will enter the “Divine Tertiary Equilibrium Zone” will fluctuate.

These different positions of the intersecting point, which provides stability, are the “tertiary intersecting points” of the “specific axis” of the movement of the “Generative Divine Particle” and two “specific axes” of the first movements of the two “Formative Divine Particles”. These “tertiary intersecting points” coincide with other “secondary intersecting points”, but they are fewer in number than the “secondary intersecting points”, although they still remain many and diametrically opposite each other with respect to the centre of the “Generative Divine Particle”.

On these “tertiary intersecting points”, the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” is contained at any time in the “Divine Secondary Equilibrium Zone” of

the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

On each of these “tertiary intersecting points” is associated a “Divine Tertiary Configuration” of one “Generative Divine Particle” and two “Formative Divine Particles”. On the “Divine Tertiary Configuration” of one “Generative Divine Particle” and two “Formative Divine Particles”, the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” contains at any time, products of the “divine work” accomplished by this first “Formative Divine Particle” and it will contain at any time stable proportions of products of the “divine work” accomplished by the “Generative Divine Particle” and also by the second “Formative Divine Particle”.

The first “Formative Divine Particle” will produce a “primary unit” measurement of the products of its “divine work”, from a defined “primary quantity” of the products of the “divine work” accomplished by the “Generative Divine Particle” that this first “Formative Divine Particle” receives. A proportion of this “primary unit” will enter the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”: we shall call it the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.

Similarly, the second “Formative Divine Particle” will produce a “secondary unit” measurement of the products of its “divine work”, from a defined “secondary quantity” of the products of the “divine work” accomplished by the “Generative Divine Particle” that this second “Formative Divine Particle” receives. A proportion of this “secondary unit” will enter the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”: we shall call it the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.

The stability of the proportion of the products of the “divine work” accomplished by the “Generative Divine Particle” with respect to the proportions of the products of the “divine work” accomplished by the two “Formative Divine Particles” is obtained when, within this “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, the proportion of products of the “divine work” accomplished by each of the two “Formative Divine Particles” does not exceed the prescribed limit of proportion.

This prescribed limit of proportion in the stable “Divine Tertiary Configuration” also ensures the stability of the “Divine Secondary Configurations” and which are associated with each “Formative Divine Particle” constituent of this “Divine Tertiary Configuration”.

In these “Divine Secondary Configurations” considered, this prescribed limit of proportion also ensures the stability of the “Divine Primary Configurations” considered and which are associated with the “Generative Divine Particle” and also each of the two “Formative Divine Particles” constituent of this “Divine Tertiary Configuration”.

For the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”:

1. The “primary limit of proportion” defined for the first “Formative Divine Particle”, is three times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
2. The “secondary limit of proportion” defined for the second “Formative Divine Particle”, is three times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.

With the passage of time, the “Generative Divine Particle” will perform its “divine work” and transmit the products of this “divine work” to the first “Formative Divine Particle” as well as to the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” through synchronization of the movements.

It is so that, the first “Formative Divine Particle” will also perform its “divine work” and transmit the products of this “divine work” to the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”. Similarly, the second “Formative Divine Particles” will also perform its “divine work” and transmit the products of this “divine work” to the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Thus, with the passage of time and the movement of the “Generative Divine Particle”, stable proportions of products of the “divine work” accomplished by these three “Divine Particles” will accumulate and increase in the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, until the proportion of products of the “divine work”

accomplished by the first “Formative Divine Particle” reaches the “primary limit of proportion” which is three times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.

At attainment of this “primary limit of proportion”, the set constituted by three times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle” will be called the ternane of products of the “divine work” accomplished by the first “Formative Divine Particle”. All the core particulars that are present in this ternane of products of the “divine work” accomplished by the first “Formative Divine Particle” are in their first phase of existence.

At attainment of this “primary limit of proportion”:

- The proportion of products of the “divine work” accomplished by the second “Formative Divine Particle” and transmitted to the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will be equal to two times the “secondary proportion” of “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.

Therefore, at attainment of this “primary limit of proportion” which is three times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”, the transformation of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the first “Formative Divine Particle” will take place in order to maintain the stability of the proportions of products of the “divine work” accomplished by these three “Divine Particles” within the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This first transformation is the “primary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the first “Formative Divine Particle”. The three times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle” will be the reagents; that is, the products that will be consumed during the transformation, in this “primary transformation”.

At the end of this “primary transformation”, some core particulars of the ternane of products of the “divine work” accomplished by the first “Formative Divine

Particle” have been transmitted and will be present in reduced amount in their second phase of existence in the products of the “primary transformation”.

At the end of this “primary transformation”, this “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it:

- Three times a unit of measurement of products of “transformation sub-steps”, which will be produced during this “primary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the first “Formative Divine Particle”.
- Three times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
- One time the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.

And so, a new transformation, that of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “primary transformation” and also by the products of the “divine work” accomplished by the second “Formative Divine Particle” will immediately take place within the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This new transformation will take place in order to remove these products of the “primary transformation” from the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” and also to maintain the stability of the proportions of products of the “divine work” accomplished by these two “Formative Divine Particles”.

This new transformation is the “secondary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “primary transformation” and also by the products of the “divine work” accomplished by the second “Formative Divine Particle”.

In this “secondary transformation”, the three times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”, as well as the three times the products of the “primary transformation” will be reagents; that is, the products that will be consumed during the transformation, in this “secondary transformation”.

At the end of this “secondary transformation”, some core particulars of the ternane of products of the “divine work” accomplished by the first “Formative Divine Particle”, in their second phase of existence, have been transmitted and will be present in reduced amount in their third phase of existence in the products of the “secondary transformation”.

At the end of this “secondary transformation”, this “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it:

- Three times a unit of measurement of products of “transformation sub-steps”, which will be produced during this “secondary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “primary transformation” and also by the products of the “divine work” accomplished by the second “Formative Divine Particle”.
- Two times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
- One time the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.

And so, a new transformation, that of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “secondary transformation” will immediately take place within the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This new transformation will take place in order to remove these products of the “secondary transformation” from the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” and also to maintain the stability of the proportions of products of the “divine work” accomplished by these two “Formative Divine Particles”. This new transformation is the “‘end of cycle’ transformation”.

In this “‘end of cycle’ transformation”, the three times the products of the “secondary transformation” will be reagents; that is, the products that will be consumed during the transformation, in this “‘end of cycle’ transformation”.

The core particulars of the ternane of products of the “divine work” accomplished by the first “Formative Divine Particle”, in their third phase of existence, will be reduced to zero (nullified) in the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, to give place to the core particulars of the new ternane of products of the “divine work” accomplished by the first “Formative Divine Particle”, and restore the stability of the proportion of the products of the “divine work” accomplished by the “Generative Divine Particle” with respect to the proportions of products of the “divine work” accomplished by the two “Formative Divine Particles” within the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

At the end of this “‘end of cycle’ transformation”, this “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it:

- Three times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
- Two times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.

The products of the “‘end of cycle’ transformation” will be transmitted to the external and immediate environment around the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”. These products of this “‘end of cycle’ transformation” are the one that contribute to the “STATES OF EQUILIBRIUM”, the “STATES OF HARMONY”, of “THE DIVINE” and of His “Electrical Charge” throughout all regions of His unlimited “BEING”.

That is how the “‘end of cycle’ transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the two “Formative Divine Particles” will come to an end and keep the stability of the proportion of products of the “divine work” accomplished by the two “Formative Divine Particles” within this “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

At the end of this “‘end of cycle’ transformation”, the proportion of products of the “divine work” accomplished by the first “Formative Divine Particle” will again

reach the “primary limit of proportion” that is three times the “primary proportion” of the “primary unity” of products of the “divine work” accomplished by the first “Formative Divine Particle”. Therefore, this transformation cycle will resume within this “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

On each “Divine Tertiary Configuration” of one “Generative Divine Particle” and two “Formative Divine Particles”, the “primary transformation”, the “secondary transformation”, and the “‘end of cycle’ transformation” follow a unique and same model of the “transformation step” of the products of the “divine work” accomplished by the “Generative Divine Particle” by the reagents of the “transformation step”; that is, by the products characteristic of the “transformation step” considered and which will be consumed during the “transformation step”. This unique and same model of the “transformation step” consists of eight “transformation sub-steps”.

CHAPTER 010

THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE TERTIARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND TWO “FORMATIVE DIVINE PARTICLES”

The model of the “transformation step” in the “Divine Tertiary Configuration” of one “Generative Divine Particle” and two “Formative Divine Particles” consists of eight “transformation sub-steps”.

As the products of the “divine work” accomplished by the “Generative Divine Particle” enter the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, they are continuously transformed by the reagents of the “transformation step” while these reagents of the “transformation step” last.

A unit of measurement of products of the “divine work” accomplished by the “Generative Divine Particle” that enters this “Divine Tertiary Equilibrium Zone” is transformed by a unit of the reagents of the “transformation step”, and a unit of measurement of the “divine generative energy” diluted is produced.

This unit of measurement of the “divine generative energy” diluted, which is produced, will increase the “divine electrical charge” of the products contained in this “Divine Tertiary Equilibrium Zone”.

As a consequence, the “divine electrical charge” of products that are available in this “Divine Tertiary Equilibrium Zone” will increase as the amount of the “divine generative energy” diluted and available in this “Divine Tertiary Equilibrium Zone” increases.

CHAPTER 011

THE FIRST THREE “TRANSFORMATION SUB-STEPS” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE TERTIARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND TWO “FORMATIVE DIVINE PARTICLES”

It is always at the first “transformation sub-step” that the products of the “divine work” accomplished by the “Generative Divine Particle” start to continuously enter the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”. This entry marks the beginning of the “primary transformation”.

From this beginning of the first “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”, a first defined quantity of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Tertiary Equilibrium Zone” by a first proportion of the reagents of the “transformation step”, and a first defined quantity of the “divine generative energy” diluted, will be produced, thus marking the end of the first “transformation sub-step” and also the beginning of the second “transformation sub-step”.

From this beginning of the second “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”, a second defined quantity of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Tertiary Equilibrium Zone” by a second proportion of the reagents of the “transformation step”, and a second defined quantity of the “divine generative energy” diluted, will be produced, thus marking the end of the second “transformation sub-step” and also the beginning of the third “transformation sub-step”.

From this beginning of the third “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”, a third defined quantity of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Tertiary Equilibrium Zone” by a third proportion of the reagents of the “transformation step”, and a third defined quantity of the “divine generative energy” diluted, will be produced, thus marking the end of the third “transformation sub-step” and also the beginning of the fourth “transformation sub-step”.

From the beginning of the first “transformation sub-step” to the end of the third “transformation sub-step”, three defined quantities of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Tertiary Equilibrium Zone” by three proportions of the reagents of the “transformation step”, and three defined quantities of the “divine generative energy” diluted, will be produced.

As a consequence, the “divine electrical charge” of products that are available in this “Divine Tertiary Equilibrium Zone” will be at its peak at the end of the third “transformation sub-step”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the three “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the products of the “divine work” accomplished by the second “Formative Divine Particle” will be at the entrance to the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

These products of the “divine work” accomplished by the second “Formative Divine Particle”, once they enter the “Divine Tertiary Equilibrium Zone”, they will also attenuate a defined amount of the “divine generative energy” diluted, which has been previously produced in this “Divine Tertiary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Tertiary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the second “Formative Divine Particle” increases.

CHAPTER 012

THE FOURTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE TERTIARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND TWO “FORMATIVE DIVINE PARTICLES”

The entry of products of the “divine work” accomplished by the second “Formative Divine Particle” in the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” marks the beginning of the fourth “transformation sub-step”.

From this beginning of the fourth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A first defined quantity of the “divine generative energy” diluted, which was produced during the course of the first three “transformation sub-steps”, as well as the products of the “divine work” accomplished by the “Generative Divine Particle” that still continue to enter this “Divine Tertiary Equilibrium Zone”, will be attenuated in this “Divine Tertiary Equilibrium Zone” by the products of the “divine work” accomplished by the second “Formative Divine Particle”;
- A first defined quantity of the “divine formative energy” produced by the second “Formative Divine Particle” will also be transmitted to the “Divine Tertiary Equilibrium Zone”, marking the end of the fourth “transformation sub-step”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the two “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the products of the “divine

work” accomplished by the first “Formative Divine Particle” will be at the entrance to the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

In addition to the products of the “divine work” accomplished by the second “Formative Divine Particle”, the products of the “divine work” accomplished by the first “Formative Divine Particle”, once they enter the “Divine Tertiary Equilibrium Zone”, they will also attenuate a defined quantity of the “divine generative energy” diluted remaining in this “Divine Tertiary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Tertiary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

The entry of the products of the “divine work” accomplished by the first “Formative Divine Particle” in the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will mark the end of entry of the products of the “divine work” accomplished by the “Generative Divine Particle” in this “Divine Tertiary Equilibrium Zone”.

From the beginning of the first “transformation sub-step” to the end of the fourth “transformation sub-step”, four defined quantities of products of the “divine work” accomplished by the “Generative Divine Particle”, will enter the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Among these four defined quantities of products of the “divine work” accomplished by the “Generative Divine Particle”, three will be transformed in this “Divine Tertiary Equilibrium Zone” by three proportions of the reagents of the “transformation step”, and three defined quantities of the “divine generative energy” diluted, will be produced.

CHAPTER 013

THE FIFTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE TERTIARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND TWO “FORMATIVE DIVINE PARTICLES”

The entry of products of the “divine work” accomplished by the first “Formative Divine Particle” in the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” marks the beginning of the fifth “transformation sub-step”.

From this beginning of the fifth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A second defined quantity of the “divine generative energy” diluted, which was produced during the course of the first three “transformation sub-steps” will be attenuated in this “Divine Tertiary Equilibrium Zone” by the products of the “divine work” accomplished by the two “Formative Divine Particles”;
- A second defined quantity of the “divine formative energy” produced by the second “Formative Divine Particle” will also be transmitted to the “Divine Tertiary Equilibrium Zone”;
- A first defined quantity of the “divine formative energy” produced by the first “Formative Divine Particle” will also be transmitted to the “Divine Quaternary Equilibrium Zone”, marking the end of the fifth “transformation sub-step” and the beginning of the sixth “transformation sub-step”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the two “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the products of the “divine work” accomplished by the two “Formative Divine Particles” continue to enter continuously the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Thus, the “divine electrical charge” of products that are available in this “Divine Tertiary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

CHAPTER 014

THE SIXTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE TERTIARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND TWO “FORMATIVE DIVINE PARTICLES”

From this beginning of the sixth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- The third and last remaining defined quantity of the “divine generative energy” diluted, which was produced during the course of the first three “transformation sub-steps” will be attenuated in this “Divine Tertiary Equilibrium Zone” by the products of the “divine work” accomplished by the two “Formative Divine Particles”;
- A third defined quantity of the “divine formative energy” produced by the second “Formative Divine Particle” will also be transmitted to the “Divine Tertiary Equilibrium Zone”;
- A second defined quantity of the “divine formative energy” produced by the first “Formative Divine Particle” will also be transmitted to the “Divine Tertiary Equilibrium Zone”, marking the end of the sixth “transformation sub-step” and the beginning of the seventh “transformation sub-step”.

Thus, the “divine electrical charge” of products that are available in this “Divine Tertiary Equilibrium Zone” will decrease and will be determined by the amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

- A first defined quantity of the “divine formative energy” diluted of the second “Formative Divine Particle” that was produced during the course of the fourth to the sixth “transformation sub-steps” will be consumed in this “Divine Tertiary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Two other defined quantities of the “divine formative energy” diluted of the second “Formative Divine Particle”, will still be present in this “Divine Tertiary Equilibrium Zone”.
- A fourth defined quantity of the “divine formative energy” produced by the second “Formative Divine Particle” will also be transmitted to the “Divine Tertiary Equilibrium Zone”;
- A third defined quantity of the “divine formative energy” produced by the first “Formative Divine Particle” will also be transmitted to the “Divine Tertiary Equilibrium Zone”, marking the end of the seventh “transformation sub-step” and the beginning of the eighth “transformation sub-step”.

Thus, the “divine electrical charge” of products that are available in this “Divine Tertiary Equilibrium Zone” will decrease further and will be determined by the

amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

From the beginning of the fifth “transformation sub-step” to the end of this seventh “transformation sub-step”, three defined quantities of products of the “divine work” accomplished by the first “Formative Divine Particle” will be produced, transmitted to this “Divine Tertiary Equilibrium Zone”, and transformed in this “Divine Tertiary Equilibrium Zone” by the products of the “divine work” accomplished by the other “Formative Divine Particle”. This amount of “divine formative energy” diluted of the first “Formative Divine Particle”, that is, which is produced by the first “Formative Divine Particle”, transmitted and transformed in this “Divine Tertiary Equilibrium Zone”, will be at its peak at the end of this seventh “transformation sub-step”.

From the beginning of the fourth “transformation sub-step” to the end of this seventh “transformation sub-step”, four defined quantities of products of the “divine work” accomplished by the second “Formative Divine Particle” will be produced and transmitted to this “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Among these four defined quantities of products of the “divine work” accomplished by the second “Formative Divine Particle”, three will be transformed in this “Divine Tertiary Equilibrium Zone” by three proportions of the reagents of the “transformation step”, and three defined quantities of the “divine formative energy” diluted of the second “Formative Divine Particle” will be produced.

Among these three defined quantities of the “divine formative energy” diluted from the second “Formative Divine Particle”, one will be consumed in this “Divine Tertiary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the two “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the end of this seventh “transformation sub-step” will also mark the end of entry of the products of the “divine work” accomplished by the second “Formative Divine Particle” in this “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

CHAPTER 016

THE EIGHTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE TERTIARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND TWO “FORMATIVE DIVINE PARTICLES”

This end of entry of the products of the “divine work” accomplished by the second “Formative Divine Particle” in this “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” also marks the beginning of the eighth “transformation sub-step”.

From this beginning of the eighth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A first defined quantity of the “divine formative energy” diluted of the first “Formative Divine Particle” that was produced during the course of the fifth to the seventh “transformation sub-steps” will be consumed in this “Divine Tertiary Equilibrium Zone”. Two other defined quantities of the “divine formative energy” diluted of the first “Formative Divine Particle”, will still be present in this “Divine Tertiary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Tertiary Equilibrium Zone” will cease to decrease and start to increase, still it will be determined by the amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” decreases.

From the beginning of the fifth “transformation sub-step” to the end of this eighth “transformation sub-step”, four defined quantities of products of the “divine

work” accomplished by the first “Formative Divine Particle” will be produced and transmitted to this “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Among these four defined quantities of products of the “divine work” accomplished by the first “Formative Divine Particle”, three will be transformed in this “Divine Tertiary Equilibrium Zone” by three proportions of the reagents of the “transformation step”, and three defined quantities of the “divine formative energy” diluted of the first “Formative Divine Particle” will be produced.

Among these three defined quantities of the “divine formative energy” diluted from the first “Formative Divine Particle”, one will be consumed in this “Divine Tertiary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the two “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the end of this eighth “transformation sub-step” will also mark the end of entry of the products of the “divine work” accomplished by the first “Formative Divine Particle” in this “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This end of entry of the products of the “divine work” accomplished by first “Formative Divine Particle” in this “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” also marks the end of the “transformation step” of the products of the “divine work” accomplished by the “Generative Divine Particle” by the reagents of the “transformation step” in the “Divine Tertiary Configuration” of three “Divine Particles”.

Thus, in the “Divine Tertiary Configuration” of three “Divine Particles”, a “transformation step” of the products of the “divine work” accomplished by the “Generative Divine Particle” by the reagents of the “transformation step” will come to its end and keep the stability of the proportion of the products of the “divine work” accomplished by the two “Formative Divine Particles” in this “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

At the end of this “transformation step”, the following will be present in the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”:

- A “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”. Both defined quantities of the “divine formative energy” diluted of the first “Formative Divine Particle” that are still present in this “Divine Tertiary Equilibrium Zone” constitute this “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
- A “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”. Both defined quantities of the “divine formative energy” diluted of the second “Formative Divine Particle” that are still present in this “Divine Tertiary Equilibrium Zone” constitute this “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.

In this “Divine Tertiary Configuration” of one “Generative Divine Particle” and two “Formative Divine Particles”, the time span common to the “primary transformation”, to the “secondary transformation”, and to the “‘end of cycle’ transformation” is less than the time span common to the “primary transformation” and to the “‘end of cycle’ transformation”, on any stable “Divine Secondary Configuration” of one “Generative Divine Particle” and one “Formative Divine Particles”.

יצירה של ספר

CHAPTER 016
THE EIGHTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN
THE “DIVINE TERTIARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND
TWO “FORMATIVE DIVINE PARTICLES”

CHAPTER 017

THE “DIVINE QUATERNARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND THREE “FORMATIVE DIVINE PARTICLES”

When a third “Formative Divine Particle”, with properties which differ from those of the two first “Formative Divine Particles”, is placed in a fixed location in the proximity of a “Divine Tertiary Configuration” of one “Generative Divine Particle” and two “Formative Divine Particles”, then, the “Divine Tertiary Equilibrium Zones” that are associated to the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will also be affected by the products of the “divine work” accomplished by this third “Formative Divine Particle”.

Thus, depending upon the orientation of the “specific axis” of the movement of the “Generative Divine Particle” and following the orientation of the “specific axis” of the first movement of each of the three “Formative Divine Particles”, a part of the “Divine Tertiary Equilibrium Zone”, which is associated with the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will also contain a proportion of the products of the “divine work” accomplished by the third “Formative Divine Particle”. And it will define as such an infinitely small fourth volume of space in this “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This infinitely small fourth volume of space which is described by the “Movement of Formative Divine Particle” of each of the three “Formative Divine Particles” and which will contain a proportion of the products of the “divine work” accomplished by the “Generative Divine Particle”, will be called: the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” is smaller than the

“Divine Tertiary Equilibrium Zone” of the same first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, contains at any time, products of the “divine work” accomplished by the first, and second “Formative Divine Particle”. It will also contain at any time, depending upon the “Movement of Formative Divine Particle”, a proportion of the products of the “divine work” accomplished by the “Generative Divine Particle”. It will also contain, depending upon the “Movement of Formative Divine Particle”, a proportion of the products of the “divine work” accomplished by the third “Formative Divine Particle”.

The products of the “divine work” accomplished by the “Generative Divine Particle” and the products of the “divine work” accomplished by each of the three “Formative Divine Particles” will not enter at the same time in the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

The products of the “divine work” accomplished by the “Generative Divine Particle”, will enter first, and during a first time interval.

At the end of this first time interval, the products of the “divine work” accomplished by the second “Formative Divine Particle” will then, enter, and during a second time interval.

At the end of this second time interval, the products of the “divine work” accomplished by the third “Formative Divine Particle” will then, enter, and during a third time interval.

At the end of this third time interval, the products of the “divine work” accomplished by the first “Formative Divine Particle” will then, enter, and during a fourth time interval.

A “Divine Quaternary Configuration” of one “Generative Divine Particle” and three “Formative Divine Particles” is defined by:

1. The orientation of the “specific axis” of the movement of the “Generative Divine Particle”;
2. The orientation of the “specific axis” of the first movement of each of the three “Formative Divine Particles”; and
3. The “specific volume” defined by the considered “Divine Quaternary Equilibrium Zone” with respect to the “Generative Divine Particle”.

A “Divine Quaternary Configuration” of one “Generative Divine Particle” and three “Formative Divine Particles” thus contains some of the “Divine Tertiary Configurations” of the “Generative Divine Particle” and of each two (chosen among the three) “Formative Divine Particles” constituent of this “Divine Quaternary Configuration”.

Each of these “Divine Tertiary Configurations” considered in this “Divine Quaternary Configuration”, in turn contains some of the “Divine Secondary Configurations” of the “Generative Divine Particle” and each “Formative Divine Particle” constituent of this “Divine Quaternary Configuration”.

Each of these “Divine Secondary Configurations” of the “Generative Divine Particle” and each “Formative Divine Particle” constituent of this “Divine Quaternary Configuration”, considered in each of these previous “Divine Tertiary Configurations”, in turn contains some of the “Divine Primary Configurations” that are associated with the “Generative Divine Particle” and also with the “Formative Divine Particle”, considered. Here, these previous “Divine Tertiary Configurations” are themselves considered in this “Divine Quaternary Configuration”; these are nested relationships.

The complexity of the “Divine Quaternary Configuration” of one “Generative Divine Particle” and three “Formative Divine Particles” is higher than those of the “Divine Tertiary Configurations” that are contained in this “Divine Quaternary Configuration”. Furthermore, the execution of the “movement” of this “Divine Quaternary Configuration” is the result of the perfect synchronisation of the “Movement of Formative Divine Particle” of each of the three “Formative Divine Particles” between them, and each “Movement of Formative Divine Particle” synchronized with the movement of the “Generative Divine Particle”. This “movement” of this “Divine Quaternary Configuration” is the coordinated action of the “Generative Divine Particle” and the three “Formative Divine Particles”, thus acting in concert, and which will produce a total effect in this “Divine Quaternary Configuration”, a total “sensation”, emanating from the “Divine Quaternary Equilibrium Zones” of its “Formative Divine Particles” with respect to the “Generative Divine Particle”, that will be greater than the sum of effects provided by the individual “Divine Particles” constituent of this “Divine Quaternary Configuration”. All these individual and “combined” effects, all these “sensations”, in all their details, “THE DIVINE ARCHITECT AND PROJECT MASTER” has measured and has recorded them.

In His own “Days”, based on the designs of “THE DIVINE ARCHITECT AND PROJECT MASTER”, “THE DIVINE FORCE” had found that: following the

“Divine Quaternary Configuration” of one “Generative Divine Particle” and three “Formative Divine Particles”, the “sensations” felt in the “Divine Quaternary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle” are different and more or less pleasant than those felt in all the “Divine Tertiary Equilibrium Zones” of all the “Formative Divine Particles” constituent of this “Divine Quaternary Equilibrium Zone”.

Thus, following the “Divine Quaternary Configuration” of one “Generative Divine Particle” and three “Formative Divine Particles”, the proportions of the products of the “divine work” accomplished by the “Generative Divine Particle”, as well as the proportions of the products of the “divine work” accomplished by the third “Formative Divine Particle”, and which will enter the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” may be stable or else unstable.

They will be stable when they will take place in a predictable way, at regular time intervals and with the same proportions of products of the “divine work” accomplished by the “Generative Divine Particle” as well as the same proportion of the products of the “divine work” accomplished by the third “Formative Divine Particle”, otherwise they will be unstable; that is, they will take place in random and unpredictable way.

Stable proportions are obtained from the intersecting points that are defined by the intersection of the direction of the orientation of the “specific axis” of the movement of the “Generative Divine Particle” with those of the orientations of the “specific axis” of the first movement of each of the three “Formative Divine Particles”, and by synchronizing the movement of the “Generative Divine Particle” with the “Movement of Formative Divine Particle” of each of the three “Formative Divine Particles”.

As such, for a third “Formative Divine Particle” placed in a fixed location in the proximity of a “Divine Tertiary Configuration”, based on the designs of “THE DIVINE ARCHITECT AND PROJECT MASTER”, “THE DIVINE FORCE” has perfectly synchronized the “Movement of Formative Divine Particle” of each of the three “Formative Divine Particles” between them.

HE has also perfectly synchronized the “Movement of Formative Divine Particle” of each of the three “Formative Divine Particles” with the movement of the “Generative Divine Particle”, with respect to the intersecting point of the “specific axis” of the movement of the “Generative Divine Particle” and the “specific axis” of the first movement of each of the three “Formative Divine Particles”.

Through the perfect synchronization of the movement of the “Generative Divine Particle” and the movement of each of the three “Formative Divine Particles”, the movement of each of the “Formative Divine Particles” is driven by the movement of the “Generative Divine Particle”.

Thus, for the first “Formative Divine Particle”, with the passage of time and through the perfect synchronization of the movement of each of the three “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, a complete flow path of the “Generative Divine Particle” will create and delineate an infinitely small “Divine Quaternary Equilibrium Space” which is swept by the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”. It is the “Divine Quaternary Equilibrium Space” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This “Divine Quaternary Equilibrium Space” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” is also contained in the “Divine Tertiary Equilibrium Space” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

So, with this displacement of the position of the intersecting point of the “specific axis” of the movement of the “Generative Divine Particle” and the three “specific axis” of the first movements of the three “Formative Divine Particles”, the proportions of the products of the “divine work” accomplished by the “Generative Divine Particle” as well as the proportions of the products of the “divine work” accomplished by the three “Formative Divine Particles” and which will enter the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, will be stable or unstable due to the addition of the third “Formative Divine Particle” in the originally chosen “Divine Tertiary Configuration”.

They will be stable when they will take place in a predictable way, at regular time intervals, and with the same proportions of products of the “divine work” accomplished by the “Generative Divine Particle”, otherwise they will be unstable; that is, they will take place in random and unpredictable way.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has established all the intersecting point positions that provide stable “Divine Quaternary Equilibrium Zones”, “Divine Tertiary Equilibrium Zones”, and “Divine Secondary Equilibrium Zones” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Within these equilibrium zones, the proportions of the products of the “divine work” accomplished by the “Generative Divine Particle” as well as the proportions of the products of the “divine work” accomplished by the second, and the third “Formative Divine Particle” and which will enter each of these three equilibrium zones will be always stable.

In addition, the “sensations” felt within such stable “Divine Quaternary Equilibrium Zones” will be more pleasant than those felt in all the “Divine Tertiary Equilibrium Zones” of all the “Formative Divine Particles” constituent of these “Divine Quaternary Equilibrium Zones”. The “processed divine energy” contained in such stable “Divine Quaternary Equilibrium Zones” is also more refined than the “processed divine energy” contained in the stable “Divine Tertiary Equilibrium Zones” and as a result of the synergy — the coordinated action of the established movements of the constituent “divine particles”, applied on the “divine work” performed by the “Generative Divine Particle” and the three “Formative Divine Particles”, and which contributes to produce a total effect that is greater than the sum of separate effects of each of these four “divine particles” — defined in such stable “Divine Quaternary Equilibrium Zones”.

The order in which “THE DIVINE ARCHITECT AND PROJECT MASTER” chose the three “Formative Divine Particles” is important in determining these positions of the intersecting point, which provide the stability of each of these three equilibrium zones of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

If the order in which “THE DIVINE ARCHITECT AND PROJECT MASTER” chose the three “Formative Divine Particles” is changed, then, the positions of the intersecting point will not be the same as those that provide the stability of each of these three equilibrium zones of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

As a consequence, the stability of each of these three equilibrium zones of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will be affected. Therefore, the proportions of the products of the “divine work” accomplished by the “Generative Divine Particle” as well as the products of the “divine work” accomplished by the three “Formative Divine Particles”, and which will enter the “Divine Quaternary Equilibrium Zone” will fluctuate.

These different positions of the intersecting point, which provides stability, are the “quaternary intersecting points” of the “specific axis” of the movement of the “Generative Divine Particle” and three “specific axes” of the first movements of

the three “Formative Divine Particles”. These “quaternary intersecting points” coincide with other “tertiary intersecting points”, but they are fewer in number than the “tertiary intersecting points”, although they still remain many and diametrically opposite each other with respect to the centre of the “Generative Divine Particle”.

On these “quaternary intersecting points”, the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” is contained at any time in the “Divine Tertiary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

On each of these “quaternary intersecting points” is associated a “Divine Quaternary Configuration” of one “Generative Divine Particle” and three “Formative Divine Particles”. On the “Divine Quaternary Configuration” of one “Generative Divine Particle” and three “Formative Divine Particles”, the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” contains at any time, products of the “divine work” accomplished by this first “Formative Divine Particle” and it will contain at any time stable proportions of products of the “divine work” accomplished by the “Generative Divine Particle” and also by the other two “Formative Divine Particles”.

The first “Formative Divine Particle” will produce a “primary unit” measurement of the products of its “divine work”, from a defined “primary quantity” of the products of the “divine work” accomplished by the “Generative Divine Particle” that this first “Formative Divine Particle” receives. A proportion of this “primary unit” will enter the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”: we shall call it the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.

Similarly, the second “Formative Divine Particle” will produce a “secondary unit” measurement of the products of its “divine work”, from a defined “secondary quantity” of the products of the “divine work” accomplished by the “Generative Divine Particle” that this second “Formative Divine Particle” receives. A proportion of this “secondary unit” will enter the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”: we shall call it the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.

Similarly, the third “Formative Divine Particle” will produce a “tertiary unit” measurement of the products of its “divine work”, from a defined “tertiary quantity” of the products of the “divine work” accomplished by the “Generative Divine Particle” that this third “Formative Divine Particle” receives. A proportion of this “tertiary unit” will enter the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”: we shall call it the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.

The stability of the proportion of the products of the “divine work” accomplished by the “Generative Divine Particle” with respect to the proportions of the products of the “divine work” accomplished by the three “Formative Divine Particles” is obtained when, within this “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, the proportion of products of the “divine work” accomplished by each of the three “Formative Divine Particles” does not exceed the prescribed limit of proportion.

This prescribed limit of proportion in the stable “Divine Quaternary Configuration” also ensures the stability of the “Divine Tertiary Configurations” which are associated with each two (chosen among the three) “Formative Divine Particles” constituent of this “Divine Quaternary Configuration”.

In these “Divine Tertiary Configurations” considered, this prescribed limit of proportion also ensures the stability of “Divine Secondary Configurations” and which are associated with each “Formative Divine Particle” constituent of this “Divine Quaternary Configuration”.

In these “Divine Secondary Configurations” considered, this prescribed limit of proportion also ensures the stability of the “Divine Primary Configurations” considered and which are associated with the “Generative Divine Particle” and also each of the three “Formative Divine Particles” constituent of this “Divine Quaternary Configuration”.

For the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”:

1. The “primary limit of proportion” defined for the first “Formative Divine Particle”, is four times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
2. The “secondary limit of proportion” defined for the second “Formative Divine Particle”, is four times the “secondary proportion” of the

“secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.

3. The “tertiary limit of proportion” defined for the third “Formative Divine Particle”, is four times the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.

With the passage of time, the “Generative Divine Particle” will perform its “divine work” and transmit the products of this “divine work” to the first “Formative Divine Particle” as well as to the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” through synchronization of the movements.

It is so that, the first “Formative Divine Particle” will also perform its “divine work” and transmit the products of this “divine work” to the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”. Similarly, the two other “Formative Divine Particles” will also perform their “divine work” and transmit the products of these “divine work” to the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Thus, with the passage of time and the movement of the “Generative Divine Particle”, stable proportions of products of the “divine work” accomplished by these four “Divine Particles” will accumulate and increase in the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, until the proportion of products of the “divine work” accomplished by the first “Formative Divine Particle” reaches the “primary limit of proportion” which is four times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.

At attainment of this “primary limit of proportion”, the set constituted by four times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle” will be called the quaternane of products of the “divine work” accomplished by the first “Formative Divine Particle”. All the core particulars that are present in this quaternane of products of the “divine work” accomplished by the first “Formative Divine Particle” are in their first phase of existence.

At attainment of this “primary limit of proportion”:

- The proportion of products of the “divine work” accomplished by the second “Formative Divine Particle” and transmitted to the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will be equal to three times the “secondary proportion” of “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
- The proportion of products of the “divine work” accomplished by the third “Formative Divine Particle” and transmitted to the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will be equal to two times the “tertiary proportion” of “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.

מזה
התחיל
ספר

Therefore, at attainment of this “primary limit of proportion” which is four times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”, the transformation of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the first “Formative Divine Particle” will take place in order to maintain the stability of the proportions of products of the “divine work” accomplished by these four “Divine Particles” within the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This first transformation is the “primary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the first “Formative Divine Particle”. The four times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle” will be the reagents; that is, the products that will be consumed during the transformation, in this “primary transformation”.

At the end of this “primary transformation”, some core particulars of the quaternane of products of the “divine work” accomplished by the first “Formative Divine Particle” have been transmitted and will be present in reduced amount in their second phase of existence in the products of the “primary transformation”.

At the end of this “primary transformation”, this “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it:

- Four times a unit of measurement of products of “transformation sub-steps”, which will be produced during this “primary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the first “Formative Divine Particle”.
- Four times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
- Three times the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.
- One time the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.

And so, a new transformation, that of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “primary transformation” and also by the products of the “divine work” accomplished by the second “Formative Divine Particle” will immediately take place within the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This new transformation will take place in order to remove these products of the “primary transformation” from the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” and also to maintain the stability of the proportions of products of the “divine work” accomplished by these three “Formative Divine Particles”.

This new transformation is the “secondary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “primary transformation” and also by the products of the “divine work” accomplished by the second “Formative Divine Particle”.

In this “secondary transformation”, the four times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”, as well as the four times the products of the “primary transformation” will be reagents; that is, the products that will be consumed during the transformation, in this “secondary transformation”.

At the end of this “secondary transformation”, some core particulars of the quaternane of products of the “divine work” accomplished by the first “Formative

Divine Particle”, in their second phase of existence, have been transmitted and will be present in reduced amount in their third phase of existence in the products of the “secondary transformation”.

At the end of this “secondary transformation”, this “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it:

- Four times a unit of measurement of products of “transformation sub-steps”, which will be produced during this “secondary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “primary transformation” and also by the products of the “divine work” accomplished by the second “Formative Divine Particle”.
- Four times the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.
- Two times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
- One time the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.

And so, a new transformation, that of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “secondary transformation” and also by the products of the “divine work” accomplished by the third “Formative Divine Particle” will immediately take place within the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This new transformation will take place in order to remove these products of the “secondary transformation” from the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” and also to maintain the stability of the proportions of products of the “divine work” accomplished by these three “Formative Divine Particles”.

This new transformation is the “tertiary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products

of the “secondary transformation” and also by the products of the “divine work” accomplished by the third “Formative Divine Particle”.

In this “tertiary transformation”, the four times the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”, as well as the four times the products of the “secondary transformation” will be reagents; that is, the products that will be consumed during the transformation, in this “tertiary transformation”.

At the end of this “tertiary transformation”, some core particulars of the quaternane of products of the “divine work” accomplished by the first “Formative Divine Particle”, in their third phase of existence, have been transmitted and will be present in reduced amount in their fourth phase of existence in the products of the “tertiary transformation”.

At the end of this “tertiary transformation”, this “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it:

- Four times a unit of measurement of products of “transformation sub-steps”, which will be produced during this “tertiary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “secondary transformation” and also by the products of the “divine work” accomplished by the third “Formative Divine Particle”.
- Three times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
- Two times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
- One time the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.

And so, a new transformation, that of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “tertiary transformation” will immediately take place within the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This new transformation will take place in order to remove these products of the “tertiary transformation” from the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” and also to maintain the stability of the proportions of products of the “divine work” accomplished by these three “Formative Divine Particles”. This new transformation is the “‘end of cycle’ transformation”.

In this “‘end of cycle’ transformation”, the four times the products of the “tertiary transformation” will be reagents; that is, the products that will be consumed during the transformation, in this “‘end of cycle’ transformation”.

The core particulars of the quaternane of products of the “divine work” accomplished by the first “Formative Divine Particle”, in their fourth phase of existence, will be reduced to zero (nullified) in the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, to give place to the core particulars of the new quaternane of products of the “divine work” accomplished by the first “Formative Divine Particle”, and restore the stability of the proportion of the products of the “divine work” accomplished by the “Generative Divine Particle” with respect to the proportions of products of the “divine work” accomplished by the three “Formative Divine Particles” within the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

At the end of this “‘end of cycle’ transformation”, this “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it:

- Four times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
- Three times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
- Two times the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.

The products of the “‘end of cycle’ transformation” will be transmitted to the external and immediate environment around the “Divine Quaternary Equilibrium

Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”. These products of this “‘end of cycle’ transformation” are the one that contribute to the “STATES OF EQUILIBRIUM”, the “STATES OF HARMONY”, of “THE DIVINE” and of His “Electrical Charge” throughout all regions of His unlimited “BEING”.

That is how the “‘end of cycle’ transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the three “Formative Divine Particles” will come to an end and keep the stability of the proportion of products of the “divine work” accomplished by the three “Formative Divine Particles” within this “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

At the end of this “‘end of cycle’ transformation”, the proportion of products of the “divine work” accomplished by the first “Formative Divine Particle” will again reach the “primary limit of proportion” that is four times the “primary proportion” of the “primary unity” of products of the “divine work” accomplished by the first “Formative Divine Particle”. Therefore, this transformation cycle will resume within this “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

On each “Divine Quaternary Configuration” of one “Generative Divine Particle” and three “Formative Divine Particles”, the “primary transformation”, the “secondary transformation”, the “tertiary transformation”, and the “‘end of cycle’ transformation” follow a unique and same model of the “transformation step” of the products of the “divine work” accomplished by the “Generative Divine Particle” by the reagents of the “transformation step”; that is, by the products characteristic of the “transformation step” considered and which will be consumed during the “transformation step”. This unique and same model of the “transformation step” consists of twelve “transformation sub-steps”.

יצירה נצחית ספר

CHAPTER 018

THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE QUATERNARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND THREE “FORMATIVE DIVINE PARTICLES”

The model of the “transformation step” in the “Divine Quaternary Configuration” of one “Generative Divine Particle” and three “Formative Divine Particles” consists of twelve “transformation sub-steps”.

As the products of the “divine work” accomplished by the “Generative Divine Particle” enter the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, they are continuously transformed by the reagents of the “transformation step” while these reagents of the “transformation step” last.

A unit of measurement of products of the “divine work” accomplished by the “Generative Divine Particle” that enters this “Divine Quaternary Equilibrium Zone” is transformed by a unit of the reagents of the “transformation step”, and a unit of measurement of the “divine generative energy” diluted is produced.

This unit of measurement of the “divine generative energy” diluted, which is produced, will increase the “divine electrical charge” of the products contained in this “Divine Quaternary Equilibrium Zone”.

As a consequence, the “divine electrical charge” of products that are available in this “Divine Quaternary Equilibrium Zone” will increase as the amount of the “divine generative energy” diluted and available in this “Divine Quaternary Equilibrium Zone” increases.

From this beginning of the third “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”, a third defined quantity of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Quaternary Equilibrium Zone” by a third proportion of the reagents of the “transformation step”, and a third defined quantity of the “divine generative energy” diluted, will be produced, thus marking the end of the third “transformation sub-step” and also the beginning of the fourth “transformation sub-step”.

From this beginning of the fourth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”, a fourth defined quantity of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Quaternary Equilibrium Zone” by a fourth proportion of the reagents of the “transformation step”, and a fourth defined quantity of the “divine generative energy” diluted, will be produced, thus marking the end of the fourth “transformation sub-step” and also the beginning of the fifth “transformation sub-step”.

From the beginning of the first “transformation sub-step” to the end of the fourth “transformation sub-step”, four defined quantities of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Quaternary Equilibrium Zone” by four proportions of the reagents of the “transformation step”, and four defined quantities of the “divine generative energy” diluted, will be produced.

As a consequence, the “divine electrical charge” of products that are available in this “Divine Quaternary Equilibrium Zone” will be at its peak at the end of the fourth “transformation sub-step”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the three “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the products of the “divine work” accomplished by the second “Formative Divine Particle” will be at the entrance to the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

These products of the “divine work” accomplished by the second “Formative Divine Particle”, once they enter the “Divine Quaternary Equilibrium Zone”, they will also attenuate a defined amount of the “divine generative energy” diluted, which has been previously produced in this “Divine Quaternary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Quaternary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the second “Formative Divine Particle” increases.

CHAPTER 019

THE FIRST FOUR “TRANSFORMATION SUB-STEPS” OF THE “TRANSFORMATION STEP”
MODEL IN THE “DIVINE QUATERNARY CONFIGURATION” OF ONE “GENERATIVE DIVINE
PARTICLE” AND THREE “FORMATIVE DIVINE PARTICLES”

CHAPTER 020

THE FIFTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE QUATERNARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND THREE “FORMATIVE DIVINE PARTICLES”

The entry of products of the “divine work” accomplished by the second “Formative Divine Particle” in the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” marks the beginning of the fifth “transformation sub-step”.

From this beginning of the fifth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A first defined quantity of the “divine generative energy” diluted, which was produced during the course of the first four “transformation sub-steps”, as well as the products of the “divine work” accomplished by the “Generative Divine Particle” that still continue to enter this “Divine Quaternary Equilibrium Zone”, will be attenuated in this “Divine Quaternary Equilibrium Zone” by the products of the “divine work” accomplished by the second “Formative Divine Particle”;
- A first defined quantity of the “divine formative energy” produced by the second “Formative Divine Particle” will also be transmitted to the “Divine Quaternary Equilibrium Zone”, marking the end of the fifth “transformation sub-step”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the three “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the products of the “divine

work” accomplished by the third “Formative Divine Particle” will be at the entrance to the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

In addition to the products of the “divine work” accomplished by the second “Formative Divine Particle”, the products of the “divine work” accomplished by the third “Formative Divine Particle”, once they enter the “Divine Quaternary Equilibrium Zone”, they will also attenuate a defined quantity of the “divine generative energy” diluted remaining in this “Divine Quaternary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Quaternary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the third “Formative Divine Particle” increases.

CHAPTER 021

THE SIXTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE QUATERNARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND THREE “FORMATIVE DIVINE PARTICLES”

The entry of products of the “divine work” accomplished by the third “Formative Divine Particle” in the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” marks the beginning of the sixth “transformation sub-step”.

From this beginning of the sixth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A second defined quantity of the “divine generative energy” diluted, which was produced during the course of the first four “transformation sub-steps”, as well as the products of the “divine work” accomplished by the “Generative Divine Particle” that still continue to enter this “Divine Quaternary Equilibrium Zone”, will be attenuated in this “Divine Quaternary Equilibrium Zone” by the products of the “divine work” accomplished by the second and by the third “Formative Divine Particles”;
- A second defined quantity of the “divine formative energy” produced by the second “Formative Divine Particle” will also be transmitted to the “Divine Quaternary Equilibrium Zone”;
- A first defined quantity of the “divine formative energy” produced by the third “Formative Divine Particle” will also be transmitted to the “Divine Quaternary Equilibrium Zone”, marking the end of the sixth “transformation sub-step”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the three “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the products of the “divine work” accomplished by the first “Formative Divine Particle” will be at the entrance to the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

In addition to the products of the “divine work” accomplished by the second “Formative Divine Particle”, and to the products of the “divine work” accomplished by the third “Formative Divine Particle”, the products of the “divine work” accomplished by the first “Formative Divine Particle”, once they enter the “Divine Quaternary Equilibrium Zone”, they will also attenuate a defined quantity of the “divine generative energy” diluted remaining in this “Divine Quaternary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Quaternary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

The entry of the products of the “divine work” accomplished by the first “Formative Divine Particle” in the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will mark the end of entry of the products of the “divine work” accomplished by the “Generative Divine Particle” in this “Divine Quaternary Equilibrium Zone”.

From the beginning of the first “transformation sub-step” to the end of the sixth “transformation sub-step”, six defined quantities of products of the “divine work” accomplished by the “Generative Divine Particle”, will enter the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Among these six defined quantities of products of the “divine work” accomplished by the “Generative Divine Particle”, four will be transformed in this “Divine Quaternary Equilibrium Zone” by four proportions of the reagents of the “transformation step”, and four defined quantities of the “divine generative energy” diluted, will be produced.

CHAPTER 022

THE SEVENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE QUATERNARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND THREE “FORMATIVE DIVINE PARTICLES”

The entry of products of the “divine work” accomplished by the first “Formative Divine Particle” in the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” marks the beginning of the seventh “transformation sub-step”.

From this beginning of the seventh “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A third defined quantity of the “divine generative energy” diluted, which was produced during the course of the first four “transformation sub-steps” will be attenuated in this “Divine Quaternary Equilibrium Zone” by the products of the “divine work” accomplished by the four “Formative Divine Particles”;
- A third defined quantity of the “divine formative energy” produced by the second “Formative Divine Particle” will also be transmitted to the “Divine Quaternary Equilibrium Zone”;
- A second defined quantity of the “divine formative energy” produced by the third “Formative Divine Particle” will also be transmitted to the “Divine Quaternary Equilibrium Zone”;
- A first defined quantity of the “divine formative energy” produced by the first “Formative Divine Particle” will also be transmitted to the “Divine Quaternary Equilibrium Zone”, marking the end of the seventh

“transformation sub-step” and the beginning of the eighth “transformation sub-step”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the three “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the products of the “divine work” accomplished by the three “Formative Divine Particles” continue to enter continuously the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Thus, the “divine electrical charge” of products that are available in this “Divine Quaternary Equilibrium Zone” will decrease further and will be determined by the amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

CHAPTER 023

THE EIGHTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE QUATERNARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND THREE “FORMATIVE DIVINE PARTICLES”

From this beginning of the eighth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- The fourth and last remaining defined quantity of the “divine generative energy” diluted, which was produced during the course of the first four “transformation sub-steps” will be attenuated in this “Divine Quaternary Equilibrium Zone” by the products of the “divine work” accomplished by the four “Formative Divine Particles”;
- A fourth defined quantity of the “divine formative energy” produced by the second “Formative Divine Particle” will also be transmitted to the “Divine Quaternary Equilibrium Zone”;
- A third defined quantity of the “divine formative energy” produced by the third “Formative Divine Particle” will also be transmitted to the “Divine Quaternary Equilibrium Zone”;
- A second defined quantity of the “divine formative energy” produced by the first “Formative Divine Particle” will also be transmitted to the “Divine Quaternary Equilibrium Zone”, marking the end of the eighth “transformation sub-step” and the beginning of the ninth “transformation sub-step”.

Thus, the “divine electrical charge” of products that are available in this “Divine Quaternary Equilibrium Zone” will decrease further and will be determined by the

amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

יצירה הזרחה ספר

CHAPTER 024

THE NINTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE QUATERNARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND THREE “FORMATIVE DIVINE PARTICLES”

From this beginning of the ninth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A first defined quantity of the “divine formative energy” diluted of the second “Formative Divine Particle” that was produced during the course of the fifth to the eighth “transformation sub-steps” will be consumed in this “Divine Quaternary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Three other defined quantities of the “divine formative energy” diluted of the second “Formative Divine Particle”, will still be present in this “Divine Quaternary Equilibrium Zone”.
- A fourth defined quantity of the “divine formative energy” produced by the third “Formative Divine Particle” will also be transmitted to the “Divine Quaternary Equilibrium Zone”;
- A third defined quantity of the “divine formative energy” produced by the first “Formative Divine Particle” will also be transmitted to the “Divine Quaternary Equilibrium Zone”, marking the end of the ninth “transformation sub-step” and the beginning of the tenth “transformation sub-step”.

Thus, the “divine electrical charge” of products that are available in this “Divine Quaternary Equilibrium Zone” will decrease further and will be determined by the

amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

יצירה הערה ספר

CHAPTER 025

THE TENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE QUATERNARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND THREE “FORMATIVE DIVINE PARTICLES”

From this beginning of the tenth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A second defined quantity of the “divine formative energy” diluted of the second “Formative Divine Particle” that was produced during the course of the fifth to the eighth “transformation sub-steps” will be consumed in this “Divine Quaternary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Two other defined quantities of the “divine formative energy” diluted of the second “Formative Divine Particle”, will still be present in this “Divine Quaternary Equilibrium Zone”.
- A first defined quantity of the “divine formative energy” diluted of the third “Formative Divine Particle” that was produced during the course of the sixth to the ninth “transformation sub-steps” will be consumed in this “Divine Quaternary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Three other defined quantities of the “divine formative energy” diluted of the third “Formative Divine Particle”, will still be present in this “Divine Quaternary Equilibrium Zone”.
- A fourth defined quantity of the “divine formative energy” produced by the first “Formative Divine Particle” will also be transmitted to the “Divine Quaternary Equilibrium Zone”, marking the end of the tenth

“transformation sub-step” and the beginning of the eleventh “transformation sub-step”.

Thus, the “divine electrical charge” of products that are available in this “Divine Quaternary Equilibrium Zone” will decrease further and will be determined by the amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

From the beginning of the seventh “transformation sub-step” to the end of this tenth “transformation sub-step”, four defined quantities of products of the “divine work” accomplished by the first “Formative Divine Particle” will be produced, transmitted to this “Divine Quaternary Equilibrium Zone”, and transformed in this “Divine Quaternary Equilibrium Zone” by the products of the “divine work” accomplished by the two other “Formative Divine Particles”. This amount of “divine formative energy” diluted of the first “Formative Divine Particle”, that is, which is produced by the first “Formative Divine Particle”, transmitted and transformed in this “Divine Quaternary Equilibrium Zone”, will be at its peak at the end of this tenth “transformation sub-step”.

From the beginning of the fifth “transformation sub-step” to the end of this tenth “transformation sub-step”, six defined quantities of products of the “divine work” accomplished by the second “Formative Divine Particle” will be produced and transmitted to this “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Among these six defined quantities of products of the “divine work” accomplished by the second “Formative Divine Particle”, four will be transformed in this “Divine Quaternary Equilibrium Zone” by four proportions of the reagents of the “transformation step”, and four defined quantities of the “divine formative energy” diluted of the second “Formative Divine Particle” will be produced.

Among these four defined quantities of the “divine formative energy” diluted from the second “Formative Divine Particle”, two will be consumed in this “Divine Quaternary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the three “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the end of this tenth “transformation sub-step” will also mark the end of entry of the products of the

“divine work” accomplished by the second “Formative Divine Particle” in this “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

CHAPTER 025

THE TENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN
THE “DIVINE QUATERNARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE”
AND THREE “FORMATIVE DIVINE PARTICLES”

CHAPTER 026

THE ELEVENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE QUATERNARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND THREE “FORMATIVE DIVINE PARTICLES”

From this beginning of the eleventh “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A second defined quantity of the “divine formative energy” diluted of the third “Formative Divine Particle” that was produced during the course of the sixth to the ninth “transformation sub-steps” will be consumed in this “Divine Quaternary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Two other defined quantities of the “divine formative energy” diluted of the third “Formative Divine Particle”, will still be present in this “Divine Quaternary Equilibrium Zone”.
- A first defined quantity of the “divine formative energy” diluted of the first “Formative Divine Particle” that was produced during the course of the seventh to the tenth “transformation sub-steps” will be consumed in this “Divine Quaternary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Three other defined quantities of the “divine formative energy” diluted of the second “Formative Divine Particle”, will still be present in this “Divine Quaternary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Quaternary Equilibrium Zone” will stop decreasing and start to increase, but it will still be determined by the amount of “divine formative energy” diluted of the

first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” decreases.

From the beginning of the sixth “transformation sub-step” to the end of this eleventh “transformation sub-step”, six defined quantities of products of the “divine work” accomplished by the third “Formative Divine Particle” will be produced and transmitted to this “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Among these six defined quantities of products of the “divine work” accomplished by the third “Formative Divine Particle”, four will be transformed in this “Divine Quaternary Equilibrium Zone” by four proportions of the reagents of the “transformation step”, and four defined quantities of the “divine formative energy” diluted of the third “Formative Divine Particle” will be produced.

Among these four defined quantities of the “divine formative energy” diluted from the third “Formative Divine Particle”, two will be consumed in this “Divine Quaternary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the three “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the end of this eleventh “transformation sub-step” will also mark the end of entry of the products of the “divine work” accomplished by the third “Formative Divine Particle” in this “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

מ

פ
ר

CHAPTER 027

THE TWELFTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE QUATERNARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND THREE “FORMATIVE DIVINE PARTICLES”

This end of entry of the products of the “divine work” accomplished by the third “Formative Divine Particle” in this “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” also marks the beginning of the twelfth “transformation sub-step”.

From this beginning of the twelfth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A second defined quantity of the “divine formative energy” diluted of the first “Formative Divine Particle” that was produced during the course of the seventh to the tenth “transformation sub-steps” will be consumed in this “Divine Quaternary Equilibrium Zone”. Two other defined quantities of the “divine formative energy” diluted of the first “Formative Divine Particle”, will still be present in this “Divine Quaternary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Quaternary Equilibrium Zone” will increase further, but it will still be determined by the amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” decreases.

From the beginning of the seventh “transformation sub-step” to the end of this twelfth “transformation sub-step”, six defined quantities of products of the “divine

work” accomplished by the first “Formative Divine Particle” will be produced and transmitted to this “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Among these six defined quantities of products of the “divine work” accomplished by the first “Formative Divine Particle”, four will be transformed in this “Divine Quaternary Equilibrium Zone” by four proportions of the reagents of the “transformation step”, and four defined quantities of the “divine formative energy” diluted of the first “Formative Divine Particle” will be produced.

Among these four defined quantities of the “divine formative energy” diluted from the first “Formative Divine Particle”, three will be consumed in this “Divine Quaternary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the three “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the end of this twelfth “transformation sub-step” will also mark the end of entry of the products of the “divine work” accomplished by the first “Formative Divine Particle” in this “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This end of entry of the products of the “divine work” accomplished by first “Formative Divine Particle” in this “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” also marks the end of the “transformation step” of the products of the “divine work” accomplished by the “Generative Divine Particle” by the reagents of the “transformation step” in the “Divine Quaternary Configuration” of four “Divine Particles”.

Thus, in the “Divine Quaternary Configuration” of four “Divine Particles”, a “transformation step” of the products of the “divine work” accomplished by the “Generative Divine Particle” by the reagents of the “transformation step” will come to its end and keep the stability of the proportion of the products of the “divine work” accomplished by the three “Formative Divine Particles” in this “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

At the end of this “transformation step”, the following will be present in the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”:

CHAPTER 027

THE TWELFTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE QUATERNARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND THREE “FORMATIVE DIVINE PARTICLES”

- A “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”. Both defined quantities of the “divine formative energy” diluted of the first “Formative Divine Particle” that are still present in this “Divine Quaternary Equilibrium Zone” constitute this “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
- A “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”. Both defined quantities of the “divine formative energy” diluted of the second “Formative Divine Particle” that are still present in this “Divine Quaternary Equilibrium Zone” constitute this “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
- A “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”. Both defined quantities of the “divine formative energy” diluted of the third “Formative Divine Particle” that are still present in this “Divine Quaternary Equilibrium Zone” constitute this “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.

In this “Divine Quaternary Configuration” of one “Generative Divine Particle” and three “Formative Divine Particles”, the time span common to the “primary transformation”, to the “secondary transformation”, to the “tertiary transformation”, and to the “‘end of cycle’ transformation” is less than the time span common to the “primary transformation”, to the “secondary transformation”, and to the “‘end of cycle’ transformation”, on any stable “Divine Tertiary Configuration” of one “Generative Divine Particle” and two “Formative Divine Particles”.

יצירה ואספר

CHAPTER 027

THE TWELFTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN
THE “DIVINE QUATERNARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE”
AND THREE “FORMATIVE DIVINE PARTICLES”

CHAPTER 028

Thus, depending upon the orientation of the “specific axis” of the movement of the “Generative Divine Particle” and following the orientation of the “specific axis” of the first movement of each of the four “Formative Divine Particles”, a part of the “Divine Quaternary Equilibrium Zone”, which is associated with the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will also contain a proportion of the products of the “divine work” accomplished by the fourth “Formative Divine Particle”. And it will define as such an infinitely small fifth volume of space in this “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

CHAPTER 028
THE “DIVINE QUINARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND
FOUR “FORMATIVE DIVINE PARTICLES”

This “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” is smaller than the “Divine Quaternary Equilibrium Zone” of the same first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, contains at any time, products of the “divine work” accomplished by the first, second, and third “Formative Divine Particle”. It will also contain at any time, depending upon the “Movement of Formative Divine Particle”, a proportion of the products of the “divine work” accomplished by the “Generative Divine Particle”. It will also contain, depending upon the “Movement of Formative Divine Particle”, a proportion of the products of the “divine work” accomplished by the fourth “Formative Divine Particle”.

The products of the “divine work” accomplished by the “Generative Divine Particle” and the products of the “divine work” accomplished by each of the four “Formative Divine Particles” will not enter at the same time in the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

The products of the “divine work” accomplished by the “Generative Divine Particle”, will enter first, and during a first time interval.

At the end of this first time interval, the products of the “divine work” accomplished by the second “Formative Divine Particle” will then, enter, and during a second time interval.

At the end of this second time interval, the products of the “divine work” accomplished by the third “Formative Divine Particle” will then, enter, and during a third time interval.

At the end of this third time interval, the products of the “divine work” accomplished by the fourth “Formative Divine Particle” will then, enter, and during a fourth time interval.

At the end of this fourth time interval, the products of the “divine work” accomplished by the first “Formative Divine Particle” will then, enter, and during a fifth time interval.

A “Divine Quinary Configuration” of one “Generative Divine Particle” and four “Formative Divine Particles” is defined by:

1. The orientation of the “specific axis” of the movement of the “Generative Divine Particle”;

2. The orientation of the “specific axis” of the first movement of each of the four “Formative Divine Particles”; and
3. The “specific volume” defined by the considered “Divine Quinary Equilibrium Zone” with respect to the “Generative Divine Particle”.

A “Divine Quinary Configuration” of one “Generative Divine Particle” and four “Formative Divine Particles” thus contains some of the “Divine Quaternary Configurations” of the “Generative Divine Particle” and of each three (chosen among the four) “Formative Divine Particles” constituent of this “Divine Quinary Configuration”.

Each of these “Divine Quaternary Configurations” considered in this “Divine Quinary Configuration”, in turn contains some of the “Divine Tertiary Configurations” of the “Generative Divine Particle” and of each two (chosen among the four) “Formative Divine Particles” constituent of this “Divine Quinary Configuration”.

Each of these “Divine Tertiary Configurations” considered in each of these previous “Divine Quaternary Configurations”, in turn contains some of the “Divine Secondary Configurations” of the “Generative Divine Particle” and each “Formative Divine Particle” constituent of this “Divine Quinary Configuration”. Here, these previous “Divine Quaternary Configurations” are themselves considered in this “Divine Quinary Configuration”; these are nested relationships.

Each of these “Divine Secondary Configurations” of the “Generative Divine Particle” and each “Formative Divine Particle” constituent of this “Divine Quinary Configuration”, considered in each of these previous “Divine Tertiary Configurations”, in turn contains some of the “Divine Primary Configurations” that are associated with the “Generative Divine Particle” and also with the “Formative Divine Particle”, considered. Here, these previous “Divine Tertiary Configurations” are themselves considered in each of these previous “Divine Quaternary Configurations”, themselves considered in this “Divine Quinary Configuration”; these are nested relationships.

The complexity of the “Divine Quinary Configuration” of one “Generative Divine Particle” and four “Formative Divine Particles” is higher than those of the “Divine Quaternary Configurations” that are contained in this “Divine Quinary Configuration”. Furthermore, the execution of the “movement” of this “Divine Quinary Configuration” is the result of the perfect synchronisation of the “Movement of Formative Divine Particle” of each of the four “Formative Divine Particles” between them, and each “Movement of Formative Divine Particle”

synchronized with the movement of the “Generative Divine Particle”. This “movement” of this “Divine Quinary Configuration” is the coordinated action of the “Generative Divine Particle” and the four “Formative Divine Particles”, thus acting in concert, and which will produce a total effect in this “Divine Quinary Configuration”, a total “sensation”, emanating from the “Divine Quinary Equilibrium Zones” of its “Formative Divine Particles” with respect to the “Generative Divine Particle”, that will be greater than the sum of effects provided by the individual “Divine Particles” constituent of this “Divine Quinary Configuration”. All these individual and “combined” effects, all these “sensations”, in all their details, “THE DIVINE ARCHITECT AND PROJECT MASTER” has measured and has recorded them.

In His own “Days”, based on the designs of “THE DIVINE ARCHITECT AND PROJECT MASTER”, “THE DIVINE FORCE” had found that: following the “Divine Quinary Configuration” of one “Generative Divine Particle” and four “Formative Divine Particles”, the “sensations” felt in the “Divine Quinary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle” are different and more or less pleasant than those felt in all the “Divine Quaternary Equilibrium Zones” of all the “Formative Divine Particles” constituent of this “Divine Quinary Equilibrium Zone”.

Thus, following the “Divine Quinary Configuration” of one “Generative Divine Particle” and four “Formative Divine Particles”, the proportions of the products of the “divine work” accomplished by the “Generative Divine Particle”, as well as the proportions of the products of the “divine work” accomplished by the fourth “Formative Divine Particle”, and which will enter the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” may be stable or else unstable.

They will be stable when they will take place in a predictable way, at regular time intervals and with the same proportions of products of the “divine work” accomplished by the “Generative Divine Particle” as well as the same proportion of the products of the “divine work” accomplished by the fourth “Formative Divine Particle”, otherwise they will be unstable; that is, they will take place in random and unpredictable way.

Stable proportions are obtained from the intersecting points that are defined by the intersection of the direction of the orientation of the “specific axis” of the movement of the “Generative Divine Particle” with those of the orientations of the “specific axis” of the first movement of each of the four “Formative Divine Particles”, and by synchronizing the movement of the “Generative Divine Particle”

with the “Movement of Formative Divine Particle” of each of the four “Formative Divine Particles”.

As such, for a fourth “Formative Divine Particle” placed in a fixed location in the proximity of a “Divine Quaternary Configuration”, based on the designs of “THE DIVINE ARCHITECT AND PROJECT MASTER”, “THE DIVINE FORCE” has perfectly synchronized the “Movement of Formative Divine Particle” of each of the four “Formative Divine Particles” between them.

HE has also perfectly synchronized the “Movement of Formative Divine Particle” of each of the four “Formative Divine Particles” with the movement of the “Generative Divine Particle”, with respect to the intersecting point of the “specific axis” of the movement of the “Generative Divine Particle” and the “specific axis” of the first movement of each of the four “Formative Divine Particles”.

Through the perfect synchronization of the movement of the “Generative Divine Particle” and the movement of each of the four “Formative Divine Particles”, the movement of each of the “Formative Divine Particles” is driven by the movement of the “Generative Divine Particle”.

Thus, for the first “Formative Divine Particle”, with the passage of time and through the perfect synchronization of the movement of each of the four “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, a complete flow path of the “Generative Divine Particle” will create and delineate an infinitely small “Divine Quinary Equilibrium Space” which is swept by the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”. It is the “Divine Quinary Equilibrium Space” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This “Divine Quinary Equilibrium Space” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” is also contained in the “Divine Quaternary Equilibrium Space” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

So, with this displacement of the position of the intersecting point of the “specific axis” of the movement of the “Generative Divine Particle” and the four “specific axis” of the first movements of the four “Formative Divine Particles”, the proportions of the products of the “divine work” accomplished by the “Generative Divine Particle” as well as the proportions of the products of the “divine work” accomplished by the four “Formative Divine Particles” and which will enter the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with

respect to the “Generative Divine Particle”, will be stable or unstable due to the addition of the fourth “Formative Divine Particle” in the originally chosen “Divine Quaternary Configuration”.

They will be stable when they will take place in a predictable way, at regular time intervals, and with the same proportions of products of the “divine work” accomplished by the “Generative Divine Particle”, otherwise they will be unstable; that is, they will take place in random and unpredictable way.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has established all the intersecting point positions that provide stable “Divine Quinary Equilibrium Zones”, “Divine Quaternary Equilibrium Zones”, “Divine Tertiary Equilibrium Zones”, and “Divine Secondary Equilibrium Zones” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Within these equilibrium zones, the proportions of the products of the “divine work” accomplished by the “Generative Divine Particle” as well as the proportions of the products of the “divine work” accomplished by the second, the third, and the fourth “Formative Divine Particle” and which will enter each of these four equilibrium zones will be always stable.

In addition, the “sensations” felt within such stable “Divine Quinary Equilibrium Zones” will be more pleasant than those felt in all the “Divine Quaternary Equilibrium Zones” of all the “Formative Divine Particles” constituent of these “Divine Quinary Equilibrium Zones”. The “processed divine energy” contained in such stable “Divine Quinary Equilibrium Zones” is also more refined than the “processed divine energy” contained in the stable “Divine Quaternary Equilibrium Zones” and as a result of the synergy — the coordinated action of the established movements of the constituent “divine particles”, applied on the “divine work” performed by the “Generative Divine Particle” and the four “Formative Divine Particles”, and which contributes to produce a total effect that is greater than the sum of separate effects of each of these five “divine particles” — defined in such stable “Divine Quinary Equilibrium Zones”.

The order in which “THE DIVINE ARCHITECT AND PROJECT MASTER” chose the four “Formative Divine Particles” is important in determining these positions of the intersecting point, which provide the stability of each of these four equilibrium zones of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

If the order in which “THE DIVINE ARCHITECT AND PROJECT MASTER” chose the four “Formative Divine Particles” is changed, then, the positions of the

intersecting point will not be the same as those that provide the stability of each of these four equilibrium zones of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

As a consequence, the stability of each of these four equilibrium zones of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will be affected. Therefore, the proportions of the products of the “divine work” accomplished by the “Generative Divine Particle” as well as the products of the “divine work” accomplished by the four “Formative Divine Particles”, and which will enter the “Divine Quinary Equilibrium Zone” will fluctuate.

These different positions of the intersecting point, which provides stability, are the “quinary intersecting points” of the “specific axis” of the movement of the “Generative Divine Particle” and four “specific axes” of the first movements of the four “Formative Divine Particles”. These “quinary intersecting points” coincide with other “quaternary intersecting points”, but they are fewer in number than the “quaternary intersecting points”, although they still remain many and diametrically opposite each other with respect to the centre of the “Generative Divine Particle”.

On these “quinary intersecting points”, the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” is contained at any time in the “Divine Quaternary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

On each of these “quinary intersecting points” is associated a “Divine Quinary Configuration” of one “Generative Divine Particle” and four “Formative Divine Particles”. On the “Divine Quinary Configuration” of one “Generative Divine Particle” and four “Formative Divine Particles”, the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” contains at any time, products of the “divine work” accomplished by this first “Formative Divine Particle” and it will contain at any time stable proportions of products of the “divine work” accomplished by the “Generative Divine Particle” and also by the other three “Formative Divine Particles”.

The first “Formative Divine Particle” will produce a “primary unit” measurement of the products of its “divine work”, from a defined “primary quantity” of the products of the “divine work” accomplished by the “Generative Divine Particle” that this first “Formative Divine Particle” receives. A proportion of this “primary unit” will enter the “Divine Quinary Equilibrium Zone” of the first “Formative

Divine Particle” with respect to the “Generative Divine Particle”: we shall call it the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.

Similarly, the second “Formative Divine Particle” will produce a “secondary unit” measurement of the products of its “divine work”, from a defined “secondary quantity” of the products of the “divine work” accomplished by the “Generative Divine Particle” that this second “Formative Divine Particle” receives. A proportion of this “secondary unit” will enter the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”: we shall call it the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.

Similarly, the third “Formative Divine Particle” will produce a “tertiary unit” measurement of the products of its “divine work”, from a defined “tertiary quantity” of the products of the “divine work” accomplished by the “Generative Divine Particle” that this third “Formative Divine Particle” receives. A proportion of this “tertiary unit” will enter the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”: we shall call it the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.

Similarly, the fourth “Formative Divine Particle” will produce a “quaternary unit” measurement of the products of its “divine work”, from a defined “quaternary quantity” of the products of the “divine work” accomplished by the “Generative Divine Particle” that this fourth “Formative Divine Particle” receives. A proportion of this “quaternary unit” will enter the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”: we shall call it the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.

The stability of the proportion of the products of the “divine work” accomplished by the “Generative Divine Particle” with respect to the proportions of the products of the “divine work” accomplished by the four “Formative Divine Particles” is obtained when, within this “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, the proportion of products of the “divine work” accomplished by each of the four “Formative Divine Particles” does not exceed the prescribed limit of proportion.

This prescribed limit of proportion in the stable “Divine Quinary Configuration” also ensures the stability of the “Divine Quaternary Configurations” which are

associated with each three (chosen among the four) “Formative Divine Particles” constituent of this “Divine Quinary Configuration”.

In these “Divine Quaternary Configurations” considered, this prescribed limit of proportion also ensures the stability of the “Divine Tertiary Configurations” that are associated with each two (chosen among the four) “Formative Divine Particles” constituent of this “Divine Quinary Configuration”.

In these “Divine Tertiary Configurations” considered, this prescribed limit of proportion also ensures the stability of “Divine Secondary Configurations” and which are associated with each “Formative Divine Particle” constituent of this “Divine Quinary Configuration”.

In these “Divine Secondary Configurations” considered, this prescribed limit of proportion also ensures the stability of the “Divine Primary Configurations” considered and which are associated with the “Generative Divine Particle” and also each of the four “Formative Divine Particles” constituent of this “Divine Quinary Configuration”.

For the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”:

1. The “primary limit of proportion” defined for the first “Formative Divine Particle”, is five times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
2. The “secondary limit of proportion” defined for the second “Formative Divine Particle”, is five times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
3. The “tertiary limit of proportion” defined for the third “Formative Divine Particle”, is five times the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.
4. The “quaternary limit of proportion” defined for the fourth “Formative Divine Particle”, is five times the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.

With the passage of time, the “Generative Divine Particle” will perform its “divine work” and transmit the products of this “divine work” to the first “Formative

Divine Particle” as well as to the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” through synchronization of the movements.

It is so that, the first “Formative Divine Particle” will also perform its “divine work” and transmit the products of this “divine work” to the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”. Similarly, the three other “Formative Divine Particles” will also perform their “divine work” and transmit the products of these “divine work” to the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Thus, with the passage of time and the movement of the “Generative Divine Particle”, stable proportions of products of the “divine work” accomplished by these five “Divine Particles” will accumulate and increase in the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, until the proportion of products of the “divine work” accomplished by the first “Formative Divine Particle” reaches the “primary limit of proportion” which is five times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.

At attainment of this “primary limit of proportion”, the set constituted by five times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle” will be called the quinane of products of the “divine work” accomplished by the first “Formative Divine Particle”. All the core particulars that are present in this quinane of products of the “divine work” accomplished by the first “Formative Divine Particle” are in their first phase of existence.

At attainment of this “primary limit of proportion”:

- The proportion of products of the “divine work” accomplished by the second “Formative Divine Particle” and transmitted to the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will be equal to four times the “secondary proportion” of “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
- The proportion of products of the “divine work” accomplished by the third “Formative Divine Particle” and transmitted to the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will be equal to three times

the “tertiary proportion” of “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.

- The proportion of products of the “divine work” accomplished by the fourth “Formative Divine Particle” and transmitted to the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will be equal to two times the “quaternary proportion” of “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.

Therefore, at attainment of this “primary limit of proportion” which is five times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”, the transformation of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the first “Formative Divine Particle” will take place in order to maintain the stability of the proportions of products of the “divine work” accomplished by these five “Divine Particles” within the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This first transformation is the “primary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the first “Formative Divine Particle”. The five times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle” will be the reagents; that is, the products that will be consumed during the transformation, in this “primary transformation”.

At the end of this “primary transformation”, some core particulars of the quinary of products of the “divine work” accomplished by the first “Formative Divine Particle” have been transmitted and will be present in reduced amount in their second phase of existence in the products of the “primary transformation”.

At the end of this “primary transformation”, this “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it:

- Five times a unit of measurement of products of “transformation sub-steps”, which will be produced during this “primary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the first “Formative Divine Particle”.

- Five times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
- Four times the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.
- Three times the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.
- One time the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.

And so, a new transformation, that of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “primary transformation” and also by the products of the “divine work” accomplished by the second “Formative Divine Particle” will immediately take place within the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This new transformation will take place in order to remove these products of the “primary transformation” from the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” and also to maintain the stability of the proportions of products of the “divine work” accomplished by these four “Formative Divine Particles”.

This new transformation is the “secondary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “primary transformation” and also by the products of the “divine work” accomplished by the second “Formative Divine Particle”.

In this “secondary transformation”, the five times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”, as well as the five times the products of the “primary transformation” will be reagents; that is, the products that will be consumed during the transformation, in this “secondary transformation”.

At the end of this “secondary transformation”, some core particulars of the quinary of products of the “divine work” accomplished by the first “Formative Divine Particle”, in their second phase of existence, have been transmitted and

משי
ת
ה
ס
פ
ר

will be present in reduced amount in their third phase of existence in the products of the “secondary transformation”.

At the end of this “secondary transformation”, this “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it:

- Five times a unit of measurement of products of “transformation sub-steps”, which will be produced during this “secondary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “primary transformation” and also by the products of the “divine work” accomplished by the second “Formative Divine Particle”.
- Five times the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.
- Four times the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.
- Two times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
- One time the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.

And so, a new transformation, that of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “secondary transformation” and also by the products of the “divine work” accomplished by the third “Formative Divine Particle” will immediately take place within the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This new transformation will take place in order to remove these products of the “secondary transformation” from the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” and also to maintain the stability of the proportions of products of the “divine work” accomplished by these four “Formative Divine Particles”.

This new transformation is the “tertiary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “secondary transformation” and also by the products of the “divine work” accomplished by the third “Formative Divine Particle”.

In this “tertiary transformation”, the five times the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”, as well as the five times the products of the “secondary transformation” will be reagents; that is, the products that will be consumed during the transformation, in this “tertiary transformation”.

At the end of this “tertiary transformation”, some core particulars of the quinary of products of the “divine work” accomplished by the first “Formative Divine Particle”, in their third phase of existence, have been transmitted and will be present in reduced amount in their fourth phase of existence in the products of the “tertiary transformation”.

At the end of this “tertiary transformation”, this “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it:

- Five times a unit of measurement of products of “transformation sub-steps”, which will be produced during this “tertiary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “secondary transformation” and also by the products of the “divine work” accomplished by the third “Formative Divine Particle”.
- Five times the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.
- Three times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
- Two times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
- One time the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.

ס
פ
ר

And so, a new transformation, that of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “tertiary transformation” and also by the products of the “divine work” accomplished by the fourth “Formative Divine Particle” will immediately take place within the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This new transformation will take place in order to remove these products of the “tertiary transformation” from the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” and also to maintain the stability of the proportions of products of the “divine work” accomplished by these four “Formative Divine Particles”.

This new transformation is the “quaternary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “tertiary transformation” and also by the products of the “divine work” accomplished by the fourth “Formative Divine Particle”.

In this “quaternary transformation”, the five times the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”, as well as the five times the products of the “tertiary transformation” will be reagents; that is, the products that will be consumed during the transformation, in this “quaternary transformation”.

At the end of this “quaternary transformation”, some core particulars of the quinary of products of the “divine work” accomplished by the first “Formative Divine Particle”, in their fourth phase of existence, have been transmitted and will be present in reduced amount in their fifth phase of existence in the products of the “quaternary transformation”.

At the end of this “quaternary transformation”, this “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it:

- Five times a unit of measurement of products of “transformation sub-steps”, which will be produced during this “quaternary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “tertiary transformation” and also by the products of the “divine work” accomplished by the fourth “Formative Divine Particle”.

- Four times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
- Three times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
- Two times the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.
- One time the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.

And so, a new transformation, that of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “quaternary transformation” will immediately take place within the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This new transformation will take place in order to remove these products of the “quaternary transformation” from the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” and also to maintain the stability of the proportions of products of the “divine work” accomplished by these four “Formative Divine Particles”. This new transformation is the “‘end of cycle’ transformation”.

In this “‘end of cycle’ transformation”, the five times the products of the “quaternary transformation” will be reagents; that is, the products that will be consumed during the transformation, in this “‘end of cycle’ transformation”.

The core particulars of the quinary of products of the “divine work” accomplished by the first “Formative Divine Particle”, in their fifth phase of existence, will be reduced to zero (nullified) in the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, to give place to the core particulars of the new quinary of products of the “divine work” accomplished by the first “Formative Divine Particle”, and restore the stability of the proportion of the products of the “divine work” accomplished by the “Generative Divine Particle” with respect to the proportions of products of the “divine work” accomplished by the four “Formative Divine Particles” within the

“Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

At the end of this “‘end of cycle’ transformation”, this “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it:

- Five times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
- Four times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
- Three times the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.
- Two times the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.

The products of the “‘end of cycle’ transformation” will be transmitted to the external and immediate environment around the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”. These products of this “‘end of cycle’ transformation” are the one that contribute to the “STATES OF EQUILIBRIUM”, the “STATES OF HARMONY”, of “THE DIVINE” and of His “Electrical Charge” throughout all regions of His unlimited “BEING”.

That is how the “‘end of cycle’ transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the four “Formative Divine Particles” will come to an end and keep the stability of the proportion of products of the “divine work” accomplished by the four “Formative Divine Particles” within this “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

At the end of this “‘end of cycle’ transformation”, the proportion of products of the “divine work” accomplished by the first “Formative Divine Particle” will again reach the “primary limit of proportion” that is five times the “primary proportion” of the “primary unity” of products of the “divine work” accomplished by the first “Formative Divine Particle”. Therefore, this transformation cycle will resume

within this “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

On each “Divine Quinary Configuration” of one “Generative Divine Particle” and four “Formative Divine Particles”, the “primary transformation”, the “secondary transformation”, the “tertiary transformation”, the “quaternary transformation”, and the “‘end of cycle’ transformation” follow a unique and same model of the “transformation step” of the products of the “divine work” accomplished by the “Generative Divine Particle” by the reagents of the “transformation step”; that is, by the products characteristic of the “transformation step” considered and which will be consumed during the “transformation step”. This unique and same model of the “transformation step” consists of sixteen “transformation sub-steps”.

THE “TRANSFORMATION STEP” MODEL IN THE
“DIVINE QUINARY CONFIGURATION” OF ONE
“GENERATIVE DIVINE PARTICLE” AND FOUR
“FORMATIVE DIVINE PARTICLES”

As the products of the “divine work” accomplished by the “Generative Divine Particle” enter the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, they are continuously transformed by the reagents of the “transformation step” while these reagents of the “transformation step” last.

This unit of measurement of the “divine generative energy” diluted, which is produced, will increase the “divine electrical charge” of the products contained in this “Divine Quinary Equilibrium Zone”.

As a consequence, the “divine electrical charge” of products that are available in this “Divine Quinary Equilibrium Zone” will increase as the amount of the “divine generative energy” diluted and available in this “Divine Quinary Equilibrium Zone” increases.

יצירה לספר

CHAPTER 030

THE FIRST FIVE “TRANSFORMATION SUB-STEPS” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE QUINARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND FOUR “FORMATIVE DIVINE PARTICLES”

It is always at the first “transformation sub-step” that the products of the “divine work” accomplished by the “Generative Divine Particle” start to continuously enter the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”. This entry marks the beginning of the “primary transformation”.

From this beginning of the first “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”, a first defined quantity of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Quinary Equilibrium Zone” by a first proportion of the reagents of the “transformation step”, and a first defined quantity of the “divine generative energy” diluted, will be produced, thus marking the end of the first “transformation sub-step” and also the beginning of the second “transformation sub-step”.

From this beginning of the second “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”, a second defined quantity of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Quinary Equilibrium Zone” by a second proportion of the reagents of the “transformation step”, and a second defined quantity of the “divine generative energy” diluted, will be produced, thus marking the end of the second “transformation sub-step” and also the beginning of the third “transformation sub-step”.

From this beginning of the third “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”, a third defined quantity of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Quinary Equilibrium Zone” by a third proportion of the reagents of the “transformation step”, and a third defined quantity of the “divine generative energy” diluted, will be produced, thus marking the end of the third “transformation sub-step” and also the beginning of the fourth “transformation sub-step”.

From this beginning of the fourth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”, a fourth defined quantity of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Quinary Equilibrium Zone” by a fourth proportion of the reagents of the “transformation step”, and a fourth defined quantity of the “divine generative energy” diluted, will be produced, thus marking the end of the fourth “transformation sub-step” and also the beginning of the fifth “transformation sub-step”.

From this beginning of the fifth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”, a fifth defined quantity of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Quinary Equilibrium Zone” by a fifth proportion of the reagents of the “transformation step”, and a fifth defined quantity of the “divine generative energy” diluted, will be produced, thus marking the end of the fifth “transformation sub-step” and also the beginning of the sixth “transformation sub-step”.

From the beginning of the first “transformation sub-step” to the end of the fifth “transformation sub-step”, five defined quantities of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Quinary Equilibrium Zone” by five proportions of the reagents of the “transformation step”, and five defined quantities of the “divine generative energy” diluted, will be produced.

As a consequence, the “divine electrical charge” of products that are available in this “Divine Quinary Equilibrium Zone” will be at its peak at the end of the fifth “transformation sub-step”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the four “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the products of the “divine work” accomplished by the second “Formative Divine Particle” will be at the

entrance to the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

These products of the “divine work” accomplished by the second “Formative Divine Particle”, once they enter the “Divine Quinary Equilibrium Zone”, they will also attenuate a defined amount of the “divine generative energy” diluted, which has been previously produced in this “Divine Quinary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Quinary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the second “Formative Divine Particle” increases.

CHAPTER 030

THE FIRST FIVE “TRANSFORMATION SUB-STEPS” OF THE “TRANSFORMATION STEP” MODEL
IN THE “DIVINE QUINARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND
FOUR “FORMATIVE DIVINE PARTICLES”

CHAPTER 031

THE SIXTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE QUINARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND FOUR “FORMATIVE DIVINE PARTICLES”

The entry of products of the “divine work” accomplished by the second “Formative Divine Particle” in the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” marks the beginning of the sixth “transformation sub-step”.

From this beginning of the sixth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A first defined quantity of the “divine generative energy” diluted, which was produced during the course of the first five “transformation sub-steps”, as well as the products of the “divine work” accomplished by the “Generative Divine Particle” that still continue to enter this “Divine Quinary Equilibrium Zone”, will be attenuated in this “Divine Quinary Equilibrium Zone” by the products of the “divine work” accomplished by the second “Formative Divine Particle”;
- A first defined quantity of the “divine formative energy” produced by the second “Formative Divine Particle” will also be transmitted to the “Divine Quinary Equilibrium Zone”, marking the end of the sixth “transformation sub-step”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the four “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the products of the “divine

work” accomplished by the third “Formative Divine Particle” will be at the entrance to the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

In addition to the products of the “divine work” accomplished by the second “Formative Divine Particle”, the products of the “divine work” accomplished by the third “Formative Divine Particle”, once they enter the “Divine Quinary Equilibrium Zone”, they will also attenuate a defined quantity of the “divine generative energy” diluted remaining in this “Divine Quinary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Quinary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the third “Formative Divine Particle” increases.

CHAPTER 032

THE SEVENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE QUINARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND FOUR “FORMATIVE DIVINE PARTICLES”

The entry of products of the “divine work” accomplished by the third “Formative Divine Particle” in the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” marks the beginning of the seventh “transformation sub-step”.

From this beginning of the seventh “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A second defined quantity of the “divine generative energy” diluted, which was produced during the course of the first five “transformation sub-steps”, as well as the products of the “divine work” accomplished by the “Generative Divine Particle” that still continue to enter this “Divine Quinary Equilibrium Zone”, will be attenuated in this “Divine Quinary Equilibrium Zone” by the products of the “divine work” accomplished by the second and by the third “Formative Divine Particles”;
- A second defined quantity of the “divine formative energy” produced by the second “Formative Divine Particle” will also be transmitted to the “Divine Quinary Equilibrium Zone”;
- A first defined quantity of the “divine formative energy” produced by the third “Formative Divine Particle” will also be transmitted to the “Divine Quinary Equilibrium Zone”, marking the end of the eighth “transformation sub-step”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the four “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the products of the “divine work” accomplished by the fourth “Formative Divine Particle” will be at the entrance to the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

In addition to the products of the “divine work” accomplished by the second “Formative Divine Particle”, and to the products of the “divine work” accomplished by the third “Formative Divine Particle”, the products of the “divine work” accomplished by the fourth “Formative Divine Particle”, once they enter the “Divine Quinary Equilibrium Zone”, they will also attenuate a defined quantity of the “divine generative energy” diluted remaining in this “Divine Quinary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Quinary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the fourth “Formative Divine Particle” increases.

CHAPTER 033

THE EIGHTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE QUINARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND FOUR “FORMATIVE DIVINE PARTICLES”

The entry of products of the “divine work” accomplished by the fourth “Formative Divine Particle” in the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” marks the beginning of the eighth “transformation sub-step”.

From this beginning of the ninth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A third defined quantity of the “divine generative energy” diluted, which was produced during the course of the first five “transformation sub-steps”, as well as the products of the “divine work” accomplished by the “Generative Divine Particle” that still continue to enter this “Divine Quinary Equilibrium Zone”, will be attenuated in this “Divine Quinary Equilibrium Zone” by the products of the “divine work” accomplished by the second, by the third, and by the fourth “Formative Divine Particles”;
- A third defined quantity of the “divine formative energy” produced by the second “Formative Divine Particle” will also be transmitted to the “Divine Quinary Equilibrium Zone”;
- A second defined quantity of the “divine formative energy” produced by the third “Formative Divine Particle” will also be transmitted to the “Divine Quinary Equilibrium Zone”;

- A first defined quantity of the “divine formative energy” produced by the fourth “Formative Divine Particle” will also be transmitted to the “Divine Quinary Equilibrium Zone”, marking the end of the eighth “transformation sub-step”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the four “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the products of the “divine work” accomplished by the first “Formative Divine Particle” will be at the entrance to the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Therefore,

In addition to the products of the “divine work” accomplished by the second “Formative Divine Particle”, to the products of the “divine work” accomplished by the third “Formative Divine Particle”, and to the products of the “divine work” accomplished by the fourth “Formative Divine Particle”, the products of the “divine work” accomplished by the first “Formative Divine Particle”, once they enter the “Divine Quinary Equilibrium Zone”, they will also attenuate a defined quantity of the “divine generative energy” diluted remaining in this “Divine Quinary Equilibrium Zone”.

Thus,

the “divine electrical charge” of products that are available in this “Divine Quinary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

The entry of the products of the “divine work” accomplished by the first “Formative Divine Particle” in the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will mark the end of entry of the products of the “divine work” accomplished by the “Generative Divine Particle” in this “Divine Quinary Equilibrium Zone”.

From the beginning of the first “transformation sub-step” to the end of the eighth “transformation sub-step”, eight defined quantities of products of the “divine work” accomplished by the “Generative Divine Particle”, will enter the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Among these eight defined quantities of products of the “divine work” accomplished by the “Generative Divine Particle”, five will be transformed in this “Divine Quinary Equilibrium Zone” by five proportions of the reagents of the “transformation step”, and five defined quantities of the “divine generative energy” diluted, will be produced.

CHAPTER 034

THE NINTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE QUINARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND FOUR “FORMATIVE DIVINE PARTICLES”

The entry of products of the “divine work” accomplished by the first “Formative Divine Particle” in the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” marks the beginning of the ninth “transformation sub-step”.

From this beginning of the ninth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A fourth defined quantity of the “divine generative energy” diluted, which was produced during the course of the first five “transformation sub-steps” will be attenuated in this “Divine Quinary Equilibrium Zone” by the products of the “divine work” accomplished by the four “Formative Divine Particles”;
- A fourth defined quantity of the “divine formative energy” produced by the second “Formative Divine Particle” will also be transmitted to the “Divine Quinary Equilibrium Zone”;
- A third defined quantity of the “divine formative energy” produced by the third “Formative Divine Particle” will also be transmitted to the “Divine Quinary Equilibrium Zone”;
- A second defined quantity of the “divine formative energy” produced by the fourth “Formative Divine Particle” will also be transmitted to the “Divine Quinary Equilibrium Zone”;

- A first defined quantity of the “divine formative energy” produced by the first “Formative Divine Particle” will also be transmitted to the “Divine Quinary Equilibrium Zone”, marking the end of the ninth “transformation sub-step” and the beginning of the tenth “transformation sub-step”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the four “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the products of the “divine work” accomplished by the four “Formative Divine Particles” continue to enter continuously the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Thus, the “divine electrical charge” of products that are available in this “Divine Quinary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

CHAPTER 035

THE TENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE QUINARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND FOUR “FORMATIVE DIVINE PARTICLES”

From this beginning of the tenth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- The fifth and last remaining defined quantity of the “divine generative energy” diluted, which was produced during the course of the first five “transformation sub-steps” will be attenuated in this “Divine Quinary Equilibrium Zone” by the products of the “divine work” accomplished by the five “Formative Divine Particles”;
- A fifth defined quantity of the “divine formative energy” produced by the second “Formative Divine Particle” will also be transmitted to the “Divine Quinary Equilibrium Zone”;
- A fourth defined quantity of the “divine formative energy” produced by the third “Formative Divine Particle” will also be transmitted to the “Divine Quinary Equilibrium Zone”;
- A third defined quantity of the “divine formative energy” produced by the fourth “Formative Divine Particle” will also be transmitted to the “Divine Quinary Equilibrium Zone”;
- A second defined quantity of the “divine formative energy” produced by the first “Formative Divine Particle” will also be transmitted to the “Divine Quinary Equilibrium Zone”, marking the end of the tenth

“transformation sub-step” and the beginning of the eleventh “transformation sub-step”.

Thus, the “divine electrical charge” of products that are available in this “Divine Quinary Equilibrium Zone” will decrease further and will be determined by the amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

יצירה הדרגתית ספר

CHAPTER 036

THE ELEVENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE QUINARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND FOUR “FORMATIVE DIVINE PARTICLES”

From this beginning of the eleventh “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A first defined quantity of the “divine formative energy” diluted of the second “Formative Divine Particle” that was produced during the course of the sixth to the tenth “transformation sub-steps” will be consumed in this “Divine Quinary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Four other defined quantities of the “divine formative energy” diluted of the second “Formative Divine Particle”, will still be present in this “Divine Quinary Equilibrium Zone”.
- A fifth defined quantity of the “divine formative energy” produced by the third “Formative Divine Particle” will also be transmitted to the “Divine Quinary Equilibrium Zone”;
- A fourth defined quantity of the “divine formative energy” produced by the fourth “Formative Divine Particle” will also be transmitted to the “Divine Quinary Equilibrium Zone”;
- A third defined quantity of the “divine formative energy” produced by the first “Formative Divine Particle” will also be transmitted to the “Divine Quinary Equilibrium Zone”, marking the end of the eleventh “transformation sub-step” and the beginning of the twelfth “transformation sub-step”.

Thus, the “divine electrical charge” of products that are available in this “Divine Quinary Equilibrium Zone” will decrease further and will be determined by the amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

- A second defined quantity of the “divine formative energy” diluted of the second “Formative Divine Particle” that was produced during the course of the sixth to the tenth “transformation sub-steps” will be consumed in this “Divine Quinary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Three other defined quantities of the “divine formative energy” diluted of the second “Formative Divine Particle”, will still be present in this “Divine Quinary Equilibrium Zone”.
- A first defined quantity of the “divine formative energy” diluted of the third “Formative Divine Particle” that was produced during the course of the seventh to the eleventh “transformation sub-steps” will be consumed in this “Divine Quinary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Four other defined quantities of the “divine formative energy” diluted of the third “Formative Divine Particle”, will still be present in this “Divine Quinary Equilibrium Zone”.
- A fifth defined quantity of the “divine formative energy” produced by the fourth “Formative Divine Particle” will also be transmitted to the “Divine Quinary Equilibrium Zone”;

- A fourth defined quantity of the “divine formative energy” produced by the first “Formative Divine Particle” will also be transmitted to the “Divine Quinary Equilibrium Zone”, marking the end of the twelfth “transformation sub-step” and the beginning of the thirteenth “transformation sub-step”.

Thus, the “divine electrical charge” of products that are available in this “Divine Quinary Equilibrium Zone” will decrease further and will be determined by the amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

CHAPTER 038

THE THIRTEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE QUINARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND FOUR “FORMATIVE DIVINE PARTICLES”

From this beginning of the thirteenth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A third defined quantity of the “divine formative energy” diluted of the second “Formative Divine Particle” that was produced during the course of the sixth to the tenth “transformation sub-steps” will be consumed in this “Divine Quinary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Two other defined quantities of the “divine formative energy” diluted of the second “Formative Divine Particle”, will still be present in this “Divine Quinary Equilibrium Zone”.
- A second defined quantity of the “divine formative energy” diluted of the third “Formative Divine Particle” that was produced during the course of the seventh to the eleventh “transformation sub-steps” will be consumed in this “Divine Quinary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Three other defined quantities of the “divine formative energy” diluted of the third “Formative Divine Particle”, will still be present in this “Divine Quinary Equilibrium Zone”.
- A first defined quantity of the “divine formative energy” diluted of the fourth “Formative Divine Particle” that was produced during the course of the eighth to the twelfth “transformation sub-steps” will be

consumed in this “Divine Quinary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Four other defined quantities of the “divine formative energy” diluted of the fourth “Formative Divine Particle”, will still be present in this “Divine Quinary Equilibrium Zone”.

- A fifth defined quantity of the “divine formative energy” produced by the first “Formative Divine Particle” will also be transmitted to the “Divine Quinary Equilibrium Zone”, marking the end of the thirteenth “transformation sub-step” and the beginning of the fourteenth “transformation sub-step”.

מ
ר
ב
ש
ב
ר

Thus, the “divine electrical charge” of products that are available in this “Divine Quinary Equilibrium Zone” will decrease further and will be determined by the amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

From the beginning of the ninth “transformation sub-step” to the end of this thirteenth “transformation sub-step”, five defined quantities of products of the “divine work” accomplished by the first “Formative Divine Particle” will be produced, transmitted to this “Divine Quinary Equilibrium Zone”, and transformed in this “Divine Quinary Equilibrium Zone” by the products of the “divine work” accomplished by the three other “Formative Divine Particles”. This amount of “divine formative energy” diluted of the first “Formative Divine Particle”, that is, which is produced by the first “Formative Divine Particle”, transmitted and transformed in this “Divine Quinary Equilibrium Zone”, will be at its peak at the end of this thirteenth “transformation sub-step”.

From the beginning of the sixth “transformation sub-step” to the end of this thirteenth “transformation sub-step”, eight defined quantities of products of the “divine work” accomplished by the second “Formative Divine Particle” will be produced and transmitted to this “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Among these eight defined quantities of products of the “divine work” accomplished by the second “Formative Divine Particle”, five will be transformed in this “Divine Quinary Equilibrium Zone” by five proportions of the reagents of the “transformation step”, and five defined quantities of the “divine formative energy” diluted of the second “Formative Divine Particle” will be produced.

Among these five defined quantities of the “divine formative energy” diluted from the second “Formative Divine Particle”, three will be consumed in this “Divine Quinary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the four “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the end of this thirteenth “transformation sub-step” will also mark the end of entry of the products of the “divine work” accomplished by the second “Formative Divine Particle” in this “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

CHAPTER 038

THE THIRTEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP”
MODEL IN THE “DIVINE QUINARY CONFIGURATION” OF ONE “GENERATIVE DIVINE
PARTICLE” AND FOUR “FORMATIVE DIVINE PARTICLES”

CHAPTER 039

THE FOURTEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE QUINARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND FOUR “FORMATIVE DIVINE PARTICLES”

This end of entry of the products of the second “Formative Divine Particle” in this “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” also marks the beginning of the fourteenth “transformation sub-step”.

From this beginning of the fourteenth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A third defined quantity of the “divine formative energy” diluted of the third “Formative Divine Particle” that was produced during the course of the seventh to the eleventh “transformation sub-steps” will be consumed in this “Divine Quinary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Two other defined quantities of the “divine formative energy” diluted of the third “Formative Divine Particle”, will still be present in this “Divine Quinary Equilibrium Zone”.
- A second defined quantity of the “divine formative energy” diluted of the fourth “Formative Divine Particle” that was produced during the course of the eighth to the twelfth “transformation sub-steps” will be consumed in this “Divine Quinary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Three other defined quantities of the “divine formative energy” diluted

- A first defined quantity of the “divine formative energy” diluted of the first “Formative Divine Particle” that was produced during the course of the ninth to the thirteenth “transformation sub-steps” will be consumed in this “Divine Quinary Equilibrium Zone”. Four other defined quantities of the “divine formative energy” diluted of the first “Formative Divine Particle”, will still be present in this “Divine Quinary Equilibrium Zone”, marking the end of the fourteenth “transformation sub-step” and the beginning of the fifteenth “transformation sub-step”.

From the beginning of the seventh “transformation sub-step” to the end of this fourteenth “transformation sub-step”, eight defined quantities of products of the “divine work” accomplished by the third “Formative Divine Particle” will be produced and transmitted to this “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Among these five defined quantities of the “divine formative energy” diluted from the third “Formative Divine Particle”, three will be consumed in this “Divine Quinary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the four “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the end of this fourteenth “transformation sub-step” will also mark the end of entry of the “divine work” accomplished by the products of the third “Formative Divine Particle” in this

“Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

CHAPTER 039
THE FOURTEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP”
MODEL IN THE “DIVINE QUINARY CONFIGURATION” OF ONE “GENERATIVE DIVINE
PARTICLE” AND FOUR “FORMATIVE DIVINE PARTICLES”

CHAPTER 040

THE FIFTEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE QUINARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND FOUR “FORMATIVE DIVINE PARTICLES”

This end of entry of the products of the “divine work” accomplished by the third “Formative Divine Particle” in this “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” also marks the beginning of the fifteenth “transformation sub-step”.

From this beginning of the fifteenth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A third defined quantity of the “divine formative energy” diluted of the fourth “Formative Divine Particle” that was produced during the course of the eighth to the twelfth “transformation sub-steps” will be consumed in this “Divine Quinary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Two other defined quantities of the “divine formative energy” diluted of the fourth “Formative Divine Particle”, will still be present in this “Divine Quinary Equilibrium Zone”.
- A second defined quantity of the “divine formative energy” diluted of the first “Formative Divine Particle” that was produced during the course of the ninth to the thirteenth “transformation sub-steps” will be consumed in this “Divine Quinary Equilibrium Zone”. Three other defined quantities of the “divine formative energy” diluted of the first “Formative Divine Particle”, will still be present in this “Divine Quinary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Quinary Equilibrium Zone” will increase further, but it will still be determined by the amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” decreases.

From the beginning of the eighth “transformation sub-step” to the end of this fifteenth “transformation sub-step”, eight defined quantities of products of the “divine work” accomplished by the fourth “Formative Divine Particle” will be produced and transmitted to this “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

מ
י
ר
י
ב

Among these eight defined quantities of products of the “divine work” accomplished by the fourth “Formative Divine Particle”, five will be transformed in this “Divine Quinary Equilibrium Zone” by five proportions of the reagents of the “transformation step”, and five defined quantities of the “divine formative energy” diluted of the fourth “Formative Divine Particle” will be produced.

ב
י
ר
י
ב

Among these five defined quantities of the “divine formative energy” diluted from the fourth “Formative Divine Particle”, three will be consumed in this “Divine Quinary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”.

ב
י
ר
י
ב

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the five “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the end of this fifteenth “transformation sub-step” will also mark the end of entry of the products of the “divine work” accomplished by the fourth “Formative Divine Particle” in this “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

CHAPTER 041

THE SIXTEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE QUINARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND FOUR “FORMATIVE DIVINE PARTICLES”

This end of entry of the products of the “divine work” accomplished by the fourth “Formative Divine Particle” in this “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” also marks the beginning of the sixteenth “transformation sub-step”.

From this beginning of the sixteenth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A third defined quantity of the “divine formative energy” diluted of the first “Formative Divine Particle” that was produced during the course of the ninth to the thirteenth “transformation sub-steps” will be consumed in this “Divine Quinary Equilibrium Zone”. Two other defined quantities of the “divine formative energy” diluted of the first “Formative Divine Particle”, will still be present in this “Divine Quinary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Quinary Equilibrium Zone” will increase further, but it will still be determined by the amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” decreases.

From the beginning of the ninth “transformation sub-step” to the end of this sixteenth “transformation sub-step”, eight defined quantities of products of the

“divine work” accomplished by the first “Formative Divine Particle” will be produced and transmitted to this “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Among these eight defined quantities of products of the “divine work” accomplished by the first “Formative Divine Particle”, five will be transformed in this “Divine Quinary Equilibrium Zone” by five proportions of the reagents of the “transformation step”, and five defined quantities of the “divine formative energy” diluted of the first “Formative Divine Particle” will be produced.

Among these five defined quantities of the “divine formative energy” diluted from the first “Formative Divine Particle”, three will be consumed in this “Divine Quinary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the four “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the end of this sixteenth “transformation sub-step” will also mark the end of entry of the products of the “divine work” accomplished by the first “Formative Divine Particle” in this “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This end of entry of the products of the “divine work” accomplished by first “Formative Divine Particle” in this “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” also marks the end of the “transformation step” of the products of the “divine work” accomplished by the “Generative Divine Particle” by the reagents of the “transformation step” in the “Divine Quinary Configuration” of five “Divine Particles”.

Thus, in the “Divine Quinary Configuration” of five “Divine Particles”, a “transformation step” of the products of the “divine work” accomplished by the “Generative Divine Particle” by the reagents of the “transformation step” will come to its end and keep the stability of the proportion of the products of the “divine work” accomplished by the four “Formative Divine Particles” in this “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

At the end of this “transformation step”, the following will be present in the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”:

- A “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”. Both defined quantities of the “divine formative energy” diluted of the first “Formative Divine Particle” that are still present in this “Divine Quinary Equilibrium Zone” constitute this “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
- A “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”. Both defined quantities of the “divine formative energy” diluted of the second “Formative Divine Particle” that are still present in this “Divine Quinary Equilibrium Zone” constitute this “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
- A “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”. Both defined quantities of the “divine formative energy” diluted of the third “Formative Divine Particle” that are still present in this “Divine Quinary Equilibrium Zone” constitute this “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.
- A “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”. Both defined quantities of the “divine formative energy” diluted of the fourth “Formative Divine Particle” that are still present in this “Divine Quinary Equilibrium Zone” constitute this “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.

In this “Divine Quinary Configuration” of one “Generative Divine Particle” and four “Formative Divine Particles”, the time span common to the “primary transformation”, to the “secondary transformation”, to the “tertiary transformation”, to the “quaternary transformation”, and to the “‘end of cycle’ transformation” is less than the time span common to the “primary transformation”, to the “secondary transformation”, to the “tertiary transformation”, and to the “‘end of cycle’ transformation”, on any stable “Divine Quaternary Configuration” of one “Generative Divine Particle” and three “Formative Divine Particles”.

יצירה ואספר

CHAPTER 041

THE SIXTEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL
IN THE “DIVINE QUINARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND
FOUR “FORMATIVE DIVINE PARTICLES”

CHAPTER 042

Thus, depending upon the orientation of the “specific axis” of the movement of the “Generative Divine Particle” and following the orientation of the “specific axis” of the first movement of each of the five “Formative Divine Particles”, a part of the “Divine Quinary Equilibrium Zone”, which is associated with the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will also contain a proportion of the products of the “divine work” accomplished by the fifth “Formative Divine Particle”. And it will define as such an infinitely small sixth volume of space in this “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” is smaller than the “Divine

Quinary Equilibrium Zone” of the same first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, contains at any time, products of the “divine work” accomplished by the first, second, third, and fourth “Formative Divine Particle”. It will also contain at any time, depending upon the “Movement of Formative Divine Particle”, a proportion of the products of the “divine work” accomplished by the “Generative Divine Particle”. It will also contain, depending upon the “Movement of Formative Divine Particle”, a proportion of the products of the “divine work” accomplished by the fifth “Formative Divine Particle”.

The products of the “divine work” accomplished by the “Generative Divine Particle” and the products of the “divine work” accomplished by each of the five “Formative Divine Particles” will not enter at the same time in the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

The products of the “divine work” accomplished by the “Generative Divine Particle”, will enter first, and during a first time interval.

At the end of this first time interval, the products of the “divine work” accomplished by the second “Formative Divine Particle” will then, enter, and during a second time interval.

At the end of this second time interval, the products of the “divine work” accomplished by the third “Formative Divine Particle” will then, enter, and during a third time interval.

At the end of this third time interval, the products of the “divine work” accomplished by the fourth “Formative Divine Particle” will then, enter, and during a fourth time interval.

At the end of this fourth time interval, the products of the “divine work” accomplished by the fifth “Formative Divine Particle” will then, enter, and during a fifth time interval.

At the end of this fifth time interval, the products of the “divine work” accomplished by the first “Formative Divine Particle” will then, enter, and during a sixth time interval.

A “Divine Senary Configuration” of one “Generative Divine Particle” and five “Formative Divine Particles” is defined by:

1. The orientation of the “specific axis” of the movement of the “Generative Divine Particle”;
2. The orientation of the “specific axis” of the first movement of each of the five “Formative Divine Particles”; and
3. The “specific volume” defined by the considered “Divine Senary Equilibrium Zone” with respect to the “Generative Divine Particle”.

A “Divine Senary Configuration” of one “Generative Divine Particle” and five “Formative Divine Particles” thus contains some of the “Divine Quinary Configurations” of the “Generative Divine Particle” and of each four (chosen among the five) “Formative Divine Particles” constituent of this “Divine Senary Configuration”.

Each of these “Divine Quinary Configurations” considered in this “Divine Senary Configuration”, in turn contains some of the “Divine Quaternary Configurations” of the “Generative Divine Particle” and of each three (chosen among the five) “Formative Divine Particles” constituent of this “Divine Senary Configuration”.

Each of these “Divine Quaternary Configurations” considered in each of these previous “Divine Quinary Configurations”, in turn contains some of the “Divine Tertiary Configurations” of the “Generative Divine Particle” and of each two (chosen among the five) “Formative Divine Particles” constituent of this “Divine Senary Configuration”. Here, these previous “Divine Quinary Configurations” are themselves considered in this “Divine Senary Configuration”; these are nested relationships.

Each of these “Divine Tertiary Configurations” considered in each of these previous “Divine Quaternary Configurations”, in turn contains some of the “Divine Secondary Configurations” of the “Generative Divine Particle” and each “Formative Divine Particle” constituent of this “Divine Senary Configuration”. Here, these previous “Divine Quaternary Configurations” are themselves considered in each of these previous “Divine Quinary Configurations”, themselves considered in this “Divine Senary Configuration”; these are nested relationships.

Each of these “Divine Secondary Configurations” of the “Generative Divine Particle” and each “Formative Divine Particle” constituent of this “Divine Senary Configuration”, considered in each of these previous “Divine Tertiary Configurations”, in turn contains some of the “Divine Primary Configurations” that are associated with the “Generative Divine Particle” and also with the “Formative Divine Particle”, considered. Here, these previous “Divine Tertiary Configurations” are themselves considered in each of these previous “Divine

Quaternary Configurations”, themselves considered in each of these previous “Divine Quinary Configurations”, themselves considered in this “Divine Senary Configuration”; these are nested relationships.

The complexity of the “Divine Senary Configuration” of one “Generative Divine Particle” and five “Formative Divine Particles” is higher than those of the “Divine Quinary Configurations” that are contained in this “Divine Senary Configuration”. Furthermore, the execution of the “movement” of this “Divine Senary Configuration” is the result of the perfect synchronisation of the “Movement of Formative Divine Particle” of each of the five “Formative Divine Particles” between them, and each “Movement of Formative Divine Particle” synchronized with the movement of the “Generative Divine Particle”. This “movement” of this “Divine Senary Configuration” is the coordinated action of the “Generative Divine Particle” and the five “Formative Divine Particles”, thus acting in concert, and which will produce a total effect in this “Divine Senary Configuration”, a total “sensation”, emanating from the “Divine Senary Equilibrium Zones” of its “Formative Divine Particles” with respect to the “Generative Divine Particle”, that will be greater than the sum of effects provided by the individual “Divine Particles” constituent of this “Divine Senary Configuration”. All these individual and “combined” effects, all these “sensations”, in all their details, “THE DIVINE ARCHITECT AND PROJECT MASTER” has measured and has recorded them.

In His own “Days”, based on the designs of “THE DIVINE ARCHITECT AND PROJECT MASTER”, “THE DIVINE FORCE” had found that: following the “Divine Senary Configuration” of one “Generative Divine Particle” and five “Formative Divine Particles”, the “sensations” felt in the “Divine Senary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle” are different and more or less pleasant than those felt in all the “Divine Quinary Equilibrium Zones” of all the “Formative Divine Particles” constituent of this “Divine Senary Equilibrium Zone”.

Thus, following the “Divine Senary Configuration” of one “Generative Divine Particle” and five “Formative Divine Particles”, the proportions of the products of the “divine work” accomplished by the “Generative Divine Particle”, as well as the proportions of the products of the “divine work” accomplished by the fifth “Formative Divine Particle”, and which will enter the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” may be stable or else unstable.

They will be stable when they will take place in a predictable way, at regular time intervals and with the same proportions of products of the “divine work”

accomplished by the “Generative Divine Particle” as well as the same proportion of the products of the “divine work” accomplished by the fifth “Formative Divine Particle”, otherwise they will be unstable; that is, they will take place in random and unpredictable way.

Stable proportions are obtained from the intersecting points that are defined by the intersection of the direction of the orientation of the “specific axis” of the movement of the “Generative Divine Particle” with those of the orientations of the “specific axis” of the first movement of each of the five “Formative Divine Particles”, and by synchronizing the movement of the “Generative Divine Particle” with the “Movement of Formative Divine Particle” of each of the five “Formative Divine Particles”.

As such, for a fifth “Formative Divine Particle” placed in a fixed location in the proximity of a “Divine Quinary Configuration”, based on the designs of “THE DIVINE ARCHITECT AND PROJECT MASTER”, “THE DIVINE FORCE” has perfectly synchronized the “Movement of Formative Divine Particle” of each of the five “Formative Divine Particles” between them.

HE has also perfectly synchronized the “Movement of Formative Divine Particle” of each of the five “Formative Divine Particles” with the movement of the “Generative Divine Particle”, with respect to the intersecting point of the “specific axis” of the movement of the “Generative Divine Particle” and the “specific axis” of the first movement of each of the five “Formative Divine Particles”.

Through the perfect synchronization of the movement of the “Generative Divine Particle” and the movement of each of the five “Formative Divine Particles”, the movement of each of the “Formative Divine Particles” is driven by the movement of the “Generative Divine Particle”.

Thus, for the first “Formative Divine Particle”, with the passage of time and through the perfect synchronization of the movement of each of the five “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, a complete flow path of the “Generative Divine Particle” will create and delineate an infinitely small “Divine Senary Equilibrium Space” which is swept by the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”. It is the “Divine Senary Equilibrium Space” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This “Divine Senary Equilibrium Space” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” is also contained in the “Divine

Quinary Equilibrium Space” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

So, with this displacement of the position of the intersecting point of the “specific axis” of the movement of the “Generative Divine Particle” and the five “specific axis” of the first movements of the five “Formative Divine Particles”, the proportions of the products of the “divine work” accomplished by the “Generative Divine Particle” as well as the proportions of the products of the “divine work” accomplished by the five “Formative Divine Particles” and which will enter the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, will be stable or unstable due to the addition of the fifth “Formative Divine Particle” in the originally chosen “Divine Quinary Configuration”.

They will be stable when they will take place in a predictable way, at regular time intervals, and with the same proportions of products of the “divine work” accomplished by the “Generative Divine Particle”, otherwise they will be unstable; that is, they will take place in random and unpredictable way.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has established all the intersecting point positions that provide stable “Divine Senary Equilibrium Zones”, “Divine Quinary Equilibrium Zones”, “Divine Quaternary Equilibrium Zones”, “Divine Tertiary Equilibrium Zones”, and “Divine Secondary Equilibrium Zones” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Within these equilibrium zones, the proportions of the products of the “divine work” accomplished by the “Generative Divine Particle” as well as the proportions of the products of the “divine work” accomplished by the second, the third, the fourth, and the fifth “Formative Divine Particle” and which will enter each of these five equilibrium zones will be always stable.

In addition, the “sensations” felt within such stable “Divine Senary Equilibrium Zones” will be more pleasant than those felt in all the “Divine Quinary Equilibrium Zones” of all the “Formative Divine Particles” constituent of these “Divine Senary Equilibrium Zones”. The “processed divine energy” contained in such stable “Divine Senary Equilibrium Zones” is also more refined than the “processed divine energy” contained in the stable “Divine Quinary Equilibrium Zones” and as a result of the synergy — the coordinated action of the established movements of the constituent “divine particles”, applied on the “divine work” performed by the “Generative Divine Particle” and the five “Formative Divine

Particles”, and which contributes to produce a total effect that is greater than the sum of separate effects of each of these six “divine particles” — defined in such stable “Divine Senary Equilibrium Zones”.

The order in which “THE DIVINE ARCHITECT AND PROJECT MASTER” chose the five “Formative Divine Particles” is important in determining these positions of the intersecting point, which provide the stability of each of these five equilibrium zones of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

If the order in which “THE DIVINE ARCHITECT AND PROJECT MASTER” chose the five “Formative Divine Particles” is changed, then, the positions of the intersecting point will not be the same as those that provide the stability of each of these five equilibrium zones of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

As a consequence, the stability of each of these five equilibrium zones of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will be affected. Therefore, the proportions of the products of the “divine work” accomplished by the “Generative Divine Particle” as well as the products of the “divine work” accomplished by the five “Formative Divine Particles”, and which will enter the “Divine Senary Equilibrium Zone” will fluctuate.

These different positions of the intersecting point, which provides stability, are the “senary intersecting points” of the “specific axis” of the movement of the “Generative Divine Particle” and five “specific axes” of the first movements of the five “Formative Divine Particles”. These “senary intersecting points” coincide with other “quinary intersecting points”, but they are fewer in number than the “quinary intersecting points”, although they still remain many and diametrically opposite each other with respect to the centre of the “Generative Divine Particle”.

On these “senary intersecting points”, the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” is contained at any time in the “Divine Quinary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

On each of these “senary intersecting points” is associated a “Divine Senary Configuration” of one “Generative Divine Particle” and five “Formative Divine Particles”. On the “Divine Senary Configuration” of one “Generative Divine Particle” and five “Formative Divine Particles”, the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” contains at any time, products of the “divine work” accomplished

by this first “Formative Divine Particle” and it will contain at any time stable proportions of products of the “divine work” accomplished by the “Generative Divine Particle” and also by the other four “Formative Divine Particles”.

The first “Formative Divine Particle” will produce a “primary unit” measurement of the products of its “divine work”, from a defined “primary quantity” of the products of the “divine work” accomplished by the “Generative Divine Particle” that this first “Formative Divine Particle” receives. A proportion of this “primary unit” will enter the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”: we shall call it the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.

Similarly, the second “Formative Divine Particle” will produce a “secondary unit” measurement of the products of its “divine work”, from a defined “secondary quantity” of the products of the “divine work” accomplished by the “Generative Divine Particle” that this second “Formative Divine Particle” receives. A proportion of this “secondary unit” will enter the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”: we shall call it the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.

Similarly, the third “Formative Divine Particle” will produce a “tertiary unit” measurement of the products of its “divine work”, from a defined “tertiary quantity” of the products of the “divine work” accomplished by the “Generative Divine Particle” that this third “Formative Divine Particle” receives. A proportion of this “tertiary unit” will enter the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”: we shall call it the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.

Similarly, the fourth “Formative Divine Particle” will produce a “quaternary unit” measurement of the products of its “divine work”, from a defined “quaternary quantity” of the products of the “divine work” accomplished by the “Generative Divine Particle” that this fourth “Formative Divine Particle” receives. A proportion of this “quaternary unit” will enter the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”: we shall call it the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.

Similarly, the fifth “Formative Divine Particle” will produce a “quinary unit” measurement of the products of its “divine work”, from a defined “quinary quantity” of the products of the “divine work” accomplished by the “Generative Divine Particle” that this fifth “Formative Divine Particle” receives. A proportion of this “quinary unit” will enter the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”: we shall call it the “quinary proportion” of the “quinary unit” of products of the “divine work” accomplished by the fifth “Formative Divine Particle”.

The stability of the proportion of the products of the “divine work” accomplished by the “Generative Divine Particle” with respect to the proportions of the products of the “divine work” accomplished by the five “Formative Divine Particles” is obtained when, within this “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, the proportion of products of the “divine work” accomplished by each of the five “Formative Divine Particles” does not exceed the prescribed limit of proportion.

This prescribed limit of proportion in the stable “Divine Senary Configuration” also ensures the stability of the “Divine Quinary Configurations” which are associated with each four (chosen among the five) “Formative Divine Particles” constituent of this “Divine Senary Configuration”.

In these “Divine Quinary Configurations” considered, this prescribed limit of proportion also ensures the stability of the “Divine Quaternary Configurations” that are associated with each three (chosen among the five) “Formative Divine Particles” constituent of this “Divine Senary Configuration”.

In these “Divine Quaternary Configurations” considered, this prescribed limit of proportion also ensures the stability of the “Divine Tertiary Configurations” that are associated with each two (chosen among the five) “Formative Divine Particles” constituent of this “Divine Senary Configuration”.

In these “Divine Tertiary Configurations” considered, this prescribed limit of proportion also ensures the stability of “Divine Secondary Configurations” and which are associated with each “Formative Divine Particle” constituent of this “Divine Senary Configuration”.

In these “Divine Secondary Configurations” considered, this prescribed limit of proportion also ensures the stability of the “Divine Primary Configurations” considered and which are associated with the “Generative Divine Particle” and also each of the five “Formative Divine Particles” constituent of this “Divine Senary Configuration”.

For the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”:

1. The “primary limit of proportion” defined for the first “Formative Divine Particle”, is six times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
2. The “secondary limit of proportion” defined for the second “Formative Divine Particle”, is six times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
3. The “tertiary limit of proportion” defined for the third “Formative Divine Particle”, is six times the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.
4. The “quaternary limit of proportion” defined for the fourth “Formative Divine Particle”, is six times the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.
5. The “quinary limit of proportion” defined for the fifth “Formative Divine Particle”, is six times the “quinary proportion” of the “quinary unit” of products of the “divine work” accomplished by the fifth “Formative Divine Particle”.

With the passage of time, the “Generative Divine Particle” will perform its “divine work” and transmit the products of this “divine work” to the first “Formative Divine Particle” as well as to the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” through synchronization of the movements.

It is so that, the first “Formative Divine Particle” will also perform its “divine work” and transmit the products of this “divine work” to the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”. Similarly, the four other “Formative Divine Particles” will also perform their “divine work” and transmit the products of these “divine work” to the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Thus, with the passage of time and the movement of the “Generative Divine Particle”, stable proportions of products of the “divine work” accomplished by these six “Divine Particles” will accumulate and increase in the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, until the proportion of products of the “divine work” accomplished by the first “Formative Divine Particle” reaches the “primary limit of proportion” which is six times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.

At attainment of this “primary limit of proportion”, the set constituted by six times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle” will be called the senane of products of the “divine work” accomplished by the first “Formative Divine Particle”. All the core particulars that are present in this senane of products of the “divine work” accomplished by the first “Formative Divine Particle” are in their first phase of existence.

At attainment of this “primary limit of proportion”:

- The proportion of products of the “divine work” accomplished by the second “Formative Divine Particle” and transmitted to the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will be equal to five times the “secondary proportion” of “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
- The proportion of products of the “divine work” accomplished by the third “Formative Divine Particle” and transmitted to the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will be equal to four times the “tertiary proportion” of “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.
- The proportion of products of the “divine work” accomplished by the fourth “Formative Divine Particle” and transmitted to the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will be equal to three times the “quaternary proportion” of “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.
- The proportion of products of the “divine work” accomplished by the fifth “Formative Divine Particle” and transmitted to the “Divine Senary

Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will be equal to two times the “quinary proportion” of “quinary unit” of products of the “divine work” accomplished by the fifth “Formative Divine Particle”.

Therefore, at attainment of this “primary limit of proportion” which is six times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”, the transformation of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the first “Formative Divine Particle” will take place in order to maintain the stability of the proportions of products of the “divine work” accomplished by these six “Divine Particles” within the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This first transformation is the “primary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the first “Formative Divine Particle”. The six times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle” will be the reagents; that is, the products that will be consumed during the transformation, in this “primary transformation”.

At the end of this “primary transformation”, some core particulars of the senane of products of the “divine work” accomplished by the first “Formative Divine Particle” have been transmitted and will be present in reduced amount in their second phase of existence in the products of the “primary transformation”.

At the end of this “primary transformation”, this “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it:

- Six times a unit of measurement of products of “transformation sub-steps”, which will be produced during this “primary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the first “Formative Divine Particle”.
- Six times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.

- Five times the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.
- Four times the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.
- Three times the “quinary proportion” of the “quinary unit” of products of the “divine work” accomplished by the fifth “Formative Divine Particle”.
- One time the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.

And so, a new transformation, that of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “primary transformation” and also by the products of the “divine work” accomplished by the second “Formative Divine Particle” will immediately take place within the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This new transformation will take place in order to remove these products of the “primary transformation” from the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” and also to maintain the stability of the proportions of products of the “divine work” accomplished by these five “Formative Divine Particles”.

This new transformation is the “secondary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “primary transformation” and also by the products of the “divine work” accomplished by the second “Formative Divine Particle”.

In this “secondary transformation”, the six times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”, as well as the six times the products of the “primary transformation” will be reagents; that is, the products that will be consumed during the transformation, in this “secondary transformation”.

At the end of this “secondary transformation”, some core particulars of the senane of products of the “divine work” accomplished by the first “Formative Divine Particle”, in their second phase of existence, have been transmitted and will be

present in reduced amount in their third phase of existence in the products of the “secondary transformation”.

At the end of this “secondary transformation”, this “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it:

- Six times a unit of measurement of products of “transformation sub-steps”, which will be produced during this “secondary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “primary transformation” and also by the products of the “divine work” accomplished by the second “Formative Divine Particle”.
- Six times the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.
- Five times the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.
- Four times the “quinary proportion” of the “quinary unit” of products of the “divine work” accomplished by the fifth “Formative Divine Particle”.
- Two times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
- One time the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.

And so, a new transformation, that of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “secondary transformation” and also by the products of the “divine work” accomplished by the third “Formative Divine Particle” will immediately take place within the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This new transformation will take place in order to remove these products of the “secondary transformation” from the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”

and also to maintain the stability of the proportions of products of the “divine work” accomplished by these five “Formative Divine Particles”.

This new transformation is the “tertiary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “secondary transformation” and also by the products of the “divine work” accomplished by the third “Formative Divine Particle”.

In this “tertiary transformation”, the six times the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”, as well as the six times the products of the “secondary transformation” will be reagents; that is, the products that will be consumed during the transformation, in this “tertiary transformation”.

At the end of this “tertiary transformation”, some core particulars of the senane of products of the “divine work” accomplished by the first “Formative Divine Particle”, in their third phase of existence, have been transmitted and will be present in reduced amount in their fourth phase of existence in the products of the “tertiary transformation”.

At the end of this “tertiary transformation”, this “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it:

- Six times a unit of measurement of products of “transformation sub-steps”, which will be produced during this “tertiary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “secondary transformation” and also by the products of the “divine work” accomplished by the third “Formative Divine Particle”.
- Six times the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.
- Five times the “quinary proportion” of the “quinary unit” of products of the “divine work” accomplished by the fifth “Formative Divine Particle”.
- Three times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.

- Two times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
- One time the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.

And so, a new transformation, that of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “tertiary transformation” and also by the products of the “divine work” accomplished by the fourth “Formative Divine Particle” will immediately take place within the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This new transformation will take place in order to remove these products of the “tertiary transformation” from the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” and also to maintain the stability of the proportions of products of the “divine work” accomplished by these five “Formative Divine Particles”.

This new transformation is the “quaternary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “tertiary transformation” and also by the products of the “divine work” accomplished by the fourth “Formative Divine Particle”.

In this “quaternary transformation”, the six times the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”, as well as the six times the products of the “tertiary transformation” will be reagents; that is, the products that will be consumed during the transformation, in this “quaternary transformation”.

At the end of this “quaternary transformation”, some core particulars of the senary of products of the “divine work” accomplished by the first “Formative Divine Particle”, in their fourth phase of existence, have been transmitted and will be present in reduced amount in their fifth phase of existence in the products of the “quaternary transformation”.

At the end of this “quaternary transformation”, this “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it:

- Six times a unit of measurement of products of “transformation sub-steps”, which will be produced during this “quaternary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “tertiary transformation” and also by the products of the “divine work” accomplished by the fourth “Formative Divine Particle”.
- Six times the “quinary proportion” of the “quinary unit” of products of the “divine work” accomplished by the fifth “Formative Divine Particle”.
- Four times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
- Three times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
- Two times the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.
- One time the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.

And so, a new transformation, that of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “quaternary transformation” and also by the products of the “divine work” accomplished by the fifth “Formative Divine Particle” will immediately take place within the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This new transformation will take place in order to remove these products of the “quaternary transformation” from the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” and also to maintain the stability of the proportions of products of the “divine work” accomplished by these five “Formative Divine Particles”.

This new transformation is the “quinary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products

of the “quaternary transformation” and also by the products of the “divine work” accomplished by the fifth “Formative Divine Particle”.

In this “quinary transformation”, the six times the “quinary proportion” of the “quinary unit” of products of the “divine work” accomplished by the fifth “Formative Divine Particle”, as well as the six times the products of the “quaternary transformation” will be reagents; that is, the products that will be consumed during the transformation, in this “quinary transformation”.

At the end of this “quinary transformation”, some core particulars of the senane of products of the “divine work” accomplished by the first “Formative Divine Particle”, in their fifth phase of existence, have been transmitted and will be present in reduced amount in their sixth phase of existence in the products of the “quinary transformation”.

At the end of this “quinary transformation”, this “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it:

- Six times a unit of measurement of products of “transformation sub-steps”, which will be produced during this “quinary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “quaternary transformation” and also by the products of the “divine work” accomplished by the fifth “Formative Divine Particle”.
- Five times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
- Four times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
- Three times the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.
- Two times the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.
- One time the “quinary proportion” of the “quinary unit” of products of the “divine work” accomplished by the fifth “Formative Divine Particle”.

And so, a new transformation, that of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “quinary transformation” will immediately take place within the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This new transformation will take place in order to remove these products of the “quinary transformation” from the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” and also to maintain the stability of the proportions of products of the “divine work” accomplished by these five “Formative Divine Particles”. This new transformation is the “‘end of cycle’ transformation”.

In this “‘end of cycle’ transformation”, the six times the products of the “quinary transformation” will be reagents; that is, the products that will be consumed during the transformation, in this “‘end of cycle’ transformation”.

The core particulars of the senane of products of the “divine work” accomplished by the first “Formative Divine Particle”, in their sixth phase of existence, will be reduced to zero (nullified) in the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, to give place to the core particulars of the new senane of products of the “divine work” accomplished by the first “Formative Divine Particle”, and restore the stability of the proportion of the products of the “divine work” accomplished by the “Generative Divine Particle” with respect to the proportions of products of the “divine work” accomplished by the five “Formative Divine Particles” within the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

At the end of this “‘end of cycle’ transformation”, this “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it:

- Six times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
- Five times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
- Four times the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.

- Three times the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.
- Two times the “quinary proportion” of the “quinary unit” of products of the “divine work” accomplished by the fifth “Formative Divine Particle”.

The products of the “‘end of cycle’ transformation” will be transmitted to the external and immediate environment around the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”. These products of this “‘end of cycle’ transformation” are the one that contribute to the “STATES OF EQUILIBRIUM”, the “STATES OF HARMONY”, of “THE DIVINE” and of His “Electrical Charge” throughout all regions of His unlimited “BEING”.

That is how the “‘end of cycle’ transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the five “Formative Divine Particles” will come to an end and keep the stability of the proportion of products of the “divine work” accomplished by the five “Formative Divine Particles” within this “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

At the end of this “‘end of cycle’ transformation”, the proportion of products of the “divine work” accomplished by the first “Formative Divine Particle” will again reach the “primary limit of proportion” that is six times the “primary proportion” of the “primary unity” of products of the “divine work” accomplished by the first “Formative Divine Particle”. Therefore, this transformation cycle will resume within this “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

On each “Divine Senary Configuration” of one “Generative Divine Particle” and five “Formative Divine Particles”, the “primary transformation”, the “secondary transformation”, the “tertiary transformation”, the “quaternary transformation”, the “quinary transformation”, and the “‘end of cycle’ transformation” follow a unique and same model of the “transformation step” of the products of the “divine work” accomplished by the “Generative Divine Particle” by the reagents of the “transformation step”; that is, by the products characteristic of the “transformation step” considered and which will be consumed during the

“transformation step”. This unique and same model of the “transformation step” consists of twenty “transformation sub-steps”.

CHAPTER 043

THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND FIVE “FORMATIVE DIVINE PARTICLES”

The model of the “transformation step” in the “Divine Senary Configuration” of one “Generative Divine Particle” and five “Formative Divine Particles” consists of twenty “transformation sub-steps”.

As the products of the “divine work” accomplished by the “Generative Divine Particle” enter the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, they are continuously transformed by the reagents of the “transformation step” while these reagents of the “transformation step” last.

A unit of measurement of products of the “divine work” accomplished by the “Generative Divine Particle” that enters this “Divine Senary Equilibrium Zone” is transformed by a unit of the reagents of the “transformation step”, and a unit of measurement of the “divine generative energy” diluted is produced.

This unit of measurement of the “divine generative energy” diluted, which is produced, will increase the “divine electrical charge” of the products contained in this “Divine Senary Equilibrium Zone”.

As a consequence, the “divine electrical charge” of products that are available in this “Divine Senary Equilibrium Zone” will increase as the amount of the “divine generative energy” diluted and available in this “Divine Senary Equilibrium Zone” increases.

יצירה לספר

CHAPTER 044

THE FIRST SIX “TRANSFORMATION SUB-STEPS” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND FIVE “FORMATIVE DIVINE PARTICLES”

It is always at the first “transformation sub-step” that the products of the “divine work” accomplished by the “Generative Divine Particle” start to continuously enter the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”. This entry marks the beginning of the “primary transformation”.

From this beginning of the first “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”, a first defined quantity of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Senary Equilibrium Zone” by a first proportion of the reagents of the “transformation step”, and a first defined quantity of the “divine generative energy” diluted, will be produced, thus marking the end of the first “transformation sub-step” and also the beginning of the second “transformation sub-step”.

From this beginning of the second “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”, a second defined quantity of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Senary Equilibrium Zone” by a second proportion of the reagents of the “transformation step”, and a second defined quantity of the “divine generative energy” diluted, will be produced, thus marking the end of the second “transformation sub-step” and also the beginning of the third “transformation sub-step”.

From this beginning of the third “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”, a third defined quantity of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Senary Equilibrium Zone” by a third proportion of the reagents of the “transformation step”, and a third defined quantity of the “divine generative energy” diluted, will be produced, thus marking the end of the third “transformation sub-step” and also the beginning of the fourth “transformation sub-step”.

From this beginning of the fourth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”, a fourth defined quantity of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Senary Equilibrium Zone” by a fourth proportion of the reagents of the “transformation step”, and a fourth defined quantity of the “divine generative energy” diluted, will be produced, thus marking the end of the fourth “transformation sub-step” and also the beginning of the fifth “transformation sub-step”.

From this beginning of the fifth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”, a fifth defined quantity of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Senary Equilibrium Zone” by a fifth proportion of the reagents of the “transformation step”, and a fifth defined quantity of the “divine generative energy” diluted, will be produced, thus marking the end of the fifth “transformation sub-step” and also the beginning of the sixth “transformation sub-step”.

From this beginning of the sixth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”, a sixth defined quantity of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Senary Equilibrium Zone” by a sixth proportion of the reagents of the “transformation step”, and a sixth defined quantity of the “divine generative energy” diluted, will be produced, thus marking the end of the sixth “transformation sub-step” and also the beginning of the seventh “transformation sub-step”.

From the beginning of the first “transformation sub-step” to the end of the sixth “transformation sub-step”, six defined quantities of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Senary Equilibrium Zone” by six proportions of the reagents of the

“transformation step”, and six defined quantities of the “divine generative energy” diluted, will be produced.

As a consequence, the “divine electrical charge” of products that are available in this “Divine Senary Equilibrium Zone” will be at its peak at the end of the sixth “transformation sub-step”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the five “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the products of the “divine work” accomplished by the second “Formative Divine Particle” will be at the entrance to the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

These products of the “divine work” accomplished by the second “Formative Divine Particle”, once they enter the “Divine Senary Equilibrium Zone”, they will also attenuate a defined amount of the “divine generative energy” diluted, which has been previously produced in this “Divine Senary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Senary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the second “Formative Divine Particle” increases.

CHAPTER 044

THE FIRST SIX “TRANSFORMATION SUB-STEPS” OF THE “TRANSFORMATION STEP” MODEL
IN THE “DIVINE SENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND
FIVE “FORMATIVE DIVINE PARTICLES”

CHAPTER 045

THE SEVENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND FIVE “FORMATIVE DIVINE PARTICLES”

The entry of products of the “divine work” accomplished by the second “Formative Divine Particle” in the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” marks the beginning of the seventh “transformation sub-step”.

From this beginning of the seventh “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A first defined quantity of the “divine generative energy” diluted, which was produced during the course of the first six “transformation sub-steps”, as well as the products of the “divine work” accomplished by the “Generative Divine Particle” that still continue to enter this “Divine Senary Equilibrium Zone”, will be attenuated in this “Divine Senary Equilibrium Zone” by the products of the “divine work” accomplished by the second “Formative Divine Particle”;
- A first defined quantity of the “divine formative energy” produced by the second “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”, marking the end of the seventh “transformation sub-step”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the five “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the products of the “divine

work” accomplished by the third “Formative Divine Particle” will be at the entrance to the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

In addition to the products of the “divine work” accomplished by the second “Formative Divine Particle”, the products of the “divine work” accomplished by the third “Formative Divine Particle”, once they enter the “Divine Senary Equilibrium Zone”, they will also attenuate a defined quantity of the “divine generative energy” diluted remaining in this “Divine Senary Equilibrium Zone”.

As a consequence, the “divine electrical charge” of products that are available in this “Divine Senary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the third “Formative Divine Particle” increases.

CHAPTER 046

THE EIGHTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND FIVE “FORMATIVE DIVINE PARTICLES”

The entry of products of the “divine work” accomplished by the third “Formative Divine Particle” in the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” marks the beginning of the eighth “transformation sub-step”.

From this beginning of the eighth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A second defined quantity of the “divine generative energy” diluted, which was produced during the course of the first six “transformation sub-steps”, as well as the products of the “divine work” accomplished by the “Generative Divine Particle” that still continue to enter this “Divine Senary Equilibrium Zone”, will be attenuated in this “Divine Senary Equilibrium Zone” by the products of the “divine work” accomplished by the second and by the third “Formative Divine Particles”;
- A second defined quantity of the “divine formative energy” produced by the second “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”;
- A first defined quantity of the “divine formative energy” produced by the third “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”, marking the end of the eighth “transformation sub-step”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the five “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the products of the “divine work” accomplished by the fourth “Formative Divine Particle” will be at the entrance to the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

In addition to the products of the “divine work” accomplished by the second “Formative Divine Particle”, and to the products of the “divine work” accomplished by the third “Formative Divine Particle”, the products of the “divine work” accomplished by the fourth “Formative Divine Particle”, once they enter the “Divine Senary Equilibrium Zone”, they will also attenuate a defined quantity of the “divine generative energy” diluted remaining in this “Divine Senary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Senary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the fourth “Formative Divine Particle” increases.

CHAPTER 047

THE NINTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND FIVE “FORMATIVE DIVINE PARTICLES”

The entry of products of the “divine work” accomplished by the fourth “Formative Divine Particle” in the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” marks the beginning of the ninth “transformation sub-step”.

From this beginning of the ninth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A third defined quantity of the “divine generative energy” diluted, which was produced during the course of the first six “transformation sub-steps”, as well as the products of the “divine work” accomplished by the “Generative Divine Particle” that still continue to enter this “Divine Senary Equilibrium Zone”, will be attenuated in this “Divine Senary Equilibrium Zone” by the products of the “divine work” accomplished by the second, by the third, and by the fourth “Formative Divine Particles”;
- A third defined quantity of the “divine formative energy” produced by the second “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”;
- A second defined quantity of the “divine formative energy” produced by the third “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”;

- A first defined quantity of the “divine formative energy” produced by the fourth “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”, marking the end of the ninth “transformation sub-step”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the five “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the products of the “divine work” accomplished by the fifth “Formative Divine Particle” will be at the entrance to the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

In addition to the products of the “divine work” accomplished by the second “Formative Divine Particle”, to the products of the “divine work” accomplished by the third “Formative Divine Particle”, and to the products of the “divine work” accomplished by the fourth “Formative Divine Particle”, the products of the “divine work” accomplished by the fifth “Formative Divine Particle”, once they enter the “Divine Senary Equilibrium Zone”, they will also attenuate a defined quantity of the “divine generative energy” diluted remaining in this “Divine Senary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Senary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the fifth “Formative Divine Particle” increases.

CHAPTER 048

THE TENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND FIVE “FORMATIVE DIVINE PARTICLES”

The entry of products of the “divine work” accomplished by the fifth “Formative Divine Particle” in the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” marks the beginning of the tenth “transformation sub-step”.

From this beginning of the tenth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A fourth defined quantity of the “divine generative energy” diluted, which was produced during the course of the first six “transformation sub-steps”, as well as the products of the “divine work” accomplished by the “Generative Divine Particle” that still continue to enter this “Divine Senary Equilibrium Zone”, will be attenuated in this “Divine Senary Equilibrium Zone” by the products of the “divine work” accomplished by the second, by the third, by the fourth, and by the fifth “Formative Divine Particles”;
- A fourth defined quantity of the “divine formative energy” produced by the second “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”;
- A third defined quantity of the “divine formative energy” produced by the third “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”;

- A second defined quantity of the “divine formative energy” produced by the fourth “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”;
- A first defined quantity of the “divine formative energy” produced by the fifth “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”, marking the end of the tenth “transformation sub-step”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the six “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the products of the “divine work” accomplished by the first “Formative Divine Particle” will be at the entrance to the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

In addition to the products of the “divine work” accomplished by the second “Formative Divine Particle”, to the products of the “divine work” accomplished by the third “Formative Divine Particle”, to the products of the “divine work” accomplished by the fourth “Formative Divine Particle”, and to the products of the “divine work” accomplished by the fifth “Formative Divine Particle”, the products of the “divine work” accomplished by the first “Formative Divine Particle”, once they enter the “Divine Senary Equilibrium Zone”, they will also attenuate a defined quantity of the “divine generative energy” diluted remaining in this “Divine Senary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Senary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

The entry of the products of the “divine work” accomplished by the first “Formative Divine Particle” in the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will mark the end of entry of the products of the “divine work” accomplished by the “Generative Divine Particle” in this “Divine Senary Equilibrium Zone”.

From the beginning of the first “transformation sub-step” to the end of the tenth “transformation sub-step”, ten defined quantities of products of the “divine work” accomplished by the “Generative Divine Particle”, will enter the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Among these ten defined quantities of products of the “divine work” accomplished by the “Generative Divine Particle”, six will be transformed in this “Divine Senary Equilibrium Zone” by six proportions of the reagents of the “transformation step”, and six defined quantities of the “divine generative energy” diluted, will be produced.

CHAPTER 048
THE TENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN
THE “DIVINE SENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND FIVE
“FORMATIVE DIVINE PARTICLES”

CHAPTER 049

THE ELEVENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND FIVE “FORMATIVE DIVINE PARTICLES”

The entry of products of the “divine work” accomplished by the first “Formative Divine Particle” in the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” marks the beginning of the eleventh “transformation sub-step”.

From this beginning of the eleventh “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A fifth defined quantity of the “divine generative energy” diluted, which was produced during the course of the first six “transformation sub-steps” will be attenuated in this “Divine Senary Equilibrium Zone” by the products of the “divine work” accomplished by the five “Formative Divine Particles”;
- A fifth defined quantity of the “divine formative energy” produced by the second “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”;
- A fourth defined quantity of the “divine formative energy” produced by the third “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”;
- A third defined quantity of the “divine formative energy” produced by the fourth “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”;

- A second defined quantity of the “divine formative energy” produced by the fifth “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”;
- A first defined quantity of the “divine formative energy” produced by the first “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”, marking the end of the eleventh “transformation sub-step” and the beginning of the twelfth “transformation sub-step”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the five “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the products of the “divine work” accomplished by the five “Formative Divine Particles” continue to enter continuously the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Thus, the “divine electrical charge” of products that are available in this “Divine Senary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

THE TWELFTH “TRANSFORMATION SUB-STEP” OF
THE “TRANSFORMATION STEP” MODEL IN THE
“DIVINE SENARY CONFIGURATION” OF ONE
“GENERATIVE DIVINE PARTICLE” AND FIVE
“FORMATIVE DIVINE PARTICLES”

名品

- The sixth and last remaining defined quantity of the “divine generative energy” diluted, which was produced during the course of the first six “transformation sub-steps” will be attenuated in this “Divine Senary Equilibrium Zone” by the products of the “divine work” accomplished by the five “Formative Divine Particles”;
- A sixth defined quantity of the “divine formative energy” produced by the second “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”;
- A fifth defined quantity of the “divine formative energy” produced by the third “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”;
- A fourth defined quantity of the “divine formative energy” produced by the fourth “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”;
- A third defined quantity of the “divine formative energy” produced by the fifth “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”;

- A second defined quantity of the “divine formative energy” produced by the first “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”, marking the end of the twelfth “transformation sub-step” and the beginning of the thirteenth “transformation sub-step”.

Thus, the “divine electrical charge” of products that are available in this “Divine Senary Equilibrium Zone” will decrease further and will be determined by the amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

CHAPTER 051

THE THIRTEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND FIVE “FORMATIVE DIVINE PARTICLES”

From this beginning of the thirteenth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A first defined quantity of the “divine formative energy” diluted of the second “Formative Divine Particle” that was produced during the course of the seventh to the twelfth “transformation sub-steps” will be consumed in this “Divine Senary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Five other defined quantities of the “divine formative energy” diluted of the second “Formative Divine Particle”, will still be present in this “Divine Senary Equilibrium Zone”.
- A sixth defined quantity of the “divine formative energy” produced by the third “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”;
- A fifth defined quantity of the “divine formative energy” produced by the fourth “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”;
- A fourth defined quantity of the “divine formative energy” produced by the fifth “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”;

- A third defined quantity of the “divine formative energy” produced by the first “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”, marking the end of the thirteenth “transformation sub-step” and the beginning of the fourteenth “transformation sub-step”.

Thus, the “divine electrical charge” of products that are available in this “Divine Senary Equilibrium Zone” will decrease further and will be determined by the amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

CHAPTER 052

THE FOURTEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND FIVE “FORMATIVE DIVINE PARTICLES”

From this beginning of the sixteenth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A second defined quantity of the “divine formative energy” diluted of the second “Formative Divine Particle” that was produced during the course of the seventh to the twelfth “transformation sub-steps” will be consumed in this “Divine Senary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Four other defined quantities of the “divine formative energy” diluted of the second “Formative Divine Particle”, will still be present in this “Divine Senary Equilibrium Zone”.
- A first defined quantity of the “divine formative energy” diluted of the third “Formative Divine Particle” that was produced during the course of the eighth to the thirteenth “transformation sub-steps” will be consumed in this “Divine Senary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Five other defined quantities of the “divine formative energy” diluted of the third “Formative Divine Particle”, will still be present in this “Divine Senary Equilibrium Zone”.
- A sixth defined quantity of the “divine formative energy” produced by the fourth “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”;

- A fifth defined quantity of the “divine formative energy” produced by the fifth “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”;
- A fourth defined quantity of the “divine formative energy” produced by the first “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”, marking the end of the fourteenth “transformation sub-step” and the beginning of the fifteenth “transformation sub-step”.

Thus, the “divine electrical charge” of products that are available in this “Divine Senary Equilibrium Zone” will decrease further and will be determined by the amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

CHAPTER 053

THE FIFTEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND FIVE “FORMATIVE DIVINE PARTICLES”

From this beginning of the fifteenth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A third defined quantity of the “divine formative energy” diluted of the second “Formative Divine Particle” that was produced during the course of the seventh to the twelfth “transformation sub-steps” will be consumed in this “Divine Senary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Three other defined quantities of the “divine formative energy” diluted of the second “Formative Divine Particle”, will still be present in this “Divine Senary Equilibrium Zone”.
- A second defined quantity of the “divine formative energy” diluted of the third “Formative Divine Particle” that was produced during the course of the eighth to the thirteenth “transformation sub-steps” will be consumed in this “Divine Senary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Four other defined quantities of the “divine formative energy” diluted of the third “Formative Divine Particle”, will still be present in this “Divine Senary Equilibrium Zone”.
- A first defined quantity of the “divine formative energy” diluted of the fourth “Formative Divine Particle” that was produced during the course of the ninth to the fourteenth “transformation sub-steps” will be

consumed in this “Divine Senary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Five other defined quantities of the “divine formative energy” diluted of the fourth “Formative Divine Particle”, will still be present in this “Divine Senary Equilibrium Zone”.

- A sixth defined quantity of the “divine formative energy” produced by the fifth “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”;
- A fifth defined quantity of the “divine formative energy” produced by the first “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”, marking the end of the fifteenth “transformation sub-step” and the beginning of the sixteenth “transformation sub-step”.

Thus, the “divine electrical charge” of products that are available in this “Divine Senary Equilibrium Zone” will decrease further and will be determined by the amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

CHAPTER 054

THE SIXTEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND FIVE “FORMATIVE DIVINE PARTICLES”

From this beginning of the sixteenth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A fourth defined quantity of the “divine formative energy” diluted of the second “Formative Divine Particle” that was produced during the course of the seventh to the twelfth “transformation sub-steps” will be consumed in this “Divine Senary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Two other defined quantities of the “divine formative energy” diluted of the second “Formative Divine Particle”, will still be present in this “Divine Senary Equilibrium Zone”.
- A third defined quantity of the “divine formative energy” diluted of the third “Formative Divine Particle” that was produced during the course of the eighth to the thirteenth “transformation sub-steps” will be consumed in this “Divine Senary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Three other defined quantities of the “divine formative energy” diluted of the third “Formative Divine Particle”, will still be present in this “Divine Senary Equilibrium Zone”.
- A second defined quantity of the “divine formative energy” diluted of the fourth “Formative Divine Particle” that was produced during the course of the ninth to the fourteenth “transformation sub-steps” will be

consumed in this “Divine Senary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Four other defined quantities of the “divine formative energy” diluted of the fourth “Formative Divine Particle”, will still be present in this “Divine Senary Equilibrium Zone”.

- A first defined quantity of the “divine formative energy” diluted of the fifth “Formative Divine Particle” that was produced during the course of the tenth to the fifteenth “transformation sub-steps” will be consumed in this “Divine Senary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Five other defined quantities of the “divine formative energy” diluted of the fifth “Formative Divine Particle”, will still be present in this “Divine Senary Equilibrium Zone”.
- A sixth defined quantity of the “divine formative energy” produced by the first “Formative Divine Particle” will also be transmitted to the “Divine Senary Equilibrium Zone”, marking the end of the sixteenth “transformation sub-step” and the beginning of the seventeenth “transformation sub-step”.

Thus, the “divine electrical charge” of products that are available in this “Divine Senary Equilibrium Zone” will decrease further and will be determined by the amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

From the beginning of the eleventh “transformation sub-step” to the end of this sixteenth “transformation sub-step”, six defined quantities of products of the “divine work” accomplished by the first “Formative Divine Particle” will be produced, transmitted to this “Divine Senary Equilibrium Zone”, and transformed in this “Divine Senary Equilibrium Zone” by the products of the “divine work” accomplished by the four other “Formative Divine Particles”. This amount of “divine formative energy” diluted of the first “Formative Divine Particle”, that is, which is produced by the first “Formative Divine Particle”, transmitted and transformed in this “Divine Senary Equilibrium Zone”, will be at its peak at the end of this sixteenth “transformation sub-step”.

From the beginning of the seventh “transformation sub-step” to the end of this sixteenth “transformation sub-step”, ten defined quantities of products of the “divine work” accomplished by the second “Formative Divine Particle” will be

CHAPTER 054

THE SIXTEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL
IN THE “DIVINE SENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND
FIVE “FORMATIVE DIVINE PARTICLES”

CHAPTER 055

THE SEVENTEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND FIVE “FORMATIVE DIVINE PARTICLES”

This end of entry of the products of the second “Formative Divine Particle” in this “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” also marks the beginning of the seventeenth “transformation sub-step”.

From this beginning of the seventeenth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A fourth defined quantity of the “divine formative energy” diluted of the third “Formative Divine Particle” that was produced during the course of the eighth to the thirteenth “transformation sub-steps” will be consumed in this “Divine Senary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Two other defined quantities of the “divine formative energy” diluted of the third “Formative Divine Particle”, will still be present in this “Divine Senary Equilibrium Zone”.
- A third defined quantity of the “divine formative energy” diluted of the fourth “Formative Divine Particle” that was produced during the course of the ninth to the fourteenth “transformation sub-steps” will be consumed in this “Divine Senary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Three other defined quantities of the “divine formative energy” diluted

of the fourth “Formative Divine Particle”, will still be present in this “Divine Senary Equilibrium Zone”.

- A second defined quantity of the “divine formative energy” diluted of the fifth “Formative Divine Particle” that was produced during the course of the tenth to the fifteenth “transformation sub-steps” will be consumed in this “Divine Senary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Four other defined quantities of the “divine formative energy” diluted of the fifth “Formative Divine Particle”, will still be present in this “Divine Senary Equilibrium Zone”.
- A first defined quantity of the “divine formative energy” diluted of the first “Formative Divine Particle” that was produced during the course of the eleventh to the sixteenth “transformation sub-steps” will be consumed in this “Divine Senary Equilibrium Zone”. Five other defined quantities of the “divine formative energy” diluted of the first “Formative Divine Particle”, will still be present in this “Divine Senary Equilibrium Zone”, marking the end of the seventeenth “transformation sub-step” and the beginning of the eighteenth “transformation sub-step”.

Thus, the “divine electrical charge” of products that are available in this “Divine Senary Equilibrium Zone” will stop decreasing and start to increase, but it will still be determined by the amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” decreases.

From the beginning of the eighth “transformation sub-step” to the end of this seventeenth “transformation sub-step”, ten defined quantities of products of the “divine work” accomplished by the third “Formative Divine Particle” will be produced and transmitted to this “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Among these ten defined quantities of products of the “divine work” accomplished by the third “Formative Divine Particle”, six will be transformed in this “Divine Senary Equilibrium Zone” by six proportions of the reagents of the “transformation step”, and six defined quantities of the “divine formative energy” diluted of the third “Formative Divine Particle” will be produced.

Among these six defined quantities of the “divine formative energy” diluted from the third “Formative Divine Particle”, four will be consumed in this “Divine

Senary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the five “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the end of this seventeenth “transformation sub-step” will also mark the end of entry of the “divine work” accomplished by the products of the third “Formative Divine Particle” in this “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Thus, the “divine electrical charge” of products that are available in this “Divine Senary Equilibrium Zone” will increase further, but it will still be determined by the amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” decreases.

From the beginning of the ninth “transformation sub-step” to the end of this eighteenth “transformation sub-step”, ten defined quantities of products of the “divine work” accomplished by the fourth “Formative Divine Particle” will be produced and transmitted to this “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Among these ten defined quantities of products of the “divine work” accomplished by the fourth “Formative Divine Particle”, six will be transformed in this “Divine Senary Equilibrium Zone” by six proportions of the reagents of the “transformation step”, and six defined quantities of the “divine formative energy” diluted of the fourth “Formative Divine Particle” will be produced.

Among these six defined quantities of the “divine formative energy” diluted from the fourth “Formative Divine Particle”, four will be consumed in this “Divine Senary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the five “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the end of this eighteenth “transformation sub-step” will also mark the end of entry of the products of the “divine work” accomplished by the fourth “Formative Divine Particle” in this “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

CHAPTER 057

THE NINETEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND FIVE “FORMATIVE DIVINE PARTICLES”

This end of entry of the products of the “divine work” accomplished by the fourth “Formative Divine Particle” in this “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” also marks the beginning of the nineteenth “transformation sub-step”.

From this beginning of the nineteenth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A fourth defined quantity of the “divine formative energy” diluted of the fifth “Formative Divine Particle” that was produced during the course of the tenth to the fifteenth “transformation sub-steps” will be consumed in this “Divine Senary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Two other defined quantities of the “divine formative energy” diluted of the fifth “Formative Divine Particle”, will still be present in this “Divine Senary Equilibrium Zone”.
- A third defined quantity of the “divine formative energy” diluted of the first “Formative Divine Particle” that was produced during the course of the eleventh to the fifteenth “transformation sub-steps” will be consumed in this “Divine Senary Equilibrium Zone”. Three other defined quantities of the “divine formative energy” diluted of the first “Formative Divine Particle”, will still be present in this “Divine Senary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Senary Equilibrium Zone” will increase further, but it will still be determined by the amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” decreases.

From the beginning of the tenth “transformation sub-step” to the end of this nineteenth “transformation sub-step”, ten defined quantities of products of the “divine work” accomplished by the fifth “Formative Divine Particle” will be produced and transmitted to this “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

מ
ר
ב
ה

Among these ten defined quantities of products of the “divine work” accomplished by the fifth “Formative Divine Particle”, six will be transformed in this “Divine Senary Equilibrium Zone” by six proportions of the reagents of the “transformation step”, and six defined quantities of the “divine formative energy” diluted of the fifth “Formative Divine Particle” will be produced.

ו
ז
ח
ט
י

Among these six defined quantities of the “divine formative energy” diluted from the fifth “Formative Divine Particle”, four will be consumed in this “Divine Senary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”.

כ
ל
מ
נ
ס

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the five “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the end of this nineteenth “transformation sub-step” will also mark the end of entry of the products of the “divine work” accomplished by the fifth “Formative Divine Particle” in this “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

CHAPTER 058

THE TWENTIETH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND FIVE “FORMATIVE DIVINE PARTICLES”

This end of entry of the products of the “divine work” accomplished by the fifth “Formative Divine Particle” in this “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” also marks the beginning of the twentieth “transformation sub-step”.

From this beginning of the twentieth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A fourth defined quantity of the “divine formative energy” diluted of the first “Formative Divine Particle” that was produced during the course of the eleventh to the sixteenth “transformation sub-steps” will be consumed in this “Divine Senary Equilibrium Zone”. Two other defined quantities of the “divine formative energy” diluted of the first “Formative Divine Particle”, will still be present in this “Divine Senary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Senary Equilibrium Zone” will increase further, but it will still be determined by the amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” decreases.

From the beginning of the eleventh “transformation sub-step” to the end of this twentieth “transformation sub-step”, ten defined quantities of products of the

“divine work” accomplished by the first “Formative Divine Particle” will be produced and transmitted to this “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Among these ten defined quantities of products of the “divine work” accomplished by the first “Formative Divine Particle”, six will be transformed in this “Divine Senary Equilibrium Zone” by six proportions of the reagents of the “transformation step”, and six defined quantities of the “divine formative energy” diluted of the first “Formative Divine Particle” will be produced.

Among these six defined quantities of the “divine formative energy” diluted from the first “Formative Divine Particle”, four will be consumed in this “Divine Senary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the five “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the end of this twentieth “transformation sub-step” will also mark the end of entry of the products of the “divine work” accomplished by the first “Formative Divine Particle” in this “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This end of entry of the products of the “divine work” accomplished by first “Formative Divine Particle” in this “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” also marks the end of the “transformation step” of the products of the “divine work” accomplished by the “Generative Divine Particle” by the reagents of the “transformation step” in the “Divine Senary Configuration” of six “Divine Particles”.

Thus, in the “Divine Senary Configuration” of six “Divine Particles”, a “transformation step” of the products of the “divine work” accomplished by the “Generative Divine Particle” by the reagents of the “transformation step” will come to its end and keep the stability of the proportion of the products of the “divine work” accomplished by the five “Formative Divine Particles” in this “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

At the end of this “transformation step”, the following will be present in the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”:

- A “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”. Both defined quantities of the “divine formative energy” diluted of the first “Formative Divine Particle” that are still present in this “Divine Senary Equilibrium Zone” constitute this “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
- A “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”. Both defined quantities of the “divine formative energy” diluted of the second “Formative Divine Particle” that are still present in this “Divine Senary Equilibrium Zone” constitute this “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
- A “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”. Both defined quantities of the “divine formative energy” diluted of the third “Formative Divine Particle” that are still present in this “Divine Senary Equilibrium Zone” constitute this “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.
- A “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”. Both defined quantities of the “divine formative energy” diluted of the fourth “Formative Divine Particle” that are still present in this “Divine Senary Equilibrium Zone” constitute this “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.
- A “quinary proportion” of the “quinary unit” of products of the “divine work” accomplished by the fifth “Formative Divine Particle”. Both defined quantities of the “divine formative energy” diluted of the fifth “Formative Divine Particle” that are still present in this “Divine Senary Equilibrium Zone” constitute this “quinary proportion” of the “quinary unit” of products of the “divine work” accomplished by the fifth “Formative Divine Particle”.

In this “Divine Senary Configuration” of one “Generative Divine Particle” and five “Formative Divine Particles”, the time span common to the “primary

transformation”, to the “secondary transformation”, to the “tertiary transformation”, to the “quaternary transformation”, to the “quinary transformation”, and to the “‘end of cycle’ transformation” is less than the time span common to the “primary transformation”, to the “secondary transformation”, to the “tertiary transformation”, to the “quaternary transformation”, and to the “‘end of cycle’ transformation”, on any stable “Divine Quinary Configuration” of one “Generative Divine Particle” and four “Formative Divine Particles”.

CHAPTER 059

THE “DIVINE SEPTENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND SIX “FORMATIVE DIVINE PARTICLES”

When a sixth “Formative Divine Particle”, with properties which differ from those of the five first “Formative Divine Particle”, is placed in a fixed location in the proximity of a “Divine Senary Configuration” of one “Generative Divine Particle” and five “Formative Divine Particles”, then, the “Divine Senary Equilibrium Zones” that are associated to the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will also be affected by the products of the “divine work” accomplished by this sixth “Formative Divine Particle”.

Thus, depending upon the orientation of the “specific axis” of the movement of the “Generative Divine Particle” and following the orientation of the “specific axis” of the first movement of each of the six “Formative Divine Particles”, a part of the “Divine Senary Equilibrium Zone”, which is associated with the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will also contain a proportion of the products of the “divine work” accomplished by the sixth “Formative Divine Particle”. And it will define as such an infinitely small seventh volume of space in this “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This infinitely small seventh volume of space which is described by the “Movement of Formative Divine Particle” of each of the six “Formative Divine Particles” and which will contain a proportion of the products of the “divine work” accomplished by the “Generative Divine Particle”, will be called: the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” is smaller than the “Divine Senary

Equilibrium Zone” of the same first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, contains at any time, products of the “divine work” accomplished by the first, second, third, fourth, and fifth “Formative Divine Particle”. It will also contain at any time, depending upon the “Movement of Formative Divine Particle”, a proportion of the products of the “divine work” accomplished by the “Generative Divine Particle”. It will also contain, depending upon the “Movement of Formative Divine Particle”, a proportion of the products of the “divine work” accomplished by the sixth “Formative Divine Particle”.

The products of the “divine work” accomplished by the “Generative Divine Particle” and the products of the “divine work” accomplished by each of the six “Formative Divine Particles” will not enter at the same time in the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

The products of the “divine work” accomplished by the “Generative Divine Particle”, will enter first, and during a first time interval.

At the end of this first time interval, the products of the “divine work” accomplished by the second “Formative Divine Particle” will then, enter, and during a second time interval.

At the end of this second time interval, the products of the “divine work” accomplished by the third “Formative Divine Particle” will then, enter, and during a third time interval.

At the end of this third time interval, the products of the “divine work” accomplished by the fourth “Formative Divine Particle” will then, enter, and during a fourth time interval.

At the end of this fourth time interval, the products of the “divine work” accomplished by the fifth “Formative Divine Particle” will then, enter, and during a fifth time interval.

At the end of this fifth time interval, the products of the “divine work” accomplished by the sixth “Formative Divine Particle” will then, enter, and during a sixth time interval.

At the end of this sixth time interval, the products of the “divine work” accomplished by the first “Formative Divine Particle” will then, enter, and during a seventh time interval.

A “Divine Septenary Configuration” of one “Generative Divine Particle” and six “Formative Divine Particles” is defined by:

1. The orientation of the “specific axis” of the movement of the “Generative Divine Particle”;
2. The orientation of the “specific axis” of the first movement of each of the six “Formative Divine Particles”; and
3. The “specific volume” defined by the considered “Divine Septenary Equilibrium Zone” with respect to the “Generative Divine Particle”.

A “Divine Septenary Configuration” of one “Generative Divine Particle” and six “Formative Divine Particles” thus contains some of the “Divine Senary Configurations” of the “Generative Divine Particle” and of each five (chosen among the six) “Formative Divine Particles” constituent of this “Divine Septenary Configuration”.

Each of these “Divine Senary Configurations” considered in this “Divine Septenary Configuration”, in turn contains some of the “Divine Quinary Configurations” of the “Generative Divine Particle” and of each four (chosen from among six) “Formative Divine Particles” constituent of this “Divine Septenary Configuration”.

Each of these “Divine Quinary Configurations” considered in each of these previous “Divine Senary Configurations”, in turn contains some of the “Divine Quaternary Configurations” of the “Generative Divine Particle” and of each three (chosen among the six) “Formative Divine Particles” constituent of this “Divine Septenary Configuration”. Here, these previous “Divine Senary Configurations” are themselves considered in this “Divine Septenary Configuration”; these are nested relationships.

Each of these “Divine Quaternary Configurations” considered in each of these previous “Divine Quinary Configurations”, in turn contains some of the “Divine Tertiary Configurations” of the “Generative Divine Particle” and of each two (chosen among the six) “Formative Divine Particles” constituent of this “Divine Septenary Configuration”. Here, these previous “Divine Quinary Configurations” are themselves considered in each of these previous “Divine Senary Configurations”, themselves considered in this “Divine Septenary Configuration”; these are nested relationships.

Each of these “Divine Tertiary Configurations” considered in each of these previous “Divine Quaternary Configurations”, in turn contains some of the “Divine Secondary Configurations” of the “Generative Divine Particle” and each “Formative Divine Particle” constituent of this “Divine Septenary Configuration”. Here, these previous “Divine Quaternary Configurations” are themselves considered in each of these previous “Divine Quinary Configurations”, themselves considered in each of these previous “Divine Senary Configurations”, themselves considered in this “Divine Septenary Configuration”; these are nested relationships.

Each of these “Divine Secondary Configurations” of the “Generative Divine Particle” and each “Formative Divine Particle” constituent of this “Divine Septenary Configuration”, considered in each of these previous “Divine Tertiary Configurations”, in turn contains some of the “Divine Primary Configurations” that are associated with the “Generative Divine Particle” and also with the “Formative Divine Particle”, considered. Here, these previous “Divine Tertiary Configurations”, themselves considered in each of these previous “Divine Quaternary Configurations”, themselves considered in each of these previous “Divine Quinary Configurations”, themselves considered in each of these previous “Divine Senary Configurations”, themselves considered in this “Divine Septenary Configuration”; these are nested relationships.

A “Divine Septenary Configuration” of one “Generative Divine Particle” and six “Formative Divine Particles”, defines, thus, what will be called: a “system”. A system is “a deterministic entity comprising an interacting collection of discrete elements.” A system performs certain functions; it has a definite purpose, it does something. The “deterministic” aspect of the entity considered implies that the “system” in question be identifiable. The “discrete elements” of the entity considered are also, of course, identifiable. It is so that, a system is made up of parts or subsystems that interact. This interaction, which may be very complex indeed, generally insures that a system is not simply equal to the sum of its parts. Furthermore, if the performance of any part changes — for example any type of failure — the system itself also changes. The subsystems that interact in this “Divine Septenary Configuration” of one “Generative Divine Particle” and six “Formative Divine Particles” are defined by the “Divine Senary Configurations”, the “Divine Quinary Configurations”, the “Divine Quaternary Configurations”, the “Divine Tertiary Configurations”, the “Divine Secondary Configurations”, and the “Divine Primary Configurations” that are associated with the “Generative Divine Particle” and also with the “Formative Divine Particle”, considered, which we have

described above and which are contained in this “Divine Septenary Configuration”.

The complexity of the “Divine Septenary Configuration” of one “Generative Divine Particle” and six “Formative Divine Particles” is higher than those of the “Divine Senary Configurations” that are contained in this “Divine Septenary Configuration”. Furthermore, the execution of the “movement” of this “Divine Septenary Configuration” is the result of the perfect synchronisation of the “Movement of Formative Divine Particle” of each of the six “Formative Divine Particles” between them, and each “Movement of Formative Divine Particle” synchronized with the movement of the “Generative Divine Particle”. This “movement” of this “Divine Septenary Configuration” is the coordinated action of the “Generative Divine Particle” and the six “Formative Divine Particles”, thus acting in concert, and which will produce a total effect in this “Divine Septenary Configuration”, a total “sensation”, emanating from the “Divine Septenary Equilibrium Zones” of its “Formative Divine Particles” with respect to the “Generative Divine Particle”, that will be greater than the sum of effects provided by the individual “Divine Particles” constituent of this “Divine Septenary Configuration”. All these individual and “combined” effects, all these “sensations”, in all their details, “THE DIVINE ARCHITECT AND PROJECT MASTER” has measured and has recorded them.

In His own “Days”, based on the designs of “THE DIVINE ARCHITECT AND PROJECT MASTER”, “THE DIVINE FORCE” had found that: following the “Divine Septenary Configuration” of one “Generative Divine Particle” and six “Formative Divine Particles”, the “sensations” felt in the “Divine Septenary Equilibrium Zone” of the “Formative Divine Particle” with respect to the “Generative Divine Particle” are different and more or less pleasant than those felt in all the “Divine Senary Equilibrium Zones” of all the “Formative Divine Particles” constituent of this “Divine Septenary Equilibrium Zone”.

Thus, following the “Divine Septenary Configuration” of one “Generative Divine Particle” and six “Formative Divine Particles”, the proportions of the products of the “divine work” accomplished by the “Generative Divine Particle”, as well as the proportions of the products of the “divine work” accomplished by the sixth “Formative Divine Particle”, and which will enter the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” may be stable or else unstable.

They will be stable when they will take place in a predictable way, at regular time intervals and with the same proportions of products of the “divine work”

accomplished by the “Generative Divine Particle” as well as the same proportion of the products of the “divine work” accomplished by the sixth “Formative Divine Particle”, otherwise they will be unstable; that is, they will take place in random and unpredictable way.

Stable proportions are obtained from the intersecting points that are defined by the intersection of the direction of the orientation of the “specific axis” of the movement of the “Generative Divine Particle” with those of the orientations of the “specific axis” of the first movement of each of the six “Formative Divine Particles”, and by synchronizing the movement of the “Generative Divine Particle” with the “Movement of Formative Divine Particle” of each of the six “Formative Divine Particles”.

As such, for a sixth “Formative Divine Particle” placed in a fixed location in the proximity of a “Divine Senary Configuration”, based on the designs of “THE DIVINE ARCHITECT AND PROJECT MASTER”, “THE DIVINE FORCE” has perfectly synchronized the “Movement of Formative Divine Particle” of each of the six “Formative Divine Particles” between them.

HE has also perfectly synchronized the “Movement of Formative Divine Particle” of each of the six “Formative Divine Particles” with the movement of the “Generative Divine Particle”, with respect to the intersecting point of the “specific axis” of the movement of the “Generative Divine Particle” and the “specific axis” of the first movement of each of the six “Formative Divine Particles”.

Through the perfect synchronization of the movement of the “Generative Divine Particle” and the movement of each of the six “Formative Divine Particles”, the movement of each of the “Formative Divine Particles” is driven by the movement of the “Generative Divine Particle”.

Thus, for the first “Formative Divine Particle”, with the passage of time and through the perfect synchronization of the movement of each of the six “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, a complete flow path of the “Generative Divine Particle” will create and delineate an infinitely small “Divine Septenary Equilibrium Space” which is swept by the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”. It is the “Divine Septenary Equilibrium Space” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This “Divine Septenary Equilibrium Space” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” is also contained in the “Divine

Senary Equilibrium Space” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

So, with this displacement of the position of the intersecting point of the “specific axis” of the movement of the “Generative Divine Particle” and the six “specific axes” of the first movements of the six “Formative Divine Particles”, the proportions of the products of the “divine work” accomplished by the “Generative Divine Particle” as well as the proportions of the products of the “divine work” accomplished by the six “Formative Divine Particles” and which will enter the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, will be stable or unstable due to the addition of the sixth “Formative Divine Particle” in the originally chosen “Divine Senary Configuration”.

They will be stable when they will take place in a predictable way, at regular time intervals, and with the same proportions of products of the “divine work” accomplished by the “Generative Divine Particle”, otherwise they will be unstable; that is, they will take place in random and unpredictable way.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has established all the intersecting point positions that provide stable “Divine Septenary Equilibrium Zones”, “Divine Senary Equilibrium Zones”, “Divine Quinary Equilibrium Zones”, “Divine Quaternary Equilibrium Zones”, “Divine Tertiary Equilibrium Zones”, and “Divine Secondary Equilibrium Zones” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Within these equilibrium zones, the proportions of the products of the “divine work” accomplished by the “Generative Divine Particle” as well as the proportions of the products of the “divine work” accomplished by the second, the third, the fourth, the fifth and the sixth “Formative Divine Particle” and which will enter each of these six equilibrium zones will be always stable.

In addition, the “sensations” felt within such stable “Divine Septenary Equilibrium Zones” will be more pleasant than those felt in all the “Divine Senary Equilibrium Zones” of all the “Formative Divine Particles” constituent of these “Divine Septenary Equilibrium Zones”. The “processed divine energy” contained in such stable “Divine Septenary Equilibrium Zones” is also more refined than the “processed divine energy” contained in the stable “Divine Senary Equilibrium Zones” and as a result of the synergy — the coordinated action of the established movements of the constituent “divine particles”, applied on the “divine work” performed by the “Generative Divine Particle” and the six “Formative Divine

Particles”, and which contributes to produce a total effect that is greater than the sum of separate effects of each of these seven “divine particles” — defined in such stable “Divine Septenary Equilibrium Zones”.

The order in which “THE DIVINE ARCHITECT AND PROJECT MASTER” chose the six “Formative Divine Particles” is important in determining these positions of the intersecting point, which provide the stability of each of these six equilibrium zones of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

If the order in which “THE DIVINE ARCHITECT AND PROJECT MASTER” chose the six “Formative Divine Particles” is changed, then, the positions of the intersecting point will not be the same as those that provide the stability of each of these six equilibrium zones of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

As a consequence, the stability of each of these six equilibrium zones of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will be affected. Therefore, the proportions of the products of the “divine work” accomplished by the “Generative Divine Particle” as well as the products of the “divine work” accomplished by the six “Formative Divine Particles”, and which will enter the “Divine Septenary Equilibrium Zone” will fluctuate.

Only two positions of the intersecting point provided stability at any time with the movement of the “Generative Divine Particle”: these are the two “septenary intersecting points” of the “specific axis” of the movement of the “Generative Divine Particle” and the six “specific axes” of the first movements of the six “Formative Divine Particles”. These “septenary intersecting points” are diametrically opposite each other with respect to the centre of the “Generative Divine Particle”. As such, “THE DIVINE ARCHITECT AND PROJECT MASTER” has reduced the infinity of “secondary intersecting points” to these two “Septenary Intersecting Points”.

On these “septenary intersecting points”, the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” is contained at any time in the “Divine Senary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

On these “septenary intersecting points” is associated a unique “Divine Septenary Configuration” of one “Generative Divine Particle” and six “Formative Divine Particles”. On this unique “Divine Septenary Configuration” of one “Generative

Divine Particle” and six “Formative Divine Particles”, the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” contains at any time, products of the “divine work” accomplished by this first “Formative Divine Particle” and it will contain at any time stable proportions of products of the “divine work” accomplished by the “Generative Divine Particle” and also by the other five “Formative Divine Particles”.

The first “Formative Divine Particle” will produce a “primary unit” measurement of the products of its “divine work”, from a defined “primary quantity” of the products of the “divine work” accomplished by the “Generative Divine Particle” that this first “Formative Divine Particle” receives. A proportion of this “primary unit” will enter the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”: we shall call it the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.

Similarly, the second “Formative Divine Particle” will produce a “secondary unit” measurement of the products of its “divine work”, from a defined “secondary quantity” of the products of the “divine work” accomplished by the “Generative Divine Particle” that this second “Formative Divine Particle” receives. A proportion of this “secondary unit” will enter the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”: we shall call it the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.

Similarly, the third “Formative Divine Particle” will produce a “tertiary unit” measurement of the products of its “divine work”, from a defined “tertiary quantity” of the products of the “divine work” accomplished by the “Generative Divine Particle” that this third “Formative Divine Particle” receives. A proportion of this “tertiary unit” will enter the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”: we shall call it the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.

Similarly, the fourth “Formative Divine Particle” will produce a “quaternary unit” measurement of the products of its “divine work”, from a defined “quaternary quantity” of the products of the “divine work” accomplished by the “Generative Divine Particle” that this fourth “Formative Divine Particle” receives. A proportion of this “quaternary unit” will enter the “Divine Septenary Equilibrium Zone” of the

first “Formative Divine Particle” with respect to the “Generative Divine Particle”: we shall call it the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.

Similarly, the fifth “Formative Divine Particle” will produce a “quinary unit” measurement of the products of its “divine work”, from a defined “quinary quantity” of the products of the “divine work” accomplished by the “Generative Divine Particle” that this fifth “Formative Divine Particle” receives. A proportion of this “quinary unit” will enter the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”: we shall call it the “quinary proportion” of the “quinary unit” of products of the “divine work” accomplished by the fifth “Formative Divine Particle”.

Similarly, the sixth “Formative Divine Particle” will produce a “senary unit” measurement of the products of its “divine work”, from a defined “senary quantity” of the products of the “divine work” accomplished by the “Generative Divine Particle” that this sixth “Formative Divine Particle” receives. A proportion of this “senary unit” will enter the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”: we shall call it the “senary proportion” of the “senary unit” of products of the “divine work” accomplished by the sixth “Formative Divine Particle”.

The stability of the proportion of the products of the “divine work” accomplished by the “Generative Divine Particle” with respect to the proportions of the products of the “divine work” accomplished by the six “Formative Divine Particles” is obtained when, within this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, the proportion of products of the “divine work” accomplished by each of the six “Formative Divine Particles” does not exceed the prescribed limit of proportion.

This prescribed limit of proportion in the stable “Divine Septenary Configuration” also ensures the stability of the “Divine Senary Configurations” which are associated with each five (chosen among the six) “Formative Divine Particles” constituent of this “Divine Septenary Configuration”.

In these “Divine Senary Configurations” considered, this prescribed limit of proportion also ensures the stability of the “Divine Quinary Configurations” that are associated with each four (chosen among the six) “Formative Divine Particles” constituent of this “Divine Septenary Configuration”.

In these “Divine Quinary Configurations” considered, this prescribed limit of proportion also ensures the stability of the “Divine Quaternary Configurations”

that are associated with each three (chosen among the six) “Formative Divine Particles” constituent of this “Divine Septenary Configuration”.

In these “Divine Quaternary Configurations” considered, this prescribed limit of proportion also ensures the stability of the “Divine Tertiary Configurations” that are associated with each two (chosen among the six) “Formative Divine Particles” constituent of this “Divine Septenary Configuration”.

In these “Divine Tertiary Configurations” considered, this prescribed limit of proportion also ensures the stability of “Divine Secondary Configurations” and which are associated with each “Formative Divine Particle” constituent of this “Divine Septenary Configuration”.

In these “Divine Secondary Configurations” considered, this prescribed limit of proportion also ensures the stability of the “Divine Primary Configurations” considered and which are associated with the “Generative Divine Particle” and also each of the six “Formative Divine Particles” constituent of this “Divine Septenary Configuration”.

For the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”:

1. The “primary limit of proportion” defined for the first “Formative Divine Particle”, is seven times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
2. The “secondary limit of proportion” defined for the second “Formative Divine Particle”, is seven times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
3. The “tertiary limit of proportion” defined for the third “Formative Divine Particle”, is seven times the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.
4. The “quaternary limit of proportion” defined for the fourth “Formative Divine Particle”, is seven times the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.
5. The “quinary limit of proportion” defined for the fifth “Formative Divine Particle”, is seven times the “quinary proportion” of the “quinary

unit” of products of the “divine work” accomplished by the fifth “Formative Divine Particle”.

6. The “senary limit of proportion” defined for the sixth “Formative Divine Particle”, is seven times the “senary proportion” of the “senary unit” of products of the “divine work” accomplished by the sixth “Formative Divine Particle”.

With the passage of time, the “Generative Divine Particle” will perform its “divine work” and transmit the products of this “divine work” to the first “Formative Divine Particle” as well as to the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” through synchronization of the movements.

It is so that, the first “Formative Divine Particle” will also perform its “divine work” and transmit the products of this “divine work” to the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”. Similarly, the five others “Formative Divine Particles” will also perform their “divine work” and transmit the products of these “divine work” to the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Thus, with the passage of time and the movement of the “Generative Divine Particle”, stable proportions of products of the “divine work” accomplished by these seven “Divine Particles” will accumulate and increase in the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, until the proportion of products of the “divine work” accomplished by the first “Formative Divine Particle” reaches the “primary limit of proportion” which is seven times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.

At attainment of this “primary limit of proportion”, the set constituted by seven times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle” will be called the septane of products of the “divine work” accomplished by the first “Formative Divine Particle”. All the core particulars that are present in this septane of products of the “divine work” accomplished by the first “Formative Divine Particle” are in their first phase of existence.

At attainment of this “primary limit of proportion”:

- The proportion of products of the “divine work” accomplished by the second “Formative Divine Particle” and transmitted to the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will be equal to six times the “secondary proportion” of “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
- The proportion of products of the “divine work” accomplished by the third “Formative Divine Particle” and transmitted to the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will be equal to five times the “tertiary proportion” of “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.
- The proportion of products of the “divine work” accomplished by the fourth “Formative Divine Particle” and transmitted to the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will be equal to four times the “quaternary proportion” of “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.
- The proportion of products of the “divine work” accomplished by the fifth “Formative Divine Particle” and transmitted to the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will be equal to three times the “quinary proportion” of “quinary unit” of products of the “divine work” accomplished by the fifth “Formative Divine Particle”.
- The proportion of products of the “divine work” accomplished by the sixth “Formative Divine Particle” and transmitted to the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will be equal to two times the “senary proportion” of “senary unit” of products of the “divine work” accomplished by the sixth “Formative Divine Particle”.

Therefore, at attainment of this “primary limit of proportion” which is seven times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”, the transformation of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the first “Formative Divine Particle” will take place in order to maintain the stability of the proportions of

products of the “divine work” accomplished by these seven “Divine Particles” within the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This first transformation is the “primary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the first “Formative Divine Particle”. The seven times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle” will be the reagents; that is, the products that will be consumed during the transformation, in this “primary transformation”.

At the end of this “primary transformation”, some core particulars of the septane of products of the “divine work” accomplished by the first “Formative Divine Particle” have been transmitted and will be present in reduced amount in their second phase of existence in the products of the “primary transformation”.

At the end of this “primary transformation”, this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it:

- Seven times a unit of measurement of products of “transformation sub-steps”, which will be produced during this “primary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the first “Formative Divine Particle”.
- Seven times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
- Six times the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.
- Five times the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.
- Four times the “quinary proportion” of the “quinary unit” of products of the “divine work” accomplished by the fifth “Formative Divine Particle”.

מ
י
נ
ה
ס
פ
ר

- Three times the “senary proportion” of the “senary unit” of products of the “divine work” accomplished by the sixth “Formative Divine Particle”.
- One time the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.

And so, a new transformation, that of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “primary transformation” and also by the products of the “divine work” accomplished by the second “Formative Divine Particle” will immediately take place within the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This new transformation will take place in order to remove these products of the “primary transformation” from the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” and also to maintain the stability of the proportions of products of the “divine work” accomplished by these six “Formative Divine Particles”.

This new transformation is the “secondary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “primary transformation” and also by the products of the “divine work” accomplished by the second “Formative Divine Particle”.

In this “secondary transformation”, the seven times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”, as well as the seven times the products of the “primary transformation” will be reagents; that is, the products that will be consumed during the transformation, in this “secondary transformation”.

At the end of this “secondary transformation”, some core particulars of the septane of products of the “divine work” accomplished by the first “Formative Divine Particle”, in their second phase of existence, have been transmitted and will be present in reduced amount in their third phase of existence in the products of the “secondary transformation”.

At the end of this “secondary transformation”, this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it:

- Seven times a unit of measurement of products of “transformation sub-steps”, which will be produced during this “secondary transformation”

of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “primary transformation” and also by the products of the “divine work” accomplished by the second “Formative Divine Particle”.

- Seven times the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.
- Six times the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.
- Five times the “quinary proportion” of the “quinary unit” of products of the “divine work” accomplished by the fifth “Formative Divine Particle”.
- Four times the “senary proportion” of the “senary unit” of products of the “divine work” accomplished by the sixth “Formative Divine Particle”.
- Two times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
- One time the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.

And so, a new transformation, that of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “secondary transformation” and also by the products of the “divine work” accomplished by the third “Formative Divine Particle” will immediately take place within the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This new transformation will take place in order to remove these products of the “secondary transformation” from the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” and also to maintain the stability of the proportions of products of the “divine work” accomplished by these six “Formative Divine Particles”.

This new transformation is the “tertiary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products

of the “secondary transformation” and also by the products of the “divine work” accomplished by the third “Formative Divine Particle”.

In this “tertiary transformation”, the seven times the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”, as well as the seven times the products of the “secondary transformation” will be reagents; that is, the products that will be consumed during the transformation, in this “tertiary transformation”.

At the end of this “tertiary transformation”, some core particulars of the septane of products of the “divine work” accomplished by the first “Formative Divine Particle”, in their third phase of existence, have been transmitted and will be present in reduced amount in their fourth phase of existence in the products of the “tertiary transformation”.

At the end of this “tertiary transformation”, this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it:

- Seven times a unit of measurement of products of “transformation sub-steps”, which will be produced during this “tertiary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “secondary transformation” and also by the products of the “divine work” accomplished by the third “Formative Divine Particle”.
- Seven times the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.
- Six times the “quinary proportion” of the “quinary unit” of products of the “divine work” accomplished by the fifth “Formative Divine Particle”.
- Five times the “senary proportion” of the “senary unit” of products of the “divine work” accomplished by the sixth “Formative Divine Particle”.
- Three times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.

- Two times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
- One time the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.

And so, a new transformation, that of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “tertiary transformation” and also by the products of the “divine work” accomplished by the fourth “Formative Divine Particle” will immediately take place within the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This new transformation will take place in order to remove these products of the “tertiary transformation” from the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” and also to maintain the stability of the proportions of products of the “divine work” accomplished by these six “Formative Divine Particles”.

This new transformation is the “quaternary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “tertiary transformation” and also by the products of the “divine work” accomplished by the fourth “Formative Divine Particle”.

In this “quaternary transformation”, the seven times the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”, as well as the seven times the products of the “tertiary transformation” will be reagents; that is, the products that will be consumed during the transformation, in this “quaternary transformation”.

At the end of this “quaternary transformation”, some core particulars of the septane of products of the “divine work” accomplished by the first “Formative Divine Particle”, in their fourth phase of existence, have been transmitted and will be present in reduced amount in their fifth phase of existence in the products of the “quaternary transformation”.

At the end of this “quaternary transformation”, this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it:

- Seven times a unit of measurement of products of “transformation sub-steps”, which will be produced during this “quaternary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “tertiary transformation” and also by the products of the “divine work” accomplished by the fourth “Formative Divine Particle”.
- Seven times the “quinary proportion” of the “quinary unit” of products of the “divine work” accomplished by the fifth “Formative Divine Particle”.
- Six times the “senary proportion” of the “senary unit” of products of the “divine work” accomplished by the sixth “Formative Divine Particle”.
- Four times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
- Three times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
- Two times the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.
- One time the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.

And so, a new transformation, that of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “quaternary transformation” and also by the products of the “divine work” accomplished by the fifth “Formative Divine Particle” will immediately take place within the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This new transformation will take place in order to remove these products of the “quaternary transformation” from the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” and also to maintain the stability of the proportions of products of the “divine work” accomplished by these six “Formative Divine Particles”.

This new transformation is the “quinary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “quaternary transformation” and also by the products of the “divine work” accomplished by the fifth “Formative Divine Particle”.

In this “quinary transformation”, the seven times the “quinary proportion” of the “quinary unit” of products of the “divine work” accomplished by the fifth “Formative Divine Particle”, as well as the seven times the products of the “quaternary transformation” will be reagents; that is, the products that will be consumed during the transformation, in this “quinary transformation”.

At the end of this “quinary transformation”, some core particulars of the septane of products of the “divine work” accomplished by the first “Formative Divine Particle”, in their fifth phase of existence, have been transmitted and will be present in reduced amount in their sixth phase of existence in the products of the “quinary transformation”.

At the end of this “quinary transformation”, this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it:

- Seven times a unit of measurement of products of “transformation sub-steps”, which will be produced during this “quinary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “quaternary transformation” and also by the products of the “divine work” accomplished by the fifth “Formative Divine Particle”.
- Seven times the “senary proportion” of the “senary unit” of products of the “divine work” accomplished by the sixth “Formative Divine Particle”.
- Five times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
- Four times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
- Three times the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.

מ
י
נ
ה
ס
פ
ר

- Two times the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.
- One time the “quinary proportion” of the “quinary unit” of products of the “divine work” accomplished by the fifth “Formative Divine Particle”.

And so, a new transformation, that of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “quinary transformation” and also by the products of the “divine work” accomplished by the sixth “Formative Divine Particle” will immediately take place within the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This new transformation will take place in order to remove these products of the “quinary transformation” from the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” and also to maintain the stability of the proportions of products of the “divine work” accomplished by these six “Formative Divine Particles”.

This new transformation is the “senary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “quinary transformation” and also by the products of the “divine work” accomplished by the sixth “Formative Divine Particle”.

In this “senary transformation”, the seven times the “senary proportion” of the “senary unit” of products of the “divine work” accomplished by the sixth “Formative Divine Particle”, as well as the seven times the products of the “quinary transformation” will be reagents; that is, the products that will be consumed during the transformation, in this “senary transformation”.

At the end of this “senary transformation”, some core particulars of the septane of products of the “divine work” accomplished by the first “Formative Divine Particle”, in their sixth phase of existence, have been transmitted and will be present in reduced amount in their seventh phase of existence in the products of the “senary transformation”.

At the end of this “senary transformation”, this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it:

- Seven times a unit of measurement of products of “transformation sub-steps”, which will be produced during this “senary transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “quinary transformation” and also by the products of the “divine work” accomplished by the sixth “Formative Divine Particle”.
- Six times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
- Five times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
- Four times the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.
- Three times the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.
- Two times the “quinary proportion” of the “quinary unit” of products of the “divine work” accomplished by the fifth “Formative Divine Particle”.
- One time the “senary proportion” of the “senary unit” of products of the “divine work” accomplished by the sixth “Formative Divine Particle”.

And so, a new transformation, that of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “senary transformation” will immediately take place within the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This new transformation will take place in order to remove these products of the “senary transformation” from the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” and also to maintain the stability of the proportions of products of the “divine work” accomplished by these six “Formative Divine Particles”. This new transformation is the “‘end of cycle’ transformation”.

In this “‘end of cycle’ transformation”, the seven times the products of the “senary transformation” will be reagents; that is, the products that will be consumed during the transformation, in this “‘end of cycle’ transformation”.

The core particulars of the septane of products of the “divine work” accomplished by the first “Formative Divine Particle”, in their seventh phase of existence, will be reduced to zero (nullified) in the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, to give place to the core particulars of the new septane of products of the “divine work” accomplished by the first “Formative Divine Particle”, and restore the stability of the proportion of the products of the “divine work” accomplished by the “Generative Divine Particle” with respect to the proportions of products of the “divine work” accomplished by the six “Formative Divine Particles” within the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

At the end of this “‘end of cycle’ transformation”, this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will contain in it:

- Seven times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
- Six times the “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
- Five times the “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.
- Four times the “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.
- Three times the “quinary proportion” of the “quinary unit” of products of the “divine work” accomplished by the fifth “Formative Divine Particle”.
- Two times the “senary proportion” of the “senary unit” of products of the “divine work” accomplished by the sixth “Formative Divine Particle”.

The products of the “‘end of cycle’ transformation” will be transmitted to the external and immediate environment around the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”. These products of this “‘end of cycle’ transformation” are the one that contribute to the “STATES OF EQUILIBRIUM”, the “STATES OF HARMONY”, of “THE DIVINE” and of His “Electrical Charge” throughout all regions of His unlimited “BEING”.

That is how the “‘end of cycle’ transformation” of the products of the “divine work” accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” will come to an end and keep the stability of the proportion of products of the “divine work” accomplished by the six “Formative Divine Particles” within this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

At the end of this “‘end of cycle’ transformation”, the proportion of products of the “divine work” accomplished by the first “Formative Divine Particle” will again reach the “primary limit of proportion” that is seven times the “primary proportion” of the “primary unity” of products of the “divine work” accomplished by the first “Formative Divine Particle”. Therefore, this transformation cycle will resume within this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

In this unique “Divine Septenary Configuration” of one “Generative Divine Particle” and six “Formative Divine Particles”, the “primary transformation”, the “secondary transformation”, the “tertiary transformation”, the “quaternary transformation”, the “quinary transformation”, the “senary transformation”, and the “‘end of cycle’ transformation” follow a unique and same model of the “transformation step” of the products of the “divine work” accomplished by the “Generative Divine Particle” by the reagents of the “transformation step”; that is, by the products characteristic of the “transformation step” considered and which will be consumed during the “transformation step”. This unique and same model of the “transformation step” consists of twenty-four “transformation sub-steps”.

CHAPTER 060

THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SEPTENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND SIX “FORMATIVE DIVINE PARTICLES”

The model of the “transformation step” in the “Divine Septenary Configuration” of one “Generative Divine Particle” and six “Formative Divine Particles” consists of twenty-four “transformation sub-steps”.

As the products of the “divine work” accomplished by the “Generative Divine Particle” enter the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”, they are continuously transformed by the reagents of the “transformation step” while these reagents of the “transformation step” last.

A unit of measurement of products of the “divine work” accomplished by the “Generative Divine Particle” that enters this “Divine Septenary Equilibrium Zone” is transformed by a unit of the reagents of the “transformation step”, and a unit of measurement of the “divine generative energy” diluted is produced.

This unit of measurement of the “divine generative energy” diluted, which is produced, will increase the “divine electrical charge” of the products contained in this “Divine Septenary Equilibrium Zone”.

As a consequence, the “divine electrical charge” of products that are available in this “Divine Septenary Equilibrium Zone” will increase as the amount of the “divine generative energy” diluted and available in this “Divine Septenary Equilibrium Zone” increases.

יצירה לספר

CHAPTER 061

THE FIRST SEVEN “TRANSFORMATION SUB-STEPS” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SEPTENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND SIX “FORMATIVE DIVINE PARTICLES”

It is always at the first “transformation sub-step” that the products of the “divine work” accomplished by the “Generative Divine Particle” start to continuously enter the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”. This entry marks the beginning of the “primary transformation”.

From this beginning of the first “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”, a first defined quantity of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Septenary Equilibrium Zone” by a first proportion of the reagents of the “transformation step”, and a first defined quantity of the “divine generative energy” diluted, will be produced, thus marking the end of the first “transformation sub-step” and also the beginning of the second “transformation sub-step”.

From this beginning of the second “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”, a second defined quantity of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Septenary Equilibrium Zone” by a second proportion of the reagents of the “transformation step”, and a second defined quantity of the “divine generative energy” diluted, will be produced, thus marking the end of the second “transformation sub-step” and also the beginning of the third “transformation sub-step”.

From this beginning of the third “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”, a third defined quantity of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Septenary Equilibrium Zone” by a third proportion of the reagents of the “transformation step”, and a third defined quantity of the “divine generative energy” diluted, will be produced, thus marking the end of the third “transformation sub-step” and also the beginning of the fourth “transformation sub-step”.

From this beginning of the fourth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”, a fourth defined quantity of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Septenary Equilibrium Zone” by a fourth proportion of the reagents of the “transformation step”, and a fourth defined quantity of the “divine generative energy” diluted, will be produced, thus marking the end of the fourth “transformation sub-step” and also the beginning of the fifth “transformation sub-step”.

From this beginning of the fifth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”, a fifth defined quantity of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Septenary Equilibrium Zone” by a fifth proportion of the reagents of the “transformation step”, and a fifth defined quantity of the “divine generative energy” diluted, will be produced, thus marking the end of the fifth “transformation sub-step” and also the beginning of the sixth “transformation sub-step”.

From this beginning of the sixth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”, a sixth defined quantity of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Septenary Equilibrium Zone” by a sixth proportion of the reagents of the “transformation step”, and a sixth defined quantity of the “divine generative energy” diluted, will be produced, thus marking the end of the sixth “transformation sub-step” and also the beginning of the seventh “transformation sub-step”.

From this beginning of the seventh “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”, a seventh defined quantity of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Septenary Equilibrium Zone” by a seventh proportion of the reagents of the “transformation step”, and a seventh

מ
י
נ
י
ס
פ
ר

defined quantity of the “divine generative energy” diluted, will be produced, thus marking the end of the seventh “transformation sub-step” and also the beginning of the eighth “transformation sub-step”.

From the beginning of the first “transformation sub-step” to the end of the seventh “transformation sub-step”, seven defined quantities of products of the “divine work” accomplished by the “Generative Divine Particle” will be transformed in this “Divine Septenary Equilibrium Zone” by seven proportions of the reagents of the “transformation step”, and seven defined quantities of the “divine generative energy” diluted, will be produced.

As a consequence, the “divine electrical charge” of products that are available in this “Divine Septenary Equilibrium Zone” will be at its peak at the end of the seventh “transformation sub-step”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the six “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the products of the “divine work” accomplished by the second “Formative Divine Particle” will be at the entrance to the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

These products of the “divine work” accomplished by the second “Formative Divine Particle”, once they enter the “Divine Septenary Equilibrium Zone”, they will also attenuate a defined amount of the “divine generative energy” diluted, which has been previously produced in this “Divine Septenary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Septenary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the second “Formative Divine Particle” increases.

CHAPTER 061

THE FIRST SEVEN “TRANSFORMATION SUB-STEPS” OF THE “TRANSFORMATION STEP”
MODEL IN THE “DIVINE SEPTENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE
PARTICLE” AND SIX “FORMATIVE DIVINE PARTICLES”

CHAPTER 062

THE EIGHTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SEPTENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND SIX “FORMATIVE DIVINE PARTICLES”

The entry of products of the “divine work” accomplished by the second “Formative Divine Particle” in the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” marks the beginning of the eighth “transformation sub-step”.

From this beginning of the eighth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A first defined quantity of the “divine generative energy” diluted, which was produced during the course of the first seven “transformation sub-steps”, as well as the products of the “divine work” accomplished by the “Generative Divine Particle” that still continue to enter this “Divine Septenary Equilibrium Zone”, will be attenuated in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the second “Formative Divine Particle”;
- A first defined quantity of the “divine formative energy” produced by the second “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”, marking the end of the eighth “transformation sub-step”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the six “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the products of the “divine

work” accomplished by the third “Formative Divine Particle” will be at the entrance to the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

In addition to the products of the “divine work” accomplished by the second “Formative Divine Particle”, the products of the “divine work” accomplished by the third “Formative Divine Particle”, once they enter the “Divine Septenary Equilibrium Zone”, they will also attenuate a defined quantity of the “divine generative energy” diluted remaining in this “Divine Septenary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Septenary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the third “Formative Divine Particle” increases.

CHAPTER 063

THE NINTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SEPTENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND SIX “FORMATIVE DIVINE PARTICLES”

The entry of products of the “divine work” accomplished by the third “Formative Divine Particle” in the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” marks the beginning of the ninth “transformation sub-step”.

From this beginning of the ninth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A second defined quantity of the “divine generative energy” diluted, which was produced during the course of the first seven “transformation sub-steps”, as well as the products of the “divine work” accomplished by the “Generative Divine Particle” that still continue to enter this “Divine Septenary Equilibrium Zone”, will be attenuated in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the second and by the third “Formative Divine Particles”;
- A second defined quantity of the “divine formative energy” produced by the second “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;
- A first defined quantity of the “divine formative energy” produced by the third “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”, marking the end of the ninth “transformation sub-step”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the six “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the products of the “divine work” accomplished by the fourth “Formative Divine Particle” will be at the entrance to the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

In addition to the products of the “divine work” accomplished by the second “Formative Divine Particle”, and to the products of the “divine work” accomplished by the third “Formative Divine Particle”, the products of the “divine work” accomplished by the fourth “Formative Divine Particle”, once they enter the “Divine Septenary Equilibrium Zone”, they will also attenuate a defined quantity of the “divine generative energy” diluted remaining in this “Divine Septenary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Septenary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the fourth “Formative Divine Particle” increases.

CHAPTER 064

THE TENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SEPTENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND SIX “FORMATIVE DIVINE PARTICLES”

The entry of products of the “divine work” accomplished by the fourth “Formative Divine Particle” in the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” marks the beginning of the tenth “transformation sub-step”.

From this beginning of the tenth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A third defined quantity of the “divine generative energy” diluted, which was produced during the course of the first seven “transformation sub-steps”, as well as the products of the “divine work” accomplished by the “Generative Divine Particle” that still continue to enter this “Divine Septenary Equilibrium Zone”, will be attenuated in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the second, by the third, and by the fourth “Formative Divine Particles”;
- A third defined quantity of the “divine formative energy” produced by the second “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;
- A second defined quantity of the “divine formative energy” produced by the third “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;

- A first defined quantity of the “divine formative energy” produced by the fourth “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”, marking the end of the tenth “transformation sub-step”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the six “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the products of the “divine work” accomplished by the fifth “Formative Divine Particle” will be at the entrance to the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

In addition to the products of the “divine work” accomplished by the second “Formative Divine Particle”, to the products of the “divine work” accomplished by the third “Formative Divine Particle”, and to the products of the “divine work” accomplished by the fourth “Formative Divine Particle”, the products of the “divine work” accomplished by the fifth “Formative Divine Particle”, once they enter the “Divine Septenary Equilibrium Zone”, they will also attenuate a defined quantity of the “divine generative energy” diluted remaining in this “Divine Septenary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Septenary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the fifth “Formative Divine Particle” increases.

CHAPTER 065

THE ELEVENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SEPTENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND SIX “FORMATIVE DIVINE PARTICLES”

The entry of products of the “divine work” accomplished by the fifth “Formative Divine Particle” in the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” marks the beginning of the eleventh “transformation sub-step”.

From this beginning of the eleventh “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A fourth defined quantity of the “divine generative energy” diluted, which was produced during the course of the first seven “transformation sub-steps”, as well as the products of the “divine work” accomplished by the “Generative Divine Particle” that still continue to enter this “Divine Septenary Equilibrium Zone”, will be attenuated in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the second, by the third, by the fourth, and by the fifth “Formative Divine Particles”;
- A fourth defined quantity of the “divine formative energy” produced by the second “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;
- A third defined quantity of the “divine formative energy” produced by the third “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;

- A second defined quantity of the “divine formative energy” produced by the fourth “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;
- A first defined quantity of the “divine formative energy” produced by the fifth “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”, marking the end of the eleventh “transformation sub-step”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the six “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the products of the “divine work” accomplished by the sixth “Formative Divine Particle” will be at the entrance to the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

In addition to the products of the “divine work” accomplished by the second “Formative Divine Particle”, to the products of the “divine work” accomplished by the third “Formative Divine Particle”, to the products of the “divine work” accomplished by the fourth “Formative Divine Particle”, and to the products of the “divine work” accomplished by the fifth “Formative Divine Particle”, the products of the “divine work” accomplished by the sixth “Formative Divine Particle”, once they enter the “Divine Septenary Equilibrium Zone”, they will also attenuate a defined quantity of the “divine generative energy” diluted remaining in this “Divine Septenary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Septenary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the sixth “Formative Divine Particle” increases.

CHAPTER 066

THE TWELFTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SEPTENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND SIX “FORMATIVE DIVINE PARTICLES”

The entry of products of the “divine work” accomplished by the sixth “Formative Divine Particle” in the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” marks the beginning of the twelfth “transformation sub-step”.

From this beginning of the twelfth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A fifth defined quantity of the “divine generative energy” diluted, which was produced during the course of the first seven “transformation sub-steps”, as well as the products of the “divine work” accomplished by the “Generative Divine Particle” that still continue to enter this “Divine Septenary Equilibrium Zone”, will be attenuated in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the second, by the third, by the fourth, by the fifth, and by the sixth “Formative Divine Particles”;
- A fifth defined quantity of the “divine formative energy” produced by the second “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;
- A fourth defined quantity of the “divine formative energy” produced by the third “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;

- A third defined quantity of the “divine formative energy” produced by the fourth “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;
- A second defined quantity of the “divine formative energy” produced by the fifth “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;
- A first defined quantity of the “divine formative energy” produced by the sixth “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”, marking the end of the twelfth “transformation sub-step”.

משי
ה
ס
פ
ר

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the six “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the products of the “divine work” accomplished by the first “Formative Divine Particle” will be at the entrance to the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

In addition to the products of the “divine work” accomplished by the second “Formative Divine Particle”, to the products of the “divine work” accomplished by the third “Formative Divine Particle”, to the products of the “divine work” accomplished by the fourth “Formative Divine Particle”, to the products of the “divine work” accomplished by the fifth “Formative Divine Particle”, and to the products of the “divine work” accomplished by the sixth “Formative Divine Particle”, the products of the “divine work” accomplished by the first “Formative Divine Particle”, once they enter the “Divine Septenary Equilibrium Zone”, they will also attenuate a defined quantity of the “divine generative energy” diluted remaining in this “Divine Septenary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Septenary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

The entry of the products of the “divine work” accomplished by the first “Formative Divine Particle” in the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” will mark the end of entry of the products of the “divine work” accomplished by the “Generative Divine Particle” in this “Divine Septenary Equilibrium Zone”.

From the beginning of the first “transformation sub-step” to the end of the twelfth “transformation sub-step”, twelve defined quantities of products of the “divine work” accomplished by the “Generative Divine Particle”, will enter the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Among these twelve defined quantities of products of the “divine work” accomplished by the “Generative Divine Particle”, seven will be transformed in this “Divine Septenary Equilibrium Zone” by seven proportions of the reagents of the “transformation step”, and seven defined quantities of the “divine generative energy” diluted, will be produced.

CHAPTER 066

THE TWELFTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN
THE “DIVINE SEPTENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND
SIX “FORMATIVE DIVINE PARTICLES”

CHAPTER 067

THE THIRTEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SEPTENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND SIX “FORMATIVE DIVINE PARTICLES”

The entry of products of the “divine work” accomplished by the first “Formative Divine Particle” in the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” marks the beginning of the thirteenth “transformation sub-step”.

From this beginning of the thirteenth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A sixth defined quantity of the “divine generative energy” diluted, which was produced during the course of the first seven “transformation sub-steps” will be attenuated in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the six “Formative Divine Particles”;
- A sixth defined quantity of the “divine formative energy” produced by the second “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;
- A fifth defined quantity of the “divine formative energy” produced by the third “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;
- A fourth defined quantity of the “divine formative energy” produced by the fourth “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;

- A third defined quantity of the “divine formative energy” produced by the fifth “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;
- A second defined quantity of the “divine formative energy” produced by the sixth “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;
- A first defined quantity of the “divine formative energy” produced by the first “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”, marking the end of the thirteenth “transformation sub-step” and the beginning of the fourteenth “transformation sub-step”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the six “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the products of the “divine work” accomplished by the six “Formative Divine Particles” continue to enter continuously the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Thus, the “divine electrical charge” of products that are available in this “Divine Septenary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

CHAPTER 068

THE FOURTEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SEPTENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND SIX “FORMATIVE DIVINE PARTICLES”

From this beginning of the fourteenth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- The seventh and last remaining defined quantity of the “divine generative energy” diluted, which was produced during the course of the first seven “transformation sub-steps” will be attenuated in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the six “Formative Divine Particles”;
- A seventh defined quantity of the “divine formative energy” produced by the second “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;
- A sixth defined quantity of the “divine formative energy” produced by the third “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;
- A fifth defined quantity of the “divine formative energy” produced by the fourth “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;
- A fourth defined quantity of the “divine formative energy” produced by the fifth “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;

- A third defined quantity of the “divine formative energy” produced by the sixth “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;
- A second defined quantity of the “divine formative energy” produced by the first “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”, marking the end of the fourteenth “transformation sub-step” and the beginning of the fifteenth “transformation sub-step”.

Thus, the “divine electrical charge” of products that are available in this “Divine Septenary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

CHAPTER 069

THE FIFTEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SEPTENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND SIX “FORMATIVE DIVINE PARTICLES”

From this beginning of the fifteenth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A first defined quantity of the “divine formative energy” diluted of the second “Formative Divine Particle” that was produced during the course of the eighth to the fourteenth “transformation sub-steps” will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Six other defined quantities of the “divine formative energy” diluted of the second “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.
- A seventh defined quantity of the “divine formative energy” produced by the third “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;
- A sixth defined quantity of the “divine formative energy” produced by the fourth “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;
- A fifth defined quantity of the “divine formative energy” produced by the fifth “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;

- A fourth defined quantity of the “divine formative energy” produced by the sixth “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;
- A third defined quantity of the “divine formative energy” produced by the first “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”, marking the end of the fifteenth “transformation sub-step” and the beginning of the sixteenth “transformation sub-step”.

Thus, the “divine electrical charge” of products that are available in this “Divine Septenary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

CHAPTER 070

THE SIXTEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SEPTENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND SIX “FORMATIVE DIVINE PARTICLES”

From this beginning of the sixteenth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A second defined quantity of the “divine formative energy” diluted of the second “Formative Divine Particle” that was produced during the course of the eighth to the fourteenth “transformation sub-steps” will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Five other defined quantities of the “divine formative energy” diluted of the second “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.
- A first defined quantity of the “divine formative energy” diluted of the third “Formative Divine Particle” that was produced during the course of the ninth to the fifteenth “transformation sub-steps” will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Six other defined quantities of the “divine formative energy” diluted of the third “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.
- A seventh defined quantity of the “divine formative energy” produced by the fourth “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;

- A sixth defined quantity of the “divine formative energy” produced by the fifth “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;
- A fifth defined quantity of the “divine formative energy” produced by the sixth “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;
- A fourth defined quantity of the “divine formative energy” produced by the first “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”, marking the end of the sixteenth “transformation sub-step” and the beginning of the seventeenth “transformation sub-step”.

Thus, the “divine electrical charge” of products that are available in this “Divine Septenary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

CHAPTER 071

THE SEVENTEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SEPTENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND SIX “FORMATIVE DIVINE PARTICLES”

From this beginning of the seventeenth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A third defined quantity of the “divine formative energy” diluted of the second “Formative Divine Particle” that was produced during the course of the eighth to the fourteenth “transformation sub-steps” will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Four other defined quantities of the “divine formative energy” diluted of the second “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.
- A second defined quantity of the “divine formative energy” diluted of the third “Formative Divine Particle” that was produced during the course of the ninth to the fifteenth “transformation sub-steps” will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Five other defined quantities of the “divine formative energy” diluted of the third “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.
- A first defined quantity of the “divine formative energy” diluted of the fourth “Formative Divine Particle” that was produced during the course of the tenth to the sixteenth “transformation sub-steps” will be

consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Six other defined quantities of the “divine formative energy” diluted of the fourth “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.

- A seventh defined quantity of the “divine formative energy” produced by the fifth “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;
- A sixth defined quantity of the “divine formative energy” produced by the sixth “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;
- A fifth defined quantity of the “divine formative energy” produced by the first “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”, marking the end of the seventeenth “transformation sub-step” and the beginning of the eighteenth “transformation sub-step”.

Thus, the “divine electrical charge” of products that are available in this “Divine Septenary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

CHAPTER 072

THE EIGHTEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SEPTENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND SIX “FORMATIVE DIVINE PARTICLES”

From this beginning of the eighteenth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A fourth defined quantity of the “divine formative energy” diluted of the second “Formative Divine Particle” that was produced during the course of the eighth to the fourteenth “transformation sub-steps” will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Three other defined quantities of the “divine formative energy” diluted of the second “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.
- A third defined quantity of the “divine formative energy” diluted of the third “Formative Divine Particle” that was produced during the course of the ninth to the fifteenth “transformation sub-steps” will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Four other defined quantities of the “divine formative energy” diluted of the third “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.
- A second defined quantity of the “divine formative energy” diluted of the fourth “Formative Divine Particle” that was produced during the course of the tenth to the sixteenth “transformation sub-steps” will be

consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Five other defined quantities of the “divine formative energy” diluted of the fourth “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.

- A first defined quantity of the “divine formative energy” diluted of the fifth “Formative Divine Particle” that was produced during the course of the eleventh to the seventeenth “transformation sub-steps” will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Six other defined quantities of the “divine formative energy” diluted of the fifth “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.
- A seventh defined quantity of the “divine formative energy” produced by the sixth “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”;
- A sixth defined quantity of the “divine formative energy” produced by the first “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”, marking the end of the eighteenth “transformation sub-step” and the beginning of the nineteenth “transformation sub-step”.

Thus, the “divine electrical charge” of products that are available in this “Divine Septenary Equilibrium Zone” will decrease further as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

ס
פר

CHAPTER 073

THE NINETEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SEPTENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND SIX “FORMATIVE DIVINE PARTICLES”

From this beginning of the nineteenth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A fifth defined quantity of the “divine formative energy” diluted of the second “Formative Divine Particle” that was produced during the course of the eighth to the fourteenth “transformation sub-steps” will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Two other defined quantities of the “divine formative energy” diluted of the second “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.
- A fourth defined quantity of the “divine formative energy” diluted of the third “Formative Divine Particle” that was produced during the course of the ninth to the fifteenth “transformation sub-steps” will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Three other defined quantities of the “divine formative energy” diluted of the third “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.
- A third defined quantity of the “divine formative energy” diluted of the fourth “Formative Divine Particle” that was produced during the course of the tenth to the sixteenth “transformation sub-steps” will be

consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Four other defined quantities of the “divine formative energy” diluted of the fourth “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.

- A second defined quantity of the “divine formative energy” diluted of the fifth “Formative Divine Particle” that was produced during the course of the eleventh to the seventeenth “transformation sub-steps” will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Five other defined quantities of the “divine formative energy” diluted of the fifth “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.
- A first defined quantity of the “divine formative energy” diluted of the sixth “Formative Divine Particle” that was produced during the course of the twelfth to the eighteenth “transformation sub-steps” will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Six other defined quantities of the “divine formative energy” diluted of the sixth “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.
- A seventh defined quantity of the “divine formative energy” produced by the first “Formative Divine Particle” will also be transmitted to the “Divine Septenary Equilibrium Zone”, marking the end of the nineteenth “transformation sub-step” and the beginning of the twentieth “transformation sub-step”.

Thus, the “divine electrical charge” of products that are available in this “Divine Septenary Equilibrium Zone” will decrease and will be determined by the amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” increases.

From the beginning of the thirteenth “transformation sub-step” to the end of this nineteenth “transformation sub-step”, seven defined quantities of products of the “divine work” accomplished by the first “Formative Divine Particle” will be produced, transmitted to this “Divine Septenary Equilibrium Zone”, and transformed in this “Divine Septenary Equilibrium Zone” by the products of the

“divine work” accomplished by the five others “Formative Divine Particles”. This amount of “divine formative energy” diluted of the first “Formative Divine Particle”, that is, which is produced by the first “Formative Divine Particle”, transmitted and transformed in this “Divine Septenary Equilibrium Zone”, will be at its peak at the end of this nineteenth “transformation sub-step”.

From the beginning of the eighth “transformation sub-step” to the end of this nineteenth “transformation sub-step”, twelve defined quantities of products of the “divine work” accomplished by the second “Formative Divine Particle” will be produced and transmitted to this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Among these twelve defined quantities of products of the “divine work” accomplished by the second “Formative Divine Particle”, seven will be transformed in this “Divine Septenary Equilibrium Zone” by seven proportions of the reagents of the “transformation step”, and seven defined quantities of the “divine formative energy” diluted of the second “Formative Divine Particle” will be produced.

Among these seven defined quantities of the “divine formative energy” diluted from the second “Formative Divine Particle”, five will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the six “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the end of this nineteenth “transformation sub-step” will also mark the end of entry of the products of the “divine work” accomplished by the second “Formative Divine Particle” in this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

CHAPTER 073

THE NINETEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP”
MODEL IN THE “DIVINE SEPTENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE
PARTICLE” AND SIX “FORMATIVE DIVINE PARTICLES”

CHAPTER 074

THE TWENTIETH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SEPTENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND SIX “FORMATIVE DIVINE PARTICLES”

This end of entry of the products of the second “Formative Divine Particle” in this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” also marks the beginning of the twentieth “transformation sub-step”.

From this beginning of the twentieth “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A fifth defined quantity of the “divine formative energy” diluted of the third “Formative Divine Particle” that was produced during the course of the ninth to the fifteenth “transformation sub-steps” will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Two other defined quantities of the “divine formative energy” diluted of the third “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.
- A fourth defined quantity of the “divine formative energy” diluted of the fourth “Formative Divine Particle” that was produced during the course of the tenth to the sixteenth “transformation sub-steps” will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Three other defined quantities of the “divine formative

energy” diluted of the fourth “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.

- A third defined quantity of the “divine formative energy” diluted of the fifth “Formative Divine Particle” that was produced during the course of the eleventh to the seventeenth “transformation sub-steps” will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Four other defined quantities of the “divine formative energy” diluted of the fifth “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.
- A second defined quantity of the “divine formative energy” diluted of the sixth “Formative Divine Particle” that was produced during the course of the twelfth to the eighteenth “transformation sub-steps” will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Five other defined quantities of the “divine formative energy” diluted of the sixth “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.
- A first defined quantity of the “divine formative energy” diluted of the first “Formative Divine Particle” that was produced during the course of the thirteenth to the nineteenth “transformation sub-steps” will be consumed in this “Divine Septenary Equilibrium Zone”. Six other defined quantities of the “divine formative energy” diluted of the first “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Septenary Equilibrium Zone” will stop decreasing and start to increase, but it will still be determined by the amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” decreases.

From the beginning of the ninth “transformation sub-step” to the end of this twentieth “transformation sub-step”, twelve defined quantities of products of the “divine work” accomplished by the third “Formative Divine Particle” will be produced and transmitted to this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Among these twelve defined quantities of products of the “divine work” accomplished by the third “Formative Divine Particle”, seven will be transformed in this “Divine Septenary Equilibrium Zone” by seven proportions of the reagents of the “transformation step”, and seven defined quantities of the “divine formative energy” diluted of the third “Formative Divine Particle” will be produced.

Among these seven defined quantities of the “divine formative energy” diluted from the third “Formative Divine Particle”, five will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the six “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the end of this twentieth “transformation sub-step” will also mark the end of entry of the “divine work” accomplished by the products of the third “Formative Divine Particle” in this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

יצירה של ספר

CHAPTER 074
THE TWENTIETH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL
IN THE “DIVINE SEPTENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE”
AND SIX “FORMATIVE DIVINE PARTICLES”

CHAPTER 075

THE TWENTY-FIRST “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SEPTENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND SIX “FORMATIVE DIVINE PARTICLES”

This end of entry of the products of the “divine work” accomplished by the third “Formative Divine Particle” in this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” also marks the beginning of the twenty-first “transformation sub-step”.

From this beginning of the twenty-first “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A fifth defined quantity of the “divine formative energy” diluted of the fourth “Formative Divine Particle” that was produced during the course of the tenth to the sixteenth “transformation sub-steps” will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Two other defined quantities of the “divine formative energy” diluted of the fourth “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.
- A fourth defined quantity of the “divine formative energy” diluted of the fifth “Formative Divine Particle” that was produced during the course of the eleventh to the seventeenth “transformation sub-steps” will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Three other defined quantities of the “divine formative

energy” diluted of the fifth “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.

- A third defined quantity of the “divine formative energy” diluted of the sixth “Formative Divine Particle” that was produced during the course of the twelfth to the eighteenth “transformation sub-steps” will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Four other defined quantities of the “divine formative energy” diluted of the sixth “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.
- A second defined quantity of the “divine formative energy” diluted of the first “Formative Divine Particle” that was produced during the course of the thirteenth to the nineteenth “transformation sub-steps” will be consumed in this “Divine Septenary Equilibrium Zone”. Five other defined quantities of the “divine formative energy” diluted of the first “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Septenary Equilibrium Zone” will increase further, but it will still be determined by the amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” decreases.

From the beginning of the tenth “transformation sub-step” to the end of this twenty-first “transformation sub-step”, twelve defined quantities of products of the “divine work” accomplished by the fourth “Formative Divine Particle” will be produced and transmitted to this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Among these twelve defined quantities of products of the “divine work” accomplished by the fourth “Formative Divine Particle”, seven will be transformed in this “Divine Septenary Equilibrium Zone” by seven proportions of the reagents of the “transformation step”, and seven defined quantities of the “divine formative energy” diluted of the fourth “Formative Divine Particle” will be produced.

Among these seven defined quantities of the “divine formative energy” diluted from the fourth “Formative Divine Particle”, five will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the six “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the end of this twenty-first “transformation sub-step” will also mark the end of entry of the products of the “divine work” accomplished by the fourth “Formative Divine Particle” in this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

CHAPTER 075

THE TWENTY-FIRST “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP”
MODEL IN THE “DIVINE SEPTENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE
PARTICLE” AND SIX “FORMATIVE DIVINE PARTICLES”

CHAPTER 076

THE TWENTY-SECOND “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SEPTENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND SIX “FORMATIVE DIVINE PARTICLES”

This end of entry of the products of the “divine work” accomplished by the fourth “Formative Divine Particle” in this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” also marks the beginning of the twenty-second “transformation sub-step”.

From this beginning of the twenty-second “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A fifth defined quantity of the “divine formative energy” diluted of the fifth “Formative Divine Particle” that was produced during the course of the eleventh to the seventeenth “transformation sub-steps” will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Two other defined quantities of the “divine formative energy” diluted of the fifth “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.
- A fourth defined quantity of the “divine formative energy” diluted of the sixth “Formative Divine Particle” that was produced during the course of the twelfth to the eighteenth “transformation sub-steps” will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Three other defined quantities of the “divine formative

- A third defined quantity of the “divine formative energy” diluted of the first “Formative Divine Particle” that was produced during the course of the thirteenth to the nineteenth “transformation sub-steps” will be consumed in this “Divine Septenary Equilibrium Zone”. Four other defined quantities of the “divine formative energy” diluted of the first “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.

From the beginning of the eleventh “transformation sub-step” to the end of this twenty-second “transformation sub-step”, twelve defined quantities of products of the “divine work” accomplished by the fifth “Formative Divine Particle” will be produced and transmitted to this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Among these seven defined quantities of the “divine formative energy” diluted from the fifth “Formative Divine Particle”, five will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the six “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the end of this twenty-second “transformation sub-step” will also mark the end of entry of the products of the “divine work” accomplished by the fifth “Formative Divine Particle” in this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

CHAPTER 077

THE TWENTY-THIRD “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SEPTENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND SIX “FORMATIVE DIVINE PARTICLES”

This end of entry of the products of the fifth “Formative Divine Particle” in this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” also marks the beginning of the twenty-third “transformation sub-step”.

From this beginning of the twenty-third “transformation sub-step”, with the passage of time and the movement of the “Generative Divine Particle”:

- A fifth defined quantity of the “divine formative energy” diluted of the sixth “Formative Divine Particle” that was produced during the course of the twelfth to the eighteenth “transformation sub-steps” will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”. Two other defined quantities of the “divine formative energy” diluted of the sixth “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.
- A fourth defined quantity of the “divine formative energy” diluted of the first “Formative Divine Particle” that was produced during the course of the thirteenth to the nineteenth “transformation sub-steps” will be consumed in this “Divine Septenary Equilibrium Zone”. Three other defined quantities of the “divine formative energy” diluted of the first “Formative Divine Particle”, will still be present in this “Divine Septenary Equilibrium Zone”.

Thus, the “divine electrical charge” of products that are available in this “Divine Septenary Equilibrium Zone” will increase further, but it will still be determined by the amount of “divine formative energy” diluted of the first “Formative Divine Particle”; namely, as the amount of products of the “divine work” accomplished by the first “Formative Divine Particle” decreases.

From the beginning of the twelfth “transformation sub-step” to the end of this twenty-third “transformation sub-step”, twelve defined quantities of products of the “divine work” accomplished by the sixth “Formative Divine Particle” will be produced and transmitted to this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

מ
ר
ב
ה

Among these twelve defined quantities of products of the “divine work” accomplished by the sixth “Formative Divine Particle”, seven will be transformed in this “Divine Septenary Equilibrium Zone” by seven proportions of the reagents of the “transformation step”, and seven defined quantities of the “divine formative energy” diluted of the sixth “Formative Divine Particle” will be produced.

ס
ג
ר

Among these seven defined quantities of the “divine formative energy” diluted from the sixth “Formative Divine Particle”, five will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the six “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the end of this twenty-third “transformation sub-step” will also mark the end of entry of the products of the “divine work” accomplished by the sixth “Formative Divine Particle” in this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

THE TWENTY-FOURTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “DIVINE SEPTENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND SIX “FORMATIVE DIVINE PARTICLES”

名品

名品

- 名品

名品

名品

the “divine work” accomplished by the first “Formative Divine Particle” will be produced and transmitted to this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

Among these twelve defined quantities of products of the “divine work” accomplished by the first “Formative Divine Particle”, seven will be transformed in this “Divine Septenary Equilibrium Zone” by seven proportions of the reagents of the “transformation step”, and seven defined quantities of the “divine formative energy” diluted of the first “Formative Divine Particle” will be produced.

Among these seven defined quantities of the “divine formative energy” diluted from the first “Formative Divine Particle”, five will be consumed in this “Divine Septenary Equilibrium Zone” by the products of the “divine work” accomplished by the first “Formative Divine Particle”.

Therefore, through the perfect synchronization of “Movement of Formative Divine Particle” of each of the six “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the end of this twenty-fourth “transformation sub-step” will also mark the end of entry of the products of the “divine work” accomplished by the first “Formative Divine Particle” in this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

This end of entry of the products of the “divine work” accomplished by first “Formative Divine Particle” in this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle” also marks the end of the “transformation step” of the products of the “divine work” accomplished by the “Generative Divine Particle” by the reagents of the “transformation step” in the “Divine Septenary Configuration” of seven “Divine Particles”.

Thus, in the “Divine Septenary Configuration” of seven “Divine Particles”, a “transformation step” of the products of the “divine work” accomplished by the “Generative Divine Particle” by the reagents of the “transformation step” will come to its end and keep the stability of the proportion of the products of the “divine work” accomplished by the six “Formative Divine Particles” in this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

At the end of this “transformation step”, the following will be present in the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”:

- A “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”. Both defined quantities of the “divine formative energy” diluted of the first “Formative Divine Particle” that are still present in this “Divine Septenary Equilibrium Zone” constitute this “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.
- A “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”. Both defined quantities of the “divine formative energy” diluted of the second “Formative Divine Particle” that are still present in this “Divine Septenary Equilibrium Zone” constitute this “secondary proportion” of the “secondary unit” of products of the “divine work” accomplished by the second “Formative Divine Particle”.
- A “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”. Both defined quantities of the “divine formative energy” diluted of the third “Formative Divine Particle” that are still present in this “Divine Septenary Equilibrium Zone” constitute this “tertiary proportion” of the “tertiary unit” of products of the “divine work” accomplished by the third “Formative Divine Particle”.
- A “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”. Both defined quantities of the “divine formative energy” diluted of the fourth “Formative Divine Particle” that are still present in this “Divine Septenary Equilibrium Zone” constitute this “quaternary proportion” of the “quaternary unit” of products of the “divine work” accomplished by the fourth “Formative Divine Particle”.
- A “quinary proportion” of the “quinary unit” of products of the “divine work” accomplished by the fifth “Formative Divine Particle”. Both defined quantities of the “divine formative energy” diluted of the fifth “Formative Divine Particle” that are still present in this “Divine Septenary Equilibrium Zone” constitute this “quinary proportion” of the “quinary unit” of products of the “divine work” accomplished by the fifth “Formative Divine Particle”.
- A “senary proportion” of the “senary unit” of products of the “divine work” accomplished by the sixth “Formative Divine Particle”. Both

defined quantities of the “divine formative energy” diluted of the sixth “Formative Divine Particle” that are still present in this “Divine Septenary Equilibrium Zone” constitute this “senary proportion” of the “senary unit” of products of the “divine work” accomplished by the sixth “Formative Divine Particle”.

In this unique “Divine Septenary Configuration” of one “Generative Divine Particle” and six “Formative Divine Particles”, the time span common to the “primary transformation”, to the “secondary transformation”, to the “tertiary transformation”, to the “quaternary transformation”, to the “quinary transformation”, to the “senary transformation”, and to the “‘end of cycle’ transformation” is less than the time span common to the “primary transformation”, to the “secondary transformation”, to the “tertiary transformation”, to the “quaternary transformation”, to the “quinary transformation”, and to the “‘end of cycle’ transformation”, on any stable “Divine Senary Configuration” of one “Generative Divine Particle” and five “Formative Divine Particles”.

SOME FEATURES OF THE “DIVINE SEPTENARY CONFIGURATION” OF ONE “GENERATIVE DIVINE PARTICLE” AND SIX “FORMATIVE DIVINE PARTICLES”

Therefore, for any first “Formative Divine Particle” selected among the six “Formative Divine Particles”, with the passage of time and through the perfect synchronization of the movement of each of the six “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, the “Divine Secondary Equilibrium Space” of this first “Formative Divine Particle”

²³ As you would know already, this number “six”, as with the six “Formative Divine Particles”, which provided the ultimate stability of the unique “Divine Septenary Configuration” of one “Generative Divine Particle” and six “Formative Divine Particles”, also possesses very interesting properties:

- “Six” is a highly composite number (that is to say, a positive integer that can be formed by multiplying two smaller positive integers), the second-smallest composite number, and the first perfect number (that is to say, a positive integer that is equal to the sum of its positive divisors, excluding the number itself). That is, $1 \times 2 \times 3 = 1 + 2 + 3 = 6$.
- In a related matter, six is the only number that is both the sum and the product of three consecutive natural numbers (1, 2, and 3).
- Six is the smallest composite squarefree integer, and by extension, the first natural number with two distinct prime factors (2 and 3).

with respect to the “Generative Divine Particle” and which is described by a complete flow path of the “Generative Divine Particle”, will be affected by the products of the “divine work” accomplished by the six “Formative Divine Particles”.

Thus, the appearances and consumptions of these products of the “divine work” accomplished by the six “Formative Divine Particles” will delineate this “Divine Secondary Equilibrium Space” of this first “Formative Divine Particle” with respect to the “Generative Divine Particle” in several equilibrium regions through which will pass: the “Divine Septenary Equilibrium Zone”, the “Divine Senary Equilibrium Zones”, the “Divine Quinary Equilibrium Zones”, the “Divine Quaternary Equilibrium Zones”, the “Divine Tertiary Equilibrium Zones”, and the “Divine Secondary Equilibrium Zone” of that selected first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

For a first “Formative Divine Particle” chosen among the six “Formative Divine Particles”, each of them in “Movement of Formative Divine Particle” synchronized with the movement of the “Generative Divine Particle” and with the movements of the five others “Formative Divine Particles”, and a complete flow path of the “Generative Divine Particle”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has established:

- The unique “Divine Secondary Equilibrium Region” of origin of the first selected “Formative Divine Particle” with respect to the “Generative Divine Particle” and in which are the products of the “divine work” accomplished by the first selected “Formative Divine Particle”.
- All the six “Divine Secondary Equilibrium Regions” with respect to the “Generative Divine Particle” and which are created by all six choices of one “Formative Divine Particle” among the six, without repetition and in ascending order of taking into account the “Formative Divine Particle”.

In each of these six “Divine Secondary Equilibrium Regions” with respect to the “Generative Divine Particle”, are the products of the “divine work” accomplished by the “Formative Divine Particle” that generates the considered “Divine Secondary Equilibrium Region” with respect to “Generative Divine Particle”.

- All the fifteen “Divine Tertiary Equilibrium Regions” with respect to the “Generative Divine Particle” and which are created by all choice of two “Formative Divine Particles” different one from another, chosen among

the six, without repetition and in ascending order of taking into account the “Formative Divine Particle”.

In each of these fifteen “Divine Tertiary Equilibrium Regions” with respect to the “Generative Divine Particle”, are the products of the “divine work” accomplished by each of the two selected “Formative Divine Particles” that generate the considered “Divine Tertiary Equilibrium Region” with respect to “Generative Divine Particle”.

- All the twenty “Divine Quaternary Equilibrium Regions” with respect to the “Generative Divine Particle” and which are created by all choice of three “Formative Divine Particles” different one from another, chosen among the six, without repetition and in ascending order of taking into account the “Formative Divine Particle”.

In each of these twenty “Divine Quaternary Equilibrium Regions” with respect to the “Generative Divine Particle”, are the products of the “divine work” accomplished by each of the three selected “Formative Divine Particles” that generate the considered “Divine Quaternary Equilibrium Region” with respect to “Generative Divine Particle”.

- All the fifteen “Divine Quinary Equilibrium Regions” with respect to the “Generative Divine Particle” and which are created by all choice of four “Formative Divine Particles” different one from another, chosen among the six, without repetition and in ascending order of taking into account the “Formative Divine Particle”.

In each of these fifteen “Divine Quinary Equilibrium Regions” with respect to the “Generative Divine Particle”, are the products of the “divine work” accomplished by each of the four selected “Formative Divine Particles” that generate the considered “Divine Tertiary Equilibrium Region” with respect to “Generative Divine Particle”.

- All the six “Divine Senary Equilibrium Regions” with respect to the “Generative Divine Particle” and which are created by all six choices of five “Formative Divine Particles” among the six, without repetition and in ascending order of taking into account the “Formative Divine Particle”.

In each of these six “Divine Senary Equilibrium Regions” with respect to the “Generative Divine Particle”, are the products of the “divine

work” accomplished by each of the five “Formative Divine Particles” that generates the considered “Divine Senary Equilibrium Region” with respect to “Generative Divine Particle”.

- The unique “Divine Septenary Equilibrium Region” created by the six “Formative Divine Particles” with respect to the “Generative Divine Particle” and in which are the products of the “divine work” accomplished by each of the six “Formative Divine Particles” considered.

מציבה

Each “Divine Secondary Equilibrium Region” with respect to the “Generative Divine Particle” and in which appear the products of the “divine work” accomplished by a selected “Formative Divine Particle” is mapped to the unique “Divine Senary Equilibrium Region” with respect to the “Generative Divine Particle” and in which no longer appear the products of the “divine work” accomplished by the selected “Formative Divine Particle”, as shown in the Table of the complete flow path of the “Generative Divine Particle”.

On a complete flow path of the “Generative Divine Particle” in the “Divine Septenary Configuration” for a first “Formative Divine Particle” selected among the six “Formative Divine Particles”, in synchronized movements between them and each in synchronized “Movement of Formative Divine Particle” with the movement of the “Generative Divine Particle”, the “Divine Secondary Equilibrium Region” of this first selected “Formative Divine Particle”, with respect to the “Generative Divine Particle”, is redundant with the “Divine Secondary Equilibrium Region” of origin of this same selected “Formative Divine Particle”, with respect to the “Generative Divine Particle”.

In addition, the “Divine Septenary Equilibrium Zone”, the “Divine Senary Equilibrium Zones”, the “Divine Quinary Equilibrium Zones”, the “Divine Quaternary Equilibrium Zones”, the “Divine Tertiary Equilibrium Zones”, and the “Divine Secondary Equilibrium Zone” of that selected first “Formative Divine Particle” with respect to the “Generative Divine Particle”, will not pass through the “Divine Secondary Equilibrium Region” of each of the remaining five others “Formative Divine Particles” with respect to the “Generative Divine Particle”.

But the products of the “divine work” accomplished by each of these five others “Formative Divine Particles” (other than the first “Formative Divine Particle” that was selected among the six “Formative Divine Particles”) will be present respectively in five “Divine Tertiary Equilibrium Regions”.

① (resp. ②, ③, ④, ⑤, ⑥): appearance of products of the “divine work” accomplished by the “Formative Divine Particle” bearing the label ① (resp. ②, ③, ④, ⑤, ⑥) in the “Divine Secondary Equilibrium Region” of the first selected “Formative Divine Particle”, with respect to the “Generative Divine Particle”.

S.E.R.O.: Secondary Equilibrium Region of Origin;

S.E.R.: Secondary Equilibrium Region; Redundant

T.E.R.: Tertiary Equilibrium Region;

Q.E.R.: Quaternary Equilibrium Region;

Qi.E.R.: Quinary Equilibrium Region;

Se.E.R.: Senary Equilibrium Region; Redundant

Sp.E.R.: Septenary Equilibrium Region.

Therefore, the “Divine Secondary Equilibrium Region” of each of these five others “Formative Divine Particles” remaining, with respect to the “Generative Divine Particle”, will be also redundant respectively with the “Divine Tertiary Equilibrium Region” from the first “Formative Divine Particle” considered and in which appear the products of the “divine work” accomplished by these five others “Formative Divine Particles”.

Therefore, the six “Divine Secondary Equilibrium Regions” will be redundant on a complete flow path of the “Generative Divine Particle” of the “Divine Septenary Configuration”. Furthermore, the “primary transformation”, the “secondary transformation”, the “tertiary transformation”, the “quaternary transformation”, the “quinary transformation”, the “senary transformation”, and the “‘end of cycle’ transformation” in the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” considered, will not take place in these six redundant “Divine Secondary Equilibrium Regions”. These six redundant “Divine Secondary Equilibrium Regions” are regarded as marking points along the path of the complete flow path of the “Generative Divine Particle” of the “Divine Septenary Configuration”.

Each of these six “Divine Secondary Equilibrium Regions” with respect to the “Generative Divine Particle” and in which appear the products of the “divine work” accomplished by a selected “Formative Divine Particle” is respectively mapped to the unique “Divine Senary Equilibrium Region” with respect to the “Generative Divine Particle” and in which no longer appear the products of the “divine work” accomplished by the selected “Formative Divine Particle” which

generated the “Divine Secondary Equilibrium Region” considered, as shown in the Table of the complete flow path of the “Generative Divine Particle”.

The sixth “Divine Senary Equilibrium Region” and in which no longer appear the products of the “divine work” accomplished by the first selected “Formative Divine Particle” is redundant with the “Divine Septenary Equilibrium Region” of this same first “Formative Divine Particle” with respect to the “Generative Divine Particle”.

In addition, the “Divine Septenary Equilibrium Zone”, the “Divine Senary Equilibrium Zones”, the “Divine Quinary Equilibrium Zones”, the “Divine Quaternary Equilibrium Zones”, the “Divine Tertiary Equilibrium Zones”, and the “Divine Secondary Equilibrium Zone” of that selected first “Formative Divine Particle” with respect to the “Generative Divine Particle”, will not pass through the “Divine Senary Equilibrium Region” of each of the remaining five others “Formative Divine Particles” with respect to the “Generative Divine Particle”.

But the products of the “divine work” accomplished by each of these five others “Formative Divine Particles” (other than the first “Formative Divine Particle” that was selected among the six “Formative Divine Particles”) will be present respectively in the last five “Divine Quinary Equilibrium Regions”.

Therefore, the “Divine Senary Equilibrium Region” of each of these five others “Formative Divine Particles” remaining, with respect to the “Generative Divine Particle”, will be also redundant respectively with the “Divine Quinary Equilibrium Region” from the first “Formative Divine Particle” considered and in which no longer appear the products of the “divine work” accomplished by the first selected “Formative Divine Particle”.

Therefore, the six “Divine Senary Equilibrium Regions” will be redundant on a complete flow path of the “Generative Divine Particle” of the “Divine Septenary Configuration”. Furthermore, the “primary transformation”, the “secondary transformation”, the “tertiary transformation”, the “quaternary transformation”, the “quinary transformation”, the “senary transformation”, and the “‘end of cycle’ transformation” in the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” considered, will not take place in these six redundant “Divine Senary Equilibrium Regions”. These six redundant “Divine Senary Equilibrium Regions” are also regarded as marking points along the path of the complete flow path of the “Generative Divine Particle” of the “Divine Septenary Configuration”.

Thus, for a first “Formative Divine Particle” chosen among the six “Formative Divine Particles”, with the passage of time and through the perfect synchronization of the movement of each of the six “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, on the sixty-four “Divine Equilibrium Regions” which will appear throughout a complete flow path of the “Generative Divine Particle”, the “primary transformation”, the “secondary transformation”, the “tertiary transformation”, the “quaternary transformation”, the “quinary transformation”, the “senary transformation”, and the “‘end of cycle’ transformation” in the “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” considered, will take place only when this “Divine Septenary Equilibrium Zone” passes through the remaining fifty-two “Divine Equilibrium Regions” besides the six redundant “Divine Secondary Equilibrium Regions” and the six redundant “Divine Senary Equilibrium Regions”.

For any “Formative Divine Particle” chosen among the six “Formative Divine Particles” of the “Divine Septenary Configuration”, each of the fifty-two non-redundant “Divine Equilibrium Regions” through the proportions, of products of the “divine work” of the “Formative Divine Particles”, which it contains, also indicates with respect to this “Formative Divine Particle” considered, all the details concerning the positions and movements of all the other “Formative Divine Particles” constituent of this unique “Divine Septenary Configuration”. Those proportions are detailed manifestations of the movements and effects of those “Formative Divine Particles” onto each of the fifty-two non-redundant “Divine Equilibrium Regions”.²⁴

²⁴ When “THE DIVINE” will manifest this “Divine Septenary Configuration” into existence and on a scale that will be billions of times greater than that of the “Divine Particle”, in the void space in which HE will carry out His PROJECT, this statement which is based on a rigorous demonstration, by “THE DIVINE FORCE”, and which has the character of a theorem in mathematics, will be the origin of that, which will be called: “ASTROLOGY” — which is the contemplation of the eternal truths in the symbols provided by the manifestations of this unique “Divine Septenary Configuration” of one “Generative Divine Particle” and six “Formative Divine Particles”, considered in their relations between them, in their positions in their effects. Those symbols will be represented by the movement of celestial globes (among others the Sun and the Moon, and other Luminaires). “ASTROLOGY” will become the art of interpreting these particular configurations with the passage of time, establishing a map of the sky, in order to determine the effects in the manifestations of these fifty-two non-redundant “Divine Equilibrium Regions”, in order to predict that, which will be called the “FUTURE”.

Thus, regardless of the passage of time, and only from the proportions of products of the “divine work” of the “Formative Divine Particles”, prescribed in any non-redundant “Divine Equilibrium Region” chosen among the fifty-two non-redundant “Divine Equilibrium Regions”, the exact positions of all the “Formative Divine Particles” constituent of this “Divine Septenary Configuration” are determined around the “Generative Divine Particle”.

Because of the perfect synchronization of the “Movement of Formative Divine Particle” of each of the six “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, and from a selected “Formative Divine Particle”, chosen among the six “Formative Divine Particles”, the complete flow path of the “Generative Divine Particle” can be observed from two angles:

- From the “Divine Septenary Equilibrium Zone” of the selected “Formative Divine Particle” with respect to the “Generative Divine Particle”, moving through the fifty-two non-redundant “Divine Equilibrium Regions”; or
- From the “Divine Secondary Equilibrium Zone” of the selected “Formative Divine Particle” with respect to the “Generative Divine Particle”, moving through the twelve redundant “Divine Equilibrium Regions”.

The complete flow path of the “Generative Divine Particle” can be observed from the perspective of the “Divine Septenary Equilibrium Zone” of the selected “Formative Divine Particle” with respect to the “Generative Divine Particle”, moving through the fifty-two non-redundant “Divine Equilibrium Regions”. The “Divine Septenary Equilibrium Zone” of a selected “Formative Divine Particle” with respect to the “Generative Divine Particle” and that (this “Divine Septenary Equilibrium Zone”) is driven through synchronization with the movement of the “Generative Divine Particle”, will pass through all the fifty-two non-redundant “Divine Equilibrium Regions”.

In each of these fifty-two non-redundant “Divine Equilibrium Regions”, will take place once and only once: the “primary transformation”, the “secondary transformation”, the “tertiary transformation”, the “quaternary transformation”, the “quinary transformation”, the “senary transformation”, and the “‘end of cycle’ transformation” of products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles”.

When the “Divine Septenary Equilibrium Zone” of the selected “Formative Divine Particle” with respect to the “Generative Divine Particle” enters one of these fifty-two non-redundant “Divine Equilibrium Regions”, then, this entry indicates the beginning of the first “transformation step”, which is associated with the “primary transformation”, of products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the “Formative Divine Particle” that generated the “Divine Septenary Equilibrium Zone” considered, with respect to the “Generative Divine Particle”.

Once this first “transformation step” has been accomplished, then, the second “transformation step”, which is associated with the “secondary transformation”, will take place. Once this second “transformation step” has been accomplished, then, the third “transformation step”, which is associated with “tertiary transformation”, will take place. Once this third “transformation step” has been accomplished, then, the fourth “transformation step”, which is associated with the “quaternary transformation”, will take place. Once this fourth “transformation step” has been accomplished, then, the fifth “transformation step”, which is associated with the “quinary transformation”, will take place. Once this fifth “transformation step” has been accomplished, then, the sixth “transformation step”, which is associated with the “senary transformation”, will take place. Once this sixth “transformation step” has been accomplished, then, the seventh “transformation step”, which is associated with the “‘end of cycle’ transformation”, will take place.

At the end of each of these seven “transformation steps”, the “Divine Septenary Equilibrium Zone” moves each time a “measure of transformation step” towards the next in line non-redundant “Divine Equilibrium Region” among the fifty-two non-redundant “Divine Equilibrium Regions”. The completion of the seventh “transformation step”, which is associated with the “‘end of cycle’ transformation”, indicates the entrance of the “Divine Septenary Equilibrium Zone” considered in another of these fifty-two non-redundant “Divine Equilibrium Regions”, following the order in which these fifty-two non-redundant “Divine Equilibrium Regions” appear along the path of the complete flow path of the “Generative Divine Particle”.

At the completion of this seventh “transformation step”, the “Divine Septenary Equilibrium Zone” has moved seven times the “measure of transformation step” towards the next in line non-redundant “Divine Equilibrium Region” among the fifty-two non-redundant “Divine Equilibrium Regions”.

Therefore, the time of passage of the “Divine Septenary Equilibrium Zone” in each of these fifty-two non-redundant “Divine Equilibrium Regions” will be equal to seven times the “measure of transformation step” of products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles”.

Therefore, a complete flow path of the “Generative Divine Particle” through the fifty-two non-redundant “Divine Equilibrium Regions” will correspond to seven times the “measure of transformation step” in each of the fifty-two non-redundant “Divine Equilibrium Regions”; that is, three hundred and sixty-four times the “measure of transformation step” of products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” in the “Divine Septenary Equilibrium Zone” considered, with respect to the “Generative Divine Particle”.

The complete flow path of the “Generative Divine Particle” can also be observed from the perspective of the “Divine Secondary Equilibrium Zone” of the selected “Formative Divine Particle” with respect to the “Generative Divine Particle”, moving through the twelve redundant “Divine Equilibrium Regions”. Here, one observes the passages of the “transformation steps”, at the level of each of the twelve redundant “Divine Equilibrium Regions”, of the selected “Formative Divine Particle” with respect to the “Generative Divine Particle”. Each of the twelve redundant “Divine Equilibrium Regions” of the selected “Formative Divine Particle” with respect to the “Generative Divine Particle” will see passing through itself all the products of the “divine works” accomplished by each of the five others “Formative Divine Particles” in all the fifty-two non-redundant “Divine Equilibrium Regions”.

By considering the products of the “divine work” accomplished by a selected “Formative Divine Particle”, throughout the movement of the “Generative Divine Particle”, the redundant “Divine Secondary Equilibrium Region” of a selected “Formative Divine Particle” with respect to the “Generative Divine Particle”, is called an “entry gate” of the products of the “divine work” accomplished by the selected “Formative Divine Particle”. The unique “Divine Senary Equilibrium Region” with respect to the “Generative Divine Particle”, in which no longer appear the surpluses of products of the “divine work” accomplished by the selected “Formative Divine Particle”, is called an “exit gate” of the products of the “divine work” accomplished by the selected “Formative Divine Particle”.

These surpluses of products no longer appear in this unique “Divine Senary Equilibrium Region” with respect to the “Generative Divine Particle” because they

were all consumed during transit from the “Divine Secondary Equilibrium Region” of the selected “Formative Divine Particle” with respect to the “Generative Divine Particle”, in order to transform the products of the “divine work” accomplished by the “Generative Divine Particle”.

Therefore, to the six “Formative Divine Particles” of the “Divine Septenary Configuration”, are respectively associated six “entry gates” of the products of the “divine work” accomplished by the six “Formative Divine Particles”. These six “entry gates” correspond to the six redundant “Divine Secondary Equilibrium Regions”. To these six “Formative Divine Particles” constituent of the “Divine Septenary Configuration” are also respectively associated with six “exit gates” of the products of the “divine work” accomplished by the six “Formative Divine Particles”. These six “exit gates” correspond to the six redundant “Divine Senary Equilibrium Regions”. These “entry gates” and “exit gates” are the twelve redundant “Divine Senary Equilibrium Regions”.

A redundant “Divine Equilibrium Region” (that is, a “Divine Secondary Equilibrium Region” or a “Divine Senary Equilibrium Region”) of a selected “Formative Divine Particle”, chosen among the six “Formative Divine Particles” of the “Divine Septenary Configuration”, with respect to the “Generative Divine Particle”, will see passing in itself the six “transformation steps” associated with the products of the “divine work” accomplished by each of the five others “Formative Divine Particles” of the “Divine Septenary Configuration”. The “transformation step” internal to the selected “Formative Divine Particle” (that is, the “transformation step” which reagents are the products of the “divine work” accomplished by the selected “Formative Divine Particle” which is at the origin of the redundant “Divine Equilibrium Region” considered) as part of the redundant “Divine Equilibrium Region” considered is not taken into account in this counting on these twelve redundant “Divine Equilibrium Regions”.

Therefore, each of the twelve redundant “Divine Equilibrium Regions” with respect to the “Generative Divine Particle” will see passing in itself the six “transformation steps” times five “Formative Divine Particles”; that is, thirty “transformation steps”.²⁵

²⁵ While I was in a “spiritual” state, examining this “Divine Septenary Configuration” and trying to understand where this number “thirty” comes from, since I had been looking into the question for days, then “THE DIVINE FORCE” next to me spoke and said:
“... ”

It is on these thirty “transformation steps” in the “Divine Septenary Configuration” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has synchronized the added second movement of the “Formative Divine Particle” and thus completion of this added second movement of the “Formative Divine Particle” will correspond to thirty times the “transformation steps” of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles”.

A complete flow path of the “Generative Divine Particle” passes through these twelve redundant “Divine Equilibrium Regions” with respect to the “Generative Divine Particle”. It is so that, a complete flow path of the “Generative Divine Particle” will also match twelve times thirty “transformation steps” plus twelve times the “measure of passage from one gate to another gate”; that is, three hundred and sixty times the “measure of transformation step” plus twelve times “measure of passage from one gate to another gate”.

Taking into account the three hundred and sixty-four times the “measure of transformation step” that appear uniformly through the complete flow path of the “Generative Divine Particle” from the “Divine Septenary Equilibrium Zone” of a

You seems to be having difficulties understanding where the “thirty” (30) comes from? Is it that difficult?

Come on, it is not difficult at all. It is very easy to understand.

Stand above one of the “gates” and observe carefully.

...

I did so and looked carefully from above one of the “gates” and said:

“...

Ah! Now I see! This “door” (i.e. redundant “Divine Equilibrium Region”) do not “see” pass through itself, the products of its own particle. Of course, they are internal! But it “sees” the products of the remaining five formative particles.

That’s where the cycle of “thirty” (30) comes from. Now I understand, “walk” above the twelve “gates” and not inside the fifty-two non-redundant “Divine Equilibrium Regions”.

...”

To which SHE added:

“...

Now you can explain it properly.

...”

selected “Formative Divine Particle” with respect to the “Generative Divine Particle”, and by counting up from the “Divine Secondary Equilibrium Zone” of this same selected “Formative Divine Particle” with respect to the “Generative Divine Particle”, then, the “measure of transformation step” is equal to three times the “measure of passage from one gate to another gate” (or so, twelve times the “measure of passage from one gate to another gate” is equal to four times the “measure of transformation step”).

This is how the three hundred and sixty-four times the “measure of transformation step” appear uniformly through the complete flow path of the “Generative Divine Particle” from the “Divine Secondary Equilibrium Zone” of a selected “Formative Divine Particle” with respect to the “Generative Divine Particle” of the “Divine Septenary Configuration”.

The transformation, in the “Divine Septenary Equilibrium Zone” of a selected “Formative Divine Particle” with respect to the “Generative Divine Particle”, of the products of the “divine work” accomplished by the “Generative Divine Particle” of the “Divine Septenary Configuration” of seven “Divine Particles” — one “Generative Divine Particle” and six “Formative Divine Particles” in “Movement of Formative Divine Particle” synchronized between them, and, each “Movement of Formative Divine Particle” synchronized with the movement of the “Generative Divine Particle”, with respect to the “septenary intersecting points”, and without collisions forever with the passage of time — is instantaneous²⁶ at the scale of the “Divine Particle”.

In this “Divine Septenary Configuration” of seven “Divine Particles”, the six “Formative Divine Particles” are somehow guarding the “Generative Divine Particle” and maintain the “Divine Septenary Equilibrium Zone” in the “SUPREME STATE OF EQUILIBRIUM”, the “SUPREME STATE OF HARMONY”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined it.²⁷

²⁶ It is billions of times smaller than the measurement of time called “one second”.

²⁷ “THE DIVINE” will symbolically represent the “Divine Septenary Configuration” of seven “Divine Particles” — one “Generative Divine Particle” and six “Formative Divine Particles” in “Movement of Formative Divine Particle” synchronized between them, and, each “Movement of Formative Divine Particle” synchronized with the movement of the “Generative Divine Particle”, with respect to the “Cardinal Point” of the “Generative Divine Particle”, and without collisions forever with the passage of time — when HE will create into existence, in the space in which HE will carry out His PROJECT, the first living

This unique “Divine Septenary Configuration” of seven “Divine Particles” is better understood from the point of view of a set of proposals, principles, logically coordinated rules, and conclusions, which form a logical body around the seven “Divine Particles”. It is a coherent construction, which accounts for a wide range of products and phenomena linked to different scales of the movement. To each “transformation sub-step” of the “transformation step”, to each “transformation step”, to each product, to each phenomenon, at different scales of the movement in this unique “Divine Septenary Configuration” of seven “Divine Particles”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has added a unique meaning, a single intention, a set of conditions that determine its denotation, a “unique word”, an “attribute”, or a “predicate”. In itself, such a “single word”, such an “attribute”, or such a “predicate”, is an incomplete (unsaturated) expression about “THE DIVINE”. Through the “unique words”, “attributes” and “predicates”, established by “THE DIVINE ARCHITECT AND PROJECT MASTER”, and which express properties or relationships attributable to one or more of the products and phenomena of this unique “Divine Septenary Configuration” of seven “Divine Particles”, this coherent construction will illuminate, provide light, in order to reveal “THE DIVINE”. Indeed, each of these “unique words”, “attributes” and “predicates”, carries an informational value, and is in fact what “THE DIVINE” says (thus affirms) about HIMSELF; Thus, these are truths about “THE DIVINE”. These “unique words”, “attributes” and “predicates”, are characterized by their formal properties, and the products associated with them are characterized by “semantics” (and which are sets of aspects of those proposals, those principles, those coordinated rules logically, and those conclusions concerning the notions of satisfaction and these truths) well defined. It is so that, this unique “Divine Septenary Configuration” of seven “Divine Particles” is also an informational structure that reflects a plethora of notions that fit into a partition of knowledge, concerning “THE DIVINE”.

domain for His creatures. In this first living domain, HE will place a manifestation of Himself and HE will choose seven of His creatures to ensure the safekeeping of this manifestation: the first of His creatures will have a role analogous to that of the “Generative Divine Particle”.

instabilities have quickly made their appearance on all possibilities of positioning of a seventh “Formative Divine Particle”, at the scale of the “Divine Particle”.²⁸

Therefore, through “THE DIVINE FORCE” which extends over all “THE DIVINE BODY” which is unlimited, “THE DIVINE” has consolidated in Himself, on all the “Divine Particles” constituent of His “DIVINE BODY”, the two “septenary intersecting points” defining the unique “Divine Septenary Configuration” of seven “Divine Particles” of one “Generative Divine Particle” and six “Formative Divine Particles” in “Movement of Formative Divine Particle” synchronized between them, and, each “Movement of Formative Divine Particle” synchronized with the movement of the “Generative Divine Particle”, and without collisions forever with the passage of time.

Using “THE DIVINE FORCE” which extends over all “THE DIVINE BODY” which is unlimited, “THE DIVINE” has consolidated in Himself, on all the “Divine Particles” constituent of His “DIVINE BODY”, this unique “Divine Septenary Configuration” as well as all “Divine Senary Configurations”, all “Divine Quinary Configurations”, all “Divine Quaternary Configurations”, all “Divine Tertiary Configurations”, and all “Divine Secondary Configurations” which are formed from these two “septenary intersecting points”.

To the first “septenary intersecting point”, “THE DIVINE ARCHITECT AND PROJECT MASTER” assigned the word which means “HE WHO IS ABOVE”, that is “ELOHIM”, and the pronunciation in human language is the same as that of the letter “H”.

The first “septenary intersecting point” is of causal value in the sense that it is from the first “septenary intersecting point” that the movement of this unique “Divine Septenary Configuration” of seven “Divine Particles” is established and directed. It is for the purpose to make understand this, that it is said in parables that this first “septenary intersecting point” is at the origin of that, which in the

²⁸ The truth of this can also be deductively demonstrated by considering geometrical projections of this unique “Divine Septenary Configuration” onto a two dimensional Euclidean space. Those geometrical projections are regular hexagonal forms, where the projection of the “Generative Divine Particle” is matched with the center of those regular hexagonal forms, and the six “Formative Divine Particles” are matched with the six edges and six vertices (six angular points) around the center point. As you would know already, regular hexagons provide the best way to divide a surface into regions of equal area with the least total perimeter. They are the base shapes that provide the ideal blend of efficiency and strength in structures. Adding another edge point to a regular hexagonal form will result in the lost of those properties.

human language is called “GRACE”, that is to say, “GRANTED CONSENT”; for, it is on this first “septenary intersecting point” that the total and thoughtful acceptance of the value of the movement of this unique “Divine Septenary Configuration” of seven “Divine Particles” has been recognized and established with possessing the “TRUTH” value “true” and existent.

To this first “septenary intersecting point”, elevated spot above the seven “Divine Particles”, “THE DIVINE ARCHITECT AND PROJECT MASTER” assigned the attribute whose pronunciation in human language is: “THRONE”.

And so, “THE DIVINE ARCHITECT AND PROJECT MASTER” has directed the “specific axis” of the movement of the “Generative Divine Particle” towards this first position of the “septenary intersecting point”.

To the second “septenary intersecting point”, the one that is located opposite of the first “septenary intersecting point” with respect to the plane which is defined by the movement of the “Generative Divine Particle”, and on the “specific axis” of the movement of the “Generative Divine Particle”, “THE DIVINE ARCHITECT AND PROJECT MASTER” assigned the word which means “HE WHO IS BELOW”, or “HE WHO ARRIVES”, and the pronunciation of which in human language is the same as that of the letter “H”.

This second “septenary intersecting point” is an extension of the first “septenary intersecting point”, and that receives the causes and the consequences associated with the movement of this unique “Divine Septenary Configuration” of seven “Divine Particles” which is established and directed from the first “septenary intersecting point”, and makes detailed development of this movement. It is for the purpose to make understand this, that it is said in parables that this second “septenary intersecting point” is at the origin of that, which in the human language is called “COMPREHENSION”.

The seven “Divine Particles” constituent of this unique “Divine Septenary Configuration” constitute a whole to which “THE DIVINE ARCHITECT AND PROJECT MASTER” assigned the attribute whose pronunciation in human language is: “FOOTSTOOL” of the “THRONE”.

This unique “Divine Septenary Configuration” of seven “Divine Particles” — one “Generative Divine Particle” and six “Formative Divine Particles” in “Movement of Formative Divine Particle” synchronized between them, and, each “Movement of Formative Divine Particle” synchronized with the movement of the “Generative Divine Particle”, and without collisions forever with the passage of time — defines

an absolute complete model, in every sense of the concept of completeness in mathematics.

The rules, laws, and the “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established in this unique “Divine Septenary Configuration” of seven “Divine Particles”, formalise entirely and demonstrate the truth of formulas of relations between its seven constituent “Divine Particles” and all products that are formed and those that are consumed in this “Divine Septenary Configuration”.

The set formed by all these rules, laws, and “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established in this unique “Divine Septenary Configuration” of seven “Divine Particles”, as well as all the countless proposals raised at the beginning of the inference of both all products that are formed and all those that are consumed in this “Divine Septenary Configuration”, each of these proposals not inferring itself from any other in this “Divine Septenary Configuration”, defines what, in human language, will be called: “THE REASON” (clearly understood, of the unique “Divine Septenary Configuration” of seven “Divine Particles”). It is the set of guiding principles that govern the “Divine Septenary Configuration” of seven “Divine Particles”.

Each “transformation step” in the “Divine Septenary Configuration” of seven “Divine Particles”, will gather in it countless elements of “THE REASON” and which form a concrete image of the “transformation step”. Therefore, a concrete image of the “Divine Septenary Configuration” of seven “Divine Particles” will be also expressed by seven subsets of “THE REASON”:

- A subset of “THE REASON” which is a concrete image of the “primary transformation”; that of the transformation of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the first “Formative Divine Particle”. This subset is called: “THE REASON of the First Order”.

“THE REASON of the First Order” is the true statement of the “ABSOLUTE PURITY”²⁹ of “THE DIVINE”. “THE REASON of the First

²⁹ The existence, realization and value of “PURITY” are independent of any condition of time, space, knowledge. “PURITY” has no limitation in its exercise or manifestations in “THE DIVINE”.

Order” contains all aspects of the logical system relating to the notions of that, which is called “SATISFACTION” and also of that, which is called “TRUTH”, of the “primary transformation”.

To “THE REASON of the First Order” is also associated “THE LOGIC of the First Order” pertaining to the discursive formulation of the truths of the “primary transformation”.

- A subset of “THE REASON” which is a concrete image of the “secondary transformation”; that of the transformation of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “primary transformation” and also by the products of the “divine work” accomplished by the second “Formative Divine Particle”. This subset is called: “THE REASON of the Second Order”.

“THE REASON of the Second Order” contains all aspects of the logical system relating to the notions of that, which is called “SATISFACTION” and also of that, which is called “TRUTH”, of the “secondary transformation”.

Inside the space in which “THE DIVINE” will carry out His PROJECT, the thought of any creature that will be created into existence in that space will be organized to allow such a creature to perceive, in that space and in duration, of the relationships, which actually exist outside of such a creature and independently of such a creature. Such a creature will thus enter reality, but in a relative, phenomenal reality, the knowledge of which is sufficient for the needs and the role of such a creature in that space. When such a creature will be tempted to override and erect this relative reality into an absolute reality, it will undoubtedly give way to an inclination of its nature, but this inclination will not be the absolute reality, and the manifestation of “THE REASON of Appropriate Order” will warn him, showing him bottomless abysses and hopeless contradictions for the manifestation of “THE REASON of Appropriate Order” which has been attributed to that creature; in short, by showing it what for it will be defined as being the “INCOMPREHENSIBLE”.

It is so that, inside that space in which “THE DIVINE” will carry out His PROJECT, “PURITY” will be only in the state of expression, and in the thought of the creatures which will be created into existence in that space, “PURITY” will only be in the state of appearance; it will be in that space like the artist in his work, it will be in the minds of creatures like the sun in their eyes. But beyond that space and the thought of the creatures, “PURITY” subsists in itself, it is a real, infinite, eternal, absolute essence, existing by itself in “THE DIVINE”, having consciousness and intelligence of itself.

To “THE REASON of the Second Order” is also associated “THE LOGIC of the Second Order” pertaining to the discursive formulation of the truths of the “secondary transformation”.

“THE REASON of the Second Order” is a demonstration³⁰ of “THE REASON of the First Order”, and “THE REASON of the First Order” contains the rules of construction of the products of the “secondary transformation”, as well as the rules of deduction operating from the proposals, which have been set at their basis. “THE REASON of the First Order” is the “semantic” of “THE REASON of the Second Order”.

The correspondence between “THE REASON of the First Order”, which is the “semantic”, and “THE REASON of the Second Order”, which is the demonstration, is a relation of completeness; it is a bridge between (1) “SATISFACTION” and “TRUTH” of the “primary transformation” and (2) formal demonstrability of the “secondary transformation” in the “Divine Septenary Configuration” of seven “Divine Particles”. In this relation of completeness, all the unique particulars of the products of the “primary transformation” have epithet functions in the products of the “secondary transformation”; and all the products of the “secondary transformation”, each product in itself, carry in them the unique particulars that belong to the products of the “primary transformation”, but no product of the “primary transformation” carries in it a determinant of the products of the “secondary transformation”: this is an expression of the notion of “strict inclusion” of “sets”, which we mentioned already.

- A subset of “THE REASON” which is a concrete image of the “tertiary transformation”; that of the transformation of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the

³⁰ A demonstration is reasoning by which the truth of an assertion, or a proposition, is established based on hypotheses, or axioms, progressing in stages of logical deductions to a conclusion according to rules of the predefined logic; that is, by linking it with a necessary link to other proposals admitted as true or previously demonstrated. It is a structured set of correct steps of reasoning. In a demonstration, each step is either a proposition acquired as true, or the application of a rule that makes it possible to say that a proposal, the conclusion, is a logical consequence of one or more other proposals, the premises of the rule. The premises are either axioms or proposals already obtained as conclusions of the application of other rules.

products of the “secondary transformation” and also by the products of the “divine work” accomplished by the third “Formative Divine Particle”. This subset is called: “THE REASON of the Third Order”.

“THE REASON of the Third Order” is the true statement of the “LIGHT” of “THE DIVINE”. “THE REASON of the Third Order” contains all aspects of the logical system relating to the notions of that, which is called “SATISFACTION” and also of that, which is called “TRUTH”, of the “tertiary transformation”.

To “THE REASON of the Third Order” is also associated “THE LOGIC of the Third Order” pertaining to the discursive formulation of the truths of the “tertiary transformation”.

“THE REASON of the Third Order” is a demonstration of “THE REASON of the Second Order”, and “THE REASON of the Second Order” contains the rules of construction of the products of the “tertiary transformation”, as well as the rules of deduction operating from the proposals, which have been set at their basis. “THE REASON of the Second Order” is the “semantic” of “THE REASON of the Third Order”.

The correspondence between “THE REASON of the Second Order”, which is the “semantic”, and “THE REASON of the Third Order”, which is the demonstration, is a relation of completeness; it is a bridge between (1) “SATISFACTION” and “TRUTH” of the “secondary transformation” and (2) formal demonstrability of the “tertiary transformation” in the “Divine Septenary Configuration” of seven “Divine Particles”. In this relation of completeness, all the unique particulars of the products of the “secondary transformation” have epithet functions in the products of the “tertiary transformation”; and all the products of the “tertiary transformation”, each product in itself, carry in them the unique particulars that belong to the products of the “secondary transformation”, but no product of the “secondary transformation” carries in it a determinant of the products of the “tertiary transformation”: this is an expression of the notion of “strict inclusion” of “sets”, which we mentioned already.

- A subset of “THE REASON” which is a concrete image of the “quaternary transformation”; that of the transformation of the products of the “divine work”, accomplished by the “Generative Divine Particle”,

by the products of the “tertiary transformation” and also by the products of the “divine work” accomplished by the fourth “Formative Divine Particle”. This subset is called: “THE REASON of the Fourth Order”.

“THE REASON of the Fourth Order” contains all aspects of the logical system relating to the notions of that, which is called “SATISFACTION” and also of that, which is called “TRUTH”, of the “quaternary transformation”.

To “THE REASON of the Fourth Order” is also associated “THE LOGIC of the Fourth Order” pertaining to the discursive formulation of the truths of the “quaternary transformation”.

“THE REASON of the Fourth Order” is a demonstration of “THE REASON of the Third Order”, and “THE REASON of the Third Order” contains the rules of construction of the products of the “quaternary transformation”, as well as the rules of deduction operating from the proposals, which have been set at their basis. “THE REASON of the Third Order” is the “semantic” of “THE REASON of the Fourth Order”.

The correspondence between “THE REASON of the Third Order”, which is the “semantic”, and “THE REASON of the Fourth Order”, which is the demonstration, is a relation of completeness; it is a bridge between (1) “SATISFACTION” and “TRUTH” of the “tertiary transformation” and (2) formal demonstrability of the “quaternary transformation” in the “Divine Septenary Configuration” of seven “Divine Particles”. In this relation of completeness, all the unique particulars of the products of the “tertiary transformation” have epithet functions in the products of the “quaternary transformation”; and all the products of the “quaternary transformation”, each product in itself, carry in them the unique particulars that belong to the products of the “tertiary transformation”, but no product of the “tertiary transformation” carries in it a determinant of the products of the “quaternary transformation”: this is an expression of the notion of “strict inclusion” of “sets”, which we mentioned already.

- A subset of “THE REASON” which is a concrete image of the “quinary transformation”; that of the transformation of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the

products of the “quaternary transformation” and also by the products of the “divine work” accomplished by the fifth “Formative Divine Particle”. This subset is called: “THE REASON of the Fifth Order”.

“THE REASON of the Fifth Order” is the true statement of the property of the “LIGHT” that produces the “LIGHT” of “THE DIVINE”. “THE REASON of the Fifth Order” contains all aspects of the logical system relating to the notions of that, which is called “SATISFACTION” and also of that, which is called “TRUTH”, of the “quinary transformation”.

To “THE REASON of the Fifth Order” is also associated “THE LOGIC of the Fifth Order” pertaining to the discursive formulation of the truths of the “quinary transformation”.

“THE REASON of the Fifth Order” is a demonstration of “THE REASON of the Fourth Order”, and “THE REASON of the Fourth Order” contains the rules of construction of the products of the “quinary transformation”, as well as the rules of deduction operating from the proposals, which have been set at their basis. “THE REASON of the Fourth Order” is the “semantic” of “THE REASON of the Fifth Order”.

The correspondence between “THE REASON of the Fourth Order”, which is the “semantic”, and “THE REASON of the Fifth Order”, which is the demonstration, is a relation of completeness; it is a bridge between (1) “SATISFACTION” and “TRUTH” of the “quaternary transformation” and (2) formal demonstrability of the “quinary transformation” in the “Divine Septenary Configuration” of seven “Divine Particles”. In this relation of completeness, all the unique particulars of the products of the “quaternary transformation” have epithet functions in the products of the “quinary transformation”; and all the products of the “quinary transformation”, each product in itself, carry in them the unique particulars that belong to the products of the “quaternary transformation”, but no product of the “quaternary transformation” carries in it a determinant of the products of the “quinary transformation”: this is an expression of the notion of “strict inclusion” of “sets”, which we mentioned already.

- A subset of “THE REASON” which is a concrete image of the “senary transformation”; that of the transformation of the products of the

“divine work”, accomplished by the “Generative Divine Particle”, by the products of the “quinary transformation” and also by the products of the “divine work” accomplished by the sixth “Formative Divine Particle”. This subset is called: “THE REASON of the Sixth Order”.

“THE REASON of the Sixth Order” contains all aspects of the logical system relating to the notions of that, which is called “SATISFACTION” and also of that, which is called “TRUTH”, of the “senary transformation”.

To “THE REASON of the Sixth Order” is also associated “THE LOGIC of the Sixth Order” pertaining to the discursive formulation of the truths of the “senary transformation”.

“THE REASON of the Sixth Order” is a demonstration of “THE REASON of the Fifth Order”, and “THE REASON of the Fifth Order” contains the rules of construction of the products of the “senary transformation”, as well as the rules of deduction operating from the proposals, which have been set at their basis. “THE REASON of the Fifth Order” is the “semantic” of “THE REASON of the Sixth Order”.

The correspondence between “THE REASON of the Fifth Order”, which is the “semantic”, and “THE REASON of the Sixth Order”, which is the demonstration, is a relation of completeness; it is a bridge between (1) “SATISFACTION” and “TRUTH” of the “quinary transformation” and (2) formal demonstrability of the “senary transformation” in the “Divine Septenary Configuration” of seven “Divine Particles”. In this relation of completeness, all the unique particulars of the products of the “quinary transformation” have epithet functions in the products of the “senary transformation”; and all the products of the “senary transformation”, each product in itself, carry in them the unique particulars that belong to the products of the “quinary transformation”, but no product of the “quinary transformation” carries in it a determinant of the products of the “senary transformation”: this is an expression of the notion of “strict inclusion” of “sets”, which we mentioned already.

- A subset of “THE REASON” which is a concrete image of the “‘end of cycle’ transformation”; that of the transformation of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the

products of the “senary transformation”. This subset is called: “THE REASON of the Seventh Order”.

“THE REASON of the Seventh Order” contains all aspects of the logical system relating to the notions of that, which is called “SATISFACTION” and also of that, which is called “TRUTH”, of the “‘end of cycle’ transformation”.

To “THE REASON of the Seventh Order” is also associated “THE LOGIC of the Seventh Order” pertaining to the discursive formulation of the truths of the “‘end of cycle’ transformation”.

“THE REASON of the Seventh Order” is a demonstration of “THE REASON of the Sixth Order”, and “THE REASON of the Sixth Order” contains the rules of construction of the products of the “‘end of cycle’ transformation”, as well as the rules of deduction operating from the proposals, which have been set at their basis. “THE REASON of the Sixth Order” is the “semantic” of “THE REASON of the Seventh Order”.

The correspondence between “THE REASON of the Sixth Order”, which is the “semantic”, and “THE REASON of the Seventh Order”, which is the demonstration, is a relation of completeness; it is a bridge between (1) “SATISFACTION” and “TRUTH” of the “senary transformation” and (2) formal demonstrability of the “‘end of cycle’ transformation” in the “Divine Septenary Configuration” of seven “Divine Particles”. In this relation of completeness, all the unique particulars of the products of the “senary transformation” have epithet functions in the products of the “‘end of cycle’ transformation”; and all the products of the “‘end of cycle’ transformation”, each product in itself, carry in them the unique particulars that belong to the products of the “senary transformation”, but no product of the “primary transformation” carries in it a determinant of the products of the “‘end of cycle’ transformation”: this is an expression of the notion of “strict inclusion” of “sets”, which we mentioned already.

These seven subsets of “THE REASON” complement each other to form the complete set that governs the “Divine Septenary Configuration” of seven “Divine Particles”.

“THE REASON of the Seventh Order”, which is “THE REASON”, the complete set that governs the “Divine Septenary Configuration” of seven “Divine Particles”, complements “THE REASON of the Sixth Order” which itself complements “THE REASON of the Fifth Order” which itself complements “THE REASON of the Fourth Order” which itself complements “THE REASON of the Third Order” which itself complements “THE REASON of the Second Order” and which in turn complements “THE REASON of the First Order”. It is so that:

- The elements of “THE REASON of the First Order” will not be sufficient to describe the elements of “THE REASON of the Second Order”. The incomprehensible for “THE REASON of the First Order” is all that, which belongs to “THE REASON of the Second Order” and which cannot be described by the elements of “THE REASON of the First Order”.
- The elements of “THE REASON of the Second Order” will not be sufficient to describe the elements of “THE REASON of the Third Order”. The incomprehensible for “THE REASON of the Second Order” is all that, which belongs to “THE REASON of the Third Order” and which cannot be described by the elements of “THE REASON of the Second Order”.
- The elements of “THE REASON of the Third Order” will not be sufficient to describe the elements of “THE REASON of the Fourth Order”. The incomprehensible for “THE REASON of the Third Order” is all that, which belongs to “THE REASON of the Fourth Order” and which cannot be described by the elements of “THE REASON of the Third Order”.
- The elements of “THE REASON of the Fourth Order” will not be sufficient to describe the elements of “THE REASON of the Fifth Order”. The incomprehensible for “THE REASON of the Fourth Order” is all that, which belongs to “THE REASON of the Fifth Order” and which cannot be described by the elements of “THE REASON of the Fourth Order”.
- The elements of “THE REASON of the Fifth Order” will not be sufficient to describe the elements of “THE REASON of the Sixth Order”. The incomprehensible for “THE REASON of the Fifth Order” is all that, which belongs to “THE REASON of the Sixth Order” and which cannot be described by the elements of “THE REASON of the Fifth Order”.

- The elements of “THE REASON of the Sixth Order” will not be sufficient to describe the elements of “THE REASON of the Seventh Order”. The incomprehensible for “THE REASON of the Sixth Order” is all that, which belongs to “THE REASON of the Seventh Order” and which cannot be described by the elements of “THE REASON of the Sixth Order”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has established several others concepts in the same way as HE has established this concept of “THE REASON”, from the “Divine Septenary Configuration” of seven “Divine Particles”.

In this “Divine Septenary Configuration” of seven “Divine Particles”, no waste is produced and nothing is lost during the transformation cycle of products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles”.

Therefore, nothing can be added and nothing can be removed in this unique “Divine Septenary Configuration” of seven “Divine Particles”.

This absolute complete model which is defined by this unique “Divine Septenary Configuration” of seven “Divine Particles” is called: “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. It is this realization of “THE DIVINE ARCHITECT AND PROJECT MASTER” which will be the basis of all the Work that “THE DIVINE” will create into existence.

This “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” is actually “THE DIVINE ATOM”; the infinitely small, unbreakable and homogeneous, alive, and which constitutes, with other elements of the same type and with which it comes into combination, that, which is called: the “DIVINE SUBSTANCE”.

The first “septenary intersecting point” of this “DIVINE SUPREME CONFIGURATION” is called the “Cardinal Point” of the “Generative Divine Particle”, and to it is associated that, which in the human language is called “GRACE”.

On this “Cardinal Point” of the “Generative Divine Particle”, the “primary transformation”, the “secondary transformation”, the “tertiary transformation”, the “quaternary transformation”, the “quinary transformation”, the “senary transformation”, and the “‘end of cycle’ transformation” of products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the

“divine work” accomplished by the six “Formative Divine Particles”, are stable and take place with the same time span.

These transformation steps are the seven “transformation steps”³¹ of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles”. The “measure of transformation step”³² is the same for each of these seven “transformation steps”.

In much the same way, the “measure of transformation sub-step” is the same for each of the twenty-four “transformation sub-steps”³³ in each of these seven “transformation steps”.

³¹ This “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” — one “Generative Divine Particle” and six “Formative Divine Particles” in “Movement of Formative Divine Particle” synchronized between them, and, each “Movement of Formative Divine Particle” synchronized with the movement of the “Generative Divine Particle”, and without collisions forever with the passage of time — and the seven “transformation steps” of “divine electrical charge” of products that are available in this “Divine Septenary Equilibrium Zone” in this “DIVINE SUPREME CONFIGURATION” will be the core of all the PROJECT that “THE DIVINE” will create into existence, in the space in which HE will carry out this PROJECT.

Read more in the section concerning the details of the annotation — Annotation on “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

³² This is the profound origin of the concepts of “Day”, the cycle of seven “Days”, and the meaning of the seventh “Day”; that is, the seventh “transformation step” which is associated to the “‘end of cycle’ transformation step” in “THE DIVINE SUPREME CONFIGURATION”, which will be used in the terrestrial world in which live human creatures.

Read more in the section concerning the details of the annotation — Annotation on the “measure of transformation step” and the profound origin of the concepts of “Day”.

³³ This is the profound origin of the concepts of “Hour”, the meaning of different “Hours” in the concept of “Day” which will be also used in the terrestrial world in which live human creatures. Later during the implementation of “THE HOLY PROJECT”, “THE DIVINE” will create into existence and on a scale that will be billions of times greater than that of the “Divine Particle”, in the space in which HE will carry out this PROJECT, manifestations of metaphors of each of these seven “transformation steps” of the “divine electrical charge”, and in these manifestations, HE will also carry out manifestations of metaphors of these twenty-four “transformation sub-steps” in each “transformation step”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has established a first movement for all the “Divine Particles” — the “First Movement of the Divine Particles” — and by “THE DIVINE FORCE” which extends over all “THE DIVINE BODY” which is unlimited, “THE DIVINE” has consolidated in Himself, on all the “Divine Particles” constituent of “THE DIVINE BODY” which is unlimited, this first movement on two points and around a “specific axis” in motion.

To the first point of this first movement, the one that describes the beginning and the end of the displacement movement of each “Divine Particle”, and that defines the meaning of the displacement movement of each “Divine Particle”, HE assigned the word which means “HE WHO EXISTS” and the pronunciation in human language is the same as that of the letter “I”. It is for the purpose to make understand this, that it is said in parables that this first point of this first movement for all the “Divine Particles” is at the origin of that, which in the human language is called “SENSE”, and that with the development of the language will come to be called “PERCEPTION”.

To the second point of this first movement, the one that describes the orientation of the movement of each “Divine Particle”, at the halfway of the complete displacement movement, HE assigned the word which means “HE WHO WILL EXIST”, and the pronunciation in human language is the same as that of the letter “V”. It is for the purpose to make understand this, that it is said in parables that this second point at the halfway of this first movement for all the “Divine Particles” is at the origin of that, which in the human language is called “INTELLIGENCE”.

Therefore, using “THE DIVINE FORCE” which extends over all “THE DIVINE BODY” which is unlimited, “THE DIVINE” has consolidated in Himself, on all the “Divine Particles” constituent of His “DIVINE BODY”, all four points that define the movement of the “Generative Divine Particle” and in this arrangement — “HE WHO EXISTS”, “HE WHO IS ABOVE”, “HE WHO WILL EXIST”, “HE WHO ARRIVES”.

This “DIVINE SUPREME CONFIGURATION” is characterized by one configuration in one movement and by one state of equilibrium which is obtained from the movement. The movement is described by the seven “Divine Particles” constituent of “THE DIVINE SUPREME CONFIGURATION” — one “Generative Divine Particle” and six “Formative Divine Particles” —: it is “THE ABSOLUTE MOVEMENT”. It defines that which is called: “time”, and which is the measure of the span of those “transformation steps” and “transformation sub-steps”, in this “DIVINE SUPREME CONFIGURATION”. As we indicated at the onset of this

“BOOK”, “HE WHO IS” created this concept of “time” which is defined through this “DIVINE SUPREME CONFIGURATION”.

Each of these six “Formative Divine Particles” is in “Movement of Formative Divine Particle” synchronized with the “Generative Divine Particle”, and without collisions forever with the passage of time.

It is so that, through this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, the “SUPREME STATE OF EQUILIBRIUM”, the “SUPREME STATE OF HARMONY”, of “THE DIVINE” and of His “Electrical Charge” throughout all regions of His unlimited “BEING” is assured.

The “SUPREME STATE OF EQUILIBRIUM” obtained from “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” is a state of indescribable joy, an ineffable gladness, and in an immeasurable state of equilibrium.

Within “THE ABSOLUTE MOVEMENT” of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, the cycle of movement of the “Generative Divine Particle”, the cycles of movements of the six “Formative Divine Particles”, the “measure of transformation step”, and the “measure of transformation sub-step” of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” in the “Divine Septenary Equilibrium Zone” considered, with respect to the “Generative Divine Particle”, define “THE ABSOLUTE TIME” and its flow, without connection to anything outside, and which flows evenly into this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

It is so that, this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” is “THE ABSOLUTE FRAME OF REFERENCE”, it will be at the core of everything which is stable and that “THE DIVINE FORCE” will manifest into existence.

It will be “THE FRAME OF REFERENCE OF THE CREATION”, in every sense of the term “FRAME OF REFERENCE”, and will also be called “THE HOUSE OF THE DIVINE FORCE”. Everything that will come into existence in the Work that “THE DIVINE ARCHITECT AND PROJECT MASTER” will also design has its origin in this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

CHAPTER 080

THE DESIGNATION OF THE “DIVINE” FROM THE “DIVINE SEPTENARY CONFIGURATION” OF SEVEN “DIVINE PARTICLES” — OF ONE “GENERATIVE DIVINE PARTICLE” AND OF SIX “FORMATIVE DIVINE PARTICLES”

It will be inside the manifestation of a metaphor for the “Divine Septenary Equilibrium Zone” which is defined by this “DIVINE SUPREME CONFIGURATION” that “THE DIVINE ARCHITECT AND PROJECT MASTER” will also design and carry out a much larger PROJECT.

In this largest PROJECT, it is through the Four points that define the movement of the “Generative Divine Particle” and in this arrangement — “HE WHO EXISTS”, “HE WHO IS ABOVE”, “HE WHO WILL EXIST”, “HE WHO ARRIVES” — and the pronunciation of the acronym of which is the same as the word “IHVH”, or the word “IaHVeH” — that “THE DIVINE” will later reveal Himself to his creatures when these latter will ask him how they should call Him. This acronym, “IHVH”, tells about the omnipresence of “THE DIVINE”, everywhere, regardless of time — past, present and future — and who remains of unshakable continuity and stability.

Thus, HE will give them this word “IHVH” to bring them to understand that HE is “THE ONE” who designed and created and contains the infinitely small space in which his creatures are living. It is also with this word that “THE DIVINE” will establish the sense of orientation, EAST, NORTH, WEST, and SOUTH, in His Project.³⁴ This acronym is translated also in parables by the sequence of terms: “PERCEPTION”, “GRACE”, “INTELLIGENCE”, “COMPREHENSION”.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has also assigned attributes and “unique words” to all products that are formed and those that are consumed in this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, in all their details and each product in itself.³⁵

³⁴ Inside of “THE DIVINE DOMAIN”, the fixed orientation — in the sense that we know it: EAST, NORTH, WEST, and SOUTH — does not exist. There is no fixed “NORTH”, nor a fixed “SOUTH”, nor a fixed “WEST”, nor a fixed “EAST”, for all “THE DIVINE DOMAIN”. But “THE DIVINE” has His own “DIVINE ORIENTATION” in His “DIVINE DOMAIN”.

This fixed orientation — in the sense that we know it: EAST, NORTH, WEST, and SOUTH — will also be as indicated by the cross sign and will also become the sign of allegiance, loyalty and obedience to “THE DIVINE”.

³⁵ CHRIST already explained this to human creatures when through His disciples, he was describing them the inside of “THE DIVINE DOMAIN” in veiled terms. It was then, that he told them:

“...All names have been received since the beginning. Consequently, in fact, with the agreement of “THE DIVINE” with His Thought, they began to emerge as powers... After

The projection of these Four points that define the movement of the “Generative Divine Particle” and in this arrangement — “HE WHO EXISTS”, “HE WHO IS ABOVE”, “HE WHO WILL EXIST”, “HE WHO ARRIVES” — and the pronunciation of the acronym of which is the same as the word “IHVH”, onto the complete flow path of the “Generative Divine Particle”, will divide the fifty-two non-redundant “Divine Equilibrium Regions”, constituent of this complete flow path, into four separated quadrants of equal measure, ranging from one of these four points projected to another, and contained between the intervals delineated by the projections of the two points “HE WHO EXISTS” and “HE WHO WILL EXIST” on one side, and by the projections of the two remaining points “HE WHO IS ABOVE” and “HE WHO ARRIVES”, on the other side.

Each of these four quadrants contains three redundant “Divine Equilibrium Regions” in the complete flow path of the “Generative Divine Particle”.

To the first quadrant, which is associated with “HE WHO IS ABOVE”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has also assigned attributes and “unique words” to its three redundant “Divine Equilibrium Regions”; and these “unique words” are at the origin of that, which in the human language are called: “GRACE”, “PURITY”, and “TRUTH”; they are all from the same projection of “HE WHO IS ABOVE”, but seen from three different angles.

To the second quadrant, which is associated with “HE WHO ARRIVES”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has also assigned attributes and “unique words” to its three redundant “Divine Equilibrium Regions”; and these “unique words” are at the origin of that, which in the human language are called: “COMPREHENSION”, “LIGHT”, and “LOVE” (which is the designation for the bond of communion, the bond of deep conformity)³⁶; they are all from the same projection of “HE WHO ARRIVES”, but seen from three different angles.

To the third quadrant, which is associated with “HE WHO EXISTS”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has also assigned attributes and

these powers, I saw a manifestation, a configuration, an appearance and a name for all the angels and their ordinances ...”

“*His Thought*” refers to “THE INTELLECT OF THE DIVINE” as component of the Monad of “HE WHO IS”.

³⁶ Throughout these writings, we will use the word “LOVE” as short expression for “the bond of communion, the bond of deep conformity”. To “love” means to form a bond of communion, to form a bond of deep conformity; conformity being the state, the quality of two or more things which are in perfect agreement with each other.

“unique words” to its three redundant “Divine Equilibrium Regions”; and these “unique words” are at the origin of that, which in the human language are called: “PERCEPTION”, “SCIENCE”, and “MEMORY”; they are all from the same projection of “HE WHO EXISTS”, but seen from three different angles.

To the fourth quadrant, which is associated with “HE WHO WILL EXIST”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has also assigned attributes and “unique words” to its three redundant “Divine Equilibrium Regions”; and these “unique words” are at the origin of that, which in the human language are called: “INTELLIGENCE”, “PERFECTION”, and “HARMONY”; they are all from the same projection of “HE WHO WILL EXIST”, but seen from three different angles.

The realisation of this fourth quadrant is a manifestation of that, which in the human language is called: “PLENITUDE”.

Thus, the road to “PLENITUDE” starts with “HE WHO IS ABOVE” (through “GRACE”, and associated “PURITY”, and “TRUTH”) and goes to “HE WHO ARRIVES” (through “COMPREHENSION”, and associated “LIGHT”, and “LOVE”), then moves on to “HE WHO EXISTS” (through “PERCEPTION”, and associated “SCIENCE”, and “MEMORY”) and completes with “HE WHO WILL EXIST” (through “INTELLIGENCE”, and associated “PERFECTION”, and “HARMONY”).

On this road to “PLENITUDE”, it will be said in parables that: “HE WHO ARRIVES” (through “COMPREHENSION”, and associated “LIGHT”, and “LOVE”) is the “child” of “HE WHO IS ABOVE” (through “GRACE”, and associated “PURITY”, and “TRUTH”). As such, “HE WHO ARRIVES” (through “COMPREHENSION”, and associated “LIGHT”, and “LOVE”), will also inherit “GRACE”, and associated “PURITY”, and “TRUTH”, from “HE WHO IS ABOVE”.

On this road to “PLENITUDE”, “HE WHO EXISTS” (through “PERCEPTION”, and associated “SCIENCE”, and “MEMORY”), having received in inheritance “GRACE”, and associated “PURITY”, and “TRUTH” from “HE WHO IS ABOVE”, as well as “COMPREHENSION”, and associated “LIGHT”, and “LOVE” from “HE WHO ARRIVES”, it will also be said in parables that: “HE WHO EXISTS” (through “PERCEPTION”, and associated “SCIENCE”, and “MEMORY”) is the “seed” (the responsible cause of the effects that will be developed later, the “essence”) of “HE WHO WILL EXIST” (through “INTELLIGENCE”, and associated “PERFECTION”, and “HARMONY”).

The driving process that defines the behaviour of all products that are formed and those that are consumed in this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, in all their details and each product in itself, is the process

behind this road to “PLENITUDE”. It is the Governing Law of the Behavior of each of the products of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. It is designated as: “The Walk within the Acronym IHVH”. No product of this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” can escape this governing law; all the products that are formed and those that are consumed in this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” are said to be “under the authority” of the acronym IHVH. It is to make this clear, that it is said that “nothing can escape from the authority of IHVH”.

Throughout this “Walk within the Acronym IHVH”, the attributes and determinants which define the behaviour of the products of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” are passed in inheritance, in order to achieve “PLENITUDE”. It is so that, maintaining “PURITY” is the key fundamental prerequisite necessary to achieving “PLENITUDE”; “PURITY” is the epithet that is found at the base of everything that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established. Where “PURITY” is present, also are present “TRUTH” and “GRACE”. “PURITY” from “HE WHO IS ABOVE”, is at the basis of all the constructs defined by this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”; it has epithet function in all the attributes of the products of this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

At “PLENITUDE”, are all permanently present: (1) “GRACE”, and associated “PURITY”, and “TRUTH”, inherited from “HE WHO IS ABOVE”, (2) “COMPREHENSION”, and associated “LIGHT”, and “LOVE”, inherited from “HE WHO ARRIVES”, as well as (3) “PERCEPTION”, and associated “SCIENCE”, and “MEMORY”, inherited from “HE WHO EXISTS”, and (4) “INTELLIGENCE”, and associated “PERFECTION”, and “HARMONY”, obtained from “HE WHO WILL EXIST”.

On this road to “PLENITUDE”, all products that are formed and those that are consumed in this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, in all their details and each product in itself, are also classified according to the quadrant in which they are formed, and in each quadrant, they are classified according to the three redundant “Divine Equilibrium Regions” associated with that quadrant; each product having its assigned attribute and “unique word”.

Thus, this projection of these four points that define the movement of the “Generative Divine Particle” and in this arrangement — “HE WHO EXISTS”, “HE

WHO IS ABOVE”, “HE WHO WILL EXIST”, “HE WHO ARRIVES” — and the pronunciation of the acronym of which is the same as the word “IHVH”, will define the direction of movement of the “Generative Divine Particle” and transition from one non-redundant “Divine Equilibrium Region” to the next in line.

The “Generative Divine Particle” always starts its movement at the beginning of the “First Quadrant”. During the movement of the “Generative Divine Particle”, the alternation of a quadrant is caused by the inclination of the axis defined the two points “HE WHO IS ABOVE” and “HE WHO ARRIVES”, on the plane containing the complete movement of the “Generative Divine Particle”.

Each of the six “Formative Divine Particles”, constituent of this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, also starts its own “Movement of Formative Divine Particle” at the beginning of this “First Quadrant”.

Through each of the four quadrants, and because of the perfect synchronization of the “Movement of Formative Divine Particle” of each of the six “Formative Divine Particles” between them and with the movement of the “Generative Divine Particle”, and from a selected “Formative Divine Particle”, chosen among the six “Formative Divine Particles”, the flow path of the “Generative Divine Particle” can be observed from two angles:

- From the “Divine Septenary Equilibrium Zone” of the selected “Formative Divine Particle” with respect to the “Generative Divine Particle”, moving through the thirteen (that is, fifty-two divided by four) non-redundant “Divine Equilibrium Regions” contained in the quadrant; or
- From the “Divine Secondary Equilibrium Zone” of the selected “Formative Divine Particle” with respect to the “Generative Divine Particle”, moving through the three (that is, twelve divided by four) redundant “Divine Equilibrium Regions” contained in the quadrant.

Therefore, through each of the four quadrants, the flow path of the “Generative Divine Particle” through the thirteen non-redundant “Divine Equilibrium Regions” of the quadrant, will correspond to seven times the “measure of transformation step” in each of the thirteen non-redundant “Divine Equilibrium Regions”; that is, ninety-one times the “measure of transformation step” of products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine

Particles” in the “Divine Septenary Equilibrium Zone” considered, with respect to the “Generative Divine Particle”.

Through each of the four quadrants, the flow path of the “Generative Divine Particle” through its three redundant “Divine Equilibrium Regions” will also match three times thirty “transformation steps” plus three times the “measure of passage from one gate to another gate”; that is, ninety times the “measure of transformation step” plus three times “measure of passage from one gate to another gate”.

To each of these four quadrants, to each of the thirteen non-redundant “Divine Equilibrium Regions” of the quadrant, to each of the three redundant “Divine Equilibrium Regions” contained in the quadrant, as well as to all products that are formed and those that are consumed in each quadrant of the movement of the “Generative Divine Particle” in this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, in all their details and each product in itself, “THE DIVINE ARCHITECT AND PROJECT MASTER” has also assigned attributes and “unique words”.

מנהיג

CHAPTER 081

THE STATES OF THE “DIVINE PARTICLES”

“THE DIVINE BODY” consists of an unlimited number of “Divine Particles”. Among them, there are countless types of “Generative Divine Particles”, all different from each other and depending upon the strength of the crude “divine generative energy” that they generate and transmit to the immediate external environment all around them. There are also countless types of “Formative Divine Particles”, all different from each other and depending upon the “divine work” that they produce, from the crude “divine generative energy” produced and transmitted by the “Generative Divine Particles” and which they absorb.

Using “THE DIVINE FORCE” which extends over all “THE DIVINE BODY” which is unlimited, “THE DIVINE” has consolidated in Himself, on all the “Divine Particles” constituent of His “DIVINE BODY”, “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” — one “Generative Divine Particle” and six “Formative Divine Particles” in “Movement of Formative Divine Particle” synchronized between them, and, each “Movement of Formative Divine Particle” synchronized with the movement of the “Generative Divine Particle”, and without collisions forever with the passage of time — which provides the “SUPREME STATE OF EQUILIBRIUM”, the “SUPREME STATE OF HARMONY”, of “THE DIVINE” and of His “Electrical Charge” throughout all regions of His unlimited “BEING”.³⁷

³⁷ As you would have understood up to this point, the achievement of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” by both “THE DIVINE ARCHITECT AND PROJECT MASTER” and “THE DIVINE FORCE”, has been implemented at a scale below the subnuclear scale throughout all “THE DIVINE BODY”.

As we have indicated in one of the annotations at the onset of these writings, the subatomic scale, which you are already aware of, is the domain of physical size that encompasses objects smaller than an atom. It is the scale at which the atomic constituents, such as the

The “SUPREME STATE OF EQUILIBRIUM” which is obtained from “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” is a state of indescribable joy, an ineffable gladness, and in an immeasurable state of equilibrium. “THE DIVINE” is also the first expression of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

All “Divine Products” that are formed in this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, all “Divine Particles”, are of a purity and whiteness of bright light, but the manner of being of these “Divine Products” (including the “Divine Particles”) constituent of “THE DIVINE BODY” is not the same when they appear into existence inside of “THE DIVINE DOMAIN”.

Each “Divine Product” (including “Divine Particles”) is generated through “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, during the course of a “transformation step” among the seven “transformation steps” and within a set of clearly defined conditions.

Some “Divine Particles” are generated and arise into existence in a unique and fantastic special way: after a passage of time, some products of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” ascend towards the “Cardinal Point” of the “Generative Divine Particle” in this “DIVINE SUPREME CONFIGURATION”.

While ascending upwards, these products undergo a “divine transformation” and at attainment of a specific height below the “Cardinal Point” of the “Generative Divine Particle”, this “divine transformation” comes to an end and the final product is a new “Divine Particle”.

From this height of the end of “divine transformation” where the final product is formed, this new “Divine Particle” then, returns downward towards to the seven “Divine Particles” constituent of this “DIVINE SUPREME CONFIGURATION”.

nucleus containing protons and neutrons, and the electrons, which orbit in spherical or elliptical paths around the nucleus, become apparent. The subatomic scale includes the many thousands of times smaller subnuclear scale, which is the scale of physical size at which constituents of the protons and neutrons — particularly quarks — become apparent. Now, just imagine a scale that is few thousands of times smaller than the already smaller subnuclear scale and in which both “THE DIVINE ARCHITECT AND PROJECT MASTER” and “THE DIVINE FORCE” have operated to achieve the implementation of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. Unbelievable!

Such new “Divine Particles” when they arrive at the level of the seven “Divine Particles” constituent of this “DIVINE SUPREME CONFIGURATION” from which they have been generated, they will be instantly arranged in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”; because “THE DIVINE” has consolidated and expressed in Himself and all His constituents “Divine Particles”, “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

This height of the end of “divine transformation”, which is a characteristic that ensues from “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, also defines an envelope containing only the seven “Divine Particles” constituent of this “DIVINE SUPREME CONFIGURATION” as well as all these products which rise to undergo this “divine transformation”.

This envelope does not contain the “Cardinal Point” of the “Generative Divine Particle” in this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, it is located just below the “Cardinal Point” of the “Generative Divine Particle” and does not disturb the stability of the “Cardinal Point” of the “Generative Divine Particle”.

To this envelope associated with the height of the end of “divine transformation” of these specific products of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has assigned a unique attribute defined by the “unique word” which is pronounced: “THE FIRMAMENT” of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

Other “Divine Particles” are generated and arise into existence, in the interior delineated by “THE FIRMAMENT” of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” and through the products of the “‘end of cycle’ transformation” of this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

As we have already indicated in the model of the “transformation step” which consists of twenty-four “transformation sub-steps” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, as the products of the “divine work” accomplished by the “Generative Divine Particle” enter the “Divine Septenary Equilibrium Zone”, they are continuously transformed by the reagents of the “transformation step” while these reagents of the “transformation step” last.

A unit of measurement of products of the “divine work” accomplished by the “Generative Divine Particle” that enters this “Divine Septenary Equilibrium Zone”

is transformed by a unit of the reagents of the “transformation step”, and a unit of measurement of the “divine generative energy” diluted is produced.

This unit of measurement of the “divine generative energy” diluted, which is produced, will increase the “divine electrical charge” of the products contained in this “Divine Septenary Equilibrium Zone”.

Therefore, the “divine electrical charge” of the products contained in this “Divine Septenary Equilibrium Zone” will increase as the amount of “divine generative energy” diluted that is available in this “Divine Septenary Equilibrium Zone” increases.

For a “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” considered, the conditions in which a new “Divine Product” will be generated and produced into existence through this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” considered are defined by:

- A unit of measurement of products of the “divine work” accomplished by the “Generative Divine Particle” that enters this “Divine Septenary Equilibrium Zone”;
- A unit of measurement of the reagents of the “transformation step”;
- All other necessary conditions so that the unit of measurement of products of the “divine work” accomplished by the “Generative Divine Particle” that enters this “Divine Septenary Equilibrium Zone” is transformed by the unit of measurement of the reagents of the “transformation step”.

This set of conditions within which a new “Divine Product” will be generated and produced into existence through this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” considered, is called: a “Divine State”.

The units of measurement of the quantities considered in such a “transformation step” are real numbers³⁸. Just as we cannot enumerate all real numbers which lie

³⁸ A number is a concept which allows to evaluate and compare quantities or quantities ratios, but also to order items by numbering. Often written using one or more digits, numbers interact through operations that are summarized by calculation rules. The properties of these relationships between numbers are the object of arithmetic study, which goes further with numbers theory.

between any two specified reals, it is so that from the beginning of a “transformation step” until its completion, there are countless of these “Divine States” and they are consecutive to each other. It is so that, the “Divine Products” are into existence in countless stable “Divine States”.

Each “transformation step” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, will gather in it countless stable “Divine States” which form a concrete image of the “transformation step”. Therefore, a concrete image of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” will be also expressed by seven subsets of “Divine States”:

- A subset of “Divine States” which is a concrete image of the “primary transformation”; that of the transformation of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the first “Formative Divine Particle”. This subset is called: the first “Formative Divine State”. It is also called: the first “Core Formative Divine State”.
- A subset of “Divine States” which is a concrete image of the “secondary transformation”; that of the transformation of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “primary transformation” and also by the products of the “divine work” accomplished by the second “Formative Divine Particle”. This subset is called: the second “Formative Divine State”. It is also called: the first “Intermediary Formative Divine State”.
- A subset of “Divine States” which is a concrete image of the “tertiary transformation”; that of the transformation of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “secondary transformation” and also by the products of the “divine work” accomplished by the third “Formative Divine

An integer is a number which basically allows enumerating objects, each counting for one and thus to count the considered objects. Each natural number has a unique successor, that is a higher integer that follows it immediately, and the list of integers is infinite.

A rational number is a representation in the form of quotient with a numerator and a denominator that are integers.

An irrational number is a number that cannot be written as a fraction of two integers.

A real number is an element of the set of rational numbers “completed” by the set of irrational numbers.

Particle”. This subset is called: the third “Formative Divine State”. It is also called: the second “Core Formative Divine State”.

- A subset of “Divine States” which is a concrete image of the “quaternary transformation”; that of the transformation of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “tertiary transformation” and also by the products of the “divine work” accomplished by the fourth “Formative Divine Particle”. This subset is called: the fourth “Formative Divine State”. It is also called: the second “Intermediary Formative Divine State”.
- A subset of “Divine States” which is a concrete image of the “quinary transformation”; that of the transformation of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “quaternary transformation” and also by the products of the “divine work” accomplished by the fifth “Formative Divine Particle”. This subset is called: the fifth “Formative Divine State”. It is also called: the third “Core Formative Divine State”.
- A subset of “Divine States” which is a concrete image of the “senary transformation”; that of the transformation of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “quinary transformation” and also by the products of the “divine work” accomplished by the sixth “Formative Divine Particle”. This subset is called: the sixth “Formative Divine State”. It is also called: the third “Intermediary Formative Divine State”.
- A subset of “Divine States” which is a concrete image of the “‘end of cycle’ transformation”; that of the transformation of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “senary transformation”. This subset is called: the “Generative Divine State”.

An “Intermediary Formative Divine State” is a subset of “Divine States” which lie between two consecutive “Core Formative Divine States”. By analogy to the concept of rational and irrational numbers which is already familiar, an “Intermediary Formative Divine State” between two consecutive “Core Formative Divine States” is the set constituted by the first of the two “Core Formative Divine States”, “completed” by the second of the two “Core Formative Divine States”.

In this concrete image of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, the “Divine Products” are not generated randomly through

“THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, but they are generated following a well-defined relation.

The “Divine Products” of a “Divine State” are generated within “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, all in the same “Divine State” or all in the “Divine State” preceding it immediately and in the latter case it is said that the preceding “Divine State” is bearer of the “Divine State” of the “Divine Particles” which it will generate.

The formation into existence of “Divine Products” of a “Divine State” through “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” is called: “THE CREATION”.

This first causal precedence relation that defines the sequence of events through which the “Divine Products” arise to existence, is called: the “Causal Precedence Relation of ‘THE CREATION’”.

In this concrete image, of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, expressed on these stable “Divine States”, the “Divine Products” that have been generated in an “Intermediary Formative Divine State” are necessary for the continued existence and in their manner of being, of the “Divine Products” of the “Core Formative Divine State” preceding the “Intermediary Formative Divine State” considered.

Therefore, it will be said that the begotten “Intermediary Formative Divine State” ensures subsistence of the previous “Divine State” from which it (that is, the begotten “Divine State”) was begotten. This second causal precedence relation defines the sequence of events through which the “Divine Particles” remain (that is, subsist) into existence in their “Divine State”.

Each “Formative Divine State” of the “Divine Products” constituent of “THE DIVINE BODY”, exists in well-defined conditions, in a well-defined environment of its own, and the “Divine Products” in a “Formative Divine State” arise into existence and remain (that is, subsist) into existence in their “Formative Divine State” and in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” through provision of an external supply to their “Formative Divine State”.

This external supply of subsistence is provided by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, all from the “Intermediary Formative Divine State” following immediately the “Formative Divine State” under consideration, and as products of the “divine work” accomplished by this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. It is these

products which will be provided as external supply of subsistence to the “Divine Products” of the “Formative Divine State” considered.

This external supply of subsistence, which is provided by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, all from the “Intermediary Formative Divine State” following immediately the “Formative Divine State” under consideration, is activated when this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” of this “Intermediary Formative Divine State” receives particular “divine signals” requesting the sending of external supply of subsistence and which are issued by the “Divine Products” of the “Formative Divine State” that immediately precedes this “Intermediary Formative Divine State”.

The emission of these “divine signals” send in order to receive this external supply of subsistence is called: “THE PRAISE”.³⁹ We shall use the arrow (→) to indicate the direction of emission of “THE PRAISE” between two “Divine States”. This direction is defined by the sequence in which “THE DIVINE ARCHITECT AND PROJECT MASTER” has chosen the six “Formative Divine Particles”; and therefore this direction is defined following the direction of the seven “transformation steps” cycle in “THE DIVINE SUPREME CONFIGURATION” of

³⁹ You can consider “THE PRAISE”, in “THE BODY OF ‘HE WHO IS’”, as a “communication process” between structures which are in two different “Divine States”.

As you would know already in cellular biology, a “cellular communication process”, for example, is a complex communication sequence of elementary actions whose result is equivalent to the main action of which they are the decomposition and through which well defined chemical or electrical signals, which govern the basic processes of cells and coordinate their activity, are sent or received by the cell. The most common form of cellular communication is via molecules secreted from the cells and moving through the extracellular space. Signaling molecules may also remain on cell surfaces, influencing other cells only after the cells make physical contact. Chemical signals secreted by cells can act over varying distances. In the autocrine signaling process, molecules act on the same cells that produce them. In paracrine signaling, they act on nearby cells. The concentration at which a chemical signal acts has significance for its target cell. Chemical signals that act at high concentration act locally and rapidly. On the other hand, chemical signals that act at low concentrations act at distances and are generally slow.

In the “cellular communication process” in cellular biology, which you are already familiar with, the cells are all considered to be in the same “non spiritual” manner of being. When cells are in different manner of being, for example “non spiritual” and “spiritual”, well-established communication sequences of elementary actions, designated as “THE PRAISE”, also take place.

seven “Divine Particles”. As we have already indicated, the three attributes — “PURITY”, “LIGHT”, and “GOD” — are inextricably linked through a relationship of “strict inclusion” of “sets”, of unique particulars especially and deliberately chosen between all those that distinguish “THE BODY OF ‘HE WHO IS’”. This arrow (\rightarrow) also indicates the direction of the epithet functions defined in that relationship of “strict inclusion” of “sets”: that is, it indicates the direction of “attribution” between the particulars of “THE DIVINE” as substantive and the attributes of “THE DIVINE” as epithets.

The transfer of the external supply of subsistence through the execution of “THE PRAISE” is reminiscent of a non-reversible energy osmosis⁴⁰. We shall use the reverse arrow (\leftarrow) to indicate the direction of the non-reversible transfer of the external supply of subsistence between two “Divine States”.

It is so that, the second causal precedence relation that defines the sequence of events through which the “Divine Particles” remain (that is, subsist) into existence in their “Divine State”, is called: the “Causal Precedence Relation of ‘THE PRAISE’”.⁴¹

The concrete image, of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, expressed on these “Divine States”, is thus characterized by two unique causal precedence relations and takes into account three “Divine States”: a “Core Formative Divine State”, the “Intermediary Formative Divine State” immediate to the “Core Formative Divine State”, and the next “Intermediary Formative Divine State”; as shown in the following diagram.

“THE DIVINE DOMAIN” is dynamic and it is through this concrete image, of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”,

⁴⁰ Transfer of diluted energy towards another concentrated energy through a semi-permeable membrane (permeable to some aspects of the origin energy of the diluted energy considered, but not to other aspects of this same origin energy of the diluted energy considered).

⁴¹ These two causal precedence relations are very important to know because it is through them that “THE DIVINE” has defined the direction of the events of the Creation — by the relationship of causal precedence through which Creatures of “THE DIVINE” will arise into existence — and HE has defined the direction of the event which is called “THE PRAISE OF THE DIVINE” and through which Creatures of “THE DIVINE” will receive the necessary supply for their continued existence in the environment in which they will be created. Thus, everything into existence is governed by these two causal precedence relations. We will explain much more through the texts of this “BOOK OF FORMATION”.

expressed on the “Divine States”, that the products of the seven “transformation steps” are continuously consumed in the “Divine Septenary Equilibrium Zones”; nothing is lost during the course of the seven “transformation steps”.

It is through this concrete image, of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, expressed on the “Divine States” that “THE DIVINE DOMAIN” subsists by itself in a “SUPREME STATE OF EQUILIBRIUM” and immeasurable, in a state of indescribable joy, and in a state of ineffable gladness.

It is so that:

- The first “Core Formative Divine State” is bearer of the first “Intermediary Formative Divine State”.
- The first “Intermediary Formative Divine State”, between the first “Core Formative Divine State” and the second “Core Formative Divine State”, is bearer of the second “Core Formative Divine State”.

It is through this component which bears the second “Core Formative Divine State” that this first “Intermediary Formative Divine State” ensures the subsistence of the first “Core Formative Divine State”.

- The second “Core Formative Divine State” is bearer of the second “Intermediary Formative Divine State”.
- The second “Intermediary Formative Divine State”, between the second “Core Formative Divine State” and the third “Core Formative Divine State”, is bearer of the third “Core Formative Divine State”.

It is through this component which bears the third “Core Formative Divine State” that this second “Intermediary Formative Divine State” ensures the subsistence of the second “Core Formative Divine State” and consequently of the first “Intermediary Formative Divine State”; because the first “Intermediary Formative Divine State” is bearer of the second “Core Formative Divine State”.

- The third “Core Formative Divine State” is bearer of the third “Intermediary Formative Divine State”.
- The third “Intermediary Formative Divine State”, between the third “Core Formative Divine State” and the “Generative Divine State”, is bearer of the “Generative Divine State”.

ספר

It is through this component which bears the “Generative Divine State” that this third “Intermediary Formative Divine State” ensures the subsistence of the third “Core Formative Divine State” and consequently of the second “Intermediary Formative Divine State”; because the second “Intermediary Formative Divine State” is bearer of the third “Core Formative Divine State”.

- The “Generative Divine State” is also bearer of all six “Formative Divine States” and the “Generative Divine State” subsists by itself: it is the primordial unity, which is the absolute principle; it is the unit which is expressed by the “Generative Divine State”. As we have already indicated for “THE DIVINE BODY”, this primordial unity is the Monad of Origin.

The Monad of Origin is not expressed in the “Formative Divine States”; it does not belong to the “Formative Divine States”.⁴²

This cycle of seven “steps of creation and subsistence” is an expression on the “Divine States” of the cycle of the seven “transformation steps” of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” and which we have already described.

When the “Divine Products” are “Divine Particles”, then, once the “Divine Particles” have been generated in a “Divine State”, they will be instantly arranged in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”; because “THE DIVINE” has established and expressed in Himself and on all His constituent “Divine Particles”, “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. Therefore, the passage from one “Divine State” to one another “Divine State” is instantaneous⁴³ at the scale of the “Divine Particle”.

⁴² CHRIST already explained this to human creatures when through His disciples, he was describing “Divine States” that are inside “THE DIVINE DOMAIN” in veiled terms. It was then, that he told them:

“...And as I already said, the Monad does not belong to the first begotten. Then, in the end, HE who will be fully made known will have revealed all realities from his power. ...”

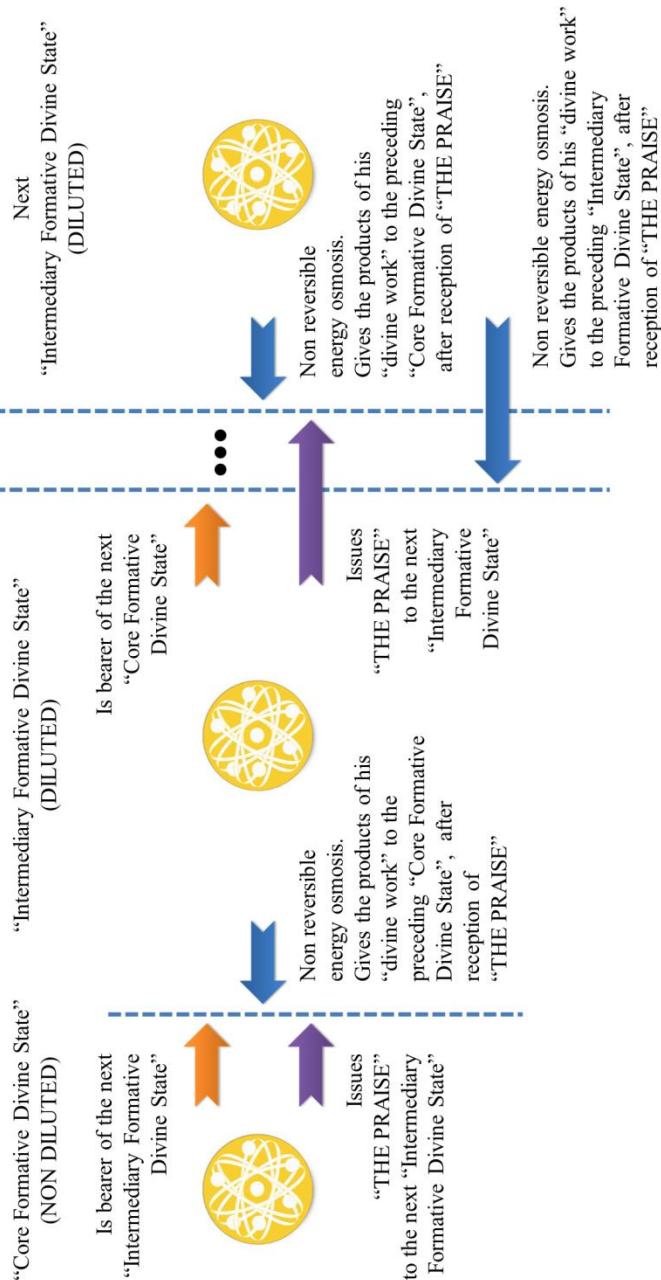

⁴³ It is billions of times smaller than the measurement of time called “one second”.

THE CHURCH

THE UNION

of the "Core Formative Divine State" and
The next "Core Formative Divine State"

To the “Intermediary Formative Divine State” between two “Core Formative Divine States”, which by analogy to the concept of rational and irrational numbers is the set constituted by the first of the two “Core Formative Divine States”, “completed” by the second of the two “Core Formative Divine States”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has assigned a unique attribute defined by the “unique word” which is pronounced: “THE UNION”; It is the union of two consecutive “Core Formative Divine States”.

When “THE UNION” is established, the “Divine Particles” of each of the two “Core Formative Divine States” are all in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in their respective “Core Formative Divine State”. Each “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in each “Core Formative Divine State” constituent of “THE UNION” is represented as a unique indivisible element.

It is from “THE UNION” of two consecutive “Core Formative Divine States” that the “Divine Particles”, that are in the “Core Formative Divine State” associated with the first “Core Formative Divine State” of “THE UNION” considered, will receive the external supply of subsistence, which is necessary in order for them to remain into existence in their “Core Formative Divine State”.

This third “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in the “Divine State” associated with the “Core Formative Divine State” of “THE UNION” considered, can be represented as a unique indivisible element or as a set of seven “Divine Particles” and each of the seven “Divine Particles” being separated from others.

It is so that, from minorities, the multitudes of “Divine Products” in the “Core Formative Divine State” of “THE UNION” considered will receive the external supply of subsistence, which is necessary for their subsistence.

To the set which consists of “THE UNION” of two consecutive “Core Formative Divine States”, each “Core Formative Divine State” being expressed by a “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, and the third “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in the “Core Formative Divine State” associated with the first “Core Formative Divine State” of “THE UNION” considered, all these three “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” being governed by two causal precedence relations, “THE DIVINE ARCHITECT AND PROJECT MASTER” has

assigned a unique attribute defined by the “unique word” which is pronounced: “THE CHURCH”⁴⁴. “THE UNION” is a precursor of “THE CHURCH”. Therefore:

The first “Core Formative Divine State” of the “Divine Particles” constituent of “THE DIVINE BODY”, exists in well-defined conditions, in a first well-defined environment of its own, and “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” of this first “Core Formative Divine State” arises to the existence and remains into existence in this first “Core Formative Divine State” through provision of an external supply to their “Core Formative Divine State” by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” of the first “Intermediary Formative Divine State” as a product of its own “divine work” accomplished using external supply received from the “Divine Particles” of the second “Intermediary Formative Divine State”.

The first “Intermediary Formative Divine State” of the “Divine Particles” constituent of “THE DIVINE BODY”, exists in well-defined conditions, in a second well-defined environment of its own, and “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” of this first “Intermediary Formative Divine State” arises to the existence and remains into existence in this first “Intermediary Formative Divine State” through provision of an external supply to their “Intermediary Formative Divine State” by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” of the second “Intermediary Formative Divine State” as a product of its own “divine work” accomplished using external supply received from the “Divine Particles” of the third “Intermediary Formative Divine State”.

The second “Core Formative Divine State” of the “Divine Particles” constituent of “THE DIVINE BODY”, exists in well-defined conditions, in a third well-defined environment of its own, and “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” of this second “Core Formative Divine State” arises to the existence and remains into existence in this second “Core Formative Divine State” through provision of an external supply to their “Core Formative Divine State” by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” of the second “Intermediary Formative Divine State” as a product of its own “divine

⁴⁴ For creatures that “THE DIVINE” will create into existence in the space in which HE will realise His Project, the symbol of this set which is called “THE CHURCH” will be represented by a candlestick with three candles all lit.

work” accomplished using external supply received from the “Divine Particles” of the third “Intermediary Formative Divine State”.

The second “Intermediary Formative Divine State” of the “Divine Particles” constituent of “THE DIVINE BODY”, exists in well-defined conditions, in a fourth well-defined environment of its own, and “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” of this second “Intermediary Formative Divine State” arises to the existence and remains into existence in this second “Intermediary Formative Divine State” through provision of an external supply to their “Intermediary Formative Divine State” by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” of the third “Intermediary Formative Divine State” as a product of its own “divine work” accomplished using external supply received from the “Divine Particles” of the “Generative Divine State”.

The third “Core Formative Divine State” of the “Divine Particles” constituent of “THE DIVINE BODY”, exists in well-defined conditions, in a fifth well-defined environment of its own, and “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” of this third “Core Formative Divine State” arises to the existence and remains into existence in this third “Core Formative Divine State” through provision of an external supply to their “Core Formative Divine State” by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” of the “Generative Divine State” as a product of its own “divine work” accomplished from its own divine supplies.

The third “Intermediary Formative Divine State” of the “Divine Particles” constituent of “THE DIVINE BODY”, exists in well-defined conditions, in a sixth well-defined environment of its own, and “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” of this third “Intermediary Formative Divine State” arises to the existence and remains into existence in this third “Intermediary Formative Divine State” through provision of an external supply to their “Intermediary Formative Divine State” by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” of the “Generative Divine State” as a product of its own “divine work” accomplished from its own divine supplies.

The “Generative Divine State” of the “Divine Particles” constituent of “THE DIVINE BODY”, exists in well-defined conditions, in a seventh well-defined environment of its own, and “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” of the “Generative Divine State” has always been into

existence and will always remain into existence in the “Generative Divine State” through provision of its own divine supplies.

“THE DIVINE” has established in Him these seven “Divine States” and from the unique attributes of “THE DIVINE BODY”, HE has assigned a unique designation to each of these seven “Divine States”.

As we have already indicated, through “THE INTELLECT OF THE DIVINE”, “THE DIVINE” has established and assigned unique attributes to “THE DIVINE BODY”. To each attribute, HE has given a unique meaning and a “single word” which reveals unique particulars especially and deliberately chosen between all those that distinguish “THE BODY OF ‘HE WHO IS’”. So, HE has established the following first three attributes of which the “single words” in the human language are translated by:

1. “PURITY” — to express the fact that “THE BODY OF ‘HE WHO IS’” contains no detectable trace of anything other than “THE BODY OF ‘HE WHO IS’”.
2. “LIGHT” — to characterize the Energy that emanates from “THE BODY OF ‘HE WHO IS’” and makes it “ALIVE”. This energy is the “LIFE” imprint of “THE BODY OF ‘HE WHO IS’”.
3. “GOD” — to express the fact that “THE BODY OF ‘HE WHO IS’” produces itself the Energy that emanates from “THE BODY OF ‘HE WHO IS’” and makes it “ALIVE”; “THE BODY OF ‘HE WHO IS’” produces itself “LIFE”.

For “THE BODY OF ‘HE WHO IS’”, these three attributes — “PURITY”, “LIGHT”, and “GOD” — also form a Monad of Origin; that is, the primordial unity which is the source of each of the components of this primordial unity, and these components cannot be separated, but are distinguishable.

To this Monad of Origin for “THE BODY OF ‘HE WHO IS’”, “HE WHO IS” has established and assigned a unique attribute which “single word” in the human language translates into: “THE DIVINE”.

Therefore:

To the “Generative Divine State”, HE assigned the attribute of the Monad of Origin for “THE BODY OF ‘HE WHO IS’”. This attribute is identified with the word which in human language, is pronounced: “THE DIVINE”. This “Generative Divine State” will be called: “‘DIVINE’ Divine State”.

By the first “Core Formative Divine State”, “THE DIVINE” has honored the pair formed by “THE DIVINE ARCHITECT AND PROJECT MASTER” and “THE DIVINE FORCE”. Thus HE has assigned to this first “Core Formative Divine State”, which is also the symbol of purity of “THE DIVINE”, a word which in human language is pronounced: “PURITY”.

This first “Core Formative Divine State” will be also designated by a word that in human language is pronounced: “SPIRIT”⁴⁵. This first “Core Formative Divine State” will be called: “‘SPIRIT’ Divine State”. This first “Core Formative Divine State” is also called “PURITY”, it is the eternal symbol of glory of “THE DIVINE ARCHITECT AND PROJECT MASTER”.

To the second “Core Formative Divine State”, HE has assigned a unique attribute defined by the “unique word” that in human language is pronounced: “LIGHT”⁴⁶ and which will be also pronounced by the word: “CHRIST”. This second “Core Formative Divine State” will be called: “‘LIGHT’ Divine State”; it will also be called: “‘CHRIST’ Divine State”.

To the third “Core Formative Divine State”, HE has assigned a unique attribute defined by the “unique word” that in human language is pronounced: “GOD”. This third “Core Formative Divine State” will be called: “‘GOD’ Divine State”.

⁴⁵ It is from this designation assigned to the first “Core Formative Divine State” that “THE DIVINE FORCE” has come to be called: “THE HOLY SPIRIT”.

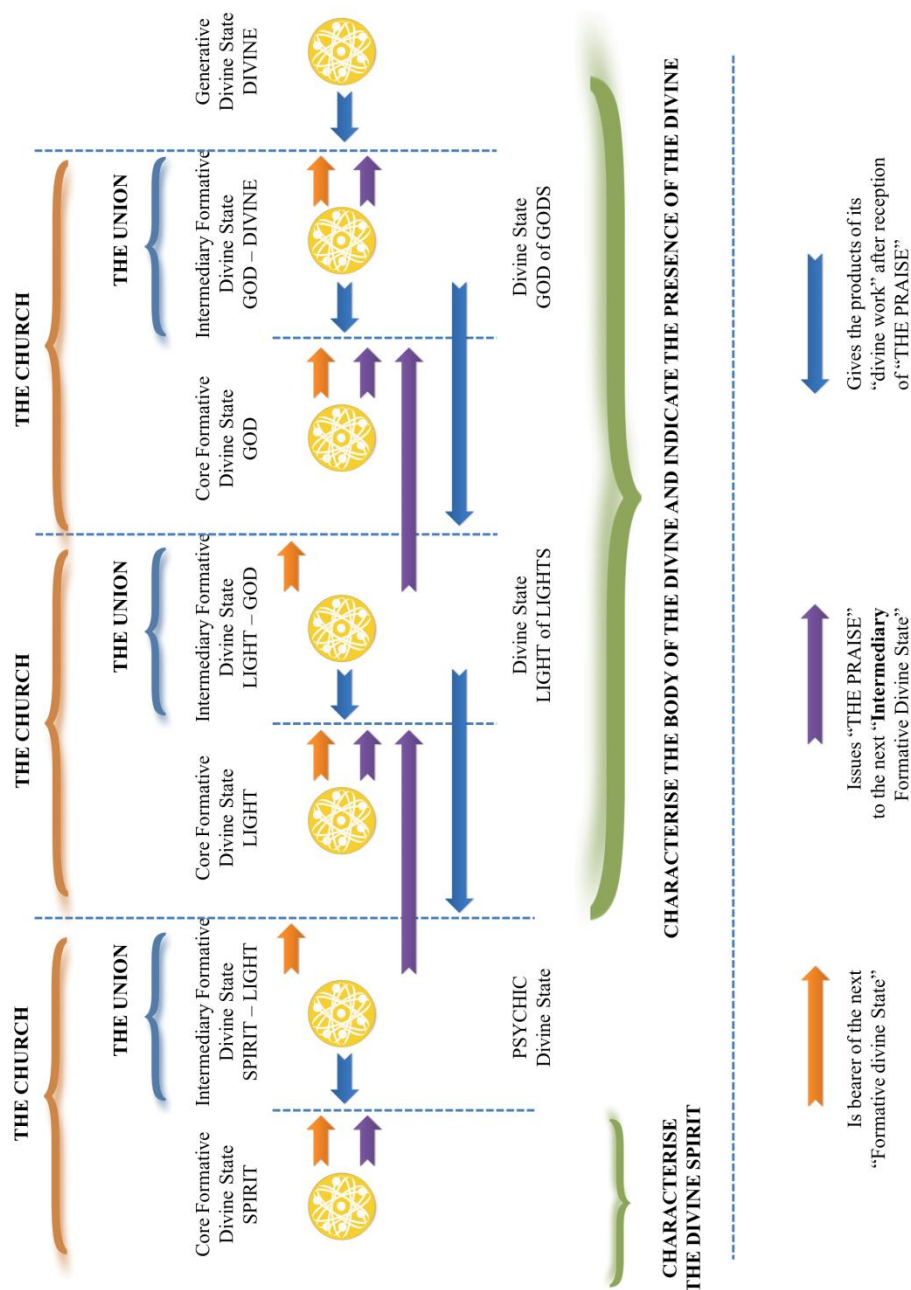

See conversation of June 30, 2006, Aristide, and CHRIST, concerning “THE HOLY SPIRIT”.

“THE HOLY SPIRIT” is a part of “THE DIVINE”; SHE is a powerful force and visible only to “THE EYE OF THE DIVINE”, which accomplishes all instructions that SHE receives from “THE DIVINE”. “HER MAIN PURPOSE IS TO BE THE CONJOINT OF ‘THE DIVINE ARCHITECT AND PROJECT MASTER’” and, out of any substance, SHE can manifest (instantly produce into existence) any creature and through which SHE can interact (for, SHE is found outside the produced creature) with the like of that creature, in the environment of that creature, to accomplish the task entrusted to HER. “THE HOLY SPIRIT” IS SIGN OF “PURITY” AND LIGHT. SHE is THE SCIENCE that is found in any substance.

See also October 11, 2015 vision, during the worship praise of 03:00 in the morning.

⁴⁶ With the passage of time, this word which means “LIGHT” will be also pronounced by the word “CHRIST”, and it is through this word that will be appointed the one who will come to accomplish the “PROJECT OF REDEMPTION” that “THE DIVINE” will grant human creatures: CHRIST, JESUS CHRIST. We will explain this in the texts below.

יצירה ספר

To the first “Intermediary Formative Divine State”, HE has assigned a unique attribute defined by the “unique word” that in human language means: “BETWEEN SPIRIT AND LIGHT”, or also “SPIRIT→LIGHT”, or also “PSYCHIC”. This first “Intermediary Formative Divine State” will be called: “‘SPIRIT→LIGHT’ Divine State”.

To the second “Intermediary Formative Divine State”, HE has assigned a unique attribute defined by the “unique word” that in human language means: “BETWEEN LIGHT AND GOD”, or also “LIGHT→GOD”, or also “LIGHT OF LIGHTS”, or also “CHRIST OF CHRIST”; because “LIGHT” is the product of the “divine work” accomplished by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” of this second “Intermediary Formative Divine State”.

It is this product that is provided as external supply of subsistence to “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” from the “‘LIGHT’ Divine State” and also from the “‘SPIRIT→LIGHT’ Divine State”. In other words, this second “Intermediary Formative Divine State” produces “LIGHT” by itself and it is this produced “LIGHT” that is provided as external supply of subsistence to “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” from the “‘LIGHT’ Divine State” and also from the “‘SPIRIT→LIGHT’ Divine State”.

This second “Intermediary Formative Divine State” will be called: “‘LIGHT→GOD’ Divine State”.

To the third “Intermediary Formative Divine State”, HE has assigned a unique attribute defined by the “unique word” that in human language means: “BETWEEN GOD AND DIVINE”, or also “GOD→DIVINE”, or also “GOD OF GODS”. This third “Intermediary Formative Divine State” will be called: “‘GOD→DIVINE’ Divine State”.

This cycle of seven “steps of creation and subsistence” is an expression on the “Divine States” of the cycle of the seven “transformation steps” of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” and which we have already described.

Thus, using these unique designations of “Divine States”, the seven “transformation steps” of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” will also carry these designations:

- The “‘SPIRIT’ Divine State” is a concrete image of the “primary transformation”; that of the transformation of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the first “Formative Divine Particle”. The “primary transformation” is characterized by the word “SPIRIT”, it is also characterized by the word “PURITY” — the eternal symbol of glory of “THE DIVINE ARCHITECT AND PROJECT MASTER”.

The subset of “THE REASON” which is a concrete image of the “primary transformation” and called “THE REASON of the First Order” will also be called “THE ‘SPIRIT’ REASON”.

“THE ‘SPIRIT’ REASON” is the true statement of the “ABSOLUTE PURITY” of “THE DIVINE”. “THE ‘SPIRIT’ REASON” contains all aspects of the logical system relating to the notions of that, which is called “SATISFACTION” and also of that, which is called “TRUTH”, of the “primary transformation”.

To “THE ‘SPIRIT’ REASON” is also associated “THE ‘SPIRIT’ LOGIC” pertaining to the discursive formulation of the truths of the “primary transformation”.

- The “‘SPIRIT→LIGHT’ Divine State” is a concrete image of the “secondary transformation”; that of the transformation of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “primary transformation” and also by the products of the “divine work” accomplished by the second “Formative Divine Particle”. The “secondary transformation” is characterized by the word “SPIRIT→LIGHT”.

The subset of “THE REASON” which is a concrete image of the “secondary transformation” and called “THE REASON of the Second Order” will also be called “THE ‘SPIRIT→LIGHT’ REASON”.

“THE ‘SPIRIT→LIGHT’ REASON” contains all aspects of the logical system relating to the notions of that, which is called “SATISFACTION” and also of that, which is called “TRUTH”, of the “secondary transformation”.

To “THE ‘SPIRIT→LIGHT’ REASON” is also associated “THE ‘SPIRIT→LIGHT’ LOGIC” pertaining to the discursive formulation of the truths of the “secondary transformation”.

“THE ‘SPIRIT→LIGHT’ REASON” is a demonstration of “THE ‘SPIRIT’ REASON”, and “THE ‘SPIRIT’ REASON” contains the rules of construction of the products of the “secondary transformation”, as well as the rules of deduction operating from the proposals, which have been set at their basis. “THE ‘SPIRIT’ REASON” is the “semantic” of “THE ‘SPIRIT→LIGHT’ REASON”.

The correspondence between “THE ‘SPIRIT’ REASON”, which is the “semantic”, and “THE ‘SPIRIT→LIGHT’ REASON”, which is the demonstration, is a relation of completeness; it is a bridge between (1) “SATISFACTION” and “TRUTH” of the “primary transformation” and (2) formal demonstrability of the “secondary transformation” in the “Divine Septenary Configuration” of seven “Divine Particles”. In this relation of completeness, all the unique particulars of the products of the “primary transformation” have epithet functions in the products of the “secondary transformation”; and all the products of the “secondary transformation”, each product in itself, carry in them the unique particulars that belong to the products of the “primary transformation”, but no product of the “primary transformation” carries in it a determinant of the products of the “secondary transformation”: this is an expression of the notion of “strict inclusion” of “sets”, which we mentioned already.

- The “‘LIGHT’ Divine State” is a concrete image of the “tertiary transformation”; that of the transformation of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “secondary transformation” and also by the products of the “divine work” accomplished by the third “Formative Divine Particle”. The “tertiary transformation” is characterized by the word “LIGHT”.

The subset of “THE REASON” which is a concrete image of the “tertiary transformation” and called “THE REASON of the Third Order” will also be called “THE ‘LIGHT’ REASON”.

“THE ‘LIGHT’ REASON” is the true statement of the “LIGHT” of “THE

DIVINE". "THE 'LIGHT' REASON" contains all aspects of the logical system relating to the notions of that, which is called "SATISFACTION" and also of that, which is called "TRUTH", of the "tertiary transformation".

To "THE 'LIGHT' REASON" is also associated "THE 'LIGHT' LOGIC" pertaining to the discursive formulation of the truths of the "tertiary transformation".

"THE 'LIGHT' REASON" is a demonstration of "THE 'SPIRIT→LIGHT' REASON", and "THE 'SPIRIT→LIGHT' REASON" contains the rules of construction of the products of the "tertiary transformation", as well as the rules of deduction operating from the proposals, which have been set at their basis. "THE 'SPIRIT→LIGHT' REASON" is the "semantic" of "THE 'LIGHT' REASON".

The correspondence between "THE 'SPIRIT→LIGHT' REASON", which is the "semantic", and "THE 'LIGHT' REASON", which is the demonstration, is a relation of completeness; it is a bridge between "SATISFACTION" and "TRUTH" of the "secondary transformation" and formal demonstrability of the "tertiary transformation" in the "Divine Septenary Configuration" of seven "Divine Particles". In this relation of completeness, all the unique particulars of the products of the "secondary transformation" have epithet functions in the products of the "tertiary transformation"; and all the products of the "tertiary transformation", each product in itself, carry in them the unique particulars that belong to the products of the "secondary transformation", but no product of the "secondary transformation" carries in it a determinant of the products of the "tertiary transformation": this is an expression of the notion of "strict inclusion" of "sets", which we mentioned already.

- The "'LIGHT→GOD' Divine State" is a concrete image of the "quaternary transformation"; that of the transformation of the products of the "divine work", accomplished by the "Generative Divine Particle", by the products of the "tertiary transformation" and also by the products of the "divine work" accomplished by the fourth "Formative Divine Particle". The "quaternary transformation" is characterized by the word "LIGHT→GOD"

The subset of “THE REASON” which is a concrete image of the “quaternary transformation” and called “THE REASON of the Fourth Order” will also be called “THE ‘LIGHT→GOD’ REASON”.

“THE ‘LIGHT→GOD’ REASON” contains all aspects of the logical system relating to the notions of that, which is called “SATISFACTION” and also of that, which is called “TRUTH”, of the “quaternary transformation”.

To “THE ‘LIGHT→GOD’ REASON” is also associated “THE ‘LIGHT→GOD’ LOGIC” pertaining to the discursive formulation of the truths of the “quaternary transformation”.

“THE ‘LIGHT→GOD’ REASON” is a demonstration of “THE ‘LIGHT’ REASON”, and “THE ‘LIGHT’ REASON” contains the rules of construction of the products of the “quaternary transformation”, as well as the rules of deduction operating from the proposals, which have been set at their basis. “THE ‘LIGHT’ REASON” is the “semantic” of “THE ‘LIGHT→GOD’ REASON”.

The correspondence between “THE ‘LIGHT’ REASON”, which is the “semantic”, and “THE ‘LIGHT→GOD’ REASON”, which is the demonstration, is a relation of completeness; it is a bridge between (1) “SATISFACTION” and “TRUTH” of the “tertiary transformation” and (2) formal demonstrability of the “quaternary transformation” in the “Divine Septenary Configuration” of seven “Divine Particles”. In this relation of completeness, all the unique particulars of the products of the “tertiary transformation” have epithet functions in the products of the “quaternary transformation”; and all the products of the “quaternary transformation”, each product in itself, carry in them the unique particulars that belong to the products of the “tertiary transformation”, but no product of the “tertiary transformation” carries in it a determinant of the products of the “quaternary transformation”: this is an expression of the notion of “strict inclusion” of “sets”, which we mentioned already.

- The “‘GOD’ Divine State” is a concrete image of the “quinary transformation”; that of the transformation of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “quaternary transformation” and also by the products of

the “divine work” accomplished by the fifth “Formative Divine Particle”. The “quinary transformation” is characterized by the word “GOD”.

The subset of “THE REASON” which is a concrete image of the “quinary transformation” and called “THE REASON of the Fifth Order” will also be called “THE ‘GOD’ REASON”.

“THE ‘GOD’ REASON” is the true statement of the property of the “LIGHT” that produces the “LIGHT” of “THE DIVINE”. “THE ‘GOD’ REASON” contains all aspects of the logical system relating to the notions of that, which is called “SATISFACTION” and also of that, which is called “TRUTH”, of the “quinary transformation”.

To “THE ‘GOD’ REASON” is also associated “THE ‘GOD’ LOGIC” pertaining to the discursive formulation of the truths of the “quinary transformation”.

“THE ‘GOD’ REASON” is a demonstration of “THE ‘LIGHT→GOD’ REASON”, and “THE ‘LIGHT→GOD’ REASON” contains the rules of construction of the products of the “quinary transformation”, as well as the rules of deduction operating from the proposals, which have been set at their basis. “THE ‘LIGHT→GOD’ REASON” is the “semantic” of “THE ‘GOD’ REASON”.

The correspondence between “THE ‘LIGHT→GOD’ REASON”, which is the “semantic”, and “THE ‘GOD’ REASON”, which is the demonstration, is a relation of completeness; it is a bridge between (1) “SATISFACTION” and “TRUTH” of the “quaternary transformation” and (2) formal demonstrability of the “quinary transformation” in the “Divine Septenary Configuration” of seven “Divine Particles”. In this relation of completeness, all the unique particulars of the products of the “quaternary transformation” have epithet functions in the products of the “quinary transformation”; and all the products of the “quinary transformation”, each product in itself, carry in them the unique particulars that belong to the products of the “quaternary transformation”, but no product of the “quaternary transformation” carries in it a determinant of the products of the “quinary

transformation”: this is an expression of the notion of “strict inclusion” of “sets”, which we mentioned already.

- The “‘GOD→DIVINE’ Divine State” is a concrete image of the “senary transformation”; that of the transformation of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “quinary transformation” and also by the products of the “divine work” accomplished by the sixth “Formative Divine Particle”. The “senary transformation” is characterized by the word “GOD→DIVINE”.

The subset of “THE REASON” which is a concrete image of the “senary transformation” and called “THE REASON of the Sixth Order” will also be called “THE ‘GOD→DIVINE’ REASON”.

“THE ‘GOD→DIVINE’ REASON” contains all aspects of the logical system relating to the notions of that, which is called “SATISFACTION” and also of that, which is called “TRUTH”, of the “senary transformation”.

To “THE ‘GOD→DIVINE’ REASON” is also associated “THE ‘GOD→DIVINE’ LOGIC” pertaining to the discursive formulation of the truths of the “senary transformation”.

“THE ‘GOD→DIVINE’ REASON” is a demonstration of “THE ‘GOD’ REASON”, and “THE ‘GOD’ REASON” contains the rules of construction of the products of the “senary transformation”, as well as the rules of deduction operating from the proposals, which have been set at their basis. “THE ‘GOD’ REASON” is the “semantic” of “THE ‘GOD→DIVINE’ REASON”.

The correspondence between “THE ‘GOD’ REASON”, which is the “semantic”, and “THE ‘GOD→DIVINE’ REASON”, which is the demonstration, is a relation of completeness; it is a bridge between (1) “SATISFACTION” and “TRUTH” of the “quinary transformation” and (2) formal demonstrability of the “senary transformation” in the “Divine Septenary Configuration” of seven “Divine Particles”. In this relation of completeness, all the unique particulars of the products of the “quinary transformation” have epithet functions in the products of the “senary transformation”; and all the products of the “senary

transformation”, each product in itself, carry in them the unique particulars that belong to the products of the “quinary transformation”, but no product of the “quinary transformation” carries in it a determinant of the products of the “senary transformation”: this is an expression of the notion of “strict inclusion” of “sets”, which we mentioned already.

- The “‘DIVINE’ Divine State” is a concrete image of the “‘end of cycle’ transformation”; that of the transformation of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “senary transformation”. The “‘end of cycle’ transformation” is characterized by the word “DIVINE”.

The subset of “THE REASON” which is a concrete image of the “‘end of cycle’ transformation” and called “THE REASON of the Seventh Order” will also be called “THE ‘DIVINE’ REASON”.

“THE ‘DIVINE’ REASON” contains all aspects of the logical system relating to the notions of that, which is called “SATISFACTION” and also of that, which is called “TRUTH”, of the “‘end of cycle’ transformation”.

To “THE ‘DIVINE’ REASON” is also associated “THE ‘DIVINE’ LOGIC” pertaining to the discursive formulation of the truths of the “‘end of cycle’ transformation”.

“THE ‘DIVINE’ REASON” is a demonstration of “THE ‘GOD→DIVINE’ REASON”, and “THE ‘GOD→DIVINE’ REASON” contains the rules of construction of the products of the “‘end of cycle’ transformation”, as well as the rules of deduction operating from the proposals, which have been set at their basis. “THE ‘GOD→DIVINE’ REASON” is the “semantic” of “THE ‘DIVINE’ REASON”.

The correspondence between “THE ‘GOD→DIVINE’ REASON”, which is the “semantic”, and “THE ‘DIVINE’ REASON”, which is the demonstration, is a relation of completeness; it is a bridge between (1) “SATISFACTION” and “TRUTH” of the “senary transformation” and (2) formal demonstrability of the “‘end of cycle’ transformation” in the “Divine Septenary Configuration” of seven “Divine Particles”. In this relation of completeness, all the unique particulars of the products of

the “senary transformation” have epithet functions in the products of the “‘end of cycle’ transformation”; and all the products of the “‘end of cycle’ transformation”, each product in itself, carry in them the unique particulars that belong to the products of the “senary transformation”, but no product of the “primary transformation” carries in it a determinant of the products of the “‘end of cycle’ transformation”: this is an expression of the notion of “strict inclusion” of “sets”, which we mentioned already.

“THE ‘DIVINE’ REASON” complements “THE ‘GOD→DIVINE’ REASON” which itself complements “THE ‘GOD’ REASON” which itself complements “THE ‘LIGHT→GOD’ REASON” which itself complements “THE ‘LIGHT’ REASON” which itself complements “THE ‘SPIRIT→LIGHT’ REASON” and which in turn complements “THE ‘SPIRIT’ REASON”. It is so that:

- The elements of “THE ‘SPIRIT’ REASON” will not be sufficient to describe the elements of “THE ‘SPIRIT→LIGHT’ REASON”. The incomprehensible for “THE ‘SPIRIT’ REASON” is all that, which belongs to “THE ‘SPIRIT→LIGHT’ REASON” and which cannot be described by the elements of “THE ‘SPIRIT’ REASON”.
- The elements of “THE ‘SPIRIT→LIGHT’ REASON” will not be sufficient to describe the elements of “THE ‘LIGHT’ REASON”. The incomprehensible for “THE ‘SPIRIT→LIGHT’ REASON” is all that, which belongs to “THE ‘LIGHT’ REASON” and which cannot be described by the elements of “THE ‘SPIRIT→LIGHT’ REASON”.
- The elements of “THE ‘LIGHT’ REASON” will not be sufficient to describe the elements of “THE ‘LIGHT→GOD’ REASON”. The incomprehensible for “THE ‘LIGHT’ REASON” is all that, which belongs to “THE ‘LIGHT→GOD’ REASON” and which cannot be described by the elements of “THE ‘LIGHT’ REASON”.
- The elements of “THE ‘LIGHT→GOD’ REASON” will not be sufficient to describe the elements of “THE ‘GOD’ REASON”. The incomprehensible for “THE ‘LIGHT→GOD’ REASON” is all that, which belongs to “THE ‘GOD’ REASON” and which cannot be described by the elements of “THE ‘LIGHT→GOD’ REASON”.
- The elements of “THE ‘GOD’ REASON” will not be sufficient to describe the elements of “THE ‘GOD→DIVINE’ REASON”. The incomprehensible for “THE ‘GOD’ REASON” is all that, which belongs

to “THE ‘GOD→DIVINE’ REASON” and which cannot be described by the elements of “THE ‘GOD’ REASON”.

- The elements of “THE ‘GOD→DIVINE’ REASON” will not be sufficient to describe the elements of “THE ‘DIVINE’ REASON”. The incomprehensible for “THE ‘GOD→DIVINE’ REASON” is all that, which belongs to “THE ‘DIVINE’ REASON” and which cannot be described by the elements of “THE ‘GOD→DIVINE’ REASON”.

These elements of “THE REASON” also define that, which is called: “THE POTENCY”, which is the degree of possession of elements of “THE ‘LIGHT’ REASON”, and which, in “THE DIVINE”, is a manifestation of the “Generative Power of ‘THE DIVINE’”; the “LIGHT” being the attribute which characterizes the Energy that emanates from “THE BODY OF ‘HE WHO IS’” and makes it “ALIVE”. This energy is the “LIFE” imprint of “THE BODY OF ‘HE WHO IS’”.

It is so that, from the perspective of “THE POTENCY”, the “‘SPIRIT’ Divine State” which is defined by the elements of “THE ‘SPIRIT’ REASON” has less “POTENCY” than the “‘SPIRIT→LIGHT’ Divine State” which is defined by the elements of “THE ‘SPIRIT→LIGHT’ REASON”, which itself has less “POTENCY” than the “‘LIGHT’ Divine State” which is defined by the elements of “THE ‘LIGHT’ REASON”, which itself in turn has less “POTENCY” than the “‘LIGHT→GOD’ Divine State” which is defined by the elements of “THE ‘LIGHT→GOD’ REASON”, which itself in turn has less “POTENCY” than the “‘GOD’ Divine State” which is defined by the elements of “THE ‘GOD’ REASON”, which itself in turn has less “POTENCY” than the “‘GOD→DIVINE’ Divine State” which is defined by the elements of “THE ‘GOD→DIVINE’ REASON”, which itself in turn has less “POTENCY” than the “‘DIVINE’ Divine State” which is “THE WHOLE”.

It is so that, from the perspective of “THE POTENCY”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has ordered the two causal precedence relations that define the order of events through which “Divine Products” arise in the existence and remain into existence in their “Formative Divine State”, starting from the “LASTS” which have no “POTENCY” and going towards the unique “FIRST”, “THE DIVINE”, who is “THE WHOLE”.

As we have indicated in the previous chapter, “THE DIVINE ARCHITECT AND PROJECT MASTER” has established several concepts in the same way as HE has established the concept of “THE REASON”, from “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. One of those concepts, which will be central to communication (transmission and reception of information) in all its

forms, and which “THE DIVINE ARCHITECT AND PROJECT MASTER” has established is that, which has been designated as: “THE WAVE”. Another one of those concepts, which will be imprinted and manifested in everything that “THE DIVINE FORCE” will bring forth into existence, and which reveals the qualities of the “GLORY”⁴⁷ of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, is that, which has been designated as: “THE COLOR”.

To each of the three “Core Formative Divine State” — the first “Core Formative Divine State”, which is also designated as “‘SPIRIT’ Divine State”; the second “Core Formative Divine State”, which is also designated as “‘LIGHT’ Divine State”; and third “Core Formative Divine State”, which is also designated as “‘GOD’ Divine State” — “THE DIVINE ARCHITECT AND PROJECT MASTER” has assigned three “Core COLORS” respectively designated as: “The First Core COLOR”, which is associated to the “‘SPIRIT’ Divine State”; “The Second Core COLOR”, which is associated to the “‘LIGHT’ Divine State”; and “The Third Core COLOR”, which is associated to the “‘GOD’ Divine State”. With these three “Core COLORS” and from the “movement” of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has also designed and established that, which will be designated as the “Palette of COLORS” and which is a very complex color-coded mapping, or color-coded labelling, of the happenings⁴⁸ taking place inside “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

⁴⁷ The “GLORY” is the word used symbolically to refer to the luminous radiation that characterizes the attribute “LIGHT” which describes the second attribute of “THE BODY OF ‘HE WHO IS’” and highlights the distinctive feature of the “divine energy” that emanates from “THE BODY OF ‘HE WHO IS’” and makes it “ALIVE”.

⁴⁸ In pretty much the same way as with a barcode, a machine-readable code in the form of numbers and a pattern of parallel lines of varying widths, printed on a commodity and used especially for stock control, which you are already familiar with and can be found on virtually every product you buy today in one form or another.

Barcodes are on virtually every product you buy today in one form or another. They usually consist of several black lines of different widths separated by white spaces. Read by a barcode scanner, they are a fast and efficient way to identify products. Manufacturers, distributors, wholesalers and retailers all use barcodes to track inventory and to process sales.

In much the same way is the “Palette of COLORS” with regards to the happenings taking place inside “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

Using “THE DIVINE FORCE” which extends over all “THE DIVINE BODY” which is unlimited, “THE DIVINE” has consolidated in Himself, on all the “Divine Particles” constituent of “THE DIVINE BODY”, “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

Although the passage from one “Formative Divine State” to one another “Formative Divine State” is instantaneous⁴⁹ at the scale of the “Divine Particle”, through the observation of these passages through the elements of “THE ‘LIGHT’ REASON”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has discovered countless geometric structures formed by the “Divine Particles” in various “Formative Divine States”.

Through the work that SHE has accomplished by the realization of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, “THE DIVINE FORCE” which extends over all “THE DIVINE BODY” which is unlimited, is “THE AUTHOR” of these countless geometric structures. This is why it is said of “THE DIVINE FORCE” that SHE is “THE KNOWLEDGE”⁵⁰ which is found in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. It will also be said that “THE DIVINE FORCE” is “THE LIGHT” (or “KNOWLEDGE”, or “SCIENCE”) which is found (or hidden) in “THE LIGHT”. It is also said that in “THE ASSEMBLY OF THE MOST HIGH” it is “THE DIVINE FORCE” who speaks (who opens the mouth), in the Presence of his Power, “THE DIVINE FORCE” tells of HER glory.

These geometric structures, in “THE DIVINE BODY”, were revealed one after the other because they are nested together in a very complex way, but “THE DIVINE ARCHITECT AND PROJECT MASTER” has identified all of them.

Among these geometric structures, the less complex consist of two structures: an outer structure and inside of which is another inner structure.

Among these double geometric structures, “THE DIVINE ARCHITECT AND PROJECT MASTER” has identified those that reflect the two causal precedence

⁴⁹ It is billions of times smaller than the measurement of time called “one second”.

⁵⁰ On instruction of “THE DIVINE”, SHE will transform that “KNOWLEDGE” through manifestations of metaphors into living creatures outside of “THE DIVINE BODY” and who will communicate independently with each others: these are all those living creatures into existence into that, which is called “THE UNIVERSE”. We are all part of those manifestations of that “KNOWLEDGE” through metaphors.

relations that define the order of events through which “Divine Products” arise in the existence and remain into existence in their “Formative Divine State”.

The inner structure of these double geometrical structures consists of “Divine Particles”, which are in one of the seven “Divine States” and all these “Divine Particles” are in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

These constituent “Divine Particles” of the inner structure of a double geometric structure have been generated from another expression of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” constituent of the outer structure of the double geometric structure considered.

As of the outer structure, it consists of “Divine Particles” in a same “Formative Divine State” preceding the “Divine State” of the “Divine Particles” constituent of the inner structure.

To such a double structure, in “THE DIVINE BODY”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has assigned a unique attribute defined by the “unique word” which is pronounced: “EON”.

Such a double structure, in “THE DIVINE BODY”, will be also called “THE UNION” when the “Divine Particles” constituent of its outer structure are in a defined “Core Formative Divine State” and the “Divine Particles” constituent of its inner structure are in the next “Core Formative Divine State” consecutive to that of the “Divine Particles” constituent of the outer structure.

It is through the observation of the passages from one “Formative Divine State” to one another “Formative Divine State” and through the elements of “THE ‘LIGHT’ REASON” that these double geometric structures called “EONS” have been identified by “THE DIVINE ARCHITECT AND PROJECT MASTER”. It is then, said that those “EONS” came into existence thanks to “THE LIGHT” — the Energy that emanates from “THE BODY OF ‘HE WHO IS’” and makes it “ALIVE” — that has shown them.

In order to take into account the double structures and the differences and particulars that define the seven groups of “Divine States”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined:

- “THE ‘SPIRIT←SPIRIT’ EON”⁵¹, also called “THE FIRST EON”;
- “THE ‘SPIRIT←LIGHT’ EON”, also called the “‘SPIRIT←LIGHT’ UNION”, also called “THE SECOND EON”;
- “THE ‘LIGHT←LIGHT’ EON”, also called “THE THIRD EON”;
- “THE ‘LIGHT←GOD’ EON”, also called the “‘LIGHT OF LIGHTS’ EON”, also called the “‘LIGHT←GOD’ UNION”, also called “THE FOURTH EON”;
- “THE ‘GOD←GOD’ EON”, also called “THE FIFTH EON”;
- “THE ‘GOD←DIVINE’ EON”, also called the “‘GOD→DIVINE’ UNION”, also called “THE SIXTH EON”; and
- “THE ‘DIVINE←DIVINE’ EON”, also called “THE SEVENTH EON”.

By this grouping, it is said that these “EONS” that came into existence thanks to “THE LIGHT” that has shown them, have been “glorified” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, and have received the “Thrones”; seven “Thrones” and each “Throne” representative of one “Divine Particle” constituent of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

By this grouping, it is also said that “THE LIGHT” stands in the “GLORY”⁵² of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, through which “THE LIGHT” “glorifies”⁵³ itself. As you would have understood,

⁵¹ For a double structure with an inner structure and an outer structure, we will use the notation: “‘Divine State of Outer Structure ← Divine State of Inner Structure’ Name of the double structure”.

⁵² The “GLORY” is the word used symbolically to refer to the luminous radiation that characterizes the attribute “LIGHT” which describes the second attribute of “THE BODY OF ‘HE WHO IS’”, as well as any manifestation of a metaphor for the second attribute of “THE DIVINE BODY”, and highlights the distinctive feature of the “divine energy” that emanates from “THE BODY OF ‘HE WHO IS’” and makes it “ALIVE”.

Therefore, when one speaks about the “GLORY OF THE DIVINE”, it is by reference to the radiance of this “LIGHT”, as second attribute characteristic of “THE BODY OF ‘HE WHO IS’”, or of any manifestation of a metaphor of the “‘LIGHT’ Divine State”.

⁵³ This is said to make understand that “THE LIGHT” emits its own luminous radiation.

this is about the concepts of: (1) “Energy” that emanates from “THE BODY OF ‘HE WHO IS’” and makes it “ALIVE”, and which is characterized by the attribute “LIGHT”, (2) the movement — in the form of electromagnetic waves — of that “Energy”, which results from “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, and (3) the optimal electromagnetic radiation and other properties of that “Energy” in movement, which have been revealed consequently.

There is no double structure called the “‘SPIRIT→SPIRIT’ UNION”, there is no double structure called the “‘LIGHT←LIGHT’ UNION”, and there is no double structure called the “‘GOD←GOD’ UNION”.

“THE ‘SPIRIT←SPIRIT’ EON” is defined by an outer structure consisting of the “Divine Particles” in the “‘SPIRIT’ Divine State” and an inner structure consisting of “Divine Particles” which are also in the “‘SPIRIT’ Divine State”, and all in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

The “‘SPIRIT’ Divine State” is a subset of basic formative “Divine States” and that are defined by their “SPIRIT” manner of being. Thus, there are as many “‘SPIRIT←SPIRIT’ EONS” as “Divine States” constituent States of the “‘SPIRIT’ Divine State”.

It is from the inner structure of “THE ‘SPIRIT←SPIRIT’ EON” that will be generated the outer structure of “THE ‘SPIRIT←LIGHT’ EON”; “THE ‘SPIRIT←SPIRIT’ EON” is as such bearer of the “‘SPIRIT→LIGHT’ Divine State”, this is the expression of the “Causal Precedence Relation of ‘THE CREATION’”.

“THE ‘SPIRIT←SPIRIT’ EON” will also emit “THE PRAISE” — “divine signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘SPIRIT’ Divine State” — towards “EONS” that are in the “‘SPIRIT→LIGHT’ Divine State” in order to receive the contribution worked out by the receiver of “THE PRAISE” that he (the one who issued “THE PRAISE” to the receiver of “THE PRAISE”) needs; this is the expression of the “Causal Precedence Relation of ‘THE PRAISE’”. This external supply of subsistence, which will be provided by “EONS” that are in the “‘SPIRIT→LIGHT’ Divine State”, comes from their inner structure.

To “Glorify”, or to give “GLORY”, to “THE DIVINE”, means to emit from oneself such luminous radiation as token of recognition of the attribute “LIGHT” which describes the second attribute of “THE BODY OF ‘HE WHO IS’”.

“THE ‘SPIRIT←LIGHT’ EON”, also called “BETWEEN SPIRIT AND LIGHT EON”, also called the “‘SPIRIT←LIGHT’ UNION”, is defined by an outer structure consisting of the “Divine Particles” in the “‘SPIRIT’ Divine State” (this will be an expression inherited from the inner structure of “‘SPIRIT←SPIRIT’ EON”) and an inner structure consisting of “Divine Particles” which are in the “‘LIGHT’ Divine State”, and all in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

The “‘LIGHT’ Divine State” is a subset of basic formative “Divine States” and that are defined by their “LIGHT” manner of being. Thus, there are as many “‘SPIRIT←LIGHT’ EONS” as “Divine States” constituent States of the “‘SPIRIT→LIGHT’ Divine State”.

It is from the inner structure of “THE ‘SPIRIT←LIGHT’ EON” that will be generated the external supply of subsistence to be provided to “‘SPIRIT←SPIRIT’ EONS”; “THE ‘SPIRIT←LIGHT’ EON” will thus provide for the subsistence in the “‘SPIRIT’ Divine State” of “‘SPIRIT←SPIRIT’ EONS”, this is the expression of the “Causal Precedence Relation of ‘THE PRAISE’”.

It is also from the inner structure of “THE ‘SPIRIT←LIGHT’ EON” that will be generated the outer structure of “THE ‘LIGHT←LIGHT’ EON”; “THE ‘SPIRIT←LIGHT’ EON” is as such bearer of the “‘LIGHT’ Divine State”, this is the expression of the “Causal Precedence Relation of ‘THE CREATION’”.

“THE ‘SPIRIT←LIGHT’ EON” will also emit “THE PRAISE” — “divine signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘SPIRIT→LIGHT’ Divine State” — towards “EONS” that are in the “‘LIGHT→GOD’ Divine State” in order to receive the contribution worked out by the receiver of “THE PRAISE” that he (the one who issued “THE PRAISE” to the receiver of “THE PRAISE”) needs; this is the expression of the “Causal Precedence Relation of ‘THE PRAISE’”. This external supply of subsistence, which will be provided by “EONS” that are in the “‘LIGHT→GOD’ Divine State”, comes from their inner structure.

“THE ‘LIGHT←LIGHT’ EON”, also called the “‘CHRIST’ EON”, is defined by an outer structure consisting of the “Divine Particles” in the “‘LIGHT’ Divine State” and an inner structure consisting of “Divine Particles” which are also in the “‘LIGHT’ Divine State”, and all in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

The “‘LIGHT’ Divine State” is a subset of basic formative “Divine States” and that are defined by their “LIGHT” manner of being. Thus, there are as many

“‘LIGHT←LIGHT’ EONS” as “Divine States” constituent States of the “‘LIGHT’ Divine State”. Contrary to its name, “THE ‘LIGHT←LIGHT’ EON” does not produce “LIGHT”, but it uses “LIGHT” to accomplish his “divine work”.

It is also from the inner structure of “THE ‘LIGHT←LIGHT’ EON” that will be generated the outer structure of “THE ‘LIGHT←GOD’ EON”; “THE ‘LIGHT←LIGHT’ EON” is as such bearer of the “‘LIGHT→GOD’ Divine State”, this is the expression of the “Causal Precedence Relation of ‘THE CREATION’”.

“THE ‘LIGHT←LIGHT’ EON” will also emit “THE PRAISE” — “divine signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘LIGHT’ Divine State” — towards “EONS” that are in the “‘LIGHT→GOD’ Divine State” in order to receive the contribution worked out by the receiver of “THE PRAISE” that he (the one who issued “THE PRAISE” to the receiver of “THE PRAISE”) needs; this is the expression of the “Causal Precedence Relation of ‘THE PRAISE’”. This external supply of subsistence, which will be provided by “EONS” that are in the “‘LIGHT→GOD’ Divine State”, comes from their inner structure.

“THE ‘LIGHT←GOD’ EON”, also called “BETWEEN LIGHT AND GOD EON”, also called the “‘LIGHT OF LIGHTS’ EON”, also called the “‘CHRIST OF CHRIST’S’ EON”, also called the “‘LIGHT OF LIGHTS’ UNION”, also called the “‘CHRIST OF CHRIST’S’ UNION”, also called the “‘LIGHT←GOD’ UNION”, is defined by an outer structure consisting of the “Divine Particles” in the “‘LIGHT’ Divine State” (this will be an expression inherited from the inner structure of “‘LIGHT←LIGHT’ EON”) and an inner structure consisting of “Divine Particles” which are in the “‘GOD’ Divine State”, and all in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

As we explained previously, the “LIGHT” is the product of the “divine work” which is accomplished by “THE ‘LIGHT←GOD’ EON”, and it is this product that is provided as external supply of subsistence to “‘LIGHT←LIGHT’ EONS” and to “‘SPIRIT←LIGHT’ EONS”. In other words, “THE ‘LIGHT←GOD’ EON” produces the “LIGHT” by itself and it is this produced “LIGHT” that is provided as external supply of subsistence to “‘LIGHT←LIGHT’ EONS” and to “‘SPIRIT←LIGHT’ EONS”.

The “‘LIGHT→GOD’ Divine State” is a subset of basic formative “Divine States” and that are defined by their “LIGHT→GOD” manner of being. Thus, there are as many “‘LIGHT←GOD’ EONS” as “Divine States” constituent States of the “‘LIGHT→GOD’ Divine State”.

It is from the inner structure of “THE ‘LIGHT←GOD’ EON” that will be generated the external supply of subsistence that will be provided to “‘LIGHT←LIGHT’ EONS” and to “‘SPIRIT←LIGHT’ EONS”; “THE ‘LIGHT←GOD’ EON” will thus provide for the subsistence in the “‘LIGHT’ Divine State” of “‘LIGHT←LIGHT’ EONS”, as well as for the subsistence in the “‘SPIRIT→LIGHT’ Divine State” of “‘SPIRIT←LIGHT’ EONS”, this is the expression of the “Causal Precedence Relation of ‘THE PRAISE’”.

It is also from the inner structure of “THE ‘LIGHT←GOD’ EON” that will be generated the outer structure of “THE ‘GOD←GOD’ EON”; “THE ‘LIGHT←GOD’ EON” is as such bearer of the “‘GOD’ Divine State”, this is the expression of the “Causal Precedence Relation of ‘THE CREATION’”.

“THE ‘LIGHT←GOD’ EON” will also emit “THE PRAISE” — “divine signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘LIGHT→GOD’ Divine State” — towards “EONS” that are in the “‘GOD→DIVINE’ Divine State” in order to receive the contribution worked out by the receiver of “THE PRAISE” that he (the one who issued “THE PRAISE” to the receiver of “THE PRAISE”) needs; this is the expression of the “Causal Precedence Relation of ‘THE PRAISE’”. This external supply of subsistence, which will be provided by “EONS” that are in the “‘GOD→DIVINE’ Divine State”, comes from their inner structure.

“THE ‘GOD←GOD’ EON” is defined by an outer structure consisting of the “Divine Particles” in the “‘GOD’ Divine State” and an inner structure consisting of “Divine Particles” which are also in the “‘GOD’ Divine State”, and all in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

The “‘GOD’ Divine State” is a subset of basic formative “Divine States” and that are defined by their “GOD” manner of being. Thus, there are as many “‘GOD←GOD’ EONS” as “Divine States” constituent States of the “‘GOD’ Divine State”.

It is also from the inner structure of “THE ‘GOD←GOD’ EON” that will be generated the outer structure of “THE ‘GOD←DIVINE’ EON”; “THE ‘GOD←GOD’ EON” is as such bearer of the “‘GOD→DIVINE’ Divine State”, this is the expression of the “Causal Precedence Relation of ‘THE CREATION’”.

“THE ‘GOD←GOD’ EON” will also emit “THE PRAISE” — “divine signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘GOD←GOD’ Divine State” — towards “EONS” that are in the “‘GOD→DIVINE’ Divine State” in order to receive the contribution worked out by

the receiver of "THE PRAISE" that he (the one who issued "THE PRAISE" to the receiver of "THE PRAISE") needs; this is the expression of the "Causal Precedence Relation of 'THE PRAISE'". This external supply of subsistence, which will be provided by "EONS" that are in the "'GOD→DIVINE' Divine State", comes from their inner structure.

"THE 'GOD←DIVINE' EON" is defined by an outer structure consisting of the "Divine Particles" in the "'GOD' Divine State" and an inner structure consisting of "Divine Particles" which are also in the "'DIVINE' Divine State", and all in "THE DIVINE SUPREME CONFIGURATION" of seven "Divine Particles".

The "'GOD→DIVINE' Divine State" is a subset of basic formative "Divine States" and that are defined by their "GOD→DIVINE" manner of being. Thus, there are as many "'GOD→DIVINE' EONS" as "Divine States" constituent States of the "'GOD→DIVINE' Divine State".

It is from the inner structure of "THE 'GOD←DIVINE' EON" that will be generated the external supply of subsistence that will be provided to "'GOD←GOD' EONS" and to "'LIGHT←GOD' EONS"; "THE 'GOD←DIVINE' EON" will thus provide for the subsistence in the "'GOD' Divine State" of "'GOD←GOD' EONS", as well as for the subsistence in the "'LIGHT→GOD' Divine State" of "'LIGHT←GOD' EONS", this is the expression of the "Causal Precedence Relation of 'THE PRAISE'".

It is also from the inner structure of "THE 'GOD←DIVINE' EON" that will be generated the outer structure of "THE 'DIVINE←DIVINE' EON"; "THE 'GOD←DIVINE' EON" is as such bearer of the "'DIVINE' Divine State", this is the expression of the "Causal Precedence Relation of 'THE CREATION'".

"THE 'GOD←DIVINE' EON" will also emit "THE PRAISE" — "divine signals" requesting the sending of external supply of subsistence in order to remain into existence in the "'GOD→DIVINE' Divine State" — towards "EONS" that are in the "'DIVINE' Divine State" in order to receive the contribution worked out by the receiver of "THE PRAISE" that he (the one who issued "THE PRAISE" to the receiver of "THE PRAISE") needs; this is the expression of the "Causal Precedence Relation of 'THE PRAISE'". This external supply of subsistence, which will be provided by "EONS" that are in the "'DIVINE' Divine State", comes from their inner structure.

"THE 'DIVINE←DIVINE' EON" is defined by an outer structure consisting of the "Divine Particles" in the "'DIVINE' Divine State" and an inner structure consisting of "Divine Particles" which are also in the "'DIVINE' Divine State". And

“Divine Particles” in the “‘DIVINE’ Divine State” are always in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. “THE ‘DIVINE—DIVINE’ EON” exists by itself and remains into existence by itself; it is without mixture, incorruptible (that is, cannot be mixed with something else), in quietude, in absolute equilibrium in silence.

The “‘DIVINE’ Divine State” is also the “Generative Divine State”. Thus, there are as many “‘DIVINE—DIVINE’ EONS” as “Divine States” constituent States of the “‘DIVINE’ Divine State”. The “‘DIVINE—DIVINE’ EONS” as bearers of all the other “Divine States” and they do not need any external supply to remain into existence in the “‘DIVINE’ Divine State”.

By this grouping that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined through the seven groups of “Divine States”, it is said about the six firsts groups of these “EONS” thus defined that they bless “THE LIGHT” and give “THE PRAISE” to “THE ‘DIVINE—DIVINE’ EON” (also called the “EON” of the “EONS”) which contemplates all the others “EONS”.

All geometric structures formed by the “Divine Particles” in various “Divine States”, including the double geometric structures called “EONS”, are delineated parts of “THE DIVINE DOMAIN” and constituent of “THE DIVINE BODY”; each of them is conscious and living itself, reflected into itself, and at the same time is “THE DIVINE SUBSTANCE” in a state of indescribable joy, an ineffable gladness, and in an immeasurable state of equilibrium. They form “A WHOLE”: “THE DIVINE”.

The passage from one “Divine State” to one another “Divine State” is instantaneous⁵⁴ at the scale of the “Divine Particle” and these transitions are also instantly reflected across all geometric structures formed by the “Divine Particles” in various “Divine States”, including the double geometric structures called “EONS”. This is why it is said of “THE DIVINE BODY” that it is a structure that transcends all realities, greater than the totalities, a structure with unlimited perceptions, which is contemplating itself.

⁵⁴ It is billions of times smaller than the measurement of time called “one second”.

CHAPTER 082

THE “DIVINE WEALTH” AND THE “DIVINE PRIMARY WEALTH”

The infinity of particulars of the “Divine Particles”, all their arrangements and configurations, all particulars of configurations of these “Divine Particles” in all their details; all products that are formed as well as those that are consumed in all their details in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”; All the unique meanings, the unique intentions, the sets of conditions that determine the denotations of these products, as well as all the “unique words”, “attributes”, “predicates” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has added to each of these products; the indescribable joy, the ineffable gladness, and the immeasurable state of equilibrium that arise out of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”; all geometric structures formed by the “Divine Particles” in various “Divine States”; all elements of “THE REASON”, and many other concepts associated with “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”; all the different particulars and aspects of “THE DIVINE ARCHITECT AND PROJECT MASTER” and of “THE DIVINE FORCE”; in a nutshell, all the particulars of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, are the great “DIVINE WEALTH” of “THE DIVINE”.

“THE DIVINE” has divided in Himself this great and unlimited “DIVINE WEALTH” in countless “DIVINE PRIMARY WEALTH”⁵⁵; each “DIVINE PRIMARY WEALTH” is itself composed of one or several different particulars of the “Divine Particles” on one or several configurations, and one or several “Divine

⁵⁵ Look at the space in which “THE DIVINE”, IHVH, our FATHER has designed to realize His Project, and understand this by seeing the unlimited number of visible “STARS” as well as those that are not visible; each “STAR” carries a unique manifestation of a metaphor for a “DIVINE PRIMARY WEALTH”.

States". There are "DIVINE PRIMARY WEALTH" pertaining only to the attribute "PURITY"; they are not determinant of the attribute "LIGHT", but they have epithet functions in the attribute "LIGHT". There are "DIVINE PRIMARY WEALTH" pertaining only to the attribute "LIGHT"; they are not determinant of the attribute "GOD", but they have epithet functions in the attribute "GOD". There are "DIVINE PRIMARY WEALTH" pertaining only to the attribute "GOD"; they are not determinant of the attribute "DIVINE", but they have epithet functions in the attribute "DIVINE".

Each "DIVINE PRIMARY WEALTH" has the same importance compared to the other "DIVINE PRIMARY WEALTH" viewed from the perspective of "THE DIVINE". As complex as they are, these "DIVINE PRIMARY WEALTH" complement each other to form "A WHOLE", which is: "THE DIVINE".

To each "DIVINE PRIMARY WEALTH", "THE DIVINE ARCHITECT AND PROJECT MASTER" gave a unique attribute, a unique meaning, and a "unique word"⁵⁶ and HE has established logical predicates, which allow to express the properties of this "DIVINE PRIMARY WEALTH", or to express a relationship between elements of the "DIVINE PRIMARY WEALTH", which reveal the purpose and the attribute of the "DIVINE PRIMARY WEALTH", and HE has identified and indexed all "DIVINE PRIMARY WEALTH" and not one fails to His call, although their number is infinite.

"THE DIVINE SUPREME CONFIGURATION" of seven "Divine Particles" — one "Generative Divine Particle" and six "Formative Divine Particles" in "Movement of Formative Divine Particle" synchronized between them, and, each "Movement of Formative Divine Particle" synchronized with the movement of the "Generative Divine Particle", and without collisions forever with the passage of time — is also a "DIVINE PRIMARY WEALTH" having an absolute completeness.

Through the "unique words", the "attributes", the "predicates" that "THE DIVINE ARCHITECT AND PROJECT MASTER" has added to each of the products of "THE DIVINE SUPREME CONFIGURATION" of seven "Divine Particles", this repertoire of "DIVINE PRIMARY WEALTH" contains an act of language from

⁵⁶ It is so that, each unique name into existence will be the redemption of a unique word which reveals the characteristics and attribute of a unique metaphor of a "DIVINE PRIMARY WEALTH" in an unlimited number of "DIVINE PRIMARY WEALTH". All unique names of angels and human creatures, all unique names for things that "THE DIVINE FORCE" will create into existence are unique words and logical predicates of "DIVINE PRIMARY WEALTH" of "THE DIVINE".

which emerges a text which, through the synchronised movement of the seven “Divine Particles”, progresses towards an end. The text is defined by the well-formed sequence of sentences that result from the interpretation of the senses and intentions that “THE DIVINE ARCHITECT AND PROJECT MASTER” has added to each of the products of this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. This text is characterized by coherence, cohesion, thematic progression, sequentiality in the appearance of these products, and thus, by the appearance of these “unique words”, “attributes”, and “predicates”. The sentences of this text are well formed because they result from the semantic schemes which are found in the set of proposals, principles, logically coordinated rules, and conclusions, which form a logical body around these seven “Divine Particles”. As for the end, which is the coherent aim of the whole and towards which this text progresses, it is the state of immeasurable equilibrium that is associated with the movement that characterizes this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

Thus, this repertoire of “DIVINE PRIMARY WEALTH” is much more than a mere aggregate of “DIVINE PRIMARY WEALTH”, but it is a structure that goes beyond “unique words”, “attributes”, and “predicates”, obeying own laws, and in which “THE DIVINE” expresses Himself and speaks of the situation he has lived and is living: It is the “DISCOURSE OF THE DIVINE”.

The road to “PLENITUDE”, which we have previously outlined, is also a summary of the “DISCOURSE OF THE DIVINE”. This summary reads:

It is in “PURITY” and with the “GRACE”, the “GRANTED CONSENT”, of “THE TRUTH” of “THE REASON”, that the blessed “LIGHT”, the beloved “LIGHT”, the “LIGHT” that is hidden in the “LIGHT”, has been revealed and comprehended. This “COMPREHENSION” of the beloved “LIGHT” has, in “MEMORY”, consolidated and sealed the “PERCEPTION” and the “SCIENCE” that are at the origin of the revelation of the beloved “LIGHT”, and to constitute a curriculum of “INTELLIGENCE”, the “SCIENCE” of the “SAINTS”, which led to this “PERFECTION”, and the “HARMONY”.

In His kindness, “THE DIVINE” wanted to share this “DISCOURSE OF THE DIVINE”, this great “DIVINE WEALTH”. But with whom was HE to share this complete “DIVINE WEALTH”? He toured his “DIVINE DOMAIN” in every sense of the term, but HE did not found “OTHER THAN MYSELF”, as HE called it in

“THOUGHTS” — that is, as “THE INTELLECT OF THE DIVINE” had called it —, and with whom HE could share this great “DIVINE WEALTH”.

He looked in his infinite repertoire of all the “DIVINE PRIMARY WEALTH” of his great “DIVINE WEALTH” and HE did not find an attribute which could mean “OTHER THAN MYSELF” and with whom he could share this great “DIVINE WEALTH”. Everything was “HIMSELF”; the mere existence was “THE DIVINE” Himself, and HE knows Himself, HE knows His own “DISCOURSE”.

All geometric structures formed by the “Divine Particles” in various “Divine States”, including the double geometric structures called “EONS”, as complex as they may be, are all “THE DIVINE”. In addition, there is nothing else, other than “THE DIVINE DOMAIN” beyond “THE DIVINE DOMAIN”; that is, there is no “Beyond the ‘DIVINE DOMAIN’”.

It was then, that “THE DIVINE” decided to beget and create from Himself, the attribute “OTHER THAN MYSELF” that is the “NON DIVINE”, to bear it Himself inside of “THE DIVINE BODY”, and to share His own “DISCOURSE” with this “NON DIVINE”, to share a part of this great “DIVINE WEALTH” with this “NON DIVINE”, and thus, to make Himself known to this “NON DIVINE”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has established the path and all the individual tasks through which each “DIVINE PRIMARY WEALTH” was produced. These paths are semantic schemes that lead to the products of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. HE has subdivided all these individual tasks into other subsets of activity of single function, in all their details. It is through the implementation of these subsets of activity of single function, in all their details, and in the order of achievement established by “THE DIVINE ARCHITECT AND PROJECT MASTER”, that “THE DIVINE” has chosen to share a part of this great “DIVINE WEALTH” with the “NON DIVINE”.

This finalized set of activities and actions that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established and planned in all their details to satisfy the need of “THE DIVINE” to share a part of this great “DIVINE WEALTH” with the “NON DIVINE”, which HE will bear in Himself inside of “THE DIVINE BODY”, is that, which is called: the “PROJECT of Formation”, also called the “PROJECT of Creation”, also called “THE HOLY PROJECT”.

It is inside this attribute “NON DIVINE” that “THE DIVINE” will achieve this “HOLY PROJECT”, through “THE DIVINE FORCE”.

This attribute “NON DIVINE” will not provide the divine conditions that are specific to express the “‘DIVINE’ Divine State”. It will not either provide the divine conditions that are specific to express the “DIVINE PRIMARY WEALTH” that already exist within “THE DIVINE”, “THE DIVINE SUPREME CONFIGURATION” and all its aspects and essential qualities as is the case within “THE DIVINE BODY”. But, as “THE DIVINE ARCHITECT AND PROJECT MASTER” will design it, inside this attribute “NON DIVINE”, “THE DIVINE FORCE” will also work and act in the service of “THE DIVINE”.

As we have indicated earlier, inside of “THE DIVINE BODY”, the passage from one “Divine State” to one another “Divine State” is instantaneous at the scale of the “Divine Particle” and these transitions are also instantly reflected across all geometric structures formed by the “Divine Particles” in various “Divine States”, including the double geometric structures called “EONS”.

In addition, all these “Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, are always in movement, each “Divine Particle” in movement in itself and with respect to others, and their “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” itself in movement.

All these movements are also instantly reflected across all geometric structures formed by the “Divine Particles” in various “Divine States”, including the double geometric structures called “EONS”.

Therefore, all these geometric structures are in movement, moving instantly from a “Divine State” to one another “Divine State”, all forming a very complex structure of PURE LIGHT: “THE DIVINE BODY”.

This is why is said of “THE DIVINE BODY” that, it is a structure that transcends all realities, greater than the totalities.

The interior of the attribute “NON DIVINE” will not provide the divine conditions that are specific to instantly express such transitions and the “DIVINE PRIMARY WEALTH” that already exist within “THE DIVINE” will be elusive in the attribute “NON DIVINE” and cannot be apprehended in this attribute “NON DIVINE” as they are inside “THE DIVINE BODY”.

How then would “THE DIVINE” share His own “DISCOURSE” with the attribute “NON DIVINE” and make Himself known to the attribute “NON DIVINE”?

To accomplish this goal, inside this attribute “NON DIVINE” in which SHE will achieve this “HOLY PROJECT”, “THE DIVINE FORCE” will create into existence, through analogical substitution, concrete and living images to express the “DIVINE PRIMARY WEALTH” that already exist within “THE DIVINE”, to express “THE DIVINE SUPREME CONFIGURATION” and all its aspects and essential qualities of this “DIVINE SUPREME CONFIGURATION” and its seven constituent “Divine Particles”.

It is “THE DIVINE FORCE” who will apply and implement all these concrete and living images into existence in this attribute “NON DIVINE”. “THE DIVINE FORCE” has thus both “THE KNOWLEDGE OF THE DIVINE” as it is in “THE DIVINE” — that is, the true knowledge, without mixture, Holy, pure, inexpressible, perfect and incorruptible of “THE DIVINE” — and all expressions of the concrete and living images of “THE KNOWLEDGE OF THE DIVINE” as they will be made manifest in this attribute “NON DIVINE” and their correspondence in “THE DIVINE”.

In parables, “THE KNOWLEDGE OF THE DIVINE” will also be called: “THE PERFUME OF THE DIVINE”.⁵⁷

All these concrete and living images will be manifestations of metaphors of the “DIVINE PRIMARY WEALTH” that already exist within “THE DIVINE”, “THE DIVINE SUPREME CONFIGURATION”, its aspects and essential qualities, and its seven constituent “Divine Particles”. A metaphor is a figure of expression resulting from an analogical substitution and by which a conceptual entity is designated by means of a term which, in language, signifies another by virtue of an analogy between the two entities that are, as such, brought close together, although in reality they are distant from each other. The use of metaphor makes it

⁵⁷ And in parables, it will be said of creatures upon which “THE KNOWLEDGE OF THE DIVINE” will emanate that: the children of THE FATHER are his perfume and THE FATHER loves his perfume and manifests it upon them.

This perfume rises higher than any sound of any species and it is not the nose that smells this perfume; But this perfume is the breath (i.e., the soul in human creatures) that possesses the ability to smell it (i.e., to discern and recognize “THE KNOWLEDGE OF THE DIVINE”).

It is thus that, THE FATHER inhales to himself the perfume he has manifested on his children, and this perfume immerses itself in the perfume of THE FATHER. This is how THE FATHER restores it and raises it back to where it came from.

We shall explain the meaning of all this as we move forward in the text below.

possible to examine what is distant and inaccessible, and the metaphor is distinguished from the similarity or comparison by the fact that no formal element of comparison is present in the metaphor.

Therefore, all notions and concepts of particle, limit, distinction, measurability, superiority, etc. arising from these manifestations of metaphors and that we use throughout this BOOK, are metaphors designed and established by "THE DIVINE ARCHITECT AND PROJECT MASTER" to be applied in the attribute "NON DIVINE" and allow creatures that he had also designed by Himself and in Himself and that will be manifested into existence in this attribute "NON DIVINE", to understand who is "THE DIVINE".

Therefore, for the attribute "NON DIVINE", they will be attributes and values that will enable to discern how is "THE DIVINE" who cannot be grasped and is elusive in the "NON DIVINE". It is through these concrete and living images, inside the attribute "NON DIVINE", that "THE DIVINE" will share His own "DISCOURSE" with the attribute "NON DIVINE".

It is "THE 'SPIRIT' REASON" which will be the basis for the expression of all forms and appearances that will be associated with the manifestations of these concrete and living images.

Anything that "THE DIVINE" will express into existence in the attribute "NON DIVINE" will be alive and it is so that each "DIVINE PRIMARY WEALTH" will be alive and can be expressed in all forms of the things that "THE DIVINE" will express into existence in the attribute "NON DIVINE".

Each "DIVINE PRIMARY WEALTH" is identified by a "unique word", therefore, "THE DIVINE" will express into existence in the attribute "NON DIVINE" any "unique word" using the forms of the things that HE will create into existence in the attribute "NON DIVINE": a "unique word" for "THE DIVINE" is not only a sequence of letters, but it is a whole, a "DIVINE PRIMARY WEALTH" and everything that it represents within "THE DIVINE SUPREME CONFIGURATION" of seven "Divine Particles".

So, in the attribute "NON DIVINE", each of these manifestations of metaphors of the "DIVINE PRIMARY WEALTH" will carry in it an aspect of that, which will be called: "THE KNOWLEDGE OF THE DIVINE". And that is to say: each of these manifestations of metaphors of the "DIVINE PRIMARY WEALTH" will carry in it an aspect of "THE DIVINE FORCE", when looking from the perspective of the true knowledge, without mixture, Holy, pure, inexpressible, perfect and incorruptible of "THE DIVINE".

It is so that, “THE DIVINE” has chosen to share the knowledge of Himself with the attribute “NON DIVINE”.

“THE DIVINE” has chosen to share with the attribute “NON DIVINE”, “THE DIVINE SUPREME CONFIGURATION” and its seven “Divine Particles” constituent, as well as all their aspects and essential qualities.

He also chose to share the first five “Formative Divine States” as concrete images respectively of the first five “Formative Divine Particles”, in their order, as well as “EONS” associated with these first five “Formative Divine States”.

Each “Formative Divine State” of “Divine Particles” constituent of “THE DIVINE BODY”, exists in well-defined conditions, in a well-defined environment that is its own, and the “Divine Particles” in a “Formative Divine State” arise into existence and remain into existence in their “Formative Divine State” and in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” through provision of an external supply to their “Formative Divine State”.

“THE DIVINE” has also chosen to share with the attribute “NON DIVINE”, both causal precedence relations that define orders of events through which “Divine Products” arise into existence and remain into existence in their “Formative Divine State”, inside of “THE DIVINE BODY”.

“EONS” are double geometric structures, in “THE DIVINE BODY”, which were revealed one after the other because they are nested together in a very complex way, but “THE DIVINE ARCHITECT AND PROJECT MASTER” has identified all of them.

To some metaphors of “EONS” associated with the six “Formative Divine States” and which HE chose to share with the attribute “NON DIVINE”, “THE DIVINE” has chosen to add only a purpose to their manifestations in the attribute “NON DIVINE”, without adding a disposition of “THE INTELLECT OF THE DIVINE”, without also adding a disposition of “THE DIVINE FORCE”. We shall say of such metaphors that they stagnate and it is from such metaphors that “THE DIVINE ARCHITECT AND PROJECT MASTER” will establish, in the attribute “NON DIVINE”, models of living creatures that stagnate and will constitute “THE FLORA” in all its magnificence vegetal.

“THE DIVINE” consists of three parts — “THE INTELLECT OF THE DIVINE”, “THE DIVINE FORCE”, and “THE DIVINE BODY” — which form a Monad of Origin; that is, the primordial unity which is the source of each of the components of this primordial unity, and these components cannot be separated, but are

distinguishable. HE also chose to share metaphors of such Monad of Origin with the attribute “NON DIVINE”.

The particulars of “THE DIVINE ARCHITECT AND PROJECT MASTER” are countless, it is likewise with the particulars of “THE DIVINE FORCE”. Taking into account the six “Formative Divine States” and the elements of “THE REASON” confined to each of these six “Formative Divine States”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has also established pairs of compatible combinations of the particulars of “THE DIVINE ARCHITECT AND PROJECT MASTER” and of “THE DIVINE FORCE”. All these pairs are countless.

Each pair is formed by a characteristic of “THE DIVINE ARCHITECT AND PROJECT MASTER” and by a compatible characteristic of “THE DIVINE FORCE”. Such a characteristic is called a disposition, or an arrangement, and each of such pairs is still a unique “DIVINE PRIMARY WEALTH”.

It is so that, to metaphors of “EONS” associated with the six “Formative Divine States” and which HE chose to share with the attribute “NON DIVINE”, “THE DIVINE” has chosen to add a unique purpose, a unique disposition of “THE INTELLECT OF THE DIVINE”, and a unique disposition of “THE DIVINE FORCE”, to each of their manifestation in the attribute “NON DIVINE”.

Such “EONS” to which a unique purpose, a unique disposition of “THE INTELLECT OF THE DIVINE”, and a unique disposition of “THE DIVINE FORCE” will have been added, in order to be shared with the attribute “NON DIVINE”, will be called “INDISTINCT DIVINE FORMS”. They are expressions of the Monad of Origin.

Just as the Monad of Origin is by itself its own possession, these “INDISTINCT DIVINE FORMS”, which are expressions of the Monad of Origin, are also by themselves, each in their own possession. This capacity to be oneself own possession is called: “POWER”; and this is why these “INDISTINCT DIVINE FORMS” are also called: the “POWERS”.⁵⁸ “THE DIVINE”, IHVH, our FATHER is THE FIRST “POWER”.

⁵⁸ None of the creatures that will be created into existence in the attribute “NON DIVINE”, will be a “POWER”; whether the angels and archangels or the human creatures, none is a “POWER”, all these creatures that will be created into existence in the attribute “NON DIVINE” will be the possession of “THE DIVINE”, IHVH, our FATHER.

The unique purpose, the unique disposition of “THE INTELLECT OF THE DIVINE”, and the unique disposition of “THE DIVINE FORCE”, added of an “INDISTINCT DIVINE FORM”, define the aim of the “INDISTINCT DIVINE FORM” considered.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has established a catalogue of myriads of “INDISTINCT DIVINE FORMS” distributed following the firsts six “INDISTINCT DIVINE FORMS”, with exception of the “INDISTINCT DIVINE FORM”, which is associated with “THE ‘DIVINE—DIVINE’ EON”.

מ
ר
י
ב
ר
ך

The “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM” is associated with “THE ‘SPIRIT←SPIRIT’ EON” added with a unique purpose, a unique disposition of “THE INTELLECT OF THE DIVINE”, and a unique disposition of “THE DIVINE FORCE”.

Just like “THE ‘SPIRIT←SPIRIT’ EON”, the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM” is a bearer of the “‘SPIRIT→LIGHT’ Divine State” and it will emit “THE PRAISE” — “divine signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘SPIRIT’ Divine State” — towards “INDISTINCT DIVINE FORMS” that are in the “‘SPIRIT→LIGHT’ Divine State” in order to receive the contribution worked out by the receiver of “THE PRAISE” that he (the one who issued “THE PRAISE” to the receiver of “THE PRAISE”) needs.

It is from this “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM” that “THE DIVINE ARCHITECT AND PROJECT MASTER” will establish, in the attribute “NON DIVINE”, the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.⁵⁹

The “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM” is associated with “THE ‘SPIRIT←LIGHT’ EON” added with a unique purpose, a unique disposition of “THE INTELLECT OF THE DIVINE”, and a unique disposition of “THE DIVINE FORCE”.

⁵⁹ We shall use the word “Creature” instead of the word “Being”, to imply the relationship with “THE DIVINE” in all “Divine States”, so that you understand that the “Creatures” have all been beforehand created by “THE DIVINE”. “THE DIVINE” is without procreation and has no beginning. The “Creatures” are beforehand created by “THE DIVINE”, so they have a beginning and an end.

We shall speak of this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, which is the model of the archangels and angels, in a text below, at the appropriate time.

Just like “THE ‘SPIRIT←LIGHT’ EON”, it is from its inner structure that the “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM” will generate the external supply of subsistence that will be provided to “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORMS”; the “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM” will thus provide for the subsistence in the “‘SPIRIT’ Divine State” of “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORMS” through the “Causal Precedence Relation of ‘THE PRAISE’”.

Just like “THE ‘SPIRIT←LIGHT’ EON”, the “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM” is also bearer of the “‘LIGHT’ Divine State”, and it will emit “THE PRAISE” — “divine signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘SPIRIT→LIGHT’ Divine State” — towards “INDISTINCT DIVINE FORMS” that are in the “‘LIGHT→GOD’ Divine State”.

The “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM” will never emit “THE PRAISE” towards “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORMS”⁶⁰; because of the “Causal Precedence Relation of ‘THE PRAISE’”.

The direction for emitting “THE PRAISE”, indicated by the arrow sign (→), is the same as the direction of the seven “transformation steps” (from the “secondary transformation” towards the “tertiary transformation”, and not from the “secondary transformation” backwards the “primary transformation”) of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

It is from this “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM” that “THE DIVINE ARCHITECT AND PROJECT MASTER” will establish, in the attribute “NON DIVINE”, the “‘SPIRIT←LIGHT’ ‘EARTHLY’ Creature” model.⁶¹

⁶⁰ It is this “Causal Precedence Relation of ‘THE PRAISE’” that is referred to in the tablets of the Decalogue, which were given to MOSES, when “THE DIVINE” told him:

“...

*You shall not have other gods besides ME;
You shall not make idols of any kind, or anything that has the shape of
what is in heaven, on Earth below, or in the waters under the Earth.
You shall not bow down to these gods nor serve them.*

...”

We will explain further in another annotation in a text below.

The “‘LIGHT←LIGHT’ INDISTINCT DIVINE FORM” is associated with “THE ‘LIGHT←LIGHT’ EON” added with a unique purpose, a unique disposition of “THE INTELLECT OF THE DIVINE”, and a unique disposition of “THE DIVINE FORCE”.

Just like “THE ‘LIGHT←LIGHT’ EON”, the “‘LIGHT←LIGHT’ INDISTINCT DIVINE FORM” does not produce “LIGHT”, but it uses “LIGHT” to accomplish his “divine work”.

Just like “THE ‘LIGHT←LIGHT’ EON”, the “‘LIGHT←LIGHT’ INDISTINCT DIVINE FORM” is also bearer of the “‘LIGHT→GOD’ Divine State”, and it will emit “THE PRAISE” — “divine signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘LIGHT’ Divine State” — towards “INDISTINCT DIVINE FORMS” that are in the “‘LIGHT→GOD’ Divine State”.

The “‘LIGHT←LIGHT’ INDISTINCT DIVINE FORM” will never emit “THE PRAISE” towards neither “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORMS” nor “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORMS”; because of the “Causal Precedence Relation of ‘THE PRAISE’”.

The direction for emitting “THE PRAISE”, indicated by the arrow sign (\rightarrow), is the same as the direction of the seven “transformation steps” (from the “tertiary transformation” towards the “quaternary transformation”, and not from the “tertiary transformation” backwards the “secondary transformation”) of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

It is from this “‘LIGHT←LIGHT’ INDISTINCT DIVINE FORM” that “THE DIVINE ARCHITECT AND PROJECT MASTER” will establish, in the attribute “NON DIVINE”, the model of the “‘LIGHT←LIGHT’ ‘EARTHLY’ Creature”.⁶²

The “‘LIGHT←GOD’ INDISTINCT DIVINE FORM” is associated with “THE ‘LIGHT←GOD’ EON” added with a unique purpose, a unique disposition of “THE

⁶¹ We will speak of this “‘SPIRIT←LIGHT’ ‘EARTHLY’ Creature” model, which is the model of the human creature, in a text below, at the appropriate time.

⁶² We will speak of this model of the “‘LIGHT←LIGHT’ ‘EARTHLY’ Creature”, which is the model of the “CHOSEN ONES”, in a text below, at the appropriate time.

INTELLECT OF THE DIVINE”, and a unique disposition of “THE DIVINE FORCE”.

Just like “THE ‘LIGHT←GOD’ EON”, the “‘LIGHT←GOD’ INDISTINCT DIVINE FORM” produces the “LIGHT” by itself and it is this produced “LIGHT” that is provided as external supply of subsistence to “‘LIGHT←LIGHT’ INDISTINCT DIVINE FORMS” and to “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM”. It is from the inner structure of the “‘LIGHT←GOD’ INDISTINCT DIVINE FORM” that will be generated the “LIGHT” produced.

Just like “THE ‘LIGHT←GOD’ EON”, the “‘LIGHT←GOD’ INDISTINCT DIVINE FORM” is also bearer of the “‘GOD’ Divine State”, and it will emit “THE PRAISE” — “divine signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘LIGHT→GOD’ Divine State” — towards “INDISTINCT DIVINE FORMS” that are in the “‘GOD→DIVINE’ Divine State”.

The “‘LIGHT←GOD’ INDISTINCT DIVINE FORM” will never emit “THE PRAISE” towards neither “‘LIGHT←LIGHT’ INDISTINCT DIVINE FORMS”, nor “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORMS”, nor “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORMS”; because of the “Causal Precedence Relation of ‘THE PRAISE’”.

The direction for emitting “THE PRAISE”, indicated by the arrow sign (\rightarrow), is the same as the direction of the seven “transformation steps” (from the “quaternary transformation” towards the “quinary transformation”, and not from the “quaternary transformation” backwards the “tertiary transformation”) of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

The “‘GOD←GOD’ INDISTINCT DIVINE FORM” is associated with “THE ‘GOD←GOD’ EON” added with a unique purpose, a unique disposition of “THE INTELLECT OF THE DIVINE”, and a unique disposition of “THE DIVINE FORCE”.

Just like “THE ‘GOD←GOD’ EON”, the “‘GOD←GOD’ INDISTINCT DIVINE FORM” is also bearer of the “‘GOD→DIVINE’ Divine State”, and it will emit “THE PRAISE” — “divine signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘GOD’ Divine State” — towards “INDISTINCT DIVINE FORMS” that are in the “‘GOD→DIVINE’ Divine State”.

The “‘GOD←GOD’ INDISTINCT DIVINE FORM” will never emit “THE PRAISE” towards neither “‘LIGHT←GOD’ INDISTINCT DIVINE FORMS”, nor “‘LIGHT←LIGHT’ INDISTINCT DIVINE FORMS”, nor “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORMS”, nor “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORMS”; because of the “Causal Precedence Relation of ‘THE PRAISE’”.

The direction for emitting “THE PRAISE”, indicated by the arrow sign (\rightarrow), is the same as the direction of the seven “transformation steps” (from the “quinary transformation” towards the “senary transformation”, and not from the “quinary transformation” backwards the “quaternary transformation”) of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

The “‘GOD←DIVINE’ INDISTINCT DIVINE FORM” is associated with “THE ‘GOD←DIVINE’ EON” added with a unique purpose, a unique disposition of “THE INTELLECT OF THE DIVINE”, and a unique disposition of “THE DIVINE FORCE”.

Just like “THE ‘GOD←DIVINE’ EON”, it is from the inner structure of the “‘GOD←DIVINE’ INDISTINCT DIVINE FORM” that will be generated the external supply of subsistence that will be provided to “‘GOD←GOD’ INDISTINCT DIVINE FORMS” and to “‘LIGHT→GOD’ INDISTINCT DIVINE FORMS”.

Just like “THE ‘GOD←DIVINE’ EON”, the “‘GOD←DIVINE’ INDISTINCT DIVINE FORM” is also bearer of the “‘DIVINE’ Divine State”, and it will emit “THE PRAISE” — “divine signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘GOD→DIVINE’ Divine State” — towards “INDISTINCT DIVINE FORMS” that are in the “‘DIVINE’ Divine State”.

The “‘GOD←DIVINE’ INDISTINCT DIVINE FORM” will never emit “THE PRAISE” towards neither “‘GOD←GOD’ INDISTINCT DIVINE FORMS”, nor “‘LIGHT←GOD’ INDISTINCT DIVINE FORMS”, nor “‘LIGHT←LIGHT’ INDISTINCT DIVINE FORMS”, nor “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORMS”, nor “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORMS”; because of the “Causal Precedence Relation of ‘THE PRAISE’”.

The direction for emitting “THE PRAISE”, indicated by the arrow sign (\rightarrow), is the same as the direction of the seven “transformation steps” (from the “senary

transformation” towards the “‘end of cycle’ transformation”, and not from the “senary transformation” backwards the “quinary transformation”) of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

The “‘DIVINE—DIVINE’ INDISTINCT DIVINE FORM”, which is associated with “THE ‘DIVINE—DIVINE’ EON” added with a unique purpose, a unique disposition of “THE INTELLECT OF THE DIVINE”, and a unique disposition of “THE DIVINE FORCE”, is: “THE DIVINE”.

Just as all the “Divine Products” are of a purity and whiteness of bright light, it is likewise of “INDISTINCT DIVINE FORMS” that “THE DIVINE ARCHITECT AND PROJECT MASTER” defined into existence inside of “THE DIVINE BODY”.

CHAPTER 083

It is inside this attribute “NON DIVINE” that, by using “THE DIVINE FORCE”, “THE DIVINE” will achieve “THE HOLY PROJECT” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed.

The interior of the attribute “NON DIVINE” will not provide the divine conditions that are specific to express the “‘DIVINE’ Divine State”. It will not either provide the divine conditions that are specific to instantly express such transitions and the “DIVINE PRIMARY WEALTH” that already exist within “THE DIVINE” will be elusive in the attribute “NON DIVINE” and cannot be apprehended in this attribute “NON DIVINE” as they are inside “THE DIVINE BODY”.

Therefore, inside this attribute “NON DIVINE” in which SHE will achieve this “HOLY PROJECT”, “THE DIVINE FORCE” will create into existence, through analogical substitution, concrete and living images to express the “DIVINE PRIMARY WEALTH” that already exist within “THE DIVINE”, to express “THE DIVINE SUPREME CONFIGURATION” and all its aspects and essential qualities of this “DIVINE SUPREME CONFIGURATION” and its seven constituent “Divine Particles”.

For example, “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” can be considered from different perspectives associated with the events taking place in it. This includes the structural positioning of the twelve redundant “Divine Equilibrium Regions”, the flow of the products of the work performed by each and all of the seven “Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, the flow of the many others uniquely identified information transported by the flow of “energy”, the flow of products that are formed, the flow of products that are consumed, the flow of the unique movement, etc... It is so that “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” can be decomposed along these

perspectives and the different decompositions can be linked together through appropriated relations of adequacy, relations of convenience, which exist between those constitutive perspectives, to form separate unique expressions, which are based on those relations of adequacy. Such unique expressions will form the basic layout of a unique “entities” or unique “creatures”, or “living images” of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, which can be expressed into existence inside this attribute “NON DIVINE” and through manifestations by metaphors. Inside “THE DIVINE BODY”, such unique expressions, which are based on those relations of adequacy, cannot be expressed separately, as they all reduce to the same expression.

All these concrete and living images will be in correspondence through a linkage of adequacy with “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” and all its aspects and essential qualities. The closest expression that can be used to describe this linkage of adequacy is that of the “bijective correspondence”.

As you would know already, in mathematics, a bijection, or bijective correspondence, or one-to-one correspondence is a correspondence between the elements of two sets, where each element of one set is paired with exactly one element of the other set, and each element of the other set is paired with exactly one element of the first set. There are no unpaired elements. In mathematical terms, a bijective correspondence defined from a starting set X to an arrival set Y, is a mapping one-to-one (injective) of a set X and onto (surjective) a set Y. A bijection from the set X (which, here, is “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”) of “PURE” elements to the set Y (which, here, is the set of manifestations by metaphor to be produced into existence inside the attribute “NON DIVINE”) of “PURE” elements, has an inverse correspondence from Y to X. The SCIENCE that defines that bijective correspondence, as well as its inverse correspondence, has been established by “THE DIVINE FORCE”.

The elements of the set X (which, here, is “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”) are all “THE DIVINE” and are not autonomous from “THE DIVINE”. Whereas, through the SCIENCE that defines that bijective correspondence and that has been established by “THE DIVINE FORCE”, the elements of the set Y (which, here, is the set of manifestations by metaphor to be produced into existence inside the attribute “NON DIVINE”) of “PURE” elements, will receive their own autonomy, each element of the set Y, on its own.

To understand the original set X (which, here, is “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”) of “PURE” elements from the set Y (which, here, is the set of manifestations by metaphor to be produced into existence inside the attribute “NON DIVINE”) of “PURE” elements, it is necessary to develop knowledge of the bijective correspondence, or of its inverse correspondence, and that has been established by “THE DIVINE FORCE”.

All these concrete and living images will be manifestations of metaphors of the “DIVINE PRIMARY WEALTH” that already exist within “THE DIVINE”, “THE DIVINE SUPREME CONFIGURATION”, its aspects and essential qualities, and its seven constituent “Divine Particles”. Therefore, for the attribute “NON DIVINE”, they will be attributes and values that will enable to discern how is “THE DIVINE” who cannot be grasped and is elusive in the “NON DIVINE”.

Furthermore, in order for the manifestations of metaphors of the “DIVINE PRIMARY WEALTH” that will be expressed in the attribute “NON DIVINE” to be grasped by the mind, by thinking, and in order for the complexity of the realities of “THE DIVINE BODY” to be grasped within the attribute “NON DIVINE”, “THE DIVINE FORCE” will slow down of several billion times the speed of transition from one “Divine State” to another “Divine State”, when it is manifested inside the attribute “NON DIVINE”.

It is so that, the interior of the attribute “NON DIVINE” will be an expression of the movements and the realities that will be billions of times slower and also which is billions of times less potent than the movement and the actual realities of “THE DIVINE BODY”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has established factors of proportionality that “THE DIVINE FORCE” will use when making manifest the metaphor of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, as well as all their aspects and essential qualities into existence in the attribute “NON DIVINE”.

These proportionality factors define the laws of change of frame of reference, “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” being “THE ABSOLUTE FRAME OF REFERENCE”, “THE FRAME OF REFERENCE OF THE CREATION”, for which the particulars of everything in this “DIVINE SUPREME CONFIGURATION” will be preserved by manifestations of metaphors in the attribute “NON DIVINE”.

At the core of these proportionality factors is a key parameter that governs the expansion of both the flow of “THE ABSOLUTE TIME” and the dimensions, that

are related to the manifestation of the metaphor of “THE ABSOLUTE MOVEMENT” of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, as well as all their aspects and essential qualities into existence in the attribute “NON DIVINE”.

By this key parameter, the metaphor of a “measure of transformation step” of products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in the “Divine Septenary Equilibrium Zone” considered, with respect to the “Generative Divine Particle”, will be manifested and will correspond roughly to “ten billion”⁶³ times the full cycle of the solar Star which will be, in the attribute “NON DIVINE”, the manifestation of the metaphor of a “Generative Divine Particle” and which will define “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” as a manifestation of the metaphor of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. We shall explain this in another section.

⁶³ Between 9.5 and 10 billion.

CHRIST had already given an indication of this when He told His disciples, so that they can reach out and grow up in the “KNOWLEDGE OF THE DIVINE”, in these words:

“...

Old days man will not hesitate to ask a little child of seven days about “THE PLACE OF LIFE”, and he will live, because many of the “FIRSTS” will be “LASTS”, and the “LASTS” will be “FIRSTS” and they will become one “BEING”.

...”

The “*little child of seven days*” is a metaphor by which CHRIST described Himself, by reference to “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, and wanted that his disciples understand why, but none of them understood. We shall explain this in an annotation of text below.

To discern this correspondence between a “measure of transformation step” and the full cycle of the solar Star from which the human creatures count their ages, they only lacked the knowledge of the setting time of the beginning of the realization of the “PROJECT OF REDEMPTION” in the attribute “NON DIVINE” and for which CHRIST was created into existence.

In another annotation below, we shall explain the meaning of: “... *many of the “FIRSTS” will be “LASTS”, and the “LASTS” will be “FIRSTS” and they will become one “BEING”* ...”

It is the speed of movement of the “Divine Particle”, that determines the “INTENSITY”, and therefore the “STRENGTH” of the luminous radiation that will be emitted by this “Divine Particle”. This speed is instantaneous in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, and in which one full cycle of the movement of the “Generative Divine Particle” is equal to three hundred and sixty-four times the successive “measure of transformation step”, and which manifested in the attribute “NON DIVINE” will correspond to three thousand six hundred forty billion times the full cycle of the solar Star.

Therefore, a movement that is instantaneous inside of “THE DIVINE BODY” will be shown through metaphors in the attribute “NON DIVINE” using a movement that will be at least ten billion times slower and with intensity and strength of radiation that are of the magnitude order of three thousand six hundred forty billion times weaker.⁶⁴

It is through manifestations of metaphors of the “DIVINE PRIMARY WEALTH” that already exist within “THE DIVINE” and with such expansion of both the flow of “THE ABSOLUTE TIME” and the dimensions, that are related to the manifestation of the metaphor of “THE ABSOLUTE MOVEMENT” of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, which subsequently lead to a reduction in the intensity and strength of radiation in similar proportions (that is, at least ten billion times less bright and less powerful), that “THE DIVINE” will share his great “DIVINE WEALTH” with the attribute “NON DIVINE”.

By these proportionality factors that define the laws of change of frame of reference, “THE DIVINE” will be always omnipresent in the attribute “NON

⁶⁴ The speed of movement of the radiation of the “Light” which will be created in the attribute “NON DIVINE” is thus of at least three thousand six hundred forty billion times slower than the speed of movement of the radiation of the true “LIGHT” which was not created and which lies within “THE DIVINE DOMAIN” outside the attribute “NON DIVINE”.

You can all see the solar Star and have a sense of the intensity and strength of its radiation in space in which this star has been placed. Multiply this, three thousand six hundred forty billion times and you will have an indication on the intensity and strength of the radiation emanating from a single “Divine Particle” of “THE DIVINE BODY” which itself consists of an infinite number of “Divine Particles”; then, you will also have an impression of “THE DIVINE” within the limits of what you can understand, and you will also understand why it is said of the solar Star that it is darkness in front of “THE DIVINE”.

DIVINE". It is to bring his creatures that later will be created into existence in the attribute "NON DIVINE" to understand this, that "THE DIVINE" will tell them, in terms that are translated into human language to mean: "I AM 'HE WHO LIVES ETERNALLY'", and which will also be translated by "I AM 'HE WHO IS'", providing answers to their quest to know "THE ONE" from whom they originate and to the question that His creatures will ask him, saying: "WHO ARE YOU?".

"THE DIVINE" is "HE WHO IS", HE is "THE BEING WHO IS", HE is "THE BEING".

By these proportionality factors that define the laws of change of frame of reference, between "THE ABSOLUTE FRAME OF REFERENCE" defined by "THE DIVINE SUPREME CONFIGURATION" of seven "Divine Particles" in "THE DIVINE" and "THE FRAME OF REFERENCE OF THE ATTRIBUTE 'NON DIVINE'" in the attribute "NON DIVINE", all that, which will be created into existence in this attribute "NON DIVINE" cannot be "THE BEING", but will be and will remain a "creature". This is why throughout this BOOK, we shall use the term "creature" to refer to that, which comes into existence in the attribute "NON DIVINE". The term which is translated into human language to mean "THE BEING" refers solely to "THE DIVINE".⁶⁵

ONLY ONE IS "THE BEING", ONLY ONE "IS":

"HE WHO IS", "THE DIVINE"!

This attribute "NON DIVINE" will not provide the divine conditions that are specific to express the "'DIVINE' Divine State". Therefore, manifestations of metaphors of the "'GOD←DIVINE' INDISTINCT DIVINE FORM" as well as those of the "'DIVINE—DIVINE' INDISTINCT DIVINE FORM" will not be shared with the attribute "NON DIVINE".

It is so that, the myriad of "INDISTINCT DIVINE FORMS" that have been produced in "THE ABSOLUTE FRAME OF REFERENCE" defined by "THE DIVINE SUPREME CONFIGURATION" of seven "Divine Particles" in "THE DIVINE", will be shared with the attribute "NON DIVINE", and through

⁶⁵ We shall not say the "human being", but rather we shall say "human creature". Similarly, we shall not say the "celestial being" or "heavenly being", but rather we shall say the "celestial creature" or the "celestial creature".

manifestations of metaphors of the five⁶⁶ “INDISTINCT DIVINE FORMS” remaining and that do not contain the “‘DIVINE’ Divine State”:

- The “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”,
- The “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM”,
- The “‘LIGHT←LIGHT’ INDISTINCT DIVINE FORM”,
- The “‘LIGHT←GOD’ INDISTINCT DIVINE FORM”, and
- The “‘GOD←GOD’ INDISTINCT DIVINE FORM”.

These five “INDISTINCT DIVINE FORMS” taken together, are a breakdown of the “‘DIVINE—DIVINE’ INDISTINCT DIVINE FORM” that is indivisible; that is, they form a decomposition of “THE DIVINE”. This is why it is said of these five “INDISTINCT DIVINE FORMS” that they are together, that, which is “PERFECT”; they form together “THE WHOLE” which is “THE PERFECT SEAL OF THE DIVINE”, the stamp where are etched these five “INDISTINCT DIVINE FORMS” proper to the sovereign authority of “THE DIVINE”, and from the perspective of indivisibility they form together, the “FIRST POSSESSION” and also called the “FIRST POWER”; that is, “THE DIVINE”.⁶⁷

“THE DIVINE”, IHVH, our FATHER has consolidated in a “Divine Creature”, this “PERFECT” set which is defined by the five “INDISTINCT DIVINE FORMS” taken together in an indivisible and representing the five “EONS” that “THE DIVINE”, IHVH, our FATHER chose to share with the attribute “NON DIVINE” and that HE made “PERFECT” by adding an intellect.

⁶⁶ This is the profound origin of that, which will be later known in the attribute “NON DIVINE” by the designations of “Five Leaders”, of the “Council of the Five”, “The Assembly of the Five”, the “Five Continents”, the “Five Races”, the five senses of the human body, the five fingers of a hand, etc... that will be developed by the archangels and angels in their absence of “THE KNOWLEDGE OF THE DIVINE” and who pretending to be “gods” above human creatures, will apply these concepts wrongly on humanity that will be blinded and chained in the ignorance by the same archangels and angels.

⁶⁷ At all times, the archangels and angels in their absence of “THE KNOWLEDGE OF THE DIVINE”, as well as human creatures who have received erroneous teachings from some archangels and angels, in their blindness and looking for what might allow them to dominate others, will get to create representations of five elements and pretend to get any sort of “POWER” through those.

“THE DIVINE”, IHVH, our FATHER has Himself created that “Divine Creature”, origination of His Project, before His earliest Works. From everlasting, from the eternity, before the origin of the attribute “NON DIVINE”, “THE DIVINE”, IHVH, our FATHER had already established that “Divine Creature”.

It is that “Divine Creature”, that “THE DIVINE”, IHVH, our FATHER Himself created, who will act as an intermediary, the mediator, between “THE DIVINE”, IHVH, our FATHER, and the attribute “NON DIVINE”.

It is that “Divine Creature” who will be the first to descend and enter into the attribute “NON DIVINE”, once this attribute “NON DIVINE” will be created into existence, to perform all the work that “THE DIVINE”, IHVH, our FATHER, will entrust to him.

That “Divine Creature”, who is also called “THE PERFECT SEAL OF THE DIVINE”, “THE MEDIATOR OF THE DIVINE”, “THE WORKER OF THE DIVINE”, “THE HANDS OF THE DIVINE”, and who will contain in Himself the myriad of “INDISTINCT DIVINE FORMS” that have been produced in “THE ABSOLUTE FRAME OF REFERENCE” defined by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in “THE DIVINE”, to be shared with the attribute “NON DIVINE”, as well as knowledge of that myriad in all the details, is: “THE DIVINE FORCE”.

Having established the myriad of metaphors of the five “INDISTINCT DIVINE FORMS”, which together form “THE WHOLE”, that “THE DIVINE” has chosen to share with the attribute “NON DIVINE”, “THE DIVINE”, IHVH, our FATHER then, gave instruction to “THE DIVINE ARCHITECT AND PROJECT MASTER” to design the attribute “NON DIVINE” as well as the basic tools that HE will use in this attribute “NON DIVINE”, to be able to share this great “DIVINE WEALTH” with the “NON DIVINE”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” started by designing the whole “HOLY PROJECT”, billions of centuries⁶⁸ ago, including rules and

⁶⁸ CHRIST had already explained this to human creatures when he told his disciples:

“...

Before anyone from the existing creatures had accessed the existence, it is in Him that remain the greatness and the authorities and without that anyone contains Him that HE contains the wholes of the whole.

principles that were to govern this “HOLY PROJECT” in any “Specific Environment”⁶⁹ so that it remains firm into existence in the attribute “NON DIVINE”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” had planned the implementation of “THE HOLY PROJECT” following five phases defined in “THE ABSOLUTE FRAME OF REFERENCE” by the two causal precedence relations that define the orders of events through which the “Divine Products” arise into existence — that is the “Causal Precedence Relation of ‘THE CREATION’” — and remain into existence in their “Divine State” — that is the “Causal Precedence Relation of ‘THE PRAISE’”.

As we have already indicated, the elements of “THE REASON” also define that, which is called: “THE POTENCY”, and which is the degree of possession of elements of “THE ‘LIGHT’ REASON”, and which, in “THE DIVINE”, is a

HE is indeed totally intellect. HE is conception. HE is thought and reflection. HE is purpose and power. All are equivalent one to each other in terms of the source of all power.

And everything that came into existence, from the beginning until the time HE Himself has appointed, did (first) existed in the primordial knowledge of this unlimited and unprocreated FATHER.

...”

Yes! Several billion years. Nearly 70 billion years have elapsed since ADAM and EVE, until these days of today. See conversation on 25 August 2005, Aristide with the Archangel MICHAEL.

It is also as so that the solar and lunar stars have been created nearly 70 billion years ago (two days before the creation of ADAM).

The time is measured from a point of origin and the concept of “time measurement”, in the sense that we know it, does not exist inside “THE DIVINE DOMAIN”; as “THE DIVINE” doesn’t have a point of origin into existence, HE has always existed. “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed this concept to apply to the attribute “NON DIVINE”.

Therefore, time, in the sense that we know it, is measured from the moment when “THE DIVINE”, IHVH, our FATHER created into existence the attribute “NON DIVINE”.

⁶⁹ Here and throughout this book, we will use the word “Specific” just to indicate that the nature of the object considered is pure and its characteristics have all been designed, specified and established directly by “THE DIVINE ARCHITECT AND PROJECT MASTER” to be applied to the attribute “NON DIVINE”. The object considered is therefore attached to the attribute “NON DIVINE”.

manifestation of the “Generative Power of ‘THE DIVINE’”; the “LIGHT” being the attribute which characterizes the Energy that emanates from “THE BODY OF ‘HE WHO IS’” and makes it “ALIVE”. This energy is the “LIFE” imprint of “THE BODY OF ‘HE WHO IS’”.

It is so that, from the perspective of “THE POTENCY”, the “‘SPIRIT’ Divine State” which is defined by the elements of “THE ‘SPIRIT’ REASON” has less “POTENCY” than the “‘SPIRIT→LIGHT’ Divine State” which is defined by the elements of “THE ‘SPIRIT→LIGHT’ REASON”, which itself has less “POTENCY” than the “‘LIGHT’ Divine State” which is defined by the elements of “THE ‘LIGHT’ REASON”, which itself in turn has less “POTENCY” than the “‘LIGHT→GOD’ Divine State” which is defined by the elements of “THE ‘LIGHT→GOD’ REASON”, which itself in turn has less “POTENCY” than the “‘GOD’ Divine State” which is defined by the elements of “THE ‘GOD’ REASON”, which itself in turn has less “POTENCY” than the “‘GOD→DIVINE’ Divine State” which is defined by the elements of “THE ‘GOD→DIVINE’ REASON”, which itself in turn has less “POTENCY” than the “‘DIVINE’ Divine State” which is “THE WHOLE”.⁷⁰

It is so that, from the perspective of “THE POTENCY”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has ordered the two causal precedence relations that define the order of events through which “Divine Products” arise in the existence and remain into existence in their “Formative Divine State”, starting from the “LASTS” which have no “POTENCY” and going towards the unique “FIRST”, “THE DIVINE”, who is “THE WHOLE”.⁷¹

⁷⁰ You can also understand this quickly by considering and observing the example of a visible luminous radiation source, its characteristics in the full electromagnetic spectrum, with the light intensity (as “THE POTENCY”) and its propagation inside an attenuating medium (such as the environment in which you live), from the core light source, which will be in correspondence with the “‘GOD’ Divine State” and which can be perceived by the human eye, to the edge of the lower end of the visible electromagnetic spectrum, which cannot be perceived by the human eye and which will be in correspondence with the “‘SPIRIT’ Divine State”.

⁷¹ It is to make you understand the orders of events through which the “Divine Products” arise into existence — that is, the “Causal Precedence Relation of ‘THE CREATION’” — and remain into existence in their “Divine State” — that is, the “Causal Precedence Relation of ‘THE PRAISE’” —, and which are applied to manifestations of metaphors of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”, in the attribute “NON DIVINE” that CHRIST said to his disciples, so that they can reach out and grow up in the “KNOWLEDGE OF THE DIVINE”, in these words:

Each phase in “THE ABSOLUTE FRAME OF REFERENCE” is associated with the implementation into existence in “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE”, of the environment and conditions necessary for the manifestation into existence of metaphors of one of these five “INDISTINCT DIVINE FORMS”, as well as the actual realisation of these metaphors of the “INDISTINCT DIVINE FORM” considered.

Within “THE ABSOLUTE FRAME OF REFERENCE” defined by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in “THE DIVINE”, each phase is defined, not by a “transformation step” of products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in a “Divine Septenary Equilibrium Zone” but, by a full cycle of seven “transformation steps” of products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in the “Divine Septenary Equilibrium Zone”.⁷²

“... ”

Old days man will not hesitate to ask a little child of seven days about “THE PLACE OF LIFE”, and he will live, because many of the “FIRSTS” will be “LASTS”, and the “LASTS” will be “FIRSTS” and they will become one “BEING”.

“... ”

The “*little child of seven days*” is a metaphor by which CHRIST described Himself, by reference to “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, and wanted that his disciples understand why, but none of them understood. We shall explain this in an annotation of text below.

“*The place of life*” refers to “THE DIVINE” which is His own “DIVINE DOMAIN”, place of origin and housing of “INDISTINCT DIVINE FORMS”.

The “*FIRSTS*” refers to “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures” as manifestations of a metaphor of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”, in the order of creation in the attribute “NON DIVINE”.

The “*one “BEING”*” refers to the manifestation of the metaphor of “THE DIVINE”; because all the metaphors of “INDISTINCT DIVINE FORMS” that will be manifested in the attribute “NON DIVINE” will complement each other to form this unique manifestation of the metaphor of “THE DIVINE”.

⁷² “THE DIVINE” will reveal this by performing the first “Seven Days” of the creation of the Earthly world in which live human creatures; but except “THE DIVINE FORCE” who was

Therefore, by application of the proportionality factors that define the laws of change of frame of reference, the time span of each phase, from the beginning of a phase until the beginning of the next phase, in “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE” is nearly seventy billion years.

For a manifestation in the attribute “NON DIVINE” of a metaphor of a “INDISTINCT DIVINE FORM”, it will be said of the “INDISTINCT DIVINE FORM”, which is a “Divine Product” that already exists in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, and which is at the origin of this manifestation, that it is the “PRE-EXISTING” (also called “THE UNSEEN”, also called “THE POTENCY”) of the manifestation.

Such a “PRE-EXISTING” is a “Divine Product” that already exists in “THE ABSOLUTE FRAME OF REFERENCE” defined by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in “THE DIVINE”, from eternity, before it is manifested by metaphor in “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE”.

It is so that, by the application of the proportionality factors that define the laws of change of frame of reference, the proportionality ratio of the strength and intensity of luminous radiation between an “INDISTINCT DIVINE FORM” pre-existing in “THE ABSOLUTE FRAME OF REFERENCE” in “THE DIVINE” and the manifestation in “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE”, of the metaphor of the considered “INDISTINCT DIVINE FORM” is of several billion.

These five phases will be known in the attribute “NON DIVINE” as being the “Phases of Creation”⁷³. Thus:

The “First Phase of Creation” was associated with the implementation into existence in the attribute “NON DIVINE” of the environment and conditions

implementing the work, none of the others creatures present got or understood the message.

⁷³ Only the “First Phase” of “THE HOLY PROJECT” will be carried out according to the plan established by “THE DIVINE ARCHITECT AND PROJECT MASTER”. The “Second Phase” will be sabotaged by “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures” that will be created, as manifestations into existence of a metaphor of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”, in the attribute “NON DIVINE”, and “THE DIVINE” will change plans in order to save what could still be saved from this “Second Phase”. “How did such sabotage happen?” This will be detailed through the following texts.

necessary for the manifestation into existence of metaphors of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”, as well as the actual realization of these metaphors of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”.

This “First Phase of Creation” would consist in the implementation into existence in the attribute “NON DIVINE”, of the metaphor of “THE DIVINE” in the “‘SPIRIT’ Divine State” and constituted of:

1. “THE ‘SPIRIT←SPIRIT’ INTELLECT” which will be distributed on all the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures”, and will be based on the elements of “THE ‘SPIRIT’ REASON”;
2. “THE ‘SPIRIT←SPIRIT’ FORCE THAT PERFORMS” which will be distributed on all the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures”;
3. “THE ‘SPIRIT←SPIRIT’ CORPS” which will be formed by all “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures”, and also referred to as “THE ‘HEAVEN’ CORPS”, or also “THE HEAVEN HOST”.

The “Second Phase of Creation” was associated with the implementation into existence in the attribute “NON DIVINE” of the environment and conditions necessary for the manifestation into existence of metaphors of the “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM”, as well as the actual realization of these metaphors of the “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM”.

This “Second Phase of Creation” would consist in the implementation into existence in the attribute “NON DIVINE”, of the metaphor of “THE DIVINE” in the “‘SPIRIT→LIGHT’ Divine State” and constituted of:

1. “THE ‘SPIRIT←LIGHT’ INTELLECT” which will be distributed on all the “‘SPIRIT←LIGHT’ ‘EARTHLY’ Creatures”, and will be based on the elements of “THE ‘SPIRIT→LIGHT’ REASON”;
2. “THE ‘SPIRIT←LIGHT’ FORCE THAT PERFORMS” which will be distributed on all the “‘SPIRIT←LIGHT’ ‘EARTHLY’ Creatures”;
3. “THE ‘SPIRIT←LIGHT’ CORPS” which will be formed by all “‘SPIRIT←LIGHT’ ‘EARTHLY’ Creatures”.

The “Third Phase of Creation” was associated with the implementation into existence in the attribute “NON DIVINE” of the environment and conditions necessary for the manifestation into existence of metaphors of the

“‘LIGHT←LIGHT’ INDISTINCT DIVINE FORM”, as well as the actual realization of these metaphors of the “‘LIGHT←LIGHT’ INDISTINCT DIVINE FORM”.

This “Third Phase of Creation” would consist in the implementation into existence in the attribute “NON DIVINE”, of the metaphor of “THE DIVINE” in the “‘LIGHT’ Divine State” and constituted of:

1. “THE ‘LIGHT←LIGHT’ INTELLECT” which will be distributed on all the “‘LIGHT←LIGHT’ ‘EARTHLY’ Creatures”, and will be based on the elements of “THE ‘LIGHT’ REASON”;
2. “THE ‘LIGHT←LIGHT’ FORCE THAT PERFORMS” which will be distributed on all the “‘LIGHT←LIGHT’ ‘EARTHLY’ Creatures”;
3. “THE ‘LIGHT←LIGHT’ CORPS” which will be formed by all “‘LIGHT←LIGHT’ ‘EARTHLY’ Creatures”.

The “Fourth Phase of Creation” was associated with the implementation into existence in the attribute “NON DIVINE” of the environment and conditions necessary for the manifestation into existence of metaphors of the “‘LIGHT←GOD’ INDISTINCT DIVINE FORM”, as well as the actual realization of these metaphors of the “‘LIGHT←GOD’ INDISTINCT DIVINE FORM”.

This “Fourth Phase of Creation” would consist in the implementation into existence in the attribute “NON DIVINE”, of the metaphor of “THE DIVINE” in the “‘LIGHT→GOD’ Divine State” and constituted of:

1. “THE ‘LIGHT←GOD’ INTELLECT” which will be distributed on all the “‘LIGHT←GOD’ ‘EARTHLY’ Creatures”, and will be based on the elements of “THE ‘LIGHT→GOD’ REASON”;
2. “THE ‘LIGHT←GOD’ FORCE THAT PERFORMS” which will be distributed on all the “‘LIGHT←GOD’ ‘EARTHLY’ Creatures”;
3. “THE ‘LIGHT←GOD’ CORPS” which will be formed by all “‘LIGHT←GOD’ ‘EARTHLY’ Creatures”.

The “Fifth Phase of Creation” was associated with the implementation into existence in the attribute “NON DIVINE” of the environment and conditions necessary for the manifestation into existence of metaphors of the “‘GOD←GOD’ INDISTINCT DIVINE FORM”, as well as the actual realization of these metaphors of the “‘GOD←GOD’ INDISTINCT DIVINE FORM”.

This “Fifth Phase of Creation” would consist in the implementation into existence in the attribute “NON DIVINE”, of the metaphor of “THE DIVINE” in the “‘GOD’ Divine State” and constituted of:

1. “THE ‘GOD←GOD’ INTELLECT” which will be distributed on all the “‘GOD←GOD’ ‘EARTHLY’ Creatures”, and will be based on the elements of “THE ‘GOD’ REASON”;
2. “THE ‘GOD←GOD’ FORCE THAT PERFORMS” which will be distributed on all the “‘GOD←GOD’ ‘EARTHLY’ Creatures”;
3. “THE ‘GOD←GOD’ CORPS” which will be formed by all “‘GOD←GOD’ ‘EARTHLY’ Creatures”.

Are parts of “DIVINE PRIMARY WEALTH”, each metaphor of an “INDISTINCT DIVINE FORM” as well as the myriad of metaphors of the five “INDISTINCT DIVINE FORMS” that are:

- The “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”;
- The “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM”;
- The “‘LIGHT←LIGHT’ INDISTINCT DIVINE FORM”;
- The “‘LIGHT←GOD’ INDISTINCT DIVINE FORM”; and
- The “‘GOD←GOD’ INDISTINCT DIVINE FORM”.

As we mentioned in an earlier text, “THE ‘DIVINE’ REASON” complements “THE ‘GOD→DIVINE’ REASON” which itself complements “THE ‘GOD’ REASON” which itself complements “THE ‘LIGHT→GOD’ REASON” which itself complements “THE ‘LIGHT’ REASON” which itself complements “THE ‘SPIRIT→LIGHT’ REASON” and which in turn complements “THE ‘SPIRIT’ REASON”.

It is so that, the elements of “THE ‘SPIRIT’ REASON” are not sufficient to describe the elements of “THE ‘SPIRIT→LIGHT’ REASON” which themselves are not sufficient to describe the elements of “THE ‘LIGHT’ REASON” which themselves are not sufficient to describe the elements of “THE ‘LIGHT→GOD’ REASON” which themselves are not sufficient to describe the elements of “THE ‘GOD’ REASON” which themselves are not sufficient to describe the elements of “THE ‘GOD→DIVINE’ REASON” which in their turn are not sufficient to describe the elements of “THE ‘DIVINE’ REASON”.

This is why, for the manifestations of metaphors of these five “INDISTINCT DIVINE FORMS” which will be expressed into existence in the attribute “NON DIVINE”, “THE DIVINE” is beyond expression, because of His intense character, strange, extraordinary which cannot be expressed by elements of the first five subsets of “THE REASON” and are not elements of “THE ‘DIVINE’ REASON”: for these creatures⁷⁴, which will be produced into existence in the attribute “NON DIVINE”, “THE DIVINE” will be and will remain “THE UNUTTERABLE”, “THE INCOMPREHENSIBLE”.

The true concrete and living image of “THE DIVINE”, that has been created by “THE DIVINE” inside “THE DIVINE DOMAIN” and which will be manifested in the attribute “NON DIVINE”, is “THE DIVINE FORCE”; and it is of “THE DIVINE FORCE” that, everything that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed to be manifested into existence in the attribute “NON DIVINE”, has received image.

It is through all the concrete and living images, all images of “THE DIVINE FORCE”, which will be manifestations of metaphors of the “DIVINE PRIMARY WEALTH” that already exist within “THE DIVINE”, “THE DIVINE SUPREME CONFIGURATION”, its aspects and essential qualities, and its seven constituent “Divine Particles”, and which will be, for the attribute “NON DIVINE”, the attributes and values, that the manifestations of metaphors of these five “INDISTINCT DIVINE FORMS” that will be expressed into existence in the attribute “NON DIVINE” will have to discern how is “THE DIVINE” who cannot

⁷⁴ To help you understand who these “creatures” are, and who you are as one of these “creatures”, consider and observe once again the example we mentioned earlier regarding a visible luminous radiation source, its characteristics in the full electromagnetic spectrum, with the light intensity (as “THE POTENCY”) and its propagation inside an attenuating medium (such as the environment in which you live), from the core light source, which will be in correspondence with the “‘GOD’ Divine State” and which can be perceived by the human eye, to the edge of the lower end of the visible electromagnetic spectrum, which cannot be perceived by the human eye and which will be in correspondence with the “‘SPIRIT’ Divine State”. This time, subdivide the full electromagnetic spectrum into five intervals and consider every smallest detail in each subdivision. The further one moves away from the central light source, the more the smallest details increase. Every smallest detail, unique in its kind (in the subdivision of the electromagnetic spectrum in which this detail is considered), has been given an image, a well defined representation and will thus be manifested on a much larger scale, according to well defined models, and as that, which is called: a “creature”; whether those, which will be called human creatures or those, which will be called celestial creatures. You are one of the smallest details unique in its kind and to which a well defined image has been given; you are one of those “creatures”.

be grasped and is elusive in the “NON DIVINE” that will not have “THE ‘DIVINE’ REASON”.

It is so that, “THE DIVINE” has accomplished all His Greatness through the design and implementation within “THE DIVINE DOMAIN”, of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” and all His “DIVINE PRIMARY WEALTH”.

CHAPTER 084

THE LINK OF ATTACHMENT OF THE ATTRIBUTE “NON DIVINE” TO THE PLACE OF LIFE

The attribute “NON DIVINE”, “OTHER THAN MYSELF”, as “THE DIVINE” called it in “THOUGHTS” — that is, as “THE DIVINE ARCHITECT AND PROJECT MASTER” had called it — is “OTHER THAN ‘THE DIVINE’” and therefore is not source of life. Thus, in first place, inside of “THE DIVINE DOMAIN”, “THE DIVINE ARCHITECT AND PROJECT MASTER” began by designing the unique link of attachment by which the attribute “NON DIVINE” will remain attached to “THE PLACE OF LIFE”; that is, to “THE DIVINE”.

It is through this unique link of attachment that special elements of concrete reality that exist in “THE PLACE OF LIFE” and that are necessary for the manifestation of life and the survival of the manifested life inside the attribute “NON DIVINE”, will be put into movement and will be sent by metaphors to the attribute “NON DIVINE”. Without the manifestation, inside the attribute “NON DIVINE”, of those special elements of concrete reality that exist in “THE PLACE OF LIFE”, there will be no life inside the attribute “NON DIVINE”, as at its inception, it will be produced as a perfect “VOID”, empty of any source of life. It is also through this unique link of attachment that the manifestation of those special elements of concrete reality that exist in “THE PLACE OF LIFE”, just like nutritive elements, will circulate inside the attribute “NON DIVINE” and ensure the functionality and bonding functions of all that which will be produced into existence inside the attribute “NON DIVINE”. Thus, the purpose of this unique link of attachment to “THE PLACE OF LIFE” is to bring life into the attribute “NON DIVINE”, which itself will be carried by “THE DIVINE BODY”.

This unique link of attachment by which the attribute “NON DIVINE” will remain attached to “THE PLACE OF LIFE”, is established from the “Causal Precedence Relation of ‘THE PRAISE’” through the myriad of manifestations of metaphors of

the five “INDISTINCT DIVINE FORMS” that “THE DIVINE” has chosen to share with the attribute “NON DIVINE”:

- The “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”;
- The “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM”;
- The “‘LIGHT←LIGHT’ INDISTINCT DIVINE FORM”;
- The “‘LIGHT←GOD’ INDISTINCT DIVINE FORM”; and
- The “‘GOD←GOD’ INDISTINCT DIVINE FORM”.

The “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM” is a bearer of the “‘SPIRIT→LIGHT’ Divine State”. The manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM” will emit “THE PRAISE” — “divine signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘SPIRIT’ Divine State” — towards any manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “INDISTINCT FORM OF THE DIVINE” that is in the “‘SPIRIT→LIGHT’ Divine State”, and that will be the closest to it.

Once this manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM” has received “THE PRAISE”, then, it will give back to the manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM” that issued “THE PRAISE”, this external supply of subsistence, to enable it to remain into existence in the “‘SPIRIT’ Divine State”.

It is so that, by this “Causal Precedence Relation of ‘THE PRAISE’”, any manifestation of a metaphor of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM” into existence in the attribute “NON DIVINE”, will be linked to any manifestation of a metaphor of the “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM” into existence in the attribute “NON DIVINE” by a “communication pathway”, which we shall call: the “‘SPIRIT→LIGHT’ CORD OF PRAISE”⁷⁵.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed this “‘SPIRIT→LIGHT’ CORD OF PRAISE” with an attachment point, inner in the

⁷⁵ We shall use the arrow (→) to indicate the direction in which “THE PRAISE” is issued, and we shall use the reverse arrow (←) to indicate the direction of the non-reversible transfer of the external supply of subsistence.

manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM” which will emit “THE PRAISE”. This inner attachment point is connected to the inner structure of the manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”: it is the “‘SPIRIT’ Attachment Point” of the “‘SPIRIT→LIGHT’ CORD OF PRAISE”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed this “‘SPIRIT→LIGHT’ CORD OF PRAISE” with an attachment point, external to the manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM” which will emit “THE PRAISE”. This external attachment point is connected to the inner structure of any manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM”: it is the “‘LIGHT’ Attachment Point” of the “‘SPIRIT→LIGHT’ CORD OF PRAISE”.

These two attachment points — the “‘SPIRIT’ Attachment Point” and the “‘LIGHT’ Attachment Point” — of the “‘SPIRIT→LIGHT’ CORD OF PRAISE” are reminiscent of electrical outlets⁷⁶ that are used by plug on electrical outlets. We use this symbolism so that you understand what you see but do not understand.

The “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM” is a bearer of the “‘LIGHT’ Divine State”. The manifestation into existence in the attribute “NON DIVINE” of

⁷⁶ An electrical outlet is a connector which enables to connect domestic or industrial devices to the electrical network, through plugging on electrical sockets. The network acts as a fixed voltage source and the intensity of electrical charges depends on the device which is connected, within the limits of the maximum current allowed by each socket.

The (wall) socket is a fixed connector (usually on a wall) and the attachment points are these connectors, which are mobile connectors, usually connected to a cable (a cord), intended to be connected to a socket or to another plug.

A receptacle plug, most often a (wall) socket but also a plug with an extension cord, is responsible to distribute (or relay) electric current. It received pins plugs which format match. The electrical contacts are placed at the bottom of the holes in the socket, very often equipped with shutters, thus inaccessible on façade (security issue). This will be the equivalent of the inner structure of the manifestation into existence in the attribute “NON DIVINE” of a considered “‘OUTER STATE←INNER STATE’ INDISTINCT DIVINE FORM”.

The two attachment points — the “‘SPIRIT’ Attachment Point” and the “‘LIGHT’ Attachment Point” — of the “‘SPIRIT→LIGHT’ CORD OF PRAISE” are similar to the devices entering the corresponding receptacle plug.

Once this manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘LIGHT←GOD’ INDISTINCT DIVINE FORM” has received “THE PRAISE”, then, it will give back to the manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM” that issued “THE PRAISE”, this external supply of subsistence, to enable it to remain into existence in the “‘SPIRIT→LIGHT’ Divine State”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed this “‘LIGHT→GOD’ CORD OF PRAISE” with an attachment point, inner in the manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM” which will emit “THE PRAISE”. This inner attachment point is connected to the inner structure of the manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM”: it is the “‘LIGHT’ Attachment Point” of the “‘LIGHT→GOD’ CORD OF PRAISE”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed this “‘LIGHT→GOD’ CORD OF PRAISE” with an attachment point, external to the manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM” which will emit “THE PRAISE”. This external attachment point is connected to the inner structure of any manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘LIGHT←GOD’ INDISTINCT DIVINE FORM”: it is the “‘GOD’ Attachment Point” of the “‘LIGHT→GOD’ CORD OF PRAISE”.

CHAPTER 084
THE LINK OF ATTACHMENT OF THE ATTRIBUTE “NON DIVINE” TO THE PLACE OF LIFE

attribute “NON DIVINE” of a metaphor of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”.

It is so because the “‘GOD’ Attachment Point” will not find an attachment outlet in the internal structure of any manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”.

So, the direction for emitting “THE PRAISE”, indicated by the arrow sign (\rightarrow), is the same as the direction of the seven “transformation steps” (from the “secondary transformation” towards the “tertiary transformation”, and not from the “secondary transformation” backwards the “primary transformation”) of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

The “‘LIGHT←LIGHT’ INDISTINCT DIVINE FORM” is a bearer of the “‘LIGHT→GOD’ Divine State”. The manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘LIGHT←LIGHT’ INDISTINCT DIVINE FORM” will emit “THE PRAISE” — “divine signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘LIGHT’ Divine State” — towards any manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “INDISTINCT FORM OF THE DIVINE” that is in the “‘LIGHT→GOD’ Divine State”, and that will be the closest to it.

Once this manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘LIGHT←GOD’ INDISTINCT DIVINE FORM” has received “THE PRAISE”, then, it will give back to the manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘LIGHT←LIGHT’ INDISTINCT DIVINE FORM” that issued “THE PRAISE”, this external supply of subsistence, to enable it to remain into existence in the “‘LIGHT’ Divine State”.

It is so that, by this “Causal Precedence Relation of ‘THE PRAISE’”, any manifestation of a metaphor of the “‘LIGHT←LIGHT’ INDISTINCT DIVINE FORM” into existence in the attribute “NON DIVINE”, will be linked to any manifestation of a metaphor of the “‘LIGHT←GOD’ INDISTINCT DIVINE FORM” into existence in the attribute “NON DIVINE” by that, which we shall call: the “‘LIGHT→GOD’ CORD OF PRAISE”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed this “‘LIGHT→GOD’ CORD OF PRAISE” with an attachment point, inner in the manifestation into existence in the attribute “NON DIVINE” of a metaphor of the

“‘LIGHT←LIGHT’ INDISTINCT DIVINE FORM” which will emit “THE PRAISE”. This inner attachment point is connected to the inner structure of the manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘LIGHT←LIGHT’ INDISTINCT DIVINE FORM”: it is the “‘LIGHT’ Attachment Point” of the “‘LIGHT→GOD’ CORD OF PRAISE”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed this “‘LIGHT→GOD’ CORD OF PRAISE” with an attachment point, external to the manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘LIGHT←LIGHT’ INDISTINCT DIVINE FORM” which will emit “THE PRAISE”. This external attachment point is connected to the inner structure of any manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘LIGHT←GOD’ INDISTINCT DIVINE FORM”: it is the “‘GOD’ Attachment Point” of the “‘LIGHT→GOD’ CORD OF PRAISE”.

Accordingly, any manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘LIGHT←LIGHT’ INDISTINCT DIVINE FORM” cannot and must not emit “THE PRAISE” towards manifestations into existence in the attribute “NON DIVINE” of a metaphor of neither the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”, nor the “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM”.

It is so because the “‘GOD’ Attachment Point” will not find an attachment outlet in the internal structure of any manifestation into existence in the attribute “NON DIVINE” of a metaphor of neither the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”, nor the “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM”.

So, the direction for emitting “THE PRAISE”, indicated by the arrow sign (\rightarrow), is the same as the direction of the seven “transformation steps” (from the “tertiary transformation” towards the “quaternary transformation”, and not from the “tertiary transformation” backwards the “secondary transformation”) of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

The “‘LIGHT←GOD’ INDISTINCT DIVINE FORM” is a bearer of the “‘GOD’ Divine State”. The manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘LIGHT←GOD’ INDISTINCT DIVINE FORM” will emit “THE PRAISE” — “divine signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘LIGHT→GOD’ Divine State” — towards any manifestation into existence in the attribute “NON DIVINE” of a

metaphor of the “INDISTINCT FORM OF THE DIVINE” that is in the “‘GOD→DIVINE’ Divine State”, and that will be the closest to it.

Once this manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘GOD←DIVINE’ INDISTINCT DIVINE FORM” has received “THE PRAISE”, then, it will give back to the manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘LIGHT←GOD’ INDISTINCT DIVINE FORM” that issued “THE PRAISE”, this external supply of subsistence, to enable it to remain into existence in the “‘LIGHT→GOD’ Divine State”.

It is so that, by this “Causal Precedence Relation of ‘THE PRAISE’”, any manifestation of a metaphor of the “‘LIGHT←GOD’ INDISTINCT DIVINE FORM” into existence in the attribute “NON DIVINE”, will be linked to any manifestation of a metaphor of the “‘GOD←DIVINE’ INDISTINCT DIVINE FORM” into existence in the attribute “NON DIVINE” by that, which we shall call: the “‘GOD→DIVINE’ CORD OF PRAISE”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed this “‘GOD→DIVINE’ CORD OF PRAISE” with an attachment point, inner in the manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘LIGHT←GOD’ INDISTINCT DIVINE FORM” which will emit “THE PRAISE”. This inner attachment point is connected to the inner structure of the manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘LIGHT←GOD’ INDISTINCT DIVINE FORM”: it is the “‘GOD’ Attachment Point” of the “‘GOD→DIVINE’ CORD OF PRAISE”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed this “‘GOD→DIVINE’ CORD OF PRAISE” with an attachment point, external to the manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘LIGHT←GOD’ INDISTINCT DIVINE FORM” which will emit “THE PRAISE”. This external attachment point is connected to the inner structure of any manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘GOD←DIVINE’ INDISTINCT DIVINE FORM”: it is the “‘DIVINE’ Attachment Point” of the “‘GOD→DIVINE’ CORD OF PRAISE”.

Accordingly, any manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘LIGHT←GOD’ INDISTINCT DIVINE FORM” cannot and must not emit “THE PRAISE” towards manifestations into existence in the attribute “NON DIVINE” of a metaphor of neither the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”, nor the “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM”, nor the “‘LIGHT←LIGHT’ INDISTINCT DIVINE FORM”.

It is so because the “‘DIVINE’ Attachment Point” will not find an attachment outlet in the internal structure of any manifestation into existence in the attribute “NON DIVINE” of a metaphor of neither the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”, nor the “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM”, nor the “‘LIGHT←LIGHT’ INDISTINCT DIVINE FORM”.

So, the direction for emitting “THE PRAISE”, indicated by the arrow sign (\rightarrow), is the same as the direction of the seven “transformation steps” (from the “quaternary transformation” towards the “quinary transformation”, and not from the “quaternary transformation” backwards the “tertiary transformation”) of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

The “‘GOD←GOD’ INDISTINCT DIVINE FORM” is a bearer of the “‘GOD→DIVINE’ Divine State”. The manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘GOD←GOD’ INDISTINCT DIVINE FORM” will emit “THE PRAISE” — “divine signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘GOD’ Divine State” — towards any manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “INDISTINCT FORM OF THE DIVINE” that is in the “‘GOD→DIVINE’ Divine State”, and that will be the closest to it.

Once this manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘GOD←DIVINE’ INDISTINCT DIVINE FORM” has received “THE PRAISE”, then, it will give back to the manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘GOD←GOD’ INDISTINCT DIVINE FORM” that issued “THE PRAISE”, this external supply of subsistence, to enable it to remain into existence in the “‘GOD’ Divine State”.

It is so that, by this “Causal Precedence Relation of ‘THE PRAISE’”, any manifestation of a metaphor of the “‘GOD←GOD’ INDISTINCT DIVINE FORM” into existence in the attribute “NON DIVINE”, will be linked to any manifestation of a metaphor of the “‘GOD←DIVINE’ INDISTINCT DIVINE FORM” into existence in the attribute “NON DIVINE” by that, which we shall call: the “‘GOD→DIVINE’ CORD OF PRAISE”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed this “‘GOD→DIVINE’ CORD OF PRAISE” with an attachment point, inner in the manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘GOD←GOD’ INDISTINCT DIVINE FORM” which will emit “THE PRAISE”.

This inner attachment point is connected to the inner structure of the manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘GOD←GOD’ INDISTINCT DIVINE FORM”: it is the “‘GOD’ Attachment Point” of the “‘GOD→DIVINE’ CORD OF PRAISE”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed this “‘GOD→DIVINE’ CORD OF PRAISE” with an attachment point, external to the manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘GOD←GOD’ INDISTINCT DIVINE FORM” which will emit “THE PRAISE”. This external attachment point is connected to the inner structure of any manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘GOD←DIVINE’ INDISTINCT DIVINE FORM”: it is the “‘DIVINE’ Attachment Point” of the “‘GOD→DIVINE’ CORD OF PRAISE”.

Accordingly, any manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘GOD←GOD’ INDISTINCT DIVINE FORM” cannot and must not emit “THE PRAISE” towards manifestations into existence in the attribute “NON DIVINE” of a metaphor of neither the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”, nor the “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM”, nor the “‘LIGHT←LIGHT’ INDISTINCT DIVINE FORM”, nor the “‘LIGHT←GOD’ INDISTINCT DIVINE FORM”.

It is so because the “‘DIVINE’ Attachment Point” will not find an attachment outlet in the internal structure of any manifestation into existence in the attribute “NON DIVINE” of a metaphor of neither the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”, nor the “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM”, nor the “‘LIGHT←LIGHT’ INDISTINCT DIVINE FORM”, nor the “‘LIGHT←GOD’ INDISTINCT DIVINE FORM”.

So, the direction for emitting “THE PRAISE”, indicated by the arrow sign (\rightarrow), is the same as the direction of the seven “transformation steps” (from the “quinary transformation” towards the “senary transformation”, and not from the “quinary transformation” backwards the “quaternary transformation”) of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

These cords of praise have a strong symbolic meaning: they are at the base of the link of attachment to “THE DIVINE” from the attribute “NON DIVINE”. The “Causal Precedence Relation of ‘THE PRAISE’” executed through these cords of

praise and in the order prescribed is called: “The Specific Process of Attachment to ‘THE DIVINE’”.

It is the link of attachment to “THE PLACE OF LIFE” and through which “THE DIVINE” will provide the mark of life to the attribute “NON DIVINE”. It is through “The Specific Process of Attachment to ‘THE DIVINE’” that all manifestations of metaphors of each of the “DIVINE PRIMARY WEALTH”, that “THE DIVINE” will share with the attribute “NON DIVINE”, will receive the mark of life.

“THE DIVINE” has identified and indexed all His “DIVINE PRIMARY WEALTH” that HE has chosen to share with the attribute “NON DIVINE” and not one fails to His call, although their number is infinite.

Thus, it is also through “The Specific Process of Attachment to ‘THE DIVINE’” that “THE DIVINE” will always be aware of all metaphors of His own “DIVINE PRIMARY WEALTH” that HE will share with the attribute “NON DIVINE”.

“The Specific Process of Attachment to ‘THE DIVINE’” has its origin and its source in the very inside “THE DIVINE DOMAIN”, and as “THE DIVINE ARCHITECT AND PROJECT MASTER” designed it, “The Specific Process of Attachment to ‘THE DIVINE’” transcends the attribute “NON DIVINE” and connects all metaphor for each of the “DIVINE PRIMARY WEALTH” that will be manifested in the attribute “NON DIVINE” to its “PRE-EXISTING” which is inside of “THE DIVINE”.

This link of attachment to “THE DIVINE” will be deployed with the passage of time and the manifestations of the “DIVINE PRIMARY WEALTH” which will be expressed in the attribute “NON DIVINE” and grow up to describe a complex geometric figure. This geometric figure will be designated by a word that is pronounced: “TREE”. It is so that, this link of attachment to “THE DIVINE” will be called: “THE TREE OF LIFE”.

The parts of “THE TREE OF LIFE” that are directly inside “THE PLACE OF LIFE”, that is “THE DIVINE”, will be called: The Roots; they have their origin inside “THE DIVINE”. “THE TREE OF LIFE” trunk is formed by the manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘GOD←DIVINE’ INDISTINCT DIVINE FORM”. The branches of “THE TREE OF LIFE”, on different levels, are formed by the manifestations into existence in the attribute “NON DIVINE” of metaphors of:

- The “‘GOD←GOD’ INDISTINCT DIVINE FORM”;

- The “‘LIGHT←GOD’ INDISTINCT DIVINE FORM”;
- The “‘LIGHT←LIGHT’ INDISTINCT DIVINE FORM”;
- The “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM”;

The products, also known as the “fruits” of “THE TREE OF LIFE” are manifestations, in the attribute “NON DIVINE”, of metaphors of the supply that are provided as a result of the execution of the “Causal Precedence Relation of ‘THE PRAISE’”. These products “THE TREE OF LIFE” will be extracted by the manifestations of metaphors of the “DIVINE PRIMARY WEALTH” which will be expressed in the attribute “NON DIVINE”, using a specific force. This specific force will be called “THE SPECIFIC SPIRITUAL FORCE OF LIFE”.

It is “THE DIVINE FORCE” who will make manifest in the attribute “NON DIVINE”, “The Specific Process of Attachment to ‘THE DIVINE’” and all the “specific processes” which contribute to the unique link of attachment by which the attribute “NON DIVINE” will remain attached to “THE PLACE OF LIFE”; that is, to “THE DIVINE”.

This is why it will be said of “THE DIVINE FORCE” that SHE is effectively “THE TREE OF LIFE”; SHE is the unique link of attachment by which the attribute “NON DIVINE” will remain attached to “THE PLACE OF LIFE”; that is, to “THE DIVINE”; and it is for this that “THE DIVINE FORCE” is also called: “THE DIVINE MEDIATOR”, and is also called: “THE HOLY COVENANT”.

Having designed this unique “SPECIFIC SPIRITUAL FORCE OF LIFE” as well as its methods of operation, and in order to accomplish the “First Phase of Creation”, which is associated with the implementation into existence in the attribute “NON DIVINE” of the environment and conditions necessary for the manifestation into existence of metaphors of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”, as well as the actual realization of these metaphors of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the element by which “THE DIVINE” will create, into existence in the attribute “NON DIVINE”, the manifestations of metaphors of the “DIVINE PRIMARY WEALTH” that HE has chosen to share with the attribute “NON DIVINE”. This element is “THE WORD OF THE DIVINE”.

CHAPTER 085

“THE WORD OF THE DIVINE” — CREATION TOOL IN THE ATTRIBUTE “NON DIVINE”

The “SUPREME STATE OF EQUILIBRIUM” which is obtained from “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” is a state of indescribable joy, an ineffable gladness, and in an immeasurable state of equilibrium.

Through this “SUPREME STATE OF EQUILIBRIUM”, “THE DIVINE” is always at the maximum of His particulars, HE has all His intensity, His density, His “DIVINE WEALTH”: HE is in “THE SUPREME PLENITUDE”.

Through this “SUPREME PLENITUDE”, all instructions designed and generated by “THE DIVINE ARCHITECT AND PROJECT MASTER” with the intention to be implemented by “THE DIVINE FORCE” reside in “THE DIVINE ARCHITECT AND PROJECT MASTER” and are transmitted immediately to “THE DIVINE FORCE”, without any sound expression whatsoever be manifested inside “THE DIVINE DOMAIN”. It is said of such internal instructions, designed and generated, that they are transmitted in “THE SILENCE”; that is, they remain internal to “THE DIVINE DOMAIN”.

These instructions are “Divine Signals”, carrying within them the elements of communication in all their forms and which can be expressed in the form of images that are always created from “unique words”, predicates, elements of “THE ‘SPIRIT’ REASON”, sounds, vibrations of all types, etc... All these elements of communication reside in “THE DIVINE ARCHITECT AND PROJECT MASTER”, and are expressed in “THE SILENCE”.

For the attribute “NON DIVINE” inside the attribute “NON DIVINE”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and lined up to implement and to manifest into existence metaphors of the “DIVINE PRIMARY WEALTH” that “THE DIVINE” has chosen to share with the attribute “NON

DIVINE”, by sending such “Divine Signals” to “THE DIVINE FORCE” when “THE DIVINE FORCE” is deployed in the attribute “NON DIVINE”.

The expression of such “Divine Signals” that are designed and generated by “THE DIVINE ARCHITECT AND PROJECT MASTER” with the intention to be implemented by “THE DIVINE FORCE”, when it is manifested in that, which is external to “THE DIVINE DOMAIN”, it takes shape; this is not only a sound or even a vibration in whatsoever forms that comes into existence, but “THE DIVINE FORCE” will instantly manifest into existence in the attribute “NON DIVINE” the product that is defined and contained in these “Divine Signals” by giving it true shape and aspect.

Such a manifestation of the “Divine Signals” that takes shape is called: “THE WORD OF THE DIVINE”⁷⁷. This will be the tool by which and through which “THE DIVINE” will make manifest the works that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed with the intention to be shared with the attribute “NON DIVINE”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed this tool first and foremost before that the attribute “NON DIVINE” was implemented. HE designed it from a less complex element that HE has also designed and which is called: the “SOUND”. The “SOUND” is the audible manifestation of photons energy of a vibration or disturbance origin (for example, an oscillation of pressure), which propagates as an “acoustic wave” through an appropriate transmission medium. An “acoustic wave” is thus a carrier wave of photons energy resulting from a vibration or disturbance origin. It is so that the “SOUND” is a “specific effect” associated with a “movement” of an acoustic wave”.

It is so that, the “SOUND”, and subsequently “THE WORD OF THE DIVINE”, resides in “THE DIVINE ARCHITECT AND PROJECT MASTER”, through those

⁷⁷ It is for the purpose to lead you to understand this, that the human who was called John, when he had begun to understand this, has then, expressed it by saying:

“...

At the beginning of all things, the word existed already; he who was the word was with God, and he was God. So it was with God in the beginning. God has made all things by it; nothing has been done without it.

...”

“The Word” refers to “THE DIVINE FORCE”, as carrier of those “Divine Signals”, and who is part of “THE DIVINE”. It is through HER, “THE DIVINE FORCE”, that everything which is PURE inside the attribute “NON DIVINE”, will be manifested.

“Divine Signals” containing instructions concerning those metaphors of the “DIVINE PRIMARY WEALTH” that “THE DIVINE” has chosen to share with the attribute “NON DIVINE”.

It is the elements of “THE ‘LIGHT’ REASON” that are at the core of the expression of the “SOUND”, and subsequently of “THE WORD OF THE DIVINE” outside “THE DIVINE DOMAIN”. Without these elements of “THE ‘LIGHT’ REASON”, all “unique words”, predicates, and elements of “THE ‘SPIRIT’ REASON” will remain in “THE SILENCE” and will never “take body”, and consequently the manifestations of concrete and living images of metaphors of the “DIVINE PRIMARY WEALTH” and everything that “THE DIVINE” has chosen to share with the attribute “NON DIVINE” will never “take body”.

It is so that, the “SOUND”, and subsequently “THE WORD OF THE DIVINE”, resides also in the “LIGHT” that characterizes the Energy that emanates from “THE BODY OF ‘HE WHO IS’” and makes it “ALIVE”.

For example, when as a human creature you have in “THOUGHTS” the “instruction” designated by the sequence of terms “THE EARTHLY DOME” (what you call “THE SKY”), then, immediately the structure from which your intellect has been established, will associate this “instruction” to the earthly dome and present it to you as image. This image is a creation of this structure from which your intellect has been established, and this image has been created from the elements of “THE ‘SPIRIT’ REASON” and it is real and in every manifestation of the metaphor of the “‘SPIRIT’ Divine State” in the attribute “NON DIVINE”. It is through the elements of “THE ‘LIGHT’ REASON” that this image is truly able to exist.

For example, when as a human creature you have in “THOUGHTS” the “instruction” designated by the sequence of terms “FRUIT TREE”, then, immediately the structure from which your intellect has been established, will associate this “instruction” to an image of a well-defined⁷⁸ geometric structure and present it to you. This image is a creation of this structure from which your intellect has been established, and this image has been created from the elements of “THE ‘SPIRIT’ REASON” and it is real and in every manifestation of the metaphor of the “‘SPIRIT’ Divine State” in the attribute “NON DIVINE”. It is

⁷⁸ It is so that, all these things that you use every day, without being aware of their origin as they seem obvious, were designed and established by “THE DIVINE ARCHITECT AND PROJECT MASTER” to be subsequently placed in creatures that “THE DIVINE FORCE” will produce into existence in the attribute “NON DIVINE”.

through the elements of “THE ‘LIGHT’ REASON” that this image is truly able to exist by “taking body”.

Now, when a human creature or a celestial creature has in “THOUGHTS” the “instruction” designated by the sequence of terms “THE DIVINE”, then, the structure from which their intellect has been established will not associate this “instruction” to any well-defined image of a geometric structure known to their intellect, and therefore will not present them any image. This is because any subset of “THE REASON” which is other than “THE ‘DIVINE’ REASON” cannot express the elements of “THE ‘DIVINE’ REASON”; both the elements of “THE ‘SPIRIT’ REASON” and the elements of “THE ‘LIGHT’ REASON” are not sufficient to be able to express “THE DIVINE”; only elements of “THE ‘DIVINE’ REASON” can.

“THE WORD” is not created from the elements of “THE ‘SPIRIT’ REASON”, but rather from the elements of “THE ‘LIGHT’ REASON”, creating a “mold” at first, and the resulting “mold” is applied to the elements of “THE ‘SPIRIT’ REASON” in a second time. “THE WORD” exhilarates, illuminates and complements the image produced by the elements of “THE ‘SPIRIT’ REASON” by “giving body” to this image, and it is so that “THE ‘LIGHT’ REASON” will complete “THE ‘SPIRIT’ REASON”. It will also be said that in the attribute “NON DIVINE”, “THE ‘LIGHT’ REASON” will “give body” to “THE ‘SPIRIT’ REASON”.⁷⁹

⁷⁹ During the course of “THE HOLY PROJECT”, the creatures that will be produced into existence will not understand this concept. Therefore, this concept will come to be called: “Oath of ‘THE WORD’”. It is of this concept that ENOCH, of whom METHUSELAH is the descendant, was referring to when he spoke of the “Oath of AKA”, that is “THE WORD OF THE DIVINE”, saying:

“...

So is, in fact, the magical service of this oath; It is formidable and merciless.

And HE placed this “Oath of AKA” in the hands of the Archangel MICHAEL.

Here are the effects of this oath:

- *By his magical virtue, heaven was suspended before the creation of the world.*
- *Through it the earth was founded upon the water, and from the secret recesses of the mountains come beautiful waters, from the creation of the world and unto eternity.*
- *Through this oath, the sea has been set in its limits, and on its foundations.*

When “THE WORD OF THE DIVINE”, which resides in “THE DIVINE ARCHITECT AND PROJECT MASTER”, is emitted into existence in the attribute “NON DIVINE”, then, it is “THE DIVINE FORCE” who is responsible to manifest into existence in the attribute “NON DIVINE”, the product that is associated with “THE WORD OF THE DIVINE”.

This is why it is said that: “‘THE WORD OF THE DIVINE’ IS MADE TO BE APPLIED, TO CREATE AND GIVE LIFE IN THE ATTRIBUTE ‘NON DIVINE’ TO WHAT ‘THE DIVINE ARCHITECT AND PROJECT MASTER’ HAS BEFOREHAND CREATED”.⁸⁰

It is from “THE DIVINE FORCE” that the “SOUND” will proceed forward into existence, and it is so that the “SOUND”, and subsequently “THE WORD OF THE DIVINE”, resides also in “THE DIVINE FORCE”.

Therefore, it is said of the “SOUND”, and subsequently “THE WORD OF THE DIVINE”, that comes into existence inside the attribute “NON DIVINE”, that it has three dwellings:

- “THE DIVINE ARCHITECT AND PROJECT MASTER” who designed it;
- The “LIGHT”, of which elements of “THE ‘LIGHT’ REASON” are at the core of the expression of the “SOUND”; and
- “THE DIVINE FORCE” who will make manifest in the attribute “NON DIVINE”, the expression of the “SOUND” and “give body” to that, which has been created from the elements of “THE ‘SPIRIT’ REASON”.

-
- *He placed grains of sand to stop it at the time of its fury; and it can never exceed this limit.*
 - *Through this formidable oath, the abyss has been dug, and it retains its place forever.*
 - *Through this oath, the Sun and the Moon complete each their periodic course, without ever straying of the path that has been charted.*
 - *Through this oath, the stars follow their eternal course.*
 - *And when they are called by their names, they answer: Here I am!!*
 - *Through this same oath winds preside over waters; all have their wit, which establish between them a happy harmony.*

...”

⁸⁰ See conversation on 14 September 2005, Aristide with CHRIST.

The channel of communication through which “THE DIVINE” sends “THE WORD OF THE DIVINE” to the attribute “NON DIVINE” is also a “DIVINE PRIMARY WEALTH”.

Once “THE WORD OF THE DIVINE” has been sent to the attribute “NON DIVINE” through this channel of communication, then, it is “THE DIVINE FORCE” who, by using the elements of “THE ‘LIGHT’ REASON”, which are at the core of the expression of the “SOUND” that is associated with “THE WORD OF THE DIVINE”, is tasked to make manifest in the attribute “NON DIVINE”, not only the “SOUND” that is associated with “THE WORD OF THE DIVINE” but also the product that is transported by “THE WORD OF THE DIVINE”.

This is why “THE DIVINE FORCE” is also called “THE TONGUE OF THE DIVINE”, and also “THE MOUTH OF THE DIVINE”.

It is for the purpose to make understand this, that it is said of “THE WORD OF THE DIVINE” that it follows “THE WILL OF THE DIVINE” (that is, “THE DIVINE FORCE”)⁸¹

Having designed this unique “THE SPECIFIC SPIRITUAL FORCE OF LIFE” as well as its methods of operation, having also designed “THE WORD OF THE DIVINE” as tool of expression of “Divine Signals” in the attribute “NON DIVINE”, “THE DIVINE ARCHITECT AND PROJECT MASTER” then, designed other elements which will be at the core of the manifestations of metaphors of “DIVINE PRIMARY WEALTH” that “THE DIVINE” has chosen to share with the attribute “NON DIVINE”.

He has designed these elements from metaphors of the three “Core Formative Divine States” which are: the “‘SPIRIT’ Divine State”, the “‘LIGHT’ Divine State”, and the “‘GOD’ Divine State”. In the following, we shall call the manifestations of metaphors of the three “Core Formative Divine States”, in the attribute “NON DIVINE”, respectively by: the “‘SPIRIT’ Specific State”, the “‘LIGHT’ Specific State”, and the “‘GOD’ Specific State”.

⁸¹ When in vision “THE DIVINE FORCE” will show you a “WORD” walking after an invisible “BEING”, then, you will know what it is all about.

CHAPTER 086

THE BASIC ELEMENT USED FOR CREATION IN THE “‘SPIRIT’ SPECIFIC STATE”: THE “SPECIFIC ELEMENTARY ‘SPIRIT’ PARTICLE”

“THE DIVINE”, IHVH, our FATHER, is THE SUPREME BEING. HE is Pure Light, Pure Energy, Conscious, Intellect and Living. “THE DIVINE ARCHITECT AND PROJECT MASTER” is the ARCHITECT of the attribute “NON DIVINE” and everything that this attribute “NON DIVINE” will contain.

In order to achieve into existence, in the attribute “NON DIVINE”, “THE HOLY PROJECT” that HE designed, “THE DIVINE ARCHITECT AND PROJECT MASTER” had also conceived the basic element that HE would use in the attribute “NON DIVINE” for any design to be carried out in the metaphor of the “‘SPIRIT’ Divine State”. This basic element is: the “Specific Elementary ‘SPIRIT’ Particle”. In the remaining of this text, we will use this notation — “Specific Elementary ‘SPIRIT’ Particle” — to lead you to reach out “THE KNOWLEDGE OF THE DIVINE”.⁸²

⁸² As we have indicated in one previous annotation, humans have defined the elementary particles as the fundamental constituents of the universe and described by the standard model of particle physics. These subatomic particles are called “elementary” because they do not result from the interaction from other “smaller” particles. An atom is not an elementary particle, because it consists of electrons, protons and neutrons. These last two, designated by the generic term nucleons, as forming the atomic nucleus, are not elementary because they are made up of quarks. However, electrons and quarks are elemental particles because they are made of no other particle, based on the current state of knowledge of the human creature.

The subatomic scale, which you are already aware of, is the domain of physical size that encompasses objects smaller than an atom. It is the scale at which the atomic constituents, such as the nucleus containing protons and neutrons, and the electrons, which orbit in

The “Specific Elementary ‘SPIRIT’ Particle” is a manifestation, in “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE”, of a metaphor of the “Divine Particle” in the “‘SPIRIT’ Divine State”.⁸³

The “Specific Elementary ‘SPIRIT’ Particle” is different from the “Divine Particle” in the “‘SPIRIT’ Divine State”, but it has particulars similar to those of the “Divine Particle” in the “‘SPIRIT’ Divine State”; since those particulars are obtained from application of the proportionality factors that define the laws of change of frame of reference, between “THE ABSOLUTE FRAME OF REFERENCE” defined by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in “THE DIVINE” and “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE”.

A “Specific Elementary ‘SPIRIT’ Particle” will be made manifest as an element in the “‘SPIRIT’ Specific State”, of spherical shape, smaller than the elementary subatomic particles, but billions of times greater than the “Divine Particle”. It is visible only by the special and unique visual structure of “THE DIVINE”, that is “THE EYE OF THE DIVINE”, and which will be also designated by the word “CAMAEL”; Word provided by “THE DIVINE FORCE” to the Archangel who will be later (during the course of the implementation of “THE HOLY PROJECT”) designated by this word, at the very moment when this Archangel had first understood, on a scale greater than the scale of the “Specific Elementary ‘SPIRIT’ Particle”, and explained that some things could only be perceived by a visual

spherical or elliptical paths around the nucleus, become apparent. The subatomic scale includes the many thousands of times smaller subnuclear scale, which is the scale of physical size at which the constituents of the protons and neutrons — particularly quarks — become apparent.

Below this subatomic scale, at which constituents of the protons and neutrons — particularly quarks — are not apparent anymore, you enter the domain of “spiritual” size that encompasses “Specific Elementary ‘SPIRIT’ Particle”, the “Specific Elementary ‘LIGHT’ Particle” and the “Specific Elementary ‘GOD’ Particle”, which we will cover in another chapter below. The domain of “spiritual” size contains the domain of physical size, and it also and permeates throughout the domain of physical size. It is said to be more “fine” than the domain of physical size. Constructs in the domain of “spiritual” size are as “real” and tangible as their projected parts, which are those things that you see all around you, in the domain of physical size.

The purpose of this annotation is to place you into context, so that you understand at which scale we are dealing with in this chapter and the following ones.

⁸³ See “Vision of August 06, 2004”

structure other than that, which he had known so far; “THE EYE OF THE DIVINE”: the Archangel CAMAEL.⁸⁴

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Elementary ‘SPIRIT’ Particle” with “specific elementary processes”⁸⁵ to allow it to execute, depending upon the external instructions it receives, “specific tasks” that HE has predefined in these “specific elementary processes” to produce the “specific work” that HE has also predefined for the “Specific Elementary ‘SPIRIT’ Particle”.

External instructions that the “Specific Elementary ‘SPIRIT’ Particle” receives, as well as the “specific work” it produces, are respectively in fact signals⁸⁶ received and emitted. It is so that, the “Specific Elementary ‘SPIRIT’ Particle” is actually a perfect receiver-transmitter of signals. “THE DIVINE ARCHITECT AND PROJECT MASTER” has established the specifications⁸⁷ for these signals received and emitted by the “Specific Elementary ‘SPIRIT’ Particle”.

⁸⁴ It is also so that later during the course of the realization of “THE HOLY PROJECT”, the names of archangels and angels were assigned to each when he had arrived first to understand and explain a particular process, among the multitude of processes that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed for the realization of “THE HOLY PROJECT”.

When an archangel or an angel came first to understand and explain a particular process revealing a particular aspect or a particular characteristic of “THE DIVINE”, IHVH, among the multitude of His appearances and characteristics, then, the word for this aspect or this characteristic was instantly provided by “THE DIVINE FORCE” (just like when children learn to speak and recognize the environment around them) and therefore, this archangel or this angel took as name that word which had been provided to him. Such a “word” reveals the characteristics and the attribute of a unique “DIVINE PRIMARY WEALTH” among an unlimited number of “DIVINE PRIMARY WEALTH”.

⁸⁵ A process is a list of tasks or actions that must be executed in a well-defined order to provide a definite result.

⁸⁶ By signal we mean any unit which, obeying the rules of a code, enters into the composition of messages, instructions, or information, which it conveys from its source to its recipient. A signal carries messages, instructions, or information.

⁸⁷ As you would know, a specification is a “blueprint” that provides all the information and operations requirements, which are necessary to bring something (e.g., a product, a task, a project, etc...) to fruition, efficiently and with standards of quality, in order to fulfill the role assigned to it. It formalizes the needs, detailing the expected functionalities of something

When the external signal received or the internal signal emitted by the “Specific Elementary ‘SPIRIT’ Particle” complies with specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, it is said of such a signal that it is a “specific signal”, and a “specific signal” is “PURE”; otherwise it is said of such an external signal which is not specific, that it is “IMPURE”, meaning that it is not in conformity with specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established. An “IMPURE” signal is bearer of added, unwanted, disruptive (and generally unknown) changes that do not conform to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

All “specific signals” that a “Specific Elementary ‘SPIRIT’ Particle” may receive and emit have been designed and predefined inside the “Specific Elementary ‘SPIRIT’ Particle” by “THE DIVINE ARCHITECT AND PROJECT MASTER”.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has made the “Specific Elementary ‘SPIRIT’ Particle” “CONSCIOUS”; a feature of “Divine Particles”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Elementary ‘SPIRIT’ Particle” with an element of subsistence external to the “Specific Elementary ‘SPIRIT’ Particle” and which will allow it to remain into existence (that is, to subsist) in the “‘SPIRIT’ Specific State” through the “Causal Precedence Relation of ‘THE PRAISE’”, and maintain intact the capacity of all “specific elementary processes”, without exception, to execute their predefined “specific tasks” to produce the “specific work” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has also predefined for it.

In the attribute “NON DIVINE”, this external element of subsistence will be provided to the “Specific Elementary ‘SPIRIT’ Particle” by any manifestation of the metaphor of “THE ‘SPIRIT←LIGHT’ EON” following the receipt of particular “specific signals” requesting the sending of external supply of subsistence and which are emitted by the “Specific Elementary ‘SPIRIT’ Particle”. Inside the

(e.g., a product, a task, a project, etc...) that has been thoroughly analyzed beforehand and thus provides precise and detailed answers that are needed to bring it to fruition.

attribute “NON DIVINE”, the emission of these “specific signals” requesting the sending of external supply of subsistence is still called: “THE PRAISE”⁸⁸.

The “specific process” by which the external element of subsistence is provided to the “Specific Elementary ‘SPIRIT’ Particle” that subsequently produces its “specific work”, is the basis of all the work that will be done in the attribute “NON DIVINE”.

As we have indicated for “Divine Particles” in the “‘SPIRIT’ Divine State” inside of “THE DIVINE DOMAIN”, it is from the inner structure of “THE ‘SPIRIT←LIGHT’ EON” that will be generated the external supply of subsistence to be provided to “‘SPIRIT←SPIRIT’ EONS”. The most close and comprehensible expression which can be used to qualify this external supply of subsistence is that of the “electrical charge”.

In the attribute “NON DIVINE”, we will use the expression “‘SPIRIT’ specific supply of subsistence”⁸⁹ to designate this element of subsistence external to the

⁸⁸ In general, you can consider “THE PRAISE”, just as we have already indicated for “THE BODY OF ‘HE WHO IS’”, as a “communication process” between structures which are in two different “Specific States”.

As you would know already in cellular biology, a “cellular communication process”, for example, is a complex communication sequence of elementary actions whose result is equivalent to the main action of which they are the decomposition and through which well defined chemical or electrical signals, which govern the basic processes of cells and coordinate their activity, are sent or received by the cell. The most common form of cellular communication is via molecules secreted from the cells and moving through the extracellular space. Signaling molecules may also remain on cell surfaces, influencing other cells only after the cells make physical contact. Chemical signals secreted by cells can act over varying distances. In the autocrine signaling process, molecules act on the same cells that produce them. In paracrine signaling, they act on nearby cells. The concentration at which a chemical signal acts has significance for its target cell. Chemical signals that act at high concentration act locally and rapidly. On the other hand, chemical signals that act at low concentrations act at distances and are generally slow.

In the “cellular communication process” in cellular biology, which you are already familiar with, the cells are all considered to be in the same “non spiritual” manner of being. When cells are in different manner of being, for example the “‘SPIRIT’ Specific State” and the “‘LICHT’ Specific State”, well-established communication sequences of elementary actions, designated as “THE PRAISE”, also take place.

⁸⁹ We shall use the expression “‘SPIRIT’ specific supply of subsistence” instead of the expression “‘SPIRIT’ specific electrical charge”, which is a “specific property” of the “Specific Elementary ‘SPIRIT’ Particle”, so that you come to understand several important

“Specific Elementary ‘SPIRIT’ Particle” and which will allow it to remain into existence (that is, to subsist) in the “‘SPIRIT’ Specific State” through the “Causal Precedence Relation of ‘THE PRAISE’” whereby “THE PRAISE” is emitted towards any manifestation of the metaphor of “THE ‘SPIRIT←LIGHT’ EON”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has defined and established a fundamental “‘SPIRIT’ specific supply of subsistence” to maintain intact the capacity of all “specific elementary processes”, without exception, to execute their predefined “specific tasks” to produce the “specific work” that HE has also predefined for the “Specific Elementary ‘SPIRIT’ Particle”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has also defined and established a maximum “‘SPIRIT’ specific supply of subsistence” that the “Specific Elementary ‘SPIRIT’ Particle” can withstand while remaining in the attribute “NON DIVINE” and above which the structure of the “Specific Elementary ‘SPIRIT’ Particle” will be destroyed because it is attached to the attribute “NON DIVINE”.

This maximum “‘SPIRIT’ specific supply of subsistence” of the “Specific Elementary ‘SPIRIT’ Particle” is obtained by application on the “‘SPIRIT’ divine electrical charge” of a “Divine Particle” in the “‘SPIRIT’ Divine State”, of the proportionality factors that define the laws of change of frame of reference, between “THE ABSOLUTE FRAME OF REFERENCE” defined by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in “THE DIVINE” and “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE”.

This maximum “‘SPIRIT’ specific supply of subsistence” of the “Specific Elementary ‘SPIRIT’ Particle” is billions of times less than the “‘SPIRIT’ divine electrical charge” of a “Divine Particle” in the “‘SPIRIT’ Divine State”.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Elementary ‘SPIRIT’ Particle” with the mark of “LIFE” — feature of “Divine Particles”.

The “Specific Elementary ‘SPIRIT’ Particle” having a “‘SPIRIT’ specific supply of subsistence” at the proximity of the maximum “‘SPIRIT’ specific supply of

details in the realization of “THE HOLY PROJECT” and which are directly linked to subsistence in the attribute “NON DIVINE”. You can consider this “‘SPIRIT’ specific supply of subsistence” by analogy with photon energy, which is transported by an electromagnetic wave, in the “‘SPIRIT’ Specific State”.

“ ...

Although very far from the Light source, the closest point to this light source, according to the first dimension that is associated with the essence of the Light, is that, which corresponds to that, which is called in mathematics: the

Some of the “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Particle” have as “specific work” to develop a “specific electromagnetic energy field” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle”.

Throughout the remaining of this book, we shall use the word “Spiritual” — as for example in: the “Specific ‘SPIRITUAL’ Environment” — to lead you to reach out “THE KNOWLEDGE OF THE DIVINE”, and to lead you to understand that — for example in a such “Specific ‘SPIRITUAL’ Environment” —, not only elements in the metaphor of “‘SPIRIT’ Divine State” are present, but also: elements in the metaphor of “‘LIGHT’ Divine State”, and elements in the metaphor of “‘GOD’ Divine State” will be present.

This “specific electromagnetic energy field” allows to protect and keep the structure of the “Specific Elementary ‘SPIRIT’ Particle” off any contact with the “Specific ‘SPIRITUAL’ Environment” — hence the naming by the word “SHOMERIEL”; a word provided by “THE DIVINE FORCE”, to the unique Archangel who will be later (during the course of the implementation of “THE HOLY PROJECT”) designated by this word, at the very moment when this Archangel had first understood, on a scale greater than the scale of the “Specific Elementary ‘SPIRIT’ Particle”, and explained this process: the Archangel SHOMERIEL.

It is so that, depending upon the available amount of its “‘SPIRIT’ specific supply of subsistence”, and the “specific work” accomplished by those “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Elementary ‘SPIRIT’ Particle”, the “Specific Elementary ‘SPIRIT’ Particle” will emit an internal output signal, in the “‘SPIRIT’ Specific State”.

That internal output signal emitted by the “Specific Elementary ‘SPIRIT’ Particle” also instantly manifests itself by the appearance of a “specific effect” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle”, and the “Specific Elementary ‘SPIRIT’ Particle” will instantly adopt a “specific behavior” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Particle”.

“orthogonal projection”. It is such an “orthogonal projection” which is said to be “nearest” in nature from the Light source.

...

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined and associated to the “Specific Elementary ‘SPIRIT’ Particle” a set of “specific behaviors” and their associated “specific effects” that can be instantly manifested, in different combinations or on their own as isolated single unit, in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle”.

Among these “specific behaviors” is also that, which is called the “movement”, considered in relation to defined benchmarks, and considered in relation to the absence of “movement”.

Among these “specific behaviors”, is also that, which is called “radiation” and which is the emission of a brilliant glow, the “EPHEMERAL GLOW ‘SPIRIT’”⁹¹, in the sense that it is not eternal, but lasts a relatively short time if compared to its analogue (which is eternal and which is) emitted by the “Divine Particle”. This “EPHEMERAL GLOW ‘SPIRIT’” is visible to “THE EYE OF THE DIVINE”.

Although being a manifestation of a metaphor of its analogue, which is emitted by the “Divine Particle”, the “EPHEMERAL GLOW ‘SPIRIT’” that emanates from the “Specific Elementary ‘SPIRIT’ Particle”, however, does not make this “Specific Elementary ‘SPIRIT’ Particle” “ALIVE” as it is the case with that, which is called “LIGHT” — which defines and highlights the distinctive feature of the “divine energy” that emanates from the “Divine Particle” and makes it “ALIVE”: hence the naming by the word “URIEL”; a word provided by “THE DIVINE FORCE”, to the unique Archangel who will be later (during the course of the implementation of “THE HOLY PROJECT”) designated by this word, at the very moment when this Archangel had first understood, on a scale greater than the scale of the “Specific Elementary ‘SPIRIT’ Particle”, and explained this process: the Archangel URIEL.⁹²

⁹¹ Think in terms of the few billionths of a second (10^{-8} to 10^{-9} second) life time of the “ephemeral glow” emitted by electrons when they undergo de-excitation and return to their fundamental energy level.

⁹² The order in which these first particulars — CAMAEL, MICHAEL, SHOMERIEL, URIEL — of the “Specific Elementary ‘SPIRIT’ Particle” have been introduced to you is not fortuitous. It is done so in order to lead you to reach out “THE KNOWLEDGE OF THE DIVINE” and to understand through the discernment, that: to see “THE DIVINE”, IHVH, our FATHER, and remain in His image, you must always protect the metaphor of the “LIGHT OF THE DIVINE” that is in you. That is the meaning of the suite of words CAMAEL, MICHAEL, SHOMERIEL, URIEL. It will be so throughout the remaining of this book. Pay attention!

In terms of the production of this “EPHEMERAL GLOW ‘SPIRIT’”, the “specific process” by which the external element of subsistence is provided to the “Specific Elementary ‘SPIRIT’ Particle” that subsequently produces its “specific work”, is the foundation of that, which will be called: “ELECTRICITY”.

The “Specific Elementary ‘SPIRIT’ Particle” will thus possess a dynamism, a principle of action, an ability to produce this “specific work” which shifts it from the absence of “specific behavior” to the “specific behavior” considered, in short, an “energy” which is called: the energy of the “specific behavior”, — in the case of the “movement”, it will be that, which is called “kinetic” energy —, which is associated with the “specific work” performed by those “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Elementary ‘SPIRIT’ Particle”, and which is necessary to pass this “Specific Elementary ‘SPIRIT’ Particle” from the absence of “specific behavior” to the “specific behavior” considered. Thus, different denominations are associated with this “specific work” according to the desired “specific behavior”; the example of that, which will be called: “ELECTRICITY”, in all its forms, and which derives from the “movement”, as that “energy” produced by the displacement of the “Specific Elementary ‘SPIRIT’ Particle”, which is carrier of a “‘SPIRIT’ specific electrical charge”⁹³, and which will manifest itself by different phenomena such as attraction and repulsion (static electricity, resulting from accumulation or loss of “‘SPIRIT’ specific electrical charges”), heat, chemical, luminous, magnetic, mechanical (dynamic electricity, resulting from a flow of “‘SPIRIT’ specific electrical charges”), etc...

Once produced, the rate of development of the desired “specific behavior”, also called the “momentum” of the desired “specific behavior” depends upon the increase or decrease of the available amount of the “‘SPIRIT’ specific supply of subsistence” of the “Specific Elementary ‘SPIRIT’ Particle”. This “momentum” of the desired “specific behavior” can be kept perpetual, in an equilibrium state, as

CHAPTER 086

THE BASIC ELEMENT USED FOR CREATION IN THE “‘SPIRIT’ SPECIFIC STATE”: THE “SPECIFIC ELEMENTARY ‘SPIRIT’ PARTICLE”

long as the “‘SPIRIT’ specific supply of subsistence” is sufficiently and perpetually available for the “Specific Elementary ‘SPIRIT’ Particle” to maintain its dynamism.

The “‘SPIRIT’ specific supply of subsistence” is the external “specific supply of subsistence”, in the “‘SPIRIT’ Specific State”, which will allow the “Specific Elementary ‘SPIRIT’ Particle” to maintain its dynamism.

In the case of the “Divine Particles” of “THE HOLY PLACE” — “THE DIVINE DOMAIN” —, since each “Divine Particle” is in itself source of Pure Energy, source of its own “supply of subsistence”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed that, which is called the “movement” as dynamism, as the principle of action, which applies eternally to those “Divine Particles”. From the labor of “THE DIVINE FORCE”, this application and further developments have resulted in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” — one “Generative Divine Particle” and six “Formative Divine Particles” in “Movement of Formative Divine Particle” synchronized between them, and, each “Movement of Formative Divine Particle” synchronized with the movement of the “Generative Divine Particle”, and without collisions forever with the passage of time.

The speed of reception and transmission of signals by the “Specific Elementary ‘SPIRIT’ Particle” is instantaneous, across the “Specific Elementary ‘SPIRIT’ Particle”, and it determines the “INTENSITY”, and therefore the “STRENGTH”, of the luminous radiation that will be emitted by this “Specific Elementary ‘SPIRIT’ Particle”.

This speed of reception and transmission of signals, increases and decreases depending upon the amount of the “‘SPIRIT’ specific supply of subsistence”. The higher the “‘SPIRIT’ specific supply of subsistence”, the higher the speed of reception and transmission of “specific signals”.

The higher this speed of reception and transmission of “specific signals”, the more intense and powerful is the luminous radiation emitted by the “Specific Elementary ‘SPIRIT’ Particle”.

When the amount of the “‘SPIRIT’ specific supply of subsistence” is at the maximum limit which is associated to the maximum “‘SPIRIT’ specific supply of subsistence” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, then, this speed of reception and transmission of “specific signals” reaches the maximum limit that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

This maximum limit which is the maximum speed of reception and transmission of “specific signals” from the “Specific Elementary ‘SPIRIT’ Particle” is also billions of times less than the speed of reception and transmission of the same “specific signals” from the “Divine Particle” in any “DIVINE SUBSTANCE”.

According to external input signals, received by the “Specific Elementary ‘SPIRIT’ Particle”, the “specific elementary processes” will also associate a color to the luminous radiation of the internal output signal; and so manifesting another metaphor characteristic of the “Divine Particle”⁹⁴. The color palette that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed is so broad, that is, the colors are so numerous, that some of these colors have never been seen in the “Physical Realm”⁹⁵.

When the “‘SPIRIT’ specific supply of subsistence” is at the proximity of the maximum “‘SPIRIT’ specific supply of subsistence” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, then, the color of the luminous radiation that the “Specific Elementary ‘SPIRIT’ Particle” will emit is the color “WHITE” absolute, extremely bright, indicating the proximity of the maximum “‘SPIRIT’ specific supply of subsistence”.

With the exception of “specific elementary processes” which “specific work” is to develop a “specific electromagnetic energy field” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle”, when at least one of the other “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Particle” is executing its predefined “specific tasks” in order to produce its “specific work”, then, it is said that the “Specific Elementary ‘SPIRIT’ Particle” is “awake”, otherwise it is said that the “Specific Elementary ‘SPIRIT’ Particle” is “asleep” and in this case none of these other “specific elementary processes” is executing its predefined “specific tasks”.

Whether the “Specific Elementary ‘SPIRIT’ Particle” is either “awake” or “asleep”, the “specific work” accomplished by its “specific elementary processes” does not stop, but it is accompanied by a change (decrease) more or less large of its

⁹⁴ See conversation of June 30, 2006, Aristide with the Archangel URIEL.

⁹⁵ See the vision on the “LIGHTS” that “THE DIVINE”, IHVH, our FATHER had sent to Christophe Kounnou Gbetoho.

“‘SPIRIT’ specific supply of subsistence”, depending upon whether the “Specific Elementary ‘SPIRIT’ Particle” is either “awake” or “asleep”⁹⁶.

This lack of “‘SPIRIT’ specific supply of subsistence” which ensues from the “specific work” accomplished by the “specific elementary processes”, is always

⁹⁶ This principle is the basis of what CHRIST, when he lived on Earth down here, had explained on a large scale, at the scale of the human creature, by the parable of the growing seed when HE said, using by analogy, the terms of things that humans are familiar with, so that they can develop their understanding of the Project of “THE DIVINE”, IHVH, our FATHER:

“...

The “Kingdom of God” is like a field where a Man casts seed into the ground; whether it is asleep or awoken, night and day, the seed sprouts and grows without it being known how.

The earth produces by itself, first the herb, then, the cob, finally the flower formed in the cob; and when the flower is ripe, at once the sickle is used, because the harvest has come.

...”

The “*Kingdom of God*” refers to the “Specific ‘SPIRITUAL’ Environment” at the scale of the “Specific Elementary ‘SPIRIT’ Particle”, to the inaccessible, to the inscrutable, to the unapprehendable and invisible; It is the field, the domain, in which the “Specific Elementary ‘SPIRIT’ Particle” will be cultivated. Only “THE DIVINE”, IHVH, our FATHER holds entitlement, and indeed every power, in this domain: HE is “THE SOVEREIGN”.

Which creature has ever accessed to this “*Kingdom of God*”, that is, whose “visual structure” has been able to look at this subatomic scale of the “Specific Elementary ‘SPIRIT’ Particle”? None, but “THE DIVINE”, IHVH, our FATHER, and “THE EYE OF THE DIVINE”. It is in this sense that CHRIST also said:

“...

I will give you what eye has not seen, nor ear heard, what hand has not touched, and what has never entered the human mind.

...”

The “*seed*” refers to the “Specific Elementary ‘SPIRIT’ Particle” that is placed in the “Specific ‘SPIRITUAL’ Environment”. Whether the “Specific Elementary ‘SPIRIT’ Particle” is “awaken” or “asleep”, the “specific work” accomplished by its “specific elementary processes” does not stop but it is accompanied by a change (decrease) more or less of its “‘SPIRIT’ specific supply of subsistence”, depending upon whether the “Specific Elementary ‘SPIRIT’ Particle” is “awaken” or “asleep”.

The continuation of the profound explanation of this parable of the growing seed will be given in the texts below, as other concepts concerning the “Specific Elementary ‘SPIRIT’ Particle” are revealed.

necessary for the proper functioning of the “Specific Elementary ‘SPIRIT’ Particle”, and is called the “NEED” (or also the “DEFICIT”) of “‘SPIRIT’ specific supply of subsistence” from the “Specific Elementary ‘SPIRIT’ Particle”.

The “‘SPIRIT’ specific supply of subsistence” of the “Specific Elementary ‘SPIRIT’ Particle” is not eternal in the “Specific Elementary ‘SPIRIT’ Particle” and it cannot generate itself in the “Specific Elementary ‘SPIRIT’ Particle”, because the “Specific Elementary ‘SPIRIT’ Particle” is attached to the attribute “NON DIVINE”.

It is so that, this “‘SPIRIT’ specific supply of subsistence” exhausts in the “Specific Elementary ‘SPIRIT’ Particle” depending upon the work accomplished by the “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Particle” and within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for it.⁹⁷

When a “specific elementary process” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Elementary ‘SPIRIT’ Particle” works properly following the principles and rules that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, it is said that this “specific elementary process” is “HOLY”. The “Specific Elementary ‘SPIRIT’ Particle” is “HOLY” when all its “specific elementary processes” are “HOLY”.

If the “‘SPIRIT’ specific supply of subsistence” of the “Specific Elementary ‘SPIRIT’ Particle” passes below of its fundamental “‘SPIRIT’ specific supply of subsistence” necessary to the proper functioning, then, at least one of the “specific elementary processes” will lose its capacity to perform its predefined “specific tasks”; such “specific elementary process” will not function properly following the principles and rules that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, and such “specific elementary process” is said to be “UNHOLY”. We shall also say that the “Specific Elementary ‘SPIRIT’ Particle” is “UNHOLY” when at least one of its “specific elementary processes” is “UNHOLY”

Nonetheless, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “‘SPIRIT’ specific supply of subsistence” of the “Specific Elementary ‘SPIRIT’ Particle” so that it can be renewed.

⁹⁷ See “Vision of August 18, 2005”. This principle will be realised on a large scale in the bulk of energy, which this earthly world is, and will mark the end of all life when the temporal limit of existence as “THE DIVINE”, IHVH, our FATHER has set for this earthly world comes to its date of termination.

It may be renewed directly by “THE DIVINE FORCE” following reception of “THE WORD OF THE DIVINE” or else it can be continuously renewed following a cycle with seven “transformation steps”, catalyzed by the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle”, and through “The Specific Process of Attachment to ‘THE DIVINE’” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established for the “Specific Elementary ‘SPIRIT’ Particle”.

Each “transformation step” of this cycle is a unique manifestation in the attribute “NON DIVINE” of a metaphor of the seven “transformation steps” of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. Each step of this cycle is completed within a “measure of transformation step” and the seventh “transformation step” is that of completion of the cycle.

In what follows, we shall talk much more of “THE SPECIFIC SPIRITUAL FORCE OF LIFE”. “THE SPECIFIC SPIRITUAL FORCE OF LIFE”, present in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle” is of VITAL importance for survival of the “Specific Elementary ‘SPIRIT’ Particle”.

It is by “THE SPECIFIC SPIRITUAL FORCE OF LIFE” that products, also known as “fruits”, of “THE TREE OF LIFE” and which are manifestations, in the attribute “NON DIVINE”, of metaphors of supply of subsistence that are provided as a result of the execution of the “Causal Precedence Relation of ‘THE PRAISE’”, will be extracted and provided to the “Specific Elementary ‘SPIRIT’ Particle”, so that this “Specific Elementary ‘SPIRIT’ Particle” remains into existence in the “‘SPIRIT’ Specific State” in the attribute “NON DIVINE”.

These products, also called the “fruits”, of “THE TREE OF LIFE”, are the “‘SPIRIT’ specific supply of subsistence” which are necessary for the proper functioning of the “Specific Elementary ‘SPIRIT’ Particle”.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” that is present in “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle” is high enough, then, many more “fruits” of “THE TREE OF LIFE” will be extracted and provided to the “Specific Elementary ‘SPIRIT’ Particle”.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” that is present in “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle” is not high enough, then, not enough “fruits” of “THE TREE OF LIFE” will be extracted and provided to the “Specific Elementary ‘SPIRIT’ Particle” which may end up with “‘SPIRIT’ specific supply of subsistence” failure for its proper functioning.

“THE SPECIFIC SPIRITUAL FORCE OF LIFE”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” designed it, never perishes and it is eternal; but, THE DEGREE OF PRESENCE of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle” may increase or decrease depending upon whether the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle” becomes permeable or impermeable to “THE SPECIFIC SPIRITUAL FORCE OF LIFE”.⁹⁸

Therefore, the “‘SPIRIT’ specific supply of subsistence” of the “Specific Elementary ‘SPIRIT’ Particle” may vary; decrease or increase not only depending upon the “specific work” accomplished by the “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Particle” but also depending upon whether the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” increases or decreases.

It is also so that the speed of reception and transmission of signals by the “Specific Elementary ‘SPIRIT’ Particle” increases and decreases depending upon the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle”.

The higher the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate

⁹⁸ To well understand this, you can consider the effects of the rays of the solar star on a plant located on Earth in the “earthly domain”. It is those rays of the solar star that provide to the plant the energy necessary for its well-being and survival. If the external environment immediate and direct to the plant becomes impermeable to the rays of the solar star — for example when these rays are clogged by a substance impermeable to the rays of the solar star and placed right above the plant — then, the degree of presence, of rays of the solar star in that environment immediate and direct to the plant will decrease while the rays themselves have not decreased and are still into existence but they are clogged by the impermeable substance.

around the “Specific Elementary ‘SPIRIT’ Particle”, the higher this speed of reception and transmission of “specific signals”.

The higher this speed of reception and transmission of “specific signals”, the more intense and powerful is the luminous radiation emitted by the “Specific Elementary ‘SPIRIT’ Particle”.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle” reaches the limit that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, then, this speed of reception and transmission of “specific signals” reaches the maximum limit which is obtained with the maximum “‘SPIRIT’ specific supply of subsistence”.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is high enough in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle”, then, “THE SPECIFIC SPIRITUAL FORCE OF LIFE” will provide to the “Specific Elementary ‘SPIRIT’ Particle” enough “‘SPIRIT’ specific supply of subsistence” necessary to maintain intact the capacity of all “specific elementary processes”, without exception, to execute their predefined “specific tasks” to produce the “specific work” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has also predefined for the “Specific Elementary ‘SPIRIT’ Particle”.

When “THE SPECIFIC SPIRITUAL FORCE OF LIFE” provides a “‘SPIRIT’ specific supply of subsistence” to the “Specific Elementary ‘SPIRIT’ Particle”, it is then, said that “THE SPECIFIC SPIRITUAL FORCE OF LIFE” “NOURISHES” the “Specific Elementary ‘SPIRIT’ Particle”.

Therefore, it will be said that the “Specific Elementary ‘SPIRIT’ Particle” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER when the “Specific Elementary ‘SPIRIT’ Particle” has a “‘SPIRIT’ specific supply of subsistence” which is not below its fundamental load.

In this case, depending upon external input signals, received by the “Specific Elementary ‘SPIRIT’ Particle”, the color of luminous radiation of the internal output signal that ensues from the work of “specific elementary processes” will be a color belonging to the “Palette of HARMONY” — color palette associated to “‘SPIRIT’ specific supply of subsistence” which are above the fundamental “‘SPIRIT’ specific supply of subsistence” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for proper functioning of the “Specific Elementary ‘SPIRIT’ Particle”.

It is so that, when the “Specific Elementary ‘SPIRIT’ Particle” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, and that furthermore its “‘SPIRIT’ specific supply of subsistence” increases with the passage of time, then, this “Specific Elementary ‘SPIRIT’ Particle” will be overcharged, following some steps of “‘SPIRIT’ specific supply of subsistence”, to the maximum extent of the “‘SPIRIT’ specific supply of subsistence” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

At the first “‘SPIRIT’ specific supply of subsistence step”, a special, unique and fantastic “specific event”, that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed for the “Specific Elementary ‘SPIRIT’ Particle” will occur: the “Specific Elementary ‘SPIRIT’ Particle” will split into two separate “Specific Elementary ‘SPIRIT’ Particles” identical to the “Specific Elementary ‘SPIRIT’ Particle” of origin which they are produced from.⁹⁹

⁹⁹ Continuation of the profound explanation of what CHRIST, when he lived on Earth down here, had explained this on a large scale, at the scale of the human creature, by the parable of the growing seed when HE said, using by analogy, the terms of things that humans are familiar with, so that they can develop their understanding of the Project of “THE DIVINE”, IHVH, our FATHER:

“...

The “Kingdom of God” is like a field where a Man casts seed into the ground; whether it is asleep or awoken, night and day, the seed sprouts and grows without it being known how.

The earth produces by itself, first the herb, then, the cob, finally the flower formed in the cob; and when the flower is ripe, at once the sickle is used, because the harvest has come.

...”

The “*Kingdom of God*” refers to the “Specific ‘SPIRITUAL’ Environment” at the scale of the “Specific Elementary ‘SPIRIT’ Particle”, to the inaccessible, to the inscrutable, to the unapprehendable and invisible; It is the field, the domain, in which the “Specific Elementary ‘SPIRIT’ Particle” will be cultivated. Only “THE DIVINE”, IHVH, our FATHER holds entitlement, and indeed every power, in this domain: HE is “THE SOVEREIGN”.

Which creature has ever accessed to this “*Kingdom of God*”, that is, whose “visual structure” has been able to look at this subatomic scale of the “Specific Elementary ‘SPIRIT’ Particle”? None, but “THE DIVINE”, IHVH, our FATHER, and “THE EYE OF THE DIVINE”. It is in this sense that CHRIST also said:

“...

I will give you what eye has not seen, nor ear heard, what hand has not touched, and what has never entered the human mind.

The first appearance of this special, unique and fantastic “specific event”, this miracle, is called: “BIRTH”. These two new “Specific Elementary ‘SPIRIT’ Particles” all have in them all the “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” had placed in their “Specific Elementary ‘SPIRIT’ Particle” of origin which they are produced from. In addition, each new “Specific Elementary ‘SPIRIT’ Particle” has in it the “‘SPIRIT’ specific supply of subsistence” from their “Specific Elementary ‘SPIRIT’ Particle” of origin at this step of scission.

It is so that, with the appearance of this unique “specific event” to the “Specific Elementary ‘SPIRIT’ Particle”, the “specific electromagnetic energy fields” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around each “Specific Elementary ‘SPIRIT’ Particle” will come into action and establish a “specific cohesion” that will hold together these two “Specific Elementary ‘SPIRIT’ Particles”; like magnets which attract each other.

All information concerning the steps of “‘SPIRIT’ specific supply of subsistence”, as well as the “specific degree of cohesion” and more information have been predefined and placed in the “Specific Elementary ‘SPIRIT’ Particle”, through the

...”

The “seed” refers to the “Specific Elementary ‘SPIRIT’ Particle” that is placed in the “Specific ‘SPIRITUAL’ Environment”. Whether the “Specific Elementary ‘SPIRIT’ Particle” is “awaken” or “asleep”, the “specific work” accomplished by its “specific elementary processes” does not stop but it is accompanied by a change (decrease) more or less of its “‘SPIRIT’ specific supply of subsistence”, depending upon whether the “Specific Elementary ‘SPIRIT’ Particle” is “awaken” or “asleep”.

“the seed sprouts and grows without it being known how” refers to the special “specific mechanism” designed and established by “THE DIVINE ARCHITECT AND PROJECT MASTER” and which allows “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle”, to “NOURISH” that “Specific Elementary ‘SPIRIT’ Particle”.

“The earth produces by itself, first the herb, ...” refers to the first product that ensues of the occurrence of the special, unique and fantastic “specific event” of scission that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and built for the “Specific Elementary ‘SPIRIT’ Particle”, and for products of the following occurrences of this special, unique and fantastic “specific event” of scission through the “‘SPIRIT’ specific supply of subsistence steps”.

The continuation of the profound explanation of this parable of the growing seed will be given in the texts below, as other concepts concerning the “Specific Elementary ‘SPIRIT’ Particle” are revealed.

This first special “specific event” of scission which occurs as a result of the increase of “‘SPIRIT’ specific supply of subsistence” of the “Specific Elementary ‘SPIRIT’ Particle”, through “The Specific Process of Attachment to ‘THE DIVINE’” designed and established by “THE DIVINE ARCHITECT AND PROJECT MASTER”, is the basis of the principle of growth and development, from their seed, of all entities that subsequently will be created into existence by “THE DIVINE FORCE”.¹⁰⁰

These new “Specific Elementary ‘SPIRIT’ Particles” are all kept as a cohesive set that consists of several layers of identical “Specific Elementary ‘SPIRIT’ Particles” and are characterized by different “specific degrees of cohesion”.

It is so that, depending upon these special external instructions and the “Specific Elementary ‘SPIRIT’ Particle” being in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, the more its “‘SPIRIT’ specific supply of subsistence” increases with the passage of time, then, many of these cohesive sets, each consisting of several layers of identical “Specific Elementary ‘SPIRIT’ Particles” and characterized by a unique “specific degree of cohesion” can be produced.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has also designed and established a “specific neutral degree of cohesion” so that “Specific Elementary ‘SPIRIT’ Particles” having this “specific neutral degree of cohesion” placed in them, can have a role of neutrality with respect to the “specific degree of cohesion”

¹⁰⁰ See vision of August 06, 2004, Aristide with “THE DIVINE FORCE”.

and allow to establish the cohesion and maintain together different cohesive sets having different “specific degree of cohesion”, each cohesive set consisting of several layers of identical “Specific Elementary ‘SPIRIT’ Particles” and characterized by a unique “specific degree of cohesion”. Such a “Specific Elementary ‘SPIRIT’ Particle” having in it a “specific neutral degree of cohesion”, we shall call it the “Specific Elementary ‘SPIRIT’ Neutral Particle”.

The last “‘SPIRIT’ specific supply of subsistence step” is that of the “specific maturity limit” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established and beyond which a “Specific Elementary ‘SPIRIT’ Particle” will no longer split. Therefore, with the passage of time, a second special “specific event”, just as unique and fantastic as the first will take place but at a larger scale than that of the “Specific Elementary ‘SPIRIT’ Particle”; we shall talk of this second special “specific event” in a text below.

When the “Specific Elementary ‘SPIRIT’ Particle” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, if the external input signal received by the “Specific Elementary ‘SPIRIT’ Particle” is “PURE”, then, all the “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Elementary ‘SPIRIT’ Particle” will perfectly execute their predefined “specific tasks” and they will produce the “specific work” that HE has also predefined for the “Specific Elementary ‘SPIRIT’ Particle”.

The “specific work” produced is emitted in the form of an internal output signal which is accompanied by a sufficient luminous radiation, of a color belonging to the “Palette of HARMONY”, and it manifests itself also instantly by the appearance of an effect of harmony in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle”.

It is a behavior that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Particle”.

This behavior, depending upon the external “specific signal” input, can express manifestations of metaphors of the “SUPREME STATE OF EQUILIBRIUM” of “THE DIVINE”: “HAPPINESS”, “JOY”, “LAUGHTER”, “SMILE”, “CHEERFULNESS”, etc...

When the “Specific Elementary ‘SPIRIT’ Particle” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, IF the external input signal received by the “Specific Elementary ‘SPIRIT’ Particle” is “IMPURE”, then, the “specific

elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Elementary ‘SPIRIT’ Particle” will create a protective “shield” that will reject this external signal input which is “IMPURE”.

This rejection is a “specific mechanism” of survival, inner to the “Specific Elementary ‘SPIRIT’ Particle”.

This protective “shield” is the “SPIRITUAL SHIELD” — hence the naming by the word “MAGENIEL”; a word provided by “THE DIVINE FORCE”, to the unique Archangel who will be later (during the course of the implementation of “THE HOLY PROJECT”) designated by this word, at the very moment when this Archangel had first understood, on a scale greater than the scale of the “Specific Elementary ‘SPIRIT’ Particle”, and explained this internal mechanism of defense: the Archangel MAGENIEL.

This rejection of external signals input that are “IMPURE” is a behavior that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Particle” and for the survival of the “Specific Elementary ‘SPIRIT’ Particle”. This behavior is part of the basic “Survival Instincts” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Particle”.

This rejection is manifested instantly through with a blocking effect in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle”.

When the “Specific Elementary ‘SPIRIT’ Particle” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, and that furthermore its “‘SPIRIT’ specific supply of subsistence” is sufficiently high, then, the blocking effect that occurs instantly in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle” following to this rejection is sufficiently strong and is called: “THE WRATH” — hence the naming by the word “ZA’AFIEL”; a word provided by “THE DIVINE FORCE”, to the unique Archangel who will be later (during the course of the implementation of “THE HOLY PROJECT”) designated by this word, at the very moment when this Archangel had, on a scale greater than the scale of the “Specific Elementary ‘SPIRIT’ Particle”, first manifested into existence, understood and explained this internal mechanism of defense: the Archangel ZA’AFIEL.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is not high enough in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle”, then, “THE SPECIFIC SPIRITUAL FORCE OF LIFE” will not be able to provide to the “Specific Elementary ‘SPIRIT’ Particle” enough “‘SPIRIT’ specific supply of subsistence” necessary to its proper functioning; that is, the “Specific Elementary ‘SPIRIT’ Particle” will not be sufficiently “NOURISHED” by “THE SPECIFIC SPIRITUAL FORCE OF LIFE”.

It is then, that at least one or several of the “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Particle” will lose their capacity to perform their predefined “specific tasks”.

Therefore, the “specific work” accomplished by its “specific elementary processes” will be unpredictable, although it is always accompanied by a variation (decrease) of its “‘SPIRIT’ specific supply of subsistence”.

We shall say that the “Specific Elementary ‘SPIRIT’ Particle” is “SICK”; it is suffering from a “DISEASE” caused by failure of the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle”. The type of “DISEASE” is directly associated with these “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Particle” that have lost their capacity to perform their predefined “specific tasks”.

We shall also say that the “Specific Elementary ‘SPIRIT’ Particle” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, when the “Specific Elementary ‘SPIRIT’ Particle” has a “‘SPIRIT’ specific supply of subsistence” which is below its fundamental load. This occurs when the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is not high enough in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle”.

In this case, depending upon external input signals, received by the “Specific Elementary ‘SPIRIT’ Particle”, the color of luminous radiation of the internal output signal that ensues from the work of “specific elementary processes” will be a color belonging to the “Palette of CHAOS” — color palette associated to “‘SPIRIT’ specific supply of subsistence” which are below the fundamental “‘SPIRIT’ specific supply of subsistence” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for proper functioning of the “Specific Elementary ‘SPIRIT’ Particle”.

When the “Specific Elementary ‘SPIRIT’ Particle” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, then, the “‘SPIRIT’ specific supply of subsistence” of the “Specific Elementary ‘SPIRIT’ Particle” could therefore be exhausted within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for it.

When the “‘SPIRIT’ specific supply of subsistence” is null, the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle” is null, then, all “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has placed in this “Specific Elementary ‘SPIRIT’ Particle” are rendered inactive and the “Specific Elementary ‘SPIRIT’ Particle” will neither be able to receive nor to emit “specific signals” designed and predefined in it by “THE DIVINE ARCHITECT AND PROJECT MASTER”.

Then, the colour of luminous radiation that it will emit is the color “BLACK” absolute, indicating “TOTAL ABSENCE OF LIFE” — hence the naming by the word “MAVET”, which means “MURKY VOID” (also return to the “MURKY VOID”); a word provided by “THE DIVINE FORCE”, later during the course of the implementation of the “First Phase” of “THE HOLY PROJECT” and just before the start of the implementation of the “Second Phase”.

To avoid that the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle” diminishes and becomes insufficient, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and provided “The Specific Process of Attachment to ‘THE DIVINE’”.

It is through “The Specific Process of Attachment to ‘THE DIVINE’” that the “Causal Precedence Relation of ‘THE PRAISE’” will be executed in order to avoid that the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle” becomes impermeable to “THE SPECIFIC SPIRITUAL FORCE OF LIFE”.

When the “Specific Elementary ‘SPIRIT’ Particle” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, it will not produce the “specific work” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in it. It is so that, its internal “specific mechanism” which allows rejecting “IMPURE” external signals

input will not work as it should and will let some of these “IMPURE” external signals input through.

Although all the “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in such a “Specific Elementary ‘SPIRIT’ Particle” for its proper functioning will always be present in it, this “Specific Elementary ‘SPIRIT’ Particle” will not have enough “‘SPIRIT’ specific supply of subsistence” to keep these “specific elementary processes” running.

Therefore, by “processing” these “IMPURE” external signals input through its “UNHOLY” processes, it will emit “IMPURE” internal output signals, in return.

It is so that, such a “Specific Elementary ‘SPIRIT’ Particle” which is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, will emit a “distress signal” that comes instantly with a less luminous radiation and with a color belonging to the “Palette of CHAOS”, that is, that of dark colors, so that an external action be taken to remedy this situation.

If no external action is taken to increase the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle”, through the external “specific mechanisms” which allow to do so and that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and provided, then, the “‘SPIRIT’ specific supply of subsistence” of the “Specific Elementary ‘SPIRIT’ Particle” will decrease and exhaust within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

The emission of a “distress signal” is also a “specific mechanism” of survival, inner to the “Specific Elementary ‘SPIRIT’ Particle”. It occurs instantly by a vibration/trembling effect in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle”. It is also a behavior that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Particle” and for the survival of the “Specific Elementary ‘SPIRIT’ Particle”.

This behavior is part of the basic “Survival Instincts” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Particle”.

The effect of vibration/trembling that occurs instantly in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific

Elementary ‘SPIRIT’ Particle” following the emission of a “distress signal” is called: “PAIN”.

It is so that, IF the external input signal received by the “Specific Elementary ‘SPIRIT’ Particle” is “IMPURE”, then, the “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Elementary ‘SPIRIT’ Particle” will fail to work as they should, and the “SPIRITUAL SHIELD” will let some of these “IMPURE” external signals input through. The “WRATH” will not be anymore present around this “Specific Elementary ‘SPIRIT’ Particle”.

My

The effect of eroded blocking that occurs instantly in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle”, accompanied by the “distress signals” emitted by the “Specific Elementary ‘SPIRIT’ Particle” that ensues from this eroded blocking, is called: “ANGER”.

In

In the presence of “IMPURE” external input signals, the difference between “WRATH” and “ANGER” is determined by the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle”.

Anger

“ANGER” does not exist when the “Specific Elementary ‘SPIRIT’ Particle” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER and in this case, only “WRATH” will be present around this “Specific Elementary ‘SPIRIT’ Particle” following the rejection of “IMPURE” external signals input at the entrance to the “Specific Elementary ‘SPIRIT’ Particle”.

From the perspective of the stream flow of signals, throughout the “Specific Elementary ‘SPIRIT’ Particle”, “WRATH” is upstream all around following the protection against “IMPURE” external signals and when it is absent then, “ANGER” will be downstream and coming out along with the results of processing “IMPURE” external signals input that came through. “WRATH” and “ANGER” will not be present simultaneously in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle”.

When the “Specific Elementary ‘SPIRIT’ Particle” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, then, the set of external actions taken in order to increase the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the

“Specific Elementary ‘SPIRIT’ Particle” and restore “HARMONY” of the “Specific Elementary ‘SPIRIT’ Particle” with “THE DIVINE”, IHVH, our FATHER, is called “THE COMBAT” for the “Specific Elementary ‘SPIRIT’ Particle”.

Thus, with an infinitely small on a scale smaller than the subatomic scale, that is a single “Specific Elementary ‘SPIRIT’ Particle”, and using “THE SPECIFIC SPIRITUAL FORCE OF LIFE” external and present in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle”, and necessary for sustaining life (that is, the “‘SPIRIT’ specific supply of subsistence”), “THE DIVINE ARCHITECT AND PROJECT MASTER” has summarized the principle of all “THE HOLY PROJECT” that HE has designed.¹⁰¹

All living entities that “THE DIVINE FORCE” will create into existence, will function on the principle of the “Specific Elementary ‘SPIRIT’ Particle”, including the whole “earthly” world as a single entity, including all the stars in the solar system in the physical realm here below.

With a single “Specific Elementary ‘SPIRIT’ Particle”, and using “THE SPECIFIC SPIRITUAL FORCE OF LIFE” external and present in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle”, and necessary to sustaining life, “THE DIVINE ARCHITECT AND PROJECT MASTER” has summed up “THE HOLY PROJECT” that “THE DIVINE FORCE” will implement.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” having designed the structure of the “Specific Elementary ‘SPIRIT’ Particle”, has endowed it with “specific elementary processes” to allow it to execute, depending upon the external instructions it receives, the “specific tasks” that HE has predefined in those “specific elementary processes” in order to produce the “specific work” that HE has also predefined for the “Specific Elementary ‘SPIRIT’ Particle”.

HE has endowed it with a “‘SPIRIT’ specific supply of subsistence” and HE has defined and established a fundamental “‘SPIRIT’ specific supply of subsistence” to maintain intact the capacity of all “specific elementary processes”, without exception, to execute their predefined “specific tasks” to produce the “specific work” that HE has also predefined for the “Specific Elementary ‘SPIRIT’ Particle”. He also placed in it all information regarding its temporal development.

¹⁰¹ See conversation of August 28, 2005, about the “infinitely small”. Aristide and the Archangel URIEL.

It is so that, “THE DIVINE”, IHVH, our FATHER made the “Specific Elementary ‘SPIRIT’ Particle” “VIGOROUS” — hence the naming by the word “AZAZEL”; a word provided by “THE DIVINE FORCE”, to the fallen Archangel who before his fall, will be later (during the course of the implementation of “THE HOLY PROJECT”) designated by this word, and on who “THE DIVINE”, IHVH, our FATHER, had made manifest the “VIGOROUS” nature which HE had endowed the “Specific Elementary ‘SPIRIT’ Particle” with.

Having designed the “Specific Elementary ‘SPIRIT’ Particle” and its mode of functioning, “THE DIVINE ARCHITECT AND PROJECT MASTER” then, undertook to extend this principle on an element in a “‘SPIRIT’ Specific State” in a larger volume and formed by a set of several “Specific Elementary ‘SPIRIT’ Particle”.

CHAPTER 087

FROM THE “SPECIFIC ELEMENTARY ‘SPIRIT’ PARTICLE” TO THE “SPECIFIC ELEMENTARY ‘SPIRIT’ SUBSTANCE”

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “Specific Elementary ‘SPIRIT’ Particle” and has endowed it with a fundamental “‘SPIRIT’ specific supply of subsistence” allowing it to maintain intact the capacity of all “specific elementary processes”, without exception, to execute their predefined “specific tasks” to produce the “specific work” that HE has also predefined for the “Specific Elementary ‘SPIRIT’ Particle”.

When the “Specific Elementary ‘SPIRIT’ Particle” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, and with further increase of its “‘SPIRIT’ specific supply of subsistence” with the passage of time, then, the “Specific Elementary ‘SPIRIT’ Particle” can so be overcharged, following some steps of “‘SPIRIT’ specific supply of subsistence”, to the maximum extent of the “‘SPIRIT’ specific supply of subsistence” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

Through these steps of “‘SPIRIT’ specific supply of subsistence”, multiple occurrences of the special “specific event” of scission will take place and thus creating into existence several others separate “Specific Elementary ‘SPIRIT’ Particles” identical to the “Specific Elementary ‘SPIRIT’ Particle” of origin and maintained all together into a cohesive set which is composed of several layers of identical “Specific Elementary ‘SPIRIT’ Particles” and characterized by different “specific degrees of cohesion”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “specific degree of cohesion” that HE has placed in the “Specific Elementary ‘SPIRIT’ Particle” so that it can be changed or not with the passage of time and depending

upon special external instructions that the “Specific Elementary ‘SPIRIT’ Particle” receives in order to change its “specific degree of cohesion”.

It is so that, depending upon these special external instructions, with the passage of time and with a “‘SPIRIT’ specific supply of subsistence” high enough above the fundamental “‘SPIRIT’ specific supply of subsistence” of the “Specific Elementary ‘SPIRIT’ Particle”, several of these cohesive sets, each consisting of several layers of identical “Specific Elementary ‘SPIRIT’ Particles” and characterized by a unique “specific degree of cohesion” can be produced.

Each of these cohesive sets which is: (1) composed of several layers of identical “Specific Elementary ‘SPIRIT’ Particles”; (2) characterized by a unique “specific degree of cohesion” and which allows to hold them together; and (3) produced as a result of the occurrence of one or more of this special “specific event” of scission of the “Specific Elementary ‘SPIRIT’ Particle”; is called: a “Specific Elementary ‘SPIRIT’ Substance”.

For each “Specific Elementary ‘SPIRIT’ Substance” and therefore for each unique “specific degree of cohesion”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established a set of “specific forms” that the “Specific Elementary ‘SPIRIT’ Substance” can take, when it appears into existence in the “Specific ‘SPIRITUAL’ Environment”. Hence the designation “PROJECT of Formation” to describe “THE HOLY PROJECT”. He also placed information regarding this set of “specific forms” in the “Specific Elementary ‘SPIRIT’ Particle”.

It is also so that depending upon external instructions that the “Specific Elementary ‘SPIRIT’ Particle” receives, it will generate into existence in the “Specific ‘SPIRITUAL’ Environment” a “Specific Elementary ‘SPIRIT’ Substance” first generation of form, following one and only one of the “specific forms” predefined and associated to its “specific degree of cohesion”.

According to other external instructions that subsequently received the “Specific Elementary ‘SPIRIT’ Substance”, which is already into existence in the “Specific ‘SPIRITUAL’ Environment”, its constituent “Specific Elementary ‘SPIRIT’ Particles” will now generate into existence in their “Specific Elementary ‘SPIRIT’ Substance” of origin, others “Specific Elementary ‘SPIRIT’ Substances” of the second generation of form, following another one and only one of the “specific forms” predefined and associated to the same and unique “specific degree of cohesion”. And so on, two or several generations of forms will appear into existence through the “Specific Elementary ‘SPIRIT’ Substance” in the “Specific ‘SPIRITUAL’ Environment”.

It is so that, the “Specific Elementary ‘SPIRIT’ Substance” can be shaped or programmed in advance to take with the passage of time, all conceivable forms up to the last specified for the unique “specific degree of cohesion”. “THE DIVINE ARCHITECT AND PROJECT MASTER” has also placed in the “Specific Elementary ‘SPIRIT’ Particle” information about all different and conceivable forms that can take with the passage of time the “Specific Elementary ‘SPIRIT’ Substance”, which it is expected to generate. This is the basis of the principle of the seed of all entities that subsequently will be created into existence by “THE DIVINE FORCE”.

All concepts set forth here above and regarding the “Specific Elementary ‘SPIRIT’ Particle”, also extend on the “Specific Elementary ‘SPIRIT’ Substance”.

All “specific elementary processes” internal to the “Specific Elementary ‘SPIRIT’ Particle” and which are designed to allow it to execute, depending upon external instructions that it receives, the “specific tasks” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in these “specific elementary processes” in order to produce their “specific work” that HE has also predefined for the “Specific Elementary ‘SPIRIT’ Particle”, have been designed by “THE DIVINE ARCHITECT AND PROJECT MASTER”. All these “specific elementary processes” are also the “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Substance”, inherited from the “Specific Elementary ‘SPIRIT’ Particle”.

External instructions that the “Specific Elementary ‘SPIRIT’ Substance” receives, as well as the “specific work” it produces, are also, respectively, in fact, signals received and emitted. It is so that, the “Specific Elementary ‘SPIRIT’ Substance” is also actually a perfect receiver-transmitter of signals, much larger than the “Specific Elementary ‘SPIRIT’ Particle”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has established the specifications for these signals received and emitted by the “Specific Elementary ‘SPIRIT’ Substance”.

In a “Specific Elementary ‘SPIRIT’ Substance”, some of the constituent “Specific Elementary ‘SPIRIT’ Particles” have the “specific task” to capture external signals input from the outer surface of the structure of the “Specific Elementary ‘SPIRIT’ Substance”, which they belong to.

Once captured, these external signals input will be transmitted through to others “Specific Elementary ‘SPIRIT’ Particles” constituent of the “Specific Elementary ‘SPIRIT’ Substance”, towards the interior of the structure of the “Specific Elementary ‘SPIRIT’ Substance” considered.

Vice versa, once the “Specific Elementary ‘SPIRIT’ Particles” inside the “Specific Elementary ‘SPIRIT’ Substance” considered have accomplished and produced their “specific work”, they also generate internal output signals and transmit them in return, through others “Specific Elementary ‘SPIRIT’ Particles”, to the “Specific Elementary ‘SPIRIT’ Particles” that are located at the level of the outer surface of the structure of the “Specific Elementary ‘SPIRIT’ Substance”.

When the external signal received or the internal signal emitted by the “Specific Elementary ‘SPIRIT’ Substance” complies with specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, it is said of such a signal that it is a “specific signal”, and a “specific signal” is “PURE”; otherwise it is said of such an external signal which is not specific, that it is “IMPURE”, meaning that it is not in conformity with specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established. An “IMPURE” signal is bearer of added, unwanted, disruptive (and generally unknown) changes that do not conform to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

All “specific signals” that a “Specific Elementary ‘SPIRIT’ Substance” may receive and emit have been designed and predefined inside the “Specific Elementary ‘SPIRIT’ Substance” by “THE DIVINE ARCHITECT AND PROJECT MASTER”.

It is so that, by inheritance from its constituents “Specific Elementary ‘SPIRIT’ Particles”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has made the “Specific Elementary ‘SPIRIT’ Substance” “CONSCIOUS”; a feature of the “DIVINE SUBSTANCE”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Elementary ‘SPIRIT’ Substance” with a “‘SPIRIT’ specific supply of subsistence” and HE has defined a fundamental “‘SPIRIT’ specific supply of subsistence” allowing it to maintain intact the capacity of all “specific elementary processes” internal in the “Specific Elementary ‘SPIRIT’ Substance”, without exception, to execute their predefined “specific tasks” to produce the “specific work” that HE has also predefined for the “Specific Elementary ‘SPIRIT’ Substance”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has also defined and established a maximum “‘SPIRIT’ specific supply of subsistence” that the “Specific Elementary ‘SPIRIT’ Substance” can withstand while remaining in the attribute “NON DIVINE” and above which the structure of the “Specific Elementary ‘SPIRIT’ Substance” will be destroyed because it is attached to the attribute “NON DIVINE”.

This maximum “SPIRIT” specific supply of subsistence” of the “Specific Elementary ‘SPIRIT’ Substance” is obtained by application on the “SPIRIT” divine electrical charge” of a “Divine Substance” analogue of the “Specific Elementary ‘SPIRIT’ Substance”, of the proportionality factors that define the laws of change of frame of reference, between “THE ABSOLUTE FRAME OF REFERENCE” defined by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in “THE DIVINE” and “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE”.

This maximum “SPIRIT” specific supply of subsistence” of the “Specific Elementary ‘SPIRIT’ Substance” is billions of times less than the “SPIRIT” divine electrical charge” of a “Divine Substance” analogue of the “Specific Elementary ‘SPIRIT’ Substance”.

Some of the “specific elementary processes” of each “Specific Elementary ‘SPIRIT’ Particle” constituent of the “Specific Elementary ‘SPIRIT’ Substance” have as “specific work” to develop a “specific electromagnetic energy field” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle” to which they belong.

Therefore, a much larger “specific electromagnetic energy field” will be created in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance”.

It is so that, depending upon the available amount of its “SPIRIT” specific supply of subsistence”, and the “specific work” accomplished by those “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Elementary ‘SPIRIT’ Substance”, the “Specific Elementary ‘SPIRIT’ Substance” will emit an internal output signal, in the “SPIRIT” Specific State”.

That internal output signal emitted by the “Specific Elementary ‘SPIRIT’ Substance” also instantly manifests itself by the appearance of a “specific effect”, as a result of the combination and a “specific interpretation” of “specific effects” of “Specific Elementary ‘SPIRIT’ Particles” constituent of this “Specific Elementary ‘SPIRIT’ Substance”, in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance”, and the “Specific Elementary ‘SPIRIT’ Substance” will instantly adopt a “specific behavior” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Substance”.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined and associated to the “Specific Elementary ‘SPIRIT’ Substance” a set of “specific behaviors” and their associated “specific effects” that can be instantly manifested, in different combinations or on their own as isolated single unit, in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance”.

Among these “specific behaviors” is also that, which is called the “movement”, considered in relation to defined benchmarks, and considered in relation to the absence of “movement”.

Among these “specific behaviors”, is also that, which is called “radiation” and which is the emission of a brilliant glow, the “EPHEMERAL GLOW ‘SPIRIT’”, in the sense that it is not eternal, but lasts a relatively short time if compared to its analogue (which is eternal and which is) emitted by the “DIVINE SUBSTANCE”. This “EPHEMERAL GLOW ‘SPIRIT’” is visible to “THE EYE OF THE DIVINE”.

Among the “specific effects” associated with the “specific behavior”, which is called the “movement”, is that, which is called the “SOUND”, and also is that, which is called the “WIND”.

The “Specific Elementary ‘SPIRIT’ Substance” will thus possess, by inheritance from its constituents “Specific Elementary ‘SPIRIT’ Particles”, a dynamism, a principle of action, an ability to produce this “specific work” which shifts it from the absence of “specific behavior” to the “specific behavior” considered, in short, an “energy” which is called: the energy of the “specific behavior”, — in the case of the “movement”, it will be that, which is called “kinetic” energy —, which is associated with the “specific work” performed by those “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Elementary ‘SPIRIT’ Substance”, and which is necessary to pass this “Specific Elementary ‘SPIRIT’ Substance” from the absence of “specific behavior” to the “specific behavior” considered. Thus, different denominations are associated with this “specific work” according to the desired “specific behavior”; the example of that, which will be called: “ELECTRICITY”, in all its forms, and which derives from the “movement”, as that “energy” produced by the displacement of the “Specific Elementary ‘SPIRIT’ Particles”, which are carriers of “‘SPIRIT’ specific electrical charges”, and which are constituents of the “Specific Elementary ‘SPIRIT’ Substance” and which will manifest itself by different phenomena such as attraction and repulsion (static electricity, resulting from accumulation or loss of “‘SPIRIT’ specific electrical

charges”), heat, chemical, luminous, magnetic, mechanical (dynamic electricity, resulting from a flow of “‘SPIRIT’ specific electrical charges”), etc...

The magnitude of the manifestation of these “specific effects” and associated “specific behaviors” by the “Specific Elementary ‘SPIRIT’ Substance”, being the result of the combination and a “specific interpretation” of “specific effects” and associated “specific behaviors” of “Specific Elementary ‘SPIRIT’ Particles” constituents, it will of course be higher than those of the constituents taken in on their own as a single unit.

Once produced, the rate of development of the desired “specific behavior”, also called the “momentum” of the desired “specific behavior” depends upon the increase or decrease of the available amount of the “‘SPIRIT’ specific supply of subsistence” of the “Specific Elementary ‘SPIRIT’ Substance”. This “momentum” of the desired “behaviour” can be kept perpetual, in an equilibrium state, as long as the “‘SPIRIT’ specific supply of subsistence” is sufficiently and perpetually available for the “Specific Elementary ‘SPIRIT’ Substance” to maintain its dynamism.

The “‘SPIRIT’ specific supply of subsistence” is the external “specific supply of subsistence”, in the “‘SPIRIT’ Specific State”, which will allow the “Specific Elementary ‘SPIRIT’ Substance” to maintain its dynamism.

The speed of reception and transmission of signals by the “Specific Elementary ‘SPIRIT’ Substance” is instantaneous, at the scale of the “Specific Elementary ‘SPIRIT’ Substance”, and it determines the “INTENSITY”, and therefore the “STRENGTH”, of the luminous radiation that will be emitted by this “Specific Elementary ‘SPIRIT’ Substance”.

This speed of reception and transmission of signals, increases and decreases depending upon the amount of the “‘SPIRIT’ specific supply of subsistence”. The higher the “‘SPIRIT’ specific supply of subsistence”, the higher the speed of reception and transmission of “specific signals”.

The higher this speed of reception and transmission of “specific signals”, the more intense and powerful is the luminous radiation emitted by the “Specific Elementary ‘SPIRIT’ Substance”.

When the amount of the “‘SPIRIT’ specific supply of subsistence” is at the maximum limit which is associated to the maximum “‘SPIRIT’ specific supply of subsistence” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, then, this speed of reception and transmission of “specific signals”

reaches the maximum limit that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

This maximum limit which is the maximum speed of reception and transmission of “specific signals” from the “Specific Elementary ‘SPIRIT’ Substance” is also billions of times less than the speed of reception and transmission of the same “specific signals” in the “DIVINE SUBSTANCE”.

According to external input signals, received by the “Specific Elementary ‘SPIRIT’ Substance”, the “specific elementary processes” will also associate a color to the luminous radiation of the internal output signal.

מציג

With the exception of “specific elementary processes” which “specific work” is to develop a “specific electromagnetic energy field” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance” that they belong to, when at least one of the other “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Substance” is executing its predefined “specific tasks” in order to produce its “specific work” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has also predefined for the “Specific Elementary ‘SPIRIT’ Substance” which it (the “specific elementary process” considered) belongs to, then, it is said that the “Specific Elementary ‘SPIRIT’ Substance” is “awake”, otherwise it is said that the “Specific Elementary ‘SPIRIT’ Substance” is “asleep”.

In this later case when the “Specific Elementary ‘SPIRIT’ Substance” is “asleep”, none of these other “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Substance”, that is, of all the “Specific Elementary ‘SPIRIT’ Particles” constituent of the “Specific Elementary ‘SPIRIT’ Substance”, is executing its predefined “specific tasks”.

Whether the “Specific Elementary ‘SPIRIT’ Substance” is either “awake” or “asleep”, the “specific work” accomplished by its “specific elementary processes” does not stop, but it is accompanied by a change (decrease) more or less large of its “‘SPIRIT’ specific supply of subsistence”, depending upon whether the “Specific Elementary ‘SPIRIT’ Substance” is either “awake” or “asleep”.

This lack of “‘SPIRIT’ specific supply of subsistence” which ensues from the “specific work” accomplished by the “specific elementary processes”, is always necessary for the proper functioning of the “Specific Elementary ‘SPIRIT’ Substance”, and is still called the “NEED” (or also the “DEFICIT”) of “‘SPIRIT’

specific supply of subsistence” from the “Specific Elementary ‘SPIRIT’ Substance”.

The “Specific Elementary ‘SPIRIT’ Substance” is in a “NEED” (or also a “DEFICIT”) of “‘SPIRIT’ specific supply of subsistence” when at least one of its constituent “Specific Elementary ‘SPIRIT’ Particle” is in a “NEED” (or also a “DEFICIT”) of “‘SPIRIT’ specific supply of subsistence”.

The “‘SPIRIT’ specific supply of subsistence” of the “Specific Elementary ‘SPIRIT’ Substance” is not eternal in the “Specific Elementary ‘SPIRIT’ Substance”, because the “Specific Elementary ‘SPIRIT’ Substance” is attached to the attribute “NON DIVINE”.

It is so that, this “‘SPIRIT’ specific supply of subsistence” exhausts in the “Specific Elementary ‘SPIRIT’ Substance” depending upon the work accomplished by the “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Substance” and within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for it.

When a “specific elementary process” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Elementary ‘SPIRIT’ Substance” works properly following the principles and rules that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, it is said that this “specific elementary process” is “HOLY”. The “Specific Elementary ‘SPIRIT’ Substance” is “HOLY” when all its “specific elementary processes” are “HOLY”.

If the “‘SPIRIT’ specific supply of subsistence” of the “Specific Elementary ‘SPIRIT’ Substance” passes below of its fundamental “‘SPIRIT’ specific supply of subsistence” necessary to the proper functioning, then, at least one of the “specific elementary processes” will lose its capacity to perform its predefined “specific tasks”; such “specific elementary process” will not function properly following the principles and rules that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, and such “specific elementary process” is said to be “UNHOLY”.

We shall also say that the “Specific Elementary ‘SPIRIT’ Substance” is “UNHOLY” when at least one of its “specific elementary processes” is “UNHOLY”; and therefore, the “Specific Elementary ‘SPIRIT’ Particle” constituent of the “Specific Elementary ‘SPIRIT’ Substance” and containing the “UNHOLY” “specific elementary processes” is also “UNHOLY”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “‘SPIRIT’ specific supply of subsistence” of the “Specific Elementary ‘SPIRIT’ Substance” so that it can be renewed.

It may be renewed directly by “THE DIVINE FORCE” following reception of “THE WORD OF THE DIVINE” or else it can be continuously renewed following a cycle with seven “transformation steps”, catalyzed by the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance”, and through “The Specific Process of Attachment to ‘THE DIVINE’” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established for the “Specific Elementary ‘SPIRIT’ Substance”.

Each “transformation step” of this cycle is a unique manifestation in the attribute “NON DIVINE” of a metaphor of the seven “transformation steps” of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. Each step of this cycle is completed within a “measure of transformation step” and the seventh “transformation step” is that of completion of the cycle.

“THE SPECIFIC SPIRITUAL FORCE OF LIFE” external and present in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance”, remains of VITAL importance for the survival of the “Specific Elementary ‘SPIRIT’ Substance”.

As noted earlier, it is by “THE SPECIFIC SPIRITUAL FORCE OF LIFE” that products, also known as “fruits”, of “THE TREE OF LIFE” and which are manifestations, in the attribute “NON DIVINE”, of metaphors of supply of subsistence that are provided as a result of the execution of the “Causal Precedence Relation of ‘THE PRAISE’”, will be extracted and provided to the “Specific Elementary ‘SPIRIT’ Substance”, so that this “Specific Elementary ‘SPIRIT’ Substance” remains into existence in the “‘SPIRIT’ Specific State” in the attribute “NON DIVINE”.

These products, also called the “fruits”, of “THE TREE OF LIFE”, are the “‘SPIRIT’ specific supply of subsistence” which are necessary for the proper functioning of the “Specific Elementary ‘SPIRIT’ Particle”, and consequently to the proper functioning of the “Specific Elementary ‘SPIRIT’ Substance”.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” that is present in “Specific ‘SPIRITUAL’ Environment” external and immediate

around the “Specific Elementary ‘SPIRIT’ Substance” is high enough, then, many more “fruits” of “THE TREE OF LIFE” will be extracted and provided to the “Specific Elementary ‘SPIRIT’ Substance” and consequently to its constituents “Specific Elementary ‘SPIRIT’ Particles”.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” that is present in “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance” is not high enough, then, not enough “fruits” of “THE TREE OF LIFE” will be extracted and provided to the “Specific Elementary ‘SPIRIT’ Substance” and consequently to its constituents “Specific Elementary ‘SPIRIT’ Particles” which may then, end up with “‘SPIRIT’ specific supply of subsistence” failure for their proper functioning.

It should be remembered that “THE SPECIFIC SPIRITUAL FORCE OF LIFE”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” designed it, never perishes and it is eternal; but, THE DEGREE OF PRESENCE of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance” may increase or decrease depending upon whether the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance” becomes permeable or impermeable to “THE SPECIFIC SPIRITUAL FORCE OF LIFE”.

Therefore, the “‘SPIRIT’ specific supply of subsistence” of the “Specific Elementary ‘SPIRIT’ Substance” may vary; decrease or increase not only depending upon the “specific work” accomplished by the “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Substance” but also depending upon whether the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” increases or decreases.

The repercussions of this degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance” go on all the “Specific Elementary ‘SPIRIT’ Particles” constituent of the “Specific Elementary ‘SPIRIT’ Substance”.

It is also so that the speed of reception and transmission of signals by the “Specific Elementary ‘SPIRIT’ Substance” increases and decreases depending upon the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance”.

The higher the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance”, the higher this speed of reception and transmission of “specific signals”.

The higher this speed of reception and transmission of “specific signals”, the more intense and powerful is the luminous radiation emitted by the “Specific Elementary ‘SPIRIT’ Substance”.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance” reaches the limit that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, then, this speed of reception and transmission of “specific signals” reaches the maximum limit which is obtained with the maximum “‘SPIRIT’ specific supply of subsistence”.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is high enough in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance”, then, “THE SPECIFIC SPIRITUAL FORCE OF LIFE” will provide to the “Specific Elementary ‘SPIRIT’ Substance” enough “‘SPIRIT’ specific supply of subsistence” necessary to maintain intact the capacity of all “specific elementary processes”, without exception, to execute their predefined “specific tasks” to produce the “specific work” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has also predefined for the “Specific Elementary ‘SPIRIT’ Substance”.

When “THE SPECIFIC SPIRITUAL FORCE OF LIFE” provides a “‘SPIRIT’ specific supply of subsistence” to the “Specific Elementary ‘SPIRIT’ Substance”, it is then, said that “THE SPECIFIC SPIRITUAL FORCE OF LIFE” “NOURISHES” the “Specific Elementary ‘SPIRIT’ Substance”.

Therefore, it will be said that the “Specific Elementary ‘SPIRIT’ Substance” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER when the “Specific Elementary ‘SPIRIT’ Substance” has a “‘SPIRIT’ specific supply of subsistence” which is not below its fundamental load.

In this case, depending upon external input signals, received by the “Specific Elementary ‘SPIRIT’ Substance”, the color of luminous radiation of the internal output signal that ensues from the work of “specific elementary processes” will be a color belonging to the “Palette of HARMONY” — color palette associated to “‘SPIRIT’ specific supply of subsistence” which are above the fundamental “‘SPIRIT’ specific supply of subsistence” that “THE DIVINE ARCHITECT AND

PROJECT MASTER” has established for proper functioning of the “Specific Elementary ‘SPIRIT’ Substance”.

It is so that, when the “Specific Elementary ‘SPIRIT’ Substance” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, and with further increase of its “‘SPIRIT’ specific supply of subsistence”, then, with the passage of time, the “Specific Elementary ‘SPIRIT’ Substance” can so be overcharged, following the same steps of “‘SPIRIT’ specific supply of subsistence” of the “Specific Elementary ‘SPIRIT’ Particle” but succeeding to the birth of the “Specific Elementary ‘SPIRIT’ Substance”, to the maximum extent of the “‘SPIRIT’ specific supply of subsistence” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

The birth of the “Specific Elementary ‘SPIRIT’ Substance” is associated with the first “‘SPIRIT’ specific supply of subsistence step” of the “Specific Elementary ‘SPIRIT’ Particle”.

The “Specific Elementary ‘SPIRIT’ Substance” being in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, the more its “‘SPIRIT’ specific supply of subsistence” increases with the passage of time, the more the following steps of “‘SPIRIT’ specific supply of subsistence” will be reached, and the more this special “specific event” of scission will occur, and thus producing into existence several other separate “Specific Elementary ‘SPIRIT’ Particles” identical to the “Specific Elementary ‘SPIRIT’ Particle” of origin which they are produced from, and maintained all together with the unique “specific degree of cohesion” in the “Specific Elementary ‘SPIRIT’ Substance”.

It is so that, the “Specific Elementary ‘SPIRIT’ Substance” will sprout and grow, successively taking all “specific forms” associated with his “specific degree of cohesion” and programmed in his “Specific Elementary ‘SPIRIT’ Particle” of origin and inherited by its constituent “Specific Elementary ‘SPIRIT’ Particles”.

The last “‘SPIRIT’ specific supply of subsistence step” is that of the “specific maturity limit” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established and beyond which a “Specific Elementary ‘SPIRIT’ Particle” will no longer split. It is at this last “‘SPIRIT’ specific supply of subsistence step” that the “Specific Elementary ‘SPIRIT’ Substance” will take its final form.

It is so that, when the “Specific Elementary ‘SPIRIT’ Substance” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, in response to “specific signals” generated by the successive series of reception and transmission and depending upon external signals input and depending upon the strength of its

“‘SPIRIT’ specific supply of subsistence”, the “Specific Elementary ‘SPIRIT’ Substance” will emit an internal output signal which is accompanied by a much more luminous radiation, which is an “EPHEMERAL GLOW ‘SPIRIT’” much more intense and powerful, as a result of the combination of luminous radiation from its “Specific Elementary ‘SPIRIT’ Particles”, and following processes that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed.

Examples are the solar star and the lunar star in the “Physical Realm”. The maximum speed of reception and transmission of “specific signals” from the like of “Specific Elementary ‘SPIRIT’ Particles” constituent of the solar star for example is billions of times less than the speed of reception and transmission of the same “specific signals” from the “Divine Particle”.

When the “Specific Elementary ‘SPIRIT’ Substance” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, IF the external input signal received by the “Specific Elementary ‘SPIRIT’ Substance” is “PURE”, then, all the “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Elementary ‘SPIRIT’ Substance” will perfectly execute their predefined “specific tasks” and they will produce the “specific work” that HE has also predefined for the “Specific Elementary ‘SPIRIT’ Substance”.

The “specific work” produced is emitted in the form of an internal output signal which is accompanied by a sufficient luminous radiation, of a color belonging to the “Palette of HARMONY”, and it manifests itself also instantly by the appearance of an effect of harmony in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance”.

It is a behavior inherited from the “Specific Elementary ‘SPIRIT’ Particle” and that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Substance”.

Just as with the “Specific Elementary ‘SPIRIT’ Particle”, this behavior, depending upon the external “specific signal” input, is consistent and can express manifestations of metaphors of the “SUPREME STATE OF EQUILIBRIUM” of “THE DIVINE”: “HAPPINESS”, “JOY”, “LAUGHTER”, “SMILE”, “CHEERFULNESS”, etc...

All “specific behaviours” that a “Specific Elementary ‘SPIRIT’ Substance” can execute have been designed and predefined within the “Specific Elementary ‘SPIRIT’ Substance” by “THE DIVINE ARCHITECT AND PROJECT MASTER”.

For example, within the “MURKY VOID”, if “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined a particular “displacement movement” to be executed by a “Specific Elementary ‘SPIRIT’ Substance” or the like that “THE DIVINE”, IHVH, our FATHER has Himself “spoken” into existence and in “HARMONY” with Him, then, when this “Specific Elementary ‘SPIRIT’ Substance” will receive an external “specific signal”, that is, the call that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined and asking it to execute the “displacement movement” that HE has designed for it, this “Specific Elementary ‘SPIRIT’ Substance” will “OBEY” and will forever execute the “displacement movement” defined by “THE DIVINE ARCHITECT AND PROJECT MASTER”, without ever is deviating.¹⁰²

It is so for example that through this principle, all the stars from the “Physical Realm” follow the trajectories and movements of rotation that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined for them: all the stars¹⁰³ respond to the call of “THE DIVINE”, IHVH, our FATHER, which is in fact a “specific signal” “PURE” and all the stars “OBEY” to the instructions that HE gives them, that is, the “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has placed in the like of “Specific Elementary ‘SPIRIT’ Substance” of these stars, function as they should and are “HOLY”.

When the “Specific Elementary ‘SPIRIT’ Substance” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, IF the external input signal received by the “Specific Elementary ‘SPIRIT’ Substance” is “IMPURE”, then, the “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Elementary ‘SPIRIT’

¹⁰² See “Vision of August 18, 2005”.

¹⁰³ Here, a “star” (be it “star” or a “luminary”, or an “earthly globe”) of the “Physical Realm” is an “element” of the “Physical Realm”. During the course of the “Second Phase” of “THE HOLY PROJECT”, these “elements” of the “Physical Realm” will also be used as dwelling places (also as workplaces) for creatures of the “Celestial Realm” (that is, for a certain classification of archangels and angels). We will write about this class of creatures of the “Celestial Realm” in a text below. Those creatures of the “Celestial Realm” (that is, for a certain classification of archangels and angels), who will dwell in these “elements” of the “Physical Realm”, will be also called “stars”, also called “luminaries” (the same words which designate those specific “elements” of the “Physical Realm”). In this example, we consider only these “elements” of the “Physical Realm” and their functioning, without considering their guests from the “Celestial Realm” (that is, archangels and angels), and whose functioning is another sad affair, we will talk about this in a text below.

Substance”, and which are tasked to receive first and foremost external signals, will reject this external signal input which is “IMPURE”.

This rejection is a “specific mechanism” of survival, inner to the “Specific Elementary ‘SPIRIT’ Substance”. It occurs instantly through a blocking effect in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance”, thus creating a protective “shield”: the “SPIRITUAL SHIELD”.

The appearing of the “SPIRITUAL SHIELD” is a behavior inherited from the “Specific Elementary ‘SPIRIT’ Particle” and that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Substance” and for the survival of the “Specific Elementary ‘SPIRIT’ Substance”.

This behavior inherited from the “Specific Elementary ‘SPIRIT’ Particle” is part of the basic “Survival Instincts” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Substance”.

When the “Specific Elementary ‘SPIRIT’ Substance” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, and that furthermore its “‘SPIRIT’ specific supply of subsistence” is sufficiently high, then, the blocking effect that occurs instantly in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance” following to this rejection is increasingly robust and is still called “THE WRATH”.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is not high enough in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance”, then, “THE SPECIFIC SPIRITUAL FORCE OF LIFE” will not be able to provide to the “Specific Elementary ‘SPIRIT’ Substance” enough “‘SPIRIT’ specific supply of subsistence” necessary to its proper functioning; that is, the “Specific Elementary ‘SPIRIT’ Substance” will not be sufficiently “NOURISHED” by “THE SPECIFIC SPIRITUAL FORCE OF LIFE”.

It is then, that at least one or more of the “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Substance” will lose their capacity to perform their predefined “specific tasks”.

Therefore, the “specific work” accomplished by its “specific elementary processes” will be much more unpredictable than it was with the “Specific Elementary

מַשְׁכָּל
הַ
סֵּפֶר

‘SPIRIT’ Particle”, although it is always accompanied by a variation (decrease) of its “‘SPIRIT’ specific supply of subsistence”.

We shall say that the “Specific Elementary ‘SPIRIT’ Substance” is “SICK”; it is suffering from a “DISEASE” caused by failure of the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance”. The type of “DISEASE” is directly associated with these “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Substance”, which have lost their capacity to perform their predefined “specific tasks”.

We shall also say that the “Specific Elementary ‘SPIRIT’ Substance” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, when the “Specific Elementary ‘SPIRIT’ Substance” has a “‘SPIRIT’ specific supply of subsistence” which is below its fundamental load. This occurs when the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is not high enough in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance”.

In this case, depending upon external input signals, received by the “Specific Elementary ‘SPIRIT’ Substance”, the color of luminous radiation of the internal output signal that ensues from the work of “specific elementary processes” will be a color belonging to the “Palette of CHAOS” — color palette associated to “‘SPIRIT’ specific supply of subsistence” which are below the fundamental “‘SPIRIT’ specific supply of subsistence” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for proper functioning of the “Specific Elementary ‘SPIRIT’ Substance”.

When the “Specific Elementary ‘SPIRIT’ Substance” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, then, at least one of the “Specific Elementary ‘SPIRIT’ Particle” constituent of the “Specific Elementary ‘SPIRIT’ Substance” will be in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”.

It is then, that at least one or several of the “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Particle” which is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, will lose their capacity to perform their predefined “specific tasks”.

Therefore, the “specific work” accomplished by its “specific elementary processes” will be unpredictable, although it is always accompanied by a variation (decrease) of its “‘SPIRIT’ specific supply of subsistence”.

When become “UNHOLY” the “specific elementary processes” of this “Specific Elementary ‘SPIRIT’ Particle” constituent of the “Specific Elementary ‘SPIRIT’ Substance”, which “specific work” is to develop a “specific electromagnetic energy field” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around this “Specific Elementary ‘SPIRIT’ Particle” to which they belong, then, will be put at risk the preservation of cohesion of this “Specific Elementary ‘SPIRIT’ Particle” with the remaining of “Specific Elementary ‘SPIRIT’ Particles” that are still in “HARMONY” with “THE DIVINE”, IHVH, our FATHER and are constituent of the “Specific Elementary ‘SPIRIT’ Substance”.

Therefore, the development of the programmed form of the “Specific Elementary ‘SPIRIT’ Substance” in the “Specific ‘SPIRITUAL’ Environment” will also be affected or so distorted.

When the “Specific Elementary ‘SPIRIT’ Substance” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, then, the “‘SPIRIT’ specific supply of subsistence” of the “Specific Elementary ‘SPIRIT’ Substance” could therefore be exhausted within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for it.

When the “‘SPIRIT’ specific supply of subsistence” is null, the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance” is null, then, all “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has placed in this “Specific Elementary ‘SPIRIT’ Substance” are rendered inactive and the “Specific Elementary ‘SPIRIT’ Substance” will neither be able to receive nor to emit “specific signals” designed and predefined in it by “THE DIVINE ARCHITECT AND PROJECT MASTER”.

Then, the colour of luminous radiation that it will emit is the color “BLACK” absolute, indicating “TOTAL ABSENCE OF LIFE”.

To avoid that the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance” diminishes and becomes insufficient, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and provided “The Specific Process of Attachment to ‘THE DIVINE’”.

It is through “The Specific Process of Attachment to ‘THE DIVINE’” that the “Causal Precedence Relation of ‘THE PRAISE’” will be executed in order to avoid that the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance” becomes impermeable to “THE SPECIFIC SPIRITUAL FORCE OF LIFE”.

When the “Specific Elementary ‘SPIRIT’ Substance” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, it will not function like “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it for. It is so that, its internal “specific mechanism” which allows rejecting “IMPURE” external signals input will not work as it should and will let these “IMPURE” external signals input through.

Although all the “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in such a “Specific Elementary ‘SPIRIT’ Substance” for its proper functioning will always be present in it, this “Specific Elementary ‘SPIRIT’ Substance” will not have enough “‘SPIRIT’ specific supply of subsistence” to keep these “specific elementary processes” running.

Therefore, by further decreasing the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance”, more and more “Specific Elementary ‘SPIRIT’ Particles” constituent of the “Specific Elementary ‘SPIRIT’ Substance”, throughout layers of “Specific Elementary ‘SPIRIT’ Particles”, will lose their “HARMONY” with “THE DIVINE”, IHVH, our FATHER.

Therefore, the speed of reception and transmission of signals in the “Specific Elementary ‘SPIRIT’ Particles” that are in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, and between the layers of “Specific Elementary ‘SPIRIT’ Particles” constituent of the “Specific Elementary ‘SPIRIT’ Substance” and passing through these “Specific Elementary ‘SPIRIT’ Particles” constituent that are not in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, will further decrease. And as a result, the luminous radiation emitted by the “Specific Elementary ‘SPIRIT’ Substance” will be much less intense and powerful.

Therefore, by “processing” these “IMPURE” external signals input through its “UNHOLY” processes, it will emit “IMPURE” internal output signals, in return.

It is so that, such a “Specific Elementary ‘SPIRIT’ Substance” which is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE

Hence the naming by the word “TYPHOON”, which roughly means “LIGHT TRANSFORMED IN DARKNESS”; a word provided by “THE DIVINE FORCE”, to the fallen angel who will be later (during the course of the implementation of “THE HOLY PROJECT”) designated by this word, at the very moment when this fallen angel, on a scale larger than the scale of the “Specific Elementary ‘SPIRIT’ Particle”, first observed this phenomenon on the passage towards the dark color, but that angel had not understood and could not explain the process that led to this phenomenon.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance” is not sufficient, then, only the addition or transfer of “‘SPIRIT’ specific supply of subsistence” to the “Specific Elementary ‘SPIRIT’ Substance” from another pure enough external force can prevent and stop the spread of this effect of “POISON” through the “Specific Elementary ‘SPIRIT’ Particles” constituent of the “Specific Elementary ‘SPIRIT’ Substance”.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the

“Specific Elementary ‘SPIRIT’ Substance” is not sufficient, then, if no external action is taken to increase the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in that environment, through the external “specific mechanisms” which allow to do so and that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and provided, then, the “‘SPIRIT’ specific supply of subsistence” of the “Specific Elementary ‘SPIRIT’ Substance” will decrease and exhaust within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

The emission of a “distress signal” is still a “specific mechanism” of survival, inner to the “Specific Elementary ‘SPIRIT’ Substance”. It occurs instantly by a vibration/trembling effect in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance”.

It is also a behavior, inherited from the “Specific Elementary ‘SPIRIT’ Particle”, that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Substance” and for the survival of the “Specific Elementary ‘SPIRIT’ Substance”.

This behavior is part of the basic “Survival Instincts” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Substance”.

The effect of vibration/trembling that occurs instantly in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance” following the emission of a “distress signal” is still called: “PAIN”.

It is so that, IF the external input signal received by the “Specific Elementary ‘SPIRIT’ Substance” is “IMPURE”, then, the “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Elementary ‘SPIRIT’ Substance” will fail to work as they should, and the “SPIRITUAL SHIELD” will let some of these “IMPURE” external signals input through. The “WRATH” will not be anymore present around this “Specific Elementary ‘SPIRIT’ Substance”.

The effect of eroded blocking that occurs instantly in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance”, accompanied by the “distress signals” emitted by the “Specific Elementary ‘SPIRIT’ Substance” that ensues from this eroded blocking is still called: “ANGER”.

As we have already indicated concerning the “Specific Elementary ‘SPIRIT’ Particle”, in the presence of “IMPURE” external input signals, the difference between “WRATH” and “ANGER” is determined by the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance”.

“ANGER” does not exist when the “Specific Elementary ‘SPIRIT’ Substance” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER and in this case, only “WRATH” will be present around this “Specific Elementary ‘SPIRIT’ Substance” following the rejection of “IMPURE” external signals input at the entrance to the “Specific Elementary ‘SPIRIT’ Substance”.

From the perspective of the stream flow of signals, throughout the “Specific Elementary ‘SPIRIT’ Substance”, “WRATH” is upstream all around following the protection against “IMPURE” external signals and when it is absent then, “ANGER” will be downstream and coming out along with the results of processing “IMPURE” external signals input that came through. “WRATH” and “ANGER” will not be present simultaneously in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance”.

When the “Specific Elementary ‘SPIRIT’ Substance” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, then, the set of external actions taken in order to increase the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance” and restore “HARMONY” of the “Specific Elementary ‘SPIRIT’ Substance” with “THE DIVINE”, IHVH, our FATHER, is called “THE COMBAT” for the “Specific Elementary ‘SPIRIT’ Substance”.

CHAPTER 088

FROM THE “SPECIFIC ELEMENTARY ‘SPIRIT’ SUBSTANCE” TO THE “SPECIFIC ATOMIC ‘SPIRIT’ SUBSTANCE”

Let us point out once again that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “Specific Elementary ‘SPIRIT’ Particle” and has endowed it with a fundamental “‘SPIRIT’ specific supply of subsistence” allowing it to maintain intact the capacity of all “specific elementary processes”, without exception, to execute their predefined “specific tasks” to produce the “specific work” that HE has also predefined for the “Specific Elementary ‘SPIRIT’ Particle”.

When the “Specific Elementary ‘SPIRIT’ Particle” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, and that furthermore its “‘SPIRIT’ specific supply of subsistence” increases with the passage of time, then, this “Specific Elementary ‘SPIRIT’ Particle” will be overcharged, following some steps of “‘SPIRIT’ specific supply of subsistence”, to the maximum extent of the “‘SPIRIT’ specific supply of subsistence” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

Through these steps of “‘SPIRIT’ specific supply of subsistence”, multiple occurrences of the special “specific event” of scission will take place and thus creating into existence several others “Specific Elementary ‘SPIRIT’ Substances” maintained all together in subsets of cohesive “Specific Elementary ‘SPIRIT’ Substances” characterized by different “specific degrees of cohesion”. The form of the total set of these subsets of “Specific Elementary ‘SPIRIT’ Substances” approaching more and more a final form that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “Specific Elementary ‘SPIRIT’ Particle” of origin.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “specific degree of cohesion” that HE has placed in the “Specific Elementary ‘SPIRIT’

Particle” so that it can be changed or not with the passage of time and depending upon special external instructions that the “Specific Elementary ‘SPIRIT’ Particle” receives in order to change its “specific degree of cohesion”.

It is so that, depending upon these special external instructions, with the passage of time and with a “‘SPIRIT’ specific supply of subsistence” high enough above the fundamental “‘SPIRIT’ specific supply of subsistence” of the “Specific Elementary ‘SPIRIT’ Particle”, several of these cohesive subsets of “Specific Elementary ‘SPIRIT’ Substance”, each characterized by a unique “specific degree of cohesion” can be produced.

Each of these cohesive sets which is: (1) composed of several layers of identical “Specific Elementary ‘SPIRIT’ Substances”; (2) each “Specific Elementary ‘SPIRIT’ Substance” being characterized by a unique “specific degree of cohesion” and which allows to hold together its constituent “Specific Elementary ‘SPIRIT’ Particles”; and (3) all held together by “Specific Elementary ‘SPIRIT’ Neutral Substances”; is called: a “Specific Atomic ‘SPIRIT’ Substance”.

“THE DIVINE”, IHVH, our FATHER has created into existence more than a thousand of different “Specific Atomic ‘SPIRIT’ Substance”.

The “Specific Elementary ‘SPIRIT’ Neutral Substance” is this substance that is generated from the “Specific Elementary ‘SPIRIT’ Neutral Particle” with a “specific degree of cohesion” to hold together, to assemble, different “Specific Elementary ‘SPIRIT’ Substances” with different “specific degrees of cohesion”, each “Specific Elementary ‘SPIRIT’ Substance” being composed of several layers of identical “Specific Elementary ‘SPIRIT’ Particles” and is characterized by a unique “specific degree of cohesion”.

Whereas the “Specific Elementary ‘SPIRIT’ Particle” and the “Specific Elementary ‘SPIRIT’ Substance” are on the smaller scale, much smaller than the subatomic scale but visible only to “THE EYE OF THE DIVINE”, the “Specific Atomic ‘SPIRIT’ Substance” is now on a scale much larger than the scale of the “Specific Elementary ‘SPIRIT’ Particle”; It is pretty much on the atomic scale and it is always visible to “THE EYE OF THE DIVINE”.

At this scale of the “Specific Atomic ‘SPIRIT’ Substance” and looking from the outside of the “Specific Atomic ‘SPIRIT’ Substance”, “Specific Elementary ‘SPIRIT’ Particles” as well as “Specific Elementary ‘SPIRIT’ Substances” constituents of the “Specific Atomic ‘SPIRIT’ Substance” appear to be motionless, but in reality they are not, when looking from the inside.

All concepts set forth here above and regarding the “Specific Elementary ‘SPIRIT’ Particle” and the “Specific Elementary ‘SPIRIT’ Substance”, also extend on the “Specific Atomic ‘SPIRIT’ Substance”. Let us remind them for further clarity.

All “specific elementary processes” internal to the “Specific Elementary ‘SPIRIT’ Particle” and which are designed to allow it to execute, depending upon external instructions that it receives, the “specific tasks” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in these “specific elementary processes” in order to produce their “specific work” that HE has also predefined for the “Specific Elementary ‘SPIRIT’ Particle”, have been designed by “THE DIVINE ARCHITECT AND PROJECT MASTER”.

All these “specific elementary processes” are also the “specific elementary processes” of the “Specific Atomic ‘SPIRIT’ Substance”, inherited from the “Specific Elementary ‘SPIRIT’ Particle” and from the “Specific Elementary ‘SPIRIT’ Substance”. In addition to these inherited “specific elementary processes”, the “Specific Atomic ‘SPIRIT’ Substance” possesses all the “specific elementary processes” of its constituent “Specific Elementary ‘SPIRIT’ Neutral Substances”.

External instructions that the “Specific Atomic ‘SPIRIT’ Substance” receives, as well as the “specific work” it produces, are also, respectively, in fact, signals received and emitted.

It is so that, the “Specific Atomic ‘SPIRIT’ Substance” is also actually a perfect receiver-transmitter of signals, larger than the “Specific Elementary ‘SPIRIT’ Substance”, and much larger than the “Specific Elementary ‘SPIRIT’ Particle”. “THE DIVINE ARCHITECT AND PROJECT MASTER” has established the specifications for these signals received and emitted by the “Specific Atomic ‘SPIRIT’ Substance”.

In a “Specific Atomic ‘SPIRIT’ Substance”, some of the constituent “Specific Elementary ‘SPIRIT’ Substances” have the “specific task” to capture external signals input from the outer surface of the structure of the “Specific Atomic ‘SPIRIT’ Substance”, which they belong to.

Once captured, these external signals input will be transmitted through to others “Specific Elementary ‘SPIRIT’ Substances” constituents of the “Specific Atomic ‘SPIRIT’ Substance”, towards the interior of the structure of the “Specific Atomic ‘SPIRIT’ Substance” considered.

Vice versa, once the “Specific Elementary ‘SPIRIT’ Substances” inside the “Specific Atomic ‘SPIRIT’ Substance” considered have accomplished and produced their “specific work”, they also generate internal output signals and transmit them in return, through others “Specific Elementary ‘SPIRIT’ Substances”, to the “Specific Elementary ‘SPIRIT’ Substances” that are located at the level of the outer surface of the structure of the “Specific Atomic ‘SPIRIT’ Substance”.

When the external signal received or the internal signal emitted by the “Specific Atomic ‘SPIRIT’ Substance” complies with specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, it is said of such a signal that it is a “specific signal”, and a “specific signal” is “PURE”; otherwise it is said of such an external signal which is not specific, that it is “IMPURE”, meaning that it is not in conformity with specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established. An “IMPURE” signal is bearer of added, unwanted, disruptive (and generally unknown) changes that do not conform to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

All “specific signals” that a “Specific Atomic ‘SPIRIT’ Substance” may receive and emit have been designed and predefined inside the “Specific Atomic ‘SPIRIT’ Substance” by “THE DIVINE ARCHITECT AND PROJECT MASTER”.

It is so that, by inheritance from its constituents “Specific Elementary ‘SPIRIT’ Substances”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has made the “Specific Atomic ‘SPIRIT’ Substance” “CONSCIOUS”; a feature of the “DIVINE SUBSTANCE”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Atomic ‘SPIRIT’ Substance” with a “‘SPIRIT’ specific supply of subsistence” and HE has defined a fundamental “‘SPIRIT’ specific supply of subsistence” allowing it to maintain intact the capacity of all “specific elementary processes” internal in the “Specific Atomic ‘SPIRIT’ Substance”, without exception, to execute their predefined “specific tasks” to produce the “specific work” that HE has also predefined for the “Specific Atomic ‘SPIRIT’ Substance”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has also defined and established a maximum “‘SPIRIT’ specific supply of subsistence” that the “Specific Atomic ‘SPIRIT’ Substance” can withstand while remaining in the attribute “NON DIVINE” and above which the structure of the “Specific Atomic ‘SPIRIT’ Substance” will be destroyed because it is attached to the attribute “NON DIVINE”.

This maximum “‘SPIRIT’ specific supply of subsistence” of the “Specific Atomic ‘SPIRIT’ Substance” is obtained by application on the “‘SPIRIT’ divine electrical charge” of a “Divine Substance” analogue of the “Specific Atomic ‘SPIRIT’ Substance”, of the proportionality factors that define the laws of change of frame of reference, between “THE ABSOLUTE FRAME OF REFERENCE” defined by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in “THE DIVINE” and “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE”.

This maximum “‘SPIRIT’ specific supply of subsistence” of the “Specific Atomic ‘SPIRIT’ Substance” is billions of times less than the “‘SPIRIT’ divine electrical charge” of a “Divine Substance” analogue of the “Specific Atomic ‘SPIRIT’ Substance”.

Some of the “specific elementary processes” of each “Specific Elementary ‘SPIRIT’ Particle” constituent of the “Specific Atomic ‘SPIRIT’ Substance” have as “specific work” to develop a “specific electromagnetic energy field” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle” to which they belong.

Therefore, a much larger “specific electromagnetic energy field” will be created in the “Specific ‘SPIRITUAL’ Environment” external and immediate around each “Specific Elementary ‘SPIRIT’ Substance”, and consequently a much larger “specific electromagnetic energy field” will be created in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance”.

It is so that, depending upon the available amount of its “‘SPIRIT’ specific supply of subsistence”, and the “specific work” accomplished by those “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Atomic ‘SPIRIT’ Substance”, the “Specific Atomic ‘SPIRIT’ Substance” will emit an internal output signal, in the “‘SPIRIT’ Specific State”.

That internal output signal emitted by the “Specific Atomic ‘SPIRIT’ Substance” also instantly manifests itself by the appearance of a “specific effect”, as a result of the combination and a “specific interpretation” of “specific effects” of “Specific Elementary ‘SPIRIT’ Substances” constituents of this “Specific Atomic ‘SPIRIT’ Substance”, in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance”, and the “Specific Atomic ‘SPIRIT’ Substance” will instantly adopt a “specific behavior” that “THE DIVINE

ARCHITECT AND PROJECT MASTER” has predefined in the “specific elementary processes” of the “Specific Atomic ‘SPIRIT’ Substance”.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined and associated to the “Specific Atomic ‘SPIRIT’ Substance” a set of “specific behaviors” and their associated “specific effects” that can be instantly manifested, in different combinations or on their own as isolated single unit, in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance”.

Among these “specific behaviors” is also that, which is called the “movement”, considered in relation to defined benchmarks, and considered in relation to the absence of “movement”.

Among these “specific behaviors”, is also that, which is called “radiation” and which is the emission of a brilliant glow, the “EPHEMERAL GLOW ‘SPIRIT’”, in the sense that it is not eternal, but lasts a relatively short time if compared to its analogue (which is eternal and which is) emitted by the “DIVINE SUBSTANCE”. This “EPHEMERAL GLOW ‘SPIRIT’” is visible to “THE EYE OF THE DIVINE”.

As we already mentioned, here too, the “specific process” by which the external element of subsistence is provided to the “Specific Atomic ‘SPIRIT’ Substance” that subsequently produces its “specific work”, is the basis of all the work that “THE DIVINE FORCE” will assign to the creatures that SHE will create into existence in the attribute “NON DIVINE”. Those works will be classified according to the “specific effects” associated with the internal output signals emitted by the “Specific Atomic ‘SPIRIT’ Substance”.

For example, in terms of the production of this “EPHEMERAL GLOW ‘SPIRIT’” emitted by the “Specific Atomic ‘SPIRIT’ Substance”, the “specific process” by which the external element of subsistence is provided to the “Specific Atomic ‘SPIRIT’ Substance” that subsequently produces its “specific work”, and which is still called “ELECTRICITY”, will be the foundation of numerous works.

Among the “specific effects” associated with the “specific behavior”, which is called the “movement”, is that, which is called the “SOUND”, and also is that, which is called the “WIND”.

The “Specific Atomic ‘SPIRIT’ Substance” will thus possess, by inheritance from its constituents “Specific Elementary ‘SPIRIT’ Substances”, a dynamism, a principle of action, an ability to produce this “specific work” which shifts it from the absence of “specific behavior” to the “specific behavior” considered, in short, an “energy” which is called: the energy of the “specific behavior”, — in the case of

מציאות
העולם
הפיזי

the “movement”, it will be that, which is called “kinetic” energy —, which is associated with the “specific work” performed by those “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Atomic ‘SPIRIT’ Substance”, and which is necessary to pass this “Specific Atomic ‘SPIRIT’ Substance” from the absence of “specific behavior” to the “specific behavior” considered. Thus, different denominations are associated with this “specific work” according to the desired “specific behavior”; the example of that, which will be called: “ELECTRICITY”, in all its forms, and which derives from the “movement”, as that “energy” produced by the displacement of the “Specific Elementary ‘SPIRIT’ Particles”, which are carriers of “‘SPIRIT’ specific electrical charges”, and which are constituents of the “Specific Elementary ‘SPIRIT’ Substances”, which themselves are constituents of the “Specific Atomic ‘SPIRIT’ Substance” and which will manifest itself by different phenomena such as attraction and repulsion (static electricity, resulting from accumulation or loss of “‘SPIRIT’ specific electrical charges”), heat, chemical, luminous, magnetic, mechanical (dynamic electricity, resulting from a flow of “‘SPIRIT’ specific electrical charges”), etc...

The magnitude of the manifestation of these “specific effects” and associated “specific behaviors” by the “Specific Atomic ‘SPIRIT’ Substance”, being the result of the combination and a “specific interpretation” of “specific effects” and associated “specific behaviors” of “Specific Elementary ‘SPIRIT’ Substances” constituents, it will of course be higher than those of the constituents taken in on their own as a single unit.

Once produced, the rate of development of the desired “specific behavior”, also called the “momentum” of the desired “specific behavior” depends upon the increase or decrease of the available amount of the “‘SPIRIT’ specific supply of subsistence” of the “Specific Atomic ‘SPIRIT’ Substance”. This “momentum” of the desired “specific behavior” can be kept perpetual, in an equilibrium state, as long as the “‘SPIRIT’ specific supply of subsistence” is sufficiently and perpetually available for the “Specific Atomic ‘SPIRIT’ Substance” to maintain its dynamism.

The “‘SPIRIT’ specific supply of subsistence” is the external “specific supply of subsistence”, in the “‘SPIRIT’ Specific State”, which will allow the “Specific Atomic ‘SPIRIT’ Substance” to maintain its dynamism.

In its equilibrium state, that is to say, that which is associated with the fundamental “‘SPIRIT’ specific supply of subsistence” and with the “movement”, considered in relation to defined benchmarks, and considered in relation to the absence of “movement”, and which has been defined for the “Specific Atomic

‘SPIRIT’ Substance”, the “Specific Elementary ‘SPIRIT’ Substances” constituents of the “Specific Atomic ‘SPIRIT’ Substance” are into existence in pairs revolving around a well-defined center. It is so that, through the execution of their “specific tasks” they maintain the state of equilibrium of the “Specific Atomic ‘SPIRIT’ Substance” in the quality of a manifested metaphor of one of the many stable configurations of “divine particles” — the “Divine Primary Configurations”, the “Divine Secondary Configurations”, the “Divine Tertiary Configurations”, the “Divine Quaternary Configurations”, the “Divine Quinary Configurations”, and the “Divine Senary Configurations” —, which are all contained in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” and which we have already described. It is thus that the property of the “Specific Atomic ‘SPIRIT’ Substance”, which is designated as the “electric charge” — and which will cause it to experience any interaction that, when unopposed, will change the “specific behaviors” and associated “specific effects”, associated with the “movement” of the considered “Specific Atomic ‘SPIRIT’ Substance”, when placed in an electromagnetic field — will reflect the state of equilibrium and it will be equal to zero. Note that the “electric charge” is not necessarily the “‘SPIRIT’ specific supply of subsistence”. When this equilibrium state is disrupted, one or more pairs of the “Specific Elementary ‘SPIRIT’ Substances” constituents of the “Specific Atomic ‘SPIRIT’ Substance” will be broken: the “Specific Atomic ‘SPIRIT’ Substance” either will have a “‘SPIRIT’ specific supply of subsistence” less than its fundamental “‘SPIRIT’ specific supply of subsistence”, in which case it will loose (have a negative “electric charge”, lost) to other “Specific Atomic ‘SPIRIT’ Substances”, or it will have a “‘SPIRIT’ specific supply of subsistence” higher than its fundamental “‘SPIRIT’ specific supply of subsistence”, in which case it will gain (have a positive “electric charge”, gained) from other “Specific Atomic ‘SPIRIT’ Substances”, depending on well-defined “specific circumstances” and it will be transformed into another “Specific Atomic ‘SPIRIT’ Substance” or it will combined with another “Specific Atomic ‘SPIRIT’ Substance”. Such “Specific Atomic ‘SPIRIT’ Substance” that has lost its equilibrium state, also designated as the neutrality of its “electric charge”, will be designated as a “charged” “Specific Atomic ‘SPIRIT’ Substance”.

The speed of reception and transmission of signals by the “Specific Atomic ‘SPIRIT’ Substance” is instantaneous, at the scale of the “Specific Atomic ‘SPIRIT’ Substance”, and it determines the “INTENSITY”, and therefore the “STRENGTH”, of the luminous radiation that will be emitted by this “Specific Atomic ‘SPIRIT’ Substance”.

This speed of reception and transmission of signals, increases and decreases depending upon the amount of the “‘SPIRIT’ specific supply of subsistence”. The higher the “‘SPIRIT’ specific supply of subsistence”, the higher the speed of reception and transmission of “specific signals”.

The higher this speed of reception and transmission of “specific signals”, the more intense and powerful is the luminous radiation emitted by the “Specific Atomic ‘SPIRIT’ Substance”.

When the amount of the “‘SPIRIT’ specific supply of subsistence” is at the maximum limit which is associated to the maximum “‘SPIRIT’ specific supply of subsistence” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, then, this speed of reception and transmission of “specific signals” reaches the maximum limit that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

This maximum limit which is the maximum speed of reception and transmission of “specific signals” from the “Specific Atomic ‘SPIRIT’ Substance” is also billions of times less than the speed of reception and transmission of the same “specific signals” in the “DIVINE SUBSTANCE”.

According to external input signals, received by the “Specific Atomic ‘SPIRIT’ Substance”, the “specific elementary processes” will also associate a color to the luminous radiation of the internal output signal.

With the exception of “specific elementary processes” which “specific work” is to develop a “specific electromagnetic energy field” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance” that they belong to, when at least one of the other “specific elementary processes” of the “Specific Atomic ‘SPIRIT’ Substance” is executing its predefined “specific tasks” in order to produce its “specific work” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has also predefined for the “Specific Atomic ‘SPIRIT’ Substance” which it (the “specific elementary process” considered) belongs to, then, it is said that the “Specific Atomic ‘SPIRIT’ Substance” is “awake”, otherwise it is said that the “Specific Atomic ‘SPIRIT’ Substance” is “asleep”.

In this later case when the “Specific Atomic ‘SPIRIT’ Substance” is “asleep”, none of these other “specific elementary processes” of the “Specific Atomic ‘SPIRIT’ Substance”, that is, of all the “Specific Elementary ‘SPIRIT’ Particles” constituent of the “Specific Elementary ‘SPIRIT’ Substances”, themselves constituent of the “Specific Atomic ‘SPIRIT’ Substances”, is executing its predefined “specific tasks”.

Whether the “Specific Atomic ‘SPIRIT’ Substance” is either “awake” or “asleep”, the “specific work” accomplished by its “specific elementary processes” does not stop, but it is accompanied by a change (decrease) more or less large of its “‘SPIRIT’ specific supply of subsistence”, depending upon whether the “Specific Atomic ‘SPIRIT’ Substance” is either “awake” or “asleep”.

This lack of “‘SPIRIT’ specific supply of subsistence” which ensues from the “specific work” accomplished by the “specific elementary processes”, is always necessary for the proper functioning of the “Specific Atomic ‘SPIRIT’ Substance”, and is still called the “NEED” (or also the “DEFICIT”) of “‘SPIRIT’ specific supply of subsistence” from the “Specific Atomic ‘SPIRIT’ Substance”.

The “Specific Atomic ‘SPIRIT’ Substance” is in a “NEED” (or also a “DEFICIT”) of “‘SPIRIT’ specific supply of subsistence” when at least one of its constituent “Specific Elementary ‘SPIRIT’ Substance” is in a “NEED” (or also a “DEFICIT”) of “‘SPIRIT’ specific supply of subsistence”.

The “‘SPIRIT’ specific supply of subsistence” of the “Specific Atomic ‘SPIRIT’ Substance” is not eternal in the “Specific Atomic ‘SPIRIT’ Substance”, because the “Specific Atomic ‘SPIRIT’ Substance” is attached to the attribute “NON DIVINE”.

It is so that, this “‘SPIRIT’ specific supply of subsistence” exhausts in the “Specific Atomic ‘SPIRIT’ Substance” depending upon the work accomplished by the “specific elementary processes” of the “Specific Atomic ‘SPIRIT’ Substance” and within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for it.

When a “specific elementary process” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Atomic ‘SPIRIT’ Substance” works properly following the principles and rules that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, it is said that this “specific elementary process” is “HOLY”. The “Specific Atomic ‘SPIRIT’ Substance” is “HOLY” when all its “specific elementary processes” are “HOLY”.

If the “‘SPIRIT’ specific supply of subsistence” of the “Specific Atomic ‘SPIRIT’ Substance” passes below of its fundamental “‘SPIRIT’ specific supply of subsistence” necessary to the proper functioning, then, at least one of the “specific elementary processes” will lose its capacity to perform its predefined “specific tasks”; such “specific elementary process” will not function properly following the principles and rules that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, and such “specific elementary process” is said to be “UNHOLY”.

We shall also say that the “Specific Atomic ‘SPIRIT’ Substance” is “UNHOLY” when at least one of its “specific elementary processes” is “UNHOLY”; and therefore, the “Specific Elementary ‘SPIRIT’ Substance” constituent of the “Specific Atomic ‘SPIRIT’ Substance” and containing the “UNHOLY” “specific elementary processes” is also “UNHOLY”, and therefore, the “Specific Elementary ‘SPIRIT’ Particle” constituent of the “UNHOLY” “Specific Elementary ‘SPIRIT’ Substance” and containing the “UNHOLY” “specific elementary processes” is also “UNHOLY”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “‘SPIRIT’ specific supply of subsistence” of the “Specific Atomic ‘SPIRIT’ Substance” so that it can be renewed.

It may be renewed directly by “THE DIVINE FORCE” following reception of “THE WORD OF THE DIVINE” or else it can be continuously renewed following a cycle with seven “transformation steps”, catalyzed by the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance”, and through “The Specific Process of Attachment to ‘THE DIVINE’” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established for the “Specific Atomic ‘SPIRIT’ Substance”.

Each “transformation step” of this cycle is a unique manifestation in the attribute “NON DIVINE” of a metaphor of the seven “transformation steps” of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. Each step of this cycle is completed within a “measure of transformation step” and the seventh “transformation step” is that of completion of the cycle.

“THE SPECIFIC SPIRITUAL FORCE OF LIFE” external and present in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance”, remains of VITAL importance for the survival of the “Specific Atomic ‘SPIRIT’ Substance”.

As noted earlier, it is by “THE SPECIFIC SPIRITUAL FORCE OF LIFE” that products, also known as “fruits”, of “THE TREE OF LIFE” and which are manifestations, in the attribute “NON DIVINE”, of metaphors of supply of subsistence that are provided as a result of the execution of the “Causal Precedence Relation of ‘THE PRAISE’”, will be extracted and provided to the “Specific Atomic ‘SPIRIT’ Substance”, so that this “Specific Atomic ‘SPIRIT’

Substance” remains into existence in the “‘SPIRIT’ Specific State” in the attribute “NON DIVINE”.

These products, also called the “fruits”, of “THE TREE OF LIFE”, are the “‘SPIRIT’ specific supply of subsistence” which are necessary for the proper functioning of the “Specific Elementary ‘SPIRIT’ Particle”, and consequently to the proper functioning of the “Specific Atomic ‘SPIRIT’ Substance”.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” that is present in “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance” is high enough, then, many more “fruits” of “THE TREE OF LIFE” will be extracted and provided to the “Specific Atomic ‘SPIRIT’ Substance” and consequently to its constituents “Specific Elementary ‘SPIRIT’ Substances”.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” that is present in “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance” is not high enough, then, not enough “fruits” of “THE TREE OF LIFE” will be extracted and provided to the “Specific Atomic ‘SPIRIT’ Substance” and consequently to its constituents “Specific Elementary ‘SPIRIT’ Substances” which may then, end up with “‘SPIRIT’ specific supply of subsistence” failure for their proper functioning.

It is worth recalling that “THE SPECIFIC SPIRITUAL FORCE OF LIFE”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” designed it, never perishes and it is eternal; but, THE DEGREE OF PRESENCE of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance” may increase or decrease depending upon whether the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance” becomes permeable or impermeable to “THE SPECIFIC SPIRITUAL FORCE OF LIFE”.

Therefore, the “‘SPIRIT’ specific supply of subsistence” of the “Specific Atomic ‘SPIRIT’ Substance” may vary; decrease or increase not only depending upon the “specific work” accomplished by the “specific elementary processes” of the “Specific Atomic ‘SPIRIT’ Substance” but also depending upon whether the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” increases or decreases.

The repercussions of this degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in “Specific ‘SPIRITUAL’ Environment” external and

immediate around the “Specific Atomic ‘SPIRIT’ Substance” go on all the “Specific Elementary ‘SPIRIT’ Particles” constituent of the “Specific Atomic ‘SPIRIT’ Substance”.

It is also so that the speed of reception and transmission of signals by the “Specific Atomic ‘SPIRIT’ Substance” increases and decreases depending upon the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance”.

The higher the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Substance”, the higher this speed of reception and transmission of “specific signals”.

The higher this speed of reception and transmission of “specific signals”, the more intense and powerful is the luminous radiation emitted by the “Specific Atomic ‘SPIRIT’ Substance”.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance” reaches the limit that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, then, this speed of reception and transmission of “specific signals” reaches the maximum limit which is obtained with the maximum “‘SPIRIT’ specific supply of subsistence”.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is high enough in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance”, then, “THE SPECIFIC SPIRITUAL FORCE OF LIFE” will provide to the “Specific Atomic ‘SPIRIT’ Substance” enough “‘SPIRIT’ specific supply of subsistence” necessary to maintain intact the capacity of all “specific elementary processes”, without exception, to execute their predefined “specific tasks” to produce the “specific work” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has also predefined for the “Specific Atomic ‘SPIRIT’ Substance”.

When “THE SPECIFIC SPIRITUAL FORCE OF LIFE” provides a “‘SPIRIT’ specific supply of subsistence” to the “Specific Atomic ‘SPIRIT’ Substance”, it is then, said that “THE SPECIFIC SPIRITUAL FORCE OF LIFE” “NOURISHES” the “Specific Atomic ‘SPIRIT’ Substance”.

Therefore, it will be said that the “Specific Atomic ‘SPIRIT’ Substance” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER when the “Specific Atomic ‘SPIRIT’ Substance” has a “‘SPIRIT’ specific supply of subsistence” which is not below its fundamental load.

In this case, depending upon external input signals, received by the “Specific Atomic ‘SPIRIT’ Substance”, the color of luminous radiation of the internal output signal that ensues from the work of “specific elementary processes” will be a color belonging to the “Palette of HARMONY” — color palette associated to “‘SPIRIT’ specific supply of subsistence” which are above the fundamental “‘SPIRIT’ specific supply of subsistence” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for proper functioning of the “Specific Atomic ‘SPIRIT’ Substance”.

It is so that, when the “Specific Atomic ‘SPIRIT’ Substance” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, and that furthermore its “‘SPIRIT’ specific supply of subsistence” increases with the passage of time, then, the “Specific Atomic ‘SPIRIT’ Substance” will be overcharged, following the same steps of “‘SPIRIT’ specific supply of subsistence” of the “Specific Elementary ‘SPIRIT’ Particle” but succeeding to the birth of the “Specific Atomic ‘SPIRIT’ Substance”, to the maximum extent of the “‘SPIRIT’ specific supply of subsistence” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

The birth of the “Specific Atomic ‘SPIRIT’ Substance” is associated with the “‘SPIRIT’ specific supply of subsistence step” of the “Specific Elementary ‘SPIRIT’ Particle” in which was born the second “Specific Elementary ‘SPIRIT’ Substance” constituent of the “Specific Atomic ‘SPIRIT’ Substance”.

The “Specific Atomic ‘SPIRIT’ Substance” being in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, the more its “‘SPIRIT’ specific supply of subsistence” increases with the passage of time, the more the following steps of “‘SPIRIT’ specific supply of subsistence” will be reached, and the more this special “specific event” of scission will occur, and thus producing into existence several other separate “Specific Elementary ‘SPIRIT’ Particles” identical to the “Specific Elementary ‘SPIRIT’ Particle” of origin which they are produced from, and strengthening forms of “Specific Elementary ‘SPIRIT’ Substances” constituents of the “Specific Atomic ‘SPIRIT’ Substance”.

It is so that, the “Specific Atomic ‘SPIRIT’ Substance” will sprout and grow further towards “specific maturity limit” that “THE DIVINE ARCHITECT AND

PROJECT MASTER” has established and beyond which a “Specific Elementary ‘SPIRIT’ Particle” will no longer split.

The last “‘SPIRIT’ specific supply of subsistence step” is associated with this “specific maturity limit” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established and beyond which a “Specific Elementary ‘SPIRIT’ Particle” will no longer split.

It is at this last “‘SPIRIT’ specific supply of subsistence step” that the “Specific Atomic ‘SPIRIT’ Substance” will mature and consolidate at the atomic scale in a whole distinguished into parts of “Specific Elementary ‘SPIRIT’ Substances”, and the total set of “Specific Atomic ‘SPIRIT’ Substances”, that have been generated until this last “‘SPIRIT’ specific supply of subsistence step” and “specific maturity limit” will take its final form, which will be a manifestation of a metaphor of equilibrium configurations of “Divine Particles”; that is, a manifestation of a metaphor of a “DIVINE PRIMARY WEALTH”.¹⁰⁴

The “Specific Atomic ‘SPIRIT’ Substance” being in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, its “‘SPIRIT’ specific supply of subsistence” may increase beyond this “specific maturity limit” with the passage of time until it reaches a surplus equal to its fundamental “‘SPIRIT’ specific supply of subsistence”; that is, its “‘SPIRIT’ specific supply of subsistence” that it had acquired at “specific maturity limit”.

¹⁰⁴ Continuation of the profound explanation of what CHRIST, when he lived on Earth down here, had explained this on a large scale, at the scale of the human creature, by the parable of the growing seed when HE said, using by analogy, the terms of things that humans are familiar with, so that they can develop their understanding of the Project of “THE DIVINE”, IHVH, our FATHER:

“...

The “Kingdom of God” is like a field where a Man casts seed into the ground; whether it is asleep or awoken, night and day, the seed sprouts and grows without it being known how.

The earth produces by itself, first the herb, then, the cob, finally the flower formed in the cob; and when the flower is ripe, at once the sickle is used, because the harvest has come.

...”

Read more in the section concerning the details of annotations — Annotation on the parable of the growing seed.

When this occurs, then, a second special “specific event”, just as unique and fantastic as the first “specific event” which was called “BIRTH”, will take place: a new “Specific Atomic ‘SPIRIT’ Substance” appears into existence.

This new “Specific Atomic ‘SPIRIT’ Substance” is also identical to the “Specific Atomic ‘SPIRIT’ Substance” of origin from which it appeared into existence and its “‘SPIRIT’ specific supply of subsistence” is equal to the fundamental “‘SPIRIT’ specific supply of subsistence” of its “Specific Atomic ‘SPIRIT’ Substance” of origin, and the “Specific Atomic ‘SPIRIT’ Substance” of origin whose “‘SPIRIT’ specific supply of subsistence” was in surplus, retrieves its “‘SPIRIT’ specific supply of subsistence” acquired at the “specific maturity limit”.

The “specific electromagnetic energy fields” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance” and around this new “Specific Atomic ‘SPIRIT’ Substance” will come into action and establish a “specific cohesion” which will hold them together. It is the birth of a new substance, in “HARMONY” with “THE DIVINE”, IHVH, our FATHER. This second miracle, this second special “specific event”, unique and just as fantastic as that of “BIRTH”, is called: “EXPANSION”.

Whereas the “specific event” which is called “BIRTH” follows a “birth system”, which is manifested by the “binary system”, the “specific event” which is called “EXPANSION” on the other hand follows an “expansion and contraction system”, which can be manifested in several ways through application of the concept of “movement”, considered in its manifestations under all its forms and all scales, and the state of equilibrium expected from the “movement”. An “expansion and contraction system” is a system, which illustrates the stable contracting and the expanding elements of quantities and their patterns, through “modular arithmetic”¹⁰⁵. In an “expansion and contraction system”, the “movement”,

¹⁰⁵ Modular arithmetic is the arithmetic of any non-trivial homomorphic images of the ring of integers. In modular arithmetic, the numerals which are dealt with are only integers and the operations that are used are only addition, subtraction, multiplication and division. In modular arithmetic, the numbers in some sense “wrap around” upon reaching a certain value, which is designated as the modulus.

A homomorphism is a map (or a special correspondence) between two algebraic structures, such as two groups, two rings, or two fields, of the same type (that is to say, of the same name), which preserves the operations of the structures. Two homomorphic systems have the same basic structure, and, while their elements and operations may appear entirely different, the results on one system often apply as well to the other system. Thus, if a new system can be shown to be homomorphic to a known system, certain known features of one

considered in its manifestations under all its forms and all scales, and the state of equilibrium expected from the “movement”, always follows curved, rotating, spiral patterns, never straight and linear patterns. This allows such “movement” to flow harmoniously and to promote an optimum flow of the “specific behavior” of quantities transported or affected by such “movement”.¹⁰⁶ As you would have noticed, “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, which we have illustrated in the previous chapters, is an “expansion and contraction system”, which has been explained for our understanding, using modular arithmetic. An example of “expansion and contraction system”, which you are already familiar with, is the “helix and spiral system”¹⁰⁷.

can be applied to the other, thereby simplifying the analysis of the new system. In a homomorphism, corresponding elements of two systems behave very similarly in combination with other corresponding elements, and the homomorphic image of a group is a group. As a homomorphism is a mapping, the homomorphic image of a group is defined in the same way as the image of a mapping.

¹⁰⁶ If you observe attentively, at the atomic or molecular scale, the movement of molecules of water in a river stream, you will notice that each molecule follows a curved, rotating, and spiral pattern, and rarely a straight and linear pattern. The synergy produced from the movement of the many water molecules gives the stream its harmonious appearance. You can also observe similar property with the red blood cells in the blood flow.

¹⁰⁷ A helix is a curve that winds around a median axis, cutting the generatrices at a constant angle. When such a curve, which winds regularly around a median axis, emanates from a well-defined point (a generative point) on the median axis and deviates more and more from that axis as it revolves around that axis, it defines that, which is designated as a spiral. In a spiral, each of the turns of the curve is called a coil. The spiral comes in many variants that can be classified into 4 main forms: flat spirals, conical spirals and vortexes, cylindrical spirals or helices, and the serpentine or wavy (meandering) form that is derived from the helix. A spiral can always be extended and it can have an infinite number of coils.

The continuity between the plane spiral and the conical spiral is defined by the raising (or sagging) of the center outside the base plane. If the central end is lifted crosswise, and not vertically, an inclined conical spiral is obtained. Like the plane spiral from which it derives, the conical spiral takes us from a center outwards (unless we run it in the other direction). But the center is now marked by a point, a vertex. The term vortex is used to denote the

As you would know already, a “binary system”, or “base-2 system”¹⁰⁸, is any system in which there are just two possible states, which therefore can be designated using only two symbols to represent quantities and their patterns. In a binary system, each quantity is represented as a power of 2. A “helix and spiral system” is defined through “closure” of the set of single-digit numbers by an appropriate “closure” map. For example, from the decimal numeral system (also called the base-10 positional numeral system, or decanary), a simple “reduction or contraction map” can be defined by the association of any positive integer number to the sum of its coefficients of the base-10 representation, and which is the sum of its constituents single-digit numbers. A “closure” map on the set {0, 1, 2, 3, 4, 5, 6, 7, 8, 9} of single-digit numbers, in the decimal numeral system, can be defined by the expansion in powers of 2, combined with a repeated application of this simple “reduction or contraction map”, until an integer less than the base is obtained. The repeated pattern of single-digit numbers, which emerges from this “closure” map, is associated with the constituent elements of “THE DIVINE

spiral movement of a liquid or gaseous fluid, or even the movement of particles and waves. In popular parlance, a conical spiral that manifests itself in a moving liquid is a vortex. If the conical spiral manifests itself in a deformable object that is twisted, it is a swirl or twist. If the cone extends beyond its point in a double cone, the spiral which emerges on its surface has two symmetrical parts. You can start the journey on this spiral by entering through one of the bases, then approaching the center, crossing it and heading outwards through the other base.

Application of the “helix and spiral system” will be manifested at all scales throughout some plants families, and of course throughout the human creature. When plants are growing, the arrangement of their leaves, flowers, or thorns is geometrically presented in two ways. Either they are arranged in groups of 2 facing each other, or they are born one after the other and they are arranged in a spiral. This is the case, for example, of the sunflower flower, the pine cone, or the stalk of celery.

The spiral is formed because of the growth pattern of each of the leaves, flowers or thorns. Take the example of the celery stalk. During the growth process, leaf blanks, composed of still undifferentiated cells, develop one after the other on a conical prominence at the top of the stem. When a new petiole (leaf stem) is born on this point, it is in the space left free by the previous two (for example, leaf 3 is placed between 1 and 2). Older shoots grow larger as they move away from the center at a rate that can be considered approximately continuous and constant. The resulting structure comprises several spirals which rotate either in the dextrorotatory direction or in the levorotatory direction.

¹⁰⁸ In a positional numeral system, the radix, or base, is the number of unique digits, including the digit zero, used to represent numbers. For example, for the decimal/denary system (the most common system in use today) the radix (base number) is ten, because it uses the ten digits from 0 through 9.

SUPREME CONFIGURATION” of seven “Divine Particles”: it also defines pattern for “EXPANSION” of some quantities, which are produced in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

Concretely, consider a unique quantity, designated for example as a “Specific Atomic ‘SPIRIT’ Substance”, and represent it symbolically using the single-digit “1” in the “base-10 system”. Expand or multiply its “‘SPIRIT’ specific supply of subsistence” by 2 and you get 2 of that unique quantity as a result of the “specific event” which is called “BIRTH”. Expand or multiply the resulting “‘SPIRIT’ specific supply of subsistence” once more by 2 and you get 4 of that unique quantity. Again, expand or multiply the resulting “‘SPIRIT’ specific supply of subsistence” by 2 and you get 8 of that unique quantity.

During this “EXPANSION”, the “specific work” performed by the “Specific Atomic ‘SPIRIT’ Substance”, which is the unique quantity under consideration in this example, will also increase. As we have already indicated, this unique quantity under consideration possesses a dynamism, a principle of action, an ability to produce this “specific work” which shifts it from the absence of “specific behavior” to the “specific behavior” considered, in short, an “energy” which is called: the energy of the “specific behavior”, — in the case of the “movement”, it will be that, which is called “kinetic” energy —, which is associated with the “specific work” performed by those “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Atomic ‘SPIRIT’ Substance”, and which is necessary to pass this “Specific Atomic ‘SPIRIT’ Substance” from the absence of “specific behavior” to the “specific behavior” considered. Thus, different denominations are associated with this “specific work” according to the desired “specific behavior”; the example of that, which will be called: “ELECTRICITY”, in all its forms, and which derives from the “movement”, as that “energy” produced by the displacement of the “Specific Elementary ‘SPIRIT’ Particles”, which are carriers of “‘SPIRIT’ specific electrical charges”, and which are constituents of the “Specific Elementary ‘SPIRIT’ Substances”, which themselves are constituents of the “Specific Atomic ‘SPIRIT’ Substance” and which will manifest itself by different phenomena such as attraction and repulsion (static electricity, resulting from accumulation or loss of “‘SPIRIT’ specific electrical charges”), heat, chemical, luminous, magnetic, mechanical (dynamic electricity, resulting from a flow of “‘SPIRIT’ specific electrical charges”), etc...

Now, again, expand or multiply the resulting “‘SPIRIT’ specific supply of subsistence” by 2 and you get 16 of that unique quantity. But, the symbol “16” is two digits symbol, its coefficients in the base-10 representation ($16 = 6 \times 10^0 +$

1×10^1) are “6” and “1”, and you only want single-digit symbols to represent your quantities and their patterns and to maintain the “closure” of your single-digit set $\{0, 1, 2, 3, 4, 5, 6, 7, 8, 9\}$ of symbols. Thus, you “reduce or contract” this two digits symbol “16” to a single-digit symbol by using the appropriate “reduction or contraction map”, which is be defined by the association of any positive integer number to the sum of its coefficients of the base-10 representation, and which is the sum of its constituents single-digit numbers. Thus, the “two-digits” symbol “16” (“1” and “6”) of the unique quantity under consideration is therefore “reduced or contracted” to the single-digit symbol “7” (“1”+“6”).

M This “reduction or contraction” is in fact an expression of liberating the surpluses of products of the “specific work” performed by the “Specific Atomic ‘SPIRIT’ Substance”, which is the unique quantity under consideration in this example. These liberated surpluses of products of the “specific work” performed by the unique quantity under consideration can be harvested and directed for use elsewhere in the surrounding of the unique quantity under consideration, in much the same manner as we have explained regarding the “divine work” performed by the “Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” and which are transferred to the “Divine Equilibrium Zones”, or they can be transformed and reused in the form of “‘SPIRIT’ specific supply of subsistence”.

D Expand or multiply the resulting “‘SPIRIT’ specific supply of subsistence” of this reduced quantity by 2, and you get 14 of that unique quantity under consideration. Again, apply the “reduction or contraction map” to this “two digits” quantity by adding its constituents single-digit numbers together (“1”+“4”), and you get the single-digit symbol “5” of the unique quantity under consideration. As the products of the “specific work” performed by the unique quantity under consideration gradually increase with “EXPANSION”, this “reduction or contraction” is still an expression of liberating their surpluses, which can be harvested and directed for use elsewhere in the surrounding of the unique quantity under consideration or they can be transformed and reused in the form of “‘SPIRIT’ specific supply of subsistence”.

Again, expand or multiply the resulting “‘SPIRIT’ specific supply of subsistence” of this reduced quantity by 2, and you get 10 of that unique quantity under consideration. Apply the “reduction or contraction map” to this “two digits” quantity by adding its constituents single-digit numbers together (“1”+“0”), and you get the single-digit symbol “1” of the unique quantity under consideration, and you are thus back to the starting point. Again, as the products of the “specific work” performed by the unique quantity under consideration gradually increase

with “EXPANSION”, this “reduction or contraction” is an expression of liberating their remaining surpluses, which can be harvested and directed for use elsewhere in the surrounding of the unique quantity under consideration or they can be transformed and reused in the form of “SPIRIT” specific supply of subsistence”.

In this manner, starting from a unique quantity and based on the simple operations of expansion or multiplication by 2, combined with a repeated application of the simple “reduction or contraction map” indicated hereabove, you will define a “helix and spiral system” for the unique quantity, designated for example as a “Specific Atomic ‘SPIRIT’ Substance”. You will have a repeating sequence or a pattern of the contracting and the expanding elements of quantities, which is based on the six states of the considered quantity, which are represented by the symbols: 1, 2, 4, 8, 7, 5. Most of the “helix and spiral system”, which are defined on the single-digit set {0, 1, 2, 3, 4, 5, 6, 7, 8, 9} of symbols, are in bijective correspondence with this “helix and spiral system”, which is based on the simple operations of expansion or multiplication by 2, combined with a repeated application of the simple “reduction or contraction map” indicated hereabove. As you would know already, the angle of succession (or the divergence angle) in a single spiral arrangement is also expressed using an expansion in “continued fractions”¹⁰⁹. This makes it possible to establish, from the denominators of these

¹⁰⁹ The continued fraction representation of a number is a sum of two terms. The first is the number’s integer part. The second is recursively defined as the reciprocal of the continued fraction form of the reciprocal of the original number’s fractional part. In other words, a continued fraction is a fraction made of fractions, which are added up in a special way, and which may go on for ever. A simple continued fraction is an expression in the form:

$$a_0 + \frac{1}{a_1 + \frac{1}{a_2 + \frac{1}{\ddots + \frac{1}{a_n + \ddots}}}}$$

Here, the $a_0, a_1, a_2, a_n, \dots$, are non-negative integers, which are also designated as the coefficients of the continued fraction. Of particular interest, is the case where all coefficients of the continued fraction have the same value 1. This continued fraction, with coefficients equal to unity, will govern the structure of the smallest substance, constituent of the world in which you live, and consequently the patterns in all their forms, of the structures, which “THE DIVINE FORCE” will produce into existence in that substance. The application of this continued fraction, with coefficients equal to unity, can be observed in the formation of structures called “plants”, having a primordium and an apex. A plant

fractions, the number of coils that must be used for the next arrangement in the unfolding of the “specific event” of “EXPANSION”. These six states, represented by the symbols 1, 2, 4, 8, 7, 5, of the “helix and spiral system” described hereabove, are associated with the six “Formative Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”: three “Formative Divine Particles”, which are designated by the symbols 1, 2, 4 on the one side of the “Generative Divine Particle” and three “Formative Divine Particles”, which are designated by the symbols 8, 7, 5 on the other side of the “Generative Divine Particle”. In this “helix and spiral system”, the single-digit symbols 3, 6, and 9 are not directly in the pattern, which defines this “helix and spiral system”; they are used to govern the orientation and pace of the

מציאות
הצורה
הספיר

primordium is the simplest set of cells capable of triggering growth of a potential part of the plant and the initial foundation from which a part of the plant is able to develop; it is a still undifferentiated area of growth that multiplies through “EXPANSION” to form the outline of part of a plant. The primordium can develop and become, depending on the species, a scale (e.g. pine cone), stamen (e.g. sunflower), leaf, etc... It is from the primordium that the various spirals of the plant are formed. The apex, a circular region, constitutes the center of the plant, the starting point of the primordia, which will grow while respecting a constant angle of rotation (the angle of divergence, the angle of separation between two leaves) and in respecting the regular interval between the different seeds. This divergence angle tends towards this continued fraction, with coefficients equal to unity. As the plant grows, through application of the concepts of the “movement”, considered in its manifestations under all its forms and all scales, and the state of equilibrium expected from the “movement”, the primordia will be moved to the periphery and away from the apex so that new ones can take their place and thus allow the plant to grow larger. The more turns the generator spiral, the more knots there are. This will force the buds to be placed as far apart as possible and ensure that no leaf is ever placed immediately on top of another; this will minimize the effects of cast shadows and the plant will then obtain maximum solar luminous radiation and room for optimal growth. This will also allow the leaves to have a greater volume of air, which will better capture carbon dioxide. This will give the plant an optimization of photosynthesis. This last point is only valid for autotrophic plants because they are those which can from mineral matter produce organic matter. It is thus that the different primordia of the “plants” will be organized by “EXPANSION” in order to have an arrangement that makes the most of the space.

Every number, rational or irrational, can be written as a continued fraction, and there are exactly two ways of writing any rational number as a finite simple continued fraction. Rational numbers can be represented by finite continued fractions while irrationals require infinitely deep representations. In a finite continued fraction (or terminated continued fraction), the iteration/recursion is terminated after finitely many steps by using an integer in lieu of another continued fraction. In contrast, an infinite continued fraction is an infinite expression.

“EXPANSION” of the considered quantity. A simple way to visualize the “helix and spiral system” is to draw a circle (also designated as the perfect form on a two-dimensional plane), place the single-digit numbers 1 through 9, at equal distances around the perimeter of a circle.

Then draw an arrow from a number to its appropriate reduced single-digit resulting from the simple operations of expansion or multiplication and followed by the “reduction or contraction map”. These three single-digit symbols can be considered as “identity” elements in the group of elements represented by single-digit symbols and governed by the simple operations of expansion or multiplication by 2, combined with a repeated application of the simple “reduction or contraction map” indicated hereabove: 3 and 6 are in a symmetry identity, as they swap places. The state of a considered quantity associated with the symbol 3 governs the three “Formative Divine Particles”, which are designated by the symbols 1, 2, 4, and the state of a considered quantity associated with the symbol 6 governs the three “Formative Divine Particles”, which are designated by the symbols 8, 7, 5. The state of a considered quantity associated with the symbol 9 is a true “identity”, the “cardinal point”, which governs both the states associated with the single-digit symbols 3 and 6, and the manifested characteristic dimensions of each of the seven “Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of one “Generative Divine Particle” and six “Formative Divine Particles” are contracted or expanded to match the definition of identity at the state 9: they all scale back, reduce or contract to the single-digit symbol “9”.

As we have indicated already, “THE DIVINE SUPREME CONFIGURATION” of one “Generative Divine Particle” and six “Formative Divine Particles” is characterized by one configuration in one movement and by one state of equilibrium which is obtained from the movement. The movement is described by

the seven “Divine Particles” constituent of “THE DIVINE SUPREME CONFIGURATION” — one “Generative Divine Particle” and six “Formative Divine Particles” —: it is “THE ABSOLUTE MOVEMENT”. It defines that which is called: “time”, and which is the measure of the span of those “transformation steps” and “transformation sub-steps”, in this “DIVINE SUPREME CONFIGURATION”. At the basis of “THE ABSOLUTE MOVEMENT” are the “specific event” of “BIRTH”, which follows a “birth system”, which is manifested by the “binary system”, and the “specific event” of “EXPANSION”, which follows an “expansion and contraction system”, with many amazing features.

משי

When the “Specific Atomic ‘SPIRIT’ Substance” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, in response to “specific signals” generated by the successive series of reception and transmission and depending upon external signals input and depending upon the amount of its “‘SPIRIT’ specific supply of subsistence”, the “Specific Atomic ‘SPIRIT’ Substance” will emit an internal output signal which is accompanied by a much more luminous radiation, which is an “EPHEMERAL GLOW ‘SPIRIT’” much more intense and powerful, as a result of the combination of luminous radiation from its “Specific Elementary ‘SPIRIT’ Substances”, and following processes that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed.

סגור

When the “Specific Atomic ‘SPIRIT’ Substance” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, IF the external input signal received by the “Specific Atomic ‘SPIRIT’ Substance” is “PURE”, then, all the “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Atomic ‘SPIRIT’ Substance” will perfectly execute their predefined “specific tasks” and they will produce the “specific work” that HE has also predefined for the “Specific Atomic ‘SPIRIT’ Substance”.

The “specific work” produced is emitted in the form of an internal output signal which is accompanied by a sufficient luminous radiation, of a color belonging to the “Palette of HARMONY”, and it manifests itself also instantly by the appearance of an effect of harmony in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance”.

It is a behavior inherited from the “Specific Elementary ‘SPIRIT’ Substance” and that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific elementary processes” of the “Specific Atomic ‘SPIRIT’ Substance”.

Just as with the “Specific Elementary ‘SPIRIT’ Substance”, this behavior, depending upon the external “specific signal” input, is consistent and can express

manifestations of metaphors of the “SUPREME STATE OF EQUILIBRIUM” of “THE DIVINE”: “HAPPINESS”, “JOY”, “LAUGHTER”, “SMILE”, “CHEERFULNESS”, etc...

All “specific behaviours” that a “Specific Atomic ‘SPIRIT’ Substance” can execute have been designed and predefined within the “Specific Atomic ‘SPIRIT’ Substance” by “THE DIVINE ARCHITECT AND PROJECT MASTER”.

When the “Specific Atomic ‘SPIRIT’ Substance” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, IF the external input signal received by the “Specific Atomic ‘SPIRIT’ Substance” is “IMPURE”, then, the “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Atomic ‘SPIRIT’ Substance”, and which are tasked to receive first and foremost external signals, will reject this external signal input which is “IMPURE”.

This rejection is a “specific mechanism” of survival, inner to the “Specific Atomic ‘SPIRIT’ Substance”. It occurs instantly through a blocking effect in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance”, thus creating a protective “shield”: the “SPIRITUAL SHIELD”.

The appearing of the “SPIRITUAL SHIELD” is a behavior inherited from the “Specific Elementary ‘SPIRIT’ Particle” and that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific elementary processes” of the “Specific Atomic ‘SPIRIT’ Substance” and for the survival of the “Specific Atomic ‘SPIRIT’ Substance”.

This behavior inherited from the “Specific Elementary ‘SPIRIT’ Particle” is part of the basic “Survival Instincts” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific elementary processes” of the “Specific Atomic ‘SPIRIT’ Substance”.

When the “Specific Atomic ‘SPIRIT’ Substance” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, and that furthermore its “‘SPIRIT’ specific supply of subsistence” is sufficiently high, then, the blocking effect that occurs instantly in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance” following to this rejection is increasingly robust and is still called “THE WRATH”.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is not high enough in the “Specific ‘SPIRITUAL’ Environment” external and

immediate around the “Specific Atomic ‘SPIRIT’ Substance”, then, “THE SPECIFIC SPIRITUAL FORCE OF LIFE” will not be able to provide to the “Specific Atomic ‘SPIRIT’ Substance” enough “‘SPIRIT’ specific supply of subsistence” necessary to its proper functioning; that is, the “Specific Atomic ‘SPIRIT’ Substance” will not be sufficiently “NOURISHED” by “THE SPECIFIC SPIRITUAL FORCE OF LIFE”.

It is then, that at least one or more of the “specific elementary processes” of the “Specific Atomic ‘SPIRIT’ Substance” will lose their capacity to perform their predefined “specific tasks”.

Therefore, the “specific work” accomplished by its “specific elementary processes” will be much more unpredictable than it was with the “Specific Elementary ‘SPIRIT’ Substance”, and with the “Specific Elementary ‘SPIRIT’ Particle” on a smaller scale, although it is always accompanied by a variation (decrease) of its “‘SPIRIT’ specific supply of subsistence”.

We shall say that the “Specific Atomic ‘SPIRIT’ Substance” is “SICK”; it is suffering from a “DISEASE” caused by failure of the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance”. The type of “DISEASE” is directly associated with these “specific elementary processes” of the “Specific Atomic ‘SPIRIT’ Substance”, which have lost their capacity to perform their predefined “specific tasks”.

We shall also say that the “Specific Atomic ‘SPIRIT’ Substance” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, when the “Specific Atomic ‘SPIRIT’ Substance” has a “‘SPIRIT’ specific supply of subsistence” which is below its fundamental load.

This occurs when the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is not high enough in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance”.

In this case, depending upon external input signals, received by the “Specific Atomic ‘SPIRIT’ Substance”, the color of luminous radiation of the internal output signal that ensues from the work of “specific elementary processes” will be a color belonging to the “Palette of CHAOS” — color palette associated to “‘SPIRIT’ specific supply of subsistence” which are below the fundamental “‘SPIRIT’ specific supply of subsistence” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for proper functioning of the “Specific Atomic ‘SPIRIT’ Substance”.

When the “Specific Atomic ‘SPIRIT’ Substance” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, then, at least one of the “Specific Elementary ‘SPIRIT’ Particle” constituent of the “Specific Atomic ‘SPIRIT’ Substance” will be in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”.

It is then, that at least one or several of the “specific elementary processes” of the “Specific Elementary ‘SPIRIT’ Particle” which is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, will lose their capacity to perform their predefined “specific tasks”.

Therefore, the “specific work” accomplished by its “specific elementary processes” will be unpredictable, although it is always accompanied by a variation (decrease) of its “‘SPIRIT’ specific supply of subsistence”.

When become “UNHOLY” the “specific elementary processes” of this “Specific Elementary ‘SPIRIT’ Particle” constituent of the “Specific Atomic ‘SPIRIT’ Substance”, which “specific work” is to develop a “specific electromagnetic energy field” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around this “Specific Elementary ‘SPIRIT’ Particle” to which they belong, then, will be put at risk the preservation of cohesion of this “Specific Elementary ‘SPIRIT’ Particle” with the remaining of “Specific Elementary ‘SPIRIT’ Particles” that are still in “HARMONY” with “THE DIVINE”, IHVH, our FATHER and are constituent of the “Specific Atomic ‘SPIRIT’ Substance”.

Therefore, the development of the programmed form of the “Specific Atomic ‘SPIRIT’ Substance” in the “Specific ‘SPIRITUAL’ Environment” will also be affected or so distorted.

When the “Specific Atomic ‘SPIRIT’ Substance” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, then, the “‘SPIRIT’ specific supply of subsistence” of the “Specific Atomic ‘SPIRIT’ Substance” could therefore be exhausted within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for it.

When the “‘SPIRIT’ specific supply of subsistence” is null, the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance” is null, then, all “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has placed in this “Specific Atomic

‘SPIRIT’ Substance” are rendered inactive and the “Specific Atomic ‘SPIRIT’ Substance” will neither be able to receive nor to emit “specific signals” designed and predefined in it by “THE DIVINE ARCHITECT AND PROJECT MASTER”.

Then, the colour of luminous radiation that it will emit is the color “BLACK” absolute, indicating “TOTAL ABSENCE OF LIFE”.

To avoid that the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance” diminishes and becomes insufficient, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and provided “The Specific Process of Attachment to ‘THE DIVINE’”.

It is through “The Specific Process of Attachment to ‘THE DIVINE’” that the “Causal Precedence Relation of ‘THE PRAISE’” will be executed in order to avoid that the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance” becomes impermeable to “THE SPECIFIC SPIRITUAL FORCE OF LIFE”.

When the “Specific Atomic ‘SPIRIT’ Substance” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, it will not function like “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it for. It is so that, its internal “specific mechanism” which allows rejecting “IMPURE” external signals input will not work as it should and will let these “IMPURE” external signals input through.

Although all the “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in such a “Specific Atomic ‘SPIRIT’ Substance” for its proper functioning will always be present in it, this “Specific Atomic ‘SPIRIT’ Substance” will not have enough “‘SPIRIT’ specific supply of subsistence” to keep these “specific elementary processes” running.

Therefore, by further decreasing the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance”, more and more “Specific Elementary ‘SPIRIT’ Particles” constituent of the “Specific Atomic ‘SPIRIT’ Substance”, throughout layers of “Specific Elementary ‘SPIRIT’ Substance”, will lose their “HARMONY” with “THE DIVINE”, IHVH, our FATHER.

Therefore, the speed of reception and transmission of signals in the “Specific Elementary ‘SPIRIT’ Particles”, and consequently in the “Specific Elementary

‘SPIRIT’ Substances” containing those “Specific Elementary ‘SPIRIT’ Particles”, that are in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, and between the layers of “Specific Elementary ‘SPIRIT’ Substances” constituents of the “Specific Atomic ‘SPIRIT’ Substance” and passing through these “Specific Elementary ‘SPIRIT’ Substances” constituent that are not in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, will further decrease. And as a result, the luminous radiation emitted by the “Specific Atomic ‘SPIRIT’ Substance” will be much less intense and powerful.

Therefore, by “processing” these “IMPURE” external signals input through its “UNHOLY” processes, it will emit “IMPURE” internal output signals, in return.

It is so that, such a “Specific Atomic ‘SPIRIT’ Substance” which is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, will emit “distress signals” throughout its outer surface and that come instantly with a less luminous radiation and with a color belonging to the “Palette of CHAOS”, that is, that of dark colors, so that an external action be taken to remedy this situation and restore “HARMONY” with “THE DIVINE”, IHVH, our FATHER.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance” is not sufficient, then, only the addition or transfer of “‘SPIRIT’ specific supply of subsistence” to the “Specific Atomic ‘SPIRIT’ Substance” from another pure enough external force can prevent and stop the spread of this effect of “POISON” through the “Specific Elementary ‘SPIRIT’ Particles” and consequently through the “Specific Elementary ‘SPIRIT’ Substances” constituents of the “Specific Atomic ‘SPIRIT’ Substance”.

This addition or transfer of “‘SPIRIT’ specific supply of subsistence” to the “Specific Atomic ‘SPIRIT’ Substance” from another pure enough external force, to restore the “HARMONY” of the “Specific Atomic ‘SPIRIT’ Substance” with “THE DIVINE”, IHVH, our FATHER, is achieved through “specific mechanisms” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established for this purpose.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance” is not sufficient, then, if no external action is taken to increase the degree of presence of “THE SPECIFIC SPIRITUAL FORCE

OF LIFE” in that environment, through the external “specific mechanisms” which allow to do so and that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and provided, then, the “‘SPIRIT’ specific supply of subsistence” of the “Specific Atomic ‘SPIRIT’ Substance” will decrease and exhaust within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

The emission of a “distress signal” is still a “specific mechanism” of survival, inner to the “Specific Atomic ‘SPIRIT’ Substance”. It occurs instantly by a vibration/trembling effect in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance”.

It is also a behavior, inherited from the “Specific Elementary ‘SPIRIT’ Particle”, that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific elementary processes” of the “Specific Atomic ‘SPIRIT’ Substance” and for the survival of the “Specific Elementary ‘SPIRIT’ Substance”.

This behavior is part of the basic “Survival Instincts” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific elementary processes” of the “Specific Atomic ‘SPIRIT’ Substance”.

The effect of vibration/trembling that occurs instantly in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance” following the emission of a “distress signal” is still called: “PAIN”.

It is so that, IF the external input signal received by the “Specific Atomic ‘SPIRIT’ Substance” is “IMPURE”, then, the “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Atomic ‘SPIRIT’ Substance” will fail to work as they should, and the “SPIRITUAL SHIELD” will let some of these “IMPURE” external signals input through. The “WRATH” will not be anymore present around this “Specific Atomic ‘SPIRIT’ Substance”.

The effect of eroded blocking that occurs instantly in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance”, accompanied by the “distress signals” emitted by the “Specific Atomic ‘SPIRIT’ Substance” that ensues from this eroded blocking is still called: “ANGER”.

As we have already indicated concerning the “Specific Elementary ‘SPIRIT’ Particle”, in the presence of “IMPURE” external input signals, the difference between “WRATH” and “ANGER” is determined by the degree of presence of

“THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance”.

“ANGER” does not exist when the “Specific Atomic ‘SPIRIT’ Substance” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER and in this case, only “WRATH” will be present around this “Specific Atomic ‘SPIRIT’ Substance” following the rejection of “IMPURE” external signals input at the entrance to the “Specific Atomic ‘SPIRIT’ Substance”.

From the perspective of the stream flow of signals, throughout the “Specific Atomic ‘SPIRIT’ Substance”, “WRATH” is upstream all around following the protection against “IMPURE” external signals and when it is absent then, “ANGER” will be downstream and coming out along with the results of processing “IMPURE” external signals input that came through. “WRATH” and “ANGER” will not be present simultaneously in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance”.

When the “Specific Atomic ‘SPIRIT’ Substance” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, then, the set of external actions taken in order to increase the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance” and restore “HARMONY” of the “Specific Atomic ‘SPIRIT’ Substance” with “THE DIVINE”, IHVH, our FATHER, is called “THE COMBAT” for the “Specific Atomic ‘SPIRIT’ Substance”.

יצירה לספר

CHAPTER 088

FROM THE "SPECIFIC ELEMENTARY 'SPIRIT' SUBSTANCE" TO THE "SPECIFIC ATOMIC
'SPIRIT' SUBSTANCE"

CHAPTER 089

FROM THE “SPECIFIC ATOMIC ‘SPIRIT’ SUBSTANCE” TO THE “SPECIFIC ENERGY ‘SPIRIT’ DOMAIN”

It is worth recalling again that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “Specific Elementary ‘SPIRIT’ Particle” and has endowed it with a fundamental “‘SPIRIT’ specific supply of subsistence” allowing it to maintain intact the capacity of all its “specific elementary processes”, without exception, to execute their predefined “specific tasks” to produce the “specific work” that HE has also predefined for the “Specific Elementary ‘SPIRIT’ Particle”.

When the “Specific Elementary ‘SPIRIT’ Particle” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, and that furthermore its “‘SPIRIT’ specific supply of subsistence” increases with the passage of time, then, the “Specific Elementary ‘SPIRIT’ Particle” will be overcharged, following some steps of “‘SPIRIT’ specific supply of subsistence”, to the maximum extent of the “‘SPIRIT’ specific supply of subsistence” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

Through these steps of “‘SPIRIT’ specific supply of subsistence” until the “specific maturity limit”, multiple occurrences of the special “specific event” of scission will take place and thus creating into existence several other “Specific Elementary ‘SPIRIT’ Particles” maintained all together in several subsets of cohesive layers of identical “Specific Elementary ‘SPIRIT’ Particles” characterized by unique “specific degrees of cohesion” within each subset and different from one subset to another subset: the “Specific Atomic ‘SPIRIT’ Substance”. A “Specific Atomic ‘SPIRIT’ Substance” possesses its own quantified fundamental “‘SPIRIT’ specific supply of subsistence”, which allows it to allowing it to maintain intact the capacity of all its internal “specific elementary processes”, without exception, to execute their predefined “specific tasks” to produce the “specific work” that HE has also predefined for the “Specific Atomic ‘SPIRIT’ Substance”. Each subset of cohesive layers of identical “Specific Elementary ‘SPIRIT’ Particles”, constituent

of the “Specific Atomic ‘SPIRIT’ Substance”, and having a unique “specific degree of cohesion”, is a “Specific Elementary ‘SPIRIT’ Substance”.

“THE DIVINE”, IHVH, our FATHER has created into existence more than a thousand of different “Specific Atomic ‘SPIRIT’ Substance”, and each being a manifestation of a metaphor of equilibrium configurations of “Divine Particles”; that is, a manifestation of a metaphor of a “DIVINE PRIMARY WEALTH”.

When the “Specific Atomic ‘SPIRIT’ Substance” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, and with further increase of its “‘SPIRIT’ specific supply of subsistence” beyond the “specific maturity limit” with the passage of time until it reaches a surplus equal to its fundamental “‘SPIRIT’ specific supply of subsistence”; that is, that “‘SPIRIT’ specific supply of subsistence” which it had acquired at “specific maturity limit”.

When this occurs, then, a second special “specific event”, just as unique and fantastic as the first “specific event” which was called “BIRTH”, will take place: a new “Specific Atomic ‘SPIRIT’ Substance” appears into existence.

This new “Specific Atomic ‘SPIRIT’ Substance” is also identical to the “Specific Atomic ‘SPIRIT’ Substance” of origin from which it appeared into existence and its “‘SPIRIT’ specific supply of subsistence” is equal to the fundamental “‘SPIRIT’ specific supply of subsistence” of its “Specific Atomic ‘SPIRIT’ Substance” of origin, and the “Specific Atomic ‘SPIRIT’ Substance” of origin whose “‘SPIRIT’ specific supply of subsistence” was in surplus, retrieves its “‘SPIRIT’ specific supply of subsistence” acquired at the “specific maturity limit”.

The “specific electromagnetic energy fields” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Atomic ‘SPIRIT’ Substance” and around this new “Specific Atomic ‘SPIRIT’ Substance” will come into action and establish a “specific cohesion” which will hold them together. It is the birth of a new substance, in “HARMONY” with “THE DIVINE”, IHVH, our FATHER. This second miracle, this second special “specific event”, unique and just as fantastic as that of “BIRTH”, is called: “EXPANSION”.

The new substance being in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, the more its “‘SPIRIT’ specific supply of subsistence” increases with the passage of time, the more new “Specific Atomic ‘SPIRIT’ Substances” appear into existence, maintained all together in a cohesive set of several layers of “Specific Atomic ‘SPIRIT’ Substances”. This cohesive set, which is composed of several layers of “Specific Atomic ‘SPIRIT’ Substances”, is the “Specific Energy ‘SPIRIT’ Substance”.

When the “Specific Energy ‘SPIRIT’ Substance” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, and with further increase of its “‘SPIRIT’ specific supply of subsistence” with the passage of time, then, the volume of this “Specific Energy ‘SPIRIT’ Substance” will also increase, on a scale which can be billions of times higher than the atomic scale, and this until an action is taken to contain the “Specific Energy ‘SPIRIT’ Substance” and keep it intact; that is, to stabilise its “‘SPIRIT’ specific supply of subsistence” to prevent other occurrences of the special “specific event” of “EXPANSION”.

Therefore, in order to contain this “Specific Energy ‘SPIRIT’ Substance” and keep it intact, that is, to stabilise its “‘SPIRIT’ specific supply of subsistence” if it happens that it increases towards the proximity of the “‘SPIRIT’ specific supply of subsistence” necessary for occurrence of the special “specific event” of “EXPANSION”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and defined the “Specific ‘SPIRIT’ Frontier” applied on a “Specific Energy ‘SPIRIT’ Substance” volume which is on a scale such that: the constituent “Specific Atomic ‘SPIRIT’ Substances” appear motionless, looking from the outside of the “Specific Energy ‘SPIRIT’ Substance”; but in reality they are not, looking from the inside the “Specific Energy ‘SPIRIT’ Substance”.

The “Specific ‘SPIRIT’ Frontier”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and defined it, is maintained by a set of “specific processes” which help containing the “Specific Energy ‘SPIRIT’ Substance” and keep it intact; that is, to stabilize its “‘SPIRIT’ specific supply of subsistence” whenever it increases and gets near the proximity of the “‘SPIRIT’ specific supply of subsistence” necessary for occurrence of the special “specific event” of “EXPANSION”.

The “Specific ‘SPIRIT’ Frontier”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and defined it, will not increase the “‘SPIRIT’ specific supply of subsistence” of the “Specific Energy ‘SPIRIT’ Substance” at a high level if this “‘SPIRIT’ specific supply of subsistence” came to decrease following the work accomplished by the volume of “Specific Atomic ‘SPIRIT’ Substances” constituents of the “Specific Energy ‘SPIRIT’ Substance”.

The “Specific ‘SPIRIT’ Frontier”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and defined it, will instead act to maintain a dynamic state of equilibrium, which is the result of application of its principle of action, when the “‘SPIRIT’ specific supply of subsistence” of the whole “Specific Energy ‘SPIRIT’ Substance” increases.

This “Specific ‘SPIRIT’ Frontier” and the “Specific Energy ‘SPIRIT’ Substance” that it contains, define that, which is called a “Specific Energy ‘SPIRIT’ Domain” — also called a “Specific Energy ‘SPIRIT’ Realm”, also “Specific Energy ‘SPIRIT’ Sphere”, also called a “Specific Energy ‘SPIRIT’ Kingdom”. It is a delineated set, a delineated totality, within which well-defined parameters, logical predicates, rules, and laws extend, and within which well-defined and prevailing “specific processes” and actions, that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in such a “Specific Energy ‘SPIRIT’ Domain” for its proper functioning, exert “closure” on the totality thus defined; that is, the “Specific Energy ‘SPIRIT’ Domain” has a boundary defined by the “Specific ‘SPIRIT’ Frontier”, and the result of exercising these well-defined and prevailing “specific processes” and actions, to elements of the “Specific Energy ‘SPIRIT’ Domain”, remain within the “Specific Energy ‘SPIRIT’ Domain”.

“THE DIVINE FORCE” will use this principle when SHE will create into existence all domains of existence as well as the solar system as we know it.

Whereas the “Specific Elementary ‘SPIRIT’ Particle” and the “Specific Elementary ‘SPIRIT’ Substance” are on the smaller scale, much smaller than the subatomic scale but visible only to “THE EYE OF THE DIVINE”, whereas the “Specific Atomic ‘SPIRIT’ Substance” is pretty much on the atomic scale, much larger than the scale of the “Specific Elementary ‘SPIRIT’ Particle”, the “Specific Energy ‘SPIRIT’ Domain” meanwhile is on a scale that extend billions of times above the atomic scale.

The “Specific Energy ‘SPIRIT’ Domain” is crude at its creation into existence; that is, the “Specific Atomic ‘SPIRIT’ Substances” constituents of its “Specific Energy ‘SPIRIT’ Substance”, are not arranged in a definite order, although they are all maintained together with a similar initial “specific degree of cohesion”; therefore, the “Specific Energy ‘SPIRIT’ Substance” does not have a defined shape.

Furthermore, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “specific degree of cohesion” that HE has placed in the “Specific Elementary ‘SPIRIT’ Particle” so that it can be changed or not with the passage of time and depending upon special external instructions that the “Specific Elementary ‘SPIRIT’ Particle” receives in order to change its “specific degree of cohesion”.

This property is also transmitted by inheritance to the “Specific Elementary ‘SPIRIT’ Substance” and also the “Specific Atomic ‘SPIRIT’ Substance”. Thus, depending upon these external special instructions and with the passage of time, the “Specific Atomic ‘SPIRIT’ Substances” constituents of the “Specific Energy

‘SPIRIT’ Domain” can be shaped, processed, arranged in countless cohesive subsets, as many as imagination allow, each of these subsets with a different and variable or not “specific degree of cohesion”.

Moreover, such subsets can be contained each in their own “Specific ‘SPIRIT’ Frontier” similar to the “Specific ‘SPIRIT’ Frontier” of the “Specific Energy ‘SPIRIT’ Domain” in which they are parts of.

All concepts set forth here above and regarding the “Specific Elementary ‘SPIRIT’ Particle”, the “Specific Elementary ‘SPIRIT’ Substance”, and the “Specific Atomic ‘SPIRIT’ Substance”, also extend on the “Specific Elementary ‘SPIRIT’ Substance”, hence on the “Specific Energy ‘SPIRIT’ Domain”. Let us remind these concepts not only for clarity, but also so that you can henceforth understand what you see but do not understand.

All “specific elementary processes” internal to the “Specific Atomic ‘SPIRIT’ Substance” and which are designed to allow it to execute, depending upon external instructions that it receives, the “specific tasks” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in these “specific elementary processes” in order to produce their “specific work” that HE has also predefined for the “Specific Atomic ‘SPIRIT’ Substance”, have been designed by “THE DIVINE ARCHITECT AND PROJECT MASTER”.

All these “specific elementary processes”, inherited from the “Specific Elementary ‘SPIRIT’ Particle” and from the “Specific Elementary ‘SPIRIT’ Substance”, are also the “specific elementary processes” of the “Specific Energy ‘SPIRIT’ Domain”.

External instructions that the “Specific Energy ‘SPIRIT’ Domain” receives, as well as the “specific work” it produces, are also, respectively, in fact, signals received and emitted.

It is so that, the “Specific Energy ‘SPIRIT’ Domain” is also actually a perfect receiver-transmitter of signals, billions of times larger than the “Specific Elementary ‘SPIRIT’ Substance”, and billions of times larger than the “Specific Elementary ‘SPIRIT’ Particle”. “THE DIVINE ARCHITECT AND PROJECT MASTER” has established the specifications for these signals received and emitted by the “Specific Energy ‘SPIRIT’ Domain”.

In a “Specific Energy ‘SPIRIT’ Domain”, some of the constituent “Specific Atomic ‘SPIRIT’ Substances” have the “specific task” to capture external signals input

from the outer surface of the structure of the “Specific Energy ‘SPIRIT’ Domain”, which they belong to.

Once captured, these external signals input will be transmitted through to others “Specific Atomic ‘SPIRIT’ Substances” constituents of the “Specific Energy ‘SPIRIT’ Domain”, towards the interior of the structure of the “Specific Energy ‘SPIRIT’ Domain” considered.

Vice versa, once the “Specific Atomic ‘SPIRIT’ Substances” inside the “Specific Energy ‘SPIRIT’ Domain” considered have accomplished and produced their “specific work”, they also generate internal output signals and transmit them in return, through others “Specific Atomic ‘SPIRIT’ Substances”, to the “Specific Atomic ‘SPIRIT’ Substances” that are located at the level of the outer surface of the structure of the “Specific Energy ‘SPIRIT’ Domain”.

It is through the chain of transmitted output signals, including the “specific behaviors” and their associated “specific effects”, of the “specific work” accomplished by the “Specific Atomic ‘SPIRIT’ Substances”, which can be instantly manifested, in different combinations or on their own as isolated single unit, in the “Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT’ Domain” considered, that “specific messages” are transported from one location to another, throughout the “Specific Energy ‘SPIRIT’ Substance”. As the output signals of the “specific work” accomplished by the “Specific Atomic ‘SPIRIT’ Substances” constituents of the “Specific Energy ‘SPIRIT’ Substance” are transmitted from one “Specific Atomic ‘SPIRIT’ Substance” onto its immediate neighbouring “Specific Atomic ‘SPIRIT’ Substances”, and these “Specific Atomic ‘SPIRIT’ Substances” adopting “specific behaviors” and their associated “specific effects”, the “Specific Energy ‘SPIRIT’ Substance” itself may experience local disturbances or variations in its properties as a consequence of these adopted “specific behaviors” and their associated “specific effects”. The propagation of a disturbance from place to place, from point to point, in the “Specific Energy ‘SPIRIT’ Substance” in a regular and organized way, and which progressively transfers “specific informations”, including a “specific behaviour” and its associated “specific effects”, is designated as a “specific wave”; it is an application of the concept of “movement”, considered in its manifestations under all its forms and all scales, and the state of equilibrium expected from the “movement”; it is a manifestation by metaphor of “THE WAVE”, which is one of those concepts, which is central to communication of information inside “THE DIVINE DOMAIN”. A “specific wave” transfers a “specific behaviour” and its associated “specific effects” progressively from point to point in the “Specific Energy ‘SPIRIT’ Substance”; it is in some sense a means

of transportation of information containing “specific messages”, which are sent from one point to another. The “Specific Energy ‘SPIRIT’ Substance” through which the “specific wave” travels may experience some local deformations as the “specific wave” passes, but the “Specific Atomic ‘SPIRIT’ Substances” constituents of the “Specific Energy ‘SPIRIT’ Substance” and through which the “specific wave” passes, do not travel with the “specific wave”.¹¹⁰

There are several “specific waves”, which can be defined, depending upon the “specific effects” and associated “specific behaviors”, which can be instantly manifested, in different combinations or on their own as isolated single unit, of the “specific work” accomplished by the “Specific Atomic ‘SPIRIT’ Substances”. For example, that, which is known as a “radio wave” is made up of electric and magnetic fields vibrating mutually at right angles to each other in space. When these two fields are operating synchronously in time, they are said to be in time phase; i.e., both reach their maxima and minima together and both go through zero together. Some “specific waves”, like “acoustic waves”, require a medium through which to travel, while other “specific waves”, designated as “electromagnetic waves” (resulting from electromagnetic radiation — the flow of quanta (plural of quantum and which represents discrete quantity of energy proportional in magnitude to the frequency of the electromagnetic wave carrying it) through free space or through a material medium in the form of the electric and magnetic fields that make up electromagnetic waves such as radio waves, visible luminous radiation, and gamma rays.)¹¹¹, do not require a medium and can

¹¹⁰ This concept of “specific wave” is a concept, which you are already familiar with. It applies to all environments, which will ensue from the “Specific Energy ‘SPIRIT’ Substance”. In those environments, the key difference will be highlighted by the speed at which the “specific wave” that transports luminous radiation propagates. As you would know already, the speed of the “specific wave” that transport luminous radiation in the vacuum is nearly 300000 km/s and it is considered a fundamental constant and serves as the single limiting velocity in any substance, being an upper bound to the propagation speed of signals and to the speeds of all substance particles.

¹¹¹ Electromagnetic radiation is produced whenever a charged particle, such as an electron, changes its velocity — that is to say, whenever it is accelerated or decelerated. The energy of the electromagnetic radiation thus produced comes from the charged particle and is therefore lost by it. A common example of this phenomenon is the oscillating charge or current in a radio antenna. The antenna of a radio transmitter is part of an electric resonance circuit in which the charge is made to oscillate at a desired frequency. An electromagnetic wave so generated can be received by a similar antenna connected to an oscillating electric circuit in the tuner that is tuned to that same frequency. The

be propagated through a vacuum. As you would know already, the propagation of a “specific wave” through a medium depends on the medium’s properties.

“Specific waves” will display several basic phenomena: reflection, refraction, and diffraction. In reflection, a “specific wave” encounters an obstacle and is reflected back. In refraction, a “specific wave” bends when it enters a medium through which it has a different speed. In diffraction, “specific waves” bend when they pass around small obstacles and spread out when they pass through small openings.

At any given instant, a “specific wave” being propagated through the “Specific Energy ‘SPIRIT’ Substance” will have an amplitude variation along its direction of travel, similar to that of its time variation. The distance from one “specific wave” crest to the next is designated as the “specific wavelength”; a concept, which is central to communication in all its forms. In the simplest “specific waves”, the disturbance will oscillate periodically — that is to say, in equal intervals of time — with a fixed wavelength. Dividing the speed of propagation of a “specific wave” by the “specific wavelength” gives the frequency at which communication is carried out in the “Specific Energy ‘SPIRIT’ Substance”.¹¹² It is so that, the “Specific

electromagnetic wave in turn produces an oscillating motion of charge in the receiving antenna.

¹¹²

Energy ‘SPIRIT’ Substance”, which will emit internal output “specific signals” of a given frequency to the “Specific ‘SPIRITUAL’ Environment” external and immediate around it, will also receive external input “specific signals” of the same frequency from the “Specific ‘SPIRITUAL’ Environment” external and immediate around it.

The happenings taking place inside “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” that “THE DIVINE” has consolidated in Himself and that HE chose to share with the attribute “NON DIVINE”, are manifested by metaphors inside the attribute “NON DIVINE” and at well defined “specific wavelengths” and throughout the entire “electromagnetic spectrum”. The complex color-coded mapping, or color-coded labelling, of those happenings taking place inside “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, and manifested by metaphors inside the attribute “NON DIVINE” and at well defined “specific wavelengths” and throughout the entire “electromagnetic spectrum”, is that, which we have designated as the “Palette of COLORS”; it spans the “electromagnetic spectrum”.

When the external signal received or the internal signal emitted by the “Specific Energy ‘SPIRIT’ Domain” complies with specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, it is said of such a signal that it is a “specific signal”, and a “specific signal” is “PURE”; otherwise it is said of such an external signal which is not specific, that it is “IMPURE”, meaning that it is not in conformity with specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established. An “IMPURE” signal is bearer of added, unwanted, disruptive (and generally unknown) changes that do not conform to

As far as “electromagnetic waves” are concerned, the entire distribution range of wavelength, or frequency, and photon energies of electromagnetic radiation is designated as the “electromagnetic spectrum”. Although all electromagnetic waves travel at the “speed of luminous radiation” in a vacuum, they do so at a wide range of frequencies, wavelengths, and photon energies. The electromagnetic spectrum covers “electromagnetic waves” with frequencies ranging from below one hertz to above 1025 hertz, corresponding to “specific wavelengths” from thousands of kilometers down to a fraction of the size of an atomic nucleus. This frequency range is divided into separate bands, and the “electromagnetic waves” within each frequency band are called by different names; beginning at the low frequency (long “specific wavelength”) end of the spectrum, these have been designated as: radio waves, microwaves, infrared, visible luminous radiation, ultraviolet, X-rays, and gamma rays at the high-frequency (short “specific wavelength”) end. The “electromagnetic waves” in each of these bands have different characteristics, such as how they are produced, how they interact with matter, and their practical applications.

the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

All “specific signals” that a “Specific Energy ‘SPIRIT’ Domain” may receive and emit have been designed and predefined inside the “Specific Energy ‘SPIRIT’ Domain” by “THE DIVINE ARCHITECT AND PROJECT MASTER”.

It is so that, by inheritance from its constituents “Specific Atomic ‘SPIRIT’ Substances”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has made the “Specific Energy ‘SPIRIT’ Domain” “CONSCIOUS”; a feature of the “DIVINE SUBSTANCE”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Energy ‘SPIRIT’ Domain” with a “‘SPIRIT’ specific supply of subsistence” and HE has defined a fundamental “‘SPIRIT’ specific supply of subsistence” allowing it to maintain intact the capacity of all “specific elementary processes” internal in the “Specific Energy ‘SPIRIT’ Domain”, without exception, to execute their predefined “specific tasks” to produce the “specific work” that HE has also predefined for the “Specific Energy ‘SPIRIT’ Domain”.

HE has also defined and established a maximum “‘SPIRIT’ specific supply of subsistence” that the “Specific Energy ‘SPIRIT’ Domain” can withstand while remaining in the attribute “NON DIVINE” and above which the structure of the “Specific Energy ‘SPIRIT’ Domain” will be destroyed because it is attached to the attribute “NON DIVINE”. This maximum “‘SPIRIT’ specific supply of subsistence” is billions of times less than the “‘SPIRIT’ divine electrical charge” of a “DIVINE SUBSTANCE”.

Some of the “specific elementary processes” of each “Specific Elementary ‘SPIRIT’ Particle” constituent of the “Specific Atomic ‘SPIRIT’ Substance” have as “specific work” to develop a “specific electromagnetic energy field” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Elementary ‘SPIRIT’ Particle” to which they belong.

Therefore, a much larger “specific electromagnetic energy field” will be created in the “Specific ‘SPIRITUAL’ Environment” external and immediate around each “Specific Atomic ‘SPIRIT’ Substance”, and consequently a much larger “specific electromagnetic energy field” will be created in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain”.

It is so that, depending upon the available amount of its “‘SPIRIT’ specific supply of subsistence”, and the “specific work” accomplished by those “specific

elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in the “Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT’ Domain”, the “Specific Energy ‘SPIRIT’ Domain” will emit an internal output signal, in the “‘SPIRIT’ Specific State”.

That internal output signal emitted by the “Specific Energy ‘SPIRIT’ Substance”, and therefore by the “Specific Energy ‘SPIRIT’ Domain”, also instantly manifests itself by the appearance of a “specific effect”, as a result of the combination and a “specific interpretation” of “specific effects” of “Specific Atomic ‘SPIRIT’ Substances” constituents of the “Specific Energy ‘SPIRIT’ Substance”, and therefore of the “Specific Energy ‘SPIRIT’ Domain”, in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain”, and the “Specific Energy ‘SPIRIT’ Substance”, and therefore by the “Specific Energy ‘SPIRIT’ Domain”, will instantly adopt a “specific behavior” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific elementary processes” of the “Specific Energy ‘SPIRIT’ Substance”.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined and associated to the “Specific Energy ‘SPIRIT’ Substance”, and therefore to the “Specific Energy ‘SPIRIT’ Domain”, a set of “specific behaviors” and their associated “specific effects” that can be instantly manifested, in different combinations or on their own as isolated single unit, in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain”.

Among these “specific behaviors” is also that, which is called the “movement”, considered in relation to defined benchmarks, and considered in relation to the absence of “movement”.

Among these “specific behaviors”, is also that, which is called “radiation” and which is the emission of a brilliant glow, the “EPHEMERAL GLOW ‘SPIRIT’”, in the sense that it is not eternal, but lasts a relatively short time if compared to its analogue (which is eternal and which is) emitted by the “DIVINE SUBSTANCE”. This “EPHEMERAL GLOW ‘SPIRIT’” is visible to “THE EYE OF THE DIVINE”.

As we already mentioned, here too, the “specific process” by which the external element of subsistence is provided to the “Specific Atomic ‘SPIRIT’ Substance” that subsequently produces its “specific work”, is the basis of all the work that “THE DIVINE FORCE” will assign to the creatures that SHE will create into existence in the attribute “NON DIVINE”. Those works will be classified according

to the “specific effects” associated with the internal output signals emitted by the “Specific Atomic ‘SPIRIT’ Substance”.

For example, in terms of the production of this “EPHEMERAL GLOW ‘SPIRIT’” emitted by the “Specific Atomic ‘SPIRIT’ Substance”, the “specific process” by which the external element of subsistence is provided to the “Specific Atomic ‘SPIRIT’ Substance” that subsequently produces its “specific work”, and which is still called “ELECTRICITY”, will be the foundation of numerous works that will be accomplished from several thousand and even several million “Specific Atomic ‘SPIRIT’ Substances” constituents of the “Specific Energy ‘SPIRIT’ Substance” itself constituent of the “Specific Energy ‘SPIRIT’ Domain”.

Among the “specific effects” associated with the “specific behavior”, which is called the “movement”, is that, which is called the “SOUND”, and also is that, which is called the “WIND”.

The “Specific Energy ‘SPIRIT’ Substance”, and therefore the “Specific Energy ‘SPIRIT’ Domain”, will thus possess, by inheritance from its constituents “Specific Atomic ‘SPIRIT’ Substances”, a dynamism, a principle of action, an ability to produce this “specific work” which shifts it from the absence of “specific behavior” to the “specific behavior” considered, in short, an “energy” which is called: the energy of the “specific behavior”, — in the case of the “movement”, it will be that, which is called “kinetic” energy —, which is associated with the “specific work” performed by those “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Energy ‘SPIRIT’ Substance”, and therefore this “Specific Energy ‘SPIRIT’ Domain”, and which is necessary to pass this “Specific Energy ‘SPIRIT’ Substance”, and therefore this “Specific Energy ‘SPIRIT’ Domain”, from the absence of “specific behavior” to the “specific behavior” considered. Thus, different denominations are associated with this “specific work” according to the desired “specific behavior”; the example of that, which will be called: “ELECTRICITY”, in all its forms, and which derives from the “movement”, as that “energy” produced by the displacement of the “Specific Elementary ‘SPIRIT’ Particles”, which are carriers of “‘SPIRIT’ specific electrical charges”, and which are constituents of the “Specific Elementary ‘SPIRIT’ Substances”, which themselves are constituents of the “Specific Atomic ‘SPIRIT’ Substances” themselves constituents of the “Specific Energy ‘SPIRIT’ Substance”, and therefore of the “Specific Energy ‘SPIRIT’ Domain”, and which will manifest itself by different phenomena such as attraction and repulsion (static electricity, resulting from accumulation or loss of “‘SPIRIT’ specific electrical charges”), heat,

chemical, luminous, magnetic, mechanical (dynamic electricity, resulting from a flow of “SPIRIT” specific electrical charges”), etc...¹¹³

The magnitude of the manifestation of these “specific effects” and “specific behaviors” by the “Specific Energy ‘SPIRIT’ Substance”, and therefore of the “Specific Energy ‘SPIRIT’ Domain”, being the result of the combination and a “specific interpretation” of “specific effects” and associated “specific behaviors” of “Specific Atomic ‘SPIRIT’ Substances” constituents, it will of course be higher than those of the constituents taken in on their own as a single unit.

Once produced, the rate of development of the desired “specific behavior”, also called the “momentum” of the desired “specific behavior” depends upon the increase or decrease of the available amount of the “SPIRIT” specific supply of subsistence” of the “Specific Energy ‘SPIRIT’ Substance”, and therefore of the “Specific Energy ‘SPIRIT’ Domain”. This “momentum” of the desired “specific behavior” can be kept perpetual, in an equilibrium state, as long as the “SPIRIT” specific supply of subsistence” is sufficiently and perpetually available for the “Specific Energy ‘SPIRIT’ Substance”, and therefore of the “Specific Energy ‘SPIRIT’ Domain”, to maintain its dynamism.

The “SPIRIT” specific supply of subsistence” is the external “specific supply of subsistence”, in the “SPIRIT” Specific State”, which will allow the “Specific Energy ‘SPIRIT’ Substance”, and therefore of the “Specific Energy ‘SPIRIT’ Domain”, to maintain its dynamism.

¹¹³ As you would know already, in the Earthly world in which you live currently, an elementary particle possesses a property that causes it to experience a force when placed in an electromagnetic field. That property is designated as the “specific charge” of the elementary particle. Although other subatomic particles can possess a “specific charge”, protons and electrons are the ones normally considered as the primary charged particles; that is to say, the primary particles, which possess “specific charges”. Protons have a “specific charge” also designated as a “specific quantum charge”, and electrons have a “specific charge” also designated as “specific electric charge”. ELECTRICITY concerns the presence of “specific electric charges”, as well as the flow of those “specific electric charges” as an electric current.

These same concepts apply also in the “Specific Energy ‘SPIRIT’ Substance” and its constituents. The “Specific Energy ‘SPIRIT’ Substance” is nonetheless a “substance”; it is a “substance” in the “SPIRIT” Specific State”, which you are not familiar with, although you have part of that “Specific Energy ‘SPIRIT’ Substance” inside of you, human creature, as part of your core constituent.

The speed of reception and transmission of signals by the “Specific Energy ‘SPIRIT’ Domain” is instantaneous, at the scale of the “Specific Energy ‘SPIRIT’ Domain”, and it determines the “INTENSITY”, and therefore the “STRENGTH”, of the luminous radiation that will be emitted by this “Specific Energy ‘SPIRIT’ Domain”.

This speed of reception and transmission of signals, increases and decreases depending upon the amount of the “‘SPIRIT’ specific supply of subsistence”. The higher the “‘SPIRIT’ specific supply of subsistence”, the higher the speed of reception and transmission of “specific signals”.

The higher this speed of reception and transmission of “specific signals”, the more intense and powerful is the luminous radiation emitted by the “Specific Energy ‘SPIRIT’ Domain”.

When the amount of the “‘SPIRIT’ specific supply of subsistence” is at the maximum limit which is associated to the maximum “‘SPIRIT’ specific supply of subsistence” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, then, this speed of reception and transmission of “specific signals” reaches the maximum limit that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

This maximum limit which is the maximum speed of reception and transmission of “specific signals” from the “Specific Energy ‘SPIRIT’ Domain” is still billions of times less than the speed of reception and transmission of the same “specific signals” in “THE DIVINE DOMAIN”.

According to external input signals, received by the “Specific Atomic ‘SPIRIT’ Substance”, the “specific elementary processes” will also associate a color to the luminous radiation of the internal output signal.

With the exception of “specific elementary processes” which “specific work” is to develop a “specific electromagnetic energy field” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain” that they belong to, when at least one of the other “specific elementary processes” of the “Specific Energy ‘SPIRIT’ Domain” is executing its predefined “specific tasks” in order to produce its “specific work” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has also predefined for the “Specific Energy ‘SPIRIT’ Domain” which it (the “specific elementary process” considered) belongs to, then, it is said that the “Specific Energy ‘SPIRIT’ Domain” is “awake”, otherwise it is said that the “Specific Energy ‘SPIRIT’ Domain” is “asleep”.

In this later case when the “Specific Energy ‘SPIRIT’ Domain” is “asleep”, none of these other “specific elementary processes” of the “Specific Energy ‘SPIRIT’ Domain”, that is, of all the “Specific Elementary ‘SPIRIT’ Particles” constituent of the “Specific Elementary ‘SPIRIT’ Substances”, themselves constituent of the “Specific Atomic ‘SPIRIT’ Substances”, themselves constituent of the “Specific Energy ‘SPIRIT’ Domain”, is executing its predefined “specific tasks”.

Whether the “Specific Energy ‘SPIRIT’ Domain” is either “awake” or “asleep”, the “specific work” accomplished by its “specific processes” does not stop, but it is accompanied by a change (decrease) more or less large of its “‘SPIRIT’ specific supply of subsistence”, depending upon whether the “Specific Energy ‘SPIRIT’ Domain” is either “awake” or “asleep”.

This lack of “‘SPIRIT’ specific supply of subsistence” which ensues from the “specific work” accomplished by the “specific elementary processes”, is always necessary for the proper functioning of the “Specific Energy ‘SPIRIT’ Domain”, and is still called the “NEED” (or also the “DEFICIT”) of “‘SPIRIT’ specific supply of subsistence” from the “Specific Energy ‘SPIRIT’ Domain”.

The “Specific Energy ‘SPIRIT’ Domain” is in a “NEED” (or also a “DEFICIT”) of “‘SPIRIT’ specific supply of subsistence” when at least one of its constituent “Specific Atomic ‘SPIRIT’ Substance” is in a “NEED” (or also a “DEFICIT”) of “‘SPIRIT’ specific supply of subsistence”.

The “‘SPIRIT’ specific supply of subsistence” of the “Specific Energy ‘SPIRIT’ Domain” is not eternal in the “Specific Energy ‘SPIRIT’ Domain”, because the “Specific Energy ‘SPIRIT’ Domain” is attached to the attribute “NON DIVINE”.

It is so that, this “‘SPIRIT’ specific supply of subsistence” exhausts in the “Specific Energy ‘SPIRIT’ Domain” depending upon the work accomplished by the “specific processes” of the “Specific Energy ‘SPIRIT’ Domain” and within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for it.

When a “specific elementary process” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Energy ‘SPIRIT’ Domain” works properly following the principles and rules that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, it is said that this “specific elementary process” is “HOLY”. The “Specific Energy ‘SPIRIT’ Domain” is “HOLY” when all its “specific elementary processes” are “HOLY”.

If the “SPIRIT” specific supply of subsistence” of the “Specific Energy ‘SPIRIT’ Domain” passes below of its fundamental “‘SPIRIT’ specific supply of subsistence” necessary to the proper functioning, then, at least one of the “specific elementary processes” will lose its capacity to perform its predefined “specific tasks”; such “specific elementary process” will not function properly following the principles and rules that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, and such “specific elementary process” is said to be “UNHOLY”.

We shall also say that the “Specific Energy ‘SPIRIT’ Domain” is “UNHOLY” when at least one of its “specific elementary processes” is “UNHOLY”; and therefore, the “Specific Atomic ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT’ Domain” and containing the “UNHOLY” “specific elementary processes” is also “UNHOLY”, and therefore, the “Specific Elementary ‘SPIRIT’ Substance” constituent of the “UNHOLY” “Specific Atomic ‘SPIRIT’ Substance” and therefore, the “Specific Elementary ‘SPIRIT’ Particle” constituent of the “UNHOLY” “Specific Elementary ‘SPIRIT’ Substance” and containing the “UNHOLY” “specific elementary processes” is also “UNHOLY”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “‘SPIRIT’ specific supply of subsistence” of the “Specific Energy ‘SPIRIT’ Domain” so that it can be renewed.

It may be renewed directly by “THE DIVINE FORCE” following reception of “THE WORD OF THE DIVINE” or else it can be continuously renewed following a cycle with seven “transformation steps”, catalyzed by the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain”, and through “The Specific Process of Attachment to ‘THE DIVINE’” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established for the “Specific Energy ‘SPIRIT’ Domain”.

Each “transformation step” of this cycle is a unique manifestation in the attribute “NON DIVINE” of a metaphor of the seven “transformation steps” of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. Each step of this cycle is completed within a “measure of transformation step” and the seventh “transformation step” is that of completion of the cycle.

“THE SPECIFIC SPIRITUAL FORCE OF LIFE” external and present in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the

“Specific Energy ‘SPIRIT’ Domain” remains of VITAL importance for the survival of the “Specific Energy ‘SPIRIT’ Domain”.

As noted earlier, it is by “THE SPECIFIC SPIRITUAL FORCE OF LIFE” that products, also known as “fruits”, of “THE TREE OF LIFE” and which are manifestations, in the attribute “NON DIVINE”, of metaphors of supply of subsistence that are provided as a result of the execution of the “Causal Precedence Relation of ‘THE PRAISE’”, will be extracted and provided to the “Specific Energy ‘SPIRIT’ Domain”, so that this “Specific Energy ‘SPIRIT’ Domain” remains into existence in the “‘SPIRIT’ Specific State” in the attribute “NON DIVINE”.

These products, also called the “fruits”, of “THE TREE OF LIFE”, are the “‘SPIRIT’ specific supply of subsistence” which are necessary for the proper functioning of the “Specific Elementary ‘SPIRIT’ Particle”, and consequently to the proper functioning of the “Specific Energy ‘SPIRIT’ Domain”.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” that is present in “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain” is high enough, then, many more “fruits” of “THE TREE OF LIFE” will be extracted and provided to the “Specific Energy ‘SPIRIT’ Domain” and consequently to its constituents “Specific Atomic ‘SPIRIT’ Substances”.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” that is present in “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain” is not high enough, then, not enough “fruits” of “THE TREE OF LIFE” will be extracted and provided to the “Specific Energy ‘SPIRIT’ Domain” and consequently to its constituents “Specific Atomic ‘SPIRIT’ Substances” which may then, end up with “‘SPIRIT’ specific supply of subsistence” failure for their proper functioning.

It is worth recalling that “THE SPECIFIC SPIRITUAL FORCE OF LIFE”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” designed it, never perishes and it is eternal; but, THE DEGREE OF PRESENCE of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain” may increase or decrease depending upon whether the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain” becomes permeable or impermeable to “THE SPECIFIC SPIRITUAL FORCE OF LIFE”.

Therefore, the “‘SPIRIT’ specific supply of subsistence” of the “Specific Energy ‘SPIRIT’ Domain” may vary; decrease or increase not only depending upon the “specific work” accomplished by the “specific elementary processes” of the “Specific Energy ‘SPIRIT’ Domain” but also depending upon whether the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” increases or decreases.

The repercussions of this degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain” go on all the “Specific Atomic ‘SPIRIT’ Substances” constituent of the “Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT’ Domain”.

It is also so that the speed of reception and transmission of signals by the “Specific Energy ‘SPIRIT’ Domain” increases and decreases depending upon the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain”.

The higher the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain”, the higher this speed of reception and transmission of “specific signals”.

The higher this speed of reception and transmission of “specific signals”, the more intense and powerful is the luminous radiation emitted by the “Specific Energy ‘SPIRIT’ Domain”.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain” reaches the limit that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, then, this speed of reception and transmission of “specific signals” reaches the maximum limit which is obtained with the maximum “‘SPIRIT’ specific supply of subsistence”.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is high enough in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain”, then, “THE SPECIFIC SPIRITUAL FORCE OF LIFE” will provide to the “Specific Energy ‘SPIRIT’ Domain” enough “‘SPIRIT’ specific supply of subsistence” necessary to maintain intact the capacity of all “specific elementary processes”, without exception, to execute their predefined “specific tasks” to produce the “specific work” that “THE

DIVINE ARCHITECT AND PROJECT MASTER” has also predefined for the “Specific Energy ‘SPIRIT’ Domain”.

When “THE SPECIFIC SPIRITUAL FORCE OF LIFE” provides a “‘SPIRIT’ specific supply of subsistence” to the “Specific Energy ‘SPIRIT’ Domain”, it is then, said that “THE SPECIFIC SPIRITUAL FORCE OF LIFE” “NOURISHES” the “Specific Energy ‘SPIRIT’ Domain”.

Therefore, it will be said that the “Specific Energy ‘SPIRIT’ Domain” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER when the “Specific Energy ‘SPIRIT’ Domain” has a “‘SPIRIT’ specific supply of subsistence” which is not below its fundamental load.

In this case, depending upon external input signals, received by the “Specific Energy ‘SPIRIT’ Domain”, the color of luminous radiation of the internal output signal that ensues from the work of “specific elementary processes” will be a color belonging to the “Palette of HARMONY” — color palette associated to “‘SPIRIT’ specific supply of subsistence” which are above the fundamental “‘SPIRIT’ specific supply of subsistence” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for proper functioning of the “Specific Energy ‘SPIRIT’ Domain”.

It is so that, when the “Specific Energy ‘SPIRIT’ Domain” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, and with further increase of its “‘SPIRIT’ specific supply of subsistence” with the passage of time, then, the “Specific ‘SPIRIT’ Frontier”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established it, will stabilize this “‘SPIRIT’ specific supply of subsistence” whenever it increases and gets near the proximity of the “‘SPIRIT’ specific supply of subsistence” necessary for occurrence of the special “specific event” of “EXPANSION”.

This “Specific ‘SPIRIT’ Frontier” will release into the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain”, the surplus of “‘SPIRIT’ specific supply of subsistence” that can cause the occurrence of the special “specific event” of “EXPANSION”.

This principle can also be applied on cohesive subsets of the “Specific Energy ‘SPIRIT’ Domain”, such as cohesive subsets being contained by their own “Specific ‘SPIRIT’ Frontier”.

It is on this principle that the solar star functions. “THE DIVINE”, IHVH, our FATHER, will also apply this principle on all other stars that HE will create into existence. We will explain in the texts below.

When the “Specific Energy ‘SPIRIT’ Domain” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, in response to “specific signals” generated by the successive series of reception and transmission and depending upon external signals input and depending upon the strength of its “‘SPIRIT’ specific supply of subsistence”, the “Specific Energy ‘SPIRIT’ Domain” will emit an internal output signal which is accompanied by a much more luminous radiation, which is an “EPHEMERAL GLOW ‘SPIRIT’” much more intense and powerful, as a result of the combination of luminous radiation from its “Specific Atomic ‘SPIRIT’ Substances”, and following processes that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed. The solar star and the lunar star in the “Physical Realm” are complete examples.

When the “Specific Energy ‘SPIRIT’ Domain” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, IF the external input signal received by the “Specific Energy ‘SPIRIT’ Domain” is “PURE”, then, all the “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Energy ‘SPIRIT’ Domain” will perfectly execute their predefined “specific tasks” and they will produce the “specific work” that HE has also predefined for the “Specific Energy ‘SPIRIT’ Domain”.

The “specific work” produced is emitted in the form of an internal output signal which is accompanied by a sufficient luminous radiation, of a color belonging to the “Palette of HARMONY”, and it manifests itself also instantly by the appearance of an effect of harmony in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain”.

It is a behavior inherited from the “Specific Atomic ‘SPIRIT’ Substance” and that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific elementary processes” of the “Specific Energy ‘SPIRIT’ Domain”.

Just as with the “Specific Atomic ‘SPIRIT’ Substance”, this behavior, depending upon the external “specific signal” input, is consistent and can express manifestations of metaphors of the “SUPREME STATE OF EQUILIBRIUM” of “THE DIVINE”: “HAPPINESS”, “JOY”, “LAUGHTER”, “SMILE”, “CHEERFULNESS”, etc...

All “specific behaviours” that a “Specific Energy ‘SPIRIT’ Domain” can execute have been designed and predefined within the “Specific Energy ‘SPIRIT’ Domain” by “THE DIVINE ARCHITECT AND PROJECT MASTER”.

It is based on this principle that one can see the solar star “SMILE” when one is in “VISION” in the “Specific ‘SPIRITUAL’ Environment”. It is also from this

principle that one can see, when one is in “VISION” in the “Specific ‘SPIRITUAL’ Environment”, a star understanding a call of “THE DIVINE”, IHVH, our FATHER, and then, executes the work that HE has entrusted to this star.¹¹⁴

When the “Specific Energy ‘SPIRIT’ Domain” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, IF the external input signal received by the “Specific Energy ‘SPIRIT’ Domain” is “IMPURE”, then, the “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Energy ‘SPIRIT’ Domain”, and which are tasked to receive first and foremost external signals, will reject this external signal input which is “IMPURE”.

This rejection is a “specific mechanism” of survival, inner to the “Specific Energy ‘SPIRIT’ Domain”. It occurs instantly through a blocking effect in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain”, thus creating a protective “shield”: the “SPIRITUAL SHIELD”.

The appearing of the “SPIRITUAL SHIELD” is a behavior inherited from the “Specific Elementary ‘SPIRIT’ Particle” and that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific elementary processes” of the “Specific Energy ‘SPIRIT’ Domain” and for the survival of the “Specific Energy ‘SPIRIT’ Domain”.

This behavior inherited from the “Specific Elementary ‘SPIRIT’ Particle” is part of the basic “Survival Instincts” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific elementary processes” of the “Specific Energy ‘SPIRIT’ Domain”.

When the “Specific Energy ‘SPIRIT’ Domain” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, and that furthermore its “‘SPIRIT’ specific supply of subsistence” is sufficiently high, then, the blocking effect that occurs instantly in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain” following to this rejection is increasingly robust and is still called “THE WRATH”.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is not high enough in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain”, then, “THE SPECIFIC SPIRITUAL FORCE OF LIFE” will not be able to provide to the “Specific Energy

¹¹⁴ See “Vision of August 18, 2005”.

‘SPIRIT’ Domain” enough “‘SPIRIT’ specific supply of subsistence” necessary to its proper functioning; that is, the “Specific Energy ‘SPIRIT’ Domain” will not be sufficiently “NOURISHED” by “THE SPECIFIC SPIRITUAL FORCE OF LIFE”.

It is then, that at least one or more of the “specific elementary processes” of the “Specific Energy ‘SPIRIT’ Domain” will lose their capacity to perform their predefined “specific tasks”.

Therefore, the “specific work” accomplished by its “specific elementary processes” will be much more unpredictable than it was with the “Specific Atomic ‘SPIRIT’ Substance”, and with the “Specific Elementary ‘SPIRIT’ Particle” on a smaller scale, although it is always accompanied by a variation (decrease) of its “‘SPIRIT’ specific supply of subsistence”.

We shall say that the “Specific Energy ‘SPIRIT’ Domain” is “SICK”; it is suffering from a “DISEASE” caused by failure of the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain”. The type of “DISEASE” is directly associated with these “specific elementary processes” of the “Specific Energy ‘SPIRIT’ Domain” that have lost their capacity to perform their predefined “specific tasks”.

We shall also say that the “Specific Energy ‘SPIRIT’ Domain” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, when the “Specific Energy ‘SPIRIT’ Domain” has a “‘SPIRIT’ specific supply of subsistence” which is below its fundamental load. This occurs when the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is not high enough in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain”.

In this case, depending upon external input signals, received by the “Specific Energy ‘SPIRIT’ Domain”, the color of luminous radiation of the internal output signal that ensues from the work of “specific elementary processes” will be a color belonging to the “Palette of CHAOS” — color palette associated to “‘SPIRIT’ specific supply of subsistence” which are below the fundamental “‘SPIRIT’ specific supply of subsistence” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for proper functioning of the “Specific Energy ‘SPIRIT’ Domain”.

When the “Specific Energy ‘SPIRIT’ Domain” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, then, at least one of the “Specific Atomic ‘SPIRIT’ Substances”

constituent of the “Specific Energy ‘SPIRIT’ Domain” will be in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”.

It is then, that at least one or several of the “specific elementary processes” of the “Specific Atomic ‘SPIRIT’ Substance” which is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, will lose their capacity to perform their predefined “specific tasks”.

Therefore, the “specific work” accomplished by its “specific elementary processes” will be unpredictable, although it is always accompanied by a variation (decrease) of its “‘SPIRIT’ specific supply of subsistence”.

When become “UNHOLY” the “specific elementary processes” of this “Specific Atomic ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT’ Domain”, which “specific work” is to develop a “specific electromagnetic energy field” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around this “Specific Atomic ‘SPIRIT’ Substance” to which they belong, then, will be put at risk the preservation of cohesion of this “Specific Atomic ‘SPIRIT’ Substance” with the remaining of “Specific Atomic ‘SPIRIT’ Substances” that are still in “HARMONY” with “THE DIVINE”, IHVH, our FATHER and are constituent of the “Specific Energy ‘SPIRIT’ Domain”.

When the “Specific Energy ‘SPIRIT’ Domain” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, then, the “‘SPIRIT’ specific supply of subsistence” of the “Specific Energy ‘SPIRIT’ Domain” could therefore be exhausted within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for it.

When the “‘SPIRIT’ specific supply of subsistence” is null, the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain” is null, then, all “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has placed in this “Specific Energy ‘SPIRIT’ Domain” are rendered inactive and the “Specific Energy ‘SPIRIT’ Domain” will neither be able to receive nor to emit “specific signals” designed and predefined in it by “THE DIVINE ARCHITECT AND PROJECT MASTER”.

Then, the colour of luminous radiation that it will emit is the color “BLACK” absolute, indicating “TOTAL ABSENCE OF LIFE”. It is already the case of this earthly world, looking from the “Specific ‘SPIRITUAL’ Environment”.

To avoid that the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain” diminishes and becomes insufficient, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and provided “The Specific Process of Attachment to ‘THE DIVINE’”.

It is through “The Specific Process of Attachment to ‘THE DIVINE’” that the “Causal Precedence Relation of ‘THE PRAISE’” will be executed in order to avoid that the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain” becomes impermeable to “THE SPECIFIC SPIRITUAL FORCE OF LIFE”.

When the “Specific Energy ‘SPIRIT’ Domain” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, it will not function like “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it for. It is so that, its internal “specific mechanism” which allows rejecting “IMPURE” external signals input will not work as it should and will let these “IMPURE” external signals input through.

Although all the “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in such a “Specific Energy ‘SPIRIT’ Domain” for its proper functioning will always be present in it, this “Specific Energy ‘SPIRIT’ Domain” will not have enough “‘SPIRIT’ specific supply of subsistence” to keep these “specific elementary processes” running.

Therefore, by further decreasing the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain”, more and more “Specific Atomic ‘SPIRIT’ Substances” constituents of the “Specific Energy ‘SPIRIT’ Domain”, throughout layers of “Specific Atomic ‘SPIRIT’ Substances”, will lose their “HARMONY” with “THE DIVINE”, IHVH, our FATHER.

Therefore, the speed of reception and transmission of signals in the “Specific Atomic ‘SPIRIT’ Substances” that are in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, and between the layers of “Specific Atomic ‘SPIRIT’ Substances” constituents of the “Specific Energy ‘SPIRIT’ Domain” and passing through these “Specific Atomic ‘SPIRIT’ Substances” constituent that are not in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, will further decrease. And as a result, the luminous radiation emitted by the “Specific Energy ‘SPIRIT’ Domain” will be much less intense and powerful.

Therefore, by “processing” these “IMPURE” external signals input through its “UNHOLY” processes, it will emit “IMPURE” internal output signals, in return.

It is so that, such a “Specific Energy ‘SPIRIT’ Domain” which is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, will emit “distress signals” throughout its outer surface and that come instantly with a less luminous radiation and with a color belonging to the “Palette of CHAOS”, that is, that of dark colors, so that an external action be taken to remedy this situation and restore “HARMONY” with “THE DIVINE”, IHVH, our FATHER.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain” is not sufficient, then, only the addition or transfer of “‘SPIRIT’ specific supply of subsistence” to the “Specific Energy ‘SPIRIT’ Domain” from another pure enough external force can prevent and stop the spread of this effect of “POISON” through the “Specific Atomic ‘SPIRIT’ Substances” constituents of the “Specific Energy ‘SPIRIT’ Domain”.

This addition or transfer of “‘SPIRIT’ specific supply of subsistence” to the “Specific Energy ‘SPIRIT’ Domain” from another pure enough external force, to restore the “HARMONY” of the “Specific Energy ‘SPIRIT’ Domain” with “THE DIVINE”, IHVH, our FATHER, is achieved through “specific mechanisms” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established for this purpose.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain” is not sufficient, then, if no external action is taken to increase the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in that environment, through the external “specific mechanisms” which allow to do so and that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and provided, then, the “‘SPIRIT’ specific supply of subsistence” of the “Specific Energy ‘SPIRIT’ Domain” will decrease and exhaust within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

The emission of a “distress signal” is still a “specific mechanism” of survival, inner to the “Specific Energy ‘SPIRIT’ Domain”. It occurs instantly by a

vibration/trembling effect in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain”.¹¹⁵

It is also a behavior, inherited from the “Specific Elementary ‘SPIRIT’ Particle”, that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific elementary processes” of the “Specific Energy ‘SPIRIT’ Domain” and for the survival of the “Specific Energy ‘SPIRIT’ Domain”.

This behavior is part of the basic “Survival Instincts” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific elementary processes” of the “Specific Energy ‘SPIRIT’ Domain”.

The effect of vibration/trembling that occurs instantly in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain” following the emission of a “distress signal” is still called: “PAIN”.

When the “Specific Energy ‘SPIRIT’ Domain” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, then, the set of external actions taken in order to increase the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Domain” and restore “HARMONY” of the “Specific Energy ‘SPIRIT’ Domain” with “THE DIVINE”, IHVH, our FATHER, is called “THE COMBAT” for the “Specific Energy ‘SPIRIT’ Domain”.

¹¹⁵ It is so that, from this principle, when looking at the current earthly world in “VISION” in the “Specific ‘SPIRITUAL’ Environment”, then, one realizes that it is in full ebullition and covered over its entire surface of all kinds of dark stains.

CHAPTER 090

OTHER BASIC ELEMENTS USED FOR THE CREATION

“THE DIVINE DOMAIN” consists of an unlimited number of “Divine Particles”. All are of a purity and whiteness of bright light, but the manner of being of these “Divine Particles” constituent of “THE DIVINE BODY” is not the same when they appear into existence inside of “THE DIVINE DOMAIN”. These “Divine Particles” appear into existence through “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” inside of “THE DIVINE DOMAIN” and within countless “Divine States”, which are always stable.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has also expressed a concrete image of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” on these stable “Divine States”.

It is so that, HE has defined and established a “Generative Divine State” as concrete image of the “Generative Divine Particle” and six “Formative Divine States” — among which three “Core Formative Divine States” and three “Intermediate Formative Divine States” — as concrete images respectively of the six “Formative Divine States”, in their order: the “‘SPIRIT’ Divine State”, the “‘SPIRIT→LIGHT’ Divine State”, the “‘LIGHT’ Divine State”, the “‘LIGHT→GOD’ Divine State”, the “‘GOD’ Divine State”, and the “‘GOD→DIVINE’ Divine State”. Only the firsts five “Formative Divine States” have been chosen by “THE DIVINE” to be shared with the attribute “NON DIVINE”.

In order to achieve into existence, in the “MURKY VOID”, “THE HOLY PROJECT” that HE has designed, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the basic elements that HE would use in the attribute “NON DIVINE”, from the three “Core Formative Divine States”: the “‘SPIRIT’ Divine State”, the “‘LIGHT’ Divine State”, the “‘GOD’ Divine State”. The “Specific Elementary ‘SPIRIT’ Particle” is one of these basic elements.

The “Specific Elementary ‘SPIRIT’ Particle” is an expression in the attribute “NON DIVINE” of a metaphor of the “Divine Particle” in the “‘SPIRIT’ Divine State”. It is different from the “Divine Particle” in the “‘SPIRIT’ Divine State”, but has particulars similar to those of the “Divine Particle” in the “‘SPIRIT’ Divine State”.

The “Specific Elementary ‘SPIRIT’ Substance”, the “Specific Atomic ‘SPIRIT’ Substance”, and the “Specific Energy ‘SPIRIT’ Substance” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed successively, are manifestations of a metaphor for the “Divine Elementary Substance” in the “‘SPIRIT’ Divine State”, the “Divine Atomic Substance” in the “‘SPIRIT’ Divine State”, and the “DIVINE SUBSTANCE” in the “‘SPIRIT’ Divine State”.

In a similar manner to the manifestation of a metaphor of the “Divine Particle” in the “‘SPIRIT’ Divine State”, and therefore the “Divine Elementary Substance” in the “‘SPIRIT’ Divine State”, the “Divine Atomic Substance” in the “‘SPIRIT’ Divine State”, and the “DIVINE SUBSTANCE” in the “‘SPIRIT’ Divine State”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed their equivalents in the “‘LIGHT’ Divine State” and in the “‘GOD’ Divine State”.

We shall call the likes in the “‘LIGHT’ Divine State” by the designations of: the “Specific Elementary ‘LIGHT’ Particle”, the “Specific Elementary ‘LIGHT’ Substance”, the “Specific Atomic ‘LIGHT’ Substance”, and the “Specific Energy ‘LIGHT’ Substance”.

We shall call the likes in the “‘GOD’ Divine State” by the designations of: the “Specific Elementary ‘GOD’ Particle”, the “Specific Elementary ‘GOD’ Substance”, the “Specific Atomic ‘GOD’ Substance”, and the “Specific Energy ‘GOD’ Substance”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has also reflected the particulars of the “Divine particle” in the three “Core Formative Divine States” on the “Specific Elementary ‘SPIRIT’ Particle” for the “‘SPIRIT’ Specific State”, on the “Specific Elementary ‘LIGHT’ Particle” for the “‘LIGHT’ Specific State”, and on the “Specific Elementary ‘GOD’ Particle” for the “‘GOD’ Specific State”. The “Specific Elementary ‘GOD’ Particle” is in fact a “Specific Elementary ‘LIGHT’ Particle”, which has been endowed with the property of self-producing itself without any external interference.

In the attribute “NON DIVINE”, we will also use the expression “‘LIGHT’ specific supply of subsistence”¹¹⁶ to refer to this external element of subsistence for the “Specific Elementary ‘LIGHT’ Particle” and that will allow it to remain into existence (i.e. subsist) in the “‘LIGHT’ Specific State” following execution of the “Causal Precedence Relation of ‘THE PRAISE’” and the receiving of “THE PRAISE” emitted toward any manifestation of the metaphor of “THE ‘LIGHT←GOD’ EON”.

It is so for example that depending upon the strength of its “‘LIGHT’ specific supply of subsistence”, and following those “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Elementary ‘LIGHT’ Particle”, the “Specific Elementary ‘LIGHT’ Particle” will emit an internal output signal, in the “‘LIGHT’ Specific State”, and which is accompanied by a brilliant glow, but ephemeral in the sense that it is not eternal, but lasts a relatively short time if compared to its analogue (which is eternal and which is) emitted by the “Divine Particle”.

Although being a manifestation of a metaphor of its analogue, which is emitted by the “Divine Particle”, this “EPHEMERAL GLOW ‘LIGHT’” that emanates from the “Specific Elementary ‘LIGHT’ Particle”, however, does not make this “Specific Elementary ‘LIGHT’ Particle” “ALIVE” as it is the case with that, which is called “LIGHT” — which defines and highlights the distinctive feature of the “divine energy” that emanates from “THE DIVINE BODY” and makes it “ALIVE”.

But however, it is this “EPHEMERAL GLOW ‘LIGHT’” which will be transformed by an intermediary (also called a “bridge”) between the “‘SPIRIT’ Specific State” and the “‘LIGHT’ Specific State”, and the product of this transformation will be transmitted as “fruits” of “THE TREE OF LIFE” and as a result of the execution of the “Causal Precedence Relation of ‘THE PRAISE’”, to the “Specific Elementary ‘SPIRIT’ Particle”, so that this “Specific Elementary ‘SPIRIT’ Particle” remains into existence in the “‘SPIRIT’ Specific State” in the attribute “NON DIVINE”.

Both the “EPHEMERAL GLOW ‘LIGHT’” emitted by the “Specific Elementary ‘LIGHT’ Particle” and the “EPHEMERAL GLOW ‘SPIRIT’” emitted by the “Specific Elementary ‘SPIRIT’ Particle” are visible to “THE EYE OF THE DIVINE”, and are called by the same designation that has already been used with

¹¹⁶ We shall use the expression “‘LIGHT’ specific supply of subsistence” instead of the expression “‘LIGHT’ specific electrical charge” so that you can understand the difference and also several important details in the realization of “THE HOLY PROJECT”; notably: Who you are!

the “Divine Particle”: “LIGHT”. To avoid confusion when these two “LIGHTS” are in the same proximity, then, the “EPHEMERAL GLOW ‘LIGHT’” is called by another designation, which in the human language translates to the expression: “GLORY OF THE ‘NON DIVINE’”¹¹⁷.

Similarly, in the attribute “NON DIVINE”, we will also use the expression “‘GOD’ specific supply of subsistence” to refer to this external element of subsistence for the “Specific Elementary ‘GOD’ Particle” and that will allow it to remain into existence (i.e. subsist) in the “‘GOD’ Specific State” following execution of the “Causal Precedence Relation of ‘THE PRAISE’” and the receiving of “THE PRAISE” emitted toward any manifestation of the metaphor of “THE ‘GOD←DIVINE’ EON”.

It is also so for example that depending upon the strength of its “‘GOD’ specific supply of subsistence”, and following those “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Elementary ‘GOD’ Particle”, the “Specific Elementary ‘GOD’ Particle” will emit an internal output signal, in the “‘GOD’ Specific State”, and which is accompanied by a brilliant glow, but ephemeral in the sense that it is not eternal, but lasts a relatively short time if compared to its analogue (which is eternal and which is) emitted by the “Divine Particle”.

Although being a manifestation of a metaphor of its analogue, which is emitted by the “Divine Particle”, this “EPHEMERAL GLOW ‘GOD’” that emanates from the “Specific Elementary ‘GOD’ Particle”, however, does not make this “Specific Elementary ‘GOD’ Particle” “ALIVE” as it is the case with that, which is called “GOD” — which defines and characterizes the energy that is produced and emanates from “THE DIVINE BODY” and makes it “ALIVE”.

But however, it is this “EPHEMERAL GLOW ‘GOD’” which will be transformed by an intermediary (also called a “bridge”) between the “‘LIGHT’ Specific State” and the “‘GOD’ Specific State”, and the product of this transformation will be

¹¹⁷ The “GLORY” is the word used symbolically to refer to the luminous radiation that characterizes the attribute “LIGHT” which describes the second attribute of “THE BODY OF ‘HE WHO IS’”, as well as any manifestation of a metaphor for the second attribute of “THE DIVINE BODY”, and highlights the distinctive feature of the “divine energy” that emanates from “THE BODY OF ‘HE WHO IS’” and makes it “ALIVE”.

Therefore, when one speaks about the “GLORY OF THE ‘NON DIVINE’”, it is by reference to the radiance of this “LIGHT”, as second attribute characteristic of “THE BODY OF ‘HE WHO IS’”, or of any manifestation of a metaphor of the “‘LIGHT’ Divine State”.

transmitted as “fruits” of “THE TREE OF LIFE” and as a result of the execution of the “Causal Precedence Relation of ‘THE PRAISE’”, to the “Specific Elementary ‘LIGHT’ Particle”, so that this “Specific Elementary ‘LIGHT’ Particle” remains into existence in the “‘LIGHT’ Specific State” in the attribute “NON DIVINE”.

It is worth recalling once again that the “‘SPIRIT’ Divine State” is in fact a subset of “Formative Divine States” having the designation of “SPIRIT”. This designation is an indication of the nature and the manner of being of some “Formative Divine Particles”.

Similarly, the “‘LIGHT’ Divine State” is in fact a subset of “Formative Divine States” having the designation of “LIGHT” and the “‘GOD’ Divine State” is in fact a subset of “Formative Divine States” having the designation of “GOD”.

These subsets of formative “Divine States” have in them, countless “Divine States”. This gives an indication of the extent of work that “THE DIVINE ARCHITECT AND PROJECT MASTER” has accomplished in order to establish these basic elements from these three “Core Formative Divine States”.

Having designed and established these basic elements from the three “Core Formative Divine States” — the “‘SPIRIT’ Divine State”, the “‘LIGHT’ Divine State”, and the “‘GOD’ Divine State” — “THE DIVINE ARCHITECT AND PROJECT MASTER” henceforth designed the three intermediate elements that HE will use for “THE HOLY PROJECT”.

Each of these three intermediate elements will serve as a conduit of communication between the two consecutive “Core Formative Divine States” that define it and also between “THE DIVINE DOMAIN” and the manifestation of a metaphor of the “DIVINE SUBSTANCE” in the “Divine State” which corresponds to the first “Core Formative Divine State” of the two consecutive “Core Formative Divine States”. These three intermediate elements are:

- The “Specific Energy ‘SPIRIT←LIGHT’ Bridge” which will serve as a conduit of communication of the manifestations of metaphors of the “‘LIGHT’ Divine State” towards manifestations of metaphors of the “‘SPIRIT’ Divine State”, and also between “THE DIVINE DOMAIN” and the “Specific Energy ‘SPIRIT’ Substance”.
- The “Specific Energy ‘LIGHT→GOD’ Bridge” which will serve as a conduit of communication of the manifestations of metaphors of the “‘GOD’ Divine State” towards manifestations of metaphors of the

“‘LIGHT’ Divine State”, and also between “THE DIVINE DOMAIN” and the “Specific Energy ‘LIGHT’ Substance”.

- The “Specific Energy ‘GOD→DIVINE’ Bridge” which will serve as a conduit of communication of the manifestations of metaphors of the “‘DIVINE’ Divine State” towards manifestations of metaphors of the “‘GOD’ Divine State”, and also between “THE DIVINE DOMAIN” and the “Specific Energy ‘GOD’ Substance”.

During the course of the “First Phase” and the “Second Phase” of Creation, the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will be the most used intermediate element. It is of this intermediate element we will write about in the remainder of this text.

All these basic elements that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed from the three “Core Formative Divine States” — the “‘SPIRIT’ Divine State”, the “‘LIGHT’ Divine State”, and the “‘GOD’ Divine State” — will coexist by manifestations of metaphors in the “‘SPIRIT’ Specific State”, the “‘LIGHT’ Specific State”, and the “‘GOD’ Specific State”, and in the same common space in the attribute “NON DIVINE”.

This common space is reminiscent of a “Specific Energy ‘SPIRIT’ Domain” “completed” by a “Specific Energy ‘LIGHT’ Domain”, and the whole “completed” by a “Specific Energy ‘GOD’ Domain”. It is a mathematical model that fuses these three domains into a single three-dimensional continuum defined by: the “‘SPIRIT’ Specific State”, the “‘LIGHT’ Specific State”, and the “‘GOD’ Specific State”.

In this common space, these three domains — the “Specific Energy ‘SPIRIT’ Domain”, the “Specific Energy ‘LIGHT’ Domain”, and the “Specific Energy ‘GOD’ Domain” — which are associated respectively with the “‘SPIRIT’ Specific State”, the “‘LIGHT’ Specific State”, and the “‘GOD’ Specific State”, are inseparable and cannot be distinguished separately. In order to be able to distinguish separately, portions of each of these three domains, in this common space, those portions will be wrapped and contained in “specific containers” immersed in this common space. It is this common space, which is called: the “Specific ‘SPIRITUAL’ Space”, or also the “Specific ‘SPIRITUAL’ Environment”.¹¹⁸

¹¹⁸ As we have indicated in one previous annotation, humans have defined the elementary particles as the fundamental constituents of the universe and described by the standard

This “Specific ‘SPIRITUAL’ Environment” is, in itself, a delimited totality, within which well-defined parameters, logical predicates, rules, and laws extend, and within which well-defined and prevailing actions exert “closure” to it; that is, it has a boundary and the result of exercising these well-defined and prevailing actions, to its elements as a totality, remain within the totality. The proper functioning of “Specific ‘NON-SPIRITUAL’ Environments” which will be contained in this “Specific ‘SPIRITUAL’ Environment”, will depend on the proper functioning of this “Specific ‘SPIRITUAL’ Environment” itself. One of the most important properties associated with the functioning of those “Specific ‘NON-SPIRITUAL’ Environments” which will be contained in this “Specific ‘SPIRITUAL’ Environment”, is that of regeneration of their structures, and through which the initial properties of the structures of those “Specific ‘NON-SPIRITUAL’ Environments” are restored; it is a manifestation of a metaphor of the regenerative property of “THE DIVINE DOMAIN”. If the “Specific ‘SPIRITUAL’ Environment” finds itself in a state “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, then, that property of regeneration of structures in those “Specific

model of particle physics. These subatomic particles are called “elementary” because they do not result from the interaction from other “smaller” particles. An atom is not an elementary particle, because it consists of electrons, protons and neutrons. These last two, designated by the generic term nucleons, as forming the atomic nucleus, are not elementary because they are made up of quarks. However, electrons and quarks are elemental particles because they are made of no other particle, based on the current state of knowledge of the human creature.

The subatomic scale, which you are already aware of, is the domain of physical size that encompasses objects smaller than an atom. It is the scale at which the atomic constituents, such as the nucleus containing protons and neutrons, and the electrons, which orbit in spherical or elliptical paths around the nucleus, become apparent. The subatomic scale includes the many thousands of times smaller subnuclear scale, which is the scale of physical size at which the constituents of the protons and neutrons — particularly quarks — become apparent.

Below this subatomic scale, at which constituents of the protons and neutrons — particularly quarks — are not apparent anymore, you enter the domain of “spiritual” size that encompasses “Specific Elementary ‘SPIRIT’ Particle”, the “Specific Elementary ‘LIGHT’ Particle” and the “Specific Elementary ‘GOD’ Particle”. The domain of “spiritual” size contains the domain of physical size, and it also and permeates throughout the domain of physical size. It is said to be more “fine” than the domain of physical size. Constructs in the domain of “spiritual” size are as “real” and tangible as their projected parts, which are those things that you see all around you, in the domain of physical size.

‘NON-SPIRITUAL’ Environments” which will be contained in this “Specific ‘SPIRITUAL’ Environment”, will be jeopardize.

The “Specific Energy ‘LIGHT’ Substance” is always “PURE”, contains no foreign element, remains always “PURE”, and no element which is external to it can affect its quality.

In this common space, the “Specific Energy ‘LIGHT’ Substance” is much more “thinner” than the “Specific Energy ‘SPIRIT’ Substance”; it flows freely into the “Specific Energy ‘SPIRIT’ Substance”, and in the “Specific ‘SPIRITUAL’ Space”, the “Specific Energy ‘LIGHT’ Substance” seems elusive with respect to the “Specific Energy ‘SPIRIT’ Substance”. The “Specific Energy ‘SPIRIT’ Substance” on the other side do not flow in the “Specific Energy ‘LIGHT’ Substance”.

This is why it is said of the “Specific Energy ‘LIGHT’ Substance” that it is its own possession; it is above the “Specific Energy ‘SPIRIT’ Substance”.

Because of its quality, the “Specific Energy ‘LIGHT’ Substance” seems “invisible” to the “Specific Energy ‘SPIRIT’ Substance”, it will also be said that the “Specific Energy ‘LIGHT’ Substance” is “hidden” from the “Specific Energy ‘SPIRIT’ Substance”.

As it is “THE DIVINE FORCE” who will create all these basic elements into existence in the attribute “NON DIVINE”, then, it will also be said that: “THE DIVINE FORCE” will “hide” the “Specific Energy ‘LIGHT’ Substance” from the “Specific Energy ‘SPIRIT’ Substance”. Just as “THE DIVINE FORCE” will remain “invisible” to creatures that SHE will create into existence in the attribute “NON DIVINE”, it will also be said of the “Specific Energy ‘LIGHT’ Substance” that it is akin of “THE DIVINE FORCE”.

In this “Specific ‘SPIRITUAL’ Space”, is it only when specific conditions, for example those that ensue from the execution of the “Causal Precedence Relation of ‘THE PRAISE’”, defined by “THE DIVINE ARCHITECT AND PROJECT MASTER”, are met around a “Specific Atomic ‘LIGHT’ Substance”, that the “GLORY”¹¹⁹ of a such “Specific Atomic ‘LIGHT’ Substance”, hence of the “Specific

¹¹⁹ The “GLORY” is the word used symbolically to refer to the luminous radiation that characterizes the attribute “LIGHT” which describes the second attribute of “THE BODY OF ‘HE WHO IS’”, as well as any manifestation of a metaphor for the second attribute of “THE DIVINE BODY”, and highlights the distinctive feature of the “divine energy” that emanates from “THE BODY OF ‘HE WHO IS’” and makes it “ALIVE”.

Energy ‘LIGHT’ Substance” containing such “Specific Atomic ‘LIGHT’ Substances”, is then, seen: it will thus be the manifestation of “THE LIGHT” that is invisible.¹²⁰

In this “Specific ‘SPIRITUAL’ Space”, “THE DIVINE ARCHITECT AND PROJECT MASTER” will envelop, using overlayings that HE will design by Himself, all the basic elements that HE designed in order to protect and keep them separately in the “Specific ‘SPIRITUAL’ Environment”, although these basic elements will coexist in this common space. We will explain it as we move forward in the texts below.

As we have indicated already, throughout the remaining of this book, we shall use the word “SPIRITUAL” — as for example in: the “Specific ‘SPIRITUAL’ Environment”, or in the “Specific Energy ‘SPIRITUAL’ Domain” — to lead you to reach out “THE KNOWLEDGE OF THE DIVINE”, and to lead you to understand that — for example in a such “Specific ‘SPIRITUAL’ Environment” —, not only elements in the metaphor of “‘SPIRIT’ Divine State” are present, but also: elements in the metaphor of “‘LIGHT’ Divine State”, and elements in the metaphor of “‘GOD’ Divine State” will be present.

Therefore, when one speaks about the “GLORY OF THE DIVINE”, it is by reference to the radiance of this “LIGHT”, as second attribute characteristic of “THE BODY OF ‘HE WHO IS’”, or of any manifestation of a metaphor of the “‘LIGHT’ Divine State”.

¹²⁰ It is like when an electric current is passed through a gas, the gas emits a glow (a luminous radiation); that, which is called “Illumination”. That luminous radiation emitted by a gas, when an electric current flows through it, results from the transfer of energy, which occurs when electrons of the current collide with atoms constituents of the gas, follows with excitation and de-excitation of those atoms.

CHAPTER 091

THE “SPECIFIC ENERGY ‘SPIRIT←LIGHT’ BRIDGE”

A “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is a conduit of communication, in the attribute “NON DIVINE”, of manifestations of metaphors of the “‘LIGHT’ Divine State” towards manifestations of metaphors of the “‘SPIRIT’ Divine State”. It is also a conduit of communication between “THE DIVINE DOMAIN” and the “Specific Energy ‘SPIRIT’ Substance”.

It will be an expression, in the attribute “NON DIVINE”, of the metaphor of “THE ‘SPIRIT←LIGHT’ EON”, that “THE DIVINE ARCHITECT AND PROJECT MASTER” has identified within “THE DIVINE DOMAIN”, covered and protected by a spiritual membrane through which the “Causal Precedence Relation of ‘THE PRAISE’” will be established.

Therefore, a “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is a structure formed by:

1. A “Specific Energy ‘LIGHT’ Substance” built from “Specific Atomic ‘LIGHT’ Substances”. Symbolically, the radiation of this “Specific Energy ‘LIGHT’ Substance” as well as the “‘LIGHT’ specific supply of subsistence” emitted by this “Specific Energy ‘LIGHT’ Substance” are also called: the “GLORY”¹²¹ of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”. This “Specific Energy ‘LIGHT’ Substance” is entirely covered by:

¹²¹ The “GLORY” is the word used symbolically to refer to the luminous radiation that characterizes the attribute “LIGHT” which describes the second attribute of “THE BODY OF ‘HE WHO IS’”, as well as any manifestation of a metaphor for the second attribute of “THE DIVINE BODY”, and highlights the distinctive feature of the “divine energy” that emanates from “THE BODY OF ‘HE WHO IS’” and makes it “ALIVE”.

Therefore, when one speaks about the “GLORY OF THE LIGHT”, it is by reference to the radiance of this “LIGHT”, as second attribute characteristic of “THE BODY OF ‘HE WHO IS’”, or of any manifestation of a metaphor of the “‘LIGHT’ Divine State”.

2. A “Specific Energy ‘SPIRIT’ Substance” built from “Specific Atomic ‘SPIRIT’ Substances”. This “Specific Energy ‘SPIRIT’ Substance” does not by itself generate “‘SPIRIT’ specific supply of subsistence”. It is in turn entirely covered by:
3. An external “Specific Energy ‘SPIRITUAL’ Envelope” built from “Specific Atomic ‘SPIRIT’ Substances”.

CHAPTER 092

THE “SPECIFIC ENERGY ‘LIGHT’ SUBSTANCE” IN THE “SPECIFIC ENERGY ‘SPIRIT←LIGHT’ BRIDGE” MODEL

The “Specific Energy ‘LIGHT’ Substance” is an expression of the internal structure of a metaphor for the “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM”.

Recall that: by analogy to the “Specific Elementary ‘SPIRIT’ Particle”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “Specific Elementary ‘LIGHT’ Particle” and has endowed it with an element of subsistence external which will allow it to remain into existence (that is, to subsist) in the “‘LIGHT’ Specific State” through the “Causal Precedence Relation of ‘THE PRAISE’”, and maintain intact the capacity of all “specific elementary processes”, without exception, to execute their predefined “specific tasks” to produce the “specific work” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has also predefined for it.

In the attribute “NON DIVINE”, this external element of subsistence will be provided to the “Specific Elementary ‘SPIRIT’ Particle” by any manifestation of the metaphor of “THE ‘LIGHT←GOD’ EON” following the receipt of “THE PRAISE” — “specific signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘LIGHT’ Specific State” — through execution of the “Causal Precedence Relation of ‘THE PRAISE’”.¹²²

¹²² Although this reminder would seem to be a repeat of what was said previously for the “Specific Elementary ‘SPIRIT’ Substance”, the “Specific Atomic ‘SPIRIT’ Substance”, and the “Specific Energy ‘SPIRIT’ Substance” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and which will concern the “SPIRIT”, it is very important that you understand the content of this reminder because this content is directly related to the functioning of that, which is called: the “SOUL”, in the human creature.

As we have indicated regarding “THE DIVINE BODY”, it is from the inner structure of “THE ‘LIGHT←GOD’ EON” that will be generated the external supply of subsistence that will be provided to “‘SPIRIT←LIGHT’ EONS” as well as to “‘LIGHT←LIGHT’ EONS”. The most close and comprehensible expression which can be used to qualify this external supply of subsistence is the “‘LIGHT’ specific supply of subsistence”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has defined and established a fundamental “‘LIGHT’ specific supply of subsistence” to maintain intact the capacity of all “specific elementary processes”, without exception, to execute their predefined “specific tasks” to produce the “specific work” that HE has also predefined for the “Specific Elementary ‘LIGHT’ Particle”.

HE has also defined and established a maximum “‘LIGHT’ specific supply of subsistence” that the “Specific Elementary ‘LIGHT’ Particle” can withstand while remaining in the attribute “NON DIVINE” and above which the structure of the “Specific Elementary ‘LIGHT’ Particle” will be destroyed because it is attached to the attribute “NON DIVINE”. This maximum “‘LIGHT’ specific supply of subsistence” is billions of times less than the “‘LIGHT’ divine electrical charge” of a “Divine Particle”.

It is so that, by analogy with the construction of the “Specific Energy ‘SPIRIT’ Substance” and that we have already described in the texts above, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “Specific Energy ‘LIGHT’ Substance” from the “Specific Elementary ‘LIGHT’ Particle”, which HE also designed.

HE has endowed the “Specific Energy ‘LIGHT’ Substance” with a “‘LIGHT’ specific supply of subsistence” and HE has defined and established a fundamental “‘LIGHT’ specific supply of subsistence” to maintain intact the capacity of all “specific elementary processes”, without exception, to execute their predefined “specific tasks” to produce the “specific work” that HE has also predefined for the “Specific Energy ‘LIGHT’ Substance”.

HE has also defined and established a maximum “‘LIGHT’ specific supply of subsistence” that the “Specific Energy ‘LIGHT’ Substance” can withstand while remaining in the attribute “NON DIVINE” and above which the structure of the “Specific Energy ‘LIGHT’ Substance” will be destroyed because such structure is attached to the attribute “NON DIVINE”. This maximum “‘LIGHT’ specific supply of subsistence” is billions of times less than the “‘LIGHT’ divine electrical charge” of the “DIVINE SUBSTANCE”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “‘LIGHT’ specific supply of subsistence” of the “Specific Elementary ‘LIGHT’ Particle”, hence of the “Specific Energy ‘LIGHT’ Substance”, so that it can be renewed.

It may be renewed directly by “THE DIVINE FORCE” following reception of “THE WORD OF THE DIVINE” or else it can be continuously renewed following a cycle with seven “transformation steps”, catalyzed by the degree of presence of the same “SPECIFIC SPIRITUAL FORCE OF LIFE” as that used for the “Specific Energy ‘SPIRIT’ Substance” and, present in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘LIGHT’ Substance”, and through “The Specific Process of Attachment to ‘THE DIVINE’” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established for the “Specific Energy ‘LIGHT’ Substance”.

Although the same designation — “The Specific Process of Attachment to ‘THE DIVINE’” — is used for elements that are in the “‘SPIRIT’ Specific State” on the one hand and for elements that are in the “‘LIGHT’ Specific State” on the other hand, the internal prevailing actions within “The Specific Process of Attachment to ‘THE DIVINE’” are not the same. The well-defined parameters, logical predicates, rules, and laws which extend within the “‘SPIRIT’ Specific State”, are not the same as those which extend within the “‘LIGHT’ Specific State”. Furthermore, elements that are in the “‘LIGHT’ Specific State” have their own internal prevailing set of actions and interactions, which are very different from the internal prevailing set of actions and interactions used for elements that are in the “‘SPIRIT’ Specific State”. But, “The Specific Process of Attachment to ‘THE DIVINE’” is catalyzed by the degree of presence of the same “SPECIFIC SPIRITUAL FORCE OF LIFE”.

“THE SPECIFIC SPIRITUAL FORCE OF LIFE” that is present in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘LIGHT’ Substance”, remains of VITAL importance for the survival of the “Specific Energy ‘LIGHT’ Substance”.

As noted earlier, it is by “THE SPECIFIC SPIRITUAL FORCE OF LIFE” that products, also known as “fruits”, of “THE TREE OF LIFE” and which are manifestations, in the attribute “NON DIVINE”, of metaphors of supply of subsistence that are provided as a result of the execution of the “Causal Precedence Relation of ‘THE PRAISE’”, will be extracted and provided to the “Specific Energy ‘LIGHT’ Substance”, so that this “Specific Energy ‘LIGHT’

Substance” remains into existence in the “‘LIGHT’ Specific State” in the attribute “NON DIVINE”.

These products, also called the “fruits”, of “THE TREE OF LIFE”, are the “‘LIGHT’ specific supply of subsistence” which are necessary for the proper functioning of the “Specific Elementary ‘LIGHT’ Particle”, and consequently to the proper functioning of the “Specific Energy ‘LIGHT’ Substance”.

It is worth recalling once again that “THE SPECIFIC SPIRITUAL FORCE OF LIFE”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” designed it, never perishes and it is eternal; but, THE DEGREE OF PRESENCE of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘LIGHT’ Substance” may increase or decrease depending upon whether the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘LIGHT’ Substance” becomes permeable or impermeable to “THE SPECIFIC SPIRITUAL FORCE OF LIFE”.

Therefore, the “‘LIGHT’ specific supply of subsistence” of the “Specific Energy ‘LIGHT’ Substance” may vary; decrease or increase not only depending upon the “specific work” accomplished by the “specific elementary processes” of the “Specific Energy ‘LIGHT’ Substance” but also depending upon whether the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” increases or decreases.

The repercussions of this degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘LIGHT’ Substance” go on all the “Specific Atomic ‘LIGHT’ Particles” constituent of the “Specific Energy ‘LIGHT’ Substance”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Energy ‘LIGHT’ Substance” with a “‘LIGHT’ specific supply of subsistence” and HE has defined and established a fundamental “‘LIGHT’ specific supply of subsistence” to maintain intact the capacity of all “specific elementary processes”, without exception, to execute their predefined “specific tasks” to produce the “specific work” that HE has also predefined for the “Specific Energy ‘LIGHT’ Substance”.

It is so that, from its “‘LIGHT’ specific supply of subsistence”, the “Specific Energy ‘LIGHT’ Substance” in the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”

will produce the “specific work” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined for it, in a well assured “equilibrium state” and within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

It is the product of this “specific work” accomplished by the “Specific Energy ‘LIGHT’ Substance” that will be transmitted to the “Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, in the form of “‘SPIRIT’ specific supply of subsistence” that the “Specific Energy ‘SPIRIT’ Substance” will in turn use to accomplish its “specific work”. It is so that, this unique aspect and homogeneous of “THE DIVINE” in the attribute “NON DIVINE” is also a manifestation of a metaphor for the “Generative Power of ‘THE DIVINE’”.

The combined group formed by the “Specific Energy ‘SPIRIT’ Substance” and the “Specific Energy ‘LIGHT’ Substance” which is inside this “Specific Energy ‘SPIRIT’ Substance”, is an expression, in the attribute “NON DIVINE”, of a metaphor of “THE ‘SPIRIT←LIGHT’ EON”. Thus, a “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is an expression in the attribute “NON DIVINE” of a metaphor of “THE ‘SPIRIT←LIGHT’ EON”.

The “Specific Energy ‘LIGHT’ Substance” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and that “THE DIVINE FORCE” will place inside of such “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is unique and is not mixed with something else which is not in the manner of being in the “‘LIGHT’ Specific State” used for the construction of the considered “Specific Energy ‘LIGHT’ Substance”.

Although the “Specific Energy ‘LIGHT’ Substance” has the particulars of “THE DIVINE” in the “‘LIGHT’ Specific State”, it remains nonetheless only an “aspect” — a form, an expression, a manifestation of a metaphor of the “‘LIGHT’ Specific State” — that “THE DIVINE” had chosen to share with the attribute “NON DIVINE”; as “THE DIVINE” is the only structure and substance that can contain “THE DIVINE” in all its forms.

It is this “Specific Energy ‘LIGHT’ Substance” that gives “LIFE” to the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”. This “Specific Energy ‘LIGHT’ Substance” is and remains under the authority of “THE DIVINE”, IHVH, Himself and cannot evade His authority: it is subjected to the manifestation of the “Walk within the Acronym IHVH”.

This “Specific Energy ‘LIGHT’ Substance” receives all its strength and splendor directly from “THE DIVINE FORCE”.

The “Specific Energy ‘LIGHT’ Substance” can only be seen by “THE EYE OF THE DIVINE” and is also protected from the “Specific Energy ‘SPIRIT’ Substance” by a “Specific ‘SPIRIT←LIGHT’ Frontier” which is under the full authority of “THE DIVINE”: it is subjected to the manifestation of the “Walk within the Acronym IHVH”. “THE DIVINE FORCE” will also build the structure of this “Specific ‘SPIRIT←LIGHT’ Frontier” from “Specific Atomic ‘SPIRIT’ Substances” and “Specific Atomic ‘LIGHT’ Substances” as “THE DIVINE ARCHITECT AND PROJECT MASTER” designed and established it.

This “Specific ‘SPIRIT←LIGHT’ Frontier” allows facilitating the exchange of communication (reception and transmission of instructions, specific signals, and energy) between the “Specific Energy ‘LIGHT’ Substance” and the “Specific Energy ‘SPIRIT’ Substance”, and this through the “Causal Precedence Relation of ‘THE PRAISE’” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established between the “Specific Energy ‘LIGHT’ Substance” and the “Specific Energy ‘SPIRIT’ Substance” covering it.

This “Specific ‘SPIRIT←LIGHT’ Frontier” also allows facilitating the passage of forces; that is, the transfer to the “Specific Energy ‘SPIRIT’ Substance” of the surplus of products of the “specific work” accomplished by the “Specific Energy ‘LIGHT’ Substance”. It acts to maintain a dynamic state of equilibrium, which is the result of application of its principle of action, when the products of the “specific work” accomplished by the “Specific Energy ‘LIGHT’ Substance” increase.

When the products of the “specific work” accomplished by the “Specific Energy ‘LIGHT’ Substance” pass through this “Specific ‘SPIRIT←LIGHT’ Frontier”, they are instantly transformed and come out of this “Specific ‘SPIRIT←LIGHT’ Frontier” in the form of “‘SPIRIT’ specific supply of subsistence” which will be used by the “Specific Energy ‘SPIRIT’ Substance”.

This passage of the products of the “specific work” accomplished by the “Specific Energy ‘LIGHT’ Substance”, through this “Specific ‘SPIRIT←LIGHT’ Frontier”, and towards the “Specific Energy ‘SPIRIT’ Substance” is reminiscent of a non-reversible energy osmosis¹²³.

¹²³ Transfer of diluted energy towards another concentrated energy through a semi-permeable membrane (permeable to some aspects of the origin energy of the diluted

The combined group which is formed by this “Specific ‘SPIRIT←LIGHT’ Frontier” and the “Specific Energy ‘LIGHT’ Substance” is a “Specific Energy ‘LIGHT’ Domain”. This “Specific Energy ‘LIGHT’ Domain” inside the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” model is called: “The ALTAR of ‘THE DIVINE’”. Symbolically, it is also said that, it is “The HOUSE of THE DIVINE” (inside the “Specific ‘SPIRIT←LIGHT’ Frontier”).

The “Specific Energy ‘LIGHT’ Substance” inside “The ALTAR of ‘THE DIVINE’” cannot be mixed with something else which is not in the manner of being in the “‘LIGHT’ Specific State” used for the construction of the considered “Specific Energy ‘LIGHT’ Substance” without impairing the “HARMONY” with “THE DIVINE”, IHVH, our FATHER — this is often translated into other terms by saying that:

“THE WILL” OF “THE DIVINE”, IHVH, OUR FATHER, IN HIS VARIOUS FORMS, AND THE WILL OF ANY THING OTHER THAN “THE DIVINE”, IHVH, CANNOT COEXIST IN THE SAME “ALTAR OF ‘THE DIVINE’”.

If “The ALTAR of ‘THE DIVINE’” is exposed directly and without protection to the environment, which is outside the “Specific ‘SPIRIT←LIGHT’ Frontier”, then, one of the following two scenarios will occur:

1. Either the unique homogeneous aspect of “THE DIVINE” which is there has received, through its “‘LIGHT’ specific supply of subsistence”, a sufficient amount of force and strength from “THE DIVINE”, IHVH, to destroy the whole external environment; it is like billions of times the force and the strength of the solar star.
2. Either the unique homogeneous aspect of “THE DIVINE” which is there has received, through its “‘LIGHT’ specific supply of subsistence”, an insufficient amount of force and strength to destroy the entire environment in which it is placed, but however sufficient to give life to the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

In this case, the unique homogeneous aspect of “THE DIVINE” will continue to function until it runs out of its “‘LIGHT’ specific supply of subsistence” when the time of existence that “THE DIVINE

energy considered, but not to other aspects of this same origin energy of the diluted energy considered).

ARCHITECT AND PROJECT MASTER” assigned to it will be over, if it is not nourished by “THE SPECIFIC SPIRITUAL FORCE OF LIFE”; It is somewhat like a battery that discharges and deteriorates with the passage of time if it is not powered.

It is so that, every “Specific Energy ‘LIGHT’ Substance” — be it a small part of an aspect of “THE DIVINE”, at the scale of the “Specific Elementary ‘SPIRIT’ Particle” — placed in this “MURKY VOID”, must always be protected from the “Specific ‘SPIRITUAL’ Environment” external and immediate around that “Specific Energy ‘LIGHT’ Substance” and remain in “HARMONY” with “THE DIVINE”, IHVH, our FATHER.

It is through this “HARMONY” that the “Specific Energy ‘LIGHT’ Substance” which is located inside the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” receives its force and strength from “THE DIVINE”. It is to such a presence and only such a presence of a “Specific Energy ‘LIGHT’ Substance” in such “ALTAR of THE DIVINE” that “THE DIVINE”, IHVH, our FATHER communicates. “THE DIVINE”, in all its forms, is eternal and communicates only with “THE DIVINE” in all its forms; that is, with the metaphors of “THE DIVINE”.

CHAPTER 093

THE “SPECIFIC ENERGY ‘SPIRIT’ SUBSTANCE” IN THE “SPECIFIC ENERGY ‘SPIRIT←LIGHT’ BRIDGE” MODEL

To protect “The ALTAR of ‘THE DIVINE’” from the “Specific ‘SPIRITUAL’ Environment” external and immediate around the unique homogeneous aspect of “THE DIVINE”, “THE DIVINE ARCHITECT AND PROJECT MASTER” covered it with the “Specific Energy ‘SPIRIT’ Substance” and whose structure is built from layers of “Specific Atomic ‘SPIRIT’ Substances” as HE has designed it.

This “Specific Energy ‘SPIRIT’ Substance” is an expression of the metaphor of the energy which is present at any time in the “Divine Septenary Equilibrium Zone” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. The energy in the “Divine Septenary Equilibrium Zone” consists of products of the “divine work” accomplished by the six “Formative Divine Particles” constituent of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

This “Specific Energy ‘SPIRIT’ Substance” is also an expression of the outer structure of a metaphor for the “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM”, and it is visible only to “THE EYE OF THE DIVINE”.

The layers of structures constituent of the “Specific Energy ‘SPIRIT’ Substance” are all held together by “specific processes” which are also activated by the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” that is present in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

These layers of structures are interconnected with a given degree of cohesion defined as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed them. However, different layers of structures have different degrees of cohesion and as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed them.

The same is true with the “Specific Energy ‘SPIRIT’ Substance” which covers “The ALTAR of ‘THE DIVINE’” inside the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” model.

This “Specific Energy ‘SPIRIT’ Substance”, inside the “Specific Energy ‘SPIRITUAL’ Envelope”, helps mitigate and dilute the strength of crude “‘SPIRIT’ specific supply of subsistence” emitted by the “Specific Energy ‘LIGHT’ Substance” which is in there and to protect it from the “Specific ‘SPIRITUAL’ Environment” external and immediate around this “Specific Energy ‘LIGHT’ Substance”, so that:

1. It does not expand and destroy the environment in which it is placed, and possibly return it in a proximity domain, in the case where this unique homogeneous aspect of “THE DIVINE” has received a SUFFICIENT amount of force and strength from “THE DIVINE”, IHVH, our FATHER, to destroy the whole external environment in which it is placed; or
2. It does not exhaust in the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for this “Specific Energy ‘LIGHT’ Substance”, in the case where this “Specific Energy ‘LIGHT’ Substance” has received an INSUFFICIENT amount of force and strength to destroy the entire external environment in which it is placed.

CHAPTER 093
THE “SPECIFIC ENERGY ‘SPIRIT’ SUBSTANCE” IN THE “SPECIFIC ENERGY ‘SPIRIT←LIGHT’
BRIDGE” MODEL

The “Specific Energy ‘SPIRIT’ Substance” is also protected from the “Specific Energy ‘SPIRITUAL’ Envelope” by a “Specific ‘SPIRITUAL←SPIRIT’ Frontier”. “THE DIVINE FORCE” has also built the structure of this “Specific ‘SPIRITUAL←SPIRIT’ Frontier” from “Specific Atomic ‘SPIRITUAL’ Substances” and “Specific Atomic ‘SPIRIT’ Substances” as “THE DIVINE ARCHITECT AND PROJECT MASTER” designed and established it.

This “Specific ‘SPIRITUAL←SPIRIT’ Frontier” allows facilitating the exchange of communication (reception and transmission of instructions, specific signals, and energy) between the “Specific Energy ‘SPIRIT’ Substance” and the “Specific Energy ‘SPIRITUAL’ Envelope”.

This “Specific ‘SPIRITUAL←SPIRIT’ Frontier” also allows facilitating the passage of forces; that is, the transfer to the “Specific Energy ‘SPIRITUAL’ Envelope” of the surplus of products of the “specific work” accomplished by the “Specific Energy ‘SPIRIT’ Substance”. It acts to maintain a dynamic state of equilibrium, which is the result of application of its principle of action, when the products of the “specific work” accomplished by the “Specific Energy ‘SPIRIT’ Substance” increase.

When the products of the “specific work” accomplished by the “Specific Energy ‘SPIRIT’ Substance” pass through this “Specific ‘SPIRITUAL←SPIRIT’ Frontier”, they are also instantly transformed and come out of this “Specific ‘SPIRITUAL←SPIRIT’ Frontier” in a form usable by the “Specific Energy ‘SPIRITUAL’ Envelope”.

This passage of the products of the “specific work” accomplished by the “Specific Energy ‘SPIRIT’ Substance”, through this “Specific ‘SPIRITUAL←SPIRIT’ Frontier”, and towards the “Specific Energy ‘SPIRITUAL’ Envelope” is also similar to a non-reversible energy osmosis

This “Specific ‘SPIRITUAL←SPIRIT’ Frontier” is kept intact by the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

CHAPTER 094

THE “SPECIFIC ENERGY SPIRITUAL ENVELOPE” IN THE “SPECIFIC ENERGY ‘SPIRIT←LIGHT’ BRIDGE” MODEL

The “Specific Energy ‘SPIRITUAL’ Envelope” is a “Specific Energy ‘SPIRITUAL’ Substance” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established.

In the layers of structures constituent of the “Specific Energy ‘SPIRITUAL’ Envelope”, the constituents “Specific Atomic ‘SPIRITUAL’ Substances” are all held together by “specific processes” which are also activated by “THE SPECIFIC SPIRITUAL FORCE OF LIFE” that is present in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

The “Specific Atomic ‘SPIRITUAL’ Substances” constituents of the “Specific Energy ‘SPIRITUAL’ Envelope” are interconnected with different degrees of cohesion as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed them.

The main purpose of this “Specific Energy ‘SPIRITUAL’ Envelope” is to maintain intact all the “Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” as well as its “Specific ‘SPIRITUAL←SPIRIT’ Frontier”.

יצירה נאמרת ספר

CHAPTER 095

A “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is a conduit of communication, in the attribute “NON DIVINE”, of manifestations of metaphors of the “‘LIGHT’ Divine State” towards manifestations of metaphors of the “‘SPIRIT’ Divine State”. It is also a conduit of communication between “THE DIVINE DOMAIN” and the “Specific Energy ‘SPIRIT’ Substance”. Its functioning is based on the “Causal Precedence Relation of ‘THE PRAISE’”.

Through “The Specific Process of Attachment to ‘THE DIVINE’” and the execution of the “Causal Precedence Relation of ‘THE PRAISE’”, between “The ALTAR of ‘THE DIVINE’” inside the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” model and any expression in the attribute “NON DIVINE” of a metaphor of “THE ‘LIGHT←GOD’ EON”, using the “‘LIGHT→GOD’ CORD OF PRAISE”, then, the reception of “‘LIGHT’ specific supply of subsistence” by “The ALTAR of ‘THE DIVINE’”, and afterwards the transmission of “‘SPIRIT’ specific supply of subsistence” emitted by “The ALTAR of ‘THE DIVINE’” and towards all other components of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” are similar to three successive and non-reversible energy osmoses:

1. “The ALTAR of ‘THE DIVINE’” inside the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will emit “THE PRAISE” — “specific signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘LIGHT’ Specific State” — using the “‘LIGHT→GOD’ CORD OF PRAISE”.

This external supply of subsistence will be provided, in the form of “LIGHT” specific supply of subsistence”, by any expression in the attribute “NON DIVINE” of a metaphor of “THE ‘LIGHT←GOD’ EON”, or by “THE DIVINE FORCE”: this is the first non-reversible

energy osmosis.¹²⁴

“The ALTAR of ‘THE DIVINE’” inside the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will accomplish its “specific work” from these “‘LIGHT’ specific supply of subsistence”.

2. The “Specific Energy ‘SPIRIT’ Substance” which covers “The ALTAR of ‘THE DIVINE’” inside the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, will emit “THE PRAISE” — “specific signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘SPIRIT’ Specific State”.

This external supply of subsistence will be provided, in the form of crude “‘SPIRIT’ specific supply of subsistence”, by “The ALTAR of ‘THE DIVINE’” inside the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”: this is the second non-reversible energy osmosis.

The “Specific Energy ‘SPIRIT’ Substance” will accomplish its “specific work” from these crude “‘SPIRIT’ specific supply of subsistence”.

3. The “Specific Energy ‘SPIRITUAL’ Envelope” which covers the “Specific Energy ‘SPIRIT’ Substance” which itself covers “The ALTAR of ‘THE DIVINE’” inside the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, will emit “THE PRAISE” — “specific signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘SPIRITUAL’ Specific State”.

This external supply of subsistence will be provided, in the form of diluted “‘SPIRITUAL’ specific supply of subsistence”, by the “Specific Energy ‘SPIRIT’ Substance”: this is the third non-reversible energy osmosis.

¹²⁴ You can also understand this concept of “‘LIGHT→GOD’ CORD OF PRAISE” much better from the concepts of receptors and ligands that are used in cellular and molecular biology, and which we will outline below in another chapter of these writings. The principle is the same. With this “‘LIGHT→GOD’ CORD OF PRAISE”, you are in the presence of a “cross-bridge” between two different “Specific States”: the “‘LIGHT’ Specific State” and the “‘GOD’ Specific State”. With the concepts of receptors and ligand of cellular and molecular biology, which you are already familiar with, you are in the presence of only one “Specific State”, but the principle of communication of information and transfer of forces is the same.

The “Specific Energy ‘SPIRITUAL’ Envelope” will accomplish its “specific work” from these diluted “‘SPIRITUAL’ specific supply of subsistence”.

Therefore, the proper functioning of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” depends on the proper functioning of all its components and their “HARMONY” links with “THE DIVINE”, IHVH, our FATHER.

The “Causal Precedence Relation of ‘THE PRAISE’” is catalyzed by the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” and the three successive and non-reversible energy osmoses are enabled by “THE SPECIFIC SPIRITUAL FORCE OF LIFE”. “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is the same and unique for all components of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

“HARMONY” links between “THE DIVINE”, IHVH, our FATHER, and the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” containing a “Specific Energy ‘LIGHT’ Substance” result:

1. On the one hand, from the “HOMOGENEITY”, the “PURITY” and HOLINESS of “The ALTAR of ‘THE DIVINE’” which is in there; that is, the unique homogeneous aspect of “THE DIVINE” which is not mixed and cannot be mixed with something else which is not in the manner of being in the “‘LIGHT’ Specific State” used for the construction of the considered “Specific Energy ‘LIGHT’ Substance”; and
2. On the other hand, from the “HARMONY” of the “Specific Energy ‘SPIRIT’ Substance”, the “Specific ‘SPIRITUAL←SPIRIT’ Frontier”, and the “Specific Energy ‘SPIRITUAL’ Envelope” with “THE DIVINE”, IHVH; that is, they all function in purity and holiness according to the principles and rules that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for them.

All concepts set forth here above and regarding the “Specific Atomic ‘SPIRIT’ Substance”, also extend on the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”. It is worth recalling once again to clarify details that have been added at this scale that is larger than the scale of the “Specific Atomic ‘SPIRIT’ Substance” and where are present simultaneously the “‘SPIRIT’ Specific State” and the “‘LIGHT’ Specific State”.

All “specific processes” internal to the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” and which are designed to allow it to execute, depending upon external instructions that it receives, the “specific tasks” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in these “specific processes” in order to produce their “specific work” that HE has also predefined for the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, have been designed by “THE DIVINE ARCHITECT AND PROJECT MASTER”.

Among these “specific processes”, there are:

1. The “specific elementary processes” that have been already described in the concepts of the “Specific Atomic ‘SPIRIT’ Substance”, the “Specific Elementary ‘SPIRIT’ Substance”, and the “Specific Elementary ‘SPIRIT’ Particle”; and
2. New “specific non-elementary processes” far more complex than the “specific elementary processes”.

The “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is capable of receiving:

1. External statements that are emitted by “Specific ‘SPIRITUAL’ Environment” external and immediate around it, in order to interact consequently with this “Specific ‘SPIRITUAL’ Environment”;
2. Internal instructions emitted by “THE DIVINE”, IHVH, our FATHER from “THE DIVINE DOMAIN” which is outside the “MURKY VOID”, without passing directly through the “MURKY VOID”, but directly and through His “ALTAR” which HE placed in the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”. This is why we speak of “Bridge” between “THE DIVINE”, IHVH, our FATHER from “THE DIVINE DOMAIN” to this protected place within the “MURKY VOID” and where His “ALTAR” is.

The external and internal instructions that the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” receives, and the work that it produces, are and remain still, respectively received and emitted signals.

It is so that, just like the “Specific Atomic ‘SPIRIT’ Substance”, the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is also in fact a perfect receiver-transmitter of signals, structured and much more complex than the “Specific Atomic ‘SPIRIT’ Substance”. “THE DIVINE ARCHITECT AND PROJECT MASTER” has established the specifications for these signals received and emitted by the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

These signals received and emitted by the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” are not necessarily the same as the signals received and emitted by a “Specific Atomic ‘SPIRIT’ Substance” or a “Specific Elementary ‘SPIRIT’ Substance” or else a “Specific Elementary ‘SPIRIT’ Particle”.

These signals received and emitted by the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” must first be “processed” to be afterwards passed to the “Specific Atomic ‘SPIRIT’ Substances” constituents of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

In a “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, some of the “Specific Atomic ‘SPIRITUAL’ Substances” constituents of the “Specific Energy ‘SPIRITUAL’ Envelope”, which they belong to, have the “specific task” to capture external signals input from the outer surface of the structure of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

Once captured, these external signals input will be transmitted, through to others “Specific Atomic ‘SPIRITUAL’ Substances” constituents of the “Specific Energy ‘SPIRITUAL’ Envelope” as a first step, and through the “Specific ‘SPIRITUAL←SPIRIT’ Frontier” in a second step, towards to the “Specific Energy ‘SPIRIT’ Substance” in a third step, or through the “Specific Energy ‘SPIRIT’ Substance”, towards “The ALTAR of ‘THE DIVINE’”.

Vice versa, the “Specific Atomic ‘SPIRIT’ Substances” of the “Specific Energy ‘SPIRIT’ Substance” that are in contact with “The ALTAR of ‘THE DIVINE’” inside the considered “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will receive internal output “specific signals” from “The ALTAR of ‘THE DIVINE’”, that is, instructions coming from “THE DIVINE”, and will transmit them, through to others “Specific Atomic ‘SPIRIT’ Substances” of the “Specific Energy ‘SPIRIT’ Substance” in a first step, and through to the “Specific ‘SPIRITUAL←SPIRIT’ Frontier” in a second step, to the “Specific Energy ‘SPIRITUAL’ Envelope” in a third step, or through the “Specific Energy ‘SPIRITUAL’ Envelope” to the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

When the external signal received or the internal signal emitted by the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” complies with specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, it is said of such an external signal or of such an internal signal that it is a “specific signal”, and a “specific signal” is “PURE”; otherwise it is said of such an external signal or of such an internal signal which is not specific, that it is “IMPURE”, meaning that it is not in conformity with specifications that “THE DIVINE ARCHITECT AND

PROJECT MASTER” has established. An “IMPURE” signal is bearer of added, unwanted, disruptive (and generally unknown) changes that do not conform to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

All “specific signals” that a “Specific Energy ‘SPIRIT←LIGHT’ Bridge” may receive and emit have been designed and predefined appropriately inside the different structures of the components of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” by “THE DIVINE ARCHITECT AND PROJECT MASTER”.

It is so that, by inheritance from its constituents “Specific Energy ‘SPIRIT’ Substance” and “Specific Energy ‘LIGHT’ Substance”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has made the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” “CONSCIOUS”; a feature of the “DIVINE SUBSTANCE”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” with a “‘LIGHT’ specific supply of subsistence” for the “Specific Energy ‘LIGHT’ Substance” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” and with a “‘SPIRIT’ specific supply of subsistence” for the “Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

HE has defined a fundamental “‘LIGHT’ specific supply of subsistence” allowing it to maintain intact the capacity of all “specific elementary processes” internal in the “Specific Energy ‘LIGHT’ Substance” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, without exception, to execute their predefined “specific tasks” to produce the “specific work” that HE has also predefined for the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

HE has also defined a fundamental “‘SPIRIT’ specific supply of subsistence” allowing it to maintain intact the capacity of all “specific elementary processes” internal in the “Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, without exception, to execute their predefined “specific tasks” to produce the “specific work” that HE has also predefined for the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

HE has also defined and established a maximum “‘LIGHT’ specific supply of subsistence” that the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” can withstand while remaining in the attribute “NON DIVINE” and above which the structure of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will be destroyed because it is attached to the attribute “NON DIVINE”. This maximum “‘LIGHT’ specific supply

of subsistence” is billions of times less than the “‘LIGHT’ divine electrical charge” of a “DIVINE SUBSTANCE”.

HE has also defined and established a maximum “‘SPIRIT’ specific supply of subsistence” that the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” can withstand while remaining in the attribute “NON DIVINE” and above which the structure of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will be destroyed because it is attached to the attribute “NON DIVINE”. This maximum “‘SPIRIT’ specific supply of subsistence” is billions of times less than the “‘SPIRIT’ divine electrical charge” of a “DIVINE SUBSTANCE”.

Depending upon the available amount of its “‘LIGHT’ specific supply of subsistence” and depending upon the available amount of its “‘SPIRIT’ specific supply of subsistence”, and the “specific work” accomplished by those “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in the “Specific Energy ‘LIGHT’ Substance” and in the “Specific Energy ‘SPIRIT’ Substance” constituents of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will emit an internal output signal, in the “‘SPIRIT’ Specific State”.

That internal output signal emitted by the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” also instantly manifests itself by the appearance of a “specific effect”, as a result of the combination and a “specific interpretation” of “specific effects” of the “Specific Energy ‘SPIRIT’ Substance” and of the “Specific Energy ‘LIGHT’ Substance” constituents of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, and the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will instantly adopt a “specific behavior” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific processes” of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined and associated to the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” a set of “specific behaviors” and their associated “specific effects” that can be instantly manifested, in different combinations or on their own as isolated single unit, in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

Among these “specific behaviors” is also that, which is called the “movement”, considered in relation to defined benchmarks, and considered in relation to the absence of “movement”.

Among these “specific behaviors”, is also that, which is called “radiation” and which is the emission of a brilliant glow, the “EPHEMERAL GLOW ‘SPIRIT’” (since the “Specific Energy ‘SPIRIT’ Substance” is covering the “Specific Energy ‘LIGHT’ Substance”), in the sense that it is not eternal, but lasts a relatively short time if compared to its analogue (which is eternal and which is) emitted by the “DIVINE SUBSTANCE”. This “EPHEMERAL GLOW ‘SPIRIT’” is visible to “THE EYE OF THE DIVINE”, and results from the combination of the internal output signals of the “Specific Energy ‘SPIRIT’ Substance” and of “Specific Energy ‘LIGHT’ Substance” constituents of this “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, following these “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

Among the “specific effects” associated with the “specific behavior”, which is called the “movement”, is that, which is called the “SOUND”, and also is that, which is called the “WIND”.

The “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, will thus possess, by inheritance from its constituents “Specific Energy ‘SPIRIT’ Substance” and “Specific Energy ‘LIGHT’ Substance”, a dynamism, a principle of action, an ability to produce this “specific work” which shifts it from the absence of “specific behavior” to the “specific behavior” considered, in short, an “energy” which is called: the energy of the “specific behavior”, — in the case of the “movement”, it will be that, which is still called “kinetic” energy —, which is associated with the “specific work” performed by those “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, and which is necessary to pass this “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, from the absence of “specific behavior” to the “specific behavior” considered. Thus, different denominations are associated with this “specific work” according to the desired “specific behavior”; the example of still that, which will be called: “ELECTRICITY”, in all its forms, and which derives from the “movement”, as that “energy” produced by the displacement of the “Specific Elementary ‘SPIRIT’ Particles”, which are carriers of “‘SPIRIT’ specific electrical charges”, and which are constituents of the “Specific Elementary ‘SPIRIT’ Substances”, which themselves are constituents of the “Specific Atomic ‘SPIRIT’ Substances” themselves constituents of the “Specific Energy ‘SPIRIT’ Substance”, itself constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, and which will manifest itself by different phenomena such as attraction and repulsion (static electricity, resulting from accumulation or loss of “‘SPIRIT’ specific electrical charges”), heat, chemical, luminous, magnetic, mechanical

(dynamic electricity, resulting from a flow of “SPIRIT” specific electrical charges”), etc...

The magnitude and the complexity of the manifestations of these “specific effects” and associated “specific behaviors” by the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, being the result of the combination and a “specific interpretation” of “specific effects” and associated “specific behaviors” of its “Specific Energy ‘SPIRIT’ Substance” and its “Specific Energy ‘LIGHT’ Substance” constituents, they will of course be higher than those of the constituents taken in on their own as a single unit.

Once produced, the rate of development of the desired “specific behavior”, also called the “momentum” of the desired “specific behavior” depends upon the increase or decrease of the available amount of the “‘LIGHT’ specific supply of subsistence” of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”. This “momentum” of the desired “specific behavior” can be kept perpetual, in an equilibrium state, as long as the “‘LIGHT’ specific supply of subsistence” is sufficiently and perpetually available for the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” to maintain its dynamism.

The “‘LIGHT’ specific supply of subsistence” is the external “specific supply of subsistence”, in the “‘LIGHT’ Specific State”, which will allow the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” to maintain its dynamism.

The speed of reception and transmission of signals by the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is instantaneous, at the scale of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, and it determines the “INTENSITY”, and therefore the “STRENGTH”, of the luminous radiation that will be emitted by this “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

This speed of reception and transmission of signals, increases and decreases depending upon the strength of the “‘SPIRIT’ specific supply of subsistence” of the “Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”. The higher the “‘SPIRIT’ specific supply of subsistence” of the “Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, the higher the speed of reception and transmission of “specific signals”.

The higher this speed of reception and transmission of “specific signals”, the more intense and powerful is the luminous radiation emitted by the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

When the strength of the “‘SPIRIT’ specific supply of subsistence” of the “Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is at the maximum limit which is associated to the maximum “‘SPIRIT’ specific supply of subsistence” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, then, this speed of reception and transmission of “specific signals” reaches the maximum limit that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

This maximum limit which is the maximum speed of reception and transmission of “specific signals” from the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is still billions of times less than the speed of reception and transmission of the same “specific signals” in “DIVINE SUBSTANCE”.

All these structures of the different components of the “Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” are on a much larger scale than the scale of the “Specific Atomic ‘SPIRIT’ Substance”, and therefore several times much larger than the scale of the “Specific Elementary ‘SPIRIT’ Particle” in the “Specific ‘SPIRITUAL’ Environment” — “Kingdom of GOD”.

Although the speed of reception and transmission of signals by the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is instantaneous, at the scale of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, it is an “eternity” for the “Specific Elementary ‘SPIRIT’ Particle”, and therefore it is an “eternity” for “THE DIVINE”. It is so that, one “Day” for “THE DIVINE”, IHVH, our FATHER will be like an “eternity” for the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

According to external signals input (that is, from the “Specific ‘SPIRITUAL’ Environment”) and internal input signals (that is, from “The ALTAR of ‘THE DIVINE’”), received by the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, the “specific processes” will also associate a color to the luminous radiation of the internal output signal.

With the exception of “specific elementary processes” which “specific work” is to develop a “specific electromagnetic energy field” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, when at least one of the other “specific processes” of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is executing its predefined “specific tasks” in order to produce its “specific work” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has also predefined for the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” which it (the “specific process” considered)

belongs to, then, it is said that the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is “awake”. The “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, is thus “awake” when at least one of its constituent components is “awake”. Otherwise we shall say that the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is “asleep” and in this case, all of its constituent components are “asleep”.

Whether the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is either “awake” or “asleep”, the “specific work” accomplished by its “specific processes” does not stop, but it is accompanied by a change (decrease) more or less large of its “‘LIGHT’ specific supply of subsistence” of “The ALTAR of ‘THE DIVINE’” inside the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, and consequently by a change (decrease) more or less large of its “‘SPIRIT’ specific supply of subsistence” of the “Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, depending upon whether some of its structures are “awake” or “asleep”.

This lack of “‘LIGHT’ specific supply of subsistence”, and the lack of “‘SPIRIT’ specific supply of subsistence” thereof, which ensues from the “specific work” accomplished by the “specific processes”, is always necessary for the proper functioning of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, and is still called the “NEED” (or also the “DEFICIT”) of “‘LIGHT’ specific supply of subsistence”, and consequently of “‘SPIRIT’ specific supply of subsistence”, from the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

The “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is in a “NEED” (or also a “DEFICIT”) of “‘LIGHT’ specific supply of subsistence”, and consequently of “‘SPIRIT’ specific supply of subsistence”, when “The ALTAR of ‘THE DIVINE’” inside the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is in a “NEED” (or also a “DEFICIT”) of “‘LIGHT’ specific supply of subsistence”, or when the “Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is in a “NEED” (or also a “DEFICIT”) of “‘SPIRIT’ specific supply of subsistence”.

The “‘LIGHT’ specific supply of subsistence” of “The ALTAR of ‘THE DIVINE’” inside the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, just as the “‘SPIRIT’ specific supply of subsistence” of the “Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, is not eternal inside the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, because this “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is attached to the attribute “NON DIVINE”.

It is so that, this “‘LIGHT’ specific supply of subsistence” of “The ALTAR of ‘THE DIVINE’” inside the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, just as the

“‘SPIRIT’ specific supply of subsistence” of the “Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, exhausts in the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” depending upon the work accomplished by the “specific processes” of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” and within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for it.

When a “specific process” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Energy ‘SPIRIT←LIGHT’ Bridge” works properly following the principles and rules that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, it is said that this “specific process” is “HOLY”. The “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is “HOLY” when all its “specific processes” are “HOLY”.

If the “‘SPIRIT’ specific supply of subsistence” of the “Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” passes below of its fundamental “‘SPIRIT’ specific supply of subsistence” necessary to the proper functioning, which will be the case if the “‘LIGHT’ specific supply of subsistence” of “The ALTAR of ‘THE DIVINE’” inside the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” passes below of its fundamental “‘LIGHT’ specific supply of subsistence” necessary to the proper functioning, then, at least one of the “specific processes” of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will lose its capacity to perform its predefined “specific tasks”.

Such “specific process” will not function properly following the principles and rules that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, and such “specific process” is said to be “UNHOLY”.

We shall also say that the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is “UNHOLY” when at least one of its “specific processes” is “UNHOLY”; and therefore, the component constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” and containing the “UNHOLY” “specific processes” is also “UNHOLY”, and so on, it goes down to the corresponding “Specific Elementary ‘SPIRIT’ Particle”, constituent of the “Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, and containing the “specific process” which is “UNHOLY”.

It is worth recalling that the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is capable of receiving:

1. External statements that are emitted by “Specific ‘SPIRITUAL’ Environment” external and immediate around it, in order to interact consequently with this “Specific ‘SPIRITUAL’ Environment”;
2. Internal instructions emitted by “THE DIVINE”, IHVH, our FATHER from “THE DIVINE DOMAIN” which is outside the “MURKY VOID”, without passing directly through the “MURKY VOID”, but directly and through His “ALTAR” which HE placed in the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”. This is why we speak of “Bridge” between “THE DIVINE”, IHVH, our FATHER from “THE DIVINE DOMAIN” to this protected place within the “MURKY VOID” and where His “ALTAR” is.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “‘LIGHT’ specific supply of subsistence” of “The ALTAR of ‘THE DIVINE’” inside the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” so that it can be renewed.

It may be renewed directly by “THE DIVINE FORCE” following reception of “THE WORD OF THE DIVINE” or else it can be continuously renewed following a cycle with seven “transformation steps”, catalyzed by the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, and through “The Specific Process of Attachment to ‘THE DIVINE’” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established for the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”. It is so that, the first non-reversible energy osmosis will occur.

Similarly, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “‘SPIRIT’ specific supply of subsistence” of the “Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” so that it can be renewed.

It may be renewed directly by “THE DIVINE FORCE” following reception of “THE WORD OF THE DIVINE” or else it can be continuously renewed through “The ALTAR of ‘THE DIVINE’” inside the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” following a cycle with seven “transformation steps”, catalyzed by the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, and through “The Specific Process of Attachment to ‘THE DIVINE’” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has

designed and established for the “Specific Energy ‘SPIRIT’ Domain”. It is so that, the second non-reversible energy osmosis will occur.

When the “Specific Energy ‘LIGHT’ Substance” has received a SUFFICIENT amount of force and strength from “THE DIVINE”, IHVH, our FATHER, to be able to not only give “LIFE” to the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, but to be able to destroy the whole external environment in which it is placed, then, with the passage of time and within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, the “Specific Energy ‘LIGHT’ Substance” will provide continuously and without interruption the “‘SPIRIT’ specific supply of subsistence” which are necessary for the proper functioning of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”; that is, to the proper functioning of the all components constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” and also of the “specific processes” that maintain the cohesion of all its components.

It is so that, “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will not be of VITAL importance for the survival of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, but this degree of PRESENCE of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will be of VITAL importance for the survival of this “Specific ‘SPIRITUAL’ Environment”. We explain this in the text below.

As noted earlier, it is by “THE SPECIFIC SPIRITUAL FORCE OF LIFE” that products, also known as “fruits”, of “THE TREE OF LIFE” and which are manifestations, in the attribute “NON DIVINE”, of metaphors of supply of subsistence that are provided as a result of the execution of the “Causal Precedence Relation of ‘THE PRAISE’”, will be extracted and provided to the “Specific Energy ‘LIGHT’ Substance”, so that this “Specific Energy ‘LIGHT’ Substance” remains into existence in the “‘LIGHT’ Specific State” in the attribute “NON DIVINE”.

These products, also called the “fruits”, of “THE TREE OF LIFE”, are the “‘LIGHT’ specific supply of subsistence” which are necessary for the proper functioning of the “Specific Energy ‘LIGHT’ Substance”, and consequently to the proper functioning of all “Specific Atomic ‘LIGHT’ Substances” constituents of the “Specific Energy ‘LIGHT’ Substance”.

It is from these “‘LIGHT’ specific supply of subsistence” that the “Specific Energy ‘LIGHT’ Substance” inside the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will

produce the “specific work” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined for it, in a well assured “equilibrium state” and within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

It is the product of this “specific work” accomplished by the “Specific Energy ‘LIGHT’ Substance” that will be transmitted to the “Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, in the form of “‘SPIRIT’ specific supply of subsistence” that the “Specific Energy ‘SPIRIT’ Substance” will in turn use to accomplish its “specific work”.

It is so that, when the “Specific Energy ‘LIGHT’ Substance” has received a SUFFICIENT amount of force and strength from “THE DIVINE”, IHVH, our FATHER, to be able to only give “LIFE” to the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, but INSUFFICIENT to be able to destroy the whole external environment in which it is placed, then, “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, is more than ever of VITAL importance for the survival of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

It is worth recalling again that “THE SPECIFIC SPIRITUAL FORCE OF LIFE”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” designed it, never perishes and it is eternal; but, THE DEGREE OF PRESENCE of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” may increase or decrease depending upon whether the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” becomes permeable or impermeable to “THE SPECIFIC SPIRITUAL FORCE OF LIFE”.

Therefore, the “‘LIGHT’ specific supply of subsistence” and the “‘SPIRIT’ specific supply of subsistence” of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” may vary; decrease or increase not only depending upon the “specific work” accomplished by the “specific processes” of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” but also depending upon whether the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” increases or decreases.

It is also so that the speed of reception and transmission of signals by the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” increases and decreases depending upon the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the

“Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

The higher the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, the higher this speed of reception and transmission of “specific signals”.

The higher this speed of reception and transmission of “specific signals”, the more intense and powerful is the luminous radiation emitted by the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” reaches the limit that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, then, this speed of reception and transmission of “specific signals” reaches the maximum limit which is obtained with the maximum “‘SPIRIT’ specific supply of subsistence” and with the maximum “‘LIGHT’ specific supply of subsistence”.

Although the speed of reception and transmission of signals by the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is instantaneous, at the scale of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, it is an “eternity” for the “Specific Elementary ‘SPIRIT’ Particle”.

It is so that, depending upon the strength of “The ALTAR of ‘THE DIVINE’” located inside the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, a time more or less long in the scale of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, but which has been specified and established by “THE DIVINE ARCHITECT AND PROJECT MASTER”, may be necessary for the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” to increase the presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around it so that the speed of reception and transmission of the “specific signals” reaches the maximum limit of the speed of reception and transmission of “specific signals” of the maximal proximity.

The maximal proximity is the one which will result from optimal properties that ensue from the application of proportionality factors that define the laws of change of frame of reference, between “THE ABSOLUTE FRAME OF REFERENCE” defined by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in “THE DIVINE” and “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE”.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is high enough in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, in the case when the “Specific Energy ‘LIGHT’ Substance” has received an INSUFFICIENT amount of force and strength from “THE DIVINE”, IHVH, our FATHER, to be able to destroy the whole external environment in which it is placed, but SUFFICIENT to give “LIFE” to the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, then, “THE SPECIFIC SPIRITUAL FORCE OF LIFE” will provide to the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” enough “‘LIGHT’ specific supply of subsistence” and “‘SPIRIT’ specific supply of subsistence” necessary to maintain intact the capacity of all “specific processes”, “specific elementary processes” and “specific non-elementary processes” without exception, to execute their predefined “specific tasks” to produce the “specific work” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has also predefined for the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

When “THE SPECIFIC SPIRITUAL FORCE OF LIFE” provides a “‘LIGHT’ specific supply of subsistence” to “The ALTAR of ‘THE DIVINE’” inside the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, or a “‘SPIRIT’ specific supply of subsistence” to the “Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, it is then, said that “THE SPECIFIC SPIRITUAL FORCE OF LIFE” “NOURISHES” the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

Therefore, it will be said that the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER when the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” has both (1) a “‘LIGHT’ specific supply of subsistence” which is not below its fundamental load and (2) a “‘SPIRIT’ specific supply of subsistence” which is not below its fundamental load.

In this case, depending upon external input signals, received by the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, the color of luminous radiation of the internal output signal that ensues from the work of “specific processes” will be a color belonging to the “Palette of HARMONY” — color palette associated to “‘LIGHT’ specific supply of subsistence” which are above the fundamental “‘LIGHT’ specific supply of subsistence” and to “‘SPIRIT’ specific supply of subsistence” which are above the fundamental “‘SPIRIT’ specific supply of subsistence” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for proper functioning of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

It is so that, when the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, and that furthermore its “‘LIGHT’ specific supply of subsistence” and consequently its “‘LIGHT’ specific supply of subsistence” increase with the passage of time, then, the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will be overcharged to the extent that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

When the “‘LIGHT’ specific supply of subsistence” and the “‘SPIRIT’ specific supply of subsistence” are at the proximity of their maximum that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, then, the color of the luminous radiation that the “Specific Elementary ‘LIGHT’ Particle” and the “Specific Elementary ‘SPIRIT’ Particle” will emit is the color “WHITE” absolute, extremely bright, indicating the proximity of the maximum “‘SPIRIT’ specific supply of subsistence”.

It is so that, when the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, in response to “specific signals” generated by the successive series of reception and transmission and depending upon external signals input and depending upon the strength of its “‘LIGHT’ specific supply of subsistence” and also of its “‘SPIRIT’ specific supply of subsistence”, the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will emit an internal output signal which is accompanied by a much more luminous radiation, which is an “EPHEMERAL GLOW ‘SPIRIT’” much more intense and powerful, as a result of the combination of luminous radiation from its components, and following processes that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed.

When the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, IF the external input signal received by the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is “PURE”, then, all the “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will perfectly execute their predefined “specific tasks” and they will produce the “specific work” that HE has also predefined for the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

The “specific work” produced is emitted in the form of an internal output signal which is accompanied by a sufficient luminous radiation, of a color belonging to the “Palette of HARMONY”, and it manifests itself also instantly by the appearance of an effect of harmony in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

It is a behavior inherited from the “Specific Atomic ‘SPIRIT’ Substance” and that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific processes” of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

Just as with the “Specific Atomic ‘SPIRIT’ Substance”, this behavior, depending upon the external “specific signal” input, is consistent and can express manifestations of metaphors of the “SUPREME STATE OF EQUILIBRIUM” of “THE DIVINE”: “HAPPINESS”, “JOY”, “LAUGHTER”, “SMILE”, “CHEERFULNESS”, etc...

All “specific behaviours” that a “Specific Energy ‘SPIRIT←LIGHT’ Bridge” can execute have been designed and predefined within the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” by “THE DIVINE ARCHITECT AND PROJECT MASTER”.

When the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, IF the external input signal received by the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is “IMPURE”, then, the “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, and which are tasked to receive first and foremost external signals, will reject this external signal input which is “IMPURE”.

This rejection is a “specific mechanism” of survival, inner to the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”. It occurs instantly through a blocking effect in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, thus creating a protective “shield”: the “SPIRITUAL SHIELD”.

The appearing of the “SPIRITUAL SHIELD” is a behavior inherited from the “Specific Elementary ‘SPIRIT’ Particle” and that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific processes” of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” and for the survival of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

This behavior inherited from the “Specific Elementary ‘SPIRIT’ Particle” is part of the basic “Survival Instincts” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific processes” of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is high enough in the “Specific ‘SPIRITUAL’ Environment” external and immediate

around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, then, the blocking effect that occurs instantly in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” following to this rejection is increasingly robust and is still called “THE WRATH”.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is not high enough in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, then, two scenarios must be considered depending upon the amount of force and strength of the “Specific Energy ‘LIGHT’ Substance”, which is located inside the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

The first case scenario is the one in which the “Specific Energy ‘LIGHT’ Substance” has received a SUFFICIENT amount of force and strength from “THE DIVINE”, IHVH, our FATHER, to be able to not only give “LIFE” to the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, but to be able to destroy the whole external environment in which it is placed.

The second case scenario is the one in which the “Specific Energy ‘LIGHT’ Substance” has received an INSUFFICIENT amount of force and strength from “THE DIVINE”, IHVH, our FATHER, to be able to destroy the whole external environment in which it is placed, but SUFFICIENT to be able to give “LIFE” to the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

In the first case scenario, the “Specific Energy ‘LIGHT’ Substance” will always provide the “‘SPIRIT’ specific supply of subsistence” which are necessary for the proper functioning of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”; that is, the proper functioning of all the components constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” and as well as of the “specific processes” that maintain the cohesion of all its components.

Therefore, the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will always be in “HARMONY” with “THE DIVINE”, IHVH, our FATHER.

But since the external signals emitted by the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” are “IMPURE” signals input to the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, then, the “SPIRITUAL SHIELD” will be activated.

Therefore, the “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this “Specific Energy

‘SPIRIT←LIGHT’ Bridge”, and which are tasked to receive first and foremost external signals, will reject this external signal input which is “IMPURE”.

This force and strength of the “Specific Energy ‘LIGHT’ Substance”, is such that the blocking effect that occurs instantly, at the scale of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” following to this rejection — and which is still called “THE WRATH” — will be much more manifest and robust.¹²⁵

It is so that, if the presence of these “IMPURE” external signals emitted by the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is sufficiently high, and the “Specific Energy ‘SPIRITUAL’ Envelope” is not kept strong enough to maintain intact the “Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, then, the structure of this “Specific Energy ‘SPIRITUAL’ Envelope” will be destroyed.

If it happens that the structure of this “Specific Energy ‘SPIRITUAL’ Envelope” is destroyed, then, the “Specific Energy ‘SPIRIT’ Substance”, inside the “Specific Energy ‘SPIRITUAL’ Envelope”, that allows to reduce the strength of the

¹²⁵ It is so that, when “THE DIVINE”, IHVH, our FATHER, or when CHRIST manifests His Presence in the environment of this “Earthly world” which is covered with impurities from all sides, when HE speaks to humans, in this “impure” environment, humans all around have so the impression that CHRIST is talking like a thunder with a loud voice.

In fact “THE DIVINE”, IHVH, our FATHER, and CHRIST are the most gentle into existence and they do not speak by growling. It is “THE WRATH”, that effect of blocking which occurs instantly, at the scale of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” through which “THE DIVINE”, IHVH, our FATHER, or CHRIST manifest their Presence in the environment of this “Earthly world” which is covered with impurities from all sides, that blends with the message conveyed by “THE DIVINE”, IHVH, our FATHER, or by CHRIST, and giving thus the effect of thunder with a loud voice that humans hear all around.

It is also so that when a creature who is sufficiently in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, speaks to another creature who is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, the creature who is in the State of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, hears only growled sounds from the creature who is sufficiently in “HARMONY” with “THE DIVINE”, IHVH, our FATHER.

It is also so that communication exchange by speech between a just creature and an unjust creature always takes place at the edge of the clash and with a lot of tensions.

radiation from the “Specific Energy ‘LIGHT’ Substance” which is located in there and to protect it from the “Specific ‘SPIRITUAL’ Environment” external and immediate around this “Specific Energy ‘LIGHT’ Substance” will be affected and will lose its structure.

Therefore, the “Specific Energy ‘LIGHT’ Substance” which is located in there and which has received a sufficient amount of force and strength from “THE DIVINE”, IHVH, to destroy the whole external environment, will be exposed to the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” and will destroy it; that is, to return it in a proximity domain, and that we have already indicated in a text above.

This explains why even though THE DEGREE OF PRESENCE of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, in this first case scenario, is not of VITAL importance for the survival of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, it will however be of VITAL importance for the survival of the “Specific ‘SPIRITUAL’ Environment”.

In the second case scenario, the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is not sufficient in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, then, “THE SPECIFIC SPIRITUAL FORCE OF LIFE” will not provide to the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” enough of the “‘LIGHT’ specific supply of subsistence” and “‘SPIRIT’ specific supply of subsistence” necessary to its proper functioning; that is, the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” cannot be sufficiently “NOURISHED” by “THE SPECIFIC SPIRITUAL FORCE OF LIFE”.

It is then, that at least one or more of the “specific processes” of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will lose their capacity to perform their predefined “specific tasks”.

Therefore, the “specific work” accomplished by its “specific elementary processes” will be much more unpredictable than it was with the “Specific Atomic ‘SPIRIT’ Substance”, and with the “Specific Elementary ‘SPIRIT’ Particle” on a smaller scale, although it is always accompanied by a variation (decrease) of its “‘LIGHT’ specific supply of subsistence” and consequently of its “‘SPIRIT’ specific supply of subsistence”.

We shall say that the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is “SICK”; it is suffering from a “DISEASE” caused by failure of the degree of presence of “THE

SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”. The type of “DISEASE” is directly associated with these “specific processes” of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” that have lost their capacity to perform their predefined “specific tasks”.

We shall also say that the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, when the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” has a “‘LIGHT’ specific supply of subsistence” which is below its fundamental load or a “‘SPIRIT’ specific supply of subsistence” which is below its fundamental load. This always occurs when the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is not high enough in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

In this case, depending upon external input signals, received by the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, the color of luminous radiation of the internal output signal that ensues from the work of “specific processes” will be a color belonging to the “Palette of CHAOS” — color palette associated to “‘LIGHT’ specific supply of subsistence” which are below the fundamental “‘LIGHT’ specific supply of subsistence” and to “‘SPIRIT’ specific supply of subsistence” which are below the fundamental “‘SPIRIT’ specific supply of subsistence” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for proper functioning of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

When the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, then, either one or more of its constituent components will be in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, or one or more of the “specific processes” of “Specific Energy ‘SPIRIT’ Substance” and that maintain the cohesion of its constituent components will not have enough “‘SPIRIT’ specific supply of subsistence” necessary to its proper functioning. Therefore, the cohesion of all of its constituent components will be put at risk.

The cohesion of the combined group of the constituent components of a “Specific Energy ‘SPIRIT←LIGHT’ Bridge” can be damaged in two ways:

1. Either by a sufficiently violent contact with an external element to the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” and this element external

will then, separate particular layers of the constituent components of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”;

2. Either by failure of the “‘LIGHT’ specific supply of subsistence” in “The ALTAR of ‘THE DIVINE’” or by failure of the “‘SPIRIT’ specific supply of subsistence” in the “Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

When the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, then, the “‘LIGHT’ specific supply of subsistence” in “The ALTAR of ‘THE DIVINE’” and consequently the “‘SPIRIT’ specific supply of subsistence” of the “Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” could therefore be exhausted within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for it.

When the “‘SPIRITUAL’ specific supply of subsistence” of the “Specific Energy ‘SPIRITUAL’ Envelope” is null, the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRITUAL’ Envelope” is null, then, all “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has placed in this “Specific Energy ‘SPIRITUAL’ Envelope” are rendered inactive and the “Specific Energy ‘SPIRITUAL’ Envelope” will neither be able to receive nor to emit “specific signals” designed and predefined in it by “THE DIVINE ARCHITECT AND PROJECT MASTER”.

Then, the colour of luminous radiation that it will emit is the color “BLACK” absolute, indicating “TOTAL ABSENCE OF LIFE” in all the constituent components of the “Specific Energy ‘SPIRITUAL’ Envelope”: this is called the “First Death”; it is that of the “Specific Energy ‘SPIRITUAL’ Envelope” of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”. It occurs when the “Specific ‘SPIRITUAL←SPIRIT’ Frontier” of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” ceases to function as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established it.

When the “‘SPIRIT’ specific supply of subsistence” of the “Specific Energy ‘SPIRIT’ Substance” is null, the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance” is null, then, all “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has placed in this “Specific Energy ‘SPIRIT’ Substance” are

rendered inactive and the “Specific Energy ‘SPIRIT’ Substance” will neither be able to receive nor to emit “specific signals” designed and predefined in it by “THE DIVINE ARCHITECT AND PROJECT MASTER”.

Then, the colour of luminous radiation that it will emit is the color “BLACK” absolute, indicating “TOTAL ABSENCE OF LIFE” in all the constituent components of the “Specific Energy ‘SPIRIT’ Substance”: this is called the “Second Death”; it is that of the “Specific Energy ‘SPIRIT’ Substance” of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”. It occurs when the “Specific ‘SPIRIT←LIGHT’ Frontier” of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” ceases to function as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established it; it is then, that the entire “Specific Energy ‘SPIRIT←LIGHT’ Bridge” ceases to function.

It is so that, there are two kinds of “death”¹²⁶ for such a “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

At the “First Death”, the “Specific Atomic ‘SPIRITUAL’ Substances” of the structure of the “Specific Energy ‘SPIRITUAL’ Envelope” are destroyed, and therefore the “Specific Energy ‘SPIRITUAL’ Envelope” is destroyed, disintegrates within the temporal limits that “THE DIVINE”, IHVH, has assigned to the existence of such a structure and returns to the “void”.

At the “Second Death”, it is the destruction of the “Specific Atomic ‘SPIRIT’ Substances” of the structure of the “Specific Energy ‘SPIRIT’ Substance”, and therefore it is the destruction of the structure of the “Specific Energy ‘SPIRIT’ Substance” that follows, then, also disintegrates within the temporal limits that “THE DIVINE”, IHVH, has assigned to the existence of such a structure and returns to the “void”.

After the “Second Death”, the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is completely destroyed and lost, and “The ALTAR of ‘THE DIVINE’” which is located in there is then, exposed directly and without protection to the environment.

To avoid that the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” diminishes and becomes

¹²⁶ See conversation of September 17, 2005. Aristide with ENOCH

insufficient, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and provided “The Specific Process of Attachment to ‘THE DIVINE’”.

It is through “The Specific Process of Attachment to ‘THE DIVINE’” that the “Causal Precedence Relation of ‘THE PRAISE’” will be executed in order to avoid that the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” becomes impermeable to “THE SPECIFIC SPIRITUAL FORCE OF LIFE”.

In the case where the cohesion of the combined group of the constituent components of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is damaged, it can also be restored in two ways: through an external force or through “THE SPECIFIC SPIRITUAL FORCE OF LIFE”.

If an external element is at the origin of the damage on the cohesion of the combined group of the constituent components of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, then, to restore cohesion one must start by completely removing the presence of this external element from any contact with the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” without however causing more damage. Once such a presence has been removed, then:

1. This cohesion will be immediately restored if the “HARMONY” between the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” and “THE DIVINE”, IHVH, our FATHER is high enough;
2. This cohesion can be restored with the passage of time by adding or transferring “‘SPIRIT’ specific supply of subsistence” from another external force sufficiently pure and of the same nature (for example spiritual or physical) than that the external element which is at the origin of the damage.

To clarify this concept without making confusion between a signal received or emitted and the “‘SPIRIT’ specific supply of subsistence”, we can clearly mention here that the “‘SPIRIT’ specific supply of subsistence” added to the “Specific Energy ‘SPIRIT’ Substance” are actually external signals emitted from another external force sufficiently pure.

When the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, it will not function like “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it for.

מציאות
הנצחית
האלוהית

It is so that, its “SPIRITUAL SHIELD”, the internal “specific mechanism” which allows rejecting “IMPURE” external signals input will fail to function as it should and will let these “IMPURE” external signals input through.

Although all the “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in such a “Specific Energy ‘SPIRIT←LIGHT’ Bridge” for its proper functioning will always be present in it, this “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will not have enough “‘LIGHT’ specific supply of subsistence” or will not have enough “‘SPIRIT’ specific supply of subsistence” to keep these “specific processes” running.

Therefore, by further decreasing the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, more and more “Specific Atomic ‘SPIRIT’ Substances” constituents of the “Specific Energy ‘SPIRIT’ Substance” of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, throughout layers of “Specific Atomic ‘SPIRIT’ Substances”, will lose their “HARMONY” with “THE DIVINE”, IHVH, our FATHER.

Therefore, the speed of reception and transmission of signals in the “Specific Atomic ‘SPIRIT’ Substances” that are in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, and between the layers of “Specific Atomic ‘SPIRIT’ Substances” constituents of the “Specific Energy ‘SPIRIT’ Domain” and passing through these “Specific Atomic ‘SPIRIT’ Substances” constituent that are not in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, will further decrease. And as a result, the luminous radiation emitted by the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will be much less intense and powerful.

Therefore, by “processing” these “IMPURE” external signals input through its “UNHOLY” processes, it will emit “IMPURE” internal output signals, in return.

It is so that, such a “Specific Energy ‘SPIRIT←LIGHT’ Bridge” which is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, will emit “distress signals” much more important throughout the outer surface of its “Specific Energy ‘SPIRITUAL’ Envelope” and that come instantly with a less luminous radiation and with colors belonging to the “Palette of CHAOS”, that is, that of dark colors, so that an external action be taken to remedy this situation and restore “HARMONY” with “THE DIVINE”, IHVH, our FATHER.

It is so that, a “distress signal” will be emitted either by “The ALTAR of ‘THE DIVINE’” inside the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, or by the

“Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, or by the “Specific Energy ‘SPIRITUAL’ Envelope” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is not sufficient, then, only the addition or transfer of “‘LIGHT’ specific supply of subsistence” to “The ALTAR of ‘THE DIVINE’” inside the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, or the addition or transfer of “‘SPIRIT’ specific supply of subsistence” to the “Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, from another pure enough external force can prevent and stop the spread of this effect of “POISON” through the “Specific Atomic ‘SPIRIT’ Substances” constituents of the “Specific Energy ‘SPIRIT’ Domain”.

This addition or transfer of “‘LIGHT’ specific supply of subsistence” to “The ALTAR of ‘THE DIVINE’” inside the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, or the addition or transfer of “‘SPIRIT’ specific supply of subsistence” to the “Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, from another pure enough external force, to restore the “HARMONY” of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” with “THE DIVINE”, IHVH, our FATHER, is achieved through “specific mechanisms” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established for this purpose.¹²⁷

The emission of a “distress signal” is still a “specific mechanism” of survival, inner to the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, inherited from the “Specific Atomic ‘SPIRIT’ Substance”. It occurs instantly by a vibration/trembling effect in

¹²⁷ AZAZEL had understood the functioning of these “specific mechanisms” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and lined up for adding or transferring “‘SPIRIT’ specific supply of subsistence” to the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” from another pure enough external force, to restore the “HARMONY” of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” with “THE DIVINE”, IHVH, our FATHER

It is so that, AZAZEL will use these mechanisms first on himself and afterwards he will declare himself to be a “god”; not knowing that “THE DIVINE ARCHITECT AND PROJECT MASTER” had established maximum limits to the “‘SPIRIT’ specific supply of subsistence” that an entity created into existence in the attribute “NON DIVINE” and following the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” model could receive and above which the structure of this entity will be damaged and destroyed.

the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

It is also a behavior, inherited from the “Specific Elementary ‘SPIRIT’ Particle”, that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific processes” of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” and for the survival of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

This behavior is part of the basic “Survival Instincts” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in the “specific processes” of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

The effect of vibration/trembling that occurs instantly in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” following the emission of a “distress signal” is still called: “PAIN”.

“Distress signals” emitted by “The ALTAR of ‘THE DIVINE’” will be sent to manifestations of the metaphors of “THE ‘LIGHT←GOD’ EON” or to “THE DIVINE FORCE” for an external intervention for the sending and the addition of “‘LIGHT’ specific supply of subsistence” to “The ALTAR of ‘THE DIVINE’”.

“Distress signals” emitted by the “Specific Energy ‘SPIRIT’ Substance” will be sent simultaneously:

1. Towards “The ALTAR of ‘THE DIVINE’” for an internal intervention requesting an addition of “‘SPIRIT’ specific supply of subsistence”; and
2. Towards the “Specific Energy ‘SPIRITUAL’ Envelope” through the “Specific ‘SPIRITUAL←SPIRIT’ Frontier” for an external intervention requesting an addition of “‘SPIRIT’ specific supply of subsistence” from the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRITUAL’ Envelope”.

“Distress signals” emitted by the “Specific Energy ‘SPIRITUAL’ Envelope” will be sent simultaneously:

1. Towards the “Specific Energy ‘SPIRIT’ Substance” through the “Specific ‘SPIRITUAL←SPIRIT’ Frontier” for an internal intervention requesting an addition of “‘SPIRITUAL’ specific supply of subsistence” from the surpluses of the “specific work” accomplished by the “Specific Energy ‘SPIRIT’ Substance”; and

2. Towards the outer surface of the “Specific Energy ‘SPIRITUAL’ Envelope” for an external intervention requesting an addition of “‘SPIRITUAL’ specific supply of subsistence” from the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRITUAL’ Envelope”.

Therefore, two approaches will help to restore the “HARMONY” of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” with “THE DIVINE”, IHVH, our FATHER:

1. The sending and the addition of “‘LIGHT’ specific supply of subsistence” or of “‘SPIRIT’ specific supply of subsistence” from another pure enough external force can prevent and stop the spread of the effect of “POISON” of the “Specific Atomic ‘SPIRIT’ Substances” in the defective “Specific Energy ‘SPIRIT’ Substances” constituents of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”. It is accomplished through “specific mechanisms” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and lined up for this purpose.
2. If no other “‘SPIRIT’ specific supply of subsistence” is sent and added from another pure enough external force, then, all the defective “Specific Energy ‘SPIRIT’ Substances” must be “deleted” from the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” to prevent that the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” decreases much more.¹²⁸

If it happens that the structure of the “Specific Energy ‘SPIRITUAL’ Envelope” be damaged by an external force and for whatever motives, then, the “Specific Energy ‘SPIRITUAL’ Envelope” will regenerate itself if it is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER. In the case where it is not in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, some “Specific Atomic ‘SPIRITUAL’ Substances” will no longer be charged and activated as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it.

Whenever a “distress signal” is emitted by the components of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, then, an emotion is generated and expressed into existence by the defective component in the “Specific Energy ‘SPIRIT←LIGHT’

¹²⁸ In the human creature, for example, this is often the case when cancer cells are present in the physical body.

Bridge”: this could be a feeling of PAIN, or a feeling of UNEASE, or a feeling of FATIGUE.

These emotions have all been designed by “THE DIVINE ARCHITECT AND PROJECT MASTER” to indicate that the rules and principles of functioning that HE has established are no longer respected at the location where the “distress signal” has been emitted by specific “Specific Atomic ‘SPIRITUAL’ Substances”, or to indicate something else.

Here too, when an Archangel or an Angel came first to understand and explain a particular process leading to a particular emotion, among the multitude of emotions that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed for the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” containing an aspect of “THE DIVINE”, then, the word for this emotion was instantly provided to him by “THE DIVINE FORCE”, and therefore, this Archangel or then, this Angel took as name that word which had been provided to designate this emotion.

If the “Specific ‘SPIRITUAL←SPIRIT’ Frontier” is damaged, then, it will not receive the distress signal (or signals) emitted by the defective “Specific Atomic ‘SPIRITUAL’ Substances” of the “Specific Energy ‘SPIRITUAL’ Envelope”, and therefore it will also not to transmit this distress signal to the “Specific Energy ‘SPIRIT’ Substance” for an internal intervention requesting an addition of “‘SPIRITUAL’ specific supply of subsistence” from the surpluses of the “specific work” accomplished by the “Specific Energy ‘SPIRIT’ Substance”; It is so that, that PAIN and/or the UNEASE and/or the FATIGUE will persist.

If the “Specific ‘SPIRITUAL←SPIRIT’ Frontier” is intact and is not damaged, then, it will receive the distress signal that was emitted by the defective “Specific Atomic ‘SPIRITUAL’ Substances” of the “Specific Energy ‘SPIRITUAL’ Envelope”, and it will transmit the distress signal to the “Specific Energy ‘SPIRIT’ Substance”.

Once the distress signal has been transmitted to the “Specific Energy ‘SPIRIT’ Substance”, two scenario cases are then, to be considered depending upon the status of the “Specific Energy ‘SPIRIT’ Substance” with respect to “THE DIVINE”, IHVH, our FATHER.

1. If the “Specific Energy ‘SPIRIT’ Substance” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, and is strong enough — that is, the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is

high enough — at the moment when it receives the distress signal which was emitted by the defective “Specific Elementary ‘SPIRITUAL’ Particles” of the “Specific Energy ‘SPIRITUAL’ Envelope” and transmitted by the “Specific ‘SPIRITUAL←SPIRIT’ Frontier”, then, the “Specific Energy ‘SPIRIT’ Substance” will intervene and fulfill the request by sending an addition of “‘SPIRITUAL’ specific supply of subsistence” produced from the surpluses of the “specific work” it accomplishes in order to restore the “HARMONY” of the “Specific Energy ‘SPIRITUAL’ Envelope” with “THE DIVINE”, IHVH, our FATHER.

Therefore, the damaged structure of the “Specific Energy ‘SPIRITUAL’ Envelope” will regenerate itself, as “THE DIVINE ARCHITECT AND PROJECT MASTER” designed it.

2. If otherwise the “Specific Energy ‘SPIRIT’ Substance” itself is weakened and is not strong enough to generate the forces necessary for its own regeneration, — that is, is not in “HARMONY” with “THE DIVINE”, IHVH, our FATHER — for whatever motives, at the moment when it receives the distress signal which was emitted by the defective “Specific Elementary ‘SPIRITUAL’ Particles” of the “Specific Energy ‘SPIRITUAL’ Envelope” and transmitted by the “Specific ‘SPIRITUAL←SPIRIT’ Frontier”, then, the “Specific Energy ‘SPIRIT’ Substance” will not intervene immediately to fulfill the request in order to restore the “HARMONY” of the “Specific Energy ‘SPIRITUAL’ Envelope” with “THE DIVINE”, IHVH, our FATHER.

In this situation, only “The ALTAR of ‘THE DIVINE’” which is inside the “Specific Energy ‘SPIRIT’ Substance” can send the “‘SPIRIT’ specific supply of subsistence” in order to restore the “HARMONY” of the “Specific Energy ‘SPIRIT’ Substance” with “THE DIVINE”, IHVH, our FATHER.

This transfer of “‘SPIRIT’ specific supply of subsistence” from “The ALTAR of ‘THE DIVINE’” is only possible if “The ALTAR of ‘THE DIVINE’” which is inside the “Specific Energy ‘SPIRIT’ Substance” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, and has enough “‘LIGHT’ specific supply of subsistence” to produce the surpluses of “‘SPIRIT’ specific supply of subsistence” which will then, be sent to the “Specific Energy ‘SPIRIT’ Substance”.

If “The ALTAR of ‘THE DIVINE’” which is inside the “Specific Energy ‘SPIRIT’ Substance” is not in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, for whatever motives, at the moment when it receives the distress signal, then, only an expression in the attribute “NON DIVINE” of a metaphor of “THE ‘LIGHT←GOD’ EON”, or “THE DIVINE FORCE”, will be able to send the “‘LIGHT’ specific supply of subsistence” in order to restore the “HARMONY” of “The ALTAR of ‘THE DIVINE’” with “THE DIVINE”, IHVH, our FATHER.

Once “HARMONY” of “The ALTAR of ‘THE DIVINE’” with “THE DIVINE”, IHVH, our FATHER has been restored, then, “The ALTAR of ‘THE DIVINE’” will produce enough of “‘SPIRIT’ specific supply of subsistence” which will be sent to the “Specific Energy ‘SPIRIT’ Substance” in order to restore the “HARMONY” of the “Specific Energy ‘SPIRIT’ Substance” with “THE DIVINE”, IHVH, our FATHER.

Once “HARMONY” of the “Specific Energy ‘SPIRIT’ Substance” with “THE DIVINE”, IHVH, our FATHER has been restored, then, “Specific Energy ‘SPIRIT’ Substance” will in turn send to “Specific Energy ‘SPIRITUAL’ Envelope”, the addition of “‘SPIRITUAL’ specific supply of subsistence” produced from the surpluses of the “specific work” it accomplishes in order to restore the “HARMONY” of the “Specific Energy ‘SPIRITUAL’ Envelope” with “THE DIVINE”, IHVH, our FATHER.

The successive passage of forces (here the “‘LIGHT’ specific supply of subsistence”, the “‘SPIRIT’ specific supply of subsistence”, and the “‘SPIRITUAL’ specific supply of subsistence”) from a structure of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” to another in order to repair the impairments, the damages, the blockages, and regenerate the defective structure of the component constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, is the process called: “HEALING”.

“HEALING” comes as a last resort from “THE DIVINE”, IHVH, our FATHER through His “ALTAR”: hence the naming by the word “RAPHAEL”; a word provided by “THE DIVINE FORCE”, to the unique Archangel who will be later (during the course of the implementation of “THE HOLY PROJECT”) designated by this word, at the very moment when this Archangel had first understood, on a

scale greater than the scale of the “Specific Atomic ‘SPIRITUAL’ Substance”, and explained this process: the Archangel RAPHAEL

“HEALING” comes as a last resort from “THE DIVINE”, IHVH, our FATHER; for, through “THE DIVINE FORCE”, HE is and HE possesses “THE SCIENCE” which is found in any structure of “created energy”, and ONLY HE WHO possesses “THE SCIENCE” which is found in any structure of “created energy” knows how the “created energy” structures that HE Himself designed and assembled function. This “HEALING” process is a “specific mechanism” that “THE DIVINE ARCHITECT AND PROJECT MASTER” designed and lined up in order to repair the degradations, damages, blockages, and regenerate the damaged structure of a structure of “created energy”.

In summary, when the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, for whatever motives that it is, then, the risk that the components of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” be damaged increases.

If the links of “HARMONY” are compromised, for any reason whatsoever as a result in failure of the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, then, the transfers of forces (here the “‘LIGHT’ specific supply of subsistence”, the “‘SPIRIT’ specific supply of subsistence”, and the “‘SPIRITUAL’ specific supply of subsistence”) from a structure of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” to another will be disturbed or else blocked.

Such “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will not be able to fulfill the purpose for which it has been designed. We speak of “DISOBEDIENCE” to “THE DIVINE”, IHVH, our FATHER. Such “Specific Energy ‘SPIRIT←LIGHT’ Bridge” which presents one or more malfunctions is said to be “SICK”; that is, it carries a “DISEASE” in it.

It is so that, any “DISEASE” in a “Specific Energy ‘SPIRIT←LIGHT’ Bridge” which is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, is caused by failure of the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”. The main characteristic of a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, is that of the unpredictable, random and

confusion feature that it exhibits, owing to great sensitivity to small changes in conditions. It is so that, one can hardly predict the occurrence of a particular disease, only “DISOBEDIENCE” to “THE DIVINE”, IHVH, our FATHER, lead to diseases.¹²⁹

This “DISOBEDIENCE” is the result of failure of the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

When the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, then, if no external action is taken to increase the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in that environment, through the external “specific mechanisms” which allow to do so and that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and provided, then, the “‘SPIRITUAL’ specific supply of subsistence”, the “‘SPIRIT’ specific supply of subsistence”, and “‘LIGHT’ specific supply of subsistence” of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will decrease and exhaust within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

What follows it is that: instructions that “THE DIVINE”, IHVH, our FATHER will transmit to the “Specific Energy ‘SPIRIT’ Substance”, through the “Specific Energy ‘LIGHT’ Substance” which is located in His “ALTAR” in such “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, will not be received. The “Specific Energy ‘SPIRIT’ Substance” in turn will not be able to communicate properly with both the “Specific Energy ‘LIGHT’ Substance” and the “Specific Energy ‘SPIRITUAL’ Envelope”.

Then, it will be a series of malfunctions that will be observed in the components of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”; for example: the “Specific Energy ‘SPIRITUAL’ Envelope” will perform actions that are not in coordination with the instructions emitted by the “Specific Energy ‘SPIRIT’ Substance”, or else it will be the “Specific Energy ‘SPIRIT’ Substance” which will “MAKE DECISIONS” without knowledge of the messages that are sent (1) either by “THE DIVINE”,

¹²⁹ See conversation of June 28, 2005, on the origin of diseases and how to treat diseases. Aristide with the Archangel RAPHAEL.

IHVH, our FATHER, through the “Specific Energy ‘LIGHT’ Substance” (2) or by the “Specific Energy ‘SPIRITUAL’ Envelope”.

Therefore, blockages of transfers of forces will appear at the “Specific ‘SPIRITUAL←SPIRIT’ Frontier”. Following the blocking of transfers of “‘SPIRIT’ specific supply of subsistence”, “Specific Atomic ‘SPIRIT’ Substances” of the structures of the “Specific Energy ‘SPIRIT’ Substance” and “Specific Atomic ‘SPIRITUAL’ Substances” of the structures of the “Specific Energy ‘SPIRITUAL’ Envelope” constituent of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will no longer operate, one after another as parts of the “Specific ‘SPIRITUAL←SPIRIT’ Frontier” will be blocked, and all this with the passage of time.

The “Specific Atomic ‘SPIRIT’ Substances”, and therefore the components of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, will be destroyed successively, from one scale to another, up to the scale of the components of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”. It is the disappearance of the functional cohesion of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” and the progressive destruction and dismantling of all its components; because the “specific processes” that ensure the cohesion of all components of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, will no longer be nourished and will stop working.

When the “‘SPIRIT’ specific supply of subsistence” and the “‘LIGHT’ specific supply of subsistence” of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” are zero, then, the colour of luminous radiation that it will emit is the color “BLACK” absolute, over its entire surface, indicating “TOTAL ABSENCE OF LIFE”; that is, that, which is known as “DEATH” (the “First Death” and the “Second Death”) — “MAVET” — for such “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

“DEATH” is the opposite of the special, unique and fantastic “specific event”, the miracle, which is called: “BIRTH”.

Whereas “BIRTH” is the special “specific event” of scission which occurs as a result of the increase of “‘SPIRIT’ specific supply of subsistence”, its opposite, which is called “DEATH”, is the “specific event” of dissociation, associated to, that which came into existence through “BIRTH”.

“DEATH” occurs as a result of the decrease with the passage of time and that will ultimately cause the total lack of “‘SPIRIT’ specific supply of subsistence”. The “specific processes” that ensure the cohesion of all components of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, no longer being nourished, will stop working and what will follow is the dismantling, the “unmaking”, of an assembled structure, and returning it to the “VOID” out of which it was originally assembled from elements of that which came into existence through “BIRTH”.

It is the return to the crude substance, (in this case, the crude “Specific Energy ‘SPIRITUAL’ Substance”, in other cases this will be a return to a crude “Specific Energy ‘NON-SPIRITUAL’ Substance”) of origin, which was produced into existence by “THE DIVINE FORCE”, and the constituent elements of which (in this case, it will be called “Specific Atomic ‘SPIRITUAL’ Substances”, in other cases, it will be called “Specific Atomic ‘NON-SPIRITUAL’ Substances”) were used to assemble the components of such a “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.¹³⁰

It is so that, to that which comes into existence through “BIRTH”, is also associated its dismantling, its “unmaking”, from existence, through “DEATH”. Hence, that which is “ETERNAL” in existence, which do not have “DEATH” associated to it, did not come into existence through “BIRTH”: that which is “ETERNAL” do not have a beginning through “BIRTH”; and by the reverse implication, that, which has a beginning through “BIRTH”, is not “ETERNAL”, because “DEATH” is associated with it.¹³¹

¹³⁰ From the teachings that “THE DIVINE FORCE”, in “PURITY”, “HOLINESS” and “RIGHTEOUSNESS” (that is, according to the elements of “THE REASON”), lavished upon them, the celestial creatures will be able to understand this to some extent. Thus, once these celestial creatures, in whom “THE DIVINE FORCE” has entrusted certain tasks, from the “Second Phase” of “THE HOLY PROJECT”, will find themselves in the depths of ignorance and will plan for the destruction of their following — the human creature — the leader of the celestial creatures, in the aftermath of their plan of destruction of their following, will curse the first human creature and all its offspring, in these terms that have been recorded in the writings that humans possess, saying:

“...

By the sweat of your brow you will eat your food until you return to the ground, since from it you were taken; for dust you are and to dust you will return.

...”

This was about the return to the crude “Specific Energy ‘NON-SPIRITUAL’ Substance” of origin, which will be produced in existence by “THE DIVINE FORCE”, and the constituent elements of which (in this case, it will be the “Specific Atomic ‘NON-SPIRITUAL’ Substances”) will be used to assemble certain components of the human creature that is based on the model of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

We will come to the details of this, at the appropriate time, in a lower section.

¹³¹ CHRIST had already explained this already to human creatures, and it is for the purpose to lead human creatures, as well as celestial creatures, to understand such things that he told his disciples:

The “First Death” of “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is that of its constituent “Specific Energy ‘SPIRITUAL’ Envelope”. The “Second Death” is that of its constituent “Specific Energy ‘SPIRIT’ Substance”.

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is not enough, then, if no external action is taken to increase the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in that environment, through the external “specific mechanisms” which allow to do so and that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and provided, then:

1. Either the “Specific Energy ‘LIGHT’ Substance” has received a SUFFICIENT amount of force and strength from “THE DIVINE”, IHVH, our FATHER, to be able to not only give “LIFE” to the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, but to be able to destroy the whole external environment in which it is placed, then, the “Specific Energy ‘LIGHT’ Substance” will destroy this external environment, causing it to return to a proximity domain;
2. Either the “Specific Energy ‘LIGHT’ Substance” has received an INSUFFICIENT amount of force and strength from “THE DIVINE”, IHVH, our FATHER, to be able to destroy the whole external environment in which it is placed, but SUFFICIENT to be able to give “LIFE” to the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, then, the “‘SPIRIT’ specific supply of subsistence”, and “‘LIGHT’ specific supply of subsistence” of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will decrease and exhaust within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

“...

“HE WHO IS”, “THE UNUTTERABLE”, no Principality knew him, no authority, no subordinate, no power, no creature since the formation of the world knew him until now, if not him alone and also one that pleases him,...

“THE UNUTTERABLE” is immortal.

HE is ETERNAL, because HE is without procreation, because whoever is beforehand created shall perish. However the Unprocreated has no beginning, because anyone who has a beginning has an end. And no one rules over him.

...”

When the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, then, the set of external actions taken in order to increase the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” and restore “HARMONY” of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” with “THE DIVINE”, IHVH, our FATHER, is called “THE COMBAT” for the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

CHAPTER 096

Be praised and glorified O DIVINE, my FATHER! For this magnificent PROJECT that you designed and undertook to implement.

But how can I speak of you, when there are no words, no matter how profound the wisdom, capable of magnifying you with dignity, nor of a heart which can hope to rise, however ardent his aspiration may be to you, to the heights of your science and of your majesty?

How can I mention and celebrate your Essence, which could not be grasped by the wisdom of the wise or the science of the scholar, since no one can celebrate what he does not understand or describe what is beyond him, when, from all eternity You have been the Unattainable, the Inscrutable?

In front of “THE DIVINE FORCE” in whom you have placed your wisdom, the wise is taken aback and is at fault; in front of “THE DIVINE FORCE” in whom you have placed the knowledge of yourself, the scholar confesses his ignorance¹³².

¹³² As you would know already, the word “ignorance” shares a root with the word “ignore” one of those etymological connections which appear obvious once they are pointed out, yet remained overlooked by most. Both words come from the Latin *ignorare* (“to ignore”, “to be ignorant of”), which for an individual means “to not know, to lack knowledge, even though the necessary information, which leads to the required knowledge is available, because that necessary information has been intentionally refused or disregarded by the

...”

Having designed and established in the “Specific ‘SPIRITUAL’ Environment” the basic elements and the “tools” that are the “Specific Elementary ‘SPIRIT’ Particle”, the “Specific Elementary ‘LIGHT’ Particle”, and the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, “THE DIVINE ARCHITECT AND PROJECT MASTER” designed therefore the entire “HOLY PROJECT” and in all its details, and in the “Specific ‘SPIRITUAL’ Environment”.

So far, all what we have described, using words and “kindergarden childplay” concepts that people call “science” and that you are already familiar with — from the elementary particle to the atomic substance, where the developments which were performed at the elementary particle scale were sealed, and to more complex structures of atomic substances —, is only a glimpse, a droplet, in the ocean of the work of “THE DIVINE ARCHITECT AND PROJECT MASTER” and “THE DIVINE FORCE”. We have given you a glimpse of “... *what eye has not seen, nor ear heard, what hand has not touched, and what has hardly entered the human mind...*”. Although you see all these things manifested all around you and within you in large scale, your awareness is sleeping and do not pay attention to the messages that they carry. We will describe further some of the designs of “THE DIVINE ARCHITECT AND PROJECT MASTER” and the accomplishments of “THE DIVINE FORCE” through the following texts, when it will be necessary to describe.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established so many things from “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” that it will be impossible to any creature that will come into existence in the attribute “NON DIVINE” to know not even one iota of what HE has designed.

All these things that relate closely to “THE HOLY PROJECT” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established, with the purpose to be implemented in the attribute “NON DIVINE”, are that, which we shall call: the ins and outs of “THE HOLY PROJECT”; that is, what justified and has been at the origin of “THE HOLY PROJECT” in which manifestations in the attribute “NON DIVINE”, of metaphors of the “DIVINE PRIMARY WEALTH”,

individual concerned, and not because that necessary information, which leads to knowledge was somehow absent or unattainable.” It is in this sense that we use the word “ignorance” throughout the text of this BOOK.

that “THE DIVINE” has chosen to share with the attribute “NON DIVINE”, will be “spoken” into existence: the “who”, “what” and “why”, that will represent all of the ins of “THE HOLY PROJECT”, and the “when”, “where” and “how” that will represent all the outs of “THE HOLY PROJECT”.

“THE DIVINE” had observed “THE HOLY PROJECT” in Himself and HE was very happy with what “THE DIVINE ARCHITECT AND PROJECT MASTER” had designed. It was then, that he undertook to realize into existence the attribute “NON DIVINE” and all that HE had chosen to share with this attribute “NON DIVINE”, and HE gave the first decree to “THE DIVINE FORCE” to begin the implementation of the attribute “NON DIVINE”, saying:

“...

**DELIVER ME THE FRONTIER
BETWEEN MYSELF AND ‘OTHER THAN MYSELF’**

...”

In order to accomplish this first decree, “THE DIVINE FORCE” began by choosing a precise point from which SHE would achieve “THE HOLY PROJECT” that “THE DIVINE ARCHITECT AND PROJECT MASTER” had designed. At that special point and from a “Generative Divine Particle” located at that point and in the proximity of a “Formative Divine Particle”, SHE established the fixed orientation, IHVH — in the sense that we know it: NORTH, SOUTH, WEST, and EAST — that HE would apply to the Creation.

That precise point, inside “THE DIVINE DOMAIN”, we shall call it the “CARDINAL POINT OF THE CREATION”. “THE DIVINE”, IHVH, our FATHER has sealed this “CARDINAL POINT OF THE CREATION” to indicate the “NORTH”, “HE WHO IS ABOVE”, to all his creatures in the entire “HOLY PROJECT”.

It is so that, inside “THE DIVINE DOMAIN” and “SOUTH” with respect to the “CARDINAL POINT OF THE CREATION”, following the design established by “THE DIVINE ARCHITECT AND PROJECT MASTER”, and on the instruction of “THE DIVINE”, “THE DIVINE FORCE” began to work.

“THE DIVINE FORCE” created the smallest spherical shape covered entirely on the surface by “Formative Divine Particles” kept together as “THE DIVINE ARCHITECT AND PROJECT MASTER” had designed it. This surface is a “DIVINE PRIMARY WEALTH” to which “THE DIVINE” has assigned a unique

attribute defined by the “unique word” which means “FRONTIER”, or also “THE CIRCLE OF THE HEAVEN”, and which pronunciation in the old language is the same as that of the word “ADO”.

In His own old days, when “THE DIVINE” designed Himself in countless ways, by Himself and in Himself, “THE DIVINE ARCHITECT AND PROJECT MASTER” had discovered that this smaller spherical shape that was formed and covered completely with “Formative Divine Particles” had a very interesting feature resulting from the properties of these “Formative Divine Particles” and their “Divine States”. Notably, this small spherical surface had blocked the radiation from the “Generative Divine Particles” and the interior of this small spherical shape was less illuminated; although the brightness inside this small spherical shape was several times three thousand six hundred forty billion times that of the solar Star.

To this new “DIVINE PRIMARY WEALTH”, “THE DIVINE”, IHVH, our FATHER had assigned a unique attribute, a unique meaning, and a “unique word”. The “unique word” is now translated into human language to mean: “THE ECLIPSE”¹³³.

¹³³ It is a sign of divine power marking the coming of the Presence of “THE DIVINE”, IHVH, our FATHER in the attribute “NON DIVINE”, for example the coming towards human creatures. It is also a reminder to both celestial creatures and human creatures about how the attribute “NON DIVINE” came to be; how the void of the attribute “NON DIVINE” space, that, which is designated as the void of the “UNIVERSE” space, was produced into existence.

Later, during the course of the realization of His Project, “THE DIVINE FORCE” will entrust the task of the realization of this phenomenon in the attribute “NON DIVINE”, to the Archangel RAGUEL who is responsible to take care of everything that is Heavenly, as well as to protect and lead the stars (see conversations of August 29, 2005, and of September 14, 2005, Aristide with Archangel RAGUEL).

It is also the Archangel RAGUEL who is responsible to illuminate the path of manifestations of metaphors “THE DIVINE”, IHVH, our FATHER among humans so that neither darkness nor other evil spirits can come near. See also the conversation of October 1st, 2005, Aristide with the Archangel MICHAEL, regarding the “ECLIPSE” which took place on October 03, 2005.

Now, when you will see a manifestation of the solar “ECLIPSE” in your world, you should wake up from your sleep in the dust, and take the time to reflect on the message that is been sent through such manifestation, instead of buying 3D Solar Eclipse Glasses and

wearing them to enjoy the “show” and afterwards to immediately return to your sleep in the dust with its “business as usual” activities.

As you would know already, a solar eclipse occurs when the New Moon moves between the Sun and Earth, fully or partially blocking out the rays of the Sun and casting a shadow on parts of the Earth. This can only happen when the Sun, Moon, and Earth are nearly aligned on a straight line in three-dimensions during a New Moon period when the Moon is close to the ecliptic plane. A New Moon occurs when the Moon lies between the Sun and the Earth, and its dark side is facing the Earth, so that the actual New Moon cannot be seen at all unless it passes directly in front of the Sun and produces a solar eclipse. A solar eclipse does not happen every month, because the lunar orbit is inclined at an angle of over 5° , and most new moons pass unseen either above or below the Sun.

Every solar eclipse casts an umbra, the darker central area in which almost no luminous radiation reaches the earth, and a penumbra, the area of partial shadow where part of the sun is still visible.

The umbra, penumbra and antumbra are three distinct parts of a shadow, created by any luminous radiation source after having been absorbed by an opaque object. Assuming no diffraction, for a collimated beam (such as a point source) of luminous radiation, only the umbra is cast.

The umbra (Latin for “shadow”) is the completely shaded innermost and darkest part of a shadow that is left behind when an object stands in a luminous radiation path, and where the luminous radiation source is completely blocked by the occluding object. An observer within the umbra experiences a total eclipse. The umbra of a round object occluding a round luminous radiation source forms a right circular cone. As viewed from the cone’s apex, the two objects (the luminous radiation source and the occluding object) appear the same size. The distance from the Moon to the apex of its umbra is roughly equal to that between the Moon and Earth: 384,402 km (238,856 mi). Since Earth’s diameter is 3.7

The manifestation of metaphors of “THE ECLIPSE”, into existence in the attribute “NON DIVINE”, will always indicate and mark the beginning of a new project in the Work of “THE DIVINE”, IHVH, our FATHER.

By this small spherical surface, “THE DIVINE FORCE” delimited “THE DIVINE DOMAIN”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” had

times the Moon’s, its umbra extends correspondingly farther: roughly 1.4 million km (870,000 mi).

The penumbra (from the Latin paene, “almost, nearly”) is the incompletely shaded traces of a shadow region and in which only a portion of the luminous radiation source is obscured by the occluding object. An observer in the penumbra experiences a partial eclipse. An alternative definition is that the penumbra is the region where some or all of the luminous radiation source is obscured (i.e., the umbra is a subset of the penumbra).

The antumbra (from Latin ante, “before”) is the region from which the occluding object appears entirely within the disc of the luminous radiation source. An observer in this region experiences an annular eclipse, in which a bright ring is visible around the eclipsing object. If the observer moves closer to the luminous radiation source, the apparent size of the occluding object increases until it causes a full umbra.

Through a manifestation of the solar “ECLIPSE” in your world, you are called to understand how the void of the attribute “NON DIVINE” space, that, which is designated as the void of the “UNIVERSE” space, was produced into existence. THERE WAS NO “BIG BANG” AND NO COSMIC CHANCE AND OTHER MUMBO JUMBO!!! The dark aspect of the void of the attribute “NON DIVINE” space is the “UMBRA” that is produced by “THE ECLIPSE” (“THE TOTAL ECLIPSE”) of the “Generative Divine Particles” by the “Formative Divine Particles” inside “THE DIVINE BODY” and relative to “CARDINAL POINT OF THE CREATION”.

The solar star is always present and behind the lunar star during the manifestation of the solar “ECLIPSE” in your world. In the same manner, you MUST understand, through discernment, the omnipresence of “THE DIVINE BODY”, hence, the omnipresence of “THE DIVINE”, IHVH, our FATHER, behind the attribute “NON DIVINE”, and you are all inside the “UMBRA” that is produced by “THE ECLIPSE” (“THE TOTAL ECLIPSE”) of the “Generative Divine Particles” by the “Formative Divine Particles” inside “THE DIVINE BODY” and relative to “CARDINAL POINT OF THE CREATION”.

designed it, thus creating into existence the attribute “NON DIVINE” defined by this new “DIVINE PRIMARY WEALTH”. The surface of this small spherical shape was the primary form of “THE FRONTIER OF THE DIVINE DOMAIN” – “ADOEL”¹³⁴.

It is so that, through this primary form of “THE FRONTIER OF THE DIVINE DOMAIN”, “THE DIVINE”, IHVH, our FATHER has manifested in Himself the first “ECLIPSE” (“THE TOTAL ECLIPSE”) of His own “Generative Divine Particles”, hence of “THE DIVINE BODY”.

“THE DIVINE FORCE” created henceforth in the interior of this smaller spherical form, which was built and covered entirely with “Formative Divine Particles”, the first primary dark zone resulting from the interception of the radiation from “Generative Divine Particles”; that is to say, the absence of (luminous) radiation from the “Generative Divine Particles”.

This achievement, alone, is an extraordinary¹³⁵ work in the light of the specifications of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, of the “INTENSITY”, and therefore the “STRENGTH”, of the luminous radiation emanating from this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, and the “SUPREME STATE OF EQUILIBRIUM”, the

¹³⁴ See conversation of October 1st, 2005, Aristide with CHRIST.

See also conversation of September 17, 2005, Aristide with Archangel RAGUEL.

It is from this word “ADOEL” that will be drawn the word “ADONA’IM” to characterize the first creatures that “THE DIVINE FORCE” will create and which will be established in dwelling highest towards the “proximity” of “THE FRONTIER OF THE DIVINE DOMAIN”.

¹³⁵ To help you grasp and understand the extraordinariness of this accomplishment, consider the situation in which you have light that produces light that has never been extinguished and cannot be turned off, and from which you must create or so manifest into existence the absence of that light.

You can also consider the situation in which you find yourself in a substance that is billions of times “three thousand six hundred forty billion” times brighter and more powerful than the substance of the solar Star, and you want to go from this substance that is billions of times “three thousand six hundred forty billion” times brighter and more powerful than the substance of the solar Star, to a substance of brightness and strength that will be equal to “ZERO”, while “ZERO” does not yet exist.

To create into existence the attribute “NON DIVINE” was similar to creating “ZERO” from several billion times “three thousand six hundred forty billion”, knowing that nothing below billions of times “three thousand six hundred forty billion” ever existed.

“SUPREME STATE OF HARMONY”, of “THE DIVINE” and arising from this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

From this discovery on the surface of this smaller spherical shape that had blocked the radiation from the “Generative Divine Particles”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established the proportionality factors as well as the key parameter that governs the expansion of both the flow of “THE ABSOLUTE TIME” and the dimensions, that are related to the manifestation of the metaphor of “THE ABSOLUTE MOVEMENT” of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, as well as all their aspects and essential qualities into existence in the attribute “NON DIVINE”.

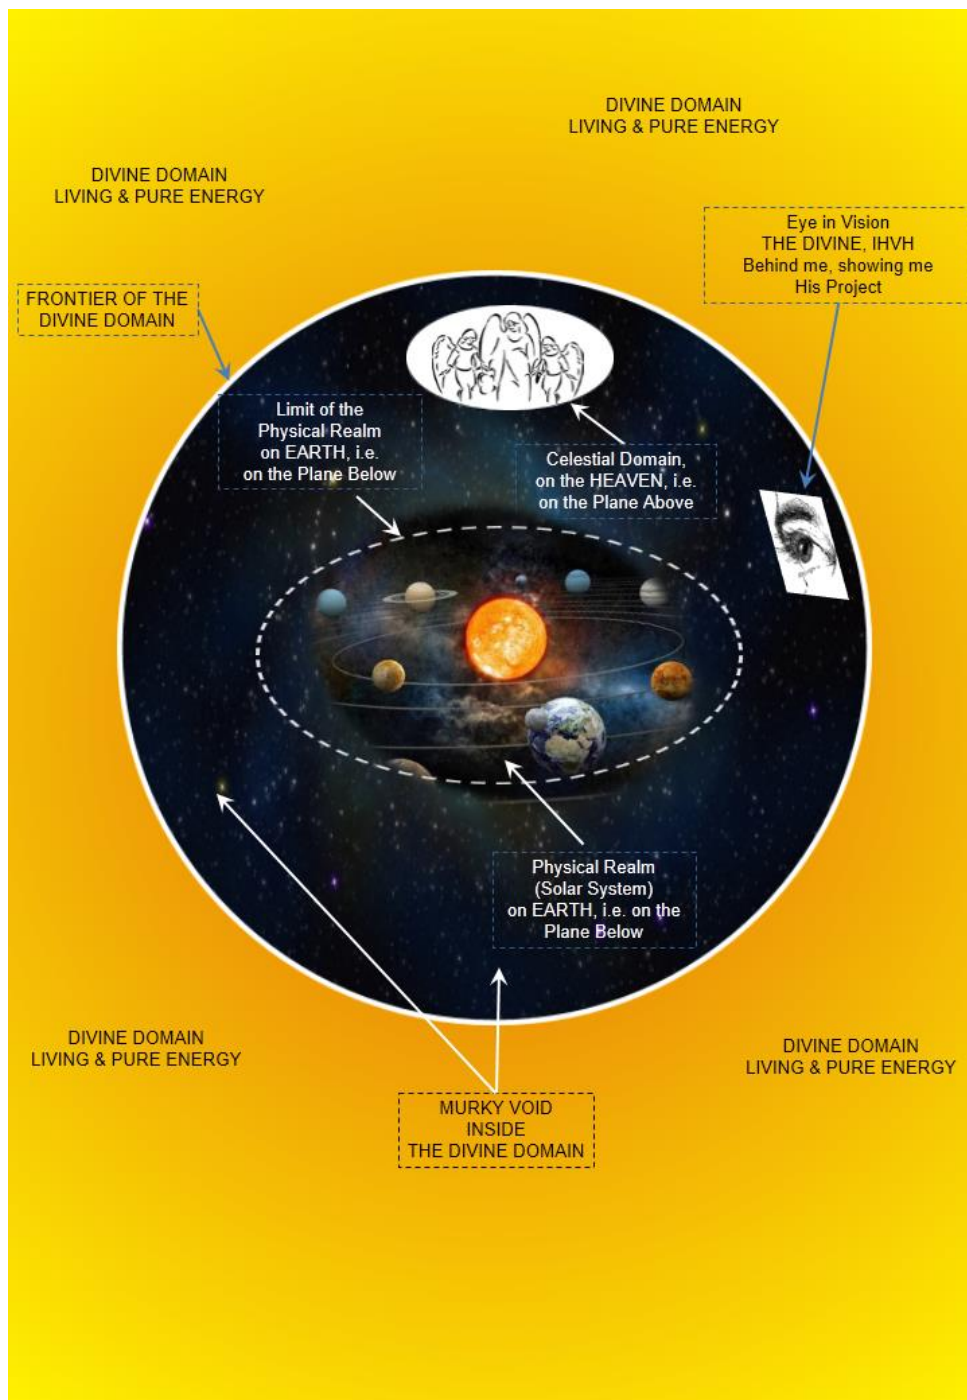

Subsequently, by the application of these factors of proportionality and following processes that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established, “THE DIVINE FORCE” expanded this smaller spherical form, which was built and covered entirely with “Formative Divine Particles”, to the expansion limit that “THE DIVINE ARCHITECT AND PROJECT MASTER” had established, creating, within “THE DIVINE DOMAIN” a larger space “EMPTY” of “THE DIVINE BODY”.

It is so that, “THE DIVINE FORCE” has manifested into existence “ZERO”, total lifeless darkness and at all points, opposite in properties to “THE DIVINE BODY” as “THE DIVINE ARCHITECT AND PROJECT MASTER” had designed it, as shown in the diagram¹³⁶, and delineated by “THE FRONTIER OF THE DIVINE DOMAIN”. It is so that, “THE FRONTIER OF THE DIVINE DOMAIN” was created.

“THE DIVINE”, IHVH, our FATHER has assigned to “ZERO” and which is represented by this large space “EMPTY” of “THE DIVINE BODY”, a word which means “MURKY VOID”, and the pronunciation of which is the same as that of the word “MAVET”.

Because “THE DIVINE BODY” is unlimited, this large space “EMPTY” of “THE DIVINE BODY” is limited inside of “THE DIVINE BODY” and always remains similar to a particle, to a tiny point, inside of “THE DIVINE BODY”; and by this, the presence of “THE DIVINE”, IHVH, our FATHER will be omnipresent in all this “MURKY VOID”

¹³⁶ On August 18, 2005, while I was celebrating the worship service of “THE DIVINE”, IHVH, our FATHER, I received a vision from “THE DIVINE”, IHVH, our FATHER: see “Vision of August 18, 2005”.

It is so that, the creatures that “THE DIVINE FORCE” will create into existence in this “VOID” will find themselves in a very large space that will seem unlimited at the scale of these creatures, but that in truth is limited, similar to a tiny point at the scale of “THE DIVINE”.

Using “THE DIVINE FORCE”, “THE DIVINE”, IHVH, our FATHER keeps Himself “THE FRONTIER OF THE DIVINE DOMAIN”; this frontier protects the “MURKY VOID” and all that it will contain subsequently, from the brightness of “THE DIVINE BODY”.

Inside of “THE DIVINE BODY”, the “MURKY VOID” is a dark and lifeless space; it is total darkness, resulting from an absence of “THE DIVINE BODY” and in which “THE DIVINE”, IHVH, our FATHER has chosen to realize all His Project.

It is so that, the attribute “NON DIVINE” does not contain “THE DIVINE BODY”, but remains a “DIVINE PRIMARY WEALTH” which is located inside of “THE DIVINE BODY”. Therefore, everything that will be attached to the attribute “NON DIVINE” will be not eternal. ONLY “THE DIVINE” IS ETERNAL.

The strength of the luminous radiation from “THE DIVINE BODY” is billions of times greater than that of the solar star in the “Physical Realm” and that radiation can be contained only by “THE DIVINE BODY” and within “THE DIVINE BODY”.

The direct presence of a part of “THE DIVINE BODY” — be it a very tiny part of “THE DIVINE BODY” — in this “MURKY VOID” would suffice to dazzle it entirely by the strength of the radiation of light of “THE DIVINE BODY” and by expansion, this presence would be sufficient to destroy, that is to absorb it, henceforth the “MURKY VOID”, and thus returning it to “THE DIVINE BODY”.

Having thus created the attribute “NON DIVINE”, “THE DIVINE FORCE” has afterwards created into existence in the “MURKY VOID”, the “Specific Energy ‘SPIRITUAL’ Substance” and grew it by “EXPANSION”; filling the “MURKY VOID”.

CHAPTER 097

THE SPECIFIC “PARTIALLY-SPIRITUAL” ENVIRONMENT IN THE ATTRIBUTE “NON DIVINE”

In order to carry out “THE HOLY PROJECT”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and built two specific environments: a unique “Specific ‘SPIRITUAL’ Environment” and the “Specific Partially-Spiritual Environment”.

The “Specific Partially-Spiritual Environment”, which will be immersed in the “Specific ‘SPIRITUAL’ Environment”, will possess simultaneously the “SPIRITUAL” and the “NON SPIRITUAL” aspects. It is in the “Specific Partially-Spiritual Environment” that “THE DIVINE FORCE” will manifest “THE HOLY PROJECT” in expressions of the “‘SPIRIT’ Specific State”, the “‘SPIRIT→LIGHT’ Specific State”, the “‘LIGHT’ Specific State”, the “‘LIGHT→GOD’ Specific State”, and the “‘GOD’ Specific State”.

It is in the “Specific ‘SPIRITUAL’ Environment” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the basic elements and the “tool” that are the “Specific Elementary ‘SPIRIT’ Particle”, the “Specific Elementary ‘LIGHT’ Particle”, “Specific Elementary ‘GOD’ Particle”, and the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

In order to add an expression of the “non-spiritual” aspect to “THE HOLY PROJECT” that HE has designed, and express the “‘SPIRIT’ Specific State”, the “‘SPIRIT→LIGHT’ Specific State”, the “‘LIGHT’ Specific State”, the “‘LIGHT→GOD’ Specific State”, and the “‘GOD’ Specific State”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “specific non-spiritual coating” of variable density with which HE covered the “Specific Elementary ‘SPIRIT’ Particle”, and therefore the “Specific Elementary ‘SPIRIT’ Substance” and the “Specific Atomic ‘SPIRIT’ Substance”, which are produced directly from

the “Specific Elementary ‘SPIRIT’ Particle”, manifesting as such an expression of the “non-spiritual” aspect.

As we have indicated previously, we shall use the word “SPIRITUAL” to lead you to reach out “THE KNOWLEDGE OF THE DIVINE”, and to lead you to understand that, it is about elements that are in the metaphor of either the “‘SPIRIT’ Divine State”, or the “‘LIGHT’ Divine State”, or the “‘GOD’ Divine State”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has also endowed the “specific non-spiritual coating” with an element of subsistence, external to the “Specific Elementary ‘SPIRITUAL’ Particle” and external to the “specific non-spiritual coating”, and which will allow it to remain into existence (that is, to subsist) in the “‘NON SPIRITUAL’ Specific State” through “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has also predefined for it.

In the attribute “NON DIVINE”, this external element of subsistence will be provided to the “specific non-spiritual coating” by a particular manifestation of the metaphor of the “Generative Power of ‘THE DIVINE’”.

It is so that, the “Specific Elementary ‘SPIRITUAL’ Particle” which is covered with the “specific non-spiritual coating” will have an electric charge with two inseparable components: the first component is derived from the “‘SPIRITUAL’ specific supply of subsistence” of the “Specific Elementary ‘SPIRITUAL’ Particle” without this “specific non-spiritual coating”, and the second component is a supply of subsistence for the “specific non-spiritual coating”.

These two components are inextricably linked in the “Specific Elementary ‘SPIRITUAL’ Particle” which is covered with the “specific non-spiritual coating”, and they form a unique supply of subsistence, which will depend on the density of the “specific non-spiritual coating”.

We shall use the expression “‘COATING—SPIRITUAL’ specific supply of subsistence” to designate this unique supply of subsistence. When the density of the “specific non-spiritual coating” will be specified, then, we shall give a more appropriate designation to this unique supply of subsistence.

This “‘COATING—SPIRITUAL’ specific supply of subsistence” of the “Specific Elementary ‘SPIRITUAL’ Particle” which is covered with the “specific non-spiritual coating” is produced from its two components through “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed to create into existence the “Specific Elementary ‘SPIRITUAL’ Particle” which is covered with the “specific non-spiritual coating” in the attribute “NON DIVINE”.

The “Specific Elementary ‘SPIRITUAL’ Particle” which is covered with the “specific non-spiritual coating” will have two aspects: the spiritual aspect through the “Specific Elementary ‘SPIRITUAL’ Particle” without this “specific non-spiritual coating” and the “non-spiritual” aspect through this “specific non-spiritual coating”. These two aspects can be dissociated and separated only by “THE DIVINE”, IHVH, Himself.

“THE DIVINE ARCHITECT AND PROJECT MASTER” did not endow the “specific non-spiritual coating” with a “conscience” as HE did with the “Specific Elementary ‘SPIRITUAL’ Particle”. The sole function of the “specific non-spiritual coating” is to protect the “Specific Elementary ‘SPIRITUAL’ Particle” in the “Specific Partially-Spiritual Environment”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and set the density of this “specific non-spiritual coating” on the basis of a “Specific Elementary ‘SPIRITUAL’ Particle” positioning, in terms of volume planes inside the “MURKY VOID” in the attribute “NON DIVINE”, and through:

- All its states of “HARMONY” with “THE DIVINE”, IHVH, our FATHER, extending to the proximity of the “Specific Elementary ‘SPIRITUAL’ Particle” having the maximum “‘SPIRITUAL’ specific supply of subsistence” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for the “Specific Elementary ‘SPIRITUAL’ Particle”; and
- All its states of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, extending to the ultimate limit of the “TOTAL ABSENCE OF LIFE”; that is, that, which is known as the “DEATH” — “MAVET” — for such “Specific Elementary ‘SPIRITUAL’ Particle”.

In each volume plane inside the “MURKY VOID”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has associated to the “specific non-spiritual coating” a unique density. It is so that, a same density cannot be used on two different volume planes inside the “MURKY VOID”. “THE DIVINE ARCHITECT AND PROJECT MASTER” has established the properties of the density of the “specific non-spiritual coating” such that:

1. Starting from the proximity of “THE FRONTIER OF THE DIVINE DOMAIN”, the density of the “specific non-spiritual coating” increases and decreases respectively, depending upon whether one moves on volume planes more towards the interior of the “MURKY VOID” or one returns on volume planes more towards the proximity of “THE FRONTIER OF THE DIVINE DOMAIN”.
2. The higher the density of the “specific non-spiritual coating”, the less visible — in every sense of the term “visible” — are volume planes that are associated with lower densities inside the “MURKY VOID”.
3. The lesser the density of the “specific non-spiritual coating” is elevated, the more visible — in every sense of the term “visible” — are volume planes that are associated with high densities inside the “MURKY VOID”. Therefore, the spiritual aspect “sees” any “non-spiritual” aspect.
4. The higher the state of “HARMONY” of the “Specific Elementary ‘SPIRITUAL’ Particle” with “THE DIVINE”, IHVH, our FATHER, the lesser will be the density of the “specific non-spiritual coating” necessary to cover this “Specific Elementary ‘SPIRITUAL’ Particle”. And therefore, the density of the “specific non-spiritual coating” will be among that of volume planes inside the “MURKY VOID” and which are near the proximity of “THE FRONTIER OF THE DIVINE DOMAIN”.¹³⁷
5. The higher the state of “CHAOS” of the “Specific Elementary ‘SPIRITUAL’ Particle” contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, the higher will be the density of the “specific non-spiritual coating” necessary to cover this “Specific Elementary ‘SPIRITUAL’ Particle”. And therefore, the density of the “specific non-spiritual coating” will be among that of

¹³⁷ It is from this basic principle that ENOCH, of whom METHUSELAH is the descendant, during the period before the “FLOOD”, was raised alive and moved towards the proximity to “THE FRONTIER OF THE DIVINE DOMAIN”, because he had managed to achieve and established a very high state of “HARMONY” between his “Spiritual Body” which consists of layers of “Specific Atomic ‘LIGHT’ Substances” and “THE DIVINE”, IHVH, our FATHER.

It is also from this basic principle that ABRAHAM, from whom Isaac and Ishmael are descendants, Elijah, who was raised in the air and sent to the “Plane Above” on the instruction of “THE DIVINE”, IHVH, our FATHER, MARY, through whom CHRIST was brought forth, and few others after, were also raised alive in the air and moved towards the proximity to “THE FRONTIER OF THE DIVINE DOMAIN”.

volume planes inside the “MURKY VOID” and which are farthest from the proximity of “THE FRONTIER OF THE DIVINE DOMAIN”.¹³⁸

However, the density of the “specific non-spiritual coating” is such that it can undergo transformation to allow the “Specific Elementary ‘SPIRITUAL’ Particle” which is covered with a “specific non-spiritual coating” to pass from one volume plane to another different volume plane, inside the “MURKY VOID”, and following “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined and established.

A “Specific Elementary ‘SPIRITUAL’ Particle” which is covered with the “specific non-spiritual coating” in the volume plane associated with the density of this “specific non-spiritual coating” is not “visible” from volume planes that are associated with higher densities, but is “visible” only from volume planes that are associated with densities lower or equal to the defined density of the “specific non-spiritual coating”.¹³⁹

A “Specific Elementary ‘SPIRITUAL’ Particle” which is covered with the “specific non-spiritual coating” defined on a volume plane associated with the density of this “specific non-spiritual coating”, without an addition other than this “specific non-spiritual coating” can move on the volume planes that are associated with lower densities, but only on volume planes that are associated with densities greater than or equal to the defined density of the “specific non-spiritual coating”.¹⁴⁰

¹³⁸ It is from this basic principle that the Archangel MICHAEL, having stabbed and reduced to nothing “THE CONFIDENCE” that “THE DIVINE”, IHVH, our FATHER, had placed on him, had pulled out of definitive death (total erasure from existence) AZAZEL and all those who followed him in his sins perpetrated in the “HEAVEN” and precipitated them on EARTH here below in the first place. Afterwards, they have been locked underground in the waters in a second time pending their final erasure from existence. We will detail all these in the coming chapters.

¹³⁹ This principle also explains why celestial creatures, when they descend in the “Plane Below”, they are not visible to the “visual structure” of human creatures.

¹⁴⁰ It is this principle which is the basis of the concepts of “HEAVINESS” and “GRAVITY”. This principle also explains why celestial creatures, when they descend on the “Earthly Domain” below, can walk and move in any aspect of the substance that constitutes the “Earthly Domain”: in the air, on and in the clouds, water, waters, on ground, and inside in the ground.

A “Specific Elementary ‘SPIRITUAL’ Particle” which is covered with the “specific non-spiritual coating” defined on a volume plane associated with the density of this “specific non-spiritual coating”, covered in addition by another “specific non-spiritual coating” of lesser density according to the principles that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, can therefore move also on the volume planes that are associated with lower densities.¹⁴¹

A “Specific Elementary ‘SPIRITUAL’ Particle” can thus be regarded as a “Specific Elementary ‘SPIRITUAL’ Particle” which is covered with a “specific non-spiritual coating” of density equal to zero.

Having established the properties of the density of the “specific non-spiritual coating”, it is so that for a positioning on a plane that is more further inside the “MURKY VOID”, the farthest from the proximity of “THE FRONTIER OF THE DIVINE DOMAIN” and passing through the centre of the “MURKY VOID”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined a density for the “specific non-spiritual coating”.

This principle also explains why the first human creature, ADAM, in the early days of his existence in the “Earthly Domain”, while his entire body was covered by a “specific non-spiritual coating” luminous and of lower density than the density of the “specific non-spiritual coating” of the earthly particle, he could move into the air without the need to use his feet.

After ADAM had broken the promise he had made to the Archangel MICHAEL, Archangel MICHAEL destroyed the conditions that are necessary to maintain the luminous and of lower density of that “specific non-spiritual coating”. It is so that, the entire body of ADAM could no longer move in the air because the density of the “specific non-spiritual coating” that covers the “Specific Atomic ‘EARTHLY’ Substance” from which his physical body was created was heaviest.

¹⁴¹ It is from this basic principle that ENOCH, of whom METHUSELAH is the descendant, during the period before the “FLOOD”, was raised alive and moved towards the proximity to “THE FRONTIER OF THE DIVINE DOMAIN”, because he had managed to achieve and established a very high state of “HARMONY” between his “Spiritual Body” which consists of layers of “Specific Atomic ‘LIGHT’ Substances” and “THE DIVINE”, IHVH, our FATHER.

It is also from this basic principle that ABRAHAM, from whom Isaac and Ishmael are descendants, Elijah, who was raised in the air and sent to the “Plane Above” on the instruction of “THE DIVINE”, IHVH, our FATHER, MARY, through whom CHRIST was brought forth, and few others after, were also raised alive in the air and moved towards the proximity to “THE FRONTIER OF THE DIVINE DOMAIN”.

From the perspective of the manifestation by metaphor of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, this plane, which is farthest from the proximity of “THE FRONTIER OF THE DIVINE DOMAIN” and passing through the centre of the “MURKY VOID”, and which is designated as the “Plane Below” or the “Plane Underneath”, is the plane associated with the manifestation by metaphor of the “FOOTSTOOL” of the “THRONE”. The “Plane Below” is the plane on which will be revealed the causes and the consequences associated with the manifestation by metaphor of the movement of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, which is established and directed from the “THRONE” (the location of the first “septenary intersecting point”), and makes detailed development of this movement. In other words, it is on this “Plane Below” that “light will be shedded” on the causes and the consequences associated with the manifestation by metaphor of the movement of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, which is established and directed from the “THRONE”. The KNOWLEDGE of those causes and the consequences associated with the manifestation by metaphor of the movement of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, which is established and directed from the “THRONE”, will be taken out of the place (level, layer) “deep inside” the “THRONE”, where they are kept. The word associated with that place (level, layer) “deep inside” the “THRONE” and where those causes and the consequences associated with the manifestation by metaphor of the movement of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” are kept, translates in the human language by the unique word: “EARTH”; just like a special folder “deep inside” a safe deposit box and where important “blueprint” documents are kept. It is so that this “Plane Below” will also be designated using that same unique word: “EARTH”, as a reference to that place (level, layer) “deep inside”. The “Plane Below” is the plane on which will be revealed the causes and the consequences associated with the manifestation by metaphor of the movement of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, which is established and directed from the “THRONE” and makes detailed development of this movement; they will be “un-EARTH-ed”, taken out of that place (level, layer) “deep inside”, which is designated in the human language by the unique word, which translates to “EARTH”, and revealed.¹⁴² And of course, that, which relates to that place (level,

¹⁴² There is only one “EARTH”, it is this “Plane Below” which is farthest from the “Plane Above”. The physical realm in which live human creatures is part of the “EARTH”, the solar star is part of the “EARTH”, it is the same with all the other stars of the physical realm;

layer) “deep inside” the “THRONE” and where those causes and the consequences associated with the manifestation by metaphor of the movement of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” are kept, will have the adjective: “EARTHLY”, “from EARTH”.

This density in the “Plane Below” is sufficient to cover a “Specific Elementary ‘SPIRITUAL’ Particle” in the “Plane Below”. The “specific non-spiritual coating” defined for this “high density”¹⁴³ for the “Plane Below” is the “specific ‘EARTHLY’ coating” for the “Specific Elementary ‘SPIRITUAL’ Particle”.

It is so that, the unique “‘COATING—SPIRITUAL’ specific supply of subsistence” of a “Specific Elementary ‘SPIRITUAL’ Particle” which is covered with the “specific ‘EARTHLY’ coating” will be called: the “‘EARTHLY’ specific supply of subsistence”.

Similarly, for a positioning on a plane that is near the proximity of “THE FRONTIER OF THE DIVINE DOMAIN” — this “Plane Above” which is also called “HEAVEN”¹⁴⁴ — while remaining in the “MURKY VOID”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined a different density for the “specific non-spiritual coating”. The “specific non-spiritual coating” defined for this “low density” for the “Plane Above” is the “specific ‘CELESTIAL’ coating” for the “Specific Elementary ‘SPIRITUAL’ Particle”.

It is so that, the unique “‘COATING—SPIRITUAL’ specific supply of subsistence” of a “Specific Elementary ‘SPIRITUAL’ Particle” which is covered with the

they are part of the “EARTH”. There is nothing below this “Plane Below”; that is there is no other volume plane below this “Plane Below”.

¹⁴³ This concept will be represented symbolically on a large scale by the “non-spiritual” heavy “Veil” — “Veil” of the Holy place — which protected the pure and holy space delineated as it had been specified all around this place where this part of the “ALTAR of THE DIVINE” was placed, when this part of the “ALTAR of THE DIVINE” inner constituent of “THE SHEKINAH”, “THE THRONE OF THE DIVINE IN THE ATTRIBUTE ‘NON DIVINE’” in the “Specific Energy ‘CELESTIAL’ Domain”, and which has been called “THE HOLY IN THE HOLY” was transported to the first “Specific Energy, ‘EARTHLY’ Habitation Domain” in the “Plane Below”. But humans did not understand this symbolic meaning.

¹⁴⁴ See conversation of July 02, 2005, Aristide with CHRIST. There is only one “HEAVEN”, this nearest limit to “DIVINE DOMAIN” but inside the “MURKY VOID” and which is called the proximity to “THE FRONTIER OF THE DIVINE DOMAIN”. It was divided into seven levels, later during the realisation of “THE HOLY PROJECT”.

“specific ‘CELESTIAL’ coating” will be called: the “‘CELESTIAL’ specific supply of subsistence”.

The “Specific ‘SPIRITUAL’ Environment” as well as the “Specific Elementary ‘SPIRITUAL’ Particle”, and therefore the “Specific Elementary ‘SPIRITUAL’ Substance” and the “Specific Atomic ‘SPIRITUAL’ Substance” are the same in all volume planes inside the “MURKY VOID”, and henceforth in these two volume planes that are the “HEAVEN” and the “EARTH” inside the “MURKY VOID”. Only the “specific ‘CELESTIAL’ coating” and the “specific ‘EARTHLY’ coating”, which are used to cover the “Specific Elementary ‘SPIRITUAL’ Particle”, are different through the densities in each of these two plans that are the “HEAVEN” and the “EARTH”.

With these “specific non-spiritual coating” densities, we have the following nested relationships:

1. The “Specific Energy ‘LIGHT’ Substance” is much more “thinner” than the “Specific Energy ‘SPIRIT’ Substance”; it flows freely into the “Specific Energy ‘SPIRIT’ Substance”, and in the “Specific ‘SPIRITUAL’ Space”, the “Specific Energy ‘LIGHT’ Substance” seems elusive and “invisible” if compared to the “Specific Energy ‘SPIRIT’ Substance”. The “Specific Energy ‘SPIRIT’ Substance” on the other side does not flow in the “Specific Energy ‘LIGHT’ Substance”, but it has an epithet function in the “Specific Energy ‘LIGHT’ Substance”.
2. The “Specific Energy ‘SPIRIT’ Substance” is much more “thinner” than the “Specific Energy ‘CELESTIAL’ Substance”; it flows freely into the “Specific Energy ‘CELESTIAL’ Substance”, and in the “Specific ‘CELESTIAL’ Space”, the “Specific Energy ‘SPIRIT’ Substance” seems elusive and “invisible” if compared to the “Specific Energy ‘CELESTIAL’ Substance”. The “Specific Energy ‘CELESTIAL’ Substance” on the other side does not flow in the “Specific Energy ‘SPIRIT’ Substance”.
3. The “Specific Energy ‘CELESTIAL’ Substance” is much more “thinner” than the “Specific Energy ‘EARTHLY’ Substance”; it flows freely into the “Specific Energy ‘EARTHLY’ Substance”, and in the “Specific ‘EARTHLY’ Space”, the “Specific Energy ‘CELESTIAL’ Substance” seems elusive and “invisible” if compared to the “Specific Energy ‘EARTHLY’ Substance”. The “Specific Energy ‘EARTHLY’ Substance”

on the other side does not flow in the “Specific Energy ‘CELESTIAL’ Substance”.

This nested relationship is the manifestation by metaphor of its equivalent which is defined in the “DIVINE SUBSTANCE”.

In the “DIVINE SUBSTANCE”, the “Divine Energy ‘LIGHT’ Substance” is much more “thinner” than the “Divine Energy ‘SPIRIT’ Substance”; it flows freely into the “Divine Energy ‘SPIRIT’ Substance”, and the “Divine Energy ‘LIGHT’ Substance” seems elusive and “invisible” if compared to the “Divine Energy ‘SPIRIT’ Substance”. The “Divine Energy ‘SPIRIT’ Substance” on the other side does not flow in the “Divine Energy ‘LIGHT’ Substance”, but it has an epithet function in the “Divine Energy ‘LIGHT’ Substance”.

In the “Specific ‘SPIRITUAL’ Space”, within the attribute “NON DIVINE”, only the “Divine Energy ‘SPIRIT’ Substance” will be present and represented by “THE DIVINE FORCE”. Indeed, “THE DIVINE FORCE” — which is “THE PERFECT SEAL OF THE DIVINE”, “THE MEDIATOR OF THE DIVINE”, “THE WORKER OF THE DIVINE”, “THE HANDS OF THE DIVINE”, etc... — is constituted only by the “Divine Energy ‘SPIRIT’ Substance” endowed with an “INTELLECT” and carries the five “INDISTINCT DIVINE FORMS” that “THE DIVINE”, IHVH, our FATHER chose to share with the attribute “NON DIVINE”. By the presence of these five “INDISTINCT DIVINE FORMS” in HER, “THE DIVINE”, IHVH, our FATHER made “THE DIVINE FORCE” “PERFECT”, HE gave HER “PERFECTION”. Through the state of “HARMONY” of “THE DIVINE FORCE” with “THE DIVINE”, IHVH, our FATHER, “THE DIVINE FORCE” is in “THE SUPREME PLENITUDE”. Just like “THE DIVINE”, IHVH, our FATHER, “THE DIVINE FORCE” is not prone to “time”, SHE was created long before that the attribute “NON DIVINE” was the object of a project, and it is HER who, on the instruction of “THE DIVINE”, IHVH, our FATHER, implemented the concept of “time”, which is defined in the attribute “NON DIVINE”.

In the “Specific ‘SPIRITUAL’ Space”, within the attribute “NON DIVINE”, the “Specific Energy ‘LIGHT’ Substance” will be a substance that WILL BE CREATED in this attribute “NON DIVINE” and as a manifestation of the metaphor of its analogue, the “Divine Energy ‘LIGHT’ Substance”, which HAS NOT BEEN CREATED and has always existed in “THE DIVINE DOMAIN”.

In the “Specific ‘SPIRITUAL’ Space”, within the attribute “NON DIVINE”, the “Divine Energy ‘SPIRIT’ Substance”, just as the “Divine Energy ‘LIGHT’ Substance”, which HAS NOT BEEN CREATED and has always existed in “THE DIVINE DOMAIN”, will be more “thinner” than the created “Specific Energy

‘LIGHT’ Substance”; it will flow freely into the created “Specific Energy ‘LIGHT’ Substance”, and the “Divine Energy ‘SPIRIT’ Substance” will appear elusive and “invisible” if compared to the created “Specific Energy ‘LIGHT’ Substance”. It is for this reason that “THE DIVINE FORCE”, although SHE will always be present in the “Specific ‘SPIRITUAL’ Space”, within the attribute “NON DIVINE”, SHE will however remain “invisible” and will appear elusive by all that will be created into existence in this attribute “NON DIVINE”.

As we have indicated at the onset of these writings, it is from the unique particulars of the attribute “PURITY” of “THE DIVINE BODY”, and remaining within those unique particulars of the attribute “PURITY” of “THE DIVINE BODY”, that “THE DIVINE” has conceived and produced in HIMSELF the UNIQUE creature that is designated as: “THE FORCE OF ‘HE WHO IS’”, or “THE DIVINE FORCE”. It is from those unique particulars of the attribute “PURITY” of “THE DIVINE BODY” that “THE DIVINE FORCE” has inherited the “INVISIBILITY” property.

It is thus also said of the “Divine Energy ‘SPIRIT’ Substance”, and therefore of “THE DIVINE FORCE”, that SHE is HER own possession; SHE is above the created “Specific Energy ‘LIGHT’ Substance”.

In the “Specific ‘SPIRITUAL’ Space”, within the attribute “NON DIVINE”, it is only when the specific conditions in the “Specific Energy ‘SPIRIT’ Substance” which has epithet function in the “Specific Energy ‘LIGHT’ Substance”, for example, the specific conditions arising from the execution of the “Causal Precedence Relation of ‘THE PRAISE’” between the “Specific Energy ‘SPIRIT’ Substance” and the “Specific Energy ‘LIGHT’ Substance”, defined by “THE DIVINE ARCHITECT AND PROJECT MASTER”, are met around the “Specific Energy ‘LIGHT’ Substance”, that the “GLORY”¹⁴⁵ of the “Specific Energy ‘LIGHT’

¹⁴⁵ The “GLORY” is the word used symbolically to refer to the luminous radiation that characterizes the attribute “LIGHT” which describes the second attribute of “THE BODY OF ‘HE WHO IS’”, as well as any manifestation of a metaphor for the second attribute of “THE DIVINE BODY”, and highlights the distinctive feature of the “divine energy” that emanates from “THE BODY OF ‘HE WHO IS’” and makes it “ALIVE”.

Therefore, when one speaks about the “GLORY OF THE DIVINE”, it is by reference to the radiance of this “LIGHT”, as second attribute characteristic of “THE BODY OF ‘HE WHO IS’”, or of any manifestation of a metaphor of the “‘LIGHT’ Divine State”.

Substance” is then, perceived: it will thus be the manifestation of “THE LIGHT” that is invisible.¹⁴⁶

The process leading to this manifestation of the “GLORY” of the “Specific Energy ‘LIGHT’ Substance” is a replica, by manifestation of metaphors, of the process leading to the manifestation of the “GLORY” of the “Divine Energy ‘LIGHT’ Substance” within “THE DIVINE DOMAIN”.

Within “THE DIVINE DOMAIN”, the divine conditions which are linked to the permanent and eternal execution of the “Causal Precedence Relation of ‘THE PRAISE’” between the “Divine Energy ‘SPIRIT’ Substance” and the “Divine Energy ‘LIGHT’ Substance”, the “Divine Energy ‘SPIRIT’ Substance” having function of epithet in this “Divine Energy ‘LIGHT’ Substance”, and (these divine conditions) which have been defined by “THE DIVINE ARCHITECT AND PROJECT MASTER”, are continually met, without interruption, around the “Divine Energy ‘LIGHT’ Substance” produced by “THE DIVINE BODY” and around the “Divine Energy ‘SPIRIT’ Substance”. It is for this reason that the “GLORY” of the “Divine Energy ‘LIGHT’ Substance”, and thus the “GLORY” of “THE DIVINE BODY”, is continually and eternally manifested.

In the “Specific ‘SPIRITUAL’ Space”, within the attribute “NON DIVINE”, and in which the “Divine Energy ‘SPIRIT’ Substance” will be present and represented by “THE DIVINE FORCE”, if it were to happen that a single atom of the “Divine Energy ‘LIGHT’ Substance” is also introduced into this “Specific ‘SPIRITUAL’ Space”, then, the “GLORY” of the “Divine Energy ‘LIGHT’ Substance” is going to be manifested instantly at the very moment when this single atom of the “Divine Energy ‘LIGHT’ Substance” will be introduced into this “Specific ‘SPIRITUAL’ Space”, because the divine conditions arising from the perpetual and everlasting execution of the “Causal Precedence Relation of ‘THE PRAISE’” are continually and eternally present in “THE DIVINE FORCE”. Once this “GLORY” of the “Divine Energy ‘LIGHT’ Substance” is manifested, the event of “EXPANSION” will start and instantly, filling the “MURKY VOID”, making it return to “THE DIVINE BODY”, as we have already indicated in the previous chapter.

¹⁴⁶ As we have already indicated, it is like when an electric current is passed through a gas, the gas emits a glow (a luminous radiation); that, which is called “Illumination”. That luminous radiation emitted by a gas, when an electric current flows through it, results from the transfer of energy, which occurs when electrons of the current collide with atoms constituents of the gas, follows with excitation and de-excitation of those atoms.

It is to avoid that such a return to “THE DIVINE BODY” occurs, that using “THE DIVINE FORCE”, who is “THE TRUST OF THE DIVINE”, “THE DIVINE”, IHVH, our FATHER keeps Himself “THE FRONTIER OF THE DIVINE DOMAIN”.

CHAPTER 098

THE TWENTY ONE “SPECIFIC ENERGY ‘PARTIALLY SPIRITUAL’ DOMAINS” IN THE SPECIFIC “PARTIALLY SPIRITUAL” ENVIRONMENT

Using the two “specific non-spiritual coating” and from the “Specific Elementary ‘SPIRITUAL’ Particle”, “THE DIVINE”, IHVH, our FATHER has chosen to share with the attribute “NON DIVINE”, the “DIVINE PRIMARY WEALTH” which represents “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed “twenty-one” “Specific Energy ‘Partially Spiritual’ Domains” on a large scale in the “MURKY VOID” inside the attribute “NON DIVINE”, each “Specific Energy ‘Partially Spiritual’ Domain” being an expression of the model of the “EONS” that “THE DIVINE” has chosen to share with the attribute “NON DIVINE” by adding only a purpose to their manifestations in the attribute “NON DIVINE”, without adding a provision of “THE INTELLECT OF THE DIVINE”, also without adding a provision of “THE DIVINE FORCE”.

It is in these “twenty-one” “Specific Energy ‘Partially Spiritual’ Domains” that “THE DIVINE ARCHITECT AND PROJECT MASTER” will apply the concepts, rules and principles that HE has designed and established in the “Specific ‘SPIRITUAL’ Environment” for the “Specific Elementary ‘SPIRITUAL’ Particle”, the “Specific Elementary ‘SPIRITUAL’ Substance”, the “Specific Atomic ‘SPIRITUAL’ Substance”, the “Specific Energy ‘SPIRITUAL’ Domain” and the “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

It is also through these “twenty-one” “Specific Energy ‘Partially Spiritual’ Domains” that “THE DIVINE FORCE” will manifest a metaphor for “THE DIVINE SUPREME CONFIGURATION” on a large scale in the “MURKY VOID” inside the attribute “NON DIVINE”.

This expression of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, in the “MURKY VOID” inside the attribute “NON DIVINE”, is a writing of the acronym “IHVH” on a scale so large and using these “Specific Energy ‘Partially Spiritual’ Domains” as letters, like “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it and so that all the Creatures which will be created into existence in the attribute “NON DIVINE” can understand the message that is carried by this acronym.¹⁴⁷

¹⁴⁷ Using the language of metaphors (or parables) one will say that:

“... ”

“THE HOLY PROJECT” is reminiscent of a house in which the Owner has chosen to place chairs on twenty-one places to decorate the interior of this House.

As HE places the chairs that HE Himself manufactured and which can be moved only by Himself, HE also call in His guests and asks them to take place on these chairs.

As HE decorates the interior of this House by placing the chairs that He Himself manufactured, HE writes and also marks his signature through the placement of these chairs.

The first guests, not seeing and not being able to recognize the Owner of the House among the myriad that was present, began to give importance to themselves and to see themselves as more important than the Owner of the House.

Seeing that the following guests have received chairs which appear in all respects similar to those of the first guests, these first guests decided not to accept it and will start to quarrel to take possession of the chairs that the Owner of the House has reserved for the following guests, without bothering to look and understand that the arrangement of the chairs describes something very special: The very signature of the Owner of the House.

These first guests will turn out to be bandits who will strip the following guests of the chairs that the Owner of the House had reserved for them.

What will the Owner of the House do to such bandits?

“... ”

THE “SPECIFIC ENERGY ‘CELESTIAL’ DOMAIN” IN THE SPECIFIC “PARTIALLY SPIRITUAL” ENVIRONMENT

名

to

The “Specific Elementary ‘CELESTIAL’ Particle” which is covered with the “specific ‘CELESTIAL’ coating” will have two aspects: the spiritual aspect through the “Specific Elementary ‘SPIRIT’ Particle” and the “non-spiritual” aspect through this “specific ‘CELESTIAL’ coating”. These two aspects can be dissociated and separated only by “THE DIVINE”, IHVH, Himself.

From the “Specific Elementary ‘CELESTIAL’ Particle”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “Specific Energy ‘CELESTIAL’ Substance”; which is the equivalent of the “Specific Energy ‘SPIRIT’ Substance” in the “Specific ‘SPIRITUAL’ Environment”.

As “THE DIVINE ARCHITECT AND PROJECT MASTER” had designed it, it is through “THE DIVINE FORCE” that “THE DIVINE” would “NOURISH” this “Specific Energy ‘CELESTIAL’ Substance” and make it grow by “EXPANSION” on a larger volume as HE had defined it within Himself.

It is so that, HE designed the first “Specific Energy ‘CELESTIAL’ Domain” in the “Plane Above”. It is also the first “Specific Energy ‘Partially Spiritual’ Domain” that “THE DIVINE” will create into existence in the “MURKY VOID” inside the attribute “NON DIVINE”, “SOUTH” with respect to the “CARDINAL POINT OF THE CREATION”, and in the “Plane Above”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” also designed the “Specific ‘SPIRITUAL’ Frontier” of this first “Specific Energy ‘Partially Spiritual’ Domain”, also delineating the “Specific ‘SPIRITUAL’ Environment” external and immediate around it by a spiritual aureole visible to “THE EYE OF THE DIVINE”, and which is a manifestation of the state of “HARMONY” with “THE DIVINE”, IHVH, our FATHER: it is the “Specific Radiance ‘SPIRITUAL’ Aureole”, because it is an expression of the radiance of that, which has been created in the attribute “NON DIVINE”.

This first “Specific Energy ‘CELESTIAL’ Domain” will also be the first habitable domain for the creatures that HE designed to dwell on this “Plane Above”.

Within Himself, in “THE DIVINE DOMAIN”, and with respect to the “CARDINAL POINT OF THE CREATION”, “THE DIVINE FORCE” has also laid out the path and set the direction of walking movement on this path and on which the entire “Specific Energy ‘CELESTIAL’ Domain” moves to accomplish the “specific tasks” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has assigned to it.

This path and the direction of walking movement on this path, is the “Specific Walking Path” of the entire “Specific Energy ‘CELESTIAL’ Domain”; it is the “Orbit” of the “Specific Energy ‘CELESTIAL’ Domain”. This “Orbit” of the

“Specific Energy ‘CELESTIAL’ Domain” is defined and established within “THE DIVINE DOMAIN” and around the “CARDINAL POINT OF THE CREATION”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has also designed and with aim to make manifest into existence, by “THE DIVINE FORCE”, on this “Plane Above”, a metaphor for this “Specific Walking Path” and the walking movement of the “Specific Energy ‘CELESTIAL’ Domain” on that “Orbit” of the “Specific Energy ‘CELESTIAL’ Domain” in the form of the “First Movement of the Divine Particles”. It is the “Specific Walking Movement” of the “Specific Energy ‘CELESTIAL’ Domain” in the “Plane Above”.

This “Specific Walking Movement” is a “rotary movement” of the “Specific Energy ‘CELESTIAL’ Domain” around itself and following a “specific rotation axis” which is directed towards the “CARDINAL POINT OF THE CREATION”. This “specific rotation axis” itself runs through this “Orbit” of the “Specific Energy ‘CELESTIAL’ Domain” that “THE DIVINE FORCE” has laid out inside “THE DIVINE DOMAIN” and at the level of the “CARDINAL POINT OF THE CREATION”.

When the “specific rotation axis” of this first “Specific Energy ‘Partially Spiritual’ Domain” runs through this “Orbit” of the “Specific Energy ‘CELESTIAL’ Domain” inside “THE DIVINE DOMAIN”, then, it is said that the “Specific Energy ‘CELESTIAL’ Domain” inside “THE DIVINE DOMAIN” walks along its “Specific Walking Path”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed this “specific rotary movement” of the “Specific Energy ‘CELESTIAL’ Domain” to indicate and to lead His creatures that will be created into existence on the “Plane Above” to understand that, it is “THE DIVINE” who presides over the destiny and maintaining the state of “HARMONY” between “THE DIVINE”, IHVH, our FATHER and the “Specific ‘SPIRITUAL’ Environment” around the entire “Specific Energy ‘CELESTIAL’ Domain”.

This “Orbit” of the “Specific Energy ‘CELESTIAL’ Domain” is subdivided into several steps, the steps of the “Orbit” of the “Specific Energy ‘CELESTIAL’ Domain”. The complete flow path of the “Specific Energy ‘CELESTIAL’ Domain” along this “Orbit” of the “Specific Energy ‘CELESTIAL’ Domain” will correspond to a complete rotational cycle of this first “Specific Energy ‘Partially Spiritual’ Domain” in the “Plane Above”.

This cycle is also synchronized with the movement of the “Generative Divine Particle” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” at the “CARDINAL POINT OF THE CREATION”.

To “THE DIVINE”, this cycle will define a measure of time into existence of the “Specific Energy ‘CELESTIAL’ Domain” in the attribute “NON DIVINE” and for the calendar of this attribute: the “Calendar of the ‘NON DIVINE’”, and which will be defined from “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’”.

This measure of time is divided into several periods and at the scale of the “Divine Particle”, the smallest of these periods is equal to the “measure of transformation step” of products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

At the scale of a “Specific Energy ‘Partially Spiritual’ Domain”, this “measure of transformation step” will be defined by the unit of measure that will be called the “DAY”. It is through these measures of time that “THE DIVINE”, IHVH, our FATHER determines the time of existence of his creatures in the attribute “NON DIVINE”.

Through its “Specific Elementary ‘CELESTIAL’ Particles”, the “Specific Energy ‘CELESTIAL’ Domain” also has two aspects: the spiritual aspect through the “Specific Elementary ‘SPIRIT’ Particle” and the “non-spiritual” aspect through this “specific ‘CELESTIAL’ coating”. These two aspects can be dissociated and separated only by “THE DIVINE”, IHVH, Himself.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has also designed and defined for the “Plane Above”, a “Specific Generative Power” VITAL, which will provide the “‘CELESTIAL’ specific supply of subsistence” which is necessary for the proper functioning of the “Specific Atomic ‘CELESTIAL’ Substances” constituents of the “Specific Energy ‘CELESTIAL’ Substance” constituent of the “Specific Energy ‘CELESTIAL’ Domain”.

“THE DIVINE FORCE” will place this “Specific Generative Power” for the “Plane Above” inside the “Specific ‘CELESTIAL’ Environment” of the “Specific Energy ‘CELESTIAL’ Domain”, manifesting, as such, a double structure which is an expression of “THE ‘SPIRIT←LIGHT’ EON” that “THE DIVINE”, IHVH, our FATHER chose to share with the attribute “NON DIVINE” by adding only a purpose to their manifestations in the attribute “NON DIVINE”, without adding a provision of “THE INTELLECT OF THE DIVINE”, also without adding a provision of “THE DIVINE FORCE”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed this “Specific Generative Power” for the “Plane Above” from the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” model. In a text below, we will talk about this “Specific Generative Power” — “THE SHEKINAH” — that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed for the “Plane Above”.

In this double structure that will be manifested as such into existence in the “Plane Above”, will be a representation of the inner structure of the double structure and it is through this inner structure that the “Specific Energy ‘CELESTIAL’ Domain”, which is a representation of the outer structure of the double structure, will remain in the “‘CELESTIAL’ Specific State” in the attribute “NON DIVINE”.

All concepts set forth here above and regarding the “Specific Energy ‘SPIRITUAL’ Domain” and which have been established from the “Specific Elementary ‘SPIRITUAL’ Particle”, also extend on the “Specific Energy ‘CELESTIAL’ Domain” which has been established from the “Specific Elementary ‘CELESTIAL’ Particle”. Let us remind some of these concepts to keep clarity regarding the functioning of the “Specific Energy ‘CELESTIAL’ Domain”.

In His design, “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the first component of the “‘CELESTIAL’ specific supply of subsistence” of this “Specific Energy ‘CELESTIAL’ Domain” with a fundamental “‘SPIRITUAL’ specific supply of subsistence” necessary to maintain intact the capacity of all internal “specific processes”, without exception, to execute their predefined “specific tasks” to produce the “specific work” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has also predefined for the “Specific Energy ‘CELESTIAL’ Domain”.

HE has also defined and established a maximum “‘SPIRITUAL’ specific supply of subsistence” that the “Specific Energy ‘CELESTIAL’ Domain” can withstand while remaining in the attribute “NON DIVINE” and above which the structure of the “Specific Energy ‘CELESTIAL’ Domain” will be destroyed because it is attached to the attribute “NON DIVINE”. This maximum “‘SPIRITUAL’ specific supply of subsistence” is billions of times less than the “‘SPIRITUAL’ divine electrical charge” of a “DIVINE SUBSTANCE”.

Whether the “Specific Energy ‘CELESTIAL’ Domain” is either “awake” or “asleep”, the “specific work” accomplished by its “specific processes” does not stop, but it is accompanied by a change (decrease) more or less large of its

“‘CELESTIAL’ specific supply of subsistence”, depending upon whether some of its structures are “awake” or “asleep”.

This “‘CELESTIAL’ specific supply of subsistence”, as we have already indicated, is the unique “‘COATING—SPIRITUAL’ specific supply of subsistence” which arises from the concept of the “Specific Elementary ‘SPIRITUAL’ Particle” which is covered with the “specific ‘CELESTIAL’ coating”.

The “‘CELESTIAL’ specific supply of subsistence” is not eternal in the “Specific Energy ‘CELESTIAL’ Domain”, because the “Specific Energy ‘CELESTIAL’ Domain” is attached to the attribute “NON DIVINE”.

It is so that, this “‘CELESTIAL’ specific supply of subsistence” exhausts in the “Specific Energy ‘CELESTIAL’ Domain” according to the work accomplished by the “specific processes” of the “Specific Energy ‘CELESTIAL’ Domain” and within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for it.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “‘CELESTIAL’ specific supply of subsistence” of the “Specific Energy ‘CELESTIAL’ Domain” so that it can be renewed.

It may be renewed directly by “THE DIVINE FORCE” following reception of “THE WORD OF THE DIVINE” or else it can be continuously renewed following a cycle with seven “transformation steps”, catalyzed by the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘CELESTIAL’ Domain”, and through “The Specific Process of Attachment to ‘THE DIVINE’” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established for the “Specific Energy ‘CELESTIAL’ Domain”.

Each “transformation step” of this cycle is a unique manifestation in the attribute “NON DIVINE” of a metaphor of the seven “transformation steps” of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. Each step of this cycle is completed within a “measure of transformation step” and the seventh “transformation step” is that of completion of the cycle.

“THE SPECIFIC SPIRITUAL FORCE OF LIFE” external and present in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the

“Specific Energy ‘CELESTIAL’ Domain” remains of VITAL importance for the survival of the “Specific Energy ‘CELESTIAL’ Domain”.

Just as the “Divine Particles” are continuously in motion inside “THE DIVINE DOMAIN” at all scales of layers of “Divine Particles”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has also designed and with aim to make manifest, by “THE DIVINE FORCE”, a metaphor for such “DIVINE PRIMARY WEALTH” in the external and immediate environment around each “Specific Atomic ‘CELESTIAL’ Substance” constituent of the “Specific Energy ‘CELESTIAL’ Domain”. A direct implication of such manifestation of continuous motion of these “Specific Atomic ‘CELESTIAL’ Substances” is that the whole “Specific Energy ‘CELESTIAL’ Domain” will be a giant electromagnetic field entirely filled with “electromagnetic waves”, which will provide the basis for the creation of appropriate life conditions and for the implementation of a wide range of applications related to the concept of “THE LIGHT” inside the “Specific Energy ‘CELESTIAL’ Domain”.

As “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it, a metaphor for this “DIVINE PRIMARY WEALTH” is already made manifest through the “Specific Elementary ‘CELESTIAL’ Substance” constituent of each “Specific Atomic ‘CELESTIAL’ Substance” of the “Specific Energy ‘CELESTIAL’ Domain”.

It is so that, HE has designed “specific displacement movements” to be applied on layers of “Specific Atomic ‘CELESTIAL’ Substance” constituent of the “Specific Energy ‘CELESTIAL’ Substance” of the “Specific Energy ‘CELESTIAL’ Domain”.

Having designed the “Specific Energy ‘CELESTIAL’ Domain” and how it was to function, “THE DIVINE ARCHITECT AND PROJECT MASTER” has set a fixed position within this “Specific Energy ‘CELESTIAL’ Domain” and from which “THE DIVINE FORCE” will make manifest, in “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE”, a metaphor of the “Cardinal Point” of the “Generative Divine Particle” which is defined in “THE ABSOLUTE FRAME OF REFERENCE” defined by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in “THE DIVINE”; because “THE DIVINE” had decided to share with the attribute “NON DIVINE”, this “DIVINE PRIMARY WEALTH” which represents “THE DIVINE SUPREME CONFIGURATION”.

It is from this “Cardinal Point”, which will be manifested and fixed within this “Specific Energy ‘CELESTIAL’ Domain”, that “THE DIVINE ARCHITECT AND

PROJECT MASTER” has also designed the manifestation of the fixed orientation, IHVH — in the sense that we know it: NORTH, SOUTH, WEST, and EAST — that HE would apply to the attribute “NON DIVINE”.

From this manifestation of fixed orientation, IHVH, from this “Cardinal Point”, which will be manifested and fixed within this “Specific Energy ‘CELESTIAL’ Domain”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has also set fixed positions of the manifestations, in “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE”, of metaphors of the twelve redundant “Divine Equilibrium Regions” with respect to the “Generative Divine Particle” which is defined in “THE ABSOLUTE FRAME OF REFERENCE” defined by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in “THE DIVINE”.

This is the purpose of the set constituted by the “Specific Energy ‘CELESTIAL’ Domain” and this “Specific Generative Power” — “THE SHEKINAH” — that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed for the “Plane Above”, as an expression of the double structure which is a manifestation of the metaphor of “THE ‘SPIRIT←LIGHT’ EON” that “THE DIVINE” chose to share with the attribute “NON DIVINE” by adding only a purpose to their manifestations in the attribute “NON DIVINE”, without adding a provision of “THE INTELLECT OF THE DIVINE”, also without adding a provision of “THE DIVINE FORCE”.

CHAPTER 100

THE “DIVINE SUPREME CONFIGURATION” MANIFESTED IN THE “SPECIFIC ‘PARTIALLY SPIRITUAL’ ENVIRONMENT”

Having designed the “Specific Energy ‘CELESTIAL’ Domain” and within which HE has set a fixed position from which “THE DIVINE FORCE” will make manifest, in “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE”, a metaphor of the “Cardinal Point” of the “Generative Divine Particle” which is defined in “THE ABSOLUTE FRAME OF REFERENCE” defined by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in “THE DIVINE”, and having established the manifestation of its “Specific Walking Path” in the form of a “specific rotary movement”, “THE DIVINE ARCHITECT AND PROJECT MASTER” chose the second plane in the “MURKY VOID”.

It is on this second plane that “THE DIVINE FORCE” will manifest into existence a metaphor for “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” — one “Generative Divine Particle” and six “Formative Divine Particles” in “Movement of Formative Divine Particle” synchronized between them, and, each “Movement of Formative Divine Particle” synchronized with the movement of the “Generative Divine Particle” and without collisions forever with the passage of time — on a larger scale, and through others “Specific Energy ‘Partially Spiritual’ Domains” acting in place of the “Divine particles”.

This manifestation will define “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” chose this second plane more further inside the “MURKY VOID”, the farthest from the proximity of “THE FRONTIER OF THE DIVINE DOMAIN”. Henceforth, on this “Plane Below”, that

is “EARTH”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and with aim to make manifest into existence, by “THE DIVINE FORCE”, the “Specific Elementary ‘SPIRIT’ Particle” which is covered with the heavy “specific ‘EARTHLY’ coating” as HE had designed it and defined it for this “Plane Below”; designing as such the “Specific Elementary ‘EARTHLY’ Particle”.

The “Specific Elementary ‘EARTHLY’ Particle” which is covered with the “specific ‘EARTHLY’ coating” will have two aspects: the spiritual aspect through the “Specific Elementary ‘SPIRIT’ Particle” and the “non-spiritual” aspect through this “specific ‘EARTHLY’ coating”. These two aspects can be dissociated and separated only by “THE DIVINE”, IHVH, Himself.

THE “GENERATIVE POWER OF ‘THE DIVINE’” MANIFESTED IN THE “SPECIFIC ‘PARTIALLY SPIRITUAL’ ENVIRONMENT”

The inner structure and the outer structure of this double structure are “Specific Energy ‘EARTHLY’ Substances”, which are each “CONSCIOUS”, and each possessing its own dynamism, its own principle of action, and they are separated by a “Specific ‘EARTH←EARTH’ Inner Frontier”.

The “Specific ‘EARTH←EARTH’ Inner Frontier”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and defined it, is maintained by a set of “specific processes” which help containing the “Specific Energy ‘EARTHLY’ Substance” constituent of the outer structure of this double structure and keep it intact; that is, to stabilize its “‘EARTHLY’ specific supply of subsistence”¹⁴⁸ whenever it increases and gets near the proximity of the “‘EARTHLY’ specific

¹⁴⁸ You can consider this “‘EARTHLY’ specific supply of subsistence” by analogy with photon energy, which is transported by an electromagnetic wave, in the “‘EARTHLY’ Specific State”.

supply of subsistence” necessary for occurrence of the special “specific event” of “EXPANSION”.

The “Specific ‘EARTH←EARTH’ Inner Frontier”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and defined it, will not increase the “‘EARTHLY’ specific supply of subsistence” of the “Specific Energy ‘EARTHLY’ Substance” at a high level if this “‘EARTHLY’ specific supply of subsistence” came to decrease following the work accomplished by the volume of “Specific Atomic ‘EARTHLY’ Substances” constituents of the “Specific Energy ‘EARTHLY’ Substance”.

The “Specific ‘EARTH←EARTH’ Inner Frontier”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and defined it, will instead act to maintain a dynamic state of equilibrium, which is the result of application of its principle of action, when the “‘EARTHLY’ specific supply of subsistence” of this whole inner structure increases.

This “Specific ‘EARTH←EARTH’ Inner Frontier” and the “Specific Energy ‘EARTHLY’ Substance” that it contains, also define a “Specific Energy ‘EARTHLY’ Inner Domain”: the “Specific Generative Energy ‘EARTHLY’ Inner Domain”. It is this “Specific Generative Energy ‘EARTHLY’ Inner Domain” that will nourish the outer structure constituent of this double structure and provide for its subsistence in order to remain into existence in its “‘EARTHLY’ Specific State”.

As parts of its dynamism, its principle of action, “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed this “Specific Generative Energy ‘EARTHLY’ Inner Domain”, with a crucial “specific behavior”, based on that which is called the “movement”, and which allows the “Specific Generative Energy ‘EARTHLY’ Inner Domain” to “hover”, to be in stationary suspension, in equilibrium inside the “MURKY VOID”.¹⁴⁹ It is the “crucial stationary movement” of the “Specific Generative Energy ‘EARTHLY’ Inner Domain”, and it is the result of the combination and a “specific interpretation” of “specific effects” and associated “specific behaviors” of “Specific Atomic ‘EARTHLY’ Substances” constituents of the “Specific Generative Energy ‘EARTHLY’ Inner Domain”. Due to this “crucial stationary movement” of the “Specific Generative Energy ‘EARTHLY’ Inner Domain”, the totality constituted by the outer structure that is attached to the

¹⁴⁹ It is just like the fluttering, that quick wavering or flapping, movement of wings that birds perform and which allows them to stay in the same position in the air without moving forwards, or backwards, or sideways. The principle of action is the same.

“Specific Generative Energy ‘EARTHLY’ Inner Domain” and that is separated by the “Specific ‘EARTH←EARTH’ Inner Frontier”, will also remain in stationary suspension, in equilibrium inside the “MURKY VOID”.

As “THE DIVINE ARCHITECT AND PROJECT MASTER” had designed it, it is through “THE DIVINE FORCE” that “THE DIVINE” would “NOURISH” this “Specific Energy ‘EARTHLY’ Inner Domain” and thereby, grow the entire “Specific Energy ‘EARTHLY’ Substance” and which is formed by this double structure of “Specific Energy ‘EARTHLY’ Substances”, by “EXPANSION” on a larger volume in the proportions of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” — one “Generative Divine Particle” and six “Formative Divine Particles” in “Movement of Formative Divine Particle” synchronized between them, and, each “Movement of Formative Divine Particle” synchronized with the movement of the “Generative Divine Particle” and without collisions forever with the passage of time — as “THE DIVINE ARCHITECT AND PROJECT MASTER” had defined it.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the first “Specific Energy ‘EARTHLY’ Domain” in the “Plane Below”. It is also the second “Specific Energy ‘Partially Spiritual’ Domain” that “THE DIVINE” will create into existence in the “MURKY VOID” inside the attribute “NON DIVINE”.

This first “Specific Energy ‘EARTHLY’ Domain” will be the “Specific Generative Energy ‘EARTHLY’ Domain” in the “MURKY VOID”, and “THE DIVINE ARCHITECT AND PROJECT MASTER” has established to place it “SOUTH” with respect to the “CARDINAL POINT OF THE CREATION”, and in the “Plane Below”.

This “Specific Generative Energy ‘EARTHLY’ Domain” is the manifestation, in the attribute “NON DIVINE”, of a metaphor of the “Generative Divine Particle” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has also designed and with aim to make manifest into existence, by “THE DIVINE FORCE”, the “Specific ‘SPIRITUAL’ Frontier” of this “Specific Generative Energy ‘EARTHLY’ Domain”, delineating as such the “Specific ‘SPIRITUAL’ Environment” external and immediate around it by a spiritual aureole visible to “THE EYE OF THE DIVINE”, and which is a manifestation of the state of “HARMONY” with “THE DIVINE”, IHVH, our FATHER: it is the “Specific Radiance ‘SPIRITUAL’ Aureole”, because it is an expression of the radiance of that, which has been created in the attribute “NON DIVINE”.

All concepts set forth here above and regarding the “Specific Energy ‘SPIRITUAL’ Domain” also extend on the “Specific Generative Energy ‘EARTHLY’ Domain”, through each of its two structures: the “Specific Generative Energy ‘EARTHLY’ Inner Domain” and the “Specific Generative Energy ‘EARTHLY’ Outer Domain”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Elementary ‘EARTHLY’ Particle” at the origin of the “Specific Generative Energy ‘EARTHLY’ Inner Domain” of this “Specific Generative Energy ‘EARTHLY’ Domain” with a very high fundamental “‘EARTHLY’ specific supply of subsistence”, insufficient to allow the occurrence of the special “specific event” of “EXPANSION” inside the “Specific Generative Energy ‘EARTHLY’ Inner Domain”, but sufficient to continually allow the occurrence of the special “specific event” of “EXPANSION” in the constituent “Specific Generative Energy ‘EARTHLY’ Outer Domain”.

It is because of this very high fundamental “‘EARTHLY’ specific supply of subsistence” that the “crucial stationary movement” of the “Specific Generative Energy ‘EARTHLY’ Inner Domain” will be perpetual, and the totality constituted by the “Specific Generative Energy ‘EARTHLY’ Domain”, will also remain perpetually in stationary suspension, in equilibrium inside the “MURKY VOID”, without falling down, or falling on one side or another.

It is because of this very high fundamental “‘EARTHLY’ specific supply of subsistence” that the “Specific Energy, ‘EARTHLY’ Substance” constituent of the “Specific Generative Energy ‘EARTHLY’ Inner Domain” is reminiscent of that, which is called: MAGMA.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has also defined and established a maximum “‘EARTHLY’ specific supply of subsistence” that the “Specific Generative Energy ‘EARTHLY’ Domain” can withstand while remaining in the attribute “NON DIVINE” and above which its structure will be destroyed because it is attached to the attribute “NON DIVINE”. This maximum “‘EARTHLY’ specific supply of subsistence” is always billions of times less than the “‘SPIRITUAL’ divine electrical charge” of a “DIVINE SUBSTANCE”.

HE has also endowed the “Specific Generative Energy ‘EARTHLY’ Domain” with metaphors that are characteristic of the “Generative Divine Particle” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

It is so that, the speed of reception and transmission of signals from this “Specific Generative Energy ‘EARTHLY’ Domain” is instantaneous, at the scale of the “Specific Generative Energy ‘EARTHLY’ Domain”. The “INTENSITY”, and

therefore the “STRENGTH”, of the luminous radiation that this “Specific Generative Energy ‘EARTHLY’ Domain” will emit will also be very high.

It is so that, later during the course of the implementation of “THE HOLY PROJECT”, this “Specific Generative Energy ‘EARTHLY’ Domain” will be designated by a word meaning: “THE MOST LUMINOUS”, “THE MOST LUMINOUS” in his first form, the “TORCH OF THE DAY”. With the passage of time, it will also be called the “SUN”.

As “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it, the very high fundamental “‘EARTHLY’ specific supply of subsistence” of the “Specific Generative Energy ‘EARTHLY’ Inner Domain” will make it possible to continuously maintain the occurrence of the special “specific event” of “EXPANSION”¹⁵⁰ in the constituent “Specific Generative Energy ‘EARTHLY’ Outer Domain”, on a very large temporal limits and eternal in appearance.

Therefore, the “Specific ‘SPIRITUAL’ Frontier” of this “Specific Generative Energy ‘EARTHLY’ Domain”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and defined it, will continuously execute its “specific tasks” to maintain a dynamic state of equilibrium, which is the result of application of its principle of action, when the “‘EARTHLY’ specific supply of subsistence” of the entire “Specific Generative Energy ‘EARTHLY’ Outer Domain” increases.

It is so that, the “Specific ‘SPIRITUAL’ Frontier” of this “Specific Generative Energy ‘EARTHLY’ Domain” will allow sufficient amounts of the surpluses of these “Specific Atomic ‘EARTHLY’ Substances” and containing “‘EARTHLY’ specific supply of subsistence” and manifestations of metaphors characteristic of

¹⁵⁰ When the dynamic state of equilibrium of the “‘EARTHLY’ specific supply of subsistence” of the entire “Specific Generative Energy ‘EARTHLY’ Domain” is not maintained within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined, then, the special “specific event” of “EXPANSION” inside the constituent “Specific Generative Energy ‘EARTHLY’ Outer Domain” will disrupt the structure of this “Specific Generative Energy ‘EARTHLY’ Outer Domain”. This disturbance will result in displacement of the constituent structures of the “Specific Generative Energy ‘EARTHLY’ Outer Domain”. It is so that, some of these structures of the “Specific Generative Energy ‘EARTHLY’ Outer Domain”, those that are nearest to the “Specific Generative Energy ‘EARTHLY’ Inner Domain”, could go up through these displacements towards the level of structures that are closer to the outer surface of the “Specific Generative Energy ‘EARTHLY’ Outer Domain”. This is the origin of the phenomena that are the basis of that, which will be called: the volcano.

the “Generative Divine Particle” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” to escape into the “Specific ‘SPIRITUAL’ Environment” external and immediate around it and following “specific directions”.

It is for this purpose that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed this “Specific Generative Energy ‘EARTHLY’ Domain” and made manifest on it a metaphor of the “Generative Power of ‘THE DIVINE’”. This is the purpose of this “Specific Generative Energy ‘EARTHLY’ Domain”, as a manifestation of a double structure which is an expression of the model of these “EONS” that “THE DIVINE” has chosen to share with the attribute “NON DIVINE” by adding only a purpose to their manifestations in the attribute “NON DIVINE”, without adding a provision of “THE INTELLECT OF THE DIVINE”, also without adding a provision of “THE DIVINE FORCE”.

Inside the first “Specific Energy ‘CELESTIAL’ Domain” in the “Plane Above” and with respect to the “CARDINAL POINT OF THE CREATION”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has also designed and with aim to make manifest, by “THE DIVINE FORCE”, the complete flow path of a metaphor of the “Generative Divine Particle” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

It is so that, HE has laid out the path and set the direction of movement on this path and on which the “Specific Generative Energy ‘EARTHLY’ Domain” moves to accomplish the “specific tasks” that “THE DIVINE FORCE” will assign to it.

This path and the direction of movement on this path is the “Specific Walking Path” of the “Specific Generative Energy ‘EARTHLY’ Domain”; It is the “First Orbit of The MOST LUMINOUS”, manifestation in the attribute “NON DIVINE” of the complete flow path of the “Generative Divine Particle” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has defined and established this “First Orbit of The MOST LUMINOUS” in the “Specific Energy ‘CELESTIAL’ Domain”¹⁵¹ in the “Plane Above”.

¹⁵¹ Later during the course of the unfolding of the “Second Phase” of the “PROJECT of Creation”, this second “Specific Energy ‘Partially-Spiritual’ Domain” on which the “First Orbit of The MOST LUMINOUS” is manifested into existence will be also designated symbolically as the “CHARIOT” of “THE MOST LUMINOUS”; It is a metaphor for the “Specific Generative Energy ‘EARTHLY’ Domain”. So, when you will see in vision a fire

On this “First Orbit of The MOST LUMINOUS”, HE has designed the manifestation of the metaphors of the six “entry gates” of the products of the “divine work” accomplished by each of the six “Formative Divine Particles” and corresponding to the six redundant “Divine Secondary Equilibrium Regions” of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

These are the six “Entry Gates” that HE has placed at the Orient of the “Specific Energy ‘CELESTIAL’ Domain”, with respect to the metaphor of the “CARDINAL POINT OF THE CREATION”. They are placed one after another in the same alignment.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has also designed the manifestation of the metaphors of the six “exit gates” of the products of the

and flame “CHARIOT”, you will know that it is about the “Specific Generative Energy ‘EARTHLY’ Domain”.

“divine work” accomplished by each of the six “Formative Divine Particles” and corresponding to the six redundant “Divine Senary Equilibrium Regions” of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

These are the six “Exit Gates” that HE has placed at the Occident of the “Specific Energy ‘CELESTIAL’ Domain”, with respect to the metaphor of the “CARDINAL POINT OF THE CREATION”. They are also placed one after another in the same alignment, as symbolically shown in the diagram.

Each manifestation of a metaphor of an “entry gate” of the products of the “divine work” accomplished by one of the six “Formative Divine Particles”, and corresponding to a redundant “Divine Secondary Equilibrium Region” of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” is a “Marking Point” sealed by “THE DIVINE”, IHVH, our FATHER.

Similarly, each manifestation of a metaphor of an “exit gate” of the products of the “divine work” accomplished by one of the six “Formative Divine Particles”, and corresponding to a redundant “Divine Senary Equilibrium Region” of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” is a “Marking Point” sealed by “THE DIVINE”, IHVH, our FATHER.

In “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, because of the perfect synchronisation of the “Movement of Formative Divine Particle” of each of the six “Formative Divine Particles” between them, and, each “Movement of Formative Divine Particle” synchronized with the movement of the “Generative Divine Particle”, and from any selected “Formative Divine Particle”, chosen among the six “Formative Divine Particles”, the complete flow path of the “Generative Divine Particle” can be observed from two angles:

- From the “Divine Septenary Equilibrium Zone” of the selected “Formative Divine Particle” with respect to the “Generative Divine Particle”, moving through the fifty-two non-redundant “Divine Equilibrium Regions”; or
- From the “Divine Secondary Equilibrium Zone” of the selected “Formative Divine Particle” with respect to the “Generative Divine Particle”, moving through the twelve redundant “Divine Equilibrium Regions”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has also designed manifestations of metaphors of all events that are observed from the “Divine Secondary Equilibrium Zone” of the selected “Formative Divine Particle” with

מציאות

המאורגנת

respect to the “Generative Divine Particle” and added them on the “First Orbit of The MOST LUMINOUS” in the “Specific Energy ‘CELESTIAL’ Domain”, to allow His creatures who will be created into existence in the “Plane Above” to understand and know “THE DIVINE” from the manifestations of metaphors of “DIVINE PRIMARY WEALTH” in the attribute “NON DIVINE” in which His creatures are attached to.

As we have indicated regarding the movement of the “Generative Divine Particle” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, the projection of the Four points that define the movement of the “Generative Divine Particle” and in this arrangement — “HE WHO EXISTS”, “HE WHO IS ABOVE”, “HE WHO WILL EXIST”, “HE WHO ARRIVES” — and the pronunciation of the acronym of which is the same as the word “IHVH”, onto the complete flow path of the “Generative Divine Particle”, will divide the fifty-two non-redundant “Divine Equilibrium Regions”, constituent of this complete flow path, into four separated quadrants of equal measure, ranging from one of these four points projected to another, and contained between the intervals delineated by the projections of the two points “HE WHO EXISTS” and “HE WHO WILL EXIST” on one side, and by the projections of the two remaining points “HE WHO IS ABOVE” and “HE WHO ARRIVES”, on the other side.

Thus, this projection of these Four points that define the movement of the “Generative Divine Particle” and in this arrangement — “HE WHO EXISTS”, “HE WHO IS ABOVE”, “HE WHO WILL EXIST”, “HE WHO ARRIVES” — and the pronunciation of the acronym of which is the same as the word “IHVH”, will define the direction of movement of the “Generative Divine Particle” and transition from one non-redundant “Divine Equilibrium Region” to the next in line.

The “Generative Divine Particle” always starts its movement at the beginning of the “First Quadrant”. During the movement of the “Generative Divine Particle”, the alternation of a quadrant is caused by the inclination of the axis defined the two points “HE WHO IS ABOVE” and “HE WHO ARRIVES”, on the plane containing the complete movement of the “Generative Divine Particle”.

Each of the six “Formative Divine Particles”, constituent of this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, also starts its own “Movement of Formative Divine Particle” at the beginning of this “First Quadrant”.

Through each of the four quadrants, and because of the perfect synchronization of the “Movement of Formative Divine Particle” of each of the six “Formative Divine

Particles” between them and with the movement of the “Generative Divine Particle”, and from a selected “Formative Divine Particle”, chosen among the six “Formative Divine Particles”, the flow path of the “Generative Divine Particle” can be observed from two angles:

- From the “Divine Septenary Equilibrium Zone” of the selected “Formative Divine Particle” with respect to the “Generative Divine Particle”, moving through the thirteen (that is, fifty-two divided by four) non-redundant “Divine Equilibrium Regions” contained in the quadrant; or
- From the “Divine Secondary Equilibrium Zone” of the selected “Formative Divine Particle” with respect to the “Generative Divine Particle”, moving through the three (that is, twelve divided by four) redundant “Divine Equilibrium Regions” contained in the quadrant.

Therefore, through each of the four quadrants, the flow path of the “Generative Divine Particle” through the thirteen non-redundant “Divine Equilibrium Regions” of the quadrant, will correspond to seven times the “measure of transformation step” in each of the thirteen non-redundant “Divine Equilibrium Regions”; that is, ninety-one times the “measure of transformation step” of products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” in the “Divine Septenary Equilibrium Zone” considered, with respect to the “Generative Divine Particle”.

Through each of the four quadrants, the flow path of the “Generative Divine Particle” through its three redundant “Divine Equilibrium Regions” will also match three times thirty “transformation steps” plus three times the “measure of passage from one gate to another gate”; that is, ninety times the “measure of transformation step” plus three times “measure of passage from one gate to another gate”.

As “THE DIVINE FORCE” has established it by analogy with the movement of the “Generative Divine Particle” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, the manifestation of a metaphor for the “measure of transformation step” of products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” in the “Divine Septenary Equilibrium Zone” of the considered “Formative Divine Particle” with respect to the “Generative Divine Particle”, will correspond to a measure of the walking time of the “Specific Generative Energy ‘EARTHLY’ Domain” from one “Gate No. NN

Orient” to the “Gate No. NN Occident” associated with it and returning back to the “Gate No. NN Orient”.

“THE MOST LUMINOUS” always starts its walk from “Gates” on the “First Orbit of The MOST LUMINOUS”, which are located in the Orient and it always walks from a “Gate No. NN Orient” towards the “Gate No. NN Occident” associated with it, and returning back to the “Gate No. NN Orient”.

The complete flow path of the “Specific Generative Energy ‘EARTHLY’ Domain” along this “First Orbit of The MOST LUMINOUS” always begins with “Gate No.4 Orient”¹⁵² and ends with “Gate No.3 Orient” as follows:

1. During a measurement of time equal to thirty¹⁵³ manifestations of the metaphor of the “measure of transformation step”, it enters through the “Gate No.4 Orient”, walking towards the “Gate No.4 Occident”, exits through “Gate No.4 Occident”, then, returns to the “Gate No.4 Orient”. Once this cycle of thirty manifestations of the metaphor of the “measure of transformation step” has been accomplished, then, from the “Gate No.4 Orient” it walks towards the “Gate No.5 Orient” and reaches the “Gate No.5 Orient” after a measure of time equal to a

¹⁵² The Archangel URIEL had already explained all this to ENOCH, of whom METHUSELAH is the descendant, when he was still living on Earth and accomplishing the project that “THE DIVINE”, IHVH, our FATHER had entrusted to him.

This diagram is only a representation using human symbols to allow humans to understand the meaning of this great light that they see every time above them and also to understand how it functions.

The “gates” are symbolically represented by these cylinders and the height of each cylinder is defined by the number of days (in the sense that humans know them) associated with the walking time of “THE MOST LUMINOUS” from one “gate” of the Orient towards the corresponding “gate” of the Occident. The stars above the “gates” are symbolic representations of the Archangels (“STARS”) that “THE DIVINE”, IHVH, our FATHER will place at each of these gates so that they perform the “specific tasks”, which will be assigned to them. It is so that, the complete course of “THE MOST LUMINOUS” through the circle described by these “gates” is symbolically represented by what will be known as: the “TWELVE STARS CROWN”.

¹⁵³ As we have explained in the section concerning some particulars of the “Divine Septenary Configuration” of seven “Divine Particles”, each of the twelve redundant “Divine Equilibrium Regions” with respect to the “Generative Divine Particle” will see passing in itself the six “transformation steps” times five “Formative Divine Particles”; that is, thirty “transformation steps”.

manifestation of the metaphor of the “measure of passage from one gate to another gate”.

2. During a measurement of time equal to thirty manifestations of the metaphor of the “measure of transformation step”, it enters through the “Gate No.5 Orient”, walking towards the “Gate No.5 Occident”, exits through “Gate No.5 Occident”, then, returns to the “Gate No.5 Orient”. Once this cycle of thirty manifestations of the metaphor of the “measure of transformation step” has been accomplished, then, from the “Gate No.5 Orient” it walks towards the “Gate No.6 Orient” and reaches the “Gate No.6 Orient” after a measure of time equal to a manifestation of the metaphor of the “measure of passage from one gate to another gate”.
3. During a measurement of time equal to thirty manifestations of the metaphor of the “measure of transformation step”, it enters through the “Gate No.6 Orient”, walking towards the “Gate No.6 Occident”, exits through “Gate No.6 Occident”, then, returns to the “Gate No.6 Orient”. Once this cycle of thirty manifestations of the metaphor of the “measure of transformation step” has been accomplished, then, it declines to be able to return on the direction of its path, exiting through “Gate No.6 Orient” and entering again through this “Gate No.6 Orient” after a measure of time equal to a manifestation of the metaphor of the “measure of passage from one gate to another gate”.
4. During a measurement of time equal to thirty manifestations of the metaphor of the “measure of transformation step”, it enters through the “Gate No.6 Orient”, walking towards the “Gate No.6 Occident”, exits through “Gate No.6 Occident”, then, returns to the “Gate No.6 Orient”. Once this cycle of thirty manifestations of the metaphor of the “measure of transformation step” has been accomplished, then, from the “Gate No.6 Orient” it walks towards the “Gate No.5 Orient” and reaches the “Gate No.5 Orient” after a measure of time equal to a manifestation of the metaphor of the “measure of passage from one gate to another gate”.
5. During a measurement of time equal to thirty manifestations of the metaphor of the “measure of transformation step”, it enters through the “Gate No.5 Orient”, walking towards the “Gate No.5 Occident”, exits through “Gate No.5 Occident”, then, returns to the “Gate No.5 Orient”. Once this cycle of thirty manifestations of the metaphor of the

“measure of transformation step” has been accomplished, then, from the “Gate No.5 Orient” it walks towards the “Gate No.4 Orient” and reaches the “Gate No.4 Orient” after a measure of time equal to a manifestation of the metaphor of the “measure of passage from one gate to another gate”.

6. During a measurement of time equal to thirty manifestations of the metaphor of the “measure of transformation step”, it enters through the “Gate No.4 Orient”, walking towards the “Gate No.4 Occident”, exits through “Gate No.4 Occident”, then, returns to the “Gate No.4 Orient”. Once this cycle of thirty manifestations of the metaphor of the “measure of transformation step” has been accomplished, then, from the “Gate No.4 Orient” it walks towards the “Gate No.3 Orient” and reaches the “Gate No.3 Orient” after a measure of time equal to a manifestation of the metaphor of the “measure of passage from one gate to another gate”.
7. During a measurement of time equal to thirty manifestations of the metaphor of the “measure of transformation step”, it enters through the “Gate No.3 Orient”, walking towards the “Gate No.3 Occident”, exits through “Gate No.3 Occident”, then, returns to the “Gate No.3 Orient”. Once this cycle of thirty manifestations of the metaphor of the “measure of transformation step” has been accomplished, then, from the “Gate No.3 Orient” it walks towards the “Gate No.2 Orient” and reaches the “Gate No.2 Orient” after a measure of time equal to a manifestation of the metaphor of the “measure of passage from one gate to another gate”.
8. During a measurement of time equal to thirty manifestations of the metaphor of the “measure of transformation step”, it enters through the “Gate No.2 Orient”, walking towards the “Gate No.2 Occident”, exits through “Gate No.2 Occident”, then, returns to the “Gate No.2 Orient”. Once this cycle of thirty manifestations of the metaphor of the “measure of transformation step” has been accomplished, then, from the “Gate No.2 Orient” it walks towards the “Gate No.1 Orient” and reaches the “Gate No.1 Orient” after a measure of time equal to a manifestation of the metaphor of the “measure of passage from one gate to another gate”.
9. During a measurement of time equal to thirty manifestations of the metaphor of the “measure of transformation step”, it enters through the

“Gate No.1 Orient”, walking towards the “Gate No.1 Occident”, exits through “Gate No.1 Occident”, then, returns to the “Gate No.1 Orient”. Once this cycle of thirty manifestations of the metaphor of the “measure of transformation step” has been accomplished, then, it declines to be able to return on the direction of its path, exiting through “Gate No.1 Orient” and entering again through this “Gate No.1 Orient” after a measure of time equal to a manifestation of the metaphor of the “measure of passage from one gate to another gate”.

10. During a measurement of time equal to thirty manifestations of the metaphor of the “measure of transformation step”, it enters through the “Gate No.1 Orient”, walking towards the “Gate No.1 Occident”, exits through “Gate No.1 Occident”, then, returns to the “Gate No.1 Orient”. Once this cycle of thirty manifestations of the metaphor of the “measure of transformation step” has been accomplished, then, from the “Gate No.1 Orient” it walks towards the “Gate No.2 Orient” and reaches the “Gate No.2 Orient” after a measure of time equal to a manifestation of the metaphor of the “measure of passage from one gate to another gate”.
11. During a measurement of time equal to thirty manifestations of the metaphor of the “measure of transformation step”, it enters through the “Gate No.2 Orient”, walking towards the “Gate No.2 Occident”, exits through “Gate No.2 Occident”, then, returns to the “Gate No.2 Orient”. Once this cycle of thirty manifestations of the metaphor of the “measure of transformation step” has been accomplished, then, from the “Gate No.2 Orient” it walks towards the “Gate No.3 Orient” and reaches the “Gate No.3 Orient” after a measure of time equal to a manifestation of the metaphor of the “measure of passage from one gate to another gate”.
12. During a measurement of time equal to thirty manifestations of the metaphor of the “measure of transformation step”, it enters through the “Gate No.3 Orient”, walking towards the “Gate No.3 Occident”, exits through “Gate No.3 Occident”, then, returns to the “Gate No.3 Orient”. Once this cycle of thirty manifestations of the metaphor of the “measure of transformation step” has been accomplished, then, the “Specific Generative Energy ‘EARTHLY’ Domain” has achieved its full walk along the complete flow path of this “First Orbit of The MOST LUMINOUS”. It is so that, from the “Gate No.3 Orient” it walks towards the “Gate No.4 Orient” and reaches the “Gate No.4 Orient” after a

measure of time equal to a manifestation of the metaphor of the “measure of passage from one gate to another gate” to restart its walk.

It is so that, the “Specific Generative Energy ‘EARTHLY’ Domain” will achieve its complete flow path along the “First Orbit of The MOST LUMINOUS” during three hundred and sixty-four times the manifestation of the metaphor of the “measure of transformation step”: that is, twelve times thirty manifestation of the metaphor of the “measure of transformation step” plus twelve times a manifestation of the metaphor of the “measure of passage from one gate to another gate”.

Within the attribute “NON DIVINE”, the manifestation of the four quadrants associated with the flow path of the “Generative Divine Particle” in the “Divine Septenary Equilibrium Zone” of the considered “Formative Divine Particle” with respect to the “Generative Divine Particle”, — which is effectively the “First Orbit of The MOST LUMINOUS” — will define, in the manifested “Divine Septenary Equilibrium Zone” (that is, within the “Specific Septenary Equilibrium Zone”), that, which is called: the “Four Seasons”.

The “Four Seasons” result from a projection of the Four points that define the movement of the “Generative Divine Particle” and in this arrangement — “HE WHO EXISTS”, “HE WHO IS ABOVE”, “HE WHO WILL EXIST”, “HE WHO ARRIVES” — and the pronunciation of the acronym of which is the same as the word “IHVH”, onto the complete flow path of the “Generative Divine Particle”, and manifested by metaphor within the “Specific Septenary Equilibrium Zone” in the attribute “NON DIVINE”.

Within these “Four Seasons”, the first entrance at the “Gate No.4 Orient”, always marks the emergence of manifestations of those specific products of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, that “THE DIVINE”, IHVH, our FATHER, chose to share with the attribute “NON DIVINE” by adding only a purpose to their manifestations in the attribute “NON DIVINE”, without adding a provision of “THE INTELLECT OF THE DIVINE”, also without adding a provision of “THE DIVINE FORCE”.¹⁵⁴

¹⁵⁴ The complete flow path of the “Specific Generative Energy ‘EARTHLY’ Domain” along this “First Orbit of The MOST LUMINOUS” always begins with “Gate No.4 Orient”. The beginning of the implementation of the second Phase of the realisation of “THE HOLY PROJECT”, that of the creation of the human creature, is in correspondence with the first entrance at “Gate No.4 Orient”, and is associated with the time when “THE DIVINE”,

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “Specific Generative Energy ‘EARTHLY’ Domain”, first “Specific Energy ‘EARTHLY’ Domain”, in the “Plane Below” and “SOUTH” with respect to the “CARDINAL POINT OF THE CREATION”.

HE has also designed and with aim to make manifest into existence, by “THE DIVINE FORCE”, in this “Plane Below”, a metaphor of the “First Orbit of The MOST LUMINOUS” and the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain” on this “First Orbit of The MOST LUMINOUS” as a metaphor of the “First Movement of the Divine Particles”. It is the “Specific Walking Movement” of the “Specific Generative Energy ‘EARTHLY’ Domain” in the “Plane Below”.

This “Specific Walking Movement” is composed of the “crucial stationary movement” of the “Specific Generative Energy ‘EARTHLY’ Inner Domain”, to which is added a “rotary movement” of the “Specific Generative Energy ‘EARTHLY’ Domain” around itself and following a “specific rotation axis” which is directed towards the “Specific Energy ‘CELESTIAL’ Domain”. This internal “rotary movement” has been defined by “THE DIVINE ARCHITECT AND PROJECT MASTER” as part of the dynamism, the principle of action, of the “Specific Generative Energy ‘EARTHLY’ Inner Domain”. The “specific rotation axis” itself runs through the “First Orbit of The MOST LUMINOUS” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and defined inside the “Specific Energy ‘CELESTIAL’ Domain” in the “Plane Above”.

You can understand such dynamism by observing the behaviour of a “spinning top”. As you would know, a “spinning top” is a toy endowed with an axis of rotation which allows it to turn smoothly on itself as long as possible while balancing on its tip, when it is set in motion, making it travel a path during its rotation. It is this rotation movement that keeps it in balance. The “spinning top”

IHVH, our FATHER had emitted the decrees of the implementation of the second Phase of the realisation of “THE HOLY PROJECT”.

In the earthly world in which live human creatures, the first passage of “THE MOST LUMINOUS” at this entrance at “Gate No.4 Orient”, always marks the “First Season”, the beginning of the “Spring Season”, the period when plants start blooming, the time of growth and renewal of those specific products of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, that “THE DIVINE”, IHVH, our FATHER, chose to share with the attribute “NON DIVINE” by adding only a purpose to their manifestations in the attribute “NON DIVINE”, without adding a provision of “THE INTELLECT OF THE DIVINE”, also without adding a provision of “THE DIVINE FORCE”.

launcher transmits a movement to the axis of rotation. The axis passes through the center of gravity of the spindle moulder body and is perpendicular to it.

A “spinning top” is remarkable because it tends to defy gravity while it is spinning. If spun fast enough (think of an appropriate internal spinning movement that results from the very high fundamental “‘EARTHLY’ specific supply of subsistence”: the “crucial stationary movement” of the “Specific Generative Energy ‘EARTHLY’ Inner Domain” is the result of the combination and a “specific interpretation” of “specific effects” and associated “specific behaviors” of its

constituents “Specific Atomic ‘EARTHLY’ Substances”), a “spinning top” will rise to a vertical position and happily stay there, despite the fact that it will fall over if it stops spinning. You can find “spinning tops” in several sizes, small, large, tiny or giant, in various shapes and in different materials, most of the “spinning tops” are made of ceramic, wood, but also metal, plastic, sometimes glass, stone and paper, or today made with a 3D printer.

The way the “spinning top” rotates around the axis of rotation gives it angular momentum, and the angular momentum will remain constant until an external source of torque acts on the “spinning top”.¹⁵⁵ This means that if a perfectly balanced, i.e. perfectly vertical, “spinning top” reaches an angular momentum after a source of torque has caused it to start spinning, the “spinning top” will continue to spin until a outside source affects it, such as gravity or someone touching it.

The pressure applied to the “spinning top” to start the spinning motion is called torque. Torque can be applied by a sharp twisting motion of the fingers, or by pulling a cord wrapped around the neck of the “spinning top”. Some toys have a spinning mechanism that is activated by pulling a toothed plastic strip through it to launch the spinner. When a “spinning top” begins to wobble and then falls, it is because the torque begins to pull on the bottom of the “spinning top” as its rotation slows. Since the axis of rotation must fall sideways, the torque causes the “spinning top” to fall sideways rather than down.

The basic physics behind all these effects is that a torque is required to rotate an object. The torque is equal to the rate of change of angular momentum. There is nothing magic about that. It is the rotational equivalent of what happens when an object accelerates along a straight line. In that case, the force on the object is equal to the rate of change of its momentum. Angular momentum is similar to linear momentum, but it refers to motion in a circular rather than a straight line path. A rapidly spinning “spinning top” will precess in a direction determined by the torque exerted by its weight.

¹⁵⁵ In physics and mechanics, torque (from Latin *torquēre*, which means “to twist”) is the rotational equivalent of linear force. It is also referred to as the moment, moment of force, rotational force or turning effect, depending on the field of study. It represents the capability of a force to produce change in the rotational motion of the body.

Torque is defined as the product of the magnitude of the force and the perpendicular distance of the line of action of a force from the axis of rotation. The symbol for torque is typically τ , the lowercase Greek letter tau. When being referred to as moment of force, it is commonly denoted by M .

Figure: illustration of the forces acting on a “spinning top”. The torque produced is perpendicular to the angular momentum vector. This changes the direction of the angular momentum vector, but not its magnitude. The “spinning top” precesses around a vertical axis, since the torque is always horizontal and perpendicular to the rotation axis. If the “spinning top” is not spinning, it acquires angular momentum in the direction of the torque, and it rotates around a horizontal axis.

The precession¹⁵⁶ angular velocity is inversely proportional to the spin angular velocity, so that the precession is faster and more pronounced as the “spinning

¹⁵⁶ Precession is a change in the orientation of the rotational axis of a rotating body. In an appropriate reference frame it can be defined as a change in the first Euler angle, whereas the third Euler angle defines the rotation itself. In other words, if the axis of rotation of a body is itself rotating about a second axis, that body is said to be precessing about the second axis. A motion in which the second Euler angle changes is called nutation. In physics, there are two types of precession: torque-free and torque-induced.

The Euler angles are three angles that describe the orientation of a rigid body with respect to a fixed coordinate system. Euler angles can be defined by elemental geometry or by composition of rotations. The geometrical definition demonstrates that three composed elemental rotations (rotations about the axes of a coordinate system) are always sufficient to reach any target frame. Euler angles are typically denoted as α , β , γ , or ψ , θ , ϕ .

Using it, the three Euler angles can be defined as follows:

- α (or φ) is the signed angle between the x axis and the N axis (x-convention – it could also be defined between y and N , called y-convention).
- β (or θ) is the angle between the z axis and the Z axis.
- γ (or ψ) is the signed angle between the N axis and the X axis (x-convention).

Euler angles between two reference frames are defined only if both frames have the same handedness.

Precession, nutation, and intrinsic rotation (spin) are defined as the movements obtained by changing one of the Euler angles while leaving the other two constant.

Nutation is a rocking, swaying, or nodding motion in the axis of rotation of a largely axially symmetric body, or as an intended behaviour of a mechanism. In an appropriate reference frame it can be defined as a change in the second Euler angle.

Intrinsic rotation, or spin, is the circular movement of a body around a central axis. A two-dimensional rotating body has only one possible central axis and can rotate in either a clockwise or counterclockwise direction. A three-dimensional body has an infinite number of possible central axes and rotational directions. If the rotation axis passes internally through the body's own center of mass, then the body is said to be autorotating or spinning, and the surface intersection of the axis can be called a pole. A rotation around a completely external axis, is called revolving or orbiting, typically when it is produced by gravity, and the ends of the rotation axis can be called the orbital poles.

These motions are not expressed in terms of the external frame, or in terms of the co-moving rotated body frame, but in a mixture. They constitute a mixed axes of rotation system, where the first angle moves the line of nodes around the external axis z , the second rotates around the line of nodes N and the third one is an intrinsic rotation around Z , an axis fixed in the body that moves.

The static definition implies that:

- α (precession) represents a rotation around the z axis,
- β (nutation) represents a rotation around the N or x' axis,

top” slows down. Usually, the torque acting on a “spinning top” is just due to the weight of the “spinning top”. When the “spinning top” is rotated, the fact that the center of mass is below the center of the sphere, induces a displacement of this center with respect to the axis of rotation which remains perpendicular to the surface on which the “spinning top” is in rotation. The component of angular momentum along the axis remains preponderant before and after inversion, although with regard to the “spinning top”, the direction of rotation has been reversed. As it flips, the center of mass of the “spinning top” is higher than before; its rotational kinetic energy decreases, providing enough potential energy to raise the center of mass. Thus, the total angular velocity and the total angular momentum decrease during the reversal process. This process requires the action of a torque, but this torque cannot be provided by gravity or by the normal forces exerted at the point of contact with the surface on which the “spinning top” rests.

If the “spinning top” is perfectly upright there is no torque acting on it but if it leans sideways then it will tend to fall over due to the torque about the bottom end. It will indeed fall over if it is not spinning. If it is spinning then it does something else. Instead of falling down, it “falls” sideways: that is the amazing part. This change in orientation is designated as “precession”. A “spinning top” precesses slowly around a vertical axis through its point of support while it spins rapidly about its own axis.

As a “spinning top” spins in its upright position, it rotates around an invisible rotation axis. The principle of conservation of angular momentum holds that the “spinning top” would keep spinning indefinitely if there were no other external forces acting upon it (think of the vacuum of the “MURKY VOID”). When the “spinning top” spins, it balances on its fine tip. This small tip minimizes the amount of friction generated by its contact with the surface on which it spins. With only a tiny amount of friction influencing the “spinning top”, it keeps spinning for much longer. After a while, the friction slows the rotation. The “spinning top” will start to wobble and eventually stop spinning on the spindle and it will fall sideways. The dynamism of the “spinning top” is based on the principle of gyroscopes, which states that: *“an object of a certain mass which rotates quite quickly on itself maintains the same direction.”* This is why a “spinning top” must be launched perpendicular to the ground and on a very flat

-
- γ (intrinsic rotation) represents a rotation around the Z or z” axis.

If β is zero, there is no rotation about N. As a consequence, Z coincides with z, α and γ represent rotations about the same axis (z), and the final orientation can be obtained with a single rotation about z, by an angle equal to $\alpha + \gamma$.

surface (think of the “Plane Below”), otherwise the “spinning top” loses energy: this is also designated as the precession effect. As you would know, a gyroscope (from Ancient Greek γῦρος gûros, which means “circle” and σκοπέω skopéō, which means “to look”) is a device used for measuring or maintaining orientation and angular velocity. It is a spinning wheel or disc in which the axis of rotation (spin axis) is free to assume any orientation by itself. When rotating, the orientation of this axis is unaffected by tilting or rotation of the mounting, according to the conservation of angular momentum.

Now, think about the fine tip of the “spinning top” as being defined by an electromagnetic field, generated by the internal movement of the “spinning top”, and in the absence of external influences. From this, understand the dynamism, the principle of action, of the “Specific Generative Energy ‘EARTHLY’ Inner Domain”.

There are many ways to play with a “spinning top”. The easiest one is to simply spinning it for as long as possible, making it travel a path during its rotation.

Whatever its use, the principle lies in the rotation of the “spinning top” on its axis in order to make it turn as long as possible.

The manifested precession of the “Specific Generative Energy ‘EARTHLY’ Inner Domain” at the appropriate level inside the first “Specific Energy ‘CELESTIAL’ Domain” in the “Plane Above” and with respect to the “CARDINAL POINT OF THE CREATION”, corresponds to the “First Orbit of The MOST LUMINOUS”, with its six “Entry Gates” that are placed at the Orient of the “Specific Energy ‘CELESTIAL’ Domain”, with respect to the metaphor of the “CARDINAL POINT OF THE CREATION”, and with its six “Exit Gates” that are placed at the Occident of the “Specific Energy ‘CELESTIAL’ Domain”, with respect to the metaphor of the “CARDINAL POINT OF THE CREATION”.

As we have indicated, it is because of the very high fundamental “‘EARTHLY’ specific supply of subsistence” of the “Specific Generative Energy ‘EARTHLY’ Inner Domain”, that the “crucial stationary movement” of the “Specific Generative Energy ‘EARTHLY’ Inner Domain”, and consequently this “Specific Walking Movement” will be perpetual, unless stopped on instruction of “THE DIVINE”, IHVH, our FATHER, as the “Specific Generative Energy ‘EARTHLY’ Inner Domain” was made “CONSCIOUS” and thus able to receive such external instructions, and the totality constituted by the “Specific Generative Energy ‘EARTHLY’ Domain”, will also remain perpetually in stationary suspension, in equilibrium inside the “MURKY VOID”, without falling down, or falling on one side or another.¹⁵⁷

¹⁵⁷ This is about that which is called the “Sun”, the “solar star”, and its movement inside the “MURKY VOID”. This “Specific Walking Movement” was shown to ENOCH, of whom METHUSELAH is the descendant, when he was still living on Earth and accomplishing the project that “THE DIVINE”, IHVH, our FATHER had entrusted to him, and he reported it in his writings, saying:

“...

From there I came in another place, on the side of the Occident, to the extremities of the “EARTH” (that is, at the extremities of the “Plane Below”).

Where I beheld a blazing fire and a perpetual movement, travelling night and day, without ever stopping.

I asked the angel who was with me, and I said: “What is this? Why this incessant movement?”

RAGUEL, one of the angels who accompanied me answered to me: “This blazing fire that moves constantly to the Occident, ...”

When the “specific rotation axis” of the “Specific Generative Energy ‘EARTHLY’ Domain” runs through the “First Orbit of The MOST LUMINOUS” inside the “Specific Energy ‘CELESTIAL’ Domain”, then, it is said that the “Specific Generative Energy ‘EARTHLY’ Domain” walks along its “Specific Walking Path”¹⁵⁸.

Just like the “Cardinal Point” of the “Generative Divine Particle” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” has been established on a position that ensures the same stable and large enough “Divine Equilibrium Zones”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed this metaphor of this “Specific Walking Movement” of the “Specific Generative Energy ‘EARTHLY’ Domain” in the “Plane Below” to indicate and impress upon His creatures that will be created into existence in the “Plane Below” that, it is within the “Specific Energy ‘CELESTIAL’ Domain” that HE has set the position — of the “Cardinal Point” manifested in “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE” — from which “THE DIVINE FORCE” presides to the maintenance of stability and the proper functioning of the “Specific Generative Energy ‘EARTHLY’ Domain”.

It is so that, in the “Plane Below”, a complete cycle of the “rotary movement” of the “Specific Generative Energy ‘EARTHLY’ Domain” around itself and following a “specific rotation axis” which is directed towards the “Specific Energy ‘CELESTIAL’ Domain”, will correspond to a complete flow path of the “Specific Generative Energy ‘EARTHLY’ Domain” along the “First Orbit of The MOST LUMINOUS” inside the “Specific Energy ‘CELESTIAL’ Domain”.

Each time that the “specific rotation axis” of the “Specific Generative Energy ‘EARTHLY’ Domain” arrives at the entrance of an “Entry Gate” of the “First Orbit of The MOST LUMINOUS” located to the Orient, before starting its walk towards the corresponding “gate” that is located to the Occident, the “Specific Generative Energy ‘EARTHLY’ Domain” will receive all the parameters of the “Entry Gate” of

...

¹⁵⁸ Later during the course of the unfolding of the “Second Phase” of the “PROJECT of Creation”, when “THE MOST LUMINOUS”, that is the “Specific Generative Energy ‘EARTHLY’ Domain”, begins his walk along its “Specific Walking Path”, it will be said symbolically that he rides on his “CHARIOT”, and when he performs his “specific tasks” it will be said symbolically that he advances on his path, mounted on his “CHARIOT”.

the “First Orbit of The MOST LUMINOUS” that it will use throughout its walk to accomplish its “specific tasks”¹⁵⁹.

These are the parameters of an “Entry Gate” of the “First Orbit of The MOST LUMINOUS” that define the work that needs to be produced by the “Specific Generative Energy ‘EARTHLY’ Domain” in the “Plane Below”. These parameters of an “Entry Gate” of the “First Orbit of The MOST LUMINOUS” contain among others, temporal indications on:

- Sufficient amounts of the surpluses of its “Specific Atomic ‘EARTHLY’ Substances” and containing their “‘EARTHLY’ specific supply of subsistence” which will be transmitted to the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Generative Energy ‘EARTHLY’ Domain” and following “specific directions”;
- The speed with which these adequate amounts of the surpluses of its “Specific Atomic ‘EARTHLY’ Substances” must be sent in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Generative Energy ‘EARTHLY’ Domain” and following “specific directions”;

¹⁵⁹ When “THE MOST LUMINOUS” receives the parameters at an “Entry Gate” of the “First Orbit of The MOST LUMINOUS” which he will use throughout its walk to perform its “specific tasks”, then, it will be said that “THE MOST LUMINOUS” takes and wears his Crown and lay it on his “head”: he has received his instructions.

It is so that, he will walk with his Crown to the corresponding “Exit Gate” at the Occident where he will then, deliver it to those whom “THE DIVINE FORCE” will place at the “Exit Gates” at the Occident with “specific task” to assess the product of the “specific work” that “THE MOST LUMINOUS” has accomplished and report this evaluation to “THE DIVINE FORCE”. Symbolically, it is said that the Crown is returned to “THE DIVINE”, IHVH, our FATHER.

It is so that, when you will see in vision an Angel, or a Saint, symbolically carrying a “TWELVE STARS CROWN” on his head, you would know that, through the “Sealed Twelve”, he has received instructions from “THE DIVINE FORCE” and he is performing his “specific tasks” at any time.

About the creatures that “THE DIVINE FORCE” will produce into existence in the attribute “NON DIVINE”, on instruction of “THE DIVINE”, IHVH, our FATHER, it will be said of a creature in such a journey, that: it is through the execution of the “specific tasks” that have been assigned by “THE DIVINE”, IHVH, our FATHER, to a creature, that this creature will receive his merit; to any “specific task” its merit.

- All indications on other “specific tasks” that the “Specific Generative Energy ‘EARTHLY’ Domain” must accomplish during its walk.

Later when “THE DIVINE”, IHVH, our FATHER will call into existence the first Archangels — The “ADONA’IM” — (we shall talk about this in a following text) “THE DIVINE FORCE” will entrust the tasks to establish the parameters at the six “Entry Gates” and the six “Exit Gates” of the “First Orbit of The MOST LUMINOUS” to the twelve of these firsts Archangels, each sealed on a “gate” of the “First Orbit of The MOST LUMINOUS”.

These twelve Archangels will be known as the “Sealed Twelve” and they will be guided and helped by “THE DIVINE FORCE” in performing their duties.¹⁶⁰

¹⁶⁰ It is of this that ENOCH, of whom METHUSELAH is the descendant, wanted human inhabitants of this earthly world to understand, when he said in his writings:

“...

Thus URIEL showed me twelve gates which opens for the chariot of the sun in heaven, from which flow the infinities of rays.

It is through them that summer is formed in the earth when these gates open at fixed times; from them also escape the winds and the spirits of the dew, when the windows at the ends of the sky open at the times fixed by the divine will.

I saw twelve gates in heaven at the ends of the Earth, through which the Sun and the Moon and “STARS” and all the heaven works proceed at their rising and setting.

...”

“THE DIVINE ARCHITECT AND PROJECT MASTER” will design the Archangel MICHAEL and “THE DIVINE FORCE” will create him in the attribute “NON DIVINE” and will also establish him as head of these twelve. The Archangel MICHAEL will be part of these “Sealed Twelve” Archangels and he is the first in each angelic order and he is the one who leads all others. We shall explain it in details in another section below.

CHRIST had received this teaching when he was still living on Earth here below and when he had begun to understand the project for which “THE DIVINE FORCE” created Him into existence in the attribute “NON DIVINE”. It is so that, CHRIST also chose “Twelve Disciples” to make humans understand this concept of the “Sealed Twelve”.

It is so that, CHRIST also instructed His “Twelve Disciples”, but He always spoke to them in “spiritual language”, that is in parables, so that they can develop their understanding of the “Specific ‘SPIRITUAL’ Environment” and grow in “KNOWLEDGE OF THE DIVINE”.

But many of His “Twelve Disciples” did not fed on the knowledge that CHRIST gave them, and later when CHRIST had accomplished the project for which “THE DIVINE FORCE”

These are the twelve Archangels sealed in the “Specific Energy ‘CELESTIAL’ Domain” who will preside on these “Entry Gates” and “Exit Gates” of the “First Orbit of The MOST LUMINOUS”, by setting all temporal parameters that the “Specific Generative Energy ‘EARTHLY’ Domain” will use during its walk, as well as the quantities of surpluses of “Specific Atomic ‘EARTHLY’ Substances” that “THE MOST LUMINOUS” will let escape through its “Specific ‘SPIRITUAL’ Frontier” during its walk.

“THE DIVINE FORCE” will also entrust the “specific tasks” which consist of regulating the “Specific ‘SPIRITUAL’ Frontier” of the “Specific Generative Energy ‘EARTHLY’ Domain” to an Archangel other than the “Sealed Twelve” and “THE DIVINE”, IHVH, our FATHER will consolidate this Archangel.

This Archangel will be known by a word which is pronounced “ZAHARIEL” and means the “BRIGHTNESS OF THE DIVINE” — head of “LUMINAIRES” and responsible for the proper functioning of the “Specific Generative Energy ‘EARTHLY’ Domain”.

The Archangel “ZAHARIEL” is also called “THE MOST LUMINOUS”, also called “RAGUEL”, he has many names and he takes several forms.¹⁶¹ He is also assisted

created Him into existence in this earthly world, eleven of His “Twelve Disciples” will turn away from all the teachings that He had given them. Only one of “Twelve Disciples” will feed himself with all teachings that he had received and grew in “KNOWLEDGE OF THE DIVINE” (See conversation Aristide with CHRIST).

It is the only disciple who ascended to the heavens when he left this earthly world. This single disciple among the twelve, is the one who was “RIGHTEOUS” and had remained so until he left this world. This only disciple is JACQUES. None of the other remaining eleven ascended to the heavens.

CHRIST had explained to them in several ways, at great length, in “spiritual language” as well as in their own “non-spiritual language”, that only those who are “RIGHTEOUS” are approved by “THE DIVINE”, IHVH, our FATHER and only those who are “RIGHTEOUS” will get redemption. But these eleven, and human creatures with them, did not understand what CHRIST showed them.

¹⁶¹ See conversations of September 14, 2005, Aristide with CHRIST, Aristide with Archangel RAGUEL.

It is also of this that ENOCH, of whom METHUSELAH is the descendant, wanted human inhabitants of this earthly world to understand, when he said in his writings:

“...

From there I came in another place, on the side of the Occident, to the extremities of the “EARTH” (that is, at the extremities of the “Plane Below”).

by other archangels during the execution of the “specific tasks” which consist of regulating the “Specific ‘SPIRITUAL’ Frontier” of the “Specific Generative Energy ‘EARTHLY’ Domain”.¹⁶²

Where I beheld a blazing fire and a perpetual movement, travelling night and day, without ever stopping.

I asked the angel who was with me, and I said: “What is this? Why this incessant movement?”

RAGUEL, one of the angels who accompanied me answered to me: “This blazing fire that moves constantly to the Occident, is the fire which ignites all “LUMINAIRES” of the “HEAVEN” (by this, RAGUEL meant to lead ENOCH to grow his discerning capacities and to understand that he is the head of all those archangels and angels who have been tasked to light up the “MURKY VOID”)”.

...”

¹⁶² See conversations of September 02, 2005, Aristide with the Archangel PHANUEL.

It is of this that ENOCH, of whom METHUSELAH is the descendant, wanted human inhabitants of this earthly world to understand, when he said in his writings:

“...

And there they showed me all the movements and displacements and all the rays of light of the Sun and the Moon.

And I measured their walk and I compare their light. And I saw: the Sun has a seven-fold light of that of the moon.

And their circle and their chariots, whereupon rides each of them, going like the wind and there is no rest for them that day and night go forth and return back.

Four large stars are suspended to the right of the chariot of the Sun, and four to his left, going with the Sun continuously.

Four others are in front of the chariot of the Sun, bringing the dew and the heat when the Lord directs them to descend to the Earth with the Sun’s rays.

...”

The “circle” (in the expression “*their circle and their chariots, whereupon rides each of them*”) refers to the “Specific Walking Path”. For the Sun, it will be the manifested precession of the “Specific Generative Energy ‘EARTHLY’ Inner Domain” at the appropriate level inside the “Specific Energy ‘CELESTIAL’ Domain” in the “Plane Above” and with respect to the “CARDINAL POINT OF THE CREATION”. For the Moon, it will be the manifested precession of the “Specific Formative Energy ‘EARTHLY’ Inner Domain” (which is the object of the next chapter) at the appropriate level inside the “Specific Energy

All this, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it and “THE DIVINE” has defined all the names and the attributes of all things before that the attribute “NON DIVINE” was created and realized into existence.

Using the parameters of the “Entry Gate” of the “First Orbit of The MOST LUMINOUS”, the “Specific Generative Energy ‘EARTHLY’ Domain” will accomplish its “specific tasks” which consist of regulating its “Specific ‘SPIRITUAL’ Frontier” to let escape into the “Specific ‘SPIRITUAL’

‘CELESTIAL’ Domain” in the “Plane Above” and with respect to the “CARDINAL POINT OF THE CREATION”.

The “*large stars are suspended on part and others of the chariot of the Sun*” refer to these other Archangels who assist the Archangel “ZAHARIEL” during the implementation of his “specific tasks”. The Archangel PHANUEL is one of them.

Through such disposition of manifested things, into existence inside the attribute “NON DIVINE”, all these creatures (archangels and angels, as well as human creatures) were called to develop their own discerning capabilities and to understand the meaning of the Four points that define the movement of the “Generative Divine Particle” and in this arrangement — “HE WHO EXISTS”, “HE WHO IS ABOVE”, “HE WHO WILL EXIST”, “HE WHO ARRIVES” — and the pronunciation of the acronym of which is the same as the word “IHVH”, onto the complete flow path of the “Generative Divine Particle”. It is through such dispositions of manifested things, into existence inside the attribute “NON DIVINE”, which are in bijective correspondence with “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” and its products, that “THE DIVINE”, IHVH, our FATHER, as well as “THE DIVINE FORCE”, were revealing themselves, so that to these creatures (archangels and angels, as well as human creatures) could grow up and become acquainted “THE DIVINE”, IHVH, our FATHER, as well as “THE DIVINE FORCE”.

As you would know already, in mathematics, a bijection, or bijective correspondence, or one-to-one correspondence, is a function between the elements of two sets, where each element of one set is paired with exactly one element of the other set, and each element of the other set is paired with exactly one element of the first set. There are no unpaired elements. In mathematical terms, a bijective function defined from a starting set X to an arrival set Y, is a mapping one-to-one (injective) of a set X and onto (surjective) a set Y. A bijection from the set X (which, here, is “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”) of “PURE” elements to the set Y (which, here, is the set of manifestations by metaphor into existence inside the attribute “NON DIVINE”) of “PURE” elements, has an inverse correspondence from Y to X. The SCIENCE that defines that bijective correspondence, as well as its inverse correspondence, has been established by “THE DIVINE FORCE”. It is through the understanding of this inverse correspondence that all creatures (archangels and angels, as well as human creatures) are called upon to grow and become acquainted with “THE DIVINE”, IHVH, our FATHER, as well as “THE DIVINE FORCE”.

Environment” external and immediate around it and following “specific directions”, sufficient amounts of the surpluses of its “Specific Atomic ‘EARTHLY’ Substances”. These “Specific Atomic ‘EARTHLY’ Substances” emitted by the “Specific Generative Energy ‘EARTHLY’ Domain” carry in them “‘EARTHLY’ specific supply of subsistence”.

As it is with the model of the “Specific Energy ‘SPIRITUAL’ Domain”, whether this “Specific Generative Energy ‘EARTHLY’ Domain” is either “awake” or “asleep”, the “specific work” accomplished by its “specific processes” does not stop, but it is accompanied by a change (decrease) more or less large of its “‘EARTHLY’ specific supply of subsistence”, depending upon whether some of its structures are “awake” or “asleep”.

Though in appearance the “‘EARTHLY’ specific supply of subsistence” of the “Specific Generative Energy ‘EARTHLY’ Inner Domain” of this “Specific Generative Energy ‘EARTHLY’ Domain”, and therefore the “‘EARTHLY’ specific supply of subsistence” of this “Specific Generative Energy ‘EARTHLY’ Domain”, seems to be eternal, in truth it is not; because this “Specific Generative Energy ‘EARTHLY’ Inner Domain” of this “Specific Generative Energy ‘EARTHLY’ Domain” is attached to the attribute “NON DIVINE”.

This “‘EARTHLY’ specific supply of subsistence” exhausts in this “Specific Generative Energy ‘EARTHLY’ Inner Domain” of this “Specific Generative Energy ‘EARTHLY’ Domain” depending upon the work accomplished by the “specific processes” of the “Specific Generative Energy ‘EARTHLY’ Domain” and within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for it.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “‘EARTHLY’ specific supply of subsistence” of the “Specific Generative Energy ‘EARTHLY’ Domain” so that it can be renewed only by “THE DIVINE FORCE”.

Just as the “Divine Particles” are continuously in motion inside “THE DIVINE DOMAIN” at all scales of layers of “Divine Particles”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has also designed and with aim to make manifest, by “THE DIVINE FORCE”, a metaphor for such “DIVINE PRIMARY WEALTH” in the external and immediate environment around each “Specific Atomic ‘EARTHLY’ Substance” constituent of the “Specific Generative Energy ‘EARTHLY’ Domain”.

As “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it, a metaphor for this “DIVINE PRIMARY WEALTH” is already made manifest

through the “Specific Elementary ‘EARTHLY’ Substance” constituent of each “Specific Atomic ‘EARTHLY’ Substance” of the “Specific Generative Energy ‘EARTHLY’ Domain”.

It is so that, HE has designed “specific displacement movements” to be applied on layers of “Specific Atomic ‘EARTHLY’ Substances” constituent of the “Specific Energy ‘EARTHLY’ Substance” of the “Specific Generative Energy ‘EARTHLY’ Domain”.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “Specific Generative Energy ‘EARTHLY’ Domain” and its movement as manifestation in the attribute “NON DIVINE”, of a metaphor of the “Generative Divine Particle” of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” — one “Generative Divine Particle” and six “Formative Divine Particles” in “Movement of Formative Divine Particle” synchronized between them, and, each “Movement of Formative Divine Particle” synchronized with the movement of the “Generative Divine Particle” and without collisions forever with the passage of time.

Having designed the “Specific Generative Energy ‘EARTHLY’ Domain” and its movement as manifestation in the attribute “NON DIVINE”, of a metaphor of the “Generative Divine Particle” of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, “THE DIVINE ARCHITECT AND PROJECT MASTER” then, designed and with aim to make manifest, by “THE DIVINE FORCE”, metaphors the “Formative Essence of ‘THE DIVINE’” in the attribute “NON DIVINE”.

THE “FORMATIVE ESSENCE OF ‘THE DIVINE’”
MANIFESTED IN THE “SPECIFIC ‘PARTIALLY
SPIRITUAL’ ENVIRONMENT”

The “Specific ‘EARTH←EARTH’ Inner Frontier”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and defined it, will not increase the

“‘EARTHLY’ specific supply of subsistence” of the “Specific Energy ‘EARTHLY’ Substance” at a high level if this “‘EARTHLY’ specific supply of subsistence” came to decrease following the work accomplished by the volume of “Specific Atomic ‘EARTHLY’ Substances” constituents of the “Specific Energy ‘EARTHLY’ Substance”.

The “Specific ‘EARTH←EARTH’ Inner Frontier”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and defined it, will instead act to maintain a dynamic state of equilibrium, which is the result of application of its principle of action, when the “‘EARTHLY’ specific supply of subsistence” of this whole inner structure increases.

This “Specific ‘EARTH←EARTH’ Inner Frontier” and the “Specific Energy ‘EARTHLY’ Substance” that it contains, also define a “Specific Energy ‘EARTHLY’ Inner Domain”: the “Specific Formative Energy ‘EARTHLY’ Inner Domain”. It is this “Specific Formative Energy ‘EARTHLY’ Inner Domain” that will nourish the outer structure constituent of this double structure and provide for its subsistence in order to remain into existence in its “‘EARTHLY’ Specific State”.

As parts of its dynamism, its principle of action, “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed this “Specific Formative Energy ‘EARTHLY’ Inner Domain”, with a crucial “specific behavior”, based on that which is called the “movement”, and which allows the “Specific Formative Energy ‘EARTHLY’ Inner Domain” to “hover”, to be in stationary suspension, in equilibrium inside the “MURKY VOID”. It is the “crucial stationary movement” of the “Specific Formative Energy ‘EARTHLY’ Inner Domain”, and it is the result of the combination and a “specific interpretation” of “specific effects” and associated “specific behaviors” of “Specific Atomic ‘EARTHLY’ Substances” constituents of the “Specific Formative Energy ‘EARTHLY’ Inner Domain”. Due to this “crucial stationary movement” of the “Specific Formative Energy ‘EARTHLY’ Inner Domain”, the totality constituted by the outer structure that is attached to the “Specific Formative Energy ‘EARTHLY’ Inner Domain” and that is separated by the “Specific ‘EARTH←EARTH’ Inner Frontier”, will also remain in stationary suspension, in equilibrium inside the “MURKY VOID”.

As “THE DIVINE ARCHITECT AND PROJECT MASTER” had designed it, it is through “THE DIVINE FORCE” that “THE DIVINE” would “NOURISH” this “Specific Energy ‘EARTHLY’ Inner Domain” and thereby, grow the entire “Specific Energy ‘EARTHLY’ Substance” and which is formed by this double structure of “Specific Energy ‘EARTHLY’ Substances”, by “EXPANSION” on a

larger volume in the proportions of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” — one “Generative Divine Particle” and six “Formative Divine Particles” in “Movement of Formative Divine Particle” synchronized between them, and, each “Movement of Formative Divine Particle” synchronized with the movement of the “Generative Divine Particle” and without collisions forever with the passage of time — as “THE DIVINE ARCHITECT AND PROJECT MASTER” had defined it.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the second “Specific Energy ‘EARTHLY’ Domain” in the “Plane Below”. It will be the third “Specific Energy ‘Partially Spiritual’ Domain” that “THE DIVINE” will create into existence in the “MURKY VOID” inside the attribute “NON DIVINE”, and it will also be the first “Specific Formative Energy ‘EARTHLY’ Domain” in the “MURKY VOID”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has established to place it “SOUTH” with respect to the “CARDINAL POINT OF THE CREATION”, and in the “Plane Below” and at a “specific distance” of the “Specific Generative Energy ‘EARTHLY’ Domain” and in the proportions of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

This first “Specific Formative Energy ‘EARTHLY’ Domain” is the manifestation, in the attribute “NON DIVINE”, of a metaphor of the first “Formative Divine Particle” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has also designed and with aim to make manifest into existence, by “THE DIVINE FORCE”, the “Specific ‘SPIRITUAL’ Frontier” of this “Specific Formative Energy ‘EARTHLY’ Domain”, delineating as such the “Specific ‘SPIRITUAL’ Environment” external and immediate around it by a spiritual aureole visible to “THE EYE OF THE DIVINE”, and which is a manifestation of the state of “HARMONY” with “THE DIVINE”, IHVH, our FATHER: it is the “Specific Radiance ‘SPIRITUAL’ Aureole”, because it is an expression of the radiance of that, which has been created in the attribute “NON DIVINE”.

All concepts set forth here above and regarding the “Specific Energy ‘SPIRITUAL’ Domain” also extend on this first “Specific Formative Energy ‘EARTHLY’ Domain”, through each of its two structures: the “Specific Formative Energy ‘EARTHLY’ Inner Domain” and the “Specific Formative Energy ‘EARTHLY’ Outer Domain”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Elementary ‘EARTHLY’ Particle” at the origin of the “Specific Formative Energy ‘EARTHLY’ Inner Domain” with a very high fundamental “‘EARTHLY’ specific supply of subsistence”, seven times lower than the “‘EARTHLY’ specific supply of subsistence” of the “Specific Elementary ‘EARTHLY’ Particle” at the origin of the “Specific Generative Energy ‘EARTHLY’ Inner Domain”, insufficient to allow the occurrence of the special “specific event” of “EXPANSION” inside the “Specific Formative Energy ‘EARTHLY’ Inner Domain”, and also insufficient to continually allow the occurrence of the special “specific event” of “EXPANSION” in the constituent “Specific Formative Energy ‘EARTHLY’ Outer Domain”.

It is because of this very high fundamental “‘EARTHLY’ specific supply of subsistence” that the “crucial stationary movement” of the “Specific Formative Energy ‘EARTHLY’ Inner Domain” will be perpetual, and the totality constituted by the “Specific Formative Energy ‘EARTHLY’ Domain”, will also remain perpetually in stationary suspension, in equilibrium inside the “MURKY VOID”, without falling down, or falling on one side or another.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has also defined and established a maximum “‘EARTHLY’ specific supply of subsistence” that the “Specific Formative Energy ‘EARTHLY’ Domain” can withstand while remaining in the attribute “NON DIVINE” and above which its structure will be destroyed because it is attached to the attribute “NON DIVINE”. This maximum “‘EARTHLY’ specific supply of subsistence” is always billions of times less than the “‘SPIRITUAL’ divine electrical charge” of a “DIVINE SUBSTANCE”.

HE has also endowed the “Specific Formative Energy ‘EARTHLY’ Domain” with metaphors that are characteristic of the first “Formative Divine Particle” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

It is so that, the speed of reception and transmission of signals from this first “Specific Formative Energy ‘EARTHLY’ Domain” is instantaneous, at the scale of the “Specific Formative Energy ‘EARTHLY’ Domain”. The “INTENSITY”, and therefore the “STRENGTH”, of the luminous radiation that this “Specific Formative Energy ‘EARTHLY’ Domain” will emit will also be very high.

This first “Specific Formative Energy ‘EARTHLY’ Domain” is characterized by the eternal symbol of glory of “THE DIVINE ARCHITECT AND PROJECT MASTER”: “PURITY”, the first “Core Formative Divine State”, that is the “‘SPIRIT’ Divine State” which is also bearer of the “‘SPIRIT→LIGHT’ Divine State”.

It is so that, later during the course of the implementation of “THE HOLY PROJECT”, this first “Specific Formative Energy ‘EARTHLY’ Domain” will also be

designated by a word meaning: “THE MOST LUMINOUS” in his second form. With the passage of time, it will also be called the “MOON”¹⁶³.

As “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it, the very high fundamental “‘EARTHLY’ specific supply of subsistence” of the “Specific Formative Energy ‘EARTHLY’ Inner Domain”, seven times lower than the “‘EARTHLY’ specific supply of subsistence” of the “Specific Generative Energy ‘EARTHLY’ Inner Domain” constituent of the “Specific Generative Energy ‘EARTHLY’ Domain”, will be insufficient to allow the occurrence of the special “specific event” of “EXPANSION” both inside the “Specific Formative Energy ‘EARTHLY’ Inner Domain” as well as inside the outer structure constituent of the double structure of this first “Specific Formative Energy ‘EARTHLY’ Domain”; that is, the “Specific Formative Energy ‘EARTHLY’ Outer Domain”.

But when this first “Specific Formative Energy ‘EARTHLY’ Domain” will have received in the sevenfold¹⁶⁴ the very high fundamental “‘EARTHLY’ specific supply of subsistence” of its “Specific Formative Energy ‘EARTHLY’ Inner Domain”, and which will be provided by the “Specific Generative Energy ‘EARTHLY’ Domain”, through “specific mechanisms” that “THE DIVINE

¹⁶³ No “‘SPIRIT←LIGHT’ ‘EARTHLY’ Creature” (human creature) has ever set foot on the Moon. See conversation, Aristide with the Archangel RAGUEL.

¹⁶⁴ In “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, this is an expression of the stability of the proportion of the products of the “divine work” accomplished by the “Generative Divine Particle” with respect to the proportions of the products of the “divine work” accomplished by the six “Formative Divine Particles” which is obtained within this “Divine Septenary Equilibrium Zone” of the first “Formative Divine Particle” with respect to the “Generative Divine Particle”. The proportion of products of the “divine work” accomplished by each of the six “Formative Divine Particles” does not exceed the prescribed limit of proportion. The “primary limit of proportion” defined for the first “Formative Divine Particle”, is seven times the “primary proportion” of the “primary unit” of products of the “divine work” accomplished by the first “Formative Divine Particle”.

It is of this that ENOCH, of whom METHUSELAH is the descendant, wanted human inhabitants of this earthly world to understand, when he said in his writings:

“...

And there they showed me all the movements and displacements and all the rays of light of the Sun and the Moon.

And I measured their walk and I compare their light. And I saw: the Sun has a seven-fold light of that of the moon.

...”

ARCHITECT AND PROJECT MASTER” has designed and lined up for this purpose, then, the special “specific event” of “EXPANSION” will take place in the outer structure constituent of the double structure of this first “Specific Formative Energy ‘EARTHLY’ Domain”; that is, in the “Specific Formative Energy ‘EARTHLY’ Outer Domain”.

Therefore, the “Specific ‘SPIRITUAL’ Frontier” of this first “Specific Formative Energy ‘EARTHLY’ Domain”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and defined it, will continuously execute its “specific tasks” to maintain a dynamic state of equilibrium, which is the result of application of its principle of action, when the “‘EARTHLY’ specific supply of subsistence” of the entire “Specific Formative Energy ‘EARTHLY’ Outer Domain” increases.

It is so that, the “Specific ‘SPIRITUAL’ Frontier” of this first “Specific Formative Energy ‘EARTHLY’ Domain” will allow it to escape into the “Specific ‘SPIRITUAL’ Environment” external and immediate around it and following “specific directions”, sufficient amounts of the surpluses of these “Specific Atomic ‘EARTHLY’ Substances” and containing “‘EARTHLY’ specific supply of subsistence” and manifestations of metaphors characteristic of the first “Formative Divine Particle” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

It is for this purpose that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed this first “Specific Formative Energy ‘EARTHLY’ Domain” and made manifest on it a metaphor of the first “Formative Essence of ‘THE DIVINE’”. This is the purpose of this first “Specific Formative Energy ‘EARTHLY’ Domain”, as a manifestation of a double structure which is an expression of the model of these “EONS” that “THE DIVINE” has chosen to share with the attribute “NON DIVINE” by adding only a purpose to their manifestations in the attribute “NON DIVINE”, without adding a provision of “THE INTELLECT OF THE DIVINE”, also without adding a provision of “THE DIVINE FORCE”.

In “THE DIVINE DOMAIN”, for a “Formative Divine Particle” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, based on the designs of “THE DIVINE ARCHITECT AND PROJECT MASTER”, “THE DIVINE FORCE” has perfectly synchronized the “Movement of Formative Divine Particle” with the movement of the “Generative Divine Particle”.

It is so that, through this perfect synchronization, the “Movement of Formative Divine Particle” is driven by the movement of the “Generative Divine Particle”.

It is also so that through this perfect synchronization, a complete flow path of the “Generative Divine Particle” will create and delineate an infinitely small “Divine Secondary Equilibrium Space” which is swept by the “Movement of Formative Divine Particle” around and within the proximity of the “Generative Divine Particle”. In “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, a complete flow path of the “Generative Divine Particle” will also create and delineate an infinitely small “Divine Septenary Equilibrium Space”.

It is inside this “Divine Septenary Equilibrium Space” around and in the proximity of the “Generative Divine Particle” that the “Divine Septenary Equilibrium Zone” of the considered “Formative Divine Particle” moves, in the synchronized movement of the “Generative Divine Particle” with that of the “Formative Divine Particle”. “THE DIVINE”, IHVH, our FATHER has also chosen to transfer this concept to the attribute “NON DIVINE”.

Inside the attribute “NON DIVINE”, inside the first “Specific Energy ‘CELESTIAL’ Domain” in the “Plane Above” and with respect to the “CARDINAL POINT OF THE CREATION”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has also designed and with aim to make manifest, by “THE DIVINE FORCE”, the complete flow path of a metaphor of the “Movement of Formative Divine Particle”: it is the movement of the first “Specific Formative Energy ‘EARTHLY’ Domain”.

As it is the case with the “Movement of Formative Divine Particle” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, it is so that the “Specific Formative Energy ‘EARTHLY’ Domain” will perform its complete flow path along its “Specific Walking Path” during a measurement of time equal to thirty manifestations of the metaphor of the “measure of transformation step” of products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles”, in the “Divine Septenary Equilibrium Zone” of the considered “Formative Divine Particle” with respect to the “Generative Divine Particle”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has also perfectly synchronized this walking movement of the first “Specific Formative Energy ‘EARTHLY’ Domain” with the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”.

It is also so that through this perfect synchronization and through “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, the walking movement of this first “Specific Formative Energy

‘EARTHLY’ Domain” is driven by the “Specific Generative Energy ‘EARTHLY’ Domain” in its walking movement along the “First Orbit of The MOST LUMINOUS”.

Therefore, the complete flow path of the “Specific Generative Energy ‘EARTHLY’ Domain” along the “First Orbit of The MOST LUMINOUS” will also be divided into twelve time measurements, each corresponding to thirty manifestations of the metaphor of the “measure of transformation step” of products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles”, in the “Divine Septenary Equilibrium Zone” of the considered “Formative Divine Particle” with respect to the “Generative Divine Particle”.

It is also so that through this perfect synchronization, a complete flow path of the “Specific Generative Energy ‘EARTHLY’ Domain” along the “First Orbit of The MOST LUMINOUS” will create and delineate a “Specific Septenary Equilibrium Space” in the proportions of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. This “Specific Septenary Equilibrium Space” is swept by the movement of this first “Specific Formative Energy ‘EARTHLY’ Domain” all around and in the proximity of the “Specific Generative Energy ‘EARTHLY’ Domain”.

It is in this “Specific Septenary Equilibrium Space” all around and in the proximity of the “Specific Generative Energy ‘EARTHLY’ Domain”, in the proportions of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, that the “Specific Septenary Equilibrium Zone” of this first “Specific Formative Energy ‘EARTHLY’ Domain” moves, in this synchronized movement.

The path described by this “Specific Septenary Equilibrium Zone” all around and in the proximity of the “Specific Generative Energy ‘EARTHLY’ Domain” is called: the “Second Orbit of The MOST LUMINOUS”. It is on this “Second Orbit of The MOST LUMINOUS” that the first “Specific Formative Energy ‘EARTHLY’ Domain” will move to accomplish the “specific tasks” that “THE DIVINE FORCE” will assign to it.

This “Second Orbit of The MOST LUMINOUS” is defined and established in the “Specific Energy ‘CELESTIAL’ Domain”. It will also be manifested afterwards into existence by a metaphor on this first “Specific Formative Energy ‘EARTHLY’ Domain”, in the “Plane Below” which is outside the “Specific Energy ‘CELESTIAL’ Domain”.

As “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed them, this “Second Orbit of The MOST LUMINOUS” and the “First Orbit of The MOST

LUMINOUS” are also perfectly synchronized, just as the “Movement of Formative Divine Particle” is also perfectly synchronized with the movement of the “Generative Divine Particle” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

As it is with the model of the “Specific Energy ‘SPIRITUAL’ Domain”, whether this first “Specific Formative Energy ‘EARTHLY’ Domain” is either “awake” or “asleep”, the “specific work” accomplished by its “specific processes” does not stop, but it is accompanied by a change (decrease) more or less large of its “‘EARTHLY’ specific supply of subsistence”, depending upon whether some of its structures are “awake” or “asleep”.

Though in appearance the “‘EARTHLY’ specific supply of subsistence” of the “Specific Formative Energy ‘EARTHLY’ Inner Domain” of this first “Specific Formative Energy ‘EARTHLY’ Domain”, and therefore the “‘EARTHLY’ specific supply of subsistence” of this “Specific Formative Energy ‘EARTHLY’ Domain”, seems to be eternal, in truth it is not; because this “Specific Formative Energy ‘EARTHLY’ Inner Domain” of this first “Specific Formative Energy ‘EARTHLY’ Domain” is attached to the attribute “NON DIVINE”.

This “‘EARTHLY’ specific supply of subsistence” exhausts in this “Specific Formative Energy ‘EARTHLY’ Inner Domain” of this first “Specific Formative Energy ‘EARTHLY’ Domain” depending upon the work accomplished by the “specific processes” of this first “Specific Formative Energy ‘EARTHLY’ Domain” and within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for it.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “‘EARTHLY’ specific supply of subsistence” of the first “Specific Formative Energy ‘EARTHLY’ Domain” so that it can be renewed only by “THE DIVINE FORCE”.

As we indicated above, the very high fundamental “‘EARTHLY’ specific supply of subsistence” of the “Specific Formative Energy ‘EARTHLY’ Inner Domain”, seven times lower than the “‘EARTHLY’ specific supply of subsistence” of the “Specific Generative Energy ‘EARTHLY’ Inner Domain” constituent of the “Specific Generative Energy ‘EARTHLY’ Domain”, will be insufficient to allow the occurrence of the special “specific event” of “EXPANSION” both inside the “Specific Formative Energy ‘EARTHLY’ Inner Domain” as well as inside the outer structure constituent of the double structure of this first “Specific Formative

Energy ‘EARTHLY’ Domain”; that is, the “Specific Formative Energy ‘EARTHLY’ Outer Domain”.

But when this first “Specific Formative Energy ‘EARTHLY’ Domain” will have received in the sevenfold the very high fundamental “‘EARTHLY’ specific supply of subsistence” of its “Specific Formative Energy ‘EARTHLY’ Inner Domain”, and which will be provided by the “Specific Generative Energy ‘EARTHLY’ Domain”, through “specific mechanisms” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and lined up for this purpose, then, the special “specific event” of “EXPANSION” will take place in the outer structure constituent of the double structure of this first “Specific Formative Energy ‘EARTHLY’ Domain”; that is, in the “Specific Formative Energy ‘EARTHLY’ Outer Domain”.

Therefore, the “Specific ‘SPIRITUAL’ Frontier” of this first “Specific Formative Energy ‘EARTHLY’ Domain”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and defined it, will continuously execute its “specific tasks” to maintain a dynamic state of equilibrium, which is the result of application of its principle of action, when the “‘EARTHLY’ specific supply of subsistence” of the entire “Specific Formative Energy ‘EARTHLY’ Outer Domain” increases.

It is so that, with the passage of time, the “Specific ‘SPIRITUAL’ Frontier” of this first “Specific Formative Energy ‘EARTHLY’ Domain” will allow it to escape into the “Specific ‘SPIRITUAL’ Environment” external and immediate around it, and along its “Specific Walking Path”, sufficient amounts of the surpluses of its constituents “Specific Atomic ‘EARTHLY’ Substances” and which allow to establish a well assured “equilibrium state” which is associated to the “Specific Septenary Equilibrium Zone”.

The “Specific ‘SPIRITUAL’ Frontier” of this first “Specific Formative Energy ‘EARTHLY’ Domain” will allow the surpluses of its constituents “Specific Atomic ‘EARTHLY’ Substances” to escape and thus restoring the well assured “equilibrium state” which is associated to the “Specific Septenary Equilibrium Zone”, while the surpluses of the “‘EARTHLY’ specific supply of subsistence” of this first “Specific Formative Energy ‘EARTHLY’ Domain” last.

During this transit of the surpluses of the “‘EARTHLY’ specific supply of subsistence”, from its “‘EARTHLY’ specific supply of subsistence” necessary for the occurrence of the special “specific event” of “EXPANSION” in the “Specific Formative Energy ‘EARTHLY’ Outer Domain” to a zero surplus, the “Specific Generative Energy ‘EARTHLY’ Domain” will cease to send its “Specific Atomic ‘EARTHLY’ Substances” to this first “Specific Formative Energy ‘EARTHLY’

Domain” and this first “Specific Formative Energy ‘EARTHLY’ Domain” will not receive and absorb the “‘EARTHLY’ specific supply of subsistence” carried by the “Specific Atomic ‘EARTHLY’ Substances” and emitted by the “Specific Generative Energy ‘EARTHLY’ Domain”.

Once this surplus of the “‘EARTHLY’ specific supply of subsistence” is nil, then, this first “Specific Formative Energy ‘EARTHLY’ Domain” will start to receive and to absorb the “‘EARTHLY’ specific supply of subsistence” carried by the “Specific Atomic ‘EARTHLY’ Substances” emitted by the “Specific Generative Energy ‘EARTHLY’ Domain”.

With the passage of time, this first “Specific Formative Energy ‘EARTHLY’ Domain” will do this until it has absorbed to the sevenfold the very high fundamental “‘EARTHLY’ specific supply of subsistence” of its “Specific Formative Energy ‘EARTHLY’ Inner Domain”, and which will be provided by the “Specific Generative Energy ‘EARTHLY’ Domain”, through “specific mechanisms” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and lined up for this purpose.

Therefore, the process of removal of surpluses of “Specific Atomic ‘EARTHLY’ Substances” will resume, and so on until that the “Specific Generative Energy ‘EARTHLY’ Domain” has achieved its complete flow path along of the “First Orbit of The MOST LUMINOUS”.

Considering the products of the “specific work” accomplished by this first “Specific Formative Energy ‘EARTHLY’ Domain”, any point of the “Second Orbit of The MOST LUMINOUS” where this first “Specific Formative Energy ‘EARTHLY’ Domain” will acquire to the sevenfold the very high fundamental “‘EARTHLY’ specific supply of subsistence” of its “Specific Formative Energy ‘EARTHLY’ Inner Domain”, and which will be provided by the “Specific Generative Energy ‘EARTHLY’ Domain”, is also associated with an “Entry Gate” of the products of the “specific work” accomplished by this first “Specific Formative Energy ‘EARTHLY’ Domain”.

Any point of the “Second Orbit of The MOST LUMINOUS” where this surplus of the “‘EARTHLY’ specific supply of subsistence” will be zero, is also associated with an “Exit Gate” of the products of the “specific work” accomplished by this first “Specific Formative Energy ‘EARTHLY’ Domain”.

It is these surpluses of products of the “specific work” accomplished by this first “Specific Formative Energy ‘EARTHLY’ Domain” which are transmitted to the “Specific Septenary Equilibrium Zone” associated with this first “Specific

Formative Energy ‘EARTHLY’ Domain” to be consumed and to transform the “‘EARTHLY’ specific supply of subsistence” of this “Specific Septenary Equilibrium Zone” associated with this first “Specific Formative Energy ‘EARTHLY’ Domain”.

These “Entry Gates” and their corresponding “Exit Gates” are the same as the “Entry Gates” and the “Exit Gates” of the movement of the “Specific Generative Energy ‘EARTHLY’ Domain”.

It is so that, during a complete flow path of the “Specific Generative Energy ‘EARTHLY’ Domain” along the “First Orbit of The MOST LUMINOUS”, this first “Specific Formative Energy ‘EARTHLY’ Domain” will acquire twelve times — once for each period of thirty “Days” that defines that, which will be called the “Month” on the “Calendar of the ‘NON DIVINE’” — and every time to the sevenfold the very high fundamental “‘EARTHLY’ specific supply of subsistence” of its “Specific Formative Energy ‘EARTHLY’ Inner Domain”, during its complete flow path along the “Second Orbit of The MOST LUMINOUS”. This surplus of the “‘EARTHLY’ specific supply of subsistence” of this first “Specific Formative Energy ‘EARTHLY’ Domain” will also be zero twelve times.

The complete flow path of this first “Specific Formative Energy ‘EARTHLY’ Domain” along this “Second Orbit of The MOST LUMINOUS” always begins with “Gate No.4 Orient”¹⁶⁵ and ends with “Gate No.3 Orient”, and the walking

¹⁶⁵ As we have explained regarding the “Generative Divine Particle”, every walking movement of any “Divine Particle” — be it a “Generative Divine Particle” or any of the six “Formative Divine Particles” constituents of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” — always start at the beginning of the “First Quadrant” within that “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. The “First Quadrant”, as well as the remaining three, result from the projection of the Four points that define the movement of the “Generative Divine Particle” and in this arrangement — “HE WHO EXISTS”, “HE WHO IS ABOVE”, “HE WHO WILL EXIST”, “HE WHO ARRIVES” — and the pronunciation of the acronym of which is the same as the word “IHVH”, onto the complete flow path of the “Generative Divine Particle”. Then, each “Divine Particle” follows its own flow path as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it; all those movements are synchronized between them, and, each “Movement of Formative Divine Particle” is synchronized with the movement of the “Generative Divine Particle”, and they are in movement without collisions forever with the passage of time.

The beginning of the “First Quadrant” within that “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, is manifested in the attribute “NON DIVINE” by the first entrance, of the manifestations of those “Divine Particle”, through “Gate No.4 Orient”.

movement of this first “Specific Formative Energy ‘EARTHLY’ Domain” is synchronized with the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain” along the “First Orbit of The MOST LUMINOUS”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed this first “Specific Formative Energy ‘EARTHLY’ Domain”, second “Specific Energy ‘EARTHLY’ Domain”, in the “Plane Below” and “SOUTH” with respect to the “CARDINAL POINT OF THE CREATION”.

HE has also designed and with aim to make manifest into existence, by “THE DIVINE FORCE”, in this “Plane Below”, a metaphor of the “Second Orbit of The MOST LUMINOUS”, the walking movement of this first “Specific Formative Energy ‘EARTHLY’ Domain” on this “Second Orbit of The MOST LUMINOUS”, synchronized with the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain” along the “First Orbit of The MOST LUMINOUS”: it is the “Specific Walking Movement” of the first “Specific Formative Energy ‘EARTHLY’ Domain” in the “Plane Below”.

This “Specific Walking Movement” is composed of the “crucial stationary movement” of the “Specific Formative Energy ‘EARTHLY’ Inner Domain”, to which is added a simultaneous combination of two movements:

1. A manifestation of a metaphor of the “First Movement of the Divine Particles” in the form of a “rotary movement” of the first “Specific Formative Energy ‘EARTHLY’ Domain” around itself and following a “specific rotation axis” which is directed towards the “Specific Energy ‘CELESTIAL’ Domain”. This “specific rotation axis” itself runs through the “Second Orbit of The MOST LUMINOUS” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and defined inside the “Specific Energy ‘CELESTIAL’ Domain” in the “Plane Above”;
2. A “displacement movement” of the first “Specific Formative Energy ‘EARTHLY’ Domain” on a trajectory that will be the manifestation of a metaphor of the path described by the added second movement of the “Formative Divine Particle”, in the proportions of the “Divine Septenary Configuration” of the “Divine Particles” to create into existence the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” and within which will be a well assured “equilibrium state”.

These added two movements, the internal "rotary movement" and the "displacement movement", have been defined by "THE DIVINE ARCHITECT AND PROJECT MASTER" as part of the dynamism, the principle of action, of the "Specific Formative Energy 'EARTHLY' Inner Domain". It is from the dynamism, the principle of action, of the "Specific Formative Energy 'EARTHLY' Inner Domain" that the "Specific Walking Movement" of this first "Specific Formative Energy 'EARTHLY' Domain" on this "Second Orbit of The MOST LUMINOUS" develops and is manifested.

As we have indicated already, you can understand such dynamism by observing the behaviour of a "spinning top", which is a toy endowed with an axis of rotation which allows it to turn smoothly on itself as long as possible while balancing on its tip, when it is set in motion, making it travel a path during its rotation.

The manifested precession of the “Specific Formative Energy ‘EARTHLY’ Inner Domain” at the appropriate level inside the first “Specific Energy ‘CELESTIAL’ Domain” in the “Plane Above” and with respect to the “CARDINAL POINT OF THE CREATION”, corresponds to the “Second Orbit of The MOST LUMINOUS”.

As we have indicated, it is because of the very high fundamental “‘EARTHLY’ specific supply of subsistence” of the “Specific Formative Energy ‘EARTHLY’ Inner Domain”, that the “crucial stationary movement” of the “Specific Formative Energy ‘EARTHLY’ Inner Domain”, and consequently this “Specific Walking Movement” will be perpetual, unless stopped on instruction of “THE DIVINE”, IHVH, our FATHER, as the “Specific Energy ‘EARTHLY’ Inner Domain” was made “CONSCIOUS” and thus able to receive such external instructions, and the totality constituted by the “Specific Formative Energy ‘EARTHLY’ Domain”, will also remain perpetually in stationary suspension, in equilibrium inside the “MURKY VOID”, without falling down, or falling on one side or another.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed this metaphor of this “Specific Walking Movement” of the first “Specific Formative Energy ‘EARTHLY’ Domain” in the “Plane Below” to indicate and impress upon His creatures that will be created into existence in the “Plane Below”, knowledge of “THE DIVINE” from manifestations of metaphors of “DIVINE PRIMARY WEALTH” in the attribute “NON DIVINE” in which His creatures are attached.

Through the perfect synchronization and through “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, the walking movement of the first “Specific Formative Energy ‘EARTHLY’ Domain” is driven by the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain” along the “First Orbit of The MOST LUMINOUS”.

This perfect synchronization of walking movements will give the impression that it is this first “Specific Formative Energy ‘EARTHLY’ Domain” which is moving around the “Specific Generative Energy ‘EARTHLY’ Domain”; but it is not so.

In truth, due to the principle of action of the “Specific Generative Energy ‘EARTHLY’ Domain” and its “specific behaviors” and associated “specific effects” (including the “WINDS” generated and associated with its “Specific Walking Movement”, and its magnetic field), it is the “Specific Walking Movement” of this first “Specific Formative Energy ‘EARTHLY’ Domain” which is driven by the “Specific Walking Movement” of the “Specific Generative Energy ‘EARTHLY’ Domain” along the “First Orbit of The MOST LUMINOUS” and through “specific

processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

It is also so that through this perfect synchronization, a complete flow path of the “Specific Generative Energy ‘EARTHLY’ Domain” along the “First Orbit of The MOST LUMINOUS” will create and delineate a “Specific Septenary Equilibrium Space” in the proportions of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. This “Specific Septenary Equilibrium Space” is swept by the movement of this first “Specific Formative Energy ‘EARTHLY’ Domain” all around and in the proximity of the “Specific Generative Energy ‘EARTHLY’ Domain”.

It is in this “Specific Septenary Equilibrium Space” all around and in the proximity of the “Specific Generative Energy ‘EARTHLY’ Domain”, in the proportions of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, that the “Specific Septenary Equilibrium Zone” of this first “Specific Formative Energy ‘EARTHLY’ Domain” moves, in this synchronized movement.

The intersection of the “specific rotation axis” of this first “Specific Formative Energy ‘EARTHLY’ Domain” with the “specific rotation axis” of the “Specific Generative Energy ‘EARTHLY’ Domain”, indicates from the “Plane Below” the places in the “Plane Above” where the “Entry Gates” and the “Exit Gates” are located along the “First Orbit of The MOST LUMINOUS”.

“THE DIVINE FORCE” has sealed this “septenary intersecting point” and later when SHE will create into existence first Archangels — THE “ADONA’IM” — “THE DIVINE FORCE” will also place at this “septenary intersecting point” an Archangel other than the “Sealed Twelve” and “THE DIVINE”, IHVH, our FATHER will consolidate this Archangel at this “septenary intersecting point”.

This Archangel — who is the head of “LUMINAIRES” and responsible for the proper functioning of the “Specific Generative Energy ‘EARTHLY’ Domain” and for the proper functioning of the first “Specific Formative Energy ‘EARTHLY’ Domain” — will be known at this “septenary intersecting point” by a designation which in the human language means: the “NORTHERN STAR”. It is another name of the Archangel “ZAHARIEL”, “THE MOST LUMINOUS”, “RAGUEL”, he has several names and he takes several forms depending upon the “specific tasks” that “THE DIVINE FORCE” will entrust to him.

Each time that the “specific rotation axis” of the first “Specific Formative Energy ‘EARTHLY’ Domain” arrives at the entrance of an “Entry Gate” of the “Second Orbit of The MOST LUMINOUS” located to the Orient, before starting its walk towards the corresponding “gate” that is located to the Occident, the first “Specific

מִי
הַ
סֶפֶר

Formative Energy ‘EARTHLY’ Domain” will receive all the parameters of the “Entry Gate” of the “Second Orbit of The MOST LUMINOUS” that it will use throughout its walk to accomplish its “specific tasks”.

These are the parameters of an “Entry Gate” of the “Second Orbit of The MOST LUMINOUS” that define the work that needs to be produced by the first “Specific Formative Energy ‘EARTHLY’ Domain” in the “Plane Below”. These parameters of an “Entry Gate” of the “Second Orbit of The MOST LUMINOUS” contain among others, temporal indications on:

- Sufficient amounts of the surpluses of its “Specific Atomic ‘EARTHLY’ Substances” which will be transmitted to the “Specific ‘SPIRITUAL’ Environment” external and immediate around the first “Specific Formative Energy ‘EARTHLY’ Domain” and following “specific directions”. They will be transmitted towards the “Specific Septenary Equilibrium Zone” of this first “Specific Formative Energy ‘EARTHLY’ Domain” inwards and outwards from this first “Specific Formative Energy ‘EARTHLY’ Domain” towards the “specific directions” of the five others “Specific Formative Energy ‘EARTHLY’ Domains”, in order to absorb the “‘EARTHLY’ specific supply of subsistence” transported by the “Specific Atomic ‘EARTHLY’ Substances” emitted by the “Specific Generative Energy ‘EARTHLY’ Domain”.
- The speed with which these adequate amounts of the surpluses of its “Specific Atomic ‘EARTHLY’ Substances” must be sent in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the first “Specific Formative Energy ‘EARTHLY’ Domain” and following “specific directions”;
- All indications on other “specific tasks” that the first “Specific Formative Energy ‘EARTHLY’ Domain” must accomplish during its walk.

Later when “THE DIVINE FORCE” will create into existence the first Archangels — The “ADONA’IM” — SHE will also entrust the tasks to establish the parameters at “Entry Gates” of the “Second Orbit of The MOST LUMINOUS” to the “Sealed Twelve” and they will be guided and helped by “THE DIVINE FORCE” in performing their duties.

It is still those twelve Archangels, sealed in the “Specific Energy ‘CELESTIAL’ Domain”, who will preside on these “Entry Gates” of the “Second Orbit of The MOST LUMINOUS”, by setting all temporal parameters that the first “Specific Formative Energy ‘EARTHLY’ Domain” will use during its walk, as well as the quantities of surpluses of “Specific Atomic ‘EARTHLY’ Substances” that the first

“Specific Formative Energy ‘EARTHLY’ Domain” will let escape through its “Specific ‘SPIRITUAL’ Frontier” during its walk.

“THE DIVINE FORCE” will also entrust the “specific tasks” which consist of regulating the “Specific ‘SPIRITUAL’ Frontier” of the “Specific Formative Energy ‘EARTHLY’ Domain” to this same Archangel, other than the “Sealed Twelve”, and “THE DIVINE”, IHVH, our FATHER will consolidate this Archangel: the Archangel “ZAHARIEL” — head of “LUMINAIRES” and responsible for the proper functioning of “THE MOST LUMINOUS” in all its forms.

The Archangel “ZAHARIEL” is called “THE MOST LUMINOUS”, the “SUN”, the “MOON”, the “NORTHERN STAR”, “RAGUEL”¹⁶⁶, etc..., he has several names depending upon the form he takes and the “specific tasks” entrusted to him.¹⁶⁷

Using the parameters of the “Entry Gate” of the “Second Orbit of The MOST LUMINOUS”, the first “Specific Formative Energy ‘EARTHLY’ Domain” will accomplish its “specific tasks” which consist of regulating its “Specific ‘SPIRITUAL’ Frontier” to let escape into the “Specific ‘SPIRITUAL’ Environment” external and immediate around it and following “specific directions”, sufficient amounts of the surpluses of its “Specific Atomic ‘EARTHLY’ Substances”.

The “Specific Atomic ‘EARTHLY’ Substances” emitted by the first “Specific Formative Energy ‘EARTHLY’ Domain” generate a lot less “‘EARTHLY’ specific supply of subsistence”, but they absorb much more, up to the sevenfold, the “‘EARTHLY’ specific supply of subsistence” carried by the “Specific Atomic ‘EARTHLY’ Substances” emitted by the “Specific Generative Energy ‘EARTHLY’ Domain”.

It is so that, in the “Specific Septenary Equilibrium Zone” and all around this “Specific Septenary Equilibrium Zone”, the “Specific Atomic ‘EARTHLY’ Substances” emitted by this first “Specific Formative Energy ‘EARTHLY’ Domain” will dilute and so doing, cool off the “Specific Atomic ‘EARTHLY’ Substances” emitted by the “Specific Generative Energy ‘EARTHLY’ Domain”, by absorbing the “‘EARTHLY’ specific supply of subsistence” carried by the “Specific Atomic

¹⁶⁶ See conversation of August 29, 2005, and see also the conversation of September 17, 2005, Aristide with Archangel RAGUEL on the “LUMINAIRES” and the stars.

¹⁶⁷ See conversation of July 25, 2006, Aristide with Archangel RAGUEL, regarding Astral duplication.

‘EARTHLY’ Substances” emitted by the “Specific Generative Energy ‘EARTHLY’ Domain”.

Just as the “Divine Particles” are continuously in motion inside “THE DIVINE DOMAIN” at all scales of layers of “Divine Particles”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has also designed and with aim to make manifest, by “THE DIVINE FORCE”, a metaphor for such “DIVINE PRIMARY WEALTH” in the external and immediate environment around each “Specific Atomic ‘EARTHLY’ Substance” constituent of the first “Specific Formative Energy ‘EARTHLY’ Domain”.

As “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it, a metaphor for this “DIVINE PRIMARY WEALTH” is already made manifest through the “Specific Elementary ‘EARTHLY’ Substance” constituent of each “Specific Atomic ‘EARTHLY’ Substance” of this first “Specific Formative Energy ‘EARTHLY’ Domain”.

It is so that, HE has designed “specific displacement movements” to be applied on layers of “Specific Atomic ‘EARTHLY’ Substances” constituent of the “Specific Formative Energy ‘EARTHLY’ Outer Domain” of the first “Specific Formative Energy ‘EARTHLY’ Domain”.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the first “Specific Formative Energy ‘EARTHLY’ Domain” and its movement as manifestation in the attribute “NON DIVINE”, of a metaphor of the first “Formative Divine Particle” of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” — one “Generative Divine Particle” and six “Formative Divine Particles” in “Movement of Formative Divine Particle” synchronized between them, and, each “Movement of Formative Divine Particle” synchronized with the movement of the “Generative Divine Particle” and without collisions forever with the passage of time.

In order to manifest into existence in the attribute “NON DIVINE” a metaphor of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, in the “MURKY VOID” and in the “Plane Below”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has also designed the five others “Specific Formative Energy ‘EARTHLY’ Domains” in the proportions of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

The products of the “specific work” accomplished by these five “Specific Formative Energy ‘EARTHLY’ Domains” are different from each other and are also all

different from the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed all the walking movements of these six “Specific Formative Energy ‘EARTHLY’ Domains” in the “Plane Above” as well as the manifestations of their metaphors in the “Plane Below” in the attribute “NON DIVINE”, in the proportions of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

With respect to the “septenary intersecting point” of the “specific rotation axis” of the “Specific Generative Energy ‘EARTHLY’ Domain” and the six “specific rotation axes” of the walking movements of the “Specific Formative Energy ‘EARTHLY’ Domains”, based on the designs of “THE DIVINE ARCHITECT AND PROJECT MASTER”, “THE DIVINE FORCE” has perfectly synchronized the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain” with the walking movement of each of the six “Specific Formative Energy ‘EARTHLY’ Domains”.

SHE has also perfectly synchronized the walking movement of each of these six “Specific Formative Energy ‘EARTHLY’ Domains” with each of the walking movement of the other five “Specific Formative Energy ‘EARTHLY’ Domains”.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” designed in the “Plane Below”, the “SPECIFIC SUPREME CONFIGURATION” of seven “Specific Energy ‘EARTHLY’ Domains”: one “Specific Generative Energy ‘EARTHLY’ Domain” and six “Specific Formative Energy ‘EARTHLY’ Domains”.

Each of the six “Specific Formative Energy ‘EARTHLY’ Domains” being in a manifested walking movement of the “Movement of Formative Divine Particle”, synchronized with each walking movement of the five others “Specific Formative Energy ‘EARTHLY’ Domains”, and synchronized with the walking movement of the “Generative Divine Particle”, and without collisions forever with the passage of time.

In this “SPECIFIC SUPREME CONFIGURATION” of seven “Specific Energy ‘EARTHLY’ Domains”, depending upon the quantities of the products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain”, and in the proportions of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined all the proportions of the “specific work” accomplished by each of these six “Specific Formative Energy ‘EARTHLY’ Domains” and which are transmitted to the other five.

With respect to the “Specific Generative Energy ‘EARTHLY’ Domain” and on each of the six “Specific Formative Energy ‘EARTHLY’ Domains”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has established: the unique “Specific Septenary Equilibrium Zone”, all the six “Specific Senary Equilibrium Zones”, all the fifteen “Specific Quinary Equilibrium Zones”, all the twenty “Specific Quaternary Equilibrium Zones”, all the fifteen “Specific Tertiary Equilibrium Zones”, all the six “Specific Secondary Equilibrium Zones”, and the unique “Specific Secondary Equilibrium Zone” of origin.

Using the parameters of the “Entry Gate” of the “First Orbit of The MOST LUMINOUS”, the “Specific Generative Energy ‘EARTHLY’ Domain” will accomplish its “specific tasks” which consist of regulating its “Specific ‘SPIRITUAL’ Frontier” to let escape into the “Specific ‘SPIRITUAL’ Environment” external and immediate around it and in the six “specific directions” towards the six “Specific Formative Energy ‘EARTHLY’ Domains” and towards each of their “Specific Septenary Equilibrium Zone”, sufficient amounts of the surpluses of its “Specific Atomic ‘EARTHLY’ Substances”.

These “Specific Atomic ‘EARTHLY’ Substances”, emitted by the “Specific Generative Energy ‘EARTHLY’ Domain”, are the products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain”. They carry in them, crude “‘EARTHLY’ specific supply of subsistence” that are necessary for the proper functioning of the six “Specific Formative Energy ‘EARTHLY’ Domains”.

In the proportions of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, each of these six “Specific Formative Energy ‘EARTHLY’ Domains” will produce a unit of measure of the products of its “specific work” from a “specific quantity” defined by the crude products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” that the considered “Specific Formative Energy ‘EARTHLY’ Domain” receives.

A proportion of this unit will enter in the “Specific Septenary Equilibrium Zone” of the considered “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”. Other proportions of this unit will enter in the “Specific Septenary Equilibrium Zone” of each of the other five “Specific Formative Energy ‘EARTHLY’ Domains” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

“THE DIVINE”, IHVH, our FATHER did nothing randomly; “THE DIVINE ARCHITECT AND PROJECT MASTER” designed all “THE HOLY PROJECT” with

a divine precision that can never be matched, and “THE DIVINE FORCE” has implemented it.

It is so that, with the passage of the time and the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”, stable proportions of products of the “specific work” accomplished by these seven “Specific Energy ‘EARTHLY’ Domains” will accumulate and increase in the “Specific Septenary Equilibrium Zone” of each of the six “Specific Formative Energy ‘EARTHLY’ Domains” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”. It is thus that the cycle of transformation of products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” will continuously unfold in each of the “Specific Septenary Equilibrium Zone” of each of the six “Specific Formative Energy ‘EARTHLY’ Domains” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

Therefore, in the “Specific Septenary Equilibrium Zone” of each of the six “Specific Formative Energy ‘EARTHLY’ Domains” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”, the amount of crude “‘EARTHLY’ specific supply of subsistence” of the “Specific Atomic ‘EARTHLY’ Substances” emitted by the “Specific Generative Energy ‘EARTHLY’ Domain” will be diluted, lessened and stabilized by the products of the “specific work” accomplished by the six “Specific Formative Energy ‘EARTHLY’ Domains”, through the manifestation of a metaphor of the seven “transformation steps” of the cycle of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

For any “Specific Formative Energy ‘EARTHLY’ Domain” (we shall call it, the first “Specific Formative Energy ‘EARTHLY’ Domain”) chosen from among these six “Specific Formative Energy ‘EARTHLY’ Domains”:

- The “primary transformation” is associated with maintaining the stability of the products of the “specific work” accomplished by this first “Specific Formative Energy ‘EARTHLY’ Domain” in the “Specific Septenary Equilibrium Zone” of this first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.
- The “secondary transformation” is associated with maintaining the stability of the products of the “specific work” accomplished by the second “Specific Formative Energy ‘EARTHLY’ Domain” in the “Specific Septenary Equilibrium Zone” of this first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

- The “tertiary transformation” is associated with maintaining the stability of the products of the “specific work” accomplished by the third “Specific Formative Energy ‘EARTHLY’ Domain” in the “Specific Septenary Equilibrium Zone” of this first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.
- The “quaternary transformation” is associated with maintaining the stability of the products of the “specific work” accomplished by the fourth “Specific Formative Energy ‘EARTHLY’ Domain” in the “Specific Septenary Equilibrium Zone” of this first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.
- The “quinary transformation” is associated with maintaining the stability of the products of the “specific work” accomplished by the fifth “Specific Formative Energy ‘EARTHLY’ Domain” in the “Specific Septenary Equilibrium Zone” of this first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.
- The “senary transformation” is associated with maintaining the stability of the products of the “specific work” accomplished by the sixth “Specific Formative Energy ‘EARTHLY’ Domain” in the “Specific Septenary Equilibrium Zone” of this first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.
- The “‘end of cycle’ transformation” is associated with the dissipation, in the “Specific Septenary Equilibrium Zone” of this first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”, of products of the “senary transformation” by the products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain”.

As “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and defined it in the attribute “NON DIVINE”, in this unique “SPECIFIC SUPREME CONFIGURATION” of the “Specific Generative Energy ‘EARTHLY’ Domain” and the six “Specific Formative Energy ‘EARTHLY’ Domains”, the seven transformation steps follow the unique and same model of the “transformation step” of the products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” by the reagents of the “transformation

step”; that is, by the products characteristic of the “transformation step” considered and which will be consumed during the “transformation step”.

This same and unique model of the “transformation step” consists of twenty-four “transformation sub-steps” and is a manifestation of a metaphor of the unique model of the “transformation step” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” — one “Generative Divine Particle” and six “Formative Divine Particles” in “Movement of Formative Divine Particle” synchronized between them, and, each “Movement of Formative Divine Particle” synchronized with the movement of the “Generative Divine Particle” and without collisions forever with the passage of time.

CHAPTER 104

THE FIRST SEVEN “TRANSFORMATION SUB-STEPS” OF THE “TRANSFORMATION STEP” MODEL IN THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE ENERGY ‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’ DOMAINS”

It is always at the first “transformation sub-step” that the products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” start to continuously enter the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”. This entry marks the beginning of the “primary transformation”.

From this beginning of the first “transformation sub-step”, with the passage of time and the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”, a first defined quantity of products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” will be transformed in this “Specific Septenary Equilibrium Zone” by a first proportion of the reagents of the “transformation step”, and a first defined quantity of the “specific generative ‘EARTHLY’ energy” diluted, will be produced, thus marking the end of the first “transformation sub-step” and also the beginning of the second “transformation sub-step”.

From this beginning of the second “transformation sub-step”, with the passage of time and the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”, a second defined quantity of products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” will be transformed in this “Specific Septenary Equilibrium Zone” by a second proportion

of the reagents of the “transformation step”, and a second defined quantity of the “specific generative ‘EARTHLY’ energy” diluted, will be produced, thus marking the end of the second “transformation sub-step” and also the beginning of the third “transformation sub-step”.

From this beginning of the third “transformation sub-step”, with the passage of time and the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”, a third defined quantity of products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” will be transformed in this “Specific Septenary Equilibrium Zone” by a third proportion of the reagents of the “transformation step”, and a third defined quantity of the “specific generative ‘EARTHLY’ energy” diluted, will be produced, thus marking the end of the third “transformation sub-step” and also the beginning of the fourth “transformation sub-step”.

From this beginning of the fourth “transformation sub-step”, with the passage of time and the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”, a fourth defined quantity of products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” will be transformed in this “Specific Septenary Equilibrium Zone” by a fourth proportion of the reagents of the “transformation step”, and a fourth defined quantity of the “specific generative ‘EARTHLY’ energy” diluted, will be produced, thus marking the end of the fourth “transformation sub-step” and also the beginning of the fifth “transformation sub-step”.

From this beginning of the fifth “transformation sub-step”, with the passage of time and the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”, a fifth defined quantity of products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” will be transformed in this “Specific Septenary Equilibrium Zone” by a fifth proportion of the reagents of the “transformation step”, and a fifth defined quantity of the “specific generative ‘EARTHLY’ energy” diluted, will be produced, thus marking the end of the fifth “transformation sub-step” and also the beginning of the sixth “transformation sub-step”.

From this beginning of the sixth “transformation sub-step”, with the passage of time and the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”, a sixth defined quantity of products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” will be transformed in this “Specific Septenary Equilibrium Zone” by a sixth proportion of the reagents of the “transformation step”, and a sixth defined quantity of the “specific generative

‘EARTHLY’ energy” diluted, will be produced, thus marking the end of the sixth “transformation sub-step” and also the beginning of the seventh “transformation sub-step”.

From this beginning of the seventh “transformation sub-step”, with the passage of time and the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”, a seventh defined quantity of products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” will be transformed in this “Specific Septenary Equilibrium Zone” by a seventh proportion of the reagents of the “transformation step”, and a seventh defined quantity of the “specific generative ‘EARTHLY’ energy” diluted, will be produced, thus marking the end of the seventh “transformation sub-step” and also the beginning of the eighth “transformation sub-step”.

From the beginning of the first “transformation sub-step” to the end of the seventh “transformation sub-step”, seven defined quantities of products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” will be transformed in this “Specific Septenary Equilibrium Zone” by seven proportions of the reagents of the “transformation step”, and seven defined quantities of the “specific generative ‘EARTHLY’ energy” diluted, will be produced.

As a consequence, the “‘EARTHLY’ specific supply of subsistence” of products that are available in this “Specific Septenary Equilibrium Zone” will be at its peak at the end of the seventh “transformation sub-step”.

Therefore, through the perfect synchronization of the walking movement of each of the six “Specific Formative Energy ‘EARTHLY’ Domains” between them and with the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”, the products of the “specific work” accomplished by the second “Specific Formative Energy ‘EARTHLY’ Domain” will be at the entrance to the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

These products of the “specific work” accomplished by the second “Specific Formative Energy ‘EARTHLY’ Domain”, once they enter the “Specific Septenary Equilibrium Zone”, they will also attenuate a defined amount of the “specific generative ‘EARTHLY’ energy” diluted, which has been previously produced in this “Specific Septenary Equilibrium Zone”.

Thus, the “‘EARTHLY’ specific supply of subsistence” of products that are available in this “Specific Septenary Equilibrium Zone” will decrease further as

the amount of products of the “specific work” accomplished by the second “Specific Formative Energy ‘EARTHLY’ Domain” increases.

CHAPTER 104

THE FIRST SEVEN “TRANSFORMATION SUB-STEPS” OF THE “TRANSFORMATION STEP” MODEL IN THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE ENERGY ‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’ DOMAINS”

CHAPTER 105

THE EIGHTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE ENERGY ‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’ DOMAINS”

The entry of products of the “specific work” accomplished by the second “Specific Formative Energy ‘EARTHLY’ Domain” in the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain” marks the beginning of the eighth “transformation sub-step”.

From this beginning of the eighth “transformation sub-step”, with the passage of time and the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”:

- A first defined quantity of the “specific generative ‘EARTHLY’ energy” diluted, which was produced during the course of the first seven “transformation sub-steps”, as well as the products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” that still continue to enter this “Specific Septenary Equilibrium Zone”, will be attenuated in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the second “Specific Formative Energy ‘EARTHLY’ Domain”;
- A first defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the second “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary

Equilibrium Zone”, marking the end of the eighth “transformation sub-step”.

Therefore, through the perfect synchronization of the walking movement of each of the six “Specific Formative Energy ‘EARTHLY’ Domains” between them and with the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”, the products of the “specific work” accomplished by the third “Specific Formative Energy ‘EARTHLY’ Domain” will be at the entrance to the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

In addition to the products of the “specific work” accomplished by the second “Specific Formative Energy ‘EARTHLY’ Domain”, the products of the “specific work” accomplished by the third “Specific Formative Energy ‘EARTHLY’ Domain”, once they enter the “Specific Septenary Equilibrium Zone”, they will also attenuate a defined quantity of the “specific generative ‘EARTHLY’ energy” diluted remaining in this “Specific Septenary Equilibrium Zone”.

Thus, the “‘EARTHLY’ specific supply of subsistence” of products that are available in this “Specific Septenary Equilibrium Zone” will decrease further as the amount of products of the “specific work” accomplished by the third “Specific Formative Energy ‘EARTHLY’ Domain” increases.

CHAPTER 106

THE NINTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE ENERGY ‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’ DOMAINS”

The entry of products of the “specific work” accomplished by the third “Specific Formative Energy ‘EARTHLY’ Domain” in the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain” marks the beginning of the ninth “transformation sub-step”.

From this beginning of the ninth “transformation sub-step”, with the passage of time and the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”:

- A second defined quantity of the “specific generative ‘EARTHLY’ energy” diluted, which was produced during the course of the first seven “transformation sub-steps”, as well as the products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” that still continue to enter this “Specific Septenary Equilibrium Zone”, will be attenuated in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the second and by the third “Specific Formative Energy ‘EARTHLY’ Domains”;
- A second defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the second “Specific Formative Energy

‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;

- A first defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the third “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”, marking the end of the ninth “transformation sub-step”.

Therefore, through the perfect synchronization of the walking movement of each of the six “Specific Formative Energy ‘EARTHLY’ Domains” between them and with the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”, the products of the “specific work” accomplished by the fourth “Specific Formative Energy ‘EARTHLY’ Domain” will be at the entrance to the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

In addition to the products of the “specific work” accomplished by the second “Specific Formative Energy ‘EARTHLY’ Domain”, and to the products of the “specific work” accomplished by the third “Specific Formative Energy ‘EARTHLY’ Domain”, the products of the “specific work” accomplished by the fourth “Specific Formative Energy ‘EARTHLY’ Domain”, once they enter the “Specific Septenary Equilibrium Zone”, they will also attenuate a defined quantity of the “specific generative ‘EARTHLY’ energy” diluted remaining in this “Specific Septenary Equilibrium Zone”.

Thus, the “‘EARTHLY’ specific supply of subsistence” of products that are available in this “Specific Septenary Equilibrium Zone” will decrease further as the amount of products of the “specific work” accomplished by the fourth “Specific Formative Energy ‘EARTHLY’ Domain” increases.

CHAPTER 107

THE TENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE ENERGY ‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’ DOMAINS”

The entry of products of the “specific work” accomplished by the fourth “Specific Formative Energy ‘EARTHLY’ Domain” in the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain” marks the beginning of the tenth “transformation sub-step”.

From this beginning of the tenth “transformation sub-step”, with the passage of time and the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”:

- A third defined quantity of the “specific generative ‘EARTHLY’ energy” diluted, which was produced during the course of the first seven “transformation sub-steps”, as well as the products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” that still continue to enter this “Specific Septenary Equilibrium Zone”, will be attenuated in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the second, by the third, and by the fourth “Specific Formative Energy ‘EARTHLY’ Domains”;
- A third defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the second “Specific Formative Energy ‘EARTHLY’

Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;

- A second defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the third “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;
- A first defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the fourth “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”, marking the end of the tenth “transformation sub-step”.

Therefore, through the perfect synchronization of the walking movement of each of the six “Specific Formative Energy ‘EARTHLY’ Domains” between them and with the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”, the products of the “specific work” accomplished by the fifth “Specific Formative Energy ‘EARTHLY’ Domain” will be at the entrance to the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

In addition to the products of the “specific work” accomplished by the second “Specific Formative Energy ‘EARTHLY’ Domain”, to the products of the “specific work” accomplished by the third “Specific Formative Energy ‘EARTHLY’ Domain”, and to the products of the “specific work” accomplished by the fourth “Specific Formative Energy ‘EARTHLY’ Domain”, the products of the “specific work” accomplished by the fifth “Specific Formative Energy ‘EARTHLY’ Domain”, once they enter the “Specific Septenary Equilibrium Zone”, they will also attenuate a defined quantity of the “specific generative ‘EARTHLY’ energy” diluted remaining in this “Specific Septenary Equilibrium Zone”.

Thus, the “‘EARTHLY’ specific supply of subsistence” of products that are available in this “Specific Septenary Equilibrium Zone” will decrease further as the amount of products of the “specific work” accomplished by the fifth “Specific Formative Energy ‘EARTHLY’ Domain” increases.

CHAPTER 108

THE ELEVENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE ENERGY ‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’ DOMAINS”

The entry of products of the “specific work” accomplished by the fifth “Specific Formative Energy ‘EARTHLY’ Domain” in the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain” marks the beginning of the eleventh “transformation sub-step”.

From this beginning of the eleventh “transformation sub-step”, with the passage of time and the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”:

- A fourth defined quantity of the “specific generative ‘EARTHLY’ energy” diluted, which was produced during the course of the first seven “transformation sub-steps”, as well as the products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” that still continue to enter this “Specific Septenary Equilibrium Zone”, will be attenuated in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the second, by the third, by the fourth, and by the fifth “Specific Formative Energy ‘EARTHLY’ Domains”;
- A fourth defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the second “Specific Formative Energy ‘EARTHLY’

Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;

- A third defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the third “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;
- A second defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the fourth “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;
- A first defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the fifth “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”, marking the end of the eleventh “transformation sub-step”.

Therefore, through the perfect synchronization of the walking movement of each of the six “Specific Formative Energy ‘EARTHLY’ Domains” between them and with the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”, the products of the “specific work” accomplished by the sixth “Specific Formative Energy ‘EARTHLY’ Domain” will be at the entrance to the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

In addition to the products of the “specific work” accomplished by the second “Specific Formative Energy ‘EARTHLY’ Domain”, to the products of the “specific work” accomplished by the third “Specific Formative Energy ‘EARTHLY’ Domain”, to the products of the “specific work” accomplished by the fourth “Specific Formative Energy ‘EARTHLY’ Domain”, and to the products of the “specific work” accomplished by the fifth “Specific Formative Energy ‘EARTHLY’ Domain”, the products of the “specific work” accomplished by the sixth “Specific Formative Energy ‘EARTHLY’ Domain”, once they enter the “Specific Septenary Equilibrium Zone”, they will also attenuate a defined quantity of the “specific generative ‘EARTHLY’ energy” diluted remaining in this “Specific Septenary Equilibrium Zone”.

Thus, the “‘EARTHLY’ specific supply of subsistence” of products that are available in this “Specific Septenary Equilibrium Zone” will decrease further as the amount of products of the “specific work” accomplished by the sixth “Specific Formative Energy ‘EARTHLY’ Domain” increases.

THE TWELFTH “TRANSFORMATION SUB-STEP” OF
THE “TRANSFORMATION STEP” MODEL IN THE
“SPECIFIC SEPTENARY CONFIGURATION” OF THE
“SPECIFIC GENERATIVE ENERGY ‘EARTHLY’
DOMAIN” AND THE SIX “SPECIFIC FORMATIVE
ENERGY ‘EARTHLY’ DOMAINS”

From this beginning of the twelfth “transformation sub-step”, with the passage of time and the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”:

- A fifth defined quantity of the “specific generative ‘EARTHLY’ energy” diluted, which was produced during the course of the first seven “transformation sub-steps”, as well as the products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” that still continue to enter this “Specific Septenary Equilibrium Zone”, will be attenuated in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the second, by the third, by the fourth, by the fifth, and by the sixth “Specific Formative Energy ‘EARTHLY’ Domains”;
- A fifth defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the second “Specific Formative Energy ‘EARTHLY’

Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;

- A fourth defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the third “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;
- A third defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the fourth “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;
- A second defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the fifth “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;
- A first defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the sixth “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”, marking the end of the twelfth “transformation sub-step”.

Therefore, through the perfect synchronization of the walking movement of each of the six “Specific Formative Energy ‘EARTHLY’ Domains” between them and with the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”, the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain” will be at the entrance to the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

In addition to the products of the “specific work” accomplished by the second “Specific Formative Energy ‘EARTHLY’ Domain”, to the products of the “specific work” accomplished by the third “Specific Formative Energy ‘EARTHLY’ Domain”, to the products of the “specific work” accomplished by the fourth “Specific Formative Energy ‘EARTHLY’ Domain”, to the products of the “specific work” accomplished by the fifth “Specific Formative Energy ‘EARTHLY’ Domain”, and to the products of the “specific work” accomplished by the sixth “Specific Formative Energy ‘EARTHLY’ Domain”, the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”, once they enter the “Specific Septenary Equilibrium Zone”, they will also attenuate a defined quantity of the “specific generative ‘EARTHLY’ energy” diluted remaining in this “Specific Septenary Equilibrium Zone”.

Thus, the “‘EARTHLY’ specific supply of subsistence” of products that are available in this “Specific Septenary Equilibrium Zone” will decrease further as the amount of products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain” increases.

The entry of the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain” in the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain” will mark the end of entry of the products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” in this “Specific Septenary Equilibrium Zone”.

From the beginning of the first “transformation sub-step” to the end of the twelfth “transformation sub-step”, twelve defined quantities of products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” will enter the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

Among these twelve defined quantities of products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain”, seven will be transformed in this “Specific Septenary Equilibrium Zone” by seven proportions of the reagents of the “transformation step”, and seven defined quantities of the “specific generative ‘EARTHLY’ energy” diluted, will be produced.

CHAPTER 109
THE TWELFTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN
THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE ENERGY
‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’ DOMAINS”

CHAPTER 110

THE THIRTEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE ENERGY ‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’ DOMAINS”

The entry of products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain” in the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain” marks the beginning of the thirteenth “transformation sub-step”.

From this beginning of the thirteenth “transformation sub-step”, with the passage of time and the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”:

- A sixth defined quantity of the “specific generative ‘EARTHLY’ energy” diluted, which was produced during the course of the first seven “transformation sub-steps” will be attenuated in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the six “Specific Formative Energy ‘EARTHLY’ Domains”;
- A sixth defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the second “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;

- A fifth defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the third “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;
- A fourth defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the fourth “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;
- A third defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the fifth “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;
- A second defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the sixth “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;
- A first defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the first “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”, marking the end of the thirteenth “transformation sub-step” and the beginning of the fourteenth “transformation sub-step”.

Therefore, through the perfect synchronization of the walking movement of each of the six “Specific Formative Energy ‘EARTHLY’ Domains” between them and with the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”, the products of the “specific work” accomplished by the six “Specific Formative Energy ‘EARTHLY’ Domains” continue to enter continuously the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

Thus, the “‘EARTHLY’ specific supply of subsistence” of products that are available in this “Specific Septenary Equilibrium Zone” will decrease further as the amount of products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain” increases.

CHAPTER 111

THE FOURTEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE ENERGY ‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’ DOMAINS”

From this beginning of the fourteenth “transformation sub-step”, with the passage of time and the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”:

- The seventh and last remaining defined quantity of the “specific generative ‘EARTHLY’ energy” diluted, which was produced during the course of the first seven “transformation sub-steps” will be attenuated in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the six “Specific Formative Energy ‘EARTHLY’ Domains”;
- A seventh defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the second “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;
- A sixth defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the third “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;
- A fifth defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the fourth “Specific Formative Energy ‘EARTHLY’

Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;

- A fourth defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the fifth “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;
- A third defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the sixth “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;
- A second defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the first “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”, marking the end of the fourteenth “transformation sub-step” and the beginning of the fifteenth “transformation sub-step”.

Thus, the “‘EARTHLY’ specific supply of subsistence” of products that are available in this “Specific Septenary Equilibrium Zone” will decrease further as the amount of products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain” increases.

CHAPTER 112

THE FIFTEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE ENERGY ‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’ DOMAINS”

From this beginning of the fifteenth “transformation sub-step”, with the passage of time and the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”:

- A first defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the second “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the eighth to the fourteenth “transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”. Six other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the second “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.
- A seventh defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the third “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;
- A sixth defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the fourth “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;

- A fifth defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the fifth “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;
- A fourth defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the sixth “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;
- A third defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the first “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”, marking the end of the fifteenth “transformation sub-step” and the beginning of the sixteenth “transformation sub-step”.

Thus, the “‘EARTHLY’ specific supply of subsistence” of products that are available in this “Specific Septenary Equilibrium Zone” will decrease further as the amount of products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain” increases.

CHAPTER 113

THE SIXTEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE ENERGY ‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’ DOMAINS”

From this beginning of the sixteenth “transformation sub-step”, with the passage of time and the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”:

- A second defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the second “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the eighth to the fourteenth “transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”. Five other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the second “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.
- A first defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the third “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the ninth to the fifteenth “transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”. Six other defined quantities of the “specific formative ‘EARTHLY’ energy”

diluted of the third “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.

- A seventh defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the fourth “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;
- A sixth defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the fifth “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;
- A fifth defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the sixth “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;
- A fourth defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the first “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”, marking the end of the sixteenth “transformation sub-step” and the beginning of the seventeenth “transformation sub-step”.

Thus, the “‘EARTHLY’ specific supply of subsistence” of products that are available in this “Specific Septenary Equilibrium Zone” will decrease further as the amount of products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain” increases.

CHAPTER 114

THE SEVENTEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE ENERGY ‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’ DOMAINS”

From this beginning of the seventeenth “transformation sub-step”, with the passage of time and the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”:

- A third defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the second “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the eighth to the fourteenth “transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”. Four other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the second “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.
- A second defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the third “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the ninth to the fifteenth “transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”. Five other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the third “Specific Formative Energy

‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.

- A first defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the fourth “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the tenth to the sixteenth “transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”. Six other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the fourth “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.
- A seventh defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the fifth “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;
- A sixth defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the sixth “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;
- A fifth defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the first “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”, marking the end of the seventeenth “transformation sub-step” and the beginning of the eighteenth “transformation sub-step”.

Thus, the “‘EARTHLY’ specific supply of subsistence” of products that are available in this “Specific Septenary Equilibrium Zone” will decrease further as the amount of products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain” increases.

CHAPTER 115

THE EIGHTEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE ENERGY ‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’ DOMAINS”

From this beginning of the eighteenth “transformation sub-step”, with the passage of time and the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”:

- A fourth defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the second “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the eighth to the fourteenth “transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”. Three other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the second “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.
- A third defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the third “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the ninth to the fifteenth “transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”. Four other defined quantities of the “specific formative ‘EARTHLY’ energy”

diluted of the third “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.

- A second defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the fourth “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the tenth to the sixteenth “transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”. Five other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the fourth “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.
- A first defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the fifth “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the eleventh to the seventeenth “transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”. Six other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the fifth “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.
- A seventh defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the sixth “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”;
- A sixth defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the first “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”, marking the end of the eighteenth “transformation sub-step” and the beginning of the nineteenth “transformation sub-step”.

Thus, the “‘EARTHLY’ specific supply of subsistence” of products that are available in this “Specific Septenary Equilibrium Zone” will decrease further as the amount of products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain” increases.

CHAPTER 116

THE NINETEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE ENERGY ‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’ DOMAINS”

From this beginning of the nineteenth “transformation sub-step”, with the passage of time and the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”:

- A fifth defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the second “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the eighth to the fourteenth “transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”. Two other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the second “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.
- A fourth defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the third “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the ninth to the fifteenth “transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”. Three other defined quantities of the “specific formative ‘EARTHLY’ energy”

diluted of the third “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.

- A third defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the fourth “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the tenth to the sixteenth “transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”. Four other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the fourth “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.
- A second defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the fifth “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the eleventh to the seventeenth “transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”. Five other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the fifth “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.
- A first defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the sixth “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the twelfth to the eighteenth “transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”. Six other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the sixth “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.
- A seventh defined quantity of the “specific formative ‘EARTHLY’ energy” produced by the first “Specific Formative Energy ‘EARTHLY’ Domain” will also be transmitted to the “Specific Septenary Equilibrium Zone”, marking the end of the nineteenth “transformation sub-step” and the beginning of the twentieth “transformation sub-step”.

Thus, the “‘EARTHLY’ specific supply of subsistence” of products that are available in this “Specific Septenary Equilibrium Zone” will decrease and will be

determined by the amount of “specific formative ‘EARTHLY’ energy” diluted of the first “Specific Formative Energy ‘EARTHLY’ Domain”; namely, as the amount of products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain” increases.

From the beginning of the thirteenth “transformation sub-step” to the end of this nineteenth “transformation sub-step”, seven defined quantities of products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain” will be produced, transmitted to this “Specific Septenary Equilibrium Zone”, and transformed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the five others “Specific Formative Energy ‘EARTHLY’ Domains”. This amount of “specific formative ‘EARTHLY’ energy” diluted of the first “Specific Formative Energy ‘EARTHLY’ Domain”, that is, which is produced by the first “Specific Formative Energy ‘EARTHLY’ Domain”, transmitted and transformed in this “Specific Septenary Equilibrium Zone”, will be at its peak at the end of this nineteenth “transformation sub-step”.

From the beginning of the eighth “transformation sub-step” to the end of this nineteenth “transformation sub-step”, twelve defined quantities of products of the “specific work” accomplished by the second “Specific Formative Energy ‘EARTHLY’ Domain” will be produced and transmitted to this “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

Among these twelve defined quantities of products of the “specific work” accomplished by the second “Specific Formative Energy ‘EARTHLY’ Domain”, seven will be transformed in this “Specific Septenary Equilibrium Zone” by seven proportions of the reagents of the “transformation step”, and seven defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the second “Specific Formative Energy ‘EARTHLY’ Domain” will be produced.

Among these seven defined quantities of the “specific formative ‘EARTHLY’ energy” diluted from the second “Specific Formative Energy ‘EARTHLY’ Domain”, five will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”.

Therefore, through the perfect synchronization of the walking movement of each of the six “Specific Formative Energy ‘EARTHLY’ Domains” between them and with the walking movement of the “Specific Generative Energy ‘EARTHLY’

Domain”, the end of this nineteenth “transformation sub-step” will also mark the end of entry of the products of the “specific work” accomplished by the second “Specific Formative Energy ‘EARTHLY’ Domain” in this “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

CHAPTER 116

THE NINETEENTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE ENERGY ‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’ DOMAINS”

CHAPTER 117

THE TWENTIETH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE ENERGY ‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’ DOMAINS”

This end of entry of the products of the second “Specific Formative Energy ‘EARTHLY’ Domain” in this “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain” also marks the beginning of the twentieth “transformation sub-step”.

From this beginning of the twentieth “transformation sub-step”, with the passage of time and the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”:

- A fifth defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the third “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the ninth to the fifteenth “transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”. Two other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the third “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.
- A fourth defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the fourth “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the tenth to the sixteenth

“transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”. Three other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the fourth “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.

- A third defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the fifth “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the eleventh to the seventeenth “transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”. Four other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the fifth “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.
- A second defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the sixth “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the twelfth to the eighteenth “transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”. Five other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the sixth “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.
- A first defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the first “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the thirteenth to the nineteenth “transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone”. Six other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the first “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.

Thus, the “‘EARTHLY’ specific supply of subsistence” of products that are available in this “Specific Septenary Equilibrium Zone” will stop decreasing and start to increase, but it will still be determined by the amount of “specific formative ‘EARTHLY’ energy” diluted of the first “Specific Formative Energy

‘EARTHLY’ Domain”; namely, as the amount of the “specific formative ‘EARTHLY’ energy” produced by the first “Specific Formative Energy ‘EARTHLY’ Domain” decreases.

From the beginning of the ninth “transformation sub-step” to the end of this twentieth “transformation sub-step”, twelve defined quantities of products of the “specific work” accomplished by the third “Specific Formative Energy ‘EARTHLY’ Domain” will be produced and transmitted to this “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

Among these twelve defined quantities of products of the “specific work” accomplished by the third “Specific Formative Energy ‘EARTHLY’ Domain”, seven will be transformed in this “Specific Septenary Equilibrium Zone” by seven proportions of the reagents of the “transformation step”, and seven defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the third “Specific Formative Energy ‘EARTHLY’ Domain” will be produced.

Among these seven defined quantities of the “specific formative ‘EARTHLY’ energy” diluted from the third “Specific Formative Energy ‘EARTHLY’ Domain”, five will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”.

Therefore, through the perfect synchronization of the walking movement of each of the six “Specific Formative Energy ‘EARTHLY’ Domains” between them and with the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”, the end of this twentieth “transformation sub-step” will also mark the end of entry of the “specific work” accomplished by the products of the third “Specific Formative Energy ‘EARTHLY’ Domain” in this “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

CHAPTER 117

THE TWENTIETH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL
IN THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE ENERGY
‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’ DOMAINS”

CHAPTER 118

THE TWENTY-FIRST “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE ENERGY ‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’ DOMAINS”

This end of entry of the products of the “specific work” accomplished by the third “Specific Formative Energy ‘EARTHLY’ Domain” in this “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain” also marks the beginning of the twenty-first “transformation sub-step”.

From this beginning of the twenty-first “transformation sub-step”, with the passage of time and the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”:

- A fifth defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the fourth “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the tenth to the sixteenth “transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”. Two other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the fourth “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.
- A fourth defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the fifth “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the eleventh to the seventeenth

“transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”. Three other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the fifth “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.

- A third defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the sixth “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the twelfth to the eighteenth “transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”. Four other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the sixth “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.
- A second defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the first “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the thirteenth to the nineteenth “transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone”. Five other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the first “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.

Thus, the “‘EARTHLY’ specific supply of subsistence” of products that are available in this “Specific Septenary Equilibrium Zone” will increase further, but it will still be determined by the amount of “specific formative ‘EARTHLY’ energy” diluted of the first “Specific Formative Energy ‘EARTHLY’ Domain”; namely, as the amount of the “specific formative ‘EARTHLY’ energy” produced by the first “Specific Formative Energy ‘EARTHLY’ Domain” decreases.

From the beginning of the tenth “transformation sub-step” to the end of this twenty-first “transformation sub-step”, twelve defined quantities of products of the “specific work” accomplished by the fourth “Specific Formative Energy ‘EARTHLY’ Domain” will be produced and transmitted to this “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

Among these twelve defined quantities of products of the “specific work” accomplished by the fourth “Specific Formative Energy ‘EARTHLY’ Domain”, seven will be transformed in this “Specific Septenary Equilibrium Zone” by seven proportions of the reagents of the “transformation step”, and seven defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the fourth “Specific Formative Energy ‘EARTHLY’ Domain” will be produced.

Among these seven defined quantities of the “specific formative ‘EARTHLY’ energy” diluted from the fourth “Specific Formative Energy ‘EARTHLY’ Domain”, five will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”.

Therefore, through the perfect synchronization of the walking movement of each of the six “Specific Formative Energy ‘EARTHLY’ Domains” between them and with the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”, the end of this twenty-first “transformation sub-step” will also mark the end of entry of the products of the “specific work” accomplished by the fourth “Specific Formative Energy ‘EARTHLY’ Domain” in this “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

CHAPTER 118

THE TWENTY-FIRST “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP”
MODEL IN THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE
ENERGY ‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’
DOMAINS”

CHAPTER 119

THE TWENTY-SECOND “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE ENERGY ‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’ DOMAINS”

This end of entry of the products of the “specific work” accomplished by the fourth “Specific Formative Energy ‘EARTHLY’ Domain” in this “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain” also marks the beginning of the twenty-second “transformation sub-step”.

From this beginning of the twenty-second “transformation sub-step”, with the passage of time and the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”:

- A fifth defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the fifth “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the eleventh to the seventeenth “transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”. Two other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the fifth “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.
- A fourth defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the sixth “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the twelfth to the eighteenth

“transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”. Three other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the sixth “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.

- A third defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the first “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the thirteenth to the nineteenth “transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone”. Four other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the first “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.

Thus, the “‘EARTHLY’ specific supply of subsistence” of products that are available in this “Specific Septenary Equilibrium Zone” will increase further, but it will still be determined by the amount of “specific formative ‘EARTHLY’ energy” diluted of the first “Specific Formative Energy ‘EARTHLY’ Domain”; namely, as the amount of the “specific formative ‘EARTHLY’ energy” produced by the first “Specific Formative Energy ‘EARTHLY’ Domain” decreases.

From the beginning of the eleventh “transformation sub-step” to the end of this twenty-second “transformation sub-step”, twelve defined quantities of products of the “specific work” accomplished by the fifth “Specific Formative Energy ‘EARTHLY’ Domain” will be produced and transmitted to this “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

Among these twelve defined quantities of products of the “specific work” accomplished by the fifth “Specific Formative Energy ‘EARTHLY’ Domain”, seven will be transformed in this “Specific Septenary Equilibrium Zone” by seven proportions of the reagents of the “transformation step”, and seven defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the fifth “Specific Formative Energy ‘EARTHLY’ Domain” will be produced.

Among these seven defined quantities of the “specific formative ‘EARTHLY’ energy” diluted from the fifth “Specific Formative Energy ‘EARTHLY’ Domain”, five will be consumed in this “Specific Septenary Equilibrium Zone” by the

Therefore, through the perfect synchronization of the walking movement of each of the six “Specific Formative Energy ‘EARTHLY’ Domains” between them and with the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”, the end of this twenty-second “transformation sub-step” will also mark the end of entry of the products of the “specific work” accomplished by the fifth “Specific Formative Energy ‘EARTHLY’ Domain” in this “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

CHAPTER 119

THE TWENTY-SECOND “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP”
MODEL IN THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE
ENERGY ‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’
DOMAINS”

CHAPTER 120

THE TWENTY-THIRD “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE ENERGY ‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’ DOMAINS”

This end of entry of the products of the fifth “Specific Formative Energy ‘EARTHLY’ Domain” in this “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain” also marks the beginning of the twenty-third “transformation sub-step”.

From this beginning of the twenty-third “transformation sub-step”, with the passage of time and the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”:

- A fifth defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the sixth “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the twelfth to the eighteenth “transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”. Two other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the sixth “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.
- A fourth defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the first “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the thirteenth to the nineteenth

“transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone”. Three other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the first “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.

Thus, the “‘EARTHLY’ specific supply of subsistence” of products that are available in this “Specific Septenary Equilibrium Zone” will increase further, but it will still be determined by the amount of “specific formative ‘EARTHLY’ energy” diluted of the first “Specific Formative Energy ‘EARTHLY’ Domain”; namely, as the amount of the “specific formative ‘EARTHLY’ energy” produced by the first “Specific Formative Energy ‘EARTHLY’ Domain” decreases.

From the beginning of the twelfth “transformation sub-step” to the end of this twenty-third “transformation sub-step”, twelve defined quantities of products of the “specific work” accomplished by the sixth “Specific Formative Energy ‘EARTHLY’ Domain” will be produced and transmitted to this “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

Among these twelve defined quantities of products of the “specific work” accomplished by the sixth “Specific Formative Energy ‘EARTHLY’ Domain”, seven will be transformed in this “Specific Septenary Equilibrium Zone” by seven proportions of the reagents of the “transformation step”, and seven defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the sixth “Specific Formative Energy ‘EARTHLY’ Domain” will be produced.

Among these seven defined quantities of the “specific formative ‘EARTHLY’ energy” diluted from the sixth “Specific Formative Energy ‘EARTHLY’ Domain”, five will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”.

Therefore, through the perfect synchronization of the walking movement of each of the six “Specific Formative Energy ‘EARTHLY’ Domains” between them and with the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”, the end of this twenty-third “transformation sub-step” will also mark the end of entry of the products of the “specific work” accomplished by the sixth “Specific Formative Energy ‘EARTHLY’ Domain” in this “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

CHAPTER 120

THE TWENTY-THIRD “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE ENERGY ‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’ DOMAINS”

CHAPTER 121

THE TWENTY-FOURTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE ENERGY ‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’ DOMAINS”

This end of entry of the products of the “specific work” accomplished by the sixth “Specific Formative Energy ‘EARTHLY’ Domain” in this “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain” also marks the beginning of the twenty-fourth “transformation sub-step”.

From this beginning of the twenty-fourth “transformation sub-step”, with the passage of time and the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”:

- A fifth defined quantity of the “specific formative ‘EARTHLY’ energy” diluted of the first “Specific Formative Energy ‘EARTHLY’ Domain” that was produced during the course of the thirteenth to the nineteenth “transformation sub-steps” will be consumed in this “Specific Septenary Equilibrium Zone”. Two other defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the first “Specific Formative Energy ‘EARTHLY’ Domain” will still be present in this “Specific Septenary Equilibrium Zone”.

Thus, the “‘EARTHLY’ specific supply of subsistence” of products that are available in this “Specific Septenary Equilibrium Zone” will increase further, but it will still be determined by the amount of “specific formative ‘EARTHLY’ energy”

diluted of the first “Specific Formative Energy ‘EARTHLY’ Domain”; namely, as the amount of the “specific formative ‘EARTHLY’ energy” produced by the first “Specific Formative Energy ‘EARTHLY’ Domain” decreases.

From the beginning of the thirteenth “transformation sub-step” to the end of this twenty-fourth “transformation sub-step”, twelve defined quantities of products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain” will be produced and transmitted to this “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

Among these twelve defined quantities of products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”, seven will be transformed in this “Specific Septenary Equilibrium Zone” by seven proportions of the reagents of the “transformation step”, and seven defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the first “Specific Formative Energy ‘EARTHLY’ Domain” will be produced.

Among these seven defined quantities of the “specific formative ‘EARTHLY’ energy” diluted from the first “Specific Formative Energy ‘EARTHLY’ Domain”, five will be consumed in this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”.

Therefore, through the perfect synchronization of the walking movement of each of the six “Specific Formative Energy ‘EARTHLY’ Domains” between them and with the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain”, the end of this twenty-fourth “transformation sub-step” will also mark the end of entry of the products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain” in this “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

This end of entry of the products of the “specific work” accomplished by first “Specific Formative Energy ‘EARTHLY’ Domain” in this “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain” also marks the end of the “transformation step” of the products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” by the reagents of the “transformation step” in the “Specific Septenary Configuration” of seven “Specific Energy ‘EARTHLY’ Domains”.

CHAPTER 121

THE TWENTY-FOURTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE ENERGY ‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’ DOMAINS”

Thus, in the “Specific Septenary Configuration” of seven “Specific Energy ‘EARTHLY’ Domains”, a “transformation step” of the products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” by the reagents of the “transformation step” will come to its end and keep the stability of the proportion of the products of the “specific work” accomplished by the six “Specific Formative Energy ‘EARTHLY’ Domains” in this “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

At the end of this “transformation step”, the following will be present in the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”:

- A “primary proportion” of the “primary unit” of products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”. Both defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the first “Specific Formative Energy ‘EARTHLY’ Domain” that are still present in this “Specific Septenary Equilibrium Zone” constitute this “primary proportion” of the “primary unit” of products of the “specific work” accomplished by the first “Specific Formative Energy ‘EARTHLY’ Domain”.
- A “secondary proportion” of the “secondary unit” of products of the “specific work” accomplished by the second “Specific Formative Energy ‘EARTHLY’ Domain”. Both defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the second “Specific Formative Energy ‘EARTHLY’ Domain” that are still present in this “Specific Septenary Equilibrium Zone” constitute this “secondary proportion” of the “secondary unit” of products of the “specific work” accomplished by the second “Specific Formative Energy ‘EARTHLY’ Domain”.
- A “tertiary proportion” of the “tertiary unit” of products of the “specific work” accomplished by the third “Specific Formative Energy ‘EARTHLY’ Domain”. Both defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the third “Specific Formative Energy ‘EARTHLY’ Domain” that are still present in this “Specific Septenary Equilibrium Zone” constitute this “tertiary proportion” of the “tertiary unit” of products of the “specific work” accomplished by the third “Specific Formative Energy ‘EARTHLY’ Domain”.

- A “quaternary proportion” of the “quaternary unit” of products of the “specific work” accomplished by the fourth “Specific Formative Energy ‘EARTHLY’ Domain”. Both defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the fourth “Specific Formative Energy ‘EARTHLY’ Domain” that are still present in this “Specific Septenary Equilibrium Zone” constitute this “quaternary proportion” of the “quaternary unit” of products of the “specific work” accomplished by the fourth “Specific Formative Energy ‘EARTHLY’ Domain”.
- A “quinary proportion” of the “quinary unit” of products of the “specific work” accomplished by the fifth “Specific Formative Energy ‘EARTHLY’ Domain”. Both defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the fifth “Specific Formative Energy ‘EARTHLY’ Domain” that are still present in this “Specific Septenary Equilibrium Zone” constitute this “quinary proportion” of the “quinary unit” of products of the “specific work” accomplished by the fifth “Specific Formative Energy ‘EARTHLY’ Domain”.
- A “senary proportion” of the “senary unit” of products of the “specific work” accomplished by the sixth “Specific Formative Energy ‘EARTHLY’ Domain”. Both defined quantities of the “specific formative ‘EARTHLY’ energy” diluted of the sixth “Specific Formative Energy ‘EARTHLY’ Domain” that are still present in this “Specific Septenary Equilibrium Zone” constitute this “senary proportion” of the “senary unit” of products of the “specific work” accomplished by the sixth “Specific Formative Energy ‘EARTHLY’ Domain”.

In this “Specific Septenary Configuration” of seven “Specific Energy ‘EARTHLY’ Domains” — the “Specific Generative Energy ‘EARTHLY’ Domain” and six “Specific Formative Energy ‘EARTHLY’ Domains” — each “Specific Formative Energy ‘EARTHLY’ Domain” will define a unique “Specific Septenary Equilibrium Zone” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

It is within each of these six “Specific Septenary Equilibrium Zones” and in their respective “Specific Septenary Equilibrium Spaces” that “THE DIVINE ARCHITECT AND PROJECT MASTER” will design the domains of habitation that “THE DIVINE FORCE” will create into existence for the creatures that have been designed to reside in the “Plane Below”.

To move from one domain of habitation to another domain, “THE DIVINE ARCHITECT AND PROJECT MASTER” also designed and lined up the “specific processes” of transformation that will be applied to these creatures with the

passage of the time. We shall talk about these “specific processes” of transformation in the text of a section below concerning the “‘SPIRIT←LIGHT’ ‘EARTHLY’ Creature”.

Having designed in the “Plane Below”, the “SPECIFIC SUPREME CONFIGURATION” of seven “Specific Energy ‘EARTHLY’ Domains” — one “Specific Generative Energy ‘EARTHLY’ Domain” and six “Specific Formative Energy ‘EARTHLY’ Domains” in movements manifested of a metaphor of the “Movement of Formative Divine Particle”, synchronized between them and each of these movements manifested of a metaphor of the “Movement of Formative Divine Particle” synchronized with the movement of the “Specific Generative Energy ‘EARTHLY’ Domain”, and without collisions forever with the passage of the time — in the proportions of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has then, designed six domains of habitation, each in each of the six “Specific Septenary Equilibrium Zone” that are associated to these six “Specific Formative Energy ‘EARTHLY’ Domains”.

CHAPTER 121

THE TWENTY-FOURTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP” MODEL IN THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE ENERGY ‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’ DOMAINS”

CHAPTER 121

THE TWENTY-FOURTH “TRANSFORMATION SUB-STEP” OF THE “TRANSFORMATION STEP”
MODEL IN THE “SPECIFIC SEPTENARY CONFIGURATION” OF THE “SPECIFIC GENERATIVE
ENERGY ‘EARTHLY’ DOMAIN” AND THE SIX “SPECIFIC FORMATIVE ENERGY ‘EARTHLY’
DOMAINS”

CHAPTER 122

THE DOMAINS OF HABITATION MANIFESTED IN THE “PLANE BELOW” IN THE “SPECIFIC ‘PARTIALLY SPIRITUAL’ ENVIRONMENT”

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed, from the “Specific Elementary ‘EARTHLY’ Particle”, an eighth “Specific Energy ‘EARTHLY’ Substance” constituted by a double structure of “Specific Energy ‘EARTHLY’ Substances”; establishing as such an expression of the model of these “EONS” that “THE DIVINE” has chosen to share with the attribute “NON DIVINE” by adding only a purpose to their manifestations in the attribute “NON DIVINE”, without adding a provision of “THE INTELLECT OF THE DIVINE”, also without adding a provision of “THE DIVINE FORCE”.

HE has chosen to immerse this eighth “Specific Energy ‘EARTHLY’ Substance” in the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

The inner structure and the outer structure of this double structure are “Specific Energy ‘EARTHLY’ Substances”, which are each “CONSCIOUS”, and each possessing its own dynamism, its own principle of action, and they are separated by a “Specific ‘EARTH←EARTH’ Inner Frontier”.

The “Specific ‘EARTH←EARTH’ Inner Frontier”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and defined it, is maintained by a set of “specific processes” which help containing the “Specific Energy ‘EARTHLY’ Substance” constituent of the outer structure of this double structure and keep it intact; that is, to stabilize its “‘EARTHLY’ specific supply of subsistence” whenever it increases and gets near the proximity of the “‘EARTHLY’ specific supply of subsistence” necessary for occurrence of the special “specific event” of “EXPANSION”.

The “Specific ‘EARTH←EARTH’ Inner Frontier”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and defined it, will not increase the “‘EARTHLY’ specific supply of subsistence” of the “Specific Energy ‘EARTHLY’ Substance” at a high level if this “‘EARTHLY’ specific supply of subsistence” came to decrease following the work accomplished by the volume of “Specific Atomic ‘EARTHLY’ Substances” constituents of the “Specific Energy ‘EARTHLY’ Substance”.

The “Specific ‘EARTH←EARTH’ Inner Frontier”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and defined it, will instead act to maintain a dynamic state of equilibrium, which is the result of application of its principle of action, when the “‘EARTHLY’ specific supply of subsistence” of this whole inner structure increases.

This “Specific ‘EARTH←EARTH’ Inner Frontier” and the “Specific Energy ‘EARTHLY’ Substance” that it contains, also define a “Specific Energy ‘EARTHLY’ Inner Domain”. It is this “Specific Energy ‘EARTHLY’ Inner Domain” that will nourish the outer structure constituent of this double structure and provide for its subsistence in order to remain into existence in its “‘EARTHLY’ Specific State”.

As parts of its dynamism, its principle of action, “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed this “Specific Energy ‘EARTHLY’ Inner Domain”, with a crucial “specific behavior”, based on that which is called the “movement”, and which allows the “Specific Energy ‘EARTHLY’ Inner Domain” to “hover”, to be in stationary suspension, in equilibrium inside the “MURKY VOID”. It is the “crucial stationary movement” of the “Specific Energy ‘EARTHLY’ Inner Domain”, and it is the result of the combination and a “specific interpretation” of “specific effects” and associated “specific behaviors” of “Specific Atomic ‘EARTHLY’ Substances” constituents of the “Specific Energy ‘EARTHLY’ Inner Domain”. Due to this “crucial stationary movement” of the “Specific Energy ‘EARTHLY’ Inner Domain”, the totality constituted by the outer structure that is attached to the “Specific Energy ‘EARTHLY’ Inner Domain” and that is separated by the “Specific ‘EARTH←EARTH’ Inner Frontier”, will also remain in stationary suspension, in equilibrium inside the “MURKY VOID”.

As “THE DIVINE ARCHITECT AND PROJECT MASTER” had designed it, it is through “THE DIVINE FORCE” that “THE DIVINE” would “NOURISH” this “Specific Energy ‘EARTHLY’ Inner Domain” and thereby, grow the entire “Specific Energy ‘EARTHLY’ Substance” and which is formed by this double

structure of “Specific Energy ‘EARTHLY’ Substances”, by “EXPANSION” on a larger volume inside the first “Specific Septenary Equilibrium Zone”.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the eighth “Specific Energy ‘EARTHLY’ Domain” in the “Plane Below”. This eighth “Specific Energy ‘EARTHLY’ Domain” in the “Plane Below” is also the ninth “Specific Energy ‘Partially Spiritual’ Domain” in the “MURKY VOID”: it will also be the first “Specific Energy ‘EARTHLY’ Habitation Domain” for the creatures that “THE DIVINE FORCE” will create into existence in the “Plane Below”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has also designed and with aim to make manifest into existence, by “THE DIVINE FORCE”, the “Specific ‘SPIRITUAL’ Frontier” of this first “Specific Energy ‘EARTHLY’ Habitation Domain”, delineating as such the “Specific ‘SPIRITUAL’ Environment” external and immediate around it by a spiritual aureole visible to “THE EYE OF THE DIVINE”, and which is a manifestation of the state of “HARMONY” with “THE DIVINE”, IHVH, our FATHER: it is the “Specific Radiance ‘SPIRITUAL’ Aureole”, because it is an expression of the radiance of that, which has been created in the attribute “NON DIVINE”.

All concepts set forth here above and regarding the “Specific Energy ‘SPIRITUAL’ Domain” also extend on the “Specific Energy ‘EARTHLY’ Habitation Domain”, through each of its two structures: the “Specific Energy ‘EARTHLY’ Inner Domain” and the “Specific Energy ‘EARTHLY’ Outer Domain”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Elementary ‘EARTHLY’ Particle” at the origin of the “Specific Energy ‘EARTHLY’ Inner Domain” with a very high fundamental “‘EARTHLY’ specific supply of subsistence”, insufficient to allow the occurrence of the special “specific event” of “EXPANSION” inside the “Specific Energy ‘EARTHLY’ Inner Domain”, and also insufficient to continually allow the occurrence of the special “specific event” of “EXPANSION” in the constituent “Specific Energy ‘EARTHLY’ Outer Domain”.

However, this very high fundamental “‘EARTHLY’ specific supply of subsistence” is sufficient to allow a perpetual “crucial stationary movement” of the “Specific Energy ‘EARTHLY’ Inner Domain”, and the totality constituted by the “Specific Energy ‘EARTHLY’ Inner Domain”, to remain perpetually in stationary suspension, in equilibrium inside the “MURKY VOID”, without falling down, or falling on one side or another.

This fundamental “‘EARTHLY’ specific supply of subsistence” is also high enough to allow the “Specific Energy ‘EARTHLY’ Inner Domain” of this first “Specific Energy ‘EARTHLY’ Habitation Domain” to nourish the constituent outer structure of the double structure of this first “Specific Energy ‘EARTHLY’ Habitation Domain” and provide for its subsistence in its “‘EARTHLY’ Specific State”, within the time limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for it.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has also defined and established a maximum “‘EARTHLY’ specific supply of subsistence” that this first “Specific Energy ‘EARTHLY’ Habitation Domain” can withstand while remaining in the attribute “NON DIVINE” and above which its structure will be destroyed because it is attached to the attribute “NON DIVINE”. This maximum “‘EARTHLY’ specific supply of subsistence” is always billions of times less than the “‘SPIRITUAL’ divine electrical charge” of a “DIVINE SUBSTANCE”.

In the attribute “NON DIVINE”, inside the first “Specific Energy ‘CELESTIAL’ Domain” and with respect to the “CARDINAL POINT OF THE CREATION”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has assigned a metaphor of the “First Movement of the Divine Particles” to this first “Specific Energy ‘EARTHLY’ Habitation Domain”. It is thus that this first “Specific Energy ‘EARTHLY’ Habitation Domain” will have a single walking movement: the unique manifestation of the chosen metaphor of the “First Movement of the Divine Particles” in the “MURKY VOID” and in the “Plane Below”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has synchronized the complete flow path of this first “Specific Energy ‘EARTHLY’ Habitation Domain” with the twenty-four “transformation sub-steps” of the common model of the seven “transformation steps” of products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” in the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain”.

Therefore, through these twenty-four “transformation sub-steps” of the common model of the seven “transformation steps” in this “SPECIFIC SUPREME CONFIGURATION” of seven “Specific Energy ‘EARTHLY’ Domains” — one “Specific Generative Energy ‘EARTHLY’ Domain” and six “Specific Formative Energy ‘EARTHLY’ Domains” — “THE DIVINE ARCHITECT AND PROJECT MASTER” has synchronized the complete flow path of this first “Specific Energy ‘EARTHLY’ Habitation Domain” with the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain” and also with the walking movements of the six “Specific Formative Energy ‘EARTHLY’ Domains”.

Through the perfect synchronization and through “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, the walking movement of each of the six “Specific Formative Energy ‘EARTHLY’ Domains” is driven by the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain” along the “First Orbit of The MOST LUMINOUS”.

It is so that, the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain” and everything that this “Specific Septenary Equilibrium Zone” contains is driven by the “Specific Generative Energy ‘EARTHLY’ Domain” in its walking movement along the “First Orbit of The MOST LUMINOUS”.

Thus, through the perfect synchronization and through “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, the walking movement of the first “Specific Energy ‘EARTHLY’ Habitation Domain” is driven by the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain” along the “First Orbit of The MOST LUMINOUS”.

This perfect synchronization of walking movements will give the impression that it is this first “Specific Energy ‘EARTHLY’ Habitation Domain” which is moving around the “Specific Generative Energy ‘EARTHLY’ Domain”; but it is not so.

It is in truth the walking movement of this first “Specific Energy ‘EARTHLY’ Habitation Domain” which is driven by the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain” along the “First Orbit of The MOST LUMINOUS” and through “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.¹⁶⁸

Through this perfect synchronization of walking movements, “THE DIVINE ARCHITECT AND PROJECT MASTER” has established the “Specific Walking Path” of the first “Specific Energy ‘EARTHLY’ Habitation Domain”. This “Specific Walking Path” of the first “Specific Energy ‘EARTHLY’ Habitation Domain” passes through the twenty-four “transformation sub-steps”, and is completed at the end of the twenty-fourth “transformation sub-step”.

¹⁶⁸ It is reminiscent of mechanisms that are driven by gears, in a large clock and in which the initial cog and the final cog are only apparent and have been manufactured using the “Specific Energy ‘EARTHLY’ Substance” which will be visible to creatures, but the transmissions, the intermediate cogs by which the movement is communicated from one to the other are hidden inside the clock, and have been manufactured using the “Specific Energy ‘SPIRITUAL’ Substance” which will escape the sight of creatures.

Therefore, a complete flow path of this first “Specific Energy ‘EARTHLY’ Habitation Domain” along its “Specific Walking Path” will be defined and measured by a “measure of transformation step” in the first “Specific Septenary Equilibrium Zone”, of products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain”; that is, a complete flow path of this first “Specific Energy ‘EARTHLY’ Habitation Domain” along its “Specific Walking Path” will be defined and measured by the time measurement unit called the “Day”, on the “Calendar of the ‘NON DIVINE’”.

In the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”, and on the “Specific Walking Path” of this “Specific Energy ‘EARTHLY’ Habitation Domain”, the measurement of execution time of the “transformation sub-step” will be defined by the unit of measurement of time that will be called the “Hour”, on the “Calendar of the ‘NON DIVINE’”.

The period of thirty times the “measure of transformation step” accomplished by this first “Specific Energy ‘EARTHLY’ Habitation Domain” is measured by the unit of time which will be called the “Month”, on the “Calendar of the ‘NON DIVINE’”; This period of thirty times the “measure of transformation step” corresponds to a complete flow path of the first “Specific Formative Energy ‘EARTHLY’ Domain” that is associated with this first “Specific Energy ‘EARTHLY’ Habitation Domain”.

The period of three hundred and sixty-four times the “measure of transformation step” accomplished by this first “Specific Energy ‘EARTHLY’ Habitation Domain” is measured by the unit of time which will be called the “Year”, on the “Calendar of the ‘NON DIVINE’”; This period of three hundred and sixty-four times the “measure of transformation step” corresponds to a complete flow path of the “Specific Generative Energy ‘EARTHLY’ Domain” along the “First Orbit of The MOST LUMINOUS”.

From the beginning of the first “transformation sub-step” — of the products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” by the products of the “specific work” accomplished by the six “Specific Formative Energy ‘EARTHLY’ Domains” — to the end of the twelfth “transformation sub-step”, the “Specific Walking Path” of this first “Specific Energy ‘EARTHLY’ Habitation Domain” will be defined by a portion of the “First Orbit of The MOST LUMINOUS”.

From the beginning of the thirteenth “transformation sub-step”, to the end of the twenty-fourth “transformation sub-step”, the “Specific Walking Path” of this first “Specific Energy ‘EARTHLY’ Habitation Domain” will be defined by another portion of the “First Orbit of The MOST LUMINOUS”.

From the beginning of the thirteenth “transformation sub-step”, until the end of the twenty-fourth “transformation sub-step”, the “Specific Walking Path” of this first “Specific Energy ‘EARTHLY’ Habitation Domain” will be defined by a portion of a portion of the “Second Orbit of The MOST LUMINOUS”.

Therefore, through this perfect synchronization of walking movements and in the cycle of transformation of products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” by the products of the “specific work” accomplished by the six “Specific Formative Energy ‘EARTHLY’ Domains”:

- The first “Day” for this first “Specific Energy ‘EARTHLY’ Habitation Domain” is defined by the “primary transformation” which is associated with maintaining the stability of the products of the “specific work” accomplished by this first “Specific Formative Energy ‘EARTHLY’ Domain” in the “Specific Septenary Equilibrium Zone” of this first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

This first “Day” is characterized by the manifestation of the metaphor of the “‘SPIRIT’ Divine State” and the symbol of this first “Day” is also “PURITY” — the eternal symbol of glory of “THE DIVINE ARCHITECT AND PROJECT MASTER”.

- The second “Day” for this first “Specific Energy ‘EARTHLY’ Habitation Domain” is defined by the “secondary transformation” which is associated with maintaining the stability of the products of the “specific work” accomplished by the second “Specific Formative Energy ‘EARTHLY’ Domain” in the “Specific Septenary Equilibrium Zone” of this first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

This second “Day” is characterized by the manifestation of the metaphor of the “‘SPIRIT→LIGHT’ Divine State”.

- The third “Day” for this first “Specific Energy ‘EARTHLY’ Habitation Domain” is defined by the “tertiary transformation” which is associated

with maintaining the stability of the products of the “specific work” accomplished by the third “Specific Formative Energy ‘EARTHLY’ Domain” in the “Specific Septenary Equilibrium Zone” of this first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

This third “Day” is characterized by the manifestation of the metaphor of the “‘LIGHT’ Divine State”.

- The fourth “Day” for this first “Specific Energy ‘EARTHLY’ Habitation Domain” is defined by the “quaternary transformation” which is associated with maintaining the stability of the products of the “specific work” accomplished by the fourth “Specific Formative Energy ‘EARTHLY’ Domain” in the “Specific Septenary Equilibrium Zone” of this first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

This fourth “Day” is characterized by the manifestation of the metaphor of the “‘LIGHT→GOD’ Divine State”.

- The fifth “Day” for this first “Specific Energy ‘EARTHLY’ Habitation Domain” is defined by the “quinary transformation” which is associated with maintaining the stability of the products of the “specific work” accomplished by the fifth “Specific Formative Energy ‘EARTHLY’ Domain” in the “Specific Septenary Equilibrium Zone” of this first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

This fifth “Day” is characterized by the manifestation of the metaphor of the “‘GOD’ Divine State”.

- The sixth “Day” for this first “Specific Energy ‘EARTHLY’ Habitation Domain” is defined by the “senary transformation” which is associated with maintaining the stability of the products of the “specific work” accomplished by the sixth “Specific Formative Energy ‘EARTHLY’ Domain” in the “Specific Septenary Equilibrium Zone” of this first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

This sixth “Day” is characterized by the manifestation of the metaphor of the “‘GOD→DIVINE’ Divine State”.

- The seventh “Day” for this first “Specific Energy ‘EARTHLY’ Habitation Domain” is defined by the “‘end of cycle’ transformation” which is associated with the dissipation, in the “Specific Septenary Equilibrium Zone” of this first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”, of products of the “senary transformation” by the products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain”.

This seventh “Day” is characterized by the manifestation of the metaphor of the “‘DIVINE’ Divine State”.

A complete flow path of this first “Specific Energy ‘EARTHLY’ Habitation Domain” will also correspond to the walk of the “Specific Generative Energy ‘EARTHLY’ Domain” from one “Gate No. NN Orient” to the “Gate No. NN Occident” associated with it and returning back to the “Gate No. NN Orient”.

Each “Gate No. NN Orient” will mark the beginning of the first “transformation sub-step” and also the end of the twenty-fourth “transformation sub-step” of products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” by reagents; that is, the products which must be consumed during the considered “transformation step”.

It is always at the first “transformation sub-step”¹⁶⁹ that the products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’

¹⁶⁹ In this earthly world in which live human creatures, this first “transformation sub-step” begins at the moment marked by 05h00 on our timetables grid. As we have already explained, the number 5 is used to express or to indicate a manifestation of the presence of that, which is “PERFECT”; and that is to say, the presence of the manifestation of a metaphor of “THE LIGHT”, hence, the manifestation of the “GLORY” of “THE LIGHT”. Have you understood the symbolism of it and the profound meaning behind it? 05h00 on our timetables grid marks the coming of the very first rays of the Sun (a manifestation of a metaphor of that, which is “PERFECT”) and entering the first “Specific Energy ‘EARTHLY’ Habitation Domain”.

It is at that time that the archangels and angels who have been selected, enter inside the first “Specific Energy ‘EARTHLY’ Habitation Domain” singing Praises to “THE DIVINE”, IHVH, our FATHER, and to perform among other the “specific tasks” of displacement of “Specific Atomic ‘EARTHLY’ Substances” that “THE DIVINE FORCE” would have assigned to them.

Domain” start to continuously enter the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

This entry of products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” will be manifested instantly in this first “Specific Energy ‘EARTHLY’ Habitation Domain” in the “Plane Below” by the appearance of the “LIGHT of the DAY”, as a result of the instantaneous transfer of “‘EARTHLY’ specific supply of subsistence” of the “specific generative ‘EARTHLY’ energy” diluted of the “Specific Septenary Equilibrium Zone” to “Specific Atomic ‘EARTHLY’ Substances” constituents of this first “Specific Energy ‘EARTHLY’ Habitation Domain” in the “Plane Below”.

Each “Gate No. NN Occident”, which is associated with the “Gate No. NN Orient”, will mark the end of the twelfth “transformation sub-step” and the beginning of the thirteenth “transformation sub-step”, that is the end of the entry of products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” in the first “Specific Septenary Equilibrium Zone”, and the beginning of the entry of products of the “specific work” accomplished by the first “Formative Divine Particle” in that “Specific Septenary Equilibrium Zone”. It is so that, in the “Plane Below”, the “LIGHT of the DAY” will leave the stage in this first

It is also at that time, 05h00 on our timetables grid, which marks the beginning of the morning, that one starts to celebrate the “PRAISE of the DIVINE”, and to express gratitude for this beautiful Project that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and that “THE DIVINE FORCE” has undertaken to carry out on His instructions.

CANTICLE:

We express our gratitude to “THE DIVINE”! We express our gratitude!

We express our gratitude, it is for His LOVE!

From the early morning the birds sing Praises to God the creator! (birds make reference to the archangels and Angels when they descend in this earthly world)

And you, my soul? (wonders the human who is sleeping in bed and who heard these songs of Praise)

And you, my soul, why would you not sing love song FOR the only HOLY BEING?

And you, my soul? (wonders the human who is sleeping in bed and who heard these songs of Praise)

And you, my soul, why would you not sing love song FOR GOD THE CREATOR?

“Specific Energy ‘EARTHLY’ Habitation Domain” and will give place to that, which will be called: the “NIGHT”.

During his walk along its “Specific Walking Path”, whether this first “Specific Energy ‘EARTHLY’ Habitation Domain” is either “awake” or “asleep”, the “specific work” accomplished by its “specific processes” does not stop, but it is accompanied by a change (decrease) more or less large of its “‘EARTHLY’ specific supply of subsistence”, depending upon whether some of its structures are “awake” or “asleep”.

Its “‘EARTHLY’ specific supply of subsistence” is not eternal in this first “Specific Energy ‘EARTHLY’ Habitation Domain”, because this first “Specific Energy ‘EARTHLY’ Habitation Domain” is attached to the attribute “NON DIVINE”.

This “‘EARTHLY’ specific supply of subsistence” exhausts in this first “Specific Energy ‘EARTHLY’ Habitation Domain” depending upon the work accomplished by the “specific processes” of this first “Specific Energy ‘EARTHLY’ Habitation Domain” and within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for it.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “‘EARTHLY’ specific supply of subsistence” of this first “Specific Energy ‘EARTHLY’ Habitation Domain” so that it can be renewed only by “THE DIVINE FORCE”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed this first “Specific Energy ‘EARTHLY’ Habitation Domain”, ninth “Specific Energy ‘EARTHLY’ Domain”, in the “Plane Below” and “SOUTH” with respect to the “CARDINAL POINT OF THE CREATION”, immersed in the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

HE has also designed and with aim to make manifest into existence, by “THE DIVINE FORCE”, in this “Plane Below” and inside this “Specific Septenary Equilibrium Zone”, a metaphor of the “Specific Walking Path” and the direction of movement of this first “Specific Energy ‘EARTHLY’ Habitation Domain” on this “Specific Walking Path” in the form of a “Specific Walking Movement” of the first “Specific Energy ‘EARTHLY’ Habitation Domain”.

This “Specific Walking Movement” is composed of the “crucial stationary movement” of the “Specific Energy ‘EARTHLY’ Habitation Inner Domain”, to which is added a “rotary movement” of the “Specific Energy ‘EARTHLY’

Habitation Domain” around itself and following a “specific rotation axis” which is directed towards the “Specific Energy ‘CELESTIAL’ Domain”. This internal “rotary movement” has been defined by “THE DIVINE ARCHITECT AND PROJECT MASTER” as part of the dynamism, the principle of action, of the “Specific Energy ‘EARTHLY’ Habitation Inner Domain”.¹⁷⁰

As we have indicated, it is because of the very high fundamental “‘EARTHLY’ specific supply of subsistence” of the “Specific Energy ‘EARTHLY’ Inner Domain”, that the “crucial stationary movement” of the “Specific Energy ‘EARTHLY’ Inner Domain”, and consequently this “Specific Walking Movement” will be perpetual, unless stopped on instruction of “THE DIVINE”, IHVH, our FATHER, as the “Specific Energy ‘EARTHLY’ Inner Domain” was made “CONSCIOUS” and thus able to receive such external instructions, and the totality constituted by the “Specific Energy ‘EARTHLY’ Domain”, will also remain perpetually in stationary suspension, in equilibrium inside the “MURKY VOID”, without falling down, or falling on one side or another.

When the “specific rotation axis” runs through the “Specific Walking Path” which is formed by a first portion of the “First Orbit of The MOST LUMINOUS” and also by a second portion of the “Second Orbit of The MOST LUMINOUS” inside the “Specific Energy ‘CELESTIAL’ Domain”, then, it is said that the “Specific Energy ‘EARTHLY’ Habitation Domain” walks along its “Specific Walking Path”.

During this walk, the “‘EARTHLY’ specific supply of subsistence” of this first “Specific Energy ‘EARTHLY’ Habitation Domain” will vary in the same way as the “‘EARTHLY’ specific supply of subsistence” which is associated with products that are in the “Specific Septenary Equilibrium Zone” of the considered “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

It is so that, from the beginning of the first “transformation sub-step” to the end of the seventh “transformation sub-step”, the “‘EARTHLY’ specific supply of subsistence” of this first “Specific Energy ‘EARTHLY’ Habitation Domain” will increase in the limit defined by the parameters of the “Entry Gate” of the “First Orbit of The MOST LUMINOUS” and reach its peak.

¹⁷⁰ Observe the behaviour of a “spinning top” in the absence of other influences (think of the vacuum of the “MURKY VOID”) and in which the fine tip of the “spinning top” are defined by an electromagnetic field, generated by the internal movement of the “spinning top”, and understand through discernment.

It is so that, the speed of reception and transmission of signals in this first “Specific Energy ‘EARTHLY’ Habitation Domain” will increase with the increase of the “‘EARTHLY’ specific supply of subsistence” of this first “Specific Energy ‘EARTHLY’ Habitation Domain”, at the level of the “Specific Energy ‘EARTHLY’ Habitation Domain”. The “INTENSITY”, and therefore the “STRENGTH”, of the luminous radiation that this first “Specific Energy ‘EARTHLY’ Habitation Domain” will emit will also increase and reach its peak at the end of the seventh “transformation sub-step”.

Once this maximum limit will be reached at the end of the seventh “transformation sub-step”, then, the “‘EARTHLY’ specific supply of subsistence” will start to decline, reflecting as such the successive entrance of products of the “specific work” accomplished by the six “Specific Formative Energy ‘EARTHLY’ Domains” in the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” considered with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

It is so that, the speed of reception and transmission of signals in this first “Specific Energy ‘EARTHLY’ Habitation Domain” will also decrease with the decrease of the “‘EARTHLY’ specific supply of subsistence” of this first “Specific Energy ‘EARTHLY’ Habitation Domain”, at the scale of the “Specific Energy ‘EARTHLY’ Domain”. The “INTENSITY”, and therefore the “STRENGTH”, of the luminous radiation that this first “Specific Energy ‘EARTHLY’ Habitation Domain” will emit will also decrease until the end of the twentieth “transformation sub-step” where it will reach its minimum value.

From the end of the fourteenth “transformation sub-step”, the “LIGHT of the DAY” will exit the stage in this first “Specific Energy ‘EARTHLY’ Habitation Domain” and will give place to that, which will be called the “NIGHT”.

All the seven defined quantities of the “specific generative ‘EARTHLY’ energy” diluted of the “Specific Septenary Equilibrium Zone” which have been produced during the course of the first seven “transformation sub-step” have been diluted and mitigated within this “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the six “Specific Formative Energy ‘EARTHLY’ Domains”.

It is so that, the surpluses of the “‘EARTHLY’ specific supply of subsistence” of this first “Specific Energy ‘EARTHLY’ Habitation Domain” accumulated so far will be null.

Therefore, the “‘EARTHLY’ specific supply of subsistence” of this first “Specific Energy ‘EARTHLY’ Habitation Domain” will give an indication on the true level of the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around this first “Specific Energy ‘EARTHLY’ Habitation Domain”, VITAL to maintaining the state of “HARMONY” between “THE DIVINE”, IHVH, our FATHER and this first “Specific Energy ‘EARTHLY’ Habitation Domain”.

This true level of the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around this first “Specific Energy ‘EARTHLY’ Habitation Domain” is not directly perceptible during the course of the first “transformation sub-step” until the end of the fourteenth “transformation sub-step”; because it is hidden by the “LIGHT of the DAY”.

But from the end of the fourteenth “transformation sub-step” until the end of the twentieth “transformation sub-step”, the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around this first “Specific Energy ‘EARTHLY’ Habitation Domain” will become more and more noticeable as the difference between:

1. The “‘EARTHLY’ specific supply of subsistence” of this first “Specific Energy ‘EARTHLY’ Habitation Domain” in its current state; and
2. The “‘EARTHLY’ specific supply of subsistence” that this first “Specific Energy ‘EARTHLY’ Habitation Domain” would have in the state of “HARMONY” with “THE DIVINE”, IHVH, our FATHER, after the same passage of time that led to its current state.

When this first “Specific Energy ‘EARTHLY’ Habitation Domain” will be in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, in response to “specific signals” generated by the successive series of reception and transmission and depending upon external signals input and the strength of its “‘EARTHLY’ specific supply of subsistence”, this first “Specific Energy ‘EARTHLY’ Habitation Domain” will emit a much more luminous radiation, which is an “EPHEMERAL GLOW ‘SPIRITUAL’” much more intense and powerful, in the “Specific ‘SPIRITUAL’ Environment” external and immediate around this first “Specific Energy ‘EARTHLY’ Habitation Domain”, as a result of the combination of luminous radiation from its components, and following processes that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed.

Even during the period of the end of the fourteenth “transformation sub-step”, when the “LIGHT of the DAY” will exit the stage in this first “Specific Energy ‘EARTHLY’ Habitation Domain” and will give place to that, which will be known as the “NIGHT”, until the end of the twentieth “transformation sub-step”, this first “Specific Energy ‘EARTHLY’ Habitation Domain” will emit a bright enough luminous radiation, of a color belonging to the “Palette of HARMONY”.

When this first “Specific Energy ‘EARTHLY’ Habitation Domain” will be in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, then, from the end of the fourteenth “transformation sub-step” — when the “LIGHT of the DAY” will exit the stage in this first “Specific Energy ‘EARTHLY’ Habitation Domain” and will give place to that, which will be known as the “NIGHT”, until the end of the twentieth “transformation sub-step” — the “Specific ‘SPIRITUAL’ Environment” external and immediate around this first “Specific Energy ‘EARTHLY’ Habitation Domain” will emit more and more obscure radiation, less bright than the luminous radiation that would be obtained at the state of “HARMONY” with “THE DIVINE”, IHVH, our FATHER, and with colors belonging to the “Palette of CHAOS”, that is, that of dark colors.

This radiation, which is less bright than the luminous radiation that would be obtained at the state of “HARMONY” with “THE DIVINE”, IHVH, our FATHER, is a distress call; it is an indication that an external action must be taken to remedy the situation and restore “HARMONY” with “THE DIVINE”, IHVH, our FATHER. If no action is taken to increase this level of presence, through the external “specific mechanisms” that “THE DIVINE ARCHITECT AND PROJECT MASTER” designed and planned for this purpose, then, the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” will decrease and exhaust within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

When the “‘EARTHLY’ specific supply of subsistence” of this first “Specific Energy ‘EARTHLY’ Habitation Domain” is at its lowest level, then, the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around this first “Specific Energy ‘EARTHLY’ Habitation Domain” is null. In which case, all the “specific elementary processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has placed in this first “Specific Energy ‘EARTHLY’ Habitation Domain” are rendered inactive and this “Specific Energy ‘EARTHLY’ Habitation Domain” may not receive and nor give “specific signals” predefined and designed

in it by “THE DIVINE ARCHITECT AND PROJECT MASTER”. Then, the color of the luminous radiation that it will emit is the color absolute “BLACK”¹⁷¹, indicating the “TOTAL ABSENCE OF LIFE”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “Specific Walking Movement” of this first “Specific Energy ‘EARTHLY’ Habitation Domain”, as well as the manifestation of the chosen metaphor of this “Specific Walking Movement” in the “Plane Below” to allow His creatures that will be created into existence in the “Plane Above” to understand and to know “THE DIVINE” from manifestations of the “DIVINE PRIMARY WEALTH” in the attribute “NON DIVINE” in which His creatures are attached.

It is so that, the creatures that “THE DIVINE FORCE” will create into existence both in the “Plane Above” and in the “Plane Below” were to grow in the knowledge of the different aspects of “THE DIVINE”.

During the unfolding of each of the seven “transformation steps” of the products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” by the reagents of the “transformation step”, that is the products characteristic of the considered “transformation step” and which will be consumed during the “transformation step”, and from the beginning of the first “transformation sub-step” to the end of the twelfth “transformation sub-step”, the “Specific Atomic ‘EARTHLY’ Substances” will be continuously emitted with the passage of the time by the “Specific Generative Energy ‘EARTHLY’ Domain” in the direction of the first “Specific Energy ‘EARTHLY’ Domain”.

Through the “Specific Septenary Equilibrium Zone” of this “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”, these “Specific Atomic ‘EARTHLY’ Substances” will be transformed by the reagents of the “transformation step” and they will then, contain in them “‘EARTHLY’ specific supply of subsistence” diluted upon their arrival at the “Specific ‘SPIRITUAL’ Frontier” of this first “Specific Energy ‘EARTHLY’ Habitation Domain”.

Once arrived at the “Specific ‘SPIRITUAL’ Frontier” of this first “Specific Energy ‘EARTHLY’ Habitation Domain”, the “‘EARTHLY’ specific supply of subsistence”

¹⁷¹ It is already almost the case in this earthly world in which live human creatures in these days, looking from the “Specific ‘SPIRITUAL’ Environment”. There are still a few points of light (they are human creatures who are still in “HARMONY” with “THE DIVINE”, IHVH, our FATHER) which can be counted with the fingers of the hand.

carried by these “Specific Atomic ‘EARTHLY’ Substances” emitted by “Specific Generative Energy ‘EARTHLY’ Domain”, and diluted by the “Specific Septenary Equilibrium Zone”, will subsequently be transmitted as external signals input to this first “Specific Energy ‘EARTHLY’ Habitation Domain”.

Consequently, the discharged “Specific Atomic ‘EARTHLY’ Substances” will be reflected back at the “Specific ‘SPIRITUAL’ Frontier” of this first “Specific Energy ‘EARTHLY’ Habitation Domain”, within the first “Specific Septenary Equilibrium Zone”, and towards the “MURKY VOID”; each discharged “Specific Atomic ‘EARTHLY’ Substance” reflected back at its point of transmission from the “Specific ‘SPIRITUAL’ Frontier” of this first “Specific Energy ‘EARTHLY’ Habitation Domain”.

These “‘EARTHLY’ specific supply of subsistence” carried by these “Specific Atomic ‘EARTHLY’ Substances” emitted by the “Specific Generative Energy ‘EARTHLY’ Domain”, and diluted by the “Specific Septenary Equilibrium Zone”, which are transmitted as external signals input to this first “Specific Energy ‘EARTHLY’ Habitation Domain”, are received by the “Specific Atomic ‘EARTHLY’ Substances” constituents of the first “Specific Energy ‘EARTHLY’ Habitation Domain” which have the “specific task” to capture external signals input from its “Specific ‘SPIRITUAL’ Frontier”.

Once captured, these external signals input will be transmitted through other “Specific Atomic ‘EARTHLY’ Substances” constituents of the first “Specific Energy ‘EARTHLY’ Habitation Domain”, to other “Specific Atomic ‘EARTHLY’ Substances” further inside the structure of this first “Specific Energy ‘EARTHLY’ Habitation Domain”.

When a “Specific Atomic ‘EARTHLY’ Substance” is emitted by the “Specific Generative Energy ‘EARTHLY’ Domain” and diluted by the “Specific Septenary Equilibrium Zone”, then, the suite of successive transfers and emissions of “‘EARTHLY’ specific supply of subsistence” of some “Specific Atomic ‘EARTHLY’ Substances” constituents of this first “Specific Energy ‘EARTHLY’ Habitation Domain”, will define, in this first “Specific Energy ‘EARTHLY’ Habitation Domain”, a “luminous cone” whose generatrix is defined by the “direction of transmission” of signals emitted by the “Specific Generative Energy ‘EARTHLY’ Domain”.

This “luminous cone” contains all “Specific Atomic ‘EARTHLY’ Substances” of the “Specific Energy ‘EARTHLY’ Habitation Domain” which are directly affected by these successive transfers and emissions of “‘EARTHLY’ specific supply of

subsistence” from a single “Specific Atomic ‘EARTHLY’ Substance” emitted by the “Specific Generative Energy ‘EARTHLY’ Domain”, and diluted in the “Specific Septenary Equilibrium Zone”.¹⁷²

Depending upon the strength of the “‘EARTHLY’ specific supply of subsistence” which is transmitted by a single “Specific Atomic ‘EARTHLY’ Substance” emitted by the “Specific Generative Energy ‘EARTHLY’ Domain” and diluted in the “Specific Septenary Equilibrium Zone”, each “Specific Atomic ‘EARTHLY’ Substance” constituent of the “luminous cone” may be as such overloaded, during a short moment, in the maximum limit of the “‘EARTHLY’ specific supply of subsistence” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, without exceeding this maximum limit of the “‘EARTHLY’ specific

¹⁷² You can consider the example in this environment in which human creatures live. When only a part of this environment is clear and that the “MOST LUMINOUS” sends one of its rays towards you, then, you can see this cone which consists of several rays that appear to descend from the heights of the firmament. If you put yourself in this cone, then, your body is going to feel the “HEAT” emitted. But if you walk away on a good distance outside of this cone, then, the sensation of the “HEAT” disappears also. This effect only remains inside the cone.

supply of subsistence”, and following the same steps of “‘SPIRIT’ specific supply of subsistence” of the “Specific Elementary ‘SPIRIT’ Particle” but succeeding at the birth of the “Specific Atomic ‘SPIRIT’ Substance” and which we have already indicated in previous texts.

Throughout and within the limits of the “luminous cone” and depending upon the signals received as a result of the successive transfers and emissions of “‘EARTHLY’ specific supply of subsistence”, all “Specific Atomic ‘EARTHLY’ Substances”, constituent of the “luminous cone”, without exception, will accomplish their “specific tasks”. Each of them will perform its “specific work” and will emit a luminous radiation at the end of this “specific work”, and the combination of luminous radiation of the “Specific Atomic ‘EARTHLY’ Substances” constituents of the “luminous cone” is at the origin of that, which is called the “LIGHT of the DAY”, which we have already mentioned here above.

When torrents of “Specific Atomic ‘EARTHLY’ Substances” are emitted without interruption by the “Specific Generative Energy ‘EARTHLY’ Domain”, are diluted in the “Specific Septenary Equilibrium Zone”, and their “‘EARTHLY’ specific supply of subsistence” transmitted as external signals input to this first “Specific Energy ‘EARTHLY’ Habitation Domain”, then, this “LIGHT of the DAY” will be much more intense and will stay as long as the “‘EARTHLY’ specific supply of subsistence” diluted will be transmitted to this first “Specific Energy ‘EARTHLY’ Habitation Domain”. Similarly, other products of the “specific work” accomplished by the “Specific Atomic ‘EARTHLY’ Substances” constituents of this first “Specific Energy ‘EARTHLY’ Habitation Domain” will increase.

It is so that the properpies of the “Specific Atomic ‘EARTHLY’ Substances” constituents of the “Specific Energy ‘EARTHLY’ Substance” constituent of this first “Specific Energy ‘EARTHLY’ Habitation Domain” will come into play and render manifest the “hidden” information transported by those external signals input to this first “Specific Energy ‘EARTHLY’ Habitation Domain”.

For example, that, which is designated as “THE EARTHLY DOME” will appear “BLUE”. The reason for this is the “specific process” designated as “scattering”¹⁷³

¹⁷³ Scattering in this context is the “specific process” by which electromagnetic radiation — the flow of quanta (plural of quantum and which represents discrete quantity of energy proportional in magnitude to the frequency of the electromagnetic wave carrying it) through free space or through a material medium in the form of the electric and magnetic fields that make up electromagnetic waves such as radio waves, visible luminous radiation, and gamma rays. — is deviated from its trajectory of propagation and dispersed over a

of the electromagnetic wave, which transports white luminous radiation of a distant source. On its path through the “Specific Energy ‘EARTHLY’ Substance” constituent of this first “Specific Energy ‘EARTHLY’ Habitation Domain”, the external signals input transmitted to this first “Specific Energy ‘EARTHLY’ Habitation Domain” are transported through “electromagnetic waves” that are absorbed, reflected, and altered by different “Specific Atomic ‘EARTHLY’ Substances”. The manifested color of that, which is designated as “THE EARTHLY DOME” depends largely upon the wavelengths of the incoming “electromagnetic waves”.

יצירה ספר

When the position of the “Specific Generative Energy ‘EARTHLY’ Domain” is high overhead of an observer, the bulk of the “Specific Atomic ‘EARTHLY’ Substances” sent by the “Specific Generative Energy ‘EARTHLY’ Domain” and which are transmitted to this first “Specific Energy ‘EARTHLY’ Habitation Domain” as external signals input transported through “electromagnetic waves”,

range of directions, as a result of interaction with a localised inhomogeneity present in the medium through which the electromagnetic radiation travels and in the trajectory of propagation. The range of directions over which the incoming electromagnetic radiation is dispersed, is dictated by the size and properties of that localised inhomogeneity.

intercept the “Specific Energy ‘EARTHLY’ Substance” constituent of this first “Specific Energy ‘EARTHLY’ Habitation Domain” at nearly vertical angles. Electromagnetic waves of shorter wavelengths of the manifested luminous radiation, which are associated with “VIOLET” and “BLUE” bands in the electromagnetic spectrum, are more easily absorbed by the “molecules” of the “Specific Energy ‘EARTHLY’ Substance”-air of smaller wavelengths than electromagnetic waves of longer wavelengths of the manifested luminous radiation, which are associated with “RED”, “ORANGE”, and “YELLOW” bands in the electromagnetic spectrum. These “molecules” of the “Specific Energy ‘EARTHLY’ Substance”-air will then perform their “specific work” (which includes the “specific tasks” defined by “specific processes” of reflection, refraction, and scattering) and transmit the output of the accomplished “specific work” to their immediate surrounding “Specific Atomic ‘EARTHLY’ Substances” through “electromagnetic waves”. The information transported by these “electromagnetic waves” is manifested in the form of “VIOLET” and “BLUE” colors in different directions, saturating the delimited part of the “Specific Energy ‘EARTHLY’ Substance”, which is designated as “THE EARTHLY DOME”. However, “THE EARTHLY DOME” at midday will appear in “BLUE” color, rather than a combination of “BLUE” and “VIOLET” colors, because the eye of the human creature is more sensitive to wavelengths approaching the wavelength associated with the color “BLUE” than to wavelengths approaching the wavelength associated with the color “VIOLET”.

When the position of the “Specific Generative Energy ‘EARTHLY’ Domain” appears to be near the horizon at dawn and dusk, as seen from an observer, the bulk of the “Specific Atomic ‘EARTHLY’ Substances” sent by the “Specific Generative Energy ‘EARTHLY’ Domain” and which are transmitted to this first “Specific Energy ‘EARTHLY’ Habitation Domain” as external signals input transported through “electromagnetic waves”, strike the “Specific Energy ‘EARTHLY’ Substance” constituent of this first “Specific Energy ‘EARTHLY’ Habitation Domain” at more-oblique (slanted) angles, and thus these external signals input must afterwards travel a greater distance through the “Specific Energy ‘EARTHLY’ Substance” than they would at midday, to be perceived by that observer. As a result, there are more “Specific Atomic ‘EARTHLY’ Substances” that can block and scatter the received incoming external signals input, which have been propagated from the original external signals input, which were generated at the “Specific ‘SPIRITUAL’ Frontier” of this first “Specific Energy ‘EARTHLY’ Habitation Domain”. During this long passage, incoming electromagnetic waves in the shorter wavelengths of the “electromagnetic spectrum”, and which are associated with “BLUE” and “VIOLET” colors, are

mostly filtered out, and the influence of these wavelengths over the color of that, which is designated as “THE EARTHLY DOME” diminishes. What remains are the longer wavelengths of the “electromagnetic spectrum”, and some of these incoming external signals input, which have been propagated from the original external signals input, which were generated at the “Specific ‘SPIRITUAL’ Frontier” of this first “Specific Energy ‘EARTHLY’ Habitation Domain”, strike other “Specific Atomic ‘EARTHLY’ Substances” near the horizon, as well as the “Specific Energy ‘EARTHLY’ Substance”-water droplets constituents of clouds, to manifest the “RED”, “ORANGE”, and “YELLOW” color tints, which are displayed at sunrise and sunset.

יצירה ספר

A second example is provided by that, which is designated as the “SEA”, which will appear “BLUE”. The reason for this is also to be found in the properties of the “Specific Energy ‘EARTHLY’ Substance” constituent of the first “Specific Energy ‘EARTHLY’ Habitation Domain”. The “Specific Energy ‘EARTHLY’ Substance”-water is transparent to electromagnetic waves of wavelengths that fall within the visible band of the “electromagnetic spectrum” and is opaque to electromagnetic waves of wavelengths that fall above and below this band. However, once in the “Specific Energy ‘EARTHLY’ Substance”-water, the electromagnetic wave, which transports visible luminous radiation, is subject to both refraction and attenuation

following completion of “specific work” accomplished by the “Specific Atomic ‘EARTHLY’ Substances” constituents of the “Specific Energy ‘EARTHLY’ Substance”-water.

Electromagnetic waves, which transport luminous radiation, and which enter the “Specific Energy ‘EARTHLY’ Substance”-water at any angle other than a right angle are refracted because these electromagnetic waves travel at a slower speed in the “Specific Energy ‘EARTHLY’ Substance”-water than they do in the “Specific Energy ‘EARTHLY’ Substance”-air. The amount of refraction is affected by both the salinity and temperature of the “Specific Energy ‘EARTHLY’ Substance”-water. It increases with increasing salinity and decreasing temperature.

Some of the received incoming external signals input, which have been propagated from the original external signals input, which were generated at the “Specific ‘SPIRITUAL’ Frontier” of this first “Specific Energy ‘EARTHLY’ Habitation Domain”, and transported through “electromagnetic waves”, will be reflected at the surface of that, which is designated as the “SEA” and will not proceed further inside the “Specific Energy ‘EARTHLY’ Substance”-water, which defines the “SEA”. That, which will penetrate the surface of the “Specific Energy ‘EARTHLY’ Substance”-water will be attenuated by absorption and conversion to other forms, such as heat. That, which will not be absorbed can be scattered by

“Specific Atomic ‘EARTHLY’ Substances” at the surface in of the “Specific Energy ‘EARTHLY’ Substance”-water. A scattered electromagnetic wave, which transports luminous radiation, is deflected into new directional paths and may wander randomly to eventually be either absorbed or directed upward and out of the “Specific Energy ‘EARTHLY’ Substance”-water. It is the combination of this upward-scattered electromagnetic wave, which transports luminous radiation, and the electromagnetic wave reflected from those Specific Atomic ‘EARTHLY’ Substances, which also transport a luminous radiation, which determine the manifested colour of that, which is designated as the “SEA”, as seen by an observer from above. At the surface of the “Specific Energy ‘EARTHLY’ Substance”-water of that, which is designated as the “SEA”, electromagnetic waves of both short wavelengths (ultraviolet) and long wavelengths (infrared) are absorbed rapidly and are not available for scattering. Only electromagnetic waves of wavelengths in the “BLUE—GREEN” band of the visible band of the electromagnetic spectrum penetrate and propagate further to any depth, and, because the electromagnetic wave, which transports luminous radiation in the “BLUE—GREEN” band, is most available for scattering, that, which is designated as the “SEA” will appear with a manifested “BLUE” color to the eye of the human creature, and not because the surface of that, which is designated as the “SEA” reflects the manifested color of “THE EARTHLY DOME”. The electromagnetic waves, which transport luminous radiation of the “BLUE” band wavelengths of the visible band of the electromagnetic spectrum, are scattered, in a manner similar to the scattering of electromagnetic waves, which transport luminous radiation in “THE EARTHLY DOME”, but absorption is a much larger factor than scattering for the “Specific Energy ‘EARTHLY’ Substance”-water of that, which is designated as the “SEA”.

A third example is provided by that, which is designated as the “CLOUD”, which will appear “WHITE” and shade to “GREY”. “CLOUDS” are the visible part of the “Specific Energy ‘EARTHLY’ Substance”-water, which is present in the atmosphere, which is a delimited part of the “Specific Energy ‘EARTHLY’ Substance” constituent of this first “Specific Energy ‘EARTHLY’ Habitation Domain”. This “Specific Energy ‘EARTHLY’ Substance”-water, which is present in the atmosphere, is constituted by microscopic elements of condensed “Specific Energy ‘EARTHLY’ Substance”-water, designated as “hydrometeors”¹⁷⁴ (water

¹⁷⁴ Hydrometeors — meteors produced by water in the state of vapor, liquid or ice — refer to all forms of water, liquid or solid, suspended or falling in the atmosphere, excluding clouds. These are all manifestations of humidity and precipitation associated with the presence of a condensation nucleus or the coalescence of water droplets suspended in the atmosphere.

droplets, ice crystals, snow, etc..., suspended or falling in the atmosphere, excluding clouds).

These microscopic elements, however, are not as fine as “molecules” constituents of the “Specific Energy ‘EARTHLY’ Substance”-air. Due to their larger diameters, hydrometeors will absorb and scatter all the electromagnetic wave, which transported the received incoming external signals input, which have been propagated from the original external signals input, which were generated at the “Specific ‘SPIRITUAL’ Frontier” of this first “Specific Energy ‘EARTHLY’ Habitation Domain”, at all wavelengths, giving the “CLOUD” its beautiful “WHITE” color, and as long as the “CLOUD” is not too loaded with hydrometeors, precisely, and that it is not too thick. But like any medium that attenuates and transmits electromagnetic waves, which transport luminous radiation from a

Depending on the temperature at which these hydrometeors form, they will be liquid or solid. We can therefore distinguish liquid hydrometeors (rain, drizzle, fog and mist) from those made up of ice crystals (snowflake, hail, hail, sleet). Sometimes hydrometeors are made up of water carried and blown by the winds. We will then speak of spray. Fog is a manifestation of very fine hydrometeors suspended in the air. When these hydrometeors form directly on surfaces, we will speak of dew if they are liquid, frost, hoarfrost or ice if they are solid.

source, the thicker the medium, the less electromagnetic waves of the visible band of the electromagnetic spectrum make it through. When the “CLOUD” is loaded with hydrometeors and as its thickness increases (an average thickness is seven kilometers and it spans a reach of fifteen kilometers), the bottoms of the “CLOUD” will be perceived to appear darker but will still scatter all electromagnetic waves, which transport the received incoming external signals input, which have been propagated from the original external signals input, which were generated at the “Specific ‘SPIRITUAL’ Frontier” of this first “Specific Energy ‘EARTHLY’ Habitation Domain”.

Just as the “Divine Particles” are continuously in motion inside “THE DIVINE DOMAIN” at all scales of layers of “Divine Particles”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has also designed and with aim to make manifest, by “THE DIVINE FORCE”, a metaphor for such “DIVINE PRIMARY WEALTH” in the external and immediate environment around each “Specific Atomic ‘EARTHLY’ Substance” constituent of the first “Specific Energy ‘EARTHLY’ Habitation Domain”. A direct implication of such manifestation of continuous motion of these “Specific Atomic ‘EARTHLY’ Substances” is that the whole first “Specific Energy ‘EARTHLY’ Habitation Domain” will be a giant electromagnetic field entirely filled with “electromagnetic waves”, which will provide the basis for the creation of appropriate life conditions and for the implementation of a wide range of applications, other than those which have been manifested in the “Specific Energy ‘CELESTIAL’ Domain”, related to the concept of “THE LIGHT” inside this first “Specific Energy ‘EARTHLY’ Habitation Domain”.

As “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it, a metaphor for this “DIVINE PRIMARY WEALTH” is already made manifest through the “Specific Elementary ‘EARTHLY’ Substance” constituent of each “Specific Atomic ‘EARTHLY’ Substance” of this first “Specific Energy ‘EARTHLY’ Habitation Domain”.

It is so that, HE has designed “specific displacement movements” to be applied on layers of “Specific Atomic ‘EARTHLY’ Substances” constituent of the “Specific Energy ‘EARTHLY’ Substance” of the first “Specific Energy ‘EARTHLY’ Habitation Domain”, during the walk of this first “Specific Energy ‘EARTHLY’ Habitation Domain” along its “Specific Walking Path”.¹⁷⁵

¹⁷⁵ During the course of the realization of “THE HOLY PROJECT” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed, “THE DIVINE FORCE” will give to the elders of the creation the crude knowledge on the metaphors of these “specific

By the application of these “specific displacement movements”, other products of the “specific work” accomplished by layers of “Specific Atomic ‘EARTHLY’ Substances” constituents of this first “Specific Energy ‘EARTHLY’ Habitation Domain” will be moved and distributed throughout the “Specific Energy ‘EARTHLY’ Substance” of this first “Specific Energy ‘EARTHLY’ Habitation Domain”, manifesting as such a metaphor of that chosen “DIVINE PRIMARY WEALTH”.

Therefore, new successive transfers and emissions of “‘EARTHLY’ specific supply of subsistence” in these layers of “Specific Atomic ‘EARTHLY’ Substances” will take place in this first “Specific Energy ‘EARTHLY’ Habitation Domain”, changing the cohesion of the layers of “Specific Atomic ‘EARTHLY’ Substances” constituents of the “Specific Energy ‘EARTHLY’ Substance” from one place to another.

And it is so that the layers of “Specific Atomic ‘EARTHLY’ Substances” of this first “Specific Energy ‘EARTHLY’ Habitation Domain” will be arranged in several other ways and creating in passing new layers of “Specific Atomic ‘EARTHLY’ Substances”, manifesting as such into existence, the special “specific events” of “BIRTH” and of “EXPANSION”¹⁷⁶.

These special “specific events” of “BIRTH” and of “EXPANSION” will occur into existence in the layers of “Specific Atomic ‘EARTHLY’ Substances” of this first

displacement movements”. It is so that, these elders of the creation will design and produce that, which will be called: the “WIND”. We shall talk about this in a text below.

¹⁷⁶ The most common example in this first “Specific Energy ‘EARTHLY’ Habitation Domain” in which human creatures will be created into existence, is the formation of drops of rainwater, manifestation of the life sign. These waters will descend on a trajectory downward, manifesting into existence, the principle of the “high density” “specific non-spiritual coating”. The creation of new layers of “Specific Atomic ‘EARTHLY’ Substances” will cause the dissolution of old layers, thus manifesting into existence the principles necessary to sustain life.

Another more common example in this first “Specific Energy ‘EARTHLY’ Habitation Domain” in which human creatures will be created into existence, is the evaporation of the water of rivers, or the waters of soils, which are signs of destruction, manifesting into existence the principles leading to the “dissipation” or the “death” of a structure. These waters that evaporate will ascend on a trajectory upward, manifesting into existence, the principle of the “low density” “specific non-spiritual coating”.

Read more in the section concerning the details of annotations — Annotation on the special “specific events” of “BIRTH” and “EXPANSION”.

“Specific Energy ‘EARTHLY’ Habitation Domain” once some of these layers of “Specific Atomic ‘EARTHLY’ Substances” are (1) either in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, (2) or in a state of overload unstable which may lead to the destruction of their structure.

Therefore, the principles and methods that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established and which allow to restore such layers of “Specific Atomic ‘EARTHLY’ Substances” to their state of “HARMONY” with “THE DIVINE”, IHVH, our FATHER, may also be put into practice.

These principles and methods that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established and which allow to restore such layers of “Specific Atomic ‘EARTHLY’ Substances” to their state of “HARMONY” with “THE DIVINE”, IHVH, our FATHER, aim to:

1. Manifest metaphors of the “Generative Power of ‘THE DIVINE’”, which allows to add “‘EARTHLY’ specific supply of subsistence” to the layers of the “Specific Atomic ‘EARTHLY’ Substances” that will be in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”; or
2. Manifest metaphors of the “Generative Power of ‘THE DIVINE’”, which allows to absorb “‘EARTHLY’ specific supply of subsistence” from layers of the “Specific Atomic ‘EARTHLY’ Substances”, which will be in a state of unstable overload that can lead to the destruction of the structure of these layers of “Specific Atomic ‘EARTHLY’ Substances”.

If the “‘EARTHLY’ specific supply of subsistence” of such layers of “Specific Atomic ‘EARTHLY’ Substances” are absorbed beyond their fundamental value, then, such layers of “Specific Atomic ‘EARTHLY’ Substances” will find themselves in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has also designed a special tool through which the “‘EARTHLY’ specific supply of subsistence” may be added or removed from such layers of “Specific Atomic ‘EARTHLY’ Substances”. A metaphor for this tool will be manifested into existence in the attribute “NON DIVINE” by that, which will be called the “KHEREV” — the “SWORD” —, and

“THE DIVINE FORCE” will endow the creatures that SHE will create in the existence with this special tool in various forms.¹⁷⁷

As “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it, the “Specific Generative Energy ‘EARTHLY’ Domain” will continuously emit its “Specific Atomic ‘EARTHLY’ Substances” with the passage of time in the direction of the first “Specific Energy ‘EARTHLY’ Habitation Domain”. These “Specific Atomic ‘EARTHLY’ Substances” emitted by the “Specific Generative Energy ‘EARTHLY’ Domain” will be diluted in the “Specific Septenary Equilibrium Zone” before reaching the “Specific ‘SPIRITUAL’ Frontier” of the first “Specific Energy ‘EARTHLY’ Habitation Domain”.

Once these “Specific Atomic ‘EARTHLY’ Substances” diluted in the “Specific Septenary Equilibrium Zone” will arrive at the “Specific ‘SPIRITUAL’ Frontier” of the first “Specific Energy ‘EARTHLY’ Habitation Domain”, the “‘EARTHLY’ specific supply of subsistence” that they carry will be then, be transmitted as external signals input to this first “Specific Energy ‘EARTHLY’ Habitation Domain”.

As we have indicated already, it is so that the discharged “Specific Atomic ‘EARTHLY’ Substances” will be reflected back at the “Specific ‘SPIRITUAL’ Frontier” of this first “Specific Energy ‘EARTHLY’ Habitation Domain”, within the first “Specific Septenary Equilibrium Zone”, and towards the “MURKY VOID”; each discharged “Specific Atomic ‘EARTHLY’ Substance” reflected back at its point of transmission from the “Specific ‘SPIRITUAL’ Frontier” of this first “Specific Energy ‘EARTHLY’ Habitation Domain”.

With the passage of the time, collisions will appear into existence between:

1. The “Specific Atomic ‘EARTHLY’ Substances” carrying the “‘EARTHLY’ specific supply of subsistence” diluted and arriving at the

¹⁷⁷ Later during the course of the first Phase of the realisation of “THE HOLY PROJECT”, the elders of the creation will discover this tool and they will use it wrongly to inflict damage to each others, by absorbing the “‘CELESTIAL’ specific supply of subsistence” of the constituent layers of the “Specific Atomic ‘CELESTIAL’ Substances” of the structure of their body, beyond their fundamental value. It is so that, many of them will find themselves in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”.

Later when they will descend on this earthly world in which live human creatures, they will corrupt human creatures by unveiling their perversions and their diverted use of the “KHEREV” that they developed in the “Specific Energy ‘CELESTIAL’ Domain”.

“Specific ‘SPIRITUAL’ Frontier” of the first “Specific Energy ‘EARTHLY’ Habitation Domain”; and

2. The discharged “Specific Atomic ‘EARTHLY’ Substances” reflected back at the “Specific ‘SPIRITUAL’ Frontier” of this first “Specific Energy ‘EARTHLY’ Habitation Domain”.

Following these collisions, the discharged “Specific Atomic ‘EARTHLY’ Substances” which are reflected back at the “Specific ‘SPIRITUAL’ Frontier” of this first “Specific Energy ‘EARTHLY’ Habitation Domain”, will also take with them a part of the “Specific Atomic ‘EARTHLY’ Substances” diluted, which were meant to be delivered to the first “Specific Energy ‘EARTHLY’ Habitation Domain”.

It is so that, all the diluted “‘EARTHLY’ specific supply of subsistence” carried by these “Specific Atomic ‘EARTHLY’ Substances” emitted by the “Specific Generative Energy ‘EARTHLY’ Domain” will not be transmitted; a larger proportion or a smaller proportion will be transmitted. The transmitted quantities will be determined by “specific processes” designed by “THE DIVINE ARCHITECT AND PROJECT MASTER” and placed at the “Specific ‘SPIRITUAL’ Frontier” of this first “Specific Energy ‘EARTHLY’ Habitation Domain”.

Depending upon the “‘EARTHLY’ specific supply of subsistence” received by the “Specific Atomic ‘EARTHLY’ Substances” constituent of this first “Specific Energy ‘EARTHLY’ Habitation Domain” and at the level of the “Specific ‘SPIRITUAL’ Frontier” of this first “Specific Energy ‘EARTHLY’ Habitation Domain”, this “Specific ‘SPIRITUAL’ Frontier” will produce a luminous radiation that will indicate to “THE DIVINE”, IHVH, our FATHER, all received percentages. These percentages will allow assessing the work produced by the “Specific Generative Energy ‘EARTHLY’ Domain” at his arrival at the “Exit Gates” which are at the Occident of the “First Orbit of The MOST LUMINOUS”.

Thus, using these percentages, new parameters at the “Entry Gates” of the “First Orbit of The MOST LUMINOUS” will be determined for the next walk of the “Specific Generative Energy ‘EARTHLY’ Domain” along of the “First Orbit of The MOST LUMINOUS” in order to produce inside the first “Specific Energy ‘EARTHLY’ Habitation Domain”, the “specific work” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined.

During the walk of this first “Specific Energy ‘EARTHLY’ Habitation Domain” along its “Specific Walking Path”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it, several other phenomena will also appear into

existence along this “Specific Walking Path” due to the nature of the manifestation of the “Specific Walking Movement” that “THE DIVINE ARCHITECT AND PROJECT MASTER” designed in the “Plane Below” in the “MURKY VOID”.

Most of these phenomena have never been seen by the human eye and the humans living on Earth could not understand them even if they saw them. Many of these phenomena were shown and were explained to ENOCH, of whom METHUSELAH is the descendant, when he was still living on Earth and was accomplishing the project that “THE DIVINE FORCE” had entrusted to him.

Part of these phenomena, which are into existence in the “MURKY VOID”, in the “Plane Below”, and along the “Specific Walking Path” of this first “Specific Energy ‘EARTHLY’ Habitation Domain”, both in the first “Specific Septenary Equilibrium Zone” on the outside of the first “Specific Energy ‘EARTHLY’ Habitation Domain” and in the “MURKY VOID” outside the first “Specific Septenary Equilibrium Zone” is due to the appearance of areas of turbulence.

These areas of turbulence will occur not only throughout this manifestation of the “Specific Walking Path” of this first “Specific Energy ‘EARTHLY’ Habitation Domain” but also all around the “Specific Septenary Equilibrium Zone” of this first “Specific Energy ‘EARTHLY’ Habitation Domain”.

These areas of turbulence are actually very complex whirlpool¹⁷⁸ of “Specific Atomic ‘EARTHLY’ Substances” emitted by the “Specific Generative Energy ‘EARTHLY’ Domain”, diluted in the “Specific Septenary Equilibrium Zone” by the products of the “specific work” accomplished by the six “Specific Formative Energy ‘EARTHLY’ Domains”, and reflected back at the “Specific ‘SPIRITUAL’ Frontier” of this first “Specific Energy ‘EARTHLY’ Habitation Domain”.

¹⁷⁸ These areas of turbulence are also similar to eddies that humans observe in the environment of the “Specific Energy ‘EARTHLY’ Habitation Domain” in which they live. Most of these phenomena will be matched with projects that will be defined by “THE DIVINE FORCE” and it is then, that “LUMINAIRES” (“STARS”) will be selected to accomplish these projects.

When such a particular phenomenon occurs in the proximity of the “Specific Energy ‘EARTHLY’ Habitation Domain” in which live human creatures, then, some of these human creatures will be also chosen (before their birth in the “Specific Energy ‘EARTHLY’ Habitation Domain” in which they live) and tasks will be also given to them (always before their birth in the “Specific Energy ‘EARTHLY’ Habitation Domain” in which they live) to assist “LUMINAIRES” (“STARS”) in carrying out the tasks related to the project associated with this particular phenomenon.

With the passage of the time, some of these areas of turbulence, in the first “Specific Septenary Equilibrium Zone” as well as in the “MURKY VOID” in the proximity of the first “Specific Septenary Equilibrium Zone”, will accumulate and contain excess of “‘EARTHLY’ specific supply of subsistence”. Other areas of turbulence will contain less “‘EARTHLY’ specific supply of subsistence”. Therefore, these areas of turbulence can disrupt the walk of this first “Specific Energy ‘EARTHLY’ Habitation Domain” along of the manifestation of its “Specific Walking Path”.

Consequently, it will be the first “Specific Formative Energy ‘EARTHLY’ Domain” which will absorb these areas of turbulence and restore the balance of “‘EARTHLY’ specific supply of subsistence” to avoid all these forms of disturbance to the proper functioning of the first “Specific Energy ‘EARTHLY’ Habitation Domain”.¹⁷⁹

“THE DIVINE FORCE” will also entrust these “specific tasks” which consist of absorbing these areas of turbulence and restoring the balance of “‘EARTHLY’ specific supply of subsistence” to avoid all these forms of disturbance to the proper functioning of the first “Specific Energy ‘EARTHLY’ Habitation Domain” to this same Archangel, other than the “Sealed Twelve”, and “THE DIVINE”, IHVH, our FATHER will consolidate this Archangel: the Archangel “ZAHARIEL” — head of “LUMINAIRES” and responsible for the proper functioning of “THE MOST LUMINOUS” in all its forms.

The Archangel “ZAHARIEL” is called “THE MOST LUMINOUS”, the “SUN”, the “MOON”, the “NORTHERN STAR”, “RAGUEL”, etc..., he has several names depending upon the form he takes and the “specific tasks” entrusted to him.

This Archangel will have all “LUMINAIRES” (“STARS”) under his responsibility and he will give them instructions¹⁸⁰, each “LUMINAIRE” (star) having its own

¹⁷⁹ Yes! Now you have an idea of how important that “LUMINAIRE”, designated as the “MOON”, and that you can all see shining above your heads at “NIGHTS”, is, for the proper functioning of the mass of energie world (the earthly world) in which you are living. And some people, just like the most destructive and deadliest bacteria into existence destroy everything in their surrounding, having lost the memory and the knowledge of who they are themselves and why they are into existence, have set their mind to spread further their own destruction with plans to want to go and extract the potential resources available in the “MOON”.

¹⁸⁰ When some “LUMINAIRES” (“STARS”) receive their task to reduce an area of imminent turbulence on the trajectory of the “Specific Energy ‘EARTHLY’ Habitation Domain” in

role, so that they accomplish also such tasks in other places where areas of turbulence have emerged or are expected to appear in the “MURKY VOID” and in the “Plane Below”. All these areas of turbulence are located in the “Plane Below” and at VERY REMOTE PLACES of the LIMIT of the “Specific Energy ‘CELESTIAL’ Domain”.

This is also the teaching that must be drawn from the meaning of the manifestation of the “Specific Walking Path” of the first “Specific Energy ‘EARTHLY’ Habitation Domain” and its correspondence with those of the “Specific Generative Energy ‘EARTHLY’ Domain” and of the first “Specific Formative Energy ‘EARTHLY’ Domain” as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed them. This teaching concerns the events that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed to be realized outside of the first “Specific Energy ‘EARTHLY’ Habitation Domain”, in the first “Specific Septenary Equilibrium Zone” and in the “MURKY VOID” in the “Plane Below”.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed on the first “Specific Energy ‘EARTHLY’ Habitation Domain”, its walking movement and the manifestation of a metaphor in the “Plane Below” in the attribute “NON DIVINE”, and inside the first “Specific Septenary Equilibrium Zone” in the “SPECIFIC SUPREME CONFIGURATION” of seven “Specific Energy ‘EARTHLY’ Domains” — the “Specific Generative Energy ‘EARTHLY’ Domain” and the six “Specific Formative Energy ‘EARTHLY’ Domains” in manifested walking movement of a metaphor of the “Movement of Formative Divine Particle” synchronized between them, and, each “Movement of Formative Divine Particle” synchronized with the movement of the “Generative Divine Particle” and without

which humans live, then, humans can often see these — shooting — “LUMINAIRES” (“STARS”) move and go full speed with supersonic speed at the point that has been indicated to them.

Some transformations that “LUMINAIRES” (“STARS”) perform in some areas of turbulence containing excess energy will produce more or less compact and more or less large dust particles and which represent what humans have called “cosmic dust”, “meteorites” and “comets”, etc...

It is so that, later during the course of the “Second Phase” of realisation of “THE HOLY PROJECT”, “comets”, “asteroids” and the “cosmic dust” that are all products of the transformations of those “Specific Atomic ‘EARTHLY’ Substances” from these areas of turbulence, will be formed into existence in the “MURKY VOID”.

collisions forever with the passage of time — in the proportions of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

To each of the six “Specific Formative Energy ‘EARTHLY’ Domains” of the “SPECIFIC SUPREME CONFIGURATION” of seven “Specific Energy ‘EARTHLY’ Domains”, is associated a unique “Specific Septenary Equilibrium Zone” of the considered “Specific Formative Energy ‘EARTHLY’ Domain”, with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the first “Specific Energy ‘EARTHLY’ Habitation Domain”, its walking movement and the manifestation of a metaphor of it in the “Plane Below” in the attribute “NON DIVINE”, and inside the first “Specific Septenary Equilibrium Zone” in the “SPECIFIC SUPREME CONFIGURATION” of seven “Specific Energy ‘EARTHLY’ Domains”.

He has also designed analogously from the “Specific Elementary ‘EARTHLY’ Particle”, the five others “Specific Energy ‘EARTHLY’ Habitation Domains”, their walking movement, and their manifestation in the “Plane Below” in the attribute “NON DIVINE”, and within each of the five others “Specific Septenary Equilibrium Zones” in this “SPECIFIC SUPREME CONFIGURATION” of seven “Specific Energy ‘EARTHLY’ Domains” in the proportions of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

HE assigned a chosen metaphor of the “First Movement of the Divine Particles” to each of these additional five “Specific Energy ‘EARTHLY’ Habitation Domains”. It is so that, each of these five “Specific Energy ‘EARTHLY’ Habitation Domains” will have only a single movement: the unique manifestation of the chosen metaphor of the “First Movement of the Divine Particles” in the “MURKY VOID” and in the “Plane Below”.

In the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”, and on the “Specific Walking Path” of this first “Specific Energy ‘EARTHLY’ Habitation Domain”, the measurement of execution time of the “transformation sub-step” will be defined by the unit of measurement of time that will be called the “Hour”, on the “Calendar of the ‘NON DIVINE’”.

This measurement of execution time of the “transformation sub-step” is not the same in the five others “Specific Septenary Equilibrium Zone” which are associated respectively to the other five “Specific Formative Energy ‘EARTHLY’

Domains” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”, because each “Specific Septenary Equilibrium Zone” delineates a space of different volume.

Therefore, in the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”, the measurement of time which is the manifestation of the “measure of transformation step” which will be defined by the unit of measurement of time which will be called the “DAY” on the “Calendar of the ‘NON DIVINE’” will not be the same in the five others “Specific Septenary Equilibrium Zone” which are associated respectively to the other five “Specific Formative Energy ‘EARTHLY’ Domains” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the six “Specific Energy ‘EARTHLY’ Habitation Domains” — the first “Specific Energy ‘EARTHLY’ Habitation Domain” plus the five additional “Specific Energy ‘EARTHLY’ Habitation Domains” —, the walking movement of each of them, the manifestation of their metaphors in the “Plane Below” in the attribute “NON DIVINE”, and the measurement of time within each of the six “Specific Septenary Equilibrium Zone” each containing one of these six “Specific Energy ‘EARTHLY’ Habitation Domains”.

Each “Specific Septenary Equilibrium Zone” is associated with, and is carried by, a “Specific Formative Energy ‘EARTHLY’ Domain” in this “SPECIFIC SUPREME CONFIGURATION” of seven “Specific Energy ‘EARTHLY’ Domains” in the proportions of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has synchronized the walking movement of each of these six “Specific Energy ‘EARTHLY’ Habitation Domains” with the twenty-four “transformation sub-steps” of the common model of the seven “transformation steps” of products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” within their respective “Specific Septenary Equilibrium Zone”.

It is so that, in each of the six “Specific Septenary Equilibrium Zone” and through the twenty-four “transformation sub-steps” of the common model of the seven “transformation steps” associated with each “Specific Septenary Equilibrium Zone” in this “SPECIFIC SUPREME CONFIGURATION” of seven “Specific Energy ‘EARTHLY’ Domains” — the “Specific Generative Energy ‘EARTHLY’ Domain” and the six “Specific Formative Energy ‘EARTHLY’ Domains” —, “THE

DIVINE ARCHITECT AND PROJECT MASTER” has synchronized the walking movement of each of the six “Specific Energy ‘EARTHLY’ Habitation Domains” with the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain” and also with the walking movements of the six “Specific Formative Energy ‘EARTHLY’ Domains”.

Through the perfect synchronization and through “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, the “Specific Septenary Equilibrium Zone” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain” and everything that they contain are driven by the walking movements of each of the respective six “Specific Formative Energy ‘EARTHLY’ Domains” which in turn is driven by the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain” along the “First Orbit of The MOST LUMINOUS”.

Thus, through the perfect synchronization and through “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, the walking movement of each of the six “Specific Energy ‘EARTHLY’ Habitation Domains” is driven by the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain” along the “First Orbit of The MOST LUMINOUS”.

The “SPECIFIC SUPREME CONFIGURATION” of seven “Specific Energy ‘EARTHLY’ Domains” is stable. It is formed by the “Specific Generative Energy ‘EARTHLY’ Domain” and the six “Specific Formative Energy ‘EARTHLY’ Domains” in manifested walking movement of a metaphor of the “Movement of Formative Divine Particle”, synchronized between them and each manifested walking movement synchronized with the movement of the “Specific Generative Energy ‘EARTHLY’ Domain”, without collisions forever with the passage of time, and in the proportions of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

This stability remains and is not affected by the addition of the six “Specific Energy ‘EARTHLY’ Habitation Domains”; each “Specific Energy ‘EARTHLY’ Habitation Domain” is immersed in a unique “Specific Septenary Equilibrium Zone” of this “SPECIFIC SUPREME CONFIGURATION” of seven “Specific Energy ‘EARTHLY’ Domains”.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed these fourteen “Specific Energy ‘Partially Spiritual’ Domains” — the “Specific Energy ‘CELESTIAL’ Domain”, the “Specific Generative Energy ‘EARTHLY’

Domain”, the six “Specific Formative Energy ‘EARTHLY’ Domains”, and the six “Specific Energy ‘EARTHLY’ Habitation Domains” — in the “MURKY VOID”.

All the knowledge available on these fourteen “Specific Energy ‘Partially Spiritual’ Domains” is what “THE DIVINE”, IHVH, our FATHER chose to share with the attribute “NON DIVINE”; not one more and not one less. This is why the number “fourteen” in “THE HOLY PROJECT” will be used to symbolically mark the “end of knowledge” (or so the “end of wisdom”); the number “twelve”¹⁸¹ — here in correspondence with the six “Specific Formative Energy ‘EARTHLY’ Domains” plus the six “Specific Energy ‘EARTHLY’ Habitation Domains”, all in the “Plane Below” — being associated with the “beginning of knowledge” (or so the “beginning of wisdom”).¹⁸²

“THE DIVINE ARCHITECT AND PROJECT MASTER” has also designed the manifestation of metaphors of the “Specific Walking Movement” of each of these “Specific Energy ‘Partially Spiritual’ Domain”, to allow his creatures that will be created into existence both in the “Plane Above” and in the “Plane Below” to understand and grow knowledge of the “Generative Power of ‘THE DIVINE’” and the “Formative Essence of ‘THE DIVINE’” from the manifestations of the metaphors of the “DIVINE PRIMARY WEALTH” of the “Divine Particles” in the attribute “NON DIVINE” in which His creatures are attached.

¹⁸¹ Originating from the twelve redundant “Divine Equilibrium Regions” with respect to the “Generative Divine Particle” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

¹⁸² See conversation of August 27, 2005, Aristide with the Archangel MICHAEL, and Aristide with CHRIST, regarding the numbers and their meanings.

Each number in the attribute “NON DIVINE” was prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, and everything has a meaning and a purpose. There are also some numbers that explain the life of every creature which is into existence in the attribute “NON DIVINE” and this is done following the walking movements of the constituents of this “SPECIFIC SUPREME CONFIGURATION” of seven “Specific Energy ‘EARTHLY’ Domains” and the birth of every creature which is into existence in the attribute “NON DIVINE”.

The study of the effects of this “SPECIFIC SUPREME CONFIGURATION” of seven “Specific Energy ‘EARTHLY’ Domains” on the creatures that are into existence in the attribute “NON DIVINE”, is the origin of that, which will be called: “ASTROLOGY”. We have indicated this already in a previous section concerning some features of the unique “Divine Septenary Configuration” of one “Generative Divine Particle” and six “Formative Divine Particles”.

It is so that, the creatures that “THE DIVINE FORCE” will create into existence both in the “Plane Above” and in the “Plane Below” were to grow in the knowledge of the different aspects of “THE DIVINE”.

Among these fourteen “Specific Energy ‘Partially Spiritual’ Domains”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed seven of them to be domains of habitation: the “Specific Energy ‘CELESTIAL’ Domain” and the six “Specific Energy ‘EARTHLY’ Habitation Domains”. These seven domains of habitation are matched respectively with the seven “Specific Energy ‘EARTHLY’ Habitation Domains” of the “SPECIFIC SUPREME CONFIGURATION”; the “Specific Energy ‘CELESTIAL’ Domain” being matched with the “Specific Generative Energy ‘EARTHLY’ Domain”, and the other six domains of habitation being matched with the six “Specific Formative Energy ‘EARTHLY’ Domains”.¹⁸³

¹⁸³ “THE DIVINE FORCE” had already given this knowledge to ENOCH, of whom METHUSELAH is the descendant, through several visions, when he was still living on Earth down here and when he had begun to understand the project for which “THE DIVINE FORCE” had created him into existence in this earthly world.

Read more in the section concerning the details annotations — Annotation on the “Specific Energy ‘CELESTIAL’ Domain” and the correspondence with the “Specific Generative Energy ‘EARTHLY’ Domain”.

THE ADDITIONAL NON-HABITABLE DOMAINS
MANIFESTED IN THE “PLANE BELOW” IN THE
“SPECIFIC ‘PARTIALLY SPIRITUAL’ ENVIRONMENT”

To allow His creatures that will be created into existence both in the “Plane Above” and in the “Plane Below” to gain knowledge about the existence of these equilibrium zones and understand in particular the effects of the products of the individual “specific work” accomplished by each of the seven “Specific Energy ‘EARTHLY’ Domains” constituent of the “SPECIFIC SUPREME CONFIGURATION” of seven “Specific Energy ‘EARTHLY’ Domains”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has also designed seven additional and non-habitable “Specific Energy ‘EARTHLY’ Domains”.

后

From the “Specific Elementary ‘EARTHLY’ Particle”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed these additional seven “Specific Energy ‘EARTHLY’ Domains” to allow His creatures that will be created into existence both in the “Plane Above” and in the “Plane Below” to acquire and develop their knowledge on the aspects of the “Generative Power of ‘THE DIVINE’” and the “Formative Essence of ‘THE DIVINE’” from the “SPECIFIC SUPREME CONFIGURATION” formed by the seven first “Specific Energy ‘EARTHLY’ Domains” which are manifestations of metaphors of the “DIVINE PRIMARY WEALTH” of the “Divine Particles”, in the attribute “NON DIVINE” in which His creatures are attached.

THE
DIVINE
ARCHITECT
AND
PROJECT
MASTER

On each of these additional seven “Specific Energy ‘EARTHLY’ Domains”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and lined up to disclose the effects of the products of the individual “specific work” accomplished by each of the seven “Specific Energy ‘EARTHLY’ Domains” constituent of the “SPECIFIC SUPREME CONFIGURATION” of seven “Specific Energy ‘EARTHLY’ Domains”, as well as the products contained in particular equilibrium zones.

As “THE DIVINE ARCHITECT AND PROJECT MASTER” had designed it, it is through “THE DIVINE FORCE” that “THE DIVINE” would “NOURISH” the “Specific Energy ‘EARTHLY’ Substance” of each of these additional seven “Specific Energy ‘EARTHLY’ Domains” and thereby, grow it by “EXPANSION” on a larger volume in specific locations throughout the “SPECIFIC SUPREME CONFIGURATION” of seven “Specific Energy ‘EARTHLY’ Domains” and outside the “Specific Septenary Equilibrium Zones”.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has also designed and established the “Specific Walking Movement” of each of these additional seven “Specific Energy ‘EARTHLY’ Domains”, between the different “Orbits of THE MOST LUMINOUS”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has established the “Specific Walking Path” of the first additional “Specific Energy ‘EARTHLY’ Domain” between the “First Orbit of The MOST LUMINOUS” and the “Second Orbit of The MOST LUMINOUS”, outside of the “First Orbit of The MOST LUMINOUS” and at a first “specific proximity” of the “Specific Walking Path” of the “Specific Generative Energy ‘EARTHLY’ Domain”.

He has also designed the manifestation of this “Specific Walking Path” of the first additional “Specific Energy ‘EARTHLY’ Domain” in the “Plane Below”.

It is this first additional “Specific Energy ‘EARTHLY’ Domain” which will be the closest to the “Specific Generative Energy ‘EARTHLY’ Domain” and will only receive the crude products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has established the “Specific Walking Path” of the second additional “Specific Energy ‘EARTHLY’ Domain” between the “First Orbit of The MOST LUMINOUS” and the “Second Orbit of The MOST LUMINOUS”, outside of the “Second Orbit of The MOST LUMINOUS” and at a first “specific proximity” of the “Specific Walking Path” of the first “Specific Formative Energy ‘EARTHLY’ Domain”.

He has also designed the manifestation of this “Specific Walking Path” of the second additional “Specific Energy ‘EARTHLY’ Domain” in the “Plane Below”.

It is this second additional “Specific Energy ‘EARTHLY’ Domain” which will be the closest to the first “Specific Formative Energy ‘EARTHLY’ Domain” when moving from the “Specific Generative Energy ‘EARTHLY’ Domain” and which will only receive the crude products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain” and by the first “Specific Formative Energy ‘EARTHLY’ Domain”.

Similarly, “THE DIVINE ARCHITECT AND PROJECT MASTER” has established the “Specific Walking Path” of the third additional “Specific Energy ‘EARTHLY’ Domain”, that of the fourth additional “Specific Energy ‘EARTHLY’ Domain”, and that of the fifth additional “Specific Energy ‘EARTHLY’ Domain”, between the “Second Orbit of The MOST LUMINOUS” and the “Sixth Orbit of The MOST LUMINOUS”.

He has also designed the manifestation of these “Specific Walking Paths” in the “Plane Below”.

These are the three additional “Specific Energy ‘EARTHLY’ Domain” which will only receive the crude products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain”, by the second “Specific Formative Energy ‘EARTHLY’ Domain”, by the third “Specific Formative Energy ‘EARTHLY’ Domain”, and the fourth “Specific Formative Energy ‘EARTHLY’ Domain”.

Between the “Sixth Orbit of The MOST LUMINOUS” and the “Seventh Orbit of The MOST LUMINOUS”, “THE DIVINE ARCHITECT AND PROJECT MASTER”

has established the “Specific Walking Path” of the sixth additional “Specific Energy ‘EARTHLY’ Domain”.

He has also designed the manifestation of this “Specific Walking Path” of the sixth additional “Specific Energy ‘EARTHLY’ Domain” in the “Plane Below”.

It is this sixth additional “Specific Energy ‘EARTHLY’ Domain” which will only receive the crude products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain”, by the fifth “Specific Formative Energy ‘EARTHLY’ Domain”, and the sixth “Specific Formative Energy ‘EARTHLY’ Domain”.

Within the confines of the “SPECIFIC SUPREME CONFIGURATION” formed by the seven first “Specific Energy ‘EARTHLY’ Domains”, outside of the “Seventh Orbit of The MOST LUMINOUS” and in a “specific proximity” of this “Seventh Orbit of The MOST LUMINOUS”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has established the “Specific Walking Path” of the seventh additional “Specific Energy ‘EARTHLY’ Domain”.

He has also designed the manifestation of this “Specific Walking Path” of the seventh additional “Specific Energy ‘EARTHLY’ Domain” in the “Plane Below”.

It is this seventh additional “Specific Energy ‘EARTHLY’ Domain” which will no longer receive the crude products of the “specific work” accomplished by the “Specific Generative Energy ‘EARTHLY’ Domain”.

Just as “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” is an absolute complete model, it is likewise with its designed manifestation in the attribute “NON DIVINE”, on a larger scale, and, which will be represented by the unique “SPECIFIC SUPREME CONFIGURATION” of the “Specific Generative Energy ‘EARTHLY’ Domain” and the six “Specific Formative Energy ‘EARTHLY’ Domains”, with the “Cardinal Point” manifested in “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE” and that has been placed within the “Specific Energy ‘CELESTIAL’ Domain”, acting as manifestation of a metaphor of the “Cardinal Point” of the “Generative Divine Particle” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has established the unique “SPECIFIC SUPREME CONFIGURATION” of the “Specific Generative Energy ‘EARTHLY’ Domain” and the six “Specific Formative Energy ‘EARTHLY’ Domains”, to be also an absolute complete model.

HE designed it so that at the end of its implementation, nothing can be added and nothing can there be removed in this unique “SPECIFIC SUPREME CONFIGURATION” of the “Specific Generative Energy ‘EARTHLY’ Domain” and the six “Specific Formative Energy ‘EARTHLY’ Domains” without impairing its stability and consequently the defined model will lose its completeness and will be incomplete.¹⁸⁴

The seven additional “Specific Energy ‘EARTHLY’ Domains” as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed them and established their “Specific Walking Paths” do not affect this “SPECIFIC SUPREME CONFIGURATION” of the “Specific Generative Energy ‘EARTHLY’ Domain” and the six “Specific Formative Energy ‘EARTHLY’ Domains”.

¹⁸⁴ Later during the course of the “Second Phase” of “THE HOLY PROJECT”, the completeness of the designed “SPECIFIC SUPREME CONFIGURATION” of the “Specific Generative Energy ‘EARTHLY’ Domain” and the six “Specific Formative Energy ‘EARTHLY’ Domains” will be impaired by the deeds of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures”. We will explain this in a text below.

יצירה של ספר

CHAPTER 124

THE TWENTY-ONE “SPECIFIC ENERGY ‘PARTIALLY SPIRITUAL’ DOMAIN” DESIGNED IN THE “SPECIFIC ‘PARTIALLY SPIRITUAL’ ENVIRONMENT”

It is so that, by using the two “specific non-spiritual coating” and from the “Specific Elementary ‘SPIRITUAL’ Particle”, “THE DIVINE”, IHVH, our FATHER chose to share with the attribute “NON DIVINE”, a metaphor of the “DIVINE PRIMARY WEALTH” that represents “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed these “twenty-one” “Specific Energy ‘Partially Spiritual’ Domains” — the “Specific Energy ‘CELESTIAL’ Domain”, the “Specific Generative Energy ‘EARTHLY’ Domain”, the six “Specific Formative Energy ‘EARTHLY’ Domains”, the six “Specific Energy ‘EARTHLY’ Habitation Domains”, and the seven additional “Specific Energy ‘EARTHLY’ Domains” — and has placed them in the “MURKY VOID”.

Each of these “twenty-one” “Specific Energy ‘Partially Spiritual’ Domains” is formed by a double structure of “Specific Energy ‘EARTHLY’ Substances”; establishing as such an expression of the model of these “EONS” that “THE DIVINE” has chosen to share with the attribute “NON DIVINE” by adding only a purpose to their manifestations in the attribute “NON DIVINE”, without adding a provision of “THE INTELLECT OF THE DIVINE”, also without adding a provision of “THE DIVINE FORCE”.

Among these “twenty-one” “Specific Energy ‘Partially Spiritual’ Domains”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed seven of them to be domains of habitation: the “Specific Energy ‘CELESTIAL’ Domain” and the six “Specific Energy ‘EARTHLY’ Habitation Domains”. These seven domains of habitation are matched respectively with the seven “Specific Energy ‘EARTHLY’

Domains” of the “SPECIFIC SUPREME CONFIGURATION”; the “Specific Energy ‘CELESTIAL’ Domain” being in correspondence with the “Specific Generative Energy ‘EARTHLY’ Domain”, and the other six domains of habitation being in correspondence with the six “Specific Formative Energy ‘EARTHLY’ Domains”.

To these seven “Specific Energy ‘EARTHLY’ Domains” of the “SPECIFIC SUPREME CONFIGURATION” are also associated seven additional “Specific Energy ‘EARTHLY’ Domains” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed to allow his creatures that will be created into existence both in the “Plane Above” and in the “Plane Below” to acquire and develop their knowledge on the aspects of the “Generative Power of ‘THE DIVINE’” and the “Formative Essence of ‘THE DIVINE’” from the “SPECIFIC SUPREME CONFIGURATION” formed by the seven first “Specific Energy ‘EARTHLY’ Domains” which are manifestations of metaphors of the “DIVINE PRIMARY WEALTH” of the “Divine Particles”, in the attribute “NON DIVINE” in which His creatures are attached.

With the exception of the “Specific Energy ‘CELESTIAL’ Domain” which has been designed in the “Plane Above”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the twenty other “Specific Energy ‘Partially Spiritual’ Domains” in the “Plane Below” and “SOUTH” with respect to the metaphor of the “CARDINAL POINT OF THE CREATION”.¹⁸⁵

¹⁸⁵ These twenty “Specific Energy ‘Partially Spiritual’ Domains”, which are the twenty “Specific Energy ‘EARTHLY’ Domains”, constitute that, which is called the “Solar System”.

We shall think of a system as: “A deterministic entity comprising an interacting collection of discrete elements.” A system performs certain functions; it has a definite purpose, it does something. The “deterministic” aspect of the entity considered implies that the “system” in question be identifiable. The “discrete elements” of the entity considered are also, of course, identifiable. It is so that, a system is made up of parts or subsystems that interact. This interaction, which may be very complex indeed, generally insures that a system is not simply equal to the sum of its parts. Furthermore, if the performance of any part changes — for example any type of failure — the system itself also changes.

The constituents of the “Solar System” are these “Specific Energy ‘EARTHLY’ Domains”; they are not “planets”, as human creatures wrongly call them and through designations (Mercury, Venus, Mars, Jupiter, Saturn, Uranus, Neptune, etc...) that they have chosen and reflecting their own impure desires. All these “Specific Energy ‘EARTHLY’ Domains” constituent of the “Solar System” are on the same plane which is called “EARTH”, that is the “Plane Below”.

He has also designed and with aim to make manifest into existence, by “THE DIVINE FORCE”, on this “Plane Below” a metaphor of the “Specific Walking Path” and the direction of movement of each of these twenty “Specific Energy ‘Partially Spiritual’ Domains” on their respective “Specific Walking Path” in the form of a “Specific Walking Movement”.

The first component of the “Specific Walking Movement”, for each of these twenty “Specific Energy ‘Partially Spiritual’ Domains”, is a “rotary movement” of the considered “Specific Energy ‘Partially Spiritual’ Domain” around itself and following a “specific rotation axis” which is directed towards the “Specific Energy ‘CELESTIAL’ Domain”.¹⁸⁶ This internal “rotary movement” has been defined by “THE DIVINE ARCHITECT AND PROJECT MASTER” as part of the dynamism, the principle of action, of their “Specific Energy ‘Partially Spiritual’ Inner Domain”.¹⁸⁷

It is in these “twenty-one” “Specific Energy ‘Partially Spiritual’ Domains” that “THE DIVINE FORCE” has chosen to apply the concepts, rules and principles, and the tools that “THE DIVINE ARCHITECT AND PROJECT MASTER” had designed and built to be used in the “Specific ‘SPIRITUAL’ Environment”.

Read more in the section concerning the details of annotations — Annotation on the twenty others “Specific Energy ‘Partially Spiritual’ Domains” in the “Plane Below” and “SOUTH” with respect to the metaphor of the “CARDINAL POINT OF THE CREATION”.

¹⁸⁶ Later during the course of the implementation of this “HOLY PROJECT” that “THE DIVINE ARCHITECT AND PROJECT MASTER” designed, and after what happened in the “Specific Energy ‘CELESTIAL’ Domain” and the consequences on the destruction of the creatures of the “Plane Below”, “THE DIVINE FORCE” will reverse the axis of rotation as well as the direction of rotation of the first additional “Specific Energy ‘EARTHLY’ Domain” and these “Specific Energy ‘EARTHLY’ Habitation Domains” in which were placed all transformed human creatures (we will explain what is this transformation in a text below) and who are awaiting the “Second Death”, to impress upon his others Creatures that it is in these “Specific Energy ‘EARTHLY’ Habitation Domains” moving in the opposite direction that are placed the “Psychic Body” of all those who have rejected “THE DIVINE”, IHVH, our FATHER and have chosen the path opposite to that established for their existence in the attribute “NON DIVINE”.

¹⁸⁷ Observe the behaviour of a “spinning top” in the absence of other influences (think of the vacuum of the “MURKY VOID”) and in which the fine tip of the “spinning top” are defined by an electromagnetic field, generated by the internal movement of the “spinning top”, and understand through discernment.

Through the perfect synchronization and through “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established, the walking movement of each of the six “Specific Energy ‘EARTHLY’ Habitation Domains”, as well as those of every star which will be formed in “MURKY VOID” with the passage of time, are driven by the walking movement of the “Specific Generative Energy ‘EARTHLY’ Domain” along the “First Orbit of The MOST LUMINOUS”.¹⁸⁸

Having received, from “THE DIVINE ARCHITECT AND PROJECT MASTER”, the designs of the two “specific non-spiritual coating”, and the designs of the “twenty-one” “Specific Energy ‘Partially Spiritual’ Domains”, then, “THE DIVINE FORCE” undertook to realise into existence in these two volume planes, “HEAVEN” and “EARTH”, the “Specific ‘Partially Spiritual’ Environments” in which SHE will apply the concepts, rules and principles, and tools that SHE will also establish in the “Specific ‘SPIRITUAL’ Environment”.

Having created into existence the “MURKY VOID”, and having developed the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” model in the “Specific ‘SPIRITUAL’ Environment”, “THE DIVINE FORCE” chose the first plane in the “MURKY VOID” and on which SHE will produce into existence the first domain of habitation. SHE chose this first plane to be “Plane Above”, that is the “HEAVEN”.

Then, in this “Plane Above”, “THE DIVINE FORCE” manifested into existence the “Specific Elementary ‘SPIRIT’ Particle”, covering it with the “low density” “specific ‘CELESTIAL’ coating” as “THE DIVINE ARCHITECT AND PROJECT MASTER” had designed it and defined it for this “Plane Above”; creating into existence the “Specific Elementary ‘CELESTIAL’ Particle”.

Subsequently, from the “Specific Elementary ‘CELESTIAL’ Particle”, “THE DIVINE FORCE” produced into existence in this “Plane Above”, inside the “MURKY VOID”, the “Specific Energy ‘CELESTIAL’ Substance”, which is the equivalent of the “Specific Energy ‘SPIRIT’ Substance” in the “Specific ‘SPIRITUAL’ Environment”.

As “THE DIVINE ARCHITECT AND PROJECT MASTER” had designed it, “THE DIVINE FORCE” has “NOURISHED” this “Specific Energy ‘CELESTIAL’ Substance” and grew it by “EXPANSION” on a larger volume, creating as such the “Specific Energy ‘CELESTIAL’ Domain”.

¹⁸⁸ In spiritual language, it will be said that the “Specific Generative Energy ‘EARTHLY’ Domain” ignites all stars in his walk along the “First Orbit of The MOST LUMINOUS”.

“THE DIVINE FORCE” chose the second plane in the “MURKY VOID” and on which SHE will create into existence the second domain of habitation. SHE chose this second plane to be “Plane Below”, that is the “EARTH”.

Then, in this “Plane Below”, “THE DIVINE FORCE” manifested into existence the “Specific Elementary ‘SPIRIT’ Particle”, covering it with the “high density” “specific ‘EARTHLY’ coating” as “THE DIVINE ARCHITECT AND PROJECT MASTER” had designed it and defined it for this “Plane Below”; creating into existence the “Specific Elementary ‘EARTHLY’ Particle”.

Subsequently, from the “Specific Elementary ‘EARTHLY’ Particle”, “THE DIVINE FORCE” has produced into existence in this “Plane Below”, inside the “MURKY VOID”, the “Specific Energy ‘EARTHLY’ Substance”, which is the equivalent of the “Specific Energy ‘SPIRIT’ Substance” in the “Specific ‘SPIRITUAL’ Environment”.

As “THE DIVINE ARCHITECT AND PROJECT MASTER” had designed it, “THE DIVINE FORCE” has “NOURISHED” this “Specific Energy ‘EARTHLY’ Substance” and grew it by “EXPANSION” on a larger volume, creating as such the crude “Specific Energy ‘EARTHLY’ Substance” which will be later shaped to form the first “Specific Energy ‘EARTHLY’ Habitation Domain”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” had also designed it to be immersed in the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain” in the “SPECIFIC SUPREME CONFIGURATION” of seven “Specific Energy ‘EARTHLY’ Domains”.

יצירה של ספר

CHAPTER 124

THE TWENTY-ONE “SPECIFIC ENERGY ‘PARTIALLY SPIRITUAL’ DOMAIN” DESIGNED IN THE
“SPECIFIC ‘PARTIALLY SPIRITUAL’ ENVIRONMENT”

CHAPTER 125

SHAPING OF THE “SPECIFIC ENERGY ‘CELESTIAL’ SUBSTANCE” CONSTITUENT OF THE “SPECIFIC ENERGY ‘CELESTIAL’ DOMAIN” AND CREATION OF THE FIRST “SPECIFIC ENERGY ‘SPIRIT←LIGHT’ BRIDGE”

It is in the “Plane Above”, that is the “HEAVEN”, that “THE DIVINE FORCE” chose to implement the “First Phase” of “THE HOLY PROJECT” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has associated with the implementation into existence in the attribute “NON DIVINE” of the environment and conditions necessary for the manifestation into existence of metaphors of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”, as well as the actual realization of these metaphors of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”.

It is so that, as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established it from the “Specific Elementary ‘CELESTIAL’ Particle”, “THE DIVINE FORCE” created the “Specific Energy ‘CELESTIAL’ Domain” inside the “MURKY VOID” and in the “Plane Above” — the “HEAVEN”.

Through the “Specific ‘SPIRITUAL’ Environment” around this “Specific Energy ‘CELESTIAL’ Domain”, “THE DIVINE FORCE” has established the “HARMONY” between “THE DIVINE”, IHVH, our FATHER and this “Specific Energy ‘CELESTIAL’ Domain”.

“THE DIVINE FORCE” has then, grown this “Specific Energy ‘CELESTIAL’ Domain” by “EXPANSION” on a larger volume in the proportions of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, and SHE has

arranged the “Specific Atomic ‘CELESTIAL’ Substances” constituents of this “Specific Energy ‘CELESTIAL’ Domain” in a well-defined order.¹⁸⁹

Following the instructions of “THE DIVINE ARCHITECT AND PROJECT MASTER”, “THE DIVINE FORCE” who is also known under the designation of “THE INVISIBLE SPIRIT “, has created a “Specific Energy ‘LIGHT’ Substance” built from “Specific Atomic ‘LIGHT’ Substances”, themselves built from a “Specific Elementary ‘LIGHT’ Particle”.

In the proportionality ratios obtained by application of proportionality factors that define the laws of change of frame of reference, between “THE ABSOLUTE FRAME OF REFERENCE” defined by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in “THE DIVINE” and “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE”, the magnitude of this “Specific Energy ‘LIGHT’ Substance” is reminiscent of a “spark” of “THE DIVINE LIGHT”.¹⁹⁰

¹⁸⁹ This is why it is said in parable that:

“ ...

“THE INVISIBLE SPIRIT” brought forth the substance (that is, the “Specific Energy ‘CELESTIAL’ Substance”).

...”

And to make understand that, it is “THE DIVINE FORCE” who made manifest all the “specific processes” of this “Specific Energy ‘CELESTIAL’ Substance”, it is said in parable that:

“ ...

“THE INVISIBLE SPIRIT” is hidden in the substance (that is, the “Specific Energy ‘CELESTIAL’ Substance”).

...”

¹⁹⁰ It is to make understand this, that it is said in parables that:

“ ...

“THE INVISIBLE SPIRIT” has looked intensely towards “THE LIGHT” pure. SHE wrapped it and gave birth to a “spark of light” which resembles “THE LIGHT” blessed, but which was not equal to it in magnitude.

...”

“... looked intensely towards “THE LIGHT” pure ...” means that SHE has received instructions from “THE DIVINE ARCHITECT AND PROJECT MASTER”.

CHAPTER 125

SHAPING OF THE “SPECIFIC ENERGY ‘CELESTIAL’ SUBSTANCE” CONSTITUENT OF THE “SPECIFIC ENERGY ‘CELESTIAL’ DOMAIN” AND CREATION OF THE FIRST “SPECIFIC ENERGY ‘SPIRIT←LIGHT’ BRIDGE”

As we indicated at the onset of these writings, it is from the unique particulars of the attribute “PURITY” of “THE DIVINE BODY”, and remaining within those unique particulars of the attribute “PURITY” of “THE DIVINE BODY”, that “THE DIVINE” has conceived and produced in HIMSELF the UNIQUE creature that is designated as: “THE FORCE OF ‘HE WHO IS’”, or “THE DIVINE FORCE”. It is from those unique particulars of the attribute “PURITY” of “THE DIVINE BODY” that “THE DIVINE FORCE” has inherited the “INVISIBILITY” property.

From the respective particulars of the other two attributes “LIGHT” and “GOD” of “THE DIVINE BODY”, and within these respective particulars of the other two attributes “LIGHT” and “GOD” of “THE DIVINE BODY”, “HE WHO IS” — “THE UNUTTERABLE” — “THE DIVINE” has not designed and has not produced any other creature in HIMSELF, as HE has done with “THE DIVINE FORCE”. In those respective particulars of the other two attributes “LIGHT” and “GOD” of “THE DIVINE BODY”, “THE DIVINE ARCHITECT AND PROJECT MASTER” is present with the unique particulars of the attribute “PURITY” of “THE DIVINE BODY” as epithets and has always existed and without procreation.

This “Specific Energy ‘LIGHT’ Substance” in “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE”, is a “Specific Energy ‘LIGHT’ Substance”, which has been created in the “resemblance”, in the “image”, of the attributes “LIGHT” and “GOD” of “THE DIVINE BODY”. This created “Specific Energy ‘LIGHT’ Substance” is the Monogene manifested by “THE DIVINE FORCE”; it is the first begotten, the pure light of the attribute “NON DIVINE”, the first expression in the attribute “NON DIVINE” of a metaphor of the “‘LIGHT’ Divine State”, with properties which are the most potent properties that “THE DIVINE ARCHITECT AND PROJECT MASTER” has fixed for the “‘LIGHT’ Specific State” in the attribute “NON DIVINE”, and which will serve as a “COMMUNICATION CHANNEL OF ‘THE WORD OF THE DIVINE’”.

“THE DIVINE FORCE” has established and consolidated this “Specific Energy ‘LIGHT’ Substance” in “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE”, as the manifestation of the metaphor of the “Cardinal Point” of the “Generative Divine Particle” which is

“... *“THE LIGHT” blessed ...*” is “THE DIVINE LIGHT”, the “Divine Energy ‘LIGHT’ Substance” in “THE ABSOLUTE FRAME OF REFERENCE” defined by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in “THE DIVINE” and which is manifested by metaphor with this “Specific Energy ‘LIGHT’ Substance” in “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE”.

defined in “THE ABSOLUTE FRAME OF REFERENCE” defined by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in “THE DIVINE”.¹⁹¹

These most potent properties that “THE DIVINE ARCHITECT AND PROJECT MASTER” has fixed in the attribute “NON DIVINE” are the optimal properties that ensue from the application of proportionality factors that define the laws of change of frame of reference, between “THE ABSOLUTE FRAME OF REFERENCE” defined by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in “THE DIVINE” and “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE”.

The “Specific Atomic ‘LIGHT’ Substances” constituents of this “Specific Energy ‘LIGHT’ Substance” are continually generated by “EXPANSION”, and in the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

It is for this, that this “Specific Energy ‘LIGHT’ Substance” with these most potent properties that “THE DIVINE ARCHITECT AND PROJECT MASTER” has fixed in the attribute “NON DIVINE”, and that generates and produces its constituent “Specific Atomic ‘LIGHT’ Substances”, is actually a “Specific Energy ‘GOD’ Substance”; and because of the “Specific Atomic ‘LIGHT’ Substances” it produces and which are all around it, it is a manifestation of the “‘LIGHT←GOD’ INDISTINCT DIVINE FORM”.¹⁹²

This unique manifestation of the “‘LIGHT←GOD’ INDISTINCT DIVINE FORM” is the result of analogical substitution, defined and applied by “THE DIVINE FORCE”, onto a “Generative Divine Particle” — which cannot be expressed in its form of origin which is within “THE DIVINE DOMAIN”, since the attribute “NON DIVINE” does not provide the divine conditions that are specific to express such forms of origin —, following three angles defined by the three attributes —

¹⁹¹ It is for the purpose to make understand this, that it is said in parable that:

“ ...

“THE INVISIBLE SPIRIT” has anointed His first begotten.

...”

¹⁹² It is for the purpose to make understand this property that the qualifier “Autogene God” has been given to this “Specific Energy ‘LIGHT’ Substance”; the word “god” is used to signify that this “Specific Energy ‘LIGHT’ Substance” produces the “‘LIGHT’ Specific State”.

“PURITY”, “LIGHT”, and “GOD” — of “THE DIVINE BODY”, and projected inside the attribute “NON DIVINE”.

This unique manifestation of the “‘LIGHT←GOD’ INDISTINCT DIVINE FORM” is a three-dimensional “projection”, into the attribute “NON DIVINE”, of a “Generative Divine Particle” with respect to its three attributes: “PURITY”, “LIGHT”, and “GOD”. The filter, through which this “projection” has been made possible, is “THE DIVINE FORCE”.

It is so that, this “Specific Energy ‘LIGHT’ Substance” is also a manifestation of a metaphor of the “Generative Power of ‘THE DIVINE’”: it is the “Specific Generative Power” for the “Plane Above”.¹⁹³

¹⁹³ It is for the purpose to make understand all these properties of this “Specific Energy ‘LIGHT’ Substance” that it is said in parables that:

“...

“THE INVISIBLE SPIRIT” has anointed His first begotten of His Kindness, of His ability to illuminate, so that the first begotten becomes perfect and independent of any need, having become correct.

...”

That is, having received a very high fundamental “‘LIGHT’ specific supply of subsistence” to allow the “Specific Atomic ‘LIGHT’ Substances” constituents of this “Specific Energy ‘LIGHT’ Substance” to be continually generated by “EXPANSION”, without any outside help.

“...*“THE INVISIBLE SPIRIT” has anointed His first begotten ...*” to make understand that “THE DIVINE FORCE” has established and consolidated the position of this “Specific Energy ‘LIGHT’ Substance” in “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE”, as the manifestation of the metaphor of the “Cardinal Point” of the “Generative Divine Particle” which is defined in “THE ABSOLUTE FRAME OF REFERENCE” defined by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in “THE DIVINE”

It is also said in parables that:

“...

The first begotten has received the anointing of “THE INVISIBLE SPIRIT” and stands in Her presence glorifying (that is, continuously emitting its luminous radiation) “THE DIVINE” as well as “THE INVISIBLE SPIRIT” through whom he has been manifested.

...”

By itself, this first begotten of “THE DIVINE FORCE” is a “Realm”, also called a “Sphere”, also called a “Kingdom”. It is a three dimensional “Realm”.

It is so that, through those “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established, and which we have already mentioned concerning the successive series of reception and transmission of signals within a “Specific Energy ‘SPIRITUAL’ Substance”, the luminous radiation of this “Specific Energy ‘LIGHT’ Substance” will spread on the whole “Specific Energy ‘CELESTIAL’ Domain” and make it habitable; thus filling it with the grace of “THE DIVINE”, that is, the manifestations of benefits of the very Presence of “THE DIVINE” — which is here represented by this Monogene manifested by “THE DIVINE FORCE”.

“THE DIVINE”, IHVH, our FATHER has observed this Monogene manifested by “THE DIVINE FORCE”, and was very pleased.

Although this “Specific Energy ‘LIGHT’ Substance” is a “Specific Energy ‘LIGHT’ Substance” which appears motionless and unable by itself to change its state of rest or motion, it is alive and this “Specific Energy ‘LIGHT’ Substance” has received from “THE DIVINE”, IHVH, enough force and strength to destroy the entire “Specific Energy ‘CELESTIAL’ Domain”, in the event that it (this “Specific Energy ‘LIGHT’ Substance”) comes to be exposed without protection to the “Specific Energy ‘CELESTIAL’ Substance” which surrounds it.

Following the instructions of “THE DIVINE ARCHITECT AND PROJECT MASTER”, and all around and covering this “Specific Energy ‘LIGHT’ Substance”, “THE DIVINE FORCE” has created a “Specific ‘SPIRIT←LIGHT’ Frontier” from “Specific Atomic ‘SPIRIT’ Substances” and “Specific Atomic ‘LIGHT’ Substances” themselves built respectively from a “Specific Elementary ‘SPIRIT’ Particle” and from a “Specific Elementary ‘LIGHT’ Particle”.

As we have already mentioned, the combined group which is formed by this “Specific ‘SPIRIT←LIGHT’ Frontier” and the “Specific Energy ‘LIGHT’ Substance” is a “Specific Energy ‘LIGHT’ Domain”. This “Specific Energy ‘LIGHT’ Domain” is called: “The ALTAR of ‘THE DIVINE’”.

The “Specific Energy ‘LIGHT’ Substance” inside “The ALTAR of ‘THE DIVINE’” cannot be mixed with something else which is not in the manner of being in the “‘LIGHT’ Specific State” used for the construction of the considered “Specific Energy ‘LIGHT’ Substance” without impairing the “HARMONY” with “THE DIVINE”, IHVH, our FATHER — this is often translated into other terms by saying that:

“THE WILL” OF “THE DIVINE”, IHVH, OUR FATHER, IN HIS VARIOUS FORMS, AND THE WILL OF ANY THING OTHER THAN “THE DIVINE”, IHVH, CANNOT COEXIST IN THE SAME “ALTAR OF ‘THE DIVINE’”.

All around and covering this “Specific ‘SPIRIT←LIGHT’ Frontier”, “THE DIVINE FORCE” has also created a “Specific Energy ‘SPIRIT’ Substance” built from “Specific Atomic ‘SPIRIT’ Substances”, themselves built from a “Specific Elementary ‘SPIRIT’ Particle”, with properties which are the most potent properties that “THE DIVINE ARCHITECT AND PROJECT MASTER” has fixed for the “‘SPIRIT’ Specific State” in the attribute “NON DIVINE”, and thus protecting “The ALTAR of ‘THE DIVINE’”.

Although this “Specific Energy ‘SPIRIT’ Substance” appears motionless and unable by itself to change its state of rest or motion, it is alive and has received all the particulars of a stable “Specific Septenary Equilibrium Zone” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, with respect to “The ALTAR of ‘THE DIVINE’” which it covers.

This “Specific Energy ‘SPIRIT’ Substance” cannot be mixed with something else which is not in the manner of being in the “‘SPIRIT’ Specific State” used for its construction, without impairing the “HARMONY” with “THE DIVINE”, IHVH, our FATHER.

The “Specific Atomic ‘LIGHT’ Substances” constituents of the “Specific Energy ‘LIGHT’ Substance”, of which this “Specific Energy ‘SPIRIT’ Substance” covers, are continually generated by “EXPANSION”, and in the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established. To this process is associated the first non-reversible energy osmosis.

The generated surpluses of “Specific Atomic ‘LIGHT’ Substances” are sent to the “Specific Energy ‘SPIRIT’ Substance” and through the “Specific ‘SPIRIT←LIGHT’ Frontier”.

At the passage through the “Specific ‘SPIRIT←LIGHT’ Frontier”, the “Specific Atomic ‘LIGHT’ Substances” with “‘LIGHT’ specific supply of subsistence”, are transformed into “Specific Atomic ‘SPIRIT’ Substances” with crude “‘SPIRIT’ specific supply of subsistence” and in the manner of being in the “‘SPIRIT’ Specific State” used for the construction of the “Specific Energy ‘SPIRIT’ Substance”. This process corresponds to the second non reversible energy osmosis.

It is these new “Specific Atomic ‘SPIRIT’ Substances” that the “Specific Energy ‘SPIRIT’ Substance” will receive and it will dilute them following “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established in mixtures with the “Specific Atomic ‘SPIRIT’ Substances” that already exist in this “Specific Energy ‘SPIRIT’ Substance”.

It is so that, the content in “Specific Atomic ‘SPIRIT’ Substances” diluted and available in this “Specific Energy ‘SPIRIT’ Substance” will also increase with the continuous generation by “EXPANSION” of the “Specific Atomic ‘LIGHT’ Substances” constituents of the “Specific Energy ‘LIGHT’ Substance” which that “Specific Energy ‘SPIRIT’ Substance” covers.

In the remaining of this BOOK, and to refer to the process of transfer of surpluses of “Specific Atomic ‘LIGHT’ Substances” through the “Specific ‘SPIRIT←LIGHT’ Frontier”, we shall say simply that: “The ALTAR of ‘THE DIVINE’” emits crude “‘SPIRIT’ specific supply of subsistence”.

Therefore, this “Specific Energy ‘SPIRIT’ Substance” helps mitigate and dilute the strength of crude “‘SPIRIT’ specific supply of subsistence” emitted by “The ALTAR of ‘THE DIVINE’” which it covers and to protect it from the “Specific ‘SPIRITUAL’ Environment” external and immediate around this “Specific Energy ‘LIGHT’ Substance”, so that it does not expand and destroy the environment in which it is placed, and possibly return it in a proximity domain; because “The ALTAR of ‘THE DIVINE’” has received a SUFFICIENT amount of force and strength from “THE DIVINE FORCE” to destroy the whole external environment in which it is placed.

“THE DIVINE FORCE” has protected this “Specific Energy ‘SPIRIT’ Substance” and “The ALTAR of ‘THE DIVINE’” which it covers, by a “Specific Energy ‘SPIRITUAL’ Envelope” followed by a “Specific ‘CELESTIAL←SPIRITUAL’ Frontier” built from “Specific Atomic ‘CELESTIAL’ Substances” and “Specific Atomic ‘SPIRITUAL’ Substances” as “THE DIVINE ARCHITECT AND PROJECT MASTER” designed and established it.

It is so that, this “Specific Energy ‘SPIRIT’ Substance” and “The ALTAR of ‘THE DIVINE’” which it covers, form a unique (and the first) manifestation in the attribute “NON DIVINE” of a metaphor of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, with the most potent properties that “THE DIVINE ARCHITECT AND PROJECT MASTER” has fixed for the “‘SPIRIT→LIGHT’ Specific State” in the attribute “NON DIVINE”.

It is the second expression into existence of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, with the most potent properties that “THE DIVINE ARCHITECT AND PROJECT MASTER” has fixed in the attribute “NON DIVINE”; the first expression of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” being “THE DIVINE” Himself.

Furthermore, this combined group formed by the “Specific Energy ‘SPIRIT’ Substance” and “The ALTAR of ‘THE DIVINE’” which it covers, is also the first expression in the attribute “NON DIVINE” of a metaphor for “THE ‘SPIRIT←LIGHT’ EON”, also called the “‘SPIRIT←LIGHT’ UNION”, or simply “THE UNION”, and with the most potent properties that “THE DIVINE ARCHITECT AND PROJECT MASTER” has fixed for the “‘SPIRIT→LIGHT’ Specific State” in the attribute “NON DIVINE”.¹⁹⁴

The “Specific Atomic ‘SPIRIT’ Substances” diluted and available in this “Specific Energy ‘SPIRIT’ Substance” will also increase with the continuous generation by

¹⁹⁴ It is for the purpose to make understand the forming of this combined group constituted by the “Specific Energy ‘SPIRIT’ Substance” and “The ALTAR of ‘THE DIVINE’” which it covers, as well as all these properties, that it is said in parables that:

“...

The first begotten of “THE INVISIBLE SPIRIT” has requested that a spouse [this “Specific Energy ‘SPIRIT’ Substance” which covers “The ALTAR of ‘THE DIVINE’”] be given to him.

“THE INVISIBLE SPIRIT” has given Her consent and has manifested the spouse who then, stood with the first begotten in his kindness and his ability to illuminate and glorifying (that is, continuously emitting its luminous radiation) “THE DIVINE” as well as “THE DIVINE FORCE” through whom both have been manifested.

...”

Expressions of this combined group will also be manifested by “THE DIVINE FORCE”, throughout all creatures that SHE will produce into existence in the attribute “NON DIVINE”, on instructions of “THE DIVINE”, IHVH, our FATHER.

It is so that, most creatures, be it the celestial creatures or the human creatures, be it the plants, be it the animals, will be manifested by pair, into existence by “THE DIVINE FORCE”, so that the constituents of each pair, standing together, each pair as unique expression of this original combined group, glorify “THE DIVINE”, IHVH, our FATHER, as well as “THE DIVINE FORCE”, through whom all have been manifested into existence in the attribute “NON DIVINE”. But those creatures, be it the celestial creatures or the human creatures, will not understand all what has been manifested and which is in front of them.

“EXPANSION” of the “Specific Atomic ‘LIGHT’ Substances” constituents of the “Specific Energy ‘LIGHT’ Substance” which that “Specific Energy ‘SPIRIT’ Substance” covers.

The surpluses of “Specific Atomic ‘SPIRIT’ Substances” are sent to the “Specific Energy ‘CELESTIAL’ Substance”, through the “Specific Energy ‘SPIRITUAL’ Envelope” and through the “Specific ‘CELESTIAL←SPIRITUAL’ Frontier”.

Through the “Specific Energy ‘SPIRITUAL’ Envelope” and at the passage through the “Specific ‘CELESTIAL←SPIRITUAL’ Frontier”, the “Specific Atomic ‘SPIRIT’ Substances” with diluted “‘SPIRIT’ specific supply of subsistence”, are transformed and their crude “‘CELESTIAL’ specific supply of subsistence” resulting from this transformation are sent to the “Specific Atomic ‘CELESTIAL’ Substances” that are in contact with this “Specific ‘CELESTIAL←SPIRITUAL’ Frontier”. This process corresponds to the third non reversible energy osmosis.

It is also so that the content in “Specific Atomic ‘CELESTIAL’ Substances” diluted and available in this “Specific Energy ‘CELESTIAL’ Substance” will be regenerated by the continuous generation by “EXPANSION” of the “Specific Atomic ‘LIGHT’ Substances” constituents of the “Specific Energy ‘LIGHT’ Substance” which that “Specific Energy ‘SPIRIT’ Substance” covers.

In the remaining of this BOOK, and to refer to the process of transfer of surpluses of “Specific Atomic ‘SPIRIT’ Substances” through the “Specific ‘CELESTIAL←SPIRITUAL’ Frontier”, we shall say simply that: “Specific Energy ‘SPIRIT’ Substance” emits crude “‘CELESTIAL’ specific supply of subsistence”.

It is so that, “THE DIVINE FORCE” has afterwards created the others components and thus manifested the First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, in this “Specific Energy ‘CELESTIAL’ Domain”.

This First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” within the “Specific Energy ‘CELESTIAL’ Domain” is called: “THE SHEKINAH”, “THE THRONE OF THE DIVINE IN THE ATTRIBUTE ‘NON DIVINE’”.

This First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will also serve as a channel of communication through which “THE DIVINE” will send “THE WORD OF THE DIVINE” to the attribute “NON DIVINE”.

Once “THE WORD OF THE DIVINE” would have been sent to the attribute “NON DIVINE” through this channel of communication, then, it is “THE DIVINE FORCE” who will be responsible to manifest into existence in the attribute “NON

DIVINE”, not only the “SOUND” that is associated with “THE WORD OF THE DIVINE”, but also the product which is transported by “THE WORD OF THE DIVINE”.

“THE DIVINE FORCE” will manifest the “SOUND”, by using the elements of “THE ‘LIGHT’ REASON” that are in “The ALTAR of ‘THE DIVINE’” inside this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

It is also inside this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” and in “THE SILENCE” that “THE DIVINE” will communicate with the living creatures that “THE DIVINE FORCE” will create, from the “Specific Energy ‘SPIRIT’ Substance” constituent of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” and following instructions of “THE DIVINE ARCHITECT AND PROJECT MASTER”.

All divine works that precede the creation of the First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” were performed by “THE DIVINE FORCE” in “THE SILENCE” through “THE SUPREME PLENITUDE” of “THE DIVINE”.

On the other hand, all divine works that will succeed in the creation of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, in the attribute “NON DIVINE”, will be always carried out by “THE DIVINE FORCE”, not anymore in “THE SILENCE” but will be accompanied by the manifestation of the “SOUND” that is associated with “THE WORD OF THE DIVINE”.

The luminous radiation of “The ALTAR of ‘THE DIVINE’” in this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, although protected by a “Specific Energy ‘SPIRIT’ Substance”, will spread on the whole “Specific Energy ‘CELESTIAL’ Domain” and make it habitable, thus filling it with the grace of “THE DIVINE”, that is the manifestations of benefits of the very Presence of “THE DIVINE” — which is here represented by the Monogene manifested by “THE DIVINE FORCE”.

At the level of the position of “The ALTAR of ‘THE DIVINE’”, which is the manifestation of the metaphor of the “Cardinal Point” of the “Generative Divine Particle” which is defined in “THE ABSOLUTE FRAME OF REFERENCE” defined by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in “THE DIVINE”, “THE DIVINE FORCE” has placed a large Luminaire; it is the first large Luminaire.

Having created into existence “THE SHEKINAH”, “THE THRONE OF THE DIVINE IN THE ATTRIBUTE ‘NON DIVINE’”, and following the designs of “THE DIVINE ARCHITECT AND PROJECT MASTER”, then, “THE DIVINE

It is so that, “THE DIVINE FORCE” has established the fixed orientation, IHVH — in the sense that we know it: NORTH, SOUTH, WEST, and EAST — which is applied in “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE”.¹⁹⁵

The other three additional points will make clear, to show all the creatures that will be created into existence in the attribute “NON DIVINE”, the direction and the position of “THE SHEKINAH”, “THE THRONE OF THE DIVINE IN THE ATTRIBUTE ‘NON DIVINE’”. This is why these three additional points are also called: the large Luminaires.¹⁹⁶

¹⁹⁵ The fixed orientation thus established, in all its metaphors, will have a considerable scope in all the creatures that “THE DIVINE FORCE” will produce into existence in the attribute “NON DIVINE”, and in all areas of activities in which they will be engaged. For all these creatures, the mere fact of existing in this attribute “NON DIVINE” will be tantamount to continually confronting all questions relating to the metaphors of this fixed orientation; that is, the search for “THE ONE” from whom they originate and, on the back of these questions, these creatures will be constantly faced with the dilemma between “orienting oneself” and “being oriented” (to be educated in the knowledge of “THE ONE” from whom they originate), and whose resolution will always bring back ultimately to the acronym IHVH, that is to say, to “THE DIVINE”, IHVH, our FATHER.

It will be said of a creature who will not be awake to this knowledge of this fixed orientation, or who will have lost the knowledge of this fixed orientation, that it went astray: such a creature will be similar to a traveller who roams on a path gridded by hordes of bandits, risking his life without adequate protection; a fortiori, a strayed creature is the one that has carried this risk to its highest level.

¹⁹⁶ It is for the purpose to make understand this, that it is said in parable that:

“
...

This manifestation in “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE”, of the metaphor of the acronym IHVH is always translated in parable by the sequence of terms: “PERCEPTION”, “GRACE”, “INTELLIGENCE”, “COMPREHENSION”.

From this manifestation of the fixed orientation, IHVH, from “THE SHEKINAH”, “THE DIVINE FORCE” has also established the fixed positions of manifestations, in “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE”, of metaphors of the twelve redundant “Divine Equilibrium Regions” with respect to the “Generative Divine Particle” which is defined in “THE ABSOLUTE FRAME OF REFERENCE” defined by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in “THE DIVINE”.

With this manifestation of the fixed orientation, IHVH, from “THE SHEKINAH”, and with the associated twelve fixed positions of manifestations of metaphors of the twelve redundant “Divine Equilibrium Regions” with respect to the “Generative Divine Particle”, “THE DIVINE FORCE” has established the manifestation of the road to the “PLENITUDE”, which we have already explained in the chapter concerning the designation of “THE DIVINE” from “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

It is from these twelve fixed positions that will be observed, in “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE”, the proper functioning of the manifestation of the metaphor of the complete movement of the “Generative Divine Particle”; because this movement passes through these manifested twelve redundant “Divine Equilibrium Regions” with respect to the “Generative Divine Particle” and drives all the other movements with it.

These twelve fixed positions will allow getting some clarity — the parameters of “Entry Gates” and “Exit Gates” of the “First Orbit of The MOST LUMINOUS” —

It is from “THE LIGHT” and from “THE INCORRUPTIBILITY”, by the gift of “THE INVISIBLE SPIRIT”, that the tetrad of large luminaires was manifested outside of the “Autogene God” in order to assist him.

...

“THE LIGHT” refers to the “Specific Energy ‘LIGHT’ Substance” constituent of “The ALTAR of ‘THE DIVINE’” inside of “THE SHEKINAH”, “THE INCORRUPTIBILITY” refers to “THE DIVINE FORCE”, and the “Autogene God” refers to “The ALTAR of ‘THE DIVINE’” inside of “THE SHEKINAH”.

concerning the proper functioning of the “SPECIFIC SUPREME CONFIGURATION” of the seven “Specific Energy ‘EARTHLY’ Domains”, and this is why these twelve fixed positions are also called: the large Luminaires.¹⁹⁷

It is on these twelve fixed positions that are placed the six “Entry Gates” at the Orient of the “Specific Energy ‘CELESTIAL’ Domain” and the six “Exit Gates” at the Occident of the “Specific Energy ‘CELESTIAL’ Domain”, with respect to “THE SHEKINAH”, “THE THRONE OF THE DIVINE IN THE ATTRIBUTE ‘NON DIVINE’”.

In this first and unique expression in the attribute “NON DIVINE”, within the “Specific Energy ‘CELESTIAL’ Domain”, of a metaphor of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, the “primary transformation”, the “secondary transformation”, the “tertiary transformation”, the “quaternary transformation”, the “quinary transformation”, the “senary transformation”, and the “‘end of cycle’ transformation” will take place in the “Specific Energy ‘SPIRIT’ Substance” inside the “Specific ‘SPIRITUAL←SPIRIT’ Frontier” of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

It is so that, the “Specific Atomic ‘SPIRIT’ Substances” constituents of the “Specific Energy ‘SPIRIT’ Substance”, regenerate automatically during the course of the “‘end of cycle’ transformation” and following the “specific processes” that

¹⁹⁷ It is for the purpose to make understand this, that it is said in parable that:

“...

The four large Luminaires stand nearby the “Autogene God”, and the twelve large Luminaires also assist the child, the first begotten, by the gift and the pleasure of “THE INVISIBLE SPIRIT”.

...”

As we have already mentioned in a previous annotation, CHRIST had received this teaching when he was still living on Earth here below and when he had begun to understand the project for which “THE DIVINE FORCE”, created Him into existence in this earthly world. It is so that, CHRIST also chose “Twelve Disciples” to make humans understand this concept of the “Sealed Twelve” with which “THE DIVINE”, IHVH, our FATHER directs the entire Creation.

It is so that, CHRIST also instructed His “Twelve Disciples”, but He always spoke to them in “spiritual language”, that is in parables, so that they can develop their understanding of the “Specific ‘SPIRITUAL’ Environment” and grow in “KNOWLEDGE OF THE DIVINE”, and no one understood what HE was talking about.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has established and that “THE DIVINE FORCE” maintains Herself.

Since the luminous radiation of this “Specific Energy ‘LIGHT’ Substance”, although protected by a “Specific Energy ‘SPIRIT’ Substance” and by a “Specific Energy ‘SPIRITUAL’ Envelope”, will spread on the whole “Specific Energy ‘CELESTIAL’ Domain”, it is so that this entire “Specific Energy ‘CELESTIAL’ Domain” will be governed by seven “transformation steps” of products of the “specific work” accomplished by “The ALTAR of ‘THE DIVINE’” in this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” by the products of the “specific work” accomplished by the “Specific Atomic ‘SPIRIT’ Substances” constituents of the “Specific Energy ‘SPIRIT’ Substance”.

These seven “transformation steps” of products of the “specific work” accomplished by “The ALTAR of ‘THE DIVINE’” in this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” by the products of the “specific work” accomplished by the “Specific Atomic ‘SPIRIT’ Substances” constituents of the “Specific Energy ‘SPIRIT’ Substance”, are metaphors from the same and unique model of the “transformation step” of the products of the “specific work” accomplished by the “Generative Divine Particle” by the reagents of the “transformation step”, that is, by the products characteristic of the “transformation step” considered and which will be consumed during the “transformation step”, in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

The metaphor of this same and unique model of the “transformation step”, consists of the twenty-four “transformation sub-steps” which have already been described.

It is so that, through “The ALTAR of ‘THE DIVINE’”, in this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, through the “Specific Energy ‘SPIRIT’ Substance”, through the “Specific Energy ‘SPIRITUAL’ Envelope” and the “Specific ‘CELESTIAL←SPIRITUAL’ Frontier” of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, and with respect to the “CARDINAL POINT OF THE CREATION”, “THE DIVINE FORCE” has manifested into existence in the attribute “NON DIVINE” and within the “Specific Energy ‘CELESTIAL’ Domain”, the first metaphor of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.¹⁹⁸

¹⁹⁸ It is in the “Specific Energy ‘SPIRIT’ Substance” and in front of the “Specific ‘SPIRIT←LIGHT’ Frontier” of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, that every creature whose “Specific Energy ‘SPIRIT’ Substance” is produced from the “Specific

In this manifestation of the first and unique metaphor of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, the crude “‘SPIRIT’ specific supply of subsistence” emitted by “The ALTAR of ‘THE DIVINE’” in this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, are transmitted through the “Specific ‘SPIRIT←LIGHT’ Frontier” to the “Specific Energy ‘SPIRIT’ Substance” where they will be diluted.

This is an expression of the second non-reversible energy osmosis in this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, and between the “Specific Atomic ‘SPIRIT’ Substances” that are in an expression of the “‘SPIRIT’ Specific State” and “The ALTAR of ‘THE DIVINE’” which is an expression of the “‘LIGHT’

Energy ‘SPIRIT’ Substance” of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will stand and communicate with “THE DIVINE”, IHVH, our FATHER, with “THE DIVINE FORCE” manifesting and translating the communication in the language appropriate to the creature considered.

Only a creature whose “Specific Energy ‘SPIRIT’ Substance” has been produced from the “Specific Energy ‘SPIRIT’ Substance” of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” can enter in the “Specific Energy ‘SPIRIT’ Substance” of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” and stand in front of this “Specific ‘SPIRIT←LIGHT’ Frontier” of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” and withstand the intensity and strength of its luminous radiation and stay alive.

During the first phase of the unfolding of “THE HOLY PROJECT” designed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, this will be the case with only one creature inside the “Specific Energy ‘CELESTIAL’ Domain”: the Archangel MICHAEL.

Symbolically in vision, “THE DIVINE FORCE” often shows the “Specific ‘SPIRIT←LIGHT’ Frontier” of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” as an “impenetrable wall of flames” and it is from the inside of this “impenetrable wall of flames” that HE speaks and shows a manifestation of Himself to His “Chosen Ones”. This “impenetrable wall of flames” is a manifestation of the metaphor of “THE ‘LIGHT←LIGHT’ EON” in the “‘LIGHT’ Specific State” and at the limit of “proximity” of the most potent properties that “THE DIVINE ARCHITECT AND PROJECT MASTER” has fixed for the “‘LIGHT’ Specific State” in the attribute “NON DIVINE”.

Any creature whose “Specific Energy ‘SPIRIT’ Substance” has not been produced from the “Specific Energy ‘SPIRIT’ Substance” of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” cannot enter in the “Specific Energy ‘SPIRIT’ Substance” of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” and stand in front of this “Specific ‘SPIRIT←LIGHT’ Frontier” of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” and stay alive. The structure of the “Specific Energy ‘SPIRIT’ Substance” of such a creature will be destroyed because it will not be able to bear the intensity and strength of the radiation emitted by “The ALTAR of ‘THE DIVINE’”.

Specific State”, inside the “Specific Energy ‘CELESTIAL’ Domain” in the attribute “NON DIVINE”.

During the course of each of the seven “transformation steps” of products of the “specific work” accomplished by “The ALTAR of ‘THE DIVINE’” in this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, by the reagents of the “transformation step”, that is, by the products characteristic of the “transformation step” considered and which will be consumed during the “transformation step”, and from the beginning of the first “transformation sub-step” until the end of the twelfth “transformation sub-step”, the crude products of the “specific work” accomplished by “The ALTAR of ‘THE DIVINE’” will be emitted continuously with the passage of the time by “The ALTAR of ‘THE DIVINE’” in this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” in the direction of the “Specific Energy ‘SPIRIT’ Substance”.

Through the “Specific Energy ‘SPIRIT’ Substance”, these crude products of the “specific work” accomplished by “The ALTAR of ‘THE DIVINE’” will be transformed by the reagents of the “transformation step” and afterwards they will contain in them diluted “‘SPIRIT’ specific supply of subsistence”.

These diluted products of the “specific work” accomplished by “The ALTAR of ‘THE DIVINE’” and by the “Specific Energy ‘SPIRIT’ Substance” will eventually be transformed in the “Specific Energy ‘SPIRITUAL’ Envelope”, then, exit this “Specific Energy ‘SPIRITUAL’ Envelope” and pass through the “Specific ‘CELESTIAL←SPIRITUAL’ Frontier” of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” in the form of “‘CELESTIAL’ specific supply of subsistence”.

No waste is produced during this transit of the crude products of the “specific work” accomplished and emitted by “The ALTAR of ‘THE DIVINE’” in this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, to the “‘CELESTIAL’ specific supply of subsistence” at the exit of the “Specific ‘CELESTIAL←SPIRITUAL’ Frontier” of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”¹⁹⁹.

¹⁹⁹ Waste will be produced in the “Plane Below” with “Specific Atomic ‘EARTHLY’ Substances” emitted by the “Specific Generative Energy ‘EARTHLY’ Domain”, whose “‘EARTHLY’ specific supply of subsistence” will be diluted by the “Specific Septenary Equilibrium Zone” and then, transmitted as external input signal to the “Specific Energy ‘EARTHLY’ Habitation Domain”, and waste that are the discharged “Specific Atomic ‘EARTHLY’ Substances” will be reflected into the “Specific Septenary Equilibrium Zone” and towards the “MURKY VOID”.

In addition, the “Specific Atomic ‘SPIRIT’ Substances” (reagents of the considered “transformation step” and) constituent of the “Specific Energy ‘SPIRIT’ Substance” regenerate automatically in specific time intervals and following “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established and that “THE DIVINE FORCE” maintain Herself.

The intensity and strength of the diluted “‘SPIRIT’ specific supply of subsistence” in the “Specific Energy ‘SPIRIT’ Substance” of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” are high enough and remain high even after the twelfth “transformation sub-step” of the crude products of the “specific work” accomplished and emitted by “The ALTAR of ‘THE DIVINE’” in this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

It is so that, from the beginning of the thirteenth “transformation sub-step” until the end of the twenty-fourth “transformation sub-step”, when all the “Specific Atomic ‘SPIRIT’ Substances” (reagents of the considered “transformation step” and) constituent of the “Specific Energy ‘SPIRIT’ Substance” would have accomplished their formative “specific work”, the intensity and strength of the diluted “‘SPIRIT’ specific supply of subsistence” present in the “Specific Energy ‘SPIRIT’ Substance” of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” are still very high.

As we have indicated here above, during the course of each of the seven “transformation steps” of products of the “specific work” accomplished by “The ALTAR of ‘THE DIVINE’” in this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, by the reagents of the “transformation step”, and from the beginning of the first “transformation sub-step” until the end of the twelfth “transformation sub-step”, the crude products of the “specific work” accomplished by “The ALTAR of ‘THE DIVINE’” will be emitted continuously with the passage of the time by “The ALTAR of ‘THE DIVINE’” in this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” in the direction of the “Specific Energy ‘SPIRIT’ Substance”.

It is so that, from the beginning of the first “transformation sub-step” until the end of the twelfth “transformation sub-step”, the “Specific Energy ‘CELESTIAL’ Domain” will be much more lightened than it is during the period of time going from the beginning of the thirteenth “transformation sub-step” until the end of the twenty-fourth “transformation sub-step”, when all the “Specific Atomic ‘SPIRIT’ Substances” (reagents of the considered “transformation step” and) constituent of the “Specific Energy ‘SPIRIT’ Substance” would have accomplished their formative “specific work”.

In this manifestation of the first and unique metaphor of “THE DIVINE SUPREME CONFIGURATION” within the “Specific Energy ‘CELESTIAL’ Domain” in the attribute “NON DIVINE”, the measurement of the time of executing a “transformation sub-step” is defined, as we have indicated already, by the unit of time which will be called “Hour” on the “Calendar of the ‘NON DIVINE’” — “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’”. The measurement of time associated with the “measure of transformation step” is defined by the unit of time which will be called the “Day” on the “Calendar of the ‘NON DIVINE’”²⁰⁰.

The main purpose of the “Specific Energy ‘SPIRITUAL’ Envelope” is to maintain intact the entire “Specific Energy ‘SPIRIT’ Substance” of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

It is the “Specific ‘CELESTIAL←SPIRITUAL’ Frontier”, which is located between the “Specific Energy ‘SPIRITUAL’ Envelope” of the First “Specific Energy

²⁰⁰ As “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it, it is these same measurements of time that HE will use in the “Plane Below”, in the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain” on the “SPECIFIC SUPREME CONFIGURATION” of seven “Specific Energy ‘EARTHLY’ Domains” — the “Specific Generative Energy ‘EARTHLY’ Domain” and the six “Specific Formative Energy ‘EARTHLY’ Domains” in manifested walking movement of a metaphor of the “Movement of Formative Divine Particle” synchronized between them, and, each “Movement of Formative Divine Particle” synchronized with the movement of the “Generative Divine Particle” and without collisions forever with the passage of time — in the proportions of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

And it is in the first “Specific Energy ‘EARTHLY’ Habitation Domain” which will be immersed in the “Specific Septenary Equilibrium Zone” of the first “Specific Formative Energy ‘EARTHLY’ Domain” with respect to the “Specific Generative Energy ‘EARTHLY’ Domain”, that “THE DIVINE FORCE” will create a metaphor of “THE DIVINE” in the “‘SPIRIT←LIGHT’ Specific State”; that is, SHE will create into existence, by analogical substitution, a concrete and living image of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” that “THE DIVINE” has consolidated in Himself, meaning that SHE will create in the “IMAGE” of “THE DIVINE” (in a text below, we explain what this means) and in the “‘SPIRIT←LIGHT’ Specific State” the human creature, to indicate and to impress upon his creatures to be created into existence in the “Plane Above” further characteristics concerning the nature of “THE DIVINE” and also the structure and aspects and characteristics of the First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” which is placed in the “Specific Energy ‘CELESTIAL’ Domain” and which they lack knowledge of its internal structure.

‘SPIRIT←LIGHT’ Bridge” and the “Specific Atomic ‘CELESTIAL’ Substances” that are in the proximity of this “Specific Energy ‘SPIRITUAL’ Envelope” of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, which will act to keep a dynamic state of equilibrium when the diluted “‘SPIRIT’ specific supply of subsistence” of this entire “Specific Energy ‘SPIRIT’ Substance” increases, by letting escape outward, the surpluses of this diluted “‘SPIRIT’ specific supply of subsistence” in the form of “‘CELESTIAL’ specific supply of subsistence”, and following “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established.

It is also through this “Specific Energy ‘SPIRITUAL’ Envelope” that occurs the third non-reversible energy osmosis in this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, and between the “Specific Atomic ‘SPIRIT’ Substances” which are in an expression of the “‘SPIRIT’ Specific State” and the “Specific Atomic ‘CELESTIAL’ Substances” which are in an expression of the “‘CELESTIAL’ Specific State”, inside the “Specific Energy ‘CELESTIAL’ Domain” in the attribute “NON DIVINE”.²⁰¹

²⁰¹ This knowledge had already been given in part (without these deep explanations, but only the construction of the three parts of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”) to MOSES, he who received the Tablets of the Decalogue when he still lived on Earth hier below.

When a small part of the pure energy emanating from First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” which is placed in the “Specific Energy ‘CELESTIAL’ Domain” was transported, by the celestial creatures, to the first “Specific Energy ‘EARTHLY’ Habitation Domain” and placed in the “Earthly Tabernacle”, it is this “Specific Energy ‘LIGHT’ Substance” — Pure and Living Light — that was called “THE HOLY IN THE HOLY”, which with the passage of time will also come to be called “THE HOLY OF HOLIES”.

The “Specific ‘SPIRITUAL←SPIRIT’ Frontier” which protected this “Specific Energy ‘LIGHT’ Substance” was held by two Archangels, GABRIEL and RAZIEL, using in much the same “specific processes” of “specific task” of guarding “THE SHEKINAH” as they perform it in the “Specific Energy ‘CELESTIAL’ Domain”. The sculpted symbols of the two Archangels, on the “non-spiritual” “high density” “Veil” (the heavy “Veil”) — Veil of the holy place — that protected the space Pure and Holy delineated as it was specified all around this place where this unique and “Specific Energy ‘LIGHT’ Substance” was placed, were meant to be an indication of their presence and the “specific task” that they were performing. The “Specific Energy ‘SPIRITUAL’ Envelope” with the added “Specific ‘EARTHLY←SPIRITUAL’ Frontier” was represented symbolically by that “high density” “Veil” (the heavy “Veil”).

It is worth recalling again that the products of the “specific work” accomplished and emitted by “The ALTAR of ‘THE DIVINE’” in this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will be diluted by the “Specific Energy ‘SPIRIT’ Substance”.

These diluted products of the “specific work” accomplished by “The ALTAR of ‘THE DIVINE’” and by the “Specific Energy ‘SPIRIT’ Substance” will eventually be transformed in the “Specific Energy ‘SPIRITUAL’ Envelope”, then, exit this “Specific Energy ‘SPIRITUAL’ Envelope” and pass through the “Specific ‘CELESTIAL←SPIRITUAL’ Frontier” of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” in the form of “‘CELESTIAL’ specific supply of subsistence”.

These “‘CELESTIAL’ specific supply of subsistence” at the exit of the “Specific ‘CELESTIAL←SPIRITUAL’ Frontier” will then, be transmitted as “specific signals” to the surface of the “Specific Energy ‘CELESTIAL’ Substance” that surrounds and is in the immediate proximity of the “Specific Energy ‘SPIRITUAL’ Envelope”.

Through “The Specific Process of Attachment to ‘THE DIVINE’” and the execution of the “Causal Precedence Relation of ‘THE PRAISE’”, between “The ALTAR of ‘THE DIVINE’” inside of this First “Specific Energy ‘SPIRIT←LIGHT’

The spiritual structure of this heavy “Veil” was built by the celestial creatures, using the knowledge that they had acquired during the implementation of the “specific task” of guarding “THE SHEKINAH”; a task that was assigned to some of them in “Specific Energy ‘CELESTIAL’ Domain”, and the knowledge of which they will use to extract that small “Specific Energy ‘LIGHT’ Substance” out of “THE SHEKINAH”, place it in a spiritual container and transport it in the first “Specific Energy ‘EARTHLY’ Habitation Domain”.

This pure and holy space delineated as it was specified all around “THE HOLY IN THE HOLY” represented the “Specific Energy ‘SPIRIT’ Substance”: it is the second term “HOLY” in the sequence of terms “THE HOLY IN THE HOLY”; the first term “HOLY” in the sequence of terms “THE HOLY IN THE HOLY”, refers to the “Specific Energy ‘LIGHT’ Substance”. Thus, by the expression “THE HOLY IN THE HOLY”, one must understand: “THE HOLY ONE” which is within the “HOLY PLACE”.

The combined group which was formed by “THE HOLY IN THE HOLY”, the pure and holy space all around “THE HOLY IN THE HOLY”, and the heavy “Veil”, was a manifestation of the First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” which is placed in the “Specific Energy ‘CELESTIAL’ Domain”: it was an essence (or a seed) of “THE SHEKINAH”, placed in a “Specific ‘SPIRITUAL’ Environment” prepared specifically to protect this seed of “THE SHEKINAH” and without however that this seed of “THE SHEKINAH” could sprout and grow.

Bridge” and any expression in the attribute “NON DIVINE” of a metaphor of “THE ‘LIGHT←GOD’ EON”, using the “‘LIGHT→GOD’ CORD OF PRAISE”, then, the reception of “‘LIGHT’ specific supply of subsistence” by “The ALTAR of ‘THE DIVINE’” in this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, and afterwards the transmission of “‘SPIRIT’ specific supply of subsistence” emitted by “The ALTAR of ‘THE DIVINE’” in this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” and towards all other components of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” are similar to three successive and non-reversible energy osmoses:

1. “The ALTAR of ‘THE DIVINE’” inside of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will emit “THE PRAISE” — “specific signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘LIGHT’ Specific State” — using the “‘LIGHT→GOD’ CORD OF PRAISE”.

This external supply of subsistence, which in this case will come internally due to the occurrence of the special “specific event” of “EXPANSION”, will be provided, in the form of “‘LIGHT’ specific supply of subsistence”, as an expression in the attribute “NON DIVINE” of a manifestation of a metaphor of “THE ‘LIGHT←GOD’ EON”, or by “THE DIVINE FORCE”: this is the first non-reversible energy osmosis.

“The ALTAR of ‘THE DIVINE’” inside of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” will accomplish its “specific work” from these “‘LIGHT’ specific supply of subsistence”.

2. The “Specific Energy ‘SPIRIT’ Substance” which covers “The ALTAR of ‘THE DIVINE’” inside of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, will emit “THE PRAISE” — “specific signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘SPIRIT’ Specific State”.

This external supply of subsistence will be provided, in the form of crude “‘SPIRIT’ specific supply of subsistence”, by “The ALTAR of ‘THE DIVINE’” inside of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”: this is the second non-reversible energy osmosis.

The “Specific Energy ‘SPIRIT’ Substance” will accomplish its “specific work” from these crude “‘SPIRIT’ specific supply of subsistence”.

3. The “Specific Energy ‘SPIRITUAL’ Envelope” which covers the “Specific Energy ‘SPIRIT’ Substance” which itself covers “The ALTAR of ‘THE DIVINE’” inside of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, will emit “THE PRAISE” — “specific signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘SPIRITUAL’ Specific State”.

This external supply of subsistence will be provided, in the form of diluted “‘SPIRITUAL’ specific supply of subsistence”, by the “Specific Energy ‘SPIRIT’ Substance”: this is the third non-reversible energy osmosis.

The “Specific Energy ‘SPIRITUAL’ Envelope” will accomplish its “specific work” from these diluted “‘SPIRITUAL’ specific supply of subsistence”. The resulting products will exit this “Specific Energy ‘SPIRITUAL’ Envelope” and pass through the “Specific ‘CELESTIAL←SPIRITUAL’ Frontier” of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” in the form of “‘CELESTIAL’ specific supply of subsistence”.

These “‘CELESTIAL’ specific supply of subsistence” at the exit of the “Specific ‘CELESTIAL←SPIRITUAL’ Frontier” will then, be transmitted as “specific signals” and by series of successive series of reception and transmission of “‘CELESTIAL’ specific supply of subsistence” to the “Specific Energy ‘CELESTIAL’ Substance” immediately surrounding this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

The intensity and strength of the crude “‘CELESTIAL’ specific supply of subsistence” at the exit of the “Specific ‘CELESTIAL←SPIRITUAL’ Frontier” are high enough and these “‘CELESTIAL’ specific supply of subsistence” will be propagated by series of successive series of reception and transmission of “‘CELESTIAL’ specific supply of subsistence” to all “Specific Atomic ‘CELESTIAL’ Substances” constituents of the “Specific Energy ‘CELESTIAL’ Domain”.

It is so that, the “Specific Atomic ‘CELESTIAL’ Substances” are nourished and remain in their “‘CELESTIAL’ Specific State”, and it is so that the “Specific Energy ‘CELESTIAL’ Domain” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER.

Symbolically, it is said of this whole process of the reception of “‘LIGHT’ specific supply of subsistence” by “The ALTAR of ‘THE DIVINE’” in this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” and transmission of the “‘SPIRIT’ specific supply of subsistence” emitted by “The ALTAR of ‘THE DIVINE’” inside of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, that the “GLORY OF THE SHEKINAH”²⁰² pours on the “Specific Energy ‘CELESTIAL’ Domain”.

This is still the unique expression of the “Causal Precedence Relation of ‘THE PRAISE’”, between the “Specific Atomic ‘CELESTIAL’ Substances” which are in an expression of the “‘CELESTIAL’ Specific State” and “The ALTAR of ‘THE DIVINE’” which is an expression of the “‘LIGHT’ Specific State”, inside the “Specific Energy ‘CELESTIAL’ Domain” in the attribute “NON DIVINE”.

When this part of the “Specific Energy ‘CELESTIAL’ Substance” that surrounds and is in the immediate proximity of the “Specific ‘CELESTIAL←SPIRITUAL’ Frontier” receives the first “‘CELESTIAL’ specific supply of subsistence” as “specific signals”, it will transmit these signals through its layers of constituents “Specific Atomic ‘CELESTIAL’ Substances”, to the rest of the “Specific Energy ‘CELESTIAL’ Domain”.

Each “Specific Atomic ‘CELESTIAL’ Substance” in turn will transmit a suitable signal to its constituents “Specific Elementary ‘CELESTIAL’ Substances” which will in turn each transmit a suitable signal to their constituents “Specific Elementary ‘CELESTIAL’ Particles”.

In response to the signals generated by the successive series of reception and transmission and depending upon the strength of the “‘SPIRIT’ specific supply of subsistence” provided by “The ALTAR of ‘THE DIVINE’” in this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, the “Specific Energy ‘CELESTIAL’ Domain” will emit a luminous radiation, which is an “EPHEMERAL GLOW ‘SPIRITUAL’”, in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the

²⁰² The “GLORY” is the word used symbolically to refer to the luminous radiation that characterizes the attribute “LIGHT” which describes the second attribute of “THE BODY OF ‘HE WHO IS’”, as well as any manifestation of a metaphor for the second attribute of “THE DIVINE BODY”, and highlights the distinctive feature of the “divine energy” that emanates from “THE BODY OF ‘HE WHO IS’” and makes it “ALIVE”.

Therefore, when one speaks about the “GLORY OF THE SHEKINAH”, it is by reference to the radiance of this “LIGHT”, as second attribute characteristic of “THE BODY OF ‘HE WHO IS’”, or of any manifestation of a metaphor of the “‘LIGHT’ Divine State”.

“Specific Energy ‘CELESTIAL’ Domain”, as a result of the combination of luminous radiation from its “Specific Atomic ‘CELESTIAL’ Substances”, and following processes that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed.²⁰³

It is so that, the entire “Specific Energy ‘CELESTIAL’ Domain” is illuminated and reflects the “HARMONY”, down to the scale of the “Specific Elementary ‘CELESTIAL’ Particle”, with “THE DIVINE”, IHVH, our FATHER.

If the degree of presence of the force of the aspect of “THE DIVINE” which is adjoined to the radiation, is at its maximum, that is, that neither the “Specific Energy ‘SPIRIT’ Substance” nor the “Specific Energy ‘SPIRITUAL’ Envelope” do not diminish the strength of this force — this might happen only if their structures would not be maintained intact —, then, the “‘SPIRIT’ specific supply of subsistence” will reach the maximum limit that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, for a “Specific Atomic ‘CELESTIAL’ Substance”, as the proximity of the “Divine Particle” in the “‘SPIRIT’ Specific State”.

And therefore, the entire “Specific Energy ‘CELESTIAL’ Substance” will be transformed into a substance of the proximity domain in the “‘SPIRIT’ Specific State” and thus, the “Specific Energy ‘CELESTIAL’ Domain” which thus passes from the “‘CELESTIAL’ Specific State” to the “‘SPIRIT’ Specific State”, will also be instantly transformed into a proximity domain in the “‘LIGHT’ Specific State”. All traces of life that is not of the proximity domain in the “‘LIGHT’ Specific State”, and which has been created in the “Specific Energy ‘CELESTIAL’ Domain” will be destroyed and “absorbed” by this substance of the proximity domain in the “‘LIGHT’ Specific State”.

It is so that, to keep any trace of “celestial” life (that is, that which is in the “‘CELESTIAL’ Specific State”) within the “Specific Energy ‘CELESTIAL’ Domain”, the “Specific ‘CELESTIAL←SPIRITUAL’ Frontier” which is located

²⁰³ As we have already described in a text above, “THE DIVINE FORCE” will also apply and illustrate this same principle to the “Specific Energy ‘EARTHLY’ Domains” using the “Specific Energy ‘EARTHLY’ Substance” and the radiation and the force from the solar star will cross the “MURKY VOID” and the “Specific Septenary Equilibrium Zone” to be received by the “Specific Energy ‘EARTHLY’ Substance” constituent of the “Specific Energy ‘EARTHLY’ Habitation Domains”. When that part of the “Specific Energy ‘EARTHLY’ Substance” which is exposed to radiation and the force emitted by the solar star and refined in this “Specific Septenary Equilibrium Zone”, receives this “specific signal” coming from the solar star, it will transmit it through its “Specific Atomic ‘EARTHLY’ Substances”.

between the “Specific Energy ‘SPIRITUAL’ Envelope” of First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” and the “Specific Atomic ‘CELESTIAL’ Substances” that are in the proximity of this “Specific Energy ‘SPIRITUAL’ Envelope” of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, must be maintained intact, in “PURITY” and “HOLINESS” as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it. “THE DIVINE ARCHITECT AND PROJECT MASTER” has also designed “specific mechanisms” which allow performing this first task: “THE GUARDIANSHIP OF THE SHEKINAH”.

Later when “THE DIVINE FORCE” will create into existence the first Archangels — the “ADONA’IM” — SHE will entrust this task to seven of them.²⁰⁴

It is so that, owing to this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”, the “Specific Energy ‘CELESTIAL’ Domain” is always illuminated by the radiation from “THE SHEKINAH”; there is no “NIGHT” within the “Specific Energy ‘CELESTIAL’ Domain” as it will be the case in the first “Specific Energy ‘EARTHLY’ Habitation Domain” that will be created later.

This First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” is of VITAL importance within the “Specific Energy ‘CELESTIAL’ Domain”.

It is the source of all life and livelihood of all that will be created within the “Specific Energy ‘CELESTIAL’ Domain”, in the “‘SPIRIT’ Specific State”, as manifestations of metaphors of “THE ‘SPIRIT←SPIRIT’ EON” and of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”.

It is the first manifestation in the attribute “NON DIVINE”, of the link of attachment of the “Specific Energy ‘CELESTIAL’ Domain” to “THE PLACE OF LIFE”: it is “THE TREE OF LIFE” manifested within the “Specific Energy ‘CELESTIAL’ Domain”; because of the absence of a manifestation of a metaphor of the “‘LIGHT←GOD’ INDISTINCT DIVINE FORM” within the “Specific Energy ‘CELESTIAL’ Domain”, it is “THE DIVINE FORCE” who will ensure this role.

²⁰⁴ These are the Seven who surround and guard this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” in the “Heavenly Tabernacle”. “THE DIVINE FORCE” will place them in this way to symbolically represent “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, which we have described already, and to indicate and to impress upon His creature which will be created into existence in the “Plane Above”, the nature of “THE DIVINE” and also the structure and aspects and characteristics of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” which is placed in the “Specific Energy ‘CELESTIAL’ Domain” and which they lack knowledge of its internal structure.

The luminous radiation and the strength of the force emitted by “The ALTAR of ‘THE DIVINE’” of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” and which pass through the “Specific ‘CELESTIAL←SPIRITUAL’ Frontier” will be the basis of the wellbeing of all living creatures that will be created into existence inside the “Specific Energy ‘CELESTIAL’ Domain” and have a primordial role inside the entire “Specific Energy ‘CELESTIAL’ Domain”.

If it were to happen that this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” within the “Specific Energy ‘CELESTIAL’ Domain” be damaged or jeopardized, for whatever motives, then, the whole “Specific Energy ‘CELESTIAL’ Domain” and everything that it contains, all life that will be created within the entire “Specific Energy ‘CELESTIAL’ Domain” as manifestations of metaphors of “THE ‘SPIRIT←SPIRIT’ EON” and of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM” would be put at risk.

If it were to happen that “THE DIVINE”, IHVH, our FATHER removes this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” from the “Specific Energy ‘CELESTIAL’ Domain”, or if were to happen that the structures of the “Specific Energy ‘SPIRITUAL’ Envelope” and the “Specific Energy ‘SPIRIT’ Substance” of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” within the “Specific Energy ‘CELESTIAL’ Domain” be destroyed, for whatever motives, then, “The ALTAR of ‘THE DIVINE’” placed inside this “Specific Energy ‘SPIRIT←LIGHT’ Bridge” would be exposed without protection to the “Specific Energy ‘CELESTIAL’ Substance” constituent of the “Specific Energy ‘CELESTIAL’ Domain”.

The unique expression of the “Causal Precedence Relation of ‘THE PRAISE’” inside the “Specific Energy ‘CELESTIAL’ Domain” in the attribute “NON DIVINE” would then, be destroyed.

The luminous radiation and the strength of the force emitted by “The ALTAR of ‘THE DIVINE’” of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” and which pass through the “Specific ‘SPIRIT←LIGHT’ Frontier” are such that they will dazzle the entire environment of the “Specific Energy ‘CELESTIAL’ Domain” and everything that is there in the “‘SPIRIT’ Specific State”, including archangels and angels, would cease to exist and would be destroyed, that is, that it would be burned and absorbed by this luminous radiation, making it return into a proximity domain in the “‘LIGHT’ Specific State”.

This First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” within the “Specific Energy ‘CELESTIAL’ Domain” is the “Heart” of the “Specific Energy ‘CELESTIAL’ Domain”.

For “THE EYE OF THE DIVINE”, this representation which is defined by the “Specific Energy ‘CELESTIAL’ Substance” constituent of the “Specific Energy ‘CELESTIAL’ Domain” and within which “THE DIVINE FORCE” has immersed “THE SHEKINAH”, contains two teachings of “THE DIVINE ARCHITECT AND PROJECT MASTER” and concerning the cause-and-effect relationships:

1. The first teaching concerns the manifestation of the “Causal Precedence Relation of ‘THE CREATION’”, that defines the sequence of events through which the “Divine Products” arise to existence, and which is expressed by the fact that, “THE SHEKINAH” is immersed in the “Specific Energy ‘CELESTIAL’ Substance”.
2. The second teaching concerns the manifestation of the “Causal Precedence Relation of ‘THE PRAISE’”, that defines the sequence of events through which the “Divine Particles” remain (that is, subsist) into existence in their “Divine State”, and which is expressed by the fact that, it is “THE SHEKINAH” immersed in the “Specific Energy ‘CELESTIAL’ Substance”, which is the source of subsistence of the “Specific Energy ‘CELESTIAL’ Substance”.

As “THE DIVINE ARCHITECT AND PROJECT MASTER” designed it, it is in “The ALTAR of ‘THE DIVINE’”, within this “Specific Energy ‘SPIRIT←LIGHT’ Bridge” that “THE DIVINE”, IHVH, our FATHER, communicates viva voce through His manifestation that will be produced by “THE DIVINE FORCE” in the “Specific Energy ‘LIGHT’ Substance” constituent of “The ALTAR of ‘THE DIVINE’”, and face-to-face with those HE has chosen and endowed with capabilities enabling them to enter the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” and to stand before his protected Presence.²⁰⁵

Having created this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” within the “Specific Energy ‘CELESTIAL’ Domain”, “THE DIVINE FORCE” has arranged the “Specific Atomic ‘CELESTIAL’ Substances” constituents of this “Specific Energy ‘CELESTIAL’ Domain” in a well-defined order, thus shaping all aspects of the “Specific ‘CELESTIAL’ Environment” and making it habitable for creatures that will be created in this “Specific Energy ‘CELESTIAL’ Domain”.

Through “THE INTELLECT OF THE DIVINE”, “THE DIVINE” conceives Himself and builds up, according to his own plans, architectures made of “Divine

²⁰⁵ See vision of the August 12, 2005, Aristide with “THE DIVINE”, with CHRIST, and with the Archangel MICHAEL.

Particles”: “THE INTELLECT OF THE DIVINE” is “THE ARCHITECT OF THE DIVINE”.

Through “THE INTELLECT OF THE DIVINE”, “THE DIVINE” defines architectural and technical solutions for the implementation of His own designs: “THE INTELLECT OF THE DIVINE” is “THE PROJECT MASTER OF THE DIVINE”.

“THE DIVINE” creates Himself, and performs the designs of His “DIVINE ARCHITECT AND PROJECT MASTER” in the “SILENCE”, using “THE DIVINE FORCE” powerful and invisible.

These realized designs are living forms as delineated parts of Himself as unlimited, pure, conscious, intellect and living “DIVINE SUBSTANCE”. These living forms, of which the number is infinite and that are delineated parts “THE DIVINE” that “THE DIVINE” creates Himself, are indistinct of “THE DIVINE”: they are the “INDISTINCT DIVINE FORMS” which we have already described at the outset.

Each delineated part of “THE DIVINE”, as “DIVINE SUBSTANCE” unlimited, pure and alive, is conscious and intellect in itself, reflected in itself and at the same time is the “DIVINE SUBSTANCE”.

Each “INDISTINCT DIVINE FORM” has a unique purpose, a unique disposition of “THE INTELLECT OF THE DIVINE”, and a unique disposition of “THE DIVINE FORCE”, through which “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined the aim of the considered “INDISTINCT DIVINE FORM”.

Each “INDISTINCT DIVINE FORM” is still “THE DIVINE”, the very essence of “THE DIVINE”, indistinct of “THE DIVINE”, and is inside of “THE DIVINE”, and is formed from the “Divine Particles”.

“THE DIVINE FORCE” has then, proceeded to manifest metaphors of this “DIVINE WEALTH” into existence inside the “Specific Energy ‘CELESTIAL’ Domain” in the attribute “NON DIVINE”, by creating into existence in the “Specific Energy ‘CELESTIAL’ Substance”, “INDISTINCT FORMS OF THE SPECIFIC ENERGY ‘CELESTIAL’ SUBSTANCE” as manifestations of metaphors of “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORMS”.

Having created into existence the “Specific Energy ‘CELESTIAL’ Domain” and having made habitable through the presence of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” that SHE placed within the “Specific Energy ‘CELESTIAL’ Domain”, “THE DIVINE FORCE” undertook to manifest into

existence inside the “Specific Energy ‘CELESTIAL’ Domain” in the attribute “NON DIVINE”, a metaphor of the “DIVINE WEALTH” by which SHE will create living forms as delineated parts and entities of the “Specific Energy ‘CELESTIAL’ Substance” constituent of the “Specific Energy ‘CELESTIAL’ Domain”.

All these living forms, delineated parts and entities of the “Specific Energy ‘CELESTIAL’ Substance” constituent of the “Specific Energy ‘CELESTIAL’ Domain”, will be created from:

1. A metaphor of “THE ‘SPIRIT←SPIRIT’ EON” which is associated to the “‘SPIRIT’ Divine State” and that “THE DIVINE” has chosen to share with the attribute “NON DIVINE”, by adding only a purpose to their manifestations in the attribute “NON DIVINE”, without adding a provision of “THE INTELLECT OF THE DIVINE”, also without adding a provision of “THE DIVINE FORCE”. This will be the “Vegetal ‘CELESTIAL’ Creature” model.
2. A metaphor of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”: it will be the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

CHAPTER 126

THE “VEGETAL ‘CELESTIAL’ CREATURE” MODEL

From eternity, before the creation of the attribute “NON DIVINE”, “THE DIVINE ARCHITECT AND PROJECT MASTER” had designed the “Vegetal ‘CELESTIAL’ Creature” model that “THE DIVINE FORCE” would produce into existence in the “Specific ‘CELESTIAL’ Environment”, from the “Specific Elementary ‘CELESTIAL’ Particle” and from a metaphor of “THE ‘SPIRIT←SPIRIT’ EON” which is associated to the “‘SPIRIT’ Divine State” and that “THE DIVINE” has chosen to share with the attribute “NON DIVINE”, by adding only a purpose to their manifestations in the attribute “NON DIVINE”, without adding a provision of “THE INTELLECT OF THE DIVINE”, also without adding a provision of “THE DIVINE FORCE”.

In order to achieve this, “THE DIVINE ARCHITECT AND PROJECT MASTER” also designed the model of that, which will be called the “Vegetal ‘CELESTIAL’ Creature”.

This “Vegetal ‘CELESTIAL’ Creature” model is a structure formed by:

1. A “Specific Energy ‘CELESTIAL’ Essence Substance” built from “Specific Atomic ‘CELESTIAL’ Substances” in a first “‘CELESTIAL’ Specific State”.

This “Specific Energy ‘CELESTIAL’ Essence Substance” is the “factory site” for the production of the “‘CELESTIAL’ specific supply of subsistence”. It is the “life force”, for the “Vegetal ‘CELESTIAL’ Creature” model, and which will allow the manifestation of the “Vegetal ‘CELESTIAL’ Creature” model to remain into existence (that is, to subsist) in the appropriate “‘CELESTIAL’ Specific State”.

This “Specific Energy ‘CELESTIAL’ Essence Substance” is the “Quintessential Substance” (also designated as the “Substance par

Excellence”)²⁰⁶ of the “Vegetal ‘CELESTIAL’ Creature” model. It embodies the “quintessential” — that is to say, the manifestation of the metaphor of the seal of “PERFECTION” in the order of quality and “PURITY”, the expression of that, which is best, more “thinner”²⁰⁷, more concentrated, more precious in —, or the “life force of” the “Vegetal ‘CELESTIAL’ Creature” model.

It is through the “‘CELESTIAL’ specific supply of subsistence” produced by this “Specific Energy ‘CELESTIAL’ Essence Substance” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has expressed, wrote in the form of highly complex arrangement of “Specific Atomic ‘CELESTIAL’ Substances” (think of these as chemical compounds — chemical substances composed of many identical molecules composed of “Specific Atomic ‘CELESTIAL’ Substances” from more than one element held together by chemical bonds, in the “‘CELESTIAL’ Specific State” of this “Specific Energy ‘CELESTIAL’ Essence Substance”) and their activities, the unique purpose for which a given manifestation of the “Vegetal ‘CELESTIAL’ Creature” model was designed and produced into existence in the attribute “NON DIVINE”, including the unique set of properties associated with such unique purpose.

The structure of this “Specific Energy ‘CELESTIAL’ Essence Substance” is very complex, delicate, and characterized by readily dislocation in the “Specific ‘CELESTIAL’ Environment” and “flows freely”²⁰⁸ into the

²⁰⁶ Using the concept of a plant, which you are already familiar with, you can think of this “Specific Energy ‘CELESTIAL’ Essence Substance” by analogy to that, which is designated as the “Essential Oil” of a plant, before its isolation or extraction from the plant. The “Essential Oil” of a plant is the result of attempts to isolate or to extract the “Quintessential Substance” (also designated as the “Substance par Excellence”) of the plant by distillation or pressing processes. Such result is a highly concentrated PURE natural chemical substance, designated as the “Essential Oil”, which has retained certain properties characteristic of the plant from which it originates. The “Essential Oil” of a plant is different from one plant to another, although the same organic compounds of various complexities may be found in different plants.

²⁰⁷ In one previous chapter, we have already defined the concept of “thinner” through the “specific non-spiritual coating” densities.

²⁰⁸ In one previous chapter, we have already defined the concept of “flows freely” through the “specific non-spiritual coating” densities.

“Specific ‘CELESTIAL’ Environment” if it is not protected and kept in a container. This “Specific Energy ‘CELESTIAL’ Essence Substance” will seem elusive and “invisible” if compared to the remaining constituents parts of the “Vegetal ‘CELESTIAL’ Creature” model.

It is thus that, to keep this “Specific Energy ‘CELESTIAL’ Essence Substance” immaculate and intact, and so that it performs its due role in the “Vegetal ‘CELESTIAL’ Creature” model, it is entirely covered, embedded and protected inside the structure of a container defined, by:

2. A “Specific Energy ‘CELESTIAL’ Substance” also built from “Specific Atomic ‘CELESTIAL’ Substances” in a second “‘CELESTIAL’ Specific State”, different from the first “‘CELESTIAL’ Specific State”.

In addition to performing its own well-defined functions related to the purpose of the manifestation of the “Vegetal ‘CELESTIAL’ Creature” model into existence in the attribute “NON DIVINE” and in the “Specific ‘CELESTIAL’ Environment”, this “Specific Energy ‘CELESTIAL’ Substance”, also acts as the “storage facility” of the “‘CELESTIAL’ specific supply of subsistence” in the “Vegetal ‘CELESTIAL’ Creature” model, and which is produced by the “Specific Energy ‘CELESTIAL’ Essence Substance” functioning as the “factory site” for the production of that “‘CELESTIAL’ specific supply of subsistence”.

This “Specific Energy ‘CELESTIAL’ Substance” does not by itself produce that “‘CELESTIAL’ specific supply of subsistence”. To keep this “Specific Energy ‘CELESTIAL’ Substance” immaculate and intact, and so that it performs its due role in the “Vegetal ‘CELESTIAL’ Creature” model, it is in turn entirely covered, embedded and protected inside the structure of a container defined, by:

3. An external “Specific Energy ‘CELESTIAL’ Envelope” built from “Specific Atomic ‘CELESTIAL’ Substances” in a third “‘CELESTIAL’ Specific State”, different from both the first “‘CELESTIAL’ Specific State” and the second “‘CELESTIAL’ Specific State”. This external “Specific Energy ‘CELESTIAL’ Envelope” will be the readily and most “visible” part of the manifestation of the “Vegetal ‘CELESTIAL’ Creature” model into existence in the attribute “NON DIVINE” and in the “Specific ‘CELESTIAL’ Environment”.

All components of the “Vegetal ‘CELESTIAL’ Creature” are complex structures that “THE DIVINE FORCE” will build from “Specific Atomic ‘CELESTIAL’ Substances”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed this “Vegetal ‘CELESTIAL’ Creature” model with several particulars and several functions, notably the capacity to synthesize various forms of “Specific Atomic ‘CELESTIAL’ Substances” constituents of the “Specific Energy ‘CELESTIAL’ Substance” constituent of the “Specific Energy ‘CELESTIAL’ Domain”, by developing own elements of subsistence using these “Specific Atomic ‘CELESTIAL’ Substances”.

All manifestations of this “Vegetal ‘CELESTIAL’ Creature” model will be “INDISTINCT FORMS OF THE SPECIFIC ENERGY ‘CELESTIAL’ SUBSTANCE” having their attachments in the “Specific Energy ‘CELESTIAL’ Substance” constituent of the “Specific Energy ‘CELESTIAL’ Domain”.

Due to the continuous movement of the “Specific Atomic ‘CELESTIAL’ Substances” constituents of the “Specific Energy ‘CELESTIAL’ Domain”, the “Specific Energy ‘CELESTIAL’ Domain” is a giant electromagnetic field entirely filled with “electromagnetic waves”, which is illuminated by the luminous radiation emanating from “THE SHEKINAH” — “THE THRONE OF THE DIVINE IN THE ATTRIBUTE ‘NON DIVINE’” —. It is thus that the manifested colors (including “structural coloring”) of the manifestations of this “Vegetal ‘CELESTIAL’ Creature” model, will be determined by (1) the optical properties of their “photonic structures” —that is to say, the periodically ordered patterns with a period of the order of the luminous radiation wavelength and which is exhibited by the outer layers of plant tissues, including flower petals, leaves and fruits — and (2) the wavelengths of the “electromagnetic spectrum” associated with the luminous radiation emanating from “THE SHEKINAH” — “THE THRONE OF THE DIVINE IN THE ATTRIBUTE ‘NON DIVINE’”.

The manifestation of the color is a result of the interaction between an optical phenomenon, a source of electromagnetic waves, which transport luminous radiation (in this case, “THE SHEKINAH” — “THE THRONE OF THE DIVINE IN THE ATTRIBUTE ‘NON DIVINE’” — and the luminous radiation emanating from “THE SHEKINAH”), and a sensory system (usually visual). For an object, biological or not, to appear colored to a sensory system, it must emit electromagnetic waves with wavelengths in the visible band of the electromagnetic spectrum, and thus, which transport luminous radiation. Except in the case of bioluminescence, where organisms themselves emit photons — the smallest discrete amount or quantum of electromagnetic radiation — through enzymatic

reactions, not every biological object actually produces luminous radiation. The manifestation of the color of an object is due to the phenomena of absorption and scattering of electromagnetic waves, which transport luminous radiation rays emanating from a source of luminous radiation. The manifestation of the color of an object seen by reflection then corresponds to the wavelengths of the “electromagnetic spectrum”, which it does not absorb and which it reflects.

Consider an organism that receives electromagnetic waves, which transport luminous radiation consisting of all visible wavelengths (so-called white luminous radiation). For an observer located behind the organism and on the path of the electromagnetic waves, which transport luminous radiation rays, if the luminous radiation, transported by electromagnetic waves, completely passes unaffected through this organism from side to side, then the wavelengths perceived by the observer are unchanged. Nothing in this organism makes it different from the environment containing it, and the visual sensory system of the observer cannot distinguish the organism from the environment containing it, which makes it transparent; this is the case of most constructs of “Specific Atomic ‘CELESTIAL’ Substances”.

Now suppose that within that organism there is a construct of “Specific Atomic ‘CELESTIAL’ Substances” which, by its structure, can absorb part of the incident electromagnetic waves with wavelengths in the visible spectrum of luminous radiation. This construct of “Specific Atomic ‘CELESTIAL’ Substances” is then designated as a “pigment”. Part of the electromagnetic waves, which transport the incident luminous radiation, which passes through this organism, is absorbed by this pigment and the observer only perceives the other part of the spectrum; that, which is transmitted through the pigment. The observer then has an impression of what “THE COLOR” is; as we have indicated already, it is a concept, which is imprinted and manifested in everything that “THE DIVINE FORCE” will bring forth into existence, and which reveals the qualities of the “GLORY”²⁰⁹ of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. For example, the chlorophyll, which is a pigment, of some organisms will mostly absorb electromagnetic waves of wavelengths that are associated with the “VIOLET”, “BLUE” and “RED” bands of the electromagnetic spectrum. The transmitted electromagnetic waves will correspond to those with wavelengths associated with

²⁰⁹ The “GLORY” is the word used symbolically to refer to the luminous radiation that characterizes the attribute “LIGHT” which describes the second attribute of “THE BODY OF ‘HE WHO IS’” and highlights the distinctive feature of the “divine energy” that emanates from “THE BODY OF ‘HE WHO IS’” and makes it “ALIVE”.

the “ORANGE”, “YELLOW” and especially “GREEN” bands of the electromagnetic spectrum, which explains why this pigment will appear with a manifested color in the “GREEN” band of the electromagnetic spectrum. The manifested color of a pigment is defined by the wavelengths at which it transmits electromagnetic waves, not by those which it absorbs. However, this phenomenon hides a subtlety. As it passes through the pigment, absorption decreases the total intensity of electromagnetic waves, which transport luminous radiation. Thus, a thick chlorophyll organism should not appear with a manifested color in the “GREEN” band of the electromagnetic spectrum to the observer, but in the “BLACK” color! For a thick organism to appear colored and not in the “BLACK” color, there must be a “specific reflecting structure” constructed with “Specific Atomic ‘CELESTIAL’ Substances” and present under the pigment, and which will reflect the incident electromagnetic waves, which transport luminous radiation.

The basis for the absorption of luminous radiation by a pigment is directly related to its internal “specific properties”. All constructs of “Specific Atomic ‘CELESTIAL’ Substances” interact with electromagnetic waves with wavelengths in the visible part of the “electromagnetic spectrum”, but not all are able to absorb those wavelengths.²¹⁰

²¹⁰ To understand this phenomenon, it is necessary to understand how the absorption of a photon by a molecule takes place, from the electromagnetic radiation perspective, and more particularly when this photon has an energy corresponding to the wavelengths in the ultraviolet band and in the visible band of the “electromagnetic spectrum”.

As you would know already from electromagnetic radiation knowledge, a photon having an energy corresponding to the wavelengths in the ultraviolet band and in the visible band of the “electromagnetic spectrum”, has sufficient energy to interact with the electrons of an atom or a molecule. Electrons have a basic (lowest) energy level, and they can access a finite number of higher energy levels which are said to be excited. An excited level has a well-defined energy, and an electron can only reach it if it receives energy exactly equal to the difference in energy between its base state and that excited state. However, photons also have a well-defined energy (inversely proportional to the wavelength). Thus, not all photons (and therefore all wavelengths) can excite a given electron; only photons with the right energy can do it, they are the only ones to be absorbed.

In the case of a molecule, electrons are shared among atoms; they are said to be relocated. The extent of this delocalization depends on the type of atom (more or less electronegative), the type of bond (single, double, cyclic, etc.), their number and the direct environment of the molecule (solvent, interaction with other molecules, etc.). Delocalisation directly affects the energy levels of electrons and therefore the wavelengths they can absorb. Generally, the more the electrons are delocalized, the more the excited

However, “THE DIVINE ARCHITECT AND PROJECT MASTER” has also established others “specific processes”, which will be also used to change the wavelength of incident electromagnetic wave, which transports white luminous radiation, to emitted wavelength of electromagnetic wave, which transports luminous radiation associated with a certain manifested color. These “specific

levels are close to the base level. It therefore takes little energy to excite highly delocalized electrons, which corresponds to relatively long wavelengths.

For example, an organic molecule composed of hydrogen, carbon and oxygen atoms with single bonds has poorly delocalized electrons; each electron remains centered around the atoms and the bond where it is involved. These molecules absorb in the far ultraviolet band (very energetic) but not in the visible band (little energetic) of the electromagnetic spectrum, they therefore appear transparent; this is the case with glucose in solution. Conversely, a molecule composed of hydrogen, carbon, oxygen and nitrogen atoms with alternating (conjugate) double bonds and/or aromatic rings has strongly delocalized electrons around all of these bonds. The electrons involved are easily excitable, they can absorb electrons of low energy in the visible range. This region of the molecule, which specifically absorbs electromagnetic waves with wavelengths in the visible band of the electromagnetic spectrum, is designated as the chromophore.

Once an electron has been excited, there are several possible outcomes. The electron can return to its base level in many small steps, which transforms the corresponding energy into heat. The electron can also lose its energy in small steps and then in a larger jump of energy to its base level. If this energy jump is of sufficient amplitude, a photon of visible wavelength is emitted: this is the phenomenon of fluorescence. Fluorescence is the emission of electromagnetic radiation, usually visible luminous radiation, caused by excitation of atoms in a material, which then reemit almost immediately (within about 10^{-8} seconds). The initial excitation is usually caused by absorption of energy from incident electromagnetic radiation. Because reemission occurs so quickly, the fluorescence ceases as soon as the exciting source is removed, unlike phosphorescence, which persists as an afterglow. Unlike fluorescence, in which the absorbed luminous radiation is spontaneously emitted about 10^{-8} second after excitation, phosphorescence requires additional excitation to produce electromagnetic radiation and may last from about 10^{-3} second to days or years, depending on the circumstances. Fluorescence therefore necessarily produces luminous radiation at a higher wavelength (less energetic) than absorbed luminous radiation. The excited electron can also transmit its energy to the electron of a molecule around a few nanometers. This is the phenomenon of resonance energy transfer implemented in collecting antennas during photosynthesis and in the FRET (Förster resonance energy transfer) technique. Eventually, the energy of the excited electron can be used in a chemical reaction. Since luminous radiation is at the origin, it is designated as a photochemical reaction. One example is photobleaching, in which the chromophore is chemically degraded after absorption of a photon, or the photoisomerization of 11-cis-retinal to all-trans-retinal which is the basis of the vision mechanism.

processes” are not related to the absorption of electromagnetic wave, which transports luminous radiation, by a pigment but to its scattering by “specific reflecting constructs” of “Specific Atomic ‘CELESTIAL’ Substances”. Upon encountering such “specific reflecting constructs” of “Specific Atomic ‘CELESTIAL’ Substances” of size similar or less than the wavelength of the incident electromagnetic wave, which transports luminous radiation, the electromagnetic wave, which transports luminous radiation interacts, with the structure of such “specific reflecting constructs”; such electromagnetic waves may then not all be scattered in the same way (differential scattering of incident electromagnetic wave, which transports luminous radiation, by the “specific reflecting constructs”). The incident electromagnetic wave, which transports luminous radiation, can be reflected, refracted, or sometimes both, and the effect depends upon the angle of view or illumination. It is thus that, in addition to simply reflecting the incident electromagnetic wave, which transports luminous radiation, the “specific reflecting construct” can cause other electromagnetic waves, which also transports luminous radiation, to change their phases so that the outgoing wavelength converges in a narrow range before being reflected; this is known as modulation — the changing of the amplitude or wavelength of a wave so that it synchronises with the variations of others waves and the resulting carrier wave simply carries the information superimposed on it by the information wave. Its waveform undergoes a change so it gets “modulated” with the information signal. — The out of phase scattered electromagnetic waves, which also transports luminous radiation, interact and interfere in a coherent scattering. Certain scattered electromagnetic waves will be in phase opposition, leading to destructive interference and therefore to the disappearance of these wavelengths. Conversely, other electromagnetic waves will be in phase and become predominant. The scattered electromagnetic waves will be manifested by a color, which will amplify the manifested color of luminous radiation at that outgoing “specific wavelength”. Such interference “specific process” produces the most intense manifested color. These manifested colors of structural origin, are, on the contrary of the manifested colors of pigmentary origin, manifested colors which are not due to the emission of luminous radiation by constructs of “Specific Atomic ‘CELESTIAL’ Substances” designated as pigments; they are designated as “structural coloration”. In “structural coloration”, the constructs of “Specific Atomic ‘CELESTIAL’ Substances” designated as pigments are “passive” with respect to the manifested color of luminous radiation, since they do not produce it directly. This “specific mechanism” of scattering of incident luminous radiation,

through “structural coloring”, is largely involved in the manifestation of the color of “Vegetal ‘CELESTIAL’ Creatures”.²¹¹

In short, the manifested colors of pigment origin, also designated as “pigmentary coloring”, are actually due to a chemical interaction: absorption by pigments and reflection by the underlying constructs of “Specific Atomic ‘CELESTIAL’ Substances”. The manifested colors of structural origin, also designated as “structural coloring”, are due to the differential scattering of the incident electromagnetic waves, which transport luminous radiation, by “specific constructs” of “Specific Atomic ‘CELESTIAL’ Substances”. The “specific processes” for producing manifestations of colors work together, although one may be predominant over the other.

Various manifestations of this “Vegetal ‘CELESTIAL’ Creature” model will allow to maintain a state of dynamic equilibrium of the “‘CELESTIAL’ specific supply of subsistence” in the “Specific Energy ‘CELESTIAL’ Substance”, and particular living conditions in this “Specific Energy ‘CELESTIAL’ Substance”, by synthesizing its constituents “Specific Atomic ‘CELESTIAL’ Substances”: each manifestation of the “Vegetal ‘CELESTIAL’ Creature” model having a unique purpose in this “Specific Energy ‘CELESTIAL’ Substance”.

Other manifestations of this model of the “Vegetal ‘CELESTIAL’ Creature” model will produce “fruits” that can be consumed by the “INDISTINCT FORMS OF THE SPECIFIC ENERGY ‘CELESTIAL’ SUBSTANCE” that will be manifestations of the metaphors of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established it this way in order to be able to share “THE KNOWLEDGE OF THE DIVINE” with this “Specific Energy ‘CELESTIAL’ Domain” and to lead the creatures that will be produced from a metaphor of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM” to which “THE DIVINE” would have added a unique provision of “THE INTELLECT OF THE DIVINE”, to understand that “THE DIVINE” has His attachments in Himself; From Himself HE has produced

²¹¹ This is the origin of what you see in the flora in its entire splendor, especially on the petals of species, on the epidermal cells of fruits, which consist of layers of cellulose, and on leaves of some plants, which reflect luminous radiation and makes it more vivid, in the world in which you are living, and that you are already familiar with. “THE DIVINE FORCE” will project this feature in the “flora” in the “Plane Below” in the world in which you are living. In another chapter below, we shall explain that “projection” and the motives behind it.

and developed the knowledge of Himself, from Himself HE produces Himself, from Himself HE is nourished, from Himself HE maintains His state of equilibrium.

Each manifestation of this “Vegetal ‘CELESTIAL’ Creature” model will be a living expression of a characteristic function used in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. Therefore, each manifestation of this “Vegetal ‘CELESTIAL’ Creature” model will have its usefulness in the “Specific Energy ‘CELESTIAL’ Substance” constituent of the “Specific Energy ‘CELESTIAL’ Domain”.

Having thus created into existence the “Specific Energy ‘CELESTIAL’ Domain” and having made it habitable through the presence of this First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” that SHE placed within the “Specific Energy ‘CELESTIAL’ Domain”, “THE DIVINE FORCE” manifested various “Vegetal ‘CELESTIAL’ Creatures” into existence in the “Specific Energy ‘CELESTIAL’ Substance”.

From the perspective of the “Specific Energy ‘CELESTIAL’ Substance”, these “Vegetal ‘CELESTIAL’ Creatures” into existence in the “Specific Energy ‘CELESTIAL’ Substance” are delineated parts and indistinct forms of the “Specific Energy ‘CELESTIAL’ Substance”.

CHAPTER 127

THE “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ CREATURE” MODEL IN THE IMAGE OF “THE DIVINE FORCE”

From eternity, before the creation of the attribute “NON DIVINE”, “THE DIVINE ARCHITECT AND PROJECT MASTER” had designed the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, the mould from which “THE DIVINE FORCE” would produce “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures” into existence in the “Specific ‘CELESTIAL’ Environment”, from:

- The “Specific Elementary ‘CELESTIAL’ Particle”;
- The “Specific Elementary ‘SPIRIT’ Particle”; and
- A metaphor of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”, following the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” model of the “Specific ‘SPIRITUAL’ Environment”.

This “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model arises from an expression, in the attribute “NON DIVINE”, of the metaphor of “THE ‘SPIRIT←SPIRIT’ EON”, that “THE DIVINE ARCHITECT AND PROJECT MASTER” has identified within “THE DIVINE DOMAIN”, covered and protected by a spiritual membrane through which the “Causal Precedence Relation of ‘THE PRAISE’” will be established.

Therefore, the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model is a structure formed by:

1. A “Specific Energy ‘SPIRIT’ Essence Substance” built from “Specific Atomic ‘SPIRIT’ Substances” in a first “‘SPIRIT’ Specific State”.

This “Specific Energy ‘SPIRIT’ Essence Substance” is the “factory site” operating from crude “‘SPIRIT’ specific supply of subsistence” obtained, from external third-party, as raw material for the internal

production of diluted “‘SPIRIT’ specific supply of subsistence”. It is the “life force”, for the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, and which will allow the manifestation of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model to remain into existence (that is, to subsist) in the appropriate “‘SPIRIT’ Specific State”.

This “Specific Energy ‘SPIRIT’ Essence Substance” is the “Quintessential Substance” (also designated as the “Substance par Excellence”)²¹² of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model. It embodies the “quintessential” — that is to say, the manifestation of the metaphor of the seal of “PERFECTION” in the order of quality and “PURITY”, the expression of that, which is best, more “thinner”²¹³, more concentrated, more precious in —, or the “life force of” the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

It is through the diluted “‘SPIRIT’ specific supply of subsistence” produced by this “Specific Energy ‘SPIRIT’ Essence Substance” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has expressed, wrote in the form of highly complex arrangement of “Specific Atomic ‘SPIRIT’ Substances” (think of these as chemical compounds — chemical substances composed of many identical molecules composed of “Specific Atomic ‘SPIRIT’ Substances” from more than one element held together by chemical bonds, in the “‘SPIRIT’ Specific State” of this “Specific Energy ‘SPIRIT’ Essence Substance”) and their activities, the unique purpose for which a given manifestation of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model was designed and produced into existence in the attribute “NON DIVINE”, including the

ה'א'ת'ר'ס'ר'

²¹² Using the concept of a plant, which you are already familiar with, you can think of this “Specific Energy ‘SPIRIT’ Essence Substance” by analogy to that, which is designated as the “Essential Oil” of a plant, before its isolation or extraction from the plant. The “Essential Oil” of a plant is the result of attempts to isolate or to extract the “Quintessential Substance” (also designated as the “Substance par Excellence”) of the plant by distillation or pressing processes. Such result is a highly concentrated PURE natural chemical substance, designated as the “Essential Oil”, which has retained certain properties characteristic of the plant from which it originates. The “Essential Oil” of a plant is different from one plant to another, although the same organic compounds of various complexities may be found in different plants.

²¹³ In one previous chapter, we have already defined the concept of “thinner” through the “specific non-spiritual coating” densities.

unique set of properties associated with such unique purpose.

The structure of this “Specific Energy ‘SPIRIT’ Essence Substance” is very complex, delicate, and characterized by readily dislocation in the “Specific ‘CELESTIAL’ Environment” and “flows freely”²¹⁴ into the “Specific ‘SPIRITUAL’ Environment” if it is not protected and kept in a container. This “Specific Energy ‘SPIRIT’ Essence Substance” will seem elusive and “invisible” if compared to the remaining constituents parts of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

“THE DIVINE ARCHITECT AND PROJECT MASTER” will endow this “Specific Energy ‘SPIRIT’ Essence Substance” with metaphors of the particulars of “THE DIVINE BODY” in the “‘SPIRIT’ Specific State”.

Thus, this “Specific Energy ‘SPIRIT’ Essence Substance” will be an image of “THE DIVINE FORCE” (“THE DIVINE WORKER”, better known under the name: “THE HOLY SPIRIT”); that is, this “Specific Energy ‘SPIRIT’ Essence Substance” will be an image of “THE HOLY SPIRIT”²¹⁵.

It is thus that, to keep this “Specific Energy ‘SPIRIT’ Essence Substance” immaculate and intact, and so that it performs its due role in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, it is entirely

²¹⁴ In one previous chapter, we have already defined the concept of “flows freely” through the “specific non-spiritual coating” densities.

²¹⁵ See conversation on June 30, 2006, Aristide and CHRIST, concerning “THE HOLY SPIRIT”.

As we have already indicated at the very beginning of this BOOK, “THE HOLY SPIRIT” is a part of “THE DIVINE”; SHE is a powerful force and visible only to “THE EYE OF THE DIVINE”, which accomplishes all instructions that SHE receives from “THE DIVINE”. “HER MAIN PURPOSE IS TO BE THE CONJOINT OF ‘THE DIVINE ARCHITECT AND PROJECT MASTER’” and, out of any substance, SHE can manifest (instantly produce into existence) any creature and through which SHE can interact (for, SHE is found outside the produced creature) with the like of that creature, in the environment of that creature, to accomplish the task entrusted to HER. “THE HOLY SPIRIT” IS SIGN OF “PURITY” AND LIGHT. SHE IS THE SCIENCE that is found in any substance.

See also October 11, 2015 vision, during the worship praise of 03:00 in the morning.

covered, embedded and protected inside the structure of a container defined, by:

2. A “Specific Energy ‘SPIRIT’ Substance” also built from “Specific Atomic ‘SPIRIT’ Substances” in a second “‘SPIRIT’ Specific State”, different from the first “‘SPIRIT’ Specific State”.

In addition to performing its own well-defined functions related to the purpose of the manifestation of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model into existence in the attribute “NON DIVINE” and in the “Specific ‘CELESTIAL’ Environment”, this “Specific Energy ‘SPIRIT’ Substance”, also acts as the “storage facility” of the diluted “‘SPIRIT’ specific supply of subsistence” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, and which is produced by the “Specific Energy ‘SPIRIT’ Essence Substance” functioning as the “factory site” for the production of that diluted “‘SPIRIT’ specific supply of subsistence”.

This “Specific Energy ‘SPIRIT’ Substance” does not by itself produce that diluted “‘SPIRIT’ specific supply of subsistence”. To keep this “Specific Energy ‘SPIRIT’ Substance” immaculate and intact, and so that it performs its due role in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, it is in turn entirely covered, embedded and protected inside the structure of a container defined, by:

3. An external “Specific Energy ‘CELESTIAL’ Envelope” built from “Specific Atomic ‘CELESTIAL’ Substances” in a “‘CELESTIAL’ Specific State”. This external “Specific Energy ‘CELESTIAL’ Envelope” will be the readily and most “visible” part of the manifestation of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model into existence in the attribute “NON DIVINE” and in the “Specific ‘CELESTIAL’ Environment”.

From the perspective of the “Specific ‘SPIRITUAL’ Environment”, a manifestation of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, into existence in the attribute “NON DIVINE” and in the “Specific ‘CELESTIAL’ Environment”, is a “‘SPIRIT←SPIRIT’ ‘SPIRITUAL’ Creature” (which is represented by the “Specific Energy ‘SPIRIT’ Essence Substance” and the

“Specific Energy ‘SPIRIT’ Substance”, which covers it) contained in a “Specific Energy ‘CELESTIAL’ Envelope”.

CHAPTER 128

THE “SPECIFIC ENERGY ‘SPIRIT’ ESSENCE SUBSTANCE” IN THE “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ CREATURE” MODEL

The “Specific Energy ‘SPIRIT’ Essence Substance” is an expression of the inner structure of a metaphor of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”.

This “Specific Energy ‘SPIRIT’ Essence Substance” will be built by “THE DIVINE FORCE” using “Specific Atomic ‘SPIRIT’ Substances” and it will be endowed with metaphors of the particulars of “THE DIVINE FORCE” (“THE DIVINE WORKER”, better known under the name: “THE HOLY SPIRIT”). Hence, this “Specific Energy ‘SPIRIT’ Essence Substance” will be also an image of “THE HOLY SPIRIT”.

As “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it, “THE DIVINE FORCE” will endow this “Specific Energy ‘SPIRIT’ Essence Substance” with a “‘SPIRIT’ specific supply of subsistence” and has established a fundamental “‘SPIRIT’ specific supply of subsistence” necessary to maintain intact the capacity of all internal “specific processes” of this “Specific Energy ‘SPIRIT’ Essence Substance”, without exception, to execute their predefined “specific tasks” to produce the “specific work” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has also predefined for this “Specific Energy ‘SPIRIT’ Essence Substance”.²¹⁶

It is so that, from its fundamental “‘SPIRIT’ specific supply of subsistence”, the “Specific Energy ‘SPIRIT’ Essence Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model will produce the “specific work” that “THE

²¹⁶ This is why it is said about the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” that it is born of the “SPIRIT”, or that it is born of the “‘SPIRIT’ Specific State”; it is the rich in “SPIRIT”, and in the Scriptures, it will be called: “the rich”.

DIVINE ARCHITECT AND PROJECT MASTER” has predefined for it, in a well assured “state of equilibrium” and within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

It is the product of this “specific work” accomplished by the “Specific Energy ‘SPIRIT’ Essence Substance” which will be transmitted to the “Specific Energy ‘SPIRIT’ Substance” (the second component in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model), in the form of diluted “‘SPIRIT’ specific supply of subsistence”, and that this “Specific Energy ‘SPIRIT’ Substance” in turn will use to accomplish its “specific work”.

It is so that, a “Specific Energy ‘SPIRIT’ Essence Substance” is also a manifestation of a metaphor of the “Generative Power of ‘THE DIVINE’” in the “‘SPIRIT’ Specific State” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

The “Specific Energy ‘SPIRIT’ Essence Substance” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and that “THE DIVINE FORCE” will place inside the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model is unique and is not mixed with something else which is not in the manner of being in the “‘SPIRIT’ Specific State” used for the construction of the considered “Specific Energy ‘SPIRIT’ Essence Substance”.

Although this “Specific Energy ‘SPIRIT’ Essence Substance” has the same particulars of “THE DIVINE FORCE”, it remains nonetheless only an “aspect” — a form, an expression, a manifestation of a metaphor of the “‘SPIRIT’ Divine State” — that “THE DIVINE” had chosen to share with the attribute “NON DIVINE”; as “THE DIVINE” is the only structure and substance that can contain “THE DIVINE” in all its forms.

It is this “Specific Energy ‘SPIRIT’ Essence Substance” that receives the crude “‘SPIRIT’ specific supply of subsistence” provided by the First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” — “THE SHEKINAH”, “THE THRONE OF THE DIVINE IN THE ATTRIBUTE ‘NON DIVINE’” — and which gives “LIFE” to products of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

This “Specific Energy ‘SPIRIT’ Essence Substance” is and remains under the authority of “THE DIVINE”, IHVH, Himself and cannot evade His authority: it is subjected to the manifestation of the “Walk within the Acronym IHVH”.

This “Specific Energy ‘SPIRIT’ Essence Substance” receives all its strength and splendor directly from “THE DIVINE FORCE”, and is not a manifestation of the link of attachment to “THE PLACE OF LIFE”: this “Specific Energy ‘SPIRIT’

Essence Substance” **IS NOT A “TREE OF LIFE”** manifested in the “Specific Energy ‘CELESTIAL’ Domain”, **BECAUSE IT HAS NO ELEMENTS OF “THE ‘LIGHT’ REASON” IN IT, IN WHATSOEVER MANIFESTED FORM: IT IS THE ELEMENTS OF “THE ‘LIGHT’ REASON” WHICH GIVE “LIFE”.**

The “Specific Energy ‘SPIRIT’ Essence Substance” can only be seen by “THE EYE OF THE DIVINE” and is also protected from the “Specific Energy ‘SPIRIT’ Substance” by a “Specific ‘SPIRIT←SPIRIT’ Frontier” which is under the full authority of “THE DIVINE”: it is subjected to the manifestation of the “Walk within the Acronym IHVH”.

“THE DIVINE FORCE” has also built the structure of this “Specific ‘SPIRIT←SPIRIT’ Frontier” from “Specific Atomic ‘SPIRIT’ Substances” as “THE DIVINE ARCHITECT AND PROJECT MASTER” designed and established it.

This “Specific ‘SPIRIT←SPIRIT’ Frontier” allows facilitating the exchange of communication (reception and transmission of instructions, specific signals, and energy) between the “Specific Energy ‘SPIRIT’ Essence Substance” and the “Specific Energy ‘SPIRIT’ Substance”, and this through the “Causal Precedence Relation of ‘THE PRAISE’” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established between the “Specific Energy ‘SPIRIT’ Essence Substance” and the “Specific Energy ‘SPIRIT’ Substance” covering it.

This “Specific ‘SPIRIT←SPIRIT’ Frontier” also allows facilitating the passage of forces; that is, the transfer to the “Specific Energy ‘SPIRIT’ Substance” of the surplus of products of the “specific work” accomplished by the “Specific Energy ‘SPIRIT’ Essence Substance”. It acts to maintain a dynamic state of equilibrium, which is the result of application of its principle of action, when the products of the “specific work” accomplished by the “Specific Energy ‘SPIRIT’ Essence Substance” increase.

When the products of the “specific work” accomplished by the “Specific Energy ‘SPIRIT’ Essence Substance” pass through this “Specific ‘SPIRIT←SPIRIT’ Frontier”, they are instantly transformed and come out of this “Specific ‘SPIRIT←SPIRIT’ Frontier” in the form of diluted “‘SPIRIT’ specific supply of subsistence” which will be used by the “Specific Energy ‘SPIRIT’ Substance”.

This passage of the products of the “specific work” accomplished by the “Specific Energy ‘SPIRIT’ Essence Substance”, through this “Specific ‘SPIRIT←SPIRIT’ Frontier”, and towards the “Specific Energy ‘SPIRIT’ Substance” is reminiscent of a non-reversible energy osmosis.

The combined group which is formed by this “Specific ‘SPIRIT←SPIRIT’ Frontier” and the “Specific Energy ‘SPIRIT’ Essence Substance” is a “Specific Energy ‘SPIRIT’ Domain”. This “Specific Energy ‘SPIRIT’ Domain” inside the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model is also called: “The ALTAR of ‘THE DIVINE’”.

The “Specific Energy ‘SPIRIT’ Essence Substance” inside “The ALTAR of ‘THE DIVINE’” cannot be mixed with something else which is not in the manner of being in the “‘SPIRIT’ Specific State” used for the construction of the considered “Specific Energy ‘SPIRIT’ Essence Substance” without impairing the “HARMONY” with “THE DIVINE”, IHVH, our FATHER — this is often translated into other terms by saying that:

“THE WILL” OF “THE DIVINE”, IHVH, OUR FATHER, IN HIS VARIOUS FORMS, AND THE WILL OF ANY THING OTHER THAN “THE DIVINE”, IHVH, CANNOT COEXIST IN THE SAME “ALTAR OF ‘THE DIVINE’”.

Everything that “THE DIVINE FORCE” creates into existence is alive and grows and matures with the passage of time. It is likewise with the structures of the “Specific Energy ‘SPIRIT’ Essence Substance” inside “The ALTAR of ‘THE DIVINE’”. When the structures of this “Specific Energy ‘SPIRIT’ Essence Substance” start to consolidate, then, “The ALTAR of ‘THE DIVINE’” is also called: “THE ESSENCE” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

It is with this consolidated “Specific Energy ‘SPIRIT’ Essence Substance” that “THE DIVINE FORCE” makes manifest the communications that are sent directly by “THE DIVINE”, IHVH, our FATHER.

This “Specific Energy ‘SPIRIT’ Essence Substance” has received, through its “‘SPIRIT’ specific supply of subsistence”, an insufficient amount of force and strength to destroy the entire environment in which it is placed, but however sufficient to give life and allow a proper functioning of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

If “The ALTAR of ‘THE DIVINE’” is exposed directly and without protection to the environment, which is outside the “Specific ‘SPIRIT←SPIRIT’ Frontier”, then, the unique homogeneous aspect of “THE HOLY SPIRIT” will continue to function until it runs out of its “‘SPIRIT’ specific supply of subsistence” when the time of existence that “THE DIVINE ARCHITECT AND PROJECT MASTER” assigned to it will be over, if it is not nourished by “THE SPECIFIC SPIRITUAL FORCE OF

LIFE”; as we have mentioned already, it is somewhat like a battery that discharges and deteriorates with the passage of time if it is not powered.

CHAPTER 128

THE “SPECIFIC ENERGY ‘SPIRIT’ ESSENCE SUBSTANCE” IN THE “‘SPIRIT←SPIRIT’
‘CELESTIAL’ CREATURE” MODEL

THE “SPECIFIC ENERGY ‘SPIRIT’ ESSENCE SUBSTANCE” AND THE “‘SPIRIT→LIGHT’ CORD OF PRAISE” IN THE “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ CREATURE” MODEL

It is through this “Causal Precedence Relation of ‘THE PRAISE’” that the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” will emit “THE PRAISE” — “specific signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘SPIRIT’ Specific State” — towards any manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “INDISTINCT DIVINE FORM” which is in the “‘SPIRIT→LIGHT’ Specific State” and will be closest to it.

It is so that, through this “Causal Precedence Relation of ‘THE PRAISE’”, every “SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” into existence in the attribute “NON DIVINE”, will be bound to any manifestation of a metaphor of the “SPIRIT←LIGHT’ INDISTINCT DIVINE FORM” into existence in the attribute “NON DIVINE” by that, which we have called: the “SPIRIT→LIGHT’ CORD OF PRAISE”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed this “‘SPIRIT→LIGHT’ CORD OF PRAISE” with an attachment point, inner in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” that will emit “THE PRAISE”. This inner attachment point is connected to “The ALTAR of ‘THE DIVINE’” inside the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”: it is the “‘SPIRIT’ Attachment Point” of the “‘SPIRIT→LIGHT’ CORD OF PRAISE”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed this “‘SPIRIT→LIGHT’ CORD OF PRAISE” with an attachment point, external to the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” that will emit “THE PRAISE”. This external attachment point is connected to the inner structure of the manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “‘SPIRIT←LIGHT’ INDISTINCT DIVINE FORM”: it is the “‘LIGHT’ Attachment Point” of the “‘SPIRIT→LIGHT’ CORD OF PRAISE”.

In the “Specific Energy ‘CELESTIAL’ Domain” where the First “Specific Energy ‘SPIRIT←LIGHT’ Bridge” — “THE SHEKINAH”, “THE THRONE OF THE DIVINE IN THE ATTRIBUTE ‘NON DIVINE’” — has been placed, the “‘LIGHT’ Attachment Point” of this “‘SPIRIT→LIGHT’ CORD OF PRAISE” will be connected to “The ALTAR of ‘THE DIVINE’” inside the First “Specific Energy ‘SPIRIT←LIGHT’ Bridge”.

These attachment points — the “‘SPIRIT’ Attachment Point”, inner in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” that will emit “THE PRAISE”, and the “‘LIGHT’ Attachment Point”, external to the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” that will emit “THE PRAISE” — of the “‘SPIRIT→LIGHT’ CORD OF PRAISE” are “specific receptors” respectively in the “‘SPIRIT’ Specific State”, for the “‘SPIRIT’ Attachment Point”, and in the “‘LIGHT’ Specific State”, for the “‘LIGHT’ Attachment Point”, and through which “THE PRAISE” — “specific signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘SPIRIT’ Specific State” — is identified, decoded, and transduced. These “specific receptors” will mediate “THE PRAISE” transduction for responses to “THE PRAISE” that has been emitted by the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.²¹⁷

²¹⁷ As we have indicated already, the two attachment points — the “‘SPIRIT’ Attachment Point” and the “‘LIGHT’ Attachment Point” — of the “‘SPIRIT→LIGHT’ CORD OF PRAISE” are similar to the devices entering the corresponding receptacle plug of an electrical outlet.

For “The Specific Process of Attachment to ‘THE DIVINE’” to be established and the “Causal Precedence Relation of ‘THE PRAISE’” to be executed through this “‘SPIRIT→LIGHT’ CORD OF PRAISE”, the two attachment points — the “‘SPIRIT’ Attachment Point” and the “‘LIGHT’ Attachment Point” — must be plugged each in their appropriate socket, as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed them.

Through “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed, “The ALTAR of ‘THE DIVINE’” inside the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” establishes the “Causal Precedence Relation of ‘THE PRAISE’” by calling “THE DIVINE”, IHVH, our FATHER and asking Him to connect it with any manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “INDISTINCT DIVINE FORM” which is in the “‘SPIRIT→LIGHT’ Specific State”, is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, and will be closest to this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, in order to receive the external supply of subsistence, which will allow it to remain into existence in the “‘SPIRIT’ Specific State”.

If the “Specific Energy ‘SPIRIT’ Substance” which covers “The ALTAR of ‘THE DIVINE’” inside the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” is not in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, the “‘LIGHT’ Attachment Point” of the “‘SPIRIT→LIGHT’ CORD OF PRAISE” inside this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” may not be in “HARMONY” with “THE DIVINE”, IHVH, our FATHER.

When this “‘LIGHT’ Attachment Point” of the “‘SPIRIT→LIGHT’ CORD OF PRAISE” inside this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” is not in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, it will also not be in “HARMONY” with any manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “INDISTINCT DIVINE FORM” which is in the

You can also understand this concept of “‘SPIRIT→LIGHT’ CORD OF PRAISE” much better from the concepts of receptors and ligands that are used in cellular and molecular biology, and which we will outline below in another chapter of these writings. The principle is the same. With this “‘SPIRIT→LIGHT’ CORD OF PRAISE”, you are in the presence of a “cross-bridge” between two different “Specific States”: the “‘SPIRIT’ Specific State” and the “‘LIGHT’ Specific State”. With the concepts of receptors and ligand of cellular and molecular biology, which you are already familiar with, you are in the presence of only one “Specific State”, but the principle of communication of information and transfer of forces is the same.

“‘SPIRIT→LIGHT’ Specific State”, is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, and wherever this manifestation is.

It is so that, there will be a “VOID” between “The ALTAR of ‘THE DIVINE’” inside the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” whose “Specific Energy ‘SPIRIT’ Substance” is not in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, and any manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “INDISTINCT DIVINE FORM” which is in the “‘SPIRIT→LIGHT’ Specific State”, is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, and wherever this manifestation is.

מִי
לְ
הַ
קֹּדֶשׁ

The “‘LIGHT’ Attachment Point” of the “‘SPIRIT→LIGHT’ CORD OF PRAISE” inside this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” whose “Specific Energy ‘SPIRIT’ Substance” is not in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, will not find an appropriate socket in any manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “INDISTINCT DIVINE FORM” which is in the “‘SPIRIT→LIGHT’ Specific State”, is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, and wherever this manifestation is.

If otherwise the “Specific Energy ‘SPIRIT’ Substance” which covers “The ALTAR of ‘THE DIVINE’” inside the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, with His consent, the “‘LIGHT’ Attachment Point” of the “‘SPIRIT→LIGHT’ CORD OF PRAISE” inside this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” will be connected to the appropriate socket inside any manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “INDISTINCT DIVINE FORM” which is in the “‘SPIRIT→LIGHT’ Specific State”, is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, and will be closest to this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

It is so that, “The Specific Process of Attachment to ‘THE DIVINE’” will be established and the “Causal Precedence Relation of ‘THE PRAISE’” will be executed through this “‘SPIRIT→LIGHT’ CORD OF PRAISE”, and between “The ALTAR of ‘THE DIVINE’” inside the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” which is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, and “The ALTAR of ‘THE DIVINE’” inside any manifestation into existence in the attribute “NON DIVINE” of a metaphor of the “INDISTINCT DIVINE FORM” which is in the “‘SPIRIT→LIGHT’ Specific State”, is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, and will be closest to this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific ‘SPIRIT←SPIRIT’ Frontier” with “specific ‘SPIRIT←SPIRIT’ nerves” — which are actually structures that “THE DIVINE FORCE” will build from “Specific Atomic ‘SPIRIT’ Substances”, and which are receivers and transmitters of signals — to facilitate the exchange of communication (reception and transmission of instructions, specific signals) between the “Specific Energy ‘SPIRIT’ Essence Substance” and the “Specific Energy ‘SPIRIT’ Substance”.

The “Specific Energy ‘SPIRIT’ Substance”, inside the “Specific ‘CELESTIAL’ Envelope”, helps to protect the “Specific Energy ‘SPIRIT’ Essence Substance” which it covers.

As for the “Specific ‘CELESTIAL’ Envelope”, it helps to maintain intact all this “Specific Energy ‘SPIRIT’ Substance” and also to facilitate the exchange of communication (reception and transmission of instructions, specific signals) between the “Specific Atomic ‘CELESTIAL’ Substances” constituents of the “Specific Energy ‘CELESTIAL’ Domain” and the “Specific Energy ‘SPIRIT’ Substance” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

CHAPTER 129

THE “SPECIFIC ENERGY ‘SPIRIT’ ESSENCE SUBSTANCE” AND THE “‘SPIRIT→LIGHT’ CORD OF PRAISE” IN THE “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ CREATURE” MODEL

CHAPTER 130

THE “SPECIFIC ENERGY ‘SPIRIT’ SUBSTANCE” IN THE “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ CREATURE” MODEL

The “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model is an expression of the outer structure of a metaphor of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”.

This “Specific Energy ‘SPIRIT’ Substance” is an expression of the metaphor of the energy that is present at all times in the “Divine Septenary Equilibrium Zone” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, all in the “‘SPIRIT’ Divine State”.

The energy in this “Divine Septenary Equilibrium Zone” is formed by the products of the “divine work” accomplished by the six “Formative Divine Particles” constituent of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, all in the “‘SPIRIT’ Divine State”.

This “Specific Energy ‘SPIRIT’ Substance” is visible only to “THE EYE OF THE DIVINE” and it is separated from the external “Specific Energy ‘CELESTIAL’ Envelope” by a “Specific ‘CELESTIAL←SPIRITUAL’ Frontier”, it is also separated from the “Specific ‘SPIRITUAL’ Environment” by a “Specific ‘SPIRITUAL←SPIRIT’ Frontier”.

The “Specific ‘CELESTIAL←SPIRITUAL’ Frontier” and the “Specific ‘SPIRITUAL←SPIRIT’ Frontier” are in fact the same and only one “Specific Energy ‘SPIRITUAL’ Substance” of separation. It is because of the external environment from which the external “specific signals” are sent to this “Specific Energy ‘SPIRIT’ Substance”, that this distinction is made. We shall refer to the “Specific ‘SPIRITUAL←SPIRIT’ Frontier” when the external “specific signals” are emitted from the “Specific ‘SPIRITUAL’ Environment” and we shall refer to the

“Specific ‘CELESTIAL←SPIRITUAL’ Frontier” when the external “specific signals” are emitted from the “Specific ‘CELESTIAL’ Environment”.

The combined group formed by the “Specific ‘SPIRITUAL←SPIRIT’ Frontier”, the “Specific Energy ‘SPIRIT’ Substance” (the second component of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model) and “The ALTAR of ‘THE DIVINE’” which is inside this “Specific Energy ‘SPIRIT’ Substance”, is an expression, in the attribute “NON DIVINE”, of a metaphor of “THE ‘SPIRIT←SPIRIT’ EON”.

It is so that, a “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” will be a manifestation of an expression in the attribute “NON DIVINE” of a metaphor of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM” which is associated to “THE ‘SPIRIT←SPIRIT’ EON” added with a unique purpose, a unique disposition of “THE INTELLECT OF THE DIVINE”, and a unique disposition of “THE DIVINE FORCE”.

The layers of structures constituent of the “Specific Energy ‘SPIRIT’ Substance” are all held together by “specific processes” which are also activated by the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” that is present in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

These layers of structures are interconnected with a given degree of cohesion defined as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed them. However, different layers of structures have different degrees of cohesion and as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed them.

“The ALTAR of ‘THE DIVINE’” inside the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model cannot be mixed with something else which is not in the manner of being in the “‘SPIRIT’ Specific State” used for the construction of the “Specific Energy ‘SPIRIT’ Essence Substance” which is inside “The ALTAR of ‘THE DIVINE’” considered, without impairing the “HARMONY” with “THE DIVINE”, IHVH, our FATHER.

The same is true with this “Specific Energy ‘SPIRIT’ Substance” which covers “The ALTAR of ‘THE DIVINE’” inside the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

This “Specific Energy ‘SPIRIT’ Substance” cannot be mixed with something else which is not in the manner of being in the “‘SPIRIT’ Specific State” used for its

construction, without impairing the “HARMONY” with “THE DIVINE”, IHVH, our FATHER.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Energy ‘SPIRIT’ Substance” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model with all the particulars of a stable “Specific Septenary Equilibrium Zone”, with respect to “The ALTAR of ‘THE DIVINE’” which is placed inside this “Specific Energy ‘SPIRIT’ Substance”, in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

The “Specific Energy ‘SPIRIT’ Substance” and “The ALTAR of ‘THE DIVINE’” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, will form as such, in the attribute “NON DIVINE”, a unique manifestation of a metaphor of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in the “‘SPIRIT’ Specific State” in the attribute “NON DIVINE”. It will be the third expression into existence of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”; the first expression of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” being “THE DIVINE” Himself.

In this second and unique expression in the attribute “NON DIVINE”, in the “Specific Energy ‘CELESTIAL’ Domain”, of a metaphor of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, the “primary transformation”, the “secondary transformation”, the “tertiary transformation”, the “quaternary transformation”, the “quinary transformation”, the “senary transformation”, and the “‘end of cycle’ transformation” will also take place in the “Specific Energy ‘SPIRIT’ Substance” inside the “Specific ‘SPIRITUAL←SPIRIT’ Frontier” of this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

It is so that, the “Specific Atomic ‘SPIRIT’ Substances” constituents of the “Specific Energy ‘SPIRIT’ Substance” will automatically regenerate during the course of the “‘end of cycle’ transformation” and following “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

These seven “transformation steps” of products of the “specific work” accomplished by “The ALTAR of ‘THE DIVINE’” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, by the products of the “specific work” accomplished by the “Specific Atomic ‘SPIRIT’ Substances” constituents of the “Specific Energy ‘SPIRIT’ Substance”, are metaphors coming from the same and unique model of the “transformation step” of products of the “divine work” accomplished by the “Generative Divine Particle” by the reagents of the “transformation step”, that is, by the products characteristic of the

“transformation step” considered and which will be consumed during the “transformation step”, in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. The metaphor of this same and unique model of the “transformation step” is formed by the twenty four “transformation sub-steps” which have already been described.

It is so that, through “The ALTAR of ‘THE DIVINE’”, in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, through the “Specific Energy ‘SPIRIT’ Substance” and inside the “Specific ‘SPIRITUAL←SPIRIT’ Frontier” of this model the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, and with respect to the “CARDINAL POINT OF THE CREATION”, “THE DIVINE FORCE” will manifest into existence in the attribute “NON DIVINE” and in the “Specific Energy ‘CELESTIAL’ Domain”, the second metaphor of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has also endowed the “Specific Energy ‘SPIRIT’ Substance” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model with basis structures (or organs), with basic instincts, which allow it to capture the external signals emitted by the “Specific ‘SPIRITUAL’ Environment” external and immediate around this “Specific Energy ‘SPIRIT’ Substance” considered.

These basis structures are “Specific Spiritual Sensory Sensors” formed by layers of “Specific Atomic ‘SPIRIT’ Substances” and activated by the reception of external input signals. Once collected by these basis structures, an input external signal emitted by the “Specific ‘SPIRITUAL’ Environment” external and immediate around this “Specific Energy ‘SPIRIT’ Substance” considered is subsequently transmitted, through layers of “Specific Atomic ‘SPIRIT’ Substances” constituent of the “Specific Energy ‘SPIRIT’ Substance” towards others “Specific Atomic ‘SPIRIT’ Substances” internal to the “Specific Energy ‘SPIRIT’ Substance”.

Depending upon the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance” considered, “specific processes” internal to the “Specific Energy ‘SPIRIT’ Substance”, will start working in order to produce their “specific work” as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established them.

At the end of execution of this “specific work”, the entire “Specific Energy ‘SPIRIT’ Substance” will emit an internal output signal in the form of a more or less luminous radiation and will adopt a predefined specific spiritual behavior as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it. It is this

internal output signal and the spiritual behavior adopted by the “Specific Energy ‘SPIRIT’ Substance” that are transmitted to the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance”.

As we have indicated in one previous chapter, it is through the chain of transmitted output signals, including the “specific behaviors” and their associated “specific effects”, of the “specific work” accomplished by the “Specific Atomic ‘SPIRIT’ Substances”, which can be instantly manifested, in different combinations or on their own as isolated single unit, in the “Specific Energy ‘SPIRIT’ Substance” constituent of the “Specific Energy ‘SPIRIT’ Domain” considered, that “specific messages” are transported from one location to another, throughout the “Specific Energy ‘SPIRIT’ Substance”. As the output signals of the “specific work” accomplished by the “Specific Atomic ‘SPIRIT’ Substances” of the “Specific Energy ‘SPIRIT’ Substance” are transmitted from one “Specific Atomic ‘SPIRIT’ Substance” onto its immediate neighbouring “Specific Atomic ‘SPIRIT’ Substances”, and these “Specific Atomic ‘SPIRIT’ Substances” adopting “specific behaviors” and their associated “specific effects”, the “Specific Energy ‘SPIRIT’ Substance” itself may experience local disturbances or variations in its properties as a consequence of these adopted “specific behaviors” and their associated “specific effects”. The propagation of a disturbance from place to place, from point to point, in the “Specific Energy ‘SPIRIT’ Substance” in a regular and organized way, and which progressively transfers a “specific behaviour” and its associated “specific effects”, is designated as a “specific wave”. It transfers a “specific behaviour” and its associated “specific effects” progressively from point to point in the “Specific Energy ‘SPIRIT’ Substance”; it is also a means of transportation of information concerning “specific messages”, which are sent from one point to another.

There are several “specific waves”, which can be defined, depending upon the “specific effects” and associated “specific behaviors”, which can be instantly manifested, in different combinations or on their own as isolated single unit, of the “specific work” accomplished by the “Specific Atomic ‘SPIRIT’ Substances”. For example, that, which is known as a “radio wave” is made up of electric and magnetic fields vibrating mutually at right angles to each other in space. When these two fields are operating synchronously in time, they are said to be in time phase; i.e., both reach their maxima and minima together and both go through zero together. Some “specific waves” require a medium through which to travel, while other “specific waves”, designated as “electromagnetic waves” (resulting from electromagnetic radiation — the flow of quanta (plural of quantum and

which represents discrete quantity of energy proportional in magnitude to the frequency of the electromagnetic wave carrying it) through free space or through a material medium in the form of the electric and magnetic fields that make up electromagnetic waves such as radio waves, visible luminous radiation, and gamma rays.) do not require a medium and can be propagated through a vacuum. As you would know already, the propagation of a “specific wave” through a medium depends on the medium’s properties.

At any given instant, a “specific wave” being propagated through the “Specific Energy ‘SPIRIT’ Substance” will have an amplitude variation along its direction of travel, similar to that of its time variation. The distance from one “specific wave” crest to the next is designated as the “specific wavelength”; a concept, which is central to communication in all its forms. In the simplest “specific waves”, the disturbance will oscillate periodically — that is to say, in equal intervals of time — with a fixed wavelength. Dividing the speed of propagation of a “specific wave” by the “specific wavelength” gives the frequency at which communication is carried out in the “Specific Energy ‘SPIRIT’ Substance”. It is so that, the “Specific Energy ‘SPIRIT’ Substance”, which will emit internal output “specific signals” of a given frequency to the “Specific ‘SPIRITUAL’ Environment” external and immediate around it, will also receive external input “specific signals” of the same frequency from the “Specific ‘SPIRITUAL’ Environment” external and immediate around it.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and predefined several “specific waves” and “specific wavelengths” of (internal and external) communication (reception and transmission) of “specific signals”, depending upon the “specific effects” and associated “specific behaviors”, which can be instantly manifested, in different combinations or on their own as isolated single unit, of the “specific work” accomplished by the “Specific Atomic ‘SPIRIT’ Substances” constituents of the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

It is the speed of reception and transmission of “specific signals”, in the “Specific Atomic ‘SPIRIT’ Substances” and between the “Specific Atomic ‘SPIRIT’ Substances” constituents of the “Specific Energy ‘SPIRIT’ Substance”, which always determines the strength of the luminous radiation that will be emitted by the “Specific Energy ‘SPIRIT’ Substance” and consequently by the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

This speed of reception and transmission of signals by the “Specific Energy ‘SPIRIT’ Substance” increases and decreases depending upon the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific

‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance”.

The higher the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance”, the higher this speed of reception and transmission of “specific signals”, the higher the frequency at which communication is carried out in the “Specific Energy ‘SPIRIT’ Substance”.

This speed is still billions of times less than the speed of reception and transmission of the same “specific signals” in “DIVINE SUBSTANCE”.

Throughout this process of recognition and the prehension²¹⁸ of the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance”, through the reception of signals emitted by this environment, all the signals received and transmitted by the “Specific Energy ‘SPIRIT’ Substance” are “TRUTHFUL” and harmonious, visible to “THE EYE OF THE DIVINE” and discernible (legible and understandable) by “THE DIVINE FORCE”.

All these various “specific signals”, identifiable and meaningful, genuine and harmonious, that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and predefined for the “Specific Energy ‘SPIRIT’ Substance” and which are transmitted by the “Specific Energy ‘SPIRIT’ Substance” constitute the “Specific ‘SPIRIT’ Language” of the “Specific Energy ‘SPIRIT’ Substance”. The “Specific ‘SPIRIT’ Language” is “TRUTHFUL” and it cannot be simulated or manipulated by the “Specific Energy ‘SPIRIT’ Substance”.

Just as the elements of “THE ‘SPIRIT’ REASON”, elements of the “Specific ‘SPIRIT’ Language” which are sets of foreordained elements of “THE ‘SPIRIT’ REASON”, contain in them the communication signals that will remain in “THE SILENCE” and will never “take body” in the absence of elements of “THE ‘LIGHT’ REASON”, but will be transmitted and decoded in the “telepathic wavelength”

²¹⁸ We use the term “prehension” in the sense of an interaction, with the external and immediate environment all around, which involves “specific perception processes” — that is to say, the processes of capturing or collecting external signals coming from the external and immediate surrounding environment —, but not necessarily “specific cognition processes” — that is to say, the use of conscious mental “specific processes” that come immediately after “prehension” and lead to “comprehension” — that is to say, the act of grasping the nature, the significance, or meaning of the external signals that were captured or collected through “prehension”.

from one “Specific Energy ‘SPIRIT’ Substance” to another “Specific Energy ‘SPIRIT’ Substance” according to “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established.

All the received and transmitted signals by the “Specific Energy ‘SPIRIT’ Substance” are accompanied by a luminous radiation.

Therefore, “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Energy ‘SPIRIT’ Substance” with a “Specific ‘SPIRITUAL’ Visual Structure” to allow this “Specific Energy ‘SPIRIT’ Substance” to collect the “EPHEMERAL GLOW ‘SPIRITUAL’” (also called “light”) which is emitted by the “Specific ‘SPIRITUAL’ Environment” external and immediate around this “Specific Energy ‘SPIRIT’ Substance” considered.

This unique “Specific ‘SPIRITUAL’ Visual Structure” is the primordial “Specific Spiritual Sensory Sensor”, at the core of the “GIFT” of “VISION”, and necessary for the survival of the entire “Specific Energy ‘SPIRIT’ Substance” in the “Specific ‘SPIRITUAL’ Environment”.

As a result of the reception, through the “Specific ‘SPIRITUAL’ Visual Structure”, of “specific signals” emitted by the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Energy ‘SPIRIT’ Substance” of the autonomous capacity to discern the “Specific ‘SPIRIT’ Language”; that is, to read and understand these “specific signals” which are genuine and harmonious in the “Specific ‘SPIRITUAL’ Environment”.

It is so that, the “specific processes” internal to the “Specific Energy ‘SPIRIT’ Substance”, for example, will emit “specific signals” concerning the positioning of the “specific signal” which was captured initially by the “Specific ‘SPIRITUAL’ Visual Structure”, in the “Specific ‘SPIRITUAL’ Environment”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed these “specific processes”.

Through some of these internal “specific processes”, more specific details and closer, at the scale of the “Specific Atomic ‘SPIRIT’ Substance”, can be obtained from the “specific signal” which was captured initially by the “Specific ‘SPIRITUAL’ Visual Structure”; it is a little as if the eye as we know it is directly fitted with a magnifying glass or a convergent lens that magnifies objects that are very distant and brings them closer, only by the will of the thought.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Energy ‘SPIRIT’ Substance” with an “specific spiritual auditory structure” to enable this “Specific Energy ‘SPIRIT’ Substance” to hear, regardless of the

מציאות
הרוח
ספיריטואלית

distance and positioning in the “Specific ‘SPIRITUAL’ Environment”, the message that is associated with these “specific signals” which were originally captured by the “Specific ‘SPIRITUAL’ Visual Structure”.

It is so that, once the “Specific ‘SPIRITUAL’ Visual Structure” has captured a “specific signal” emitted by the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance”, this “Specific Energy ‘SPIRIT’ Substance” can also “HEAR” the message that is associated with this “specific signal”.²¹⁹

It is also so that no sound, no whispers, whatever it may be and wherever it is in the entire universe, as we know it, is not exempted from “THE EAR OF THE DIVINE”²²⁰.

As we have already indicated, through “THE INTELLECT OF THE DIVINE”, “THE DIVINE” conceives Himself and builds up, according to his own plans, architectures made of “Divine Particles”: “THE INTELLECT OF THE DIVINE” is “THE ARCHITECT OF THE DIVINE”.

Through “THE INTELLECT OF THE DIVINE”, “THE DIVINE” defines architectural and technical solutions for the implementation of His own designs: “THE INTELLECT OF THE DIVINE” is “THE PROJECT MASTER OF THE DIVINE”.

“THE DIVINE” creates Himself, and performs the designs of His “DIVINE ARCHITECT AND PROJECT MASTER” in the “SILENCE”, using “THE DIVINE FORCE” powerful and invisible.

These realized designs are living forms as delineated parts of Himself as unlimited, pure, conscious, intellect and living “DIVINE SUBSTANCE”. These

²¹⁹ It is so that, in a vision that “THE DIVINE”, IHVH, our FATHER had shown me, I saw two Angels passing through in the “Specific ‘SPIRITUAL’ Environment” on a very remote distance from the place where I was. Instantly, I recognized the Archangels MICHAEL and GABRIEL and these two had spoken between them and I could clearly hear what they said between them, while they were “kilometers” away. It was only a few years later, while reflecting on this vision, that I understood how it had been possible: through and thanks to “THE DIVINE FORCE”.

²²⁰ This was described in the first book of the wisdom by saying: “... “THE EAR OF THE DIVINE” is attentive and overhears everything, not even a murmur of complaint escapes it. So keep the useless murmur; to not speak reproachfully, hold your tongue, have pure “Interpreted THOUGHTS”, because a word issued in secret will not remain without effect and the mouth that calumny destroys the soul...”.

“THE DIVINE FORCE” then, undertook to manifest a metaphor of this “DIVINE WEALTH” into existence within the “Specific Energy ‘CELESTIAL’ Domain” in the attribute “NON DIVINE”. However in the attribute “NON DIVINE”, “THE DIVINE FORCE”, will also make “DISTINCT” each of the manifestations of the metaphors of the “INDISTINCT DIVINE FORMS”.

It is from this capacity to “LOVE” that the affective and emotional growth in the “Specific Energy ‘SPIRIT’ Substance” will ensue. This affective and emotional growth will provide guidance about the capacity of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” to manifest emotions and learn to understand and master them. All emotions have all been designed by “THE DIVINE ARCHITECT AND PROJECT MASTER”.

This autonomous capacity to “THINK”, to “REASON” and “MAKE DECISIONS” by itself, is the element which possesses a determining influence which implies

CHAPTER 130
THE “SPECIFIC ENERGY ‘SPIRIT’ SUBSTANCE” IN THE “‘SPIRIT←SPIRIT’ ‘CELESTIAL’
CREATURE” MODEL

consequences of great importance, in a favorable or unfavorable sense, in the implementation of “THE HOLY PROJECT”. It is the element that added great challenge in the implementation of “THE HOLY PROJECT”. Without this autonomous capacity to “THINK”, to “REASON” and “MAKE DECISIONS”, the creatures that will be manifested into existence inside the attribute “NON DIVINE” will be similar to mere “walking vegetables”.

To “THINK” is to self generate internal action signals from the elements of a “PURE” and “HOLY” “Realm”²²², well-defined in the attribute “NON DIVINE”, and using:

1. External signals emitted by the “Specific ‘SPIRITUAL’ Environment” external and immediate around this “Specific Energy ‘SPIRIT’ Substance” considered;
2. Products of its knowledge database and which result of the “specific work” accomplished by this special structure and once were emitted as internal output signals, or acquired as external signals that have once been emitted by the “Specific ‘SPIRITUAL’ Environment” external and immediate around this “Specific Energy ‘SPIRIT’ Substance” considered;
3. Elements of “THE ‘SPIRIT’ REASON” and that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in this special structure. “THE ‘SPIRIT’ REASON” delineates a portion of this “PURE” and “HOLY” “Realm”, well-defined in the attribute “NON DIVINE”, which will be used to generate the internal action signals in this special structure and it is the elements of “THE ‘SPIRIT’ REASON” that are at the origin of every action signal that this special structure of the “Specific Energy ‘SPIRIT’ Substance” will emit as output.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed this special structure with abilities that will allow it to understand these internal action signals, to classify them, and consequently: to “REASON”.

²²² As we have indicated in an annotation at the onset of these writings, the “Realm” — also called the “Sphere”, also called the “Kingdom” — is a delineated set, a delineated totality, within which well-defined parameters, logical predicates, rules, and laws extend, and within which well-defined and prevailing actions exert “closure” to it; that is, it has a boundary and the result of exercising these well-defined and prevailing actions, to elements of the delineated set, remain within the delineated set.

That “PURE” and “HOLY” “Realm”, well-defined in the attribute “NON DIVINE”, and of which the elements will be used to generate those internal action signals, is called: the “Realm of the ‘THOUGHTS’”.

The “Realm of the ‘THOUGHTS’” is truly a universe, a true “tangible” reality, that is defined by the elements of “THE ‘GOD’ REASON”; it is not an intentionality which has its origin in this “Specific Energy ‘SPIRIT’ Substance” considered or a production of this “Specific Energy ‘SPIRIT’ Substance” considered, but it is truly the external manifestation of a metaphor of the great “DIVINE WEALTH” as a collection of an infinite number of “DIVINE PRIMARY WEALTH”, and the elements of this “Realm of the ‘THOUGHTS’” are called: the “THOUGHTS”.²²³

²²³ This is going to sound disturbing, but I have not found a better way to describe it to you. Have a pure soul and “THE DIVINE FORCE” Herself will show you these things. Then, you will have an indication of the “EXCELLENCE” of “THE DIVINE”, IHVH, our FATHER.

To “THINK” is reminiscent of what in mathematics is called a function and which is a relation between a set of inputs and a set of permissible outputs with the property that each input is related to exactly one output. The “Realm of the ‘THOUGHTS’” is the domain of definition, that is the set of possible values for the variable of the function called: to “THINK”. This domain of definition is fixed and has been established by “THE DIVINE FORCE”.

In mathematics, a mapping is a relation between two sets for which each element of the first (called original set or source) is connected to a unique element of the second (the set of arrival or purpose).

As it is always possible to transform a function into a mapping, for example by restricting it to its domain of definition or to subsets of its domain of definition, it is so that the function “to ‘THINK’” will also be transformed into a mapping by restricting it to subsets of the “Realm of the ‘THOUGHTS’”, these subsets being defined by different subsets of elements of “THE REASON”.

It is so for example that there is a subset of the “Realm of the ‘THOUGHTS’” that will be delineated by the elements of “THE ‘SPIRIT’ REASON”, another that will be delineated by the elements of “THE ‘LIGHT’ REASON”, another who will be delineated by the elements of “THE ‘GOD’ REASON”, and the intersecting subsets.

I studied and obtained a doctorate in applied mathematics (mathematical analysis, physics, and engineering) long ago. But when “THE DIVINE FORCE” showed me an overview of Her work, then, I understood that I was without any knowledge and that I was non-existent in front of HER. In front of HER knowledge and what SHE has achieved, and what SHE is capable of doing, I understood that I am less than a droplet of water in an ocean.

It is to make such things understood that it was said in parables that:

It is the elements of “THE ‘SPIRIT’ REASON” which will allow giving shape to the elements of this “Realm of the ‘THOUGHTS’”.

The “Realm of the ‘THOUGHTS’” is also designated by a word whose pronunciation in human language is: “PARADISE”. Do not confuse the “Realm of the ‘THOUGHTS’” with the “Plane Above”, which is called “HEAVEN”. It is in the “Plane Above” that products of the mould that represents the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model will be manifested into existence. Every “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” produced into existence in the “Plane Above”, will “THINK” through this special structure that “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Energy ‘SPIRIT’ Substance” and which gives this “Specific Energy ‘SPIRIT’ Substance” “THE INTELLECT”.

Inside the “Realm of the ‘THOUGHTS’”, its elements, which are called the “THOUGHTS” are truly living realities and “tangible”, that are defined by the elements of “THE ‘GOD’ REASON”, and they are all “PURE” and “HOLY”.

Outside of the “Realm of the ‘THOUGHTS’”, elements of the “Realm of the ‘THOUGHTS’” are manifested by those internal action signals.

It is so that, this special structure that “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Energy ‘SPIRIT’ Substance” and which gives this “Specific Energy ‘SPIRIT’ Substance” “THE INTELLECT”, is actually the entry gate to the “Realm of the ‘THOUGHTS’” and at the same time the exit gate from the “Realm of the ‘THOUGHTS’”.

“...

There is in Paradise a tree under the shadow of which a horseman can walk for a hundred years without ever leaving it.

...”

The “Paradise” refers to the “Realm of the ‘THOUGHTS’” and inside of which “THE DIVINE FORCE” is always present.

That special “tree” which is inside “Paradise” is “THE DIVINE FORCE” and the “horseman” refers to any creature who wishes to grow in “THE KNOWLEDGE OF THE DIVINE”.

The “horseman can walk for a hundred years without ever leaving it” is said to make you understand that “THE KNOWLEDGE OF THE DIVINE” is infinite.

Blessed be “THE DIVINE”, IHVH, our FATHER, to have sent to humanity, the knowledge described in this “BOOK OF FORMATION”.

At the exit gate of the “Realm of the ‘THOUGHTS’”, the “THOUGHTS” that are all “PURE” and “HOLY” inside the “Realm of the ‘THOUGHTS’”, will be interpreted instantly by this special structure of the “Specific Energy ‘SPIRIT’ Substance”, and the result of this interpretation is called an “Interpreted THOUGHT”²²⁴; it is an internal action signal. That special structure of the “Specific Energy ‘SPIRIT’ Substance” generates myriads of “Interpreted THOUGHTS”, and the taking possession by it, in clear and vivid form, of the trains of several of those “Interpreted THOUGHTS”, is that, which is designated by the word: “attention”.

The functioning of this special structure of the “Specific Energy ‘SPIRIT’ Substance” depends upon the functioning of its “Specific Atomic ‘SPIRIT’ Substances”, and therefore upon the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance” that contains this special structure.

When this “Specific Energy ‘SPIRIT’ Substance” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model will be created into existence in the attribute “NON DIVINE”, as an expression of the outer structure of a metaphor of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”, it will not have the same freshness and the same brightness than those of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM” which is within “THE DIVINE DOMAIN”.

It is so that, as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it, the “Specific Energy ‘SPIRIT’ Substance” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model which is created into existence in the attribute “NON DIVINE” will wither, and this special structure that “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Energy ‘SPIRIT’ Substance” and which gives this “Specific Energy ‘SPIRIT’ Substance” “THE INTELLECT”, inside of this “Specific Energy ‘SPIRIT’ Substance”, will fall asleep in the oblivion (or ignorance) of “The ALTAR of ‘THE DIVINE’” which that “Specific Energy ‘SPIRIT’ Substance” covers, and during a well defined time period.

It is so that, each “Interpreted THOUGHT” will be expressed as the “Optimal Interpreted THOUGHT” covered by a mist of residuals.

²²⁴ This is what, without making the distinction, you (both celestial creatures and human creatures) call incorrectly: a “thought”. What you call a “thought” is actually an “Interpreted THOUGHT”.

The “Optimal Interpreted THOUGHT” is that, which results from the optimal functioning of this special structure and with an optimal degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance” that contains this special structure that “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Energy ‘SPIRIT’ Substance” and which gives this “Specific Energy ‘SPIRIT’ Substance” “THE INTELLECT”.

The “Optimal Interpreted THOUGHT” is thus “PURE” and “HOLY”, and it conforms to the specification that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined; that is, that, which is “RIGHT”, that, which is “JUST”, that, which is “CORRECT”.

When this special structure that “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Energy ‘SPIRIT’ Substance” and which gives this “Specific Energy ‘SPIRIT’ Substance” “THE INTELLECT” will fall asleep in oblivion (or ignorance) of “The ALTAR of ‘THE DIVINE’” which that “Specific Energy ‘SPIRIT’ Substance” covers, then, every “Interpreted THOUGHT” will contain a residual resulting from this oblivion of “The ALTAR of ‘THE DIVINE’”; that is, the result of the absence of “THE KNOWLEDGE OF THE DIVINE”.

The residual in the “Interpreted THOUGHT” is a detectable trace of everything that is not in agreement with the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined and that is other than “Optimal Interpreted THOUGHT”. The residual lacks clarity; it indicates the character of a confused, vague oblivion of “The ALTAR of ‘THE DIVINE’”, on which there is a lack of information, which escapes rational knowledge. The residual has no basis, it is not clearly perceived, and it is the “obscurity” which lies in the “Interpreted THOUGHT”. The residual is thus an “IMPURITY” and is not conform to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined; that is, the residual represents that, which is “WRONG”, that, which is “NOT JUST”, that, which is “INCORRECT” in the “Interpreted THOUGHT”. The residual is not in accordance with “The ALTAR of ‘THE DIVINE’”, because it does not carry any information related to “The ALTAR of ‘THE DIVINE’”, and consequently, the residual does not carry any information related to “THE DIVINE”, IHVH, our FATHER; the residual is also called “IMPURITY”.

The residual is an intentionality that has its origin in this special structure that “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Energy ‘SPIRIT’ Substance” and which gives this “Specific Energy ‘SPIRIT’ Substance” “THE INTELLECT”; It is a fabrication of this special structure.

The mist of residuals is the product of a non-optimal functioning of this special structure of the “Specific Energy ‘SPIRIT’ Substance” and is due to a failure (not optimal) of the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance”; that is, the mist of residuals is the product of the absence of “THE KNOWLEDGE OF THE DIVINE” in this special structure that “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Energy ‘SPIRIT’ Substance” and which gives this “Specific Energy ‘SPIRIT’ Substance” “THE INTELLECT”. The mist of residuals is also called “IMPURITY”, and it is also called “IMPURITY” in all its forms.

Initially, the mist of residuals will be the consequence of this special structure sleep in oblivion (or ignorance) of “The ALTAR of ‘THE DIVINE’” which that “Specific Energy ‘SPIRIT’ Substance” covers.

With the passage of time, this mist of residuals will describe the behavior of this special structure that “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Energy ‘SPIRIT’ Substance” and which gives this “Specific Energy ‘SPIRIT’ Substance” “THE INTELLECT”.

The higher the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance”, the higher will be the awareness of “The ALTAR of ‘THE DIVINE’” by that special structure that “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Energy ‘SPIRIT’ Substance” and which gives this “Specific Energy ‘SPIRIT’ Substance” “THE INTELLECT”, and the less important will be the presence of the mist of residuals and more an “Interpreted THOUGHT” will be closer to the “Optimal Interpreted THOUGHT”. At the “Optimal Interpreted THOUGHT”, there are no residuals.

The lower the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance”, the lower will be the awareness of “The ALTAR of ‘THE DIVINE’” by that special structure that “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Energy ‘SPIRIT’ Substance” and which gives this “Specific Energy ‘SPIRIT’ Substance” “THE INTELLECT”, and the more important and thick will be the presence of the mist of residuals and more an “Interpreted THOUGHT” will be far from the “Optimal Interpreted THOUGHT”.

With the passage of time, the goal for this special structure, that “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Energy ‘SPIRIT’ Substance” and which gives this “Specific Energy ‘SPIRIT’ Substance” “THE INTELLECT”, is to dispel the mist of residuals in order to promote the dissemination of the “Optimal Interpreted THOUGHT” in full awareness and consent of “The ALTAR of ‘THE DIVINE’”.

Using the concept of the “plant” which you are more familiar with than mathematical concepts, each “Interpreted THOUGHT” is reminiscent of the construct, which is called the “flower”, and is also similar to the construct which is called the “fruit” that forms from the “flower” as a result of a well-defined transformation of pollination.

In this concept of the “plant”, the “Optimal Interpreted THOUGHT” is reminiscent of that, which is called the “grain” and that is contained in the “fruit”, and the mist of residuals is reminiscent of the combined set formed by the internal tissue of the “fruit” surrounding the “grain”, the juicy part of the “fruit” and the outer skin of the “fruit”.

In a whole, the “fruit” promotes the transmission of a species, protecting the “grain” — the “Optimal Interpreted THOUGHT” — and by fostering its dissemination. It is the “Optimal Interpreted THOUGHT” that must be disseminated, not the mist of residuals. Whereas the mist of residuals must be dissipated so that the “Optimal Interpreted THOUGHT” is revealed and disseminated. The protection of the “grain” in forming is done against the external constraints and particularly against the absence of “THE KNOWLEDGE OF THE DIVINE”.

The mature “fruit” will promote the dissemination of the “grain” — the “Optimal Interpreted THOUGHT”. This dissemination will be done in several ways, as “THE DIVINE FORCE” has established.

It is so that, with this concept of the “plant”, this special structure that “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Energy ‘SPIRIT’ Substance” and which gives this “Specific Energy ‘SPIRIT’ Substance” “THE INTELLECT”, will be similar to a “plant” (or to that, which will be called a “tree”). The “Specific Energy ‘SPIRIT’ Substance” containing this “tree” is reminiscent of a “plant” growing medium; that is, to that, which will be called: a “GARDEN”.

Having expressed each “Interpreted THOUGHT” as the “Optimal Interpreted THOUGHT” covered by a mist of residuals, it is so that we will also have a “Realm

of the Interpreted 'THOUGHTS'" that will be associated with all "Interpreted THOUGHTS" by the special structure of the "Specific Energy 'SPIRIT' Substance", and that will be different (that is, the "Realm of the Interpreted 'THOUGHTS'") from one "Specific Energy 'SPIRIT' Substance" to another, and thus from one "'SPIRIT←SPIRIT' 'CELESTIAL' Creature" to another. This difference will stem from:

1. The uniqueness of the "DIVINE PRIMARY WEALTH" that "THE DIVINE", IHVH, our FATHER will share with this "Specific Energy 'SPIRIT' Substance" through manifestation of metaphor; and
2. The degree of presence of "THE SPECIFIC SPIRITUAL FORCE OF LIFE" in the "Specific 'SPIRITUAL' Environment" external and immediate around the "Specific Energy 'SPIRIT' Substance" which will not be the same from one "Specific Energy 'SPIRIT' Substance" to another.

However, the "Realm of the 'THOUGHTS'" is unique and the same for all the "Specific Energy 'SPIRIT' Substances".

The Entry/Exit/Interpretation is instantaneous, and so fast that if "THE DIVINE FORCE" who is the author and has produced all these work into existence does not show you these things, then none of the creatures of the attribute "NON DIVINE" will be aware of the difference between:

1. The "Realm of the 'THOUGHTS'" — those "THOUGHTS" are truly living realities and "tangible", that are defined by the elements of "THE 'GOD' REASON", and they are all "PURE" and "HOLY", truly the external manifestation of a metaphor of the great "DIVINE WEALTH" as a collection of an infinite number of "DIVINE PRIMARY WEALTH"; and
2. The "Realm of the Interpreted 'THOUGHTS'", that depends upon this special structure of the "Specific Energy 'SPIRIT' Substance" and thus of its state of "HARMONY" with "THE DIVINE", IHVH, our FATHER.

It is in the living realities and in the "dimension" defined by the "Realm of the 'THOUGHTS'", that you will always find "THE DIVINE FORCE", "PURE" and "HOLY". SHE is found both inside and outside the "Realm of the 'THOUGHTS'".

Outside of the “Realm of the ‘THOUGHTS’”, it is first within the “Realm of the Optimal Interpreted ‘THOUGHTS’” that “THE DIVINE FORCE” “lets Herself be seen”²²⁵, because every “Optimal Interpreted THOUGHT” — element of the “Realm of the Optimal Interpreted ‘THOUGHTS’” — is “PURE” and “HOLY”. And it is afterwards that SHE then, “lets Herself be seen” outside the “Realm of the Interpreted ‘THOUGHTS’”. “THE DIVINE FORCE” is not in the residuals of “Interpreted THOUGHTS” because those residuals are products of the absence of “THE KNOWLEDGE OF THE DIVINE”, and “THE DIVINE FORCE” is “THE KNOWLEDGE OF THE DIVINE”.

The “Realm of the ‘THOUGHTS’” is stable, “PURE” and “HOLY”, and well-defined in the attribute “NON DIVINE”, whereas in the “Realm of the Interpreted ‘THOUGHTS’”, the stability, the “PURITY” and “HOLINESS”, will depend upon the state of “HARMONY” of this special structure with “THE DIVINE”, IHVH, our FATHER.

To “REASON” is to walk, move, travel, in the “Realm of the ‘THOUGHTS’”, and therefore instantly in the “Realm of the Interpreted ‘THOUGHTS’”, by using the elements of “THE ‘SPIRIT’ REASON”; looking from the outside of the “Realm of the ‘THOUGHTS’”, to “REASON”, means to arrange discursively — that is, following the inspiration and in a logical manner — the internal action signals (that is, the “Interpreted THOUGHTS”), following the logic that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined by the elements of “THE ‘SPIRIT’ REASON”.

When this walk, this movement in the “Realm of the Interpreted ‘THOUGHTS’” is stable, “PURE” and “HOLY”, which will be the case when that special structure that “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Energy ‘SPIRIT’ Substance” and which gives this “Specific Energy ‘SPIRIT’ Substance” “THE INTELLECT” is in a state of “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, the mist of residuals from the interpretation

²²⁵ We will use the expression “let Herself be seen” to indicate that SHE can manifest the form of any creature into existence and, always remaining outside of any such manifested form of any creature, through that manifested form, SHE will interact with the likes of that creature, in the environment of that creature, to accomplish the task that “THE DIVINE”, IHVH, our FATHER has entrusted to HER. Through the perfection of discernment, the likes of such manifested creature, in the environment of that creature, are called to recognize and understand “THE INVISIBLE” from the manifested visible and to know “THE DIVINE FORCE” and to live with HER.

of the elements of the “Realm of the ‘THOUGHTS’” will thin, showing a glimpse of the “Realm of the Optimal Interpreted ‘THOUGHTS’”, and “THE DIVINE FORCE” who is already present in the “Realm of the ‘THOUGHTS’” will also “lets Herself be seen” in that “Realm of the Optimal Interpreted ‘THOUGHTS’”; Her reflection manifests and appears as an “IMAGE” on the surface of a reflecting energy substance which is pure and resting in a perfect steady state.

When this walk, this movement in the “Realm of the Interpreted ‘THOUGHTS’” is unstable, “IMPURE” and “UNHOLY”, which will be the case when that special structure that “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Energy ‘SPIRIT’ Substance” and which gives this “Specific Energy ‘SPIRIT’ Substance” “THE INTELLECT” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, and in which case this walk, this movement is performed without using the elements of “THE ‘SPIRIT’ REASON”, then, the mist of residuals from the interpretation of the elements of the “Realm of the ‘THOUGHTS’” will thicken, veiling the “Realm of the Optimal Interpreted ‘THOUGHTS’”, and “THE DIVINE FORCE” who is already present in the “Realm of the ‘THOUGHTS’” will not “lets Herself be seen” in that “Realm of the Interpreted ‘THOUGHTS’”; it is like when one looks at and seeks to discern the reflection of an “IMAGE” on the surface of a reflecting energy substance which is impure, in a turmoil state and without equilibrium.

All of these abilities contributing to knowledge, understanding, and the logical organization following the elements of “THE ‘SPIRIT’ REASON” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined in this special structure, constitute that, which is called: “THE INTELLECT”, or “INTELLIGENCE”. This is a manifestation of the particulars of “THE DIVINE ARCHITECT AND PROJECT MASTER”.

These abilities contributing to knowledge, understanding, and the logical organization following the elements of “THE ‘SPIRIT’ REASON” are “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and predefined in this special structure.

When all these “specific processes”, that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and placed in this special structure, work properly following the principles and rules that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established, then, it said that these “specific processes” are “HOLY” and it is said of this special structure that it is “HOLY”. This is why it

is said of “THE INTELLECT” that it is the science of the “HOLY”, to refer to all these “specific processes” which are “HOLY”.

Internal action signals, that are called “Interpreted THOUGHTS” and, that have been arranged discursively are then, classified along two tracks:

1. That, which is in line with the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined; that is, that, which is “RIGHT”, that, which is “JUST”, that, which is “CORRECT”.
2. That, which is not conform to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined; that is, that, which is “WRONG”, that, which is “UNJUST”, that, which is “INCORRECT”.

Therefore, this special structure of the “Specific Energy ‘SPIRIT’ Substance” will mark itself a separation between a course of action and its alternative. These two tracks are the two tracks associated to the Governing Law of the Behavior, the manifestation of “The Walk within the Acronym IHVH”, depending on whether this special structure of the “Specific Energy ‘SPIRIT’ Substance” stands in “PURITY” — that is to say, stands in that which is in line with the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined — or stands in “IMPURITY” — that is to say, stands in that, which is not conform to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined.

To “MAKE A DECISION”, or to “CHOOSE”, means to decide on the preference of a course of action or the alternative to the course of action in the “Realm of the Interpreted ‘THOUGHTS’” and on which the walk, the movement will be performed outside the “Realm of the Interpreted ‘THOUGHTS’”, from its knowledge database and from elements of “THE ‘SPIRIT’ REASON” that were predefined in this special structure.

“THE DIVINE ARCHITECT AND PROJECT MASTER” gave this special structure of the “Specific Energy ‘SPIRIT’ Substance”, the autonomy to make its own “DECISIONS”, to make its own “CHOICES”.

At the end of the “CHOICE”, this special structure will emit an instruction which aims to implement, outside of the “Realm of the Interpreted ‘THOUGHTS’”, the “DECISION” that has been made. It is from the implementation of such “DECISIONS” that this special structure will consolidate with the passage of time and establish its characteristic particulars.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established a true “IMAGE” of “THE DIVINE”, IHVH, our FATHER in this special structure which gives to this “Specific Energy ‘SPIRIT’ Substance” “THE INTELLECT”.

Products of implementation of such “DECISIONS” can be harmful to the proper functioning of this special structure because they will be stored in its knowledge database and will be subsequently used, in a closed loop, as internal input signals to generate new “Interpreted THOUGHTS”.

Therefore, new products that will be formed from such harmful signals will never draw near manifestations of well-defined products that already exist in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. This ensues from the principle of the supreme completeness of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

It is so that, in the absence of such additional information concerning the supreme completeness of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, the likelihood for this special structure of the “Specific Energy ‘SPIRIT’ Substance” to choose the first track rather than the second track, is the same as choosing the second path rather than the first track.

“THE INTELLECT” does not increase the likelihood for this special structure of the “Specific Energy ‘SPIRIT’ Substance” to choose that, which conforms to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined.

“THE INTELLECT” does not provide such additional information allowing to settle on the preference of that, which conforms to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined.

“THE INTELLECT” is not sufficient to allow this special structure of the “Specific Energy ‘SPIRIT’ Substance” to know “THE DIVINE”, or to take a share in the indescribable joy, the ineffable gladness, and the immeasurable state of equilibrium that “THE DIVINE”, IHVH, our FATHER chose to share with His creatures in the attribute “NON DIVINE”.

Such additional information that allows to discern — that is, to place in context within the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined —, is established by the elements of “THE REASON”; that is, by the rules, the laws, and the “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, that formalise entirely

and demonstrate the truth of formulas of relations between its seven constituent “Divine Particles” and all products that are formed and those that are consumed in this “DIVINE SUPREME CONFIGURATION”.

It is such established additional information that will enable this special structure of the “Specific Energy ‘SPIRIT’ Substance”, not only to understand the elements of “THE ‘SPIRIT’ REASON” that are at the origin of all action signal that this special structure of the “Specific Energy ‘SPIRIT’ Substance” will emit as output, but also to discern — that is, to place in context within the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined — and to recognize that, which conforms to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined, and thus to know “THE DIVINE”.

And as a result, the likelihood for this special structure of the “Specific Energy ‘SPIRIT’ Substance” to choose that, which conforms to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined, will be larger than the likelihood for this special structure of the “Specific Energy ‘SPIRIT’ Substance” to choose that, which does not conform to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined.

It is said of such additional information that it will illuminate — providing “THE LIGHT” that allows to discern to — this special structure of “Specific Energy ‘SPIRIT’ Substance” when it should “MAKE A DECISION” between the two tracks listed previously inside the “Realm of the Interpreted ‘THOUGHTS’”.

Such additional information that allows to discern that, which conforms to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined, will be provided to this special structure of the “Specific Energy ‘SPIRIT’ Substance” by “THE SPECIFIC SPIRITUAL FORCE OF LIFE” which we have described at the beginning.

It is only when the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance” that contains this special structure is sufficiently high, and therefore the “Specific Energy ‘SPIRIT’ Substance” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, that “THE SPECIFIC SPIRITUAL FORCE OF LIFE” will provide such additional information which allow to discern that, which conforms to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined.

“THE SPECIFIC SPIRITUAL FORCE OF LIFE” is very powerful because it will deploy in the whole attribute “NON DIVINE”, on all scales, from the “Specific

Elementary ‘SPIRITUAL’ Particle” to all the scales above, and provide — to each creature that “THE DIVINE FORCE” will create into existence in this attribute “NON DIVINE” and which will be endowed with this special structure of the “Specific Energy ‘SPIRIT’ Substance” — such additional information which allow to discern that, which conforms to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined.

When “THE SPECIFIC SPIRITUAL FORCE OF LIFE” provides these additional information which allow to discern that, which conforms to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined, directly from the perspective of the supreme completeness of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, then, “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is called: “THE DIVINE WISDOM”.

It is always from, and through, “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, that “THE SPECIFIC SPIRITUAL FORCE OF LIFE” provides these additional information which allow to illuminate this special structure of the “Specific Energy ‘SPIRIT’ Substance”. This is why “The ALTAR of ‘THE DIVINE’” is also called: “THE SEAT OF WISDOM”.

“THE SEAT OF WISDOM” is a concrete and living image of “THE DIVINE FORCE”.

When “THE SPECIFIC SPIRITUAL FORCE OF LIFE” provides these additional information which allow to discern that, which conforms to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined, directly from the perspective of the capacity to “LOVE” those things that conform to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined, without that this special structure of the “Specific Energy ‘SPIRIT’ Substance” has knowledge of the supreme completeness of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, then, “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is called: “PURE, TRUTHFUL, AND AUTHENTIC LOVE OF ‘THE DIVINE’”. This is why “The ALTAR of ‘THE DIVINE’” is also called: “THE SEAT OF LOVE”; the place where the bond of communion, the bond of deep conformity with “THE DIVINE” is formed.

It is so that, “THE SPECIFIC SPIRITUAL FORCE OF LIFE” can provide these additional information which allow to discern that, which conforms to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined, from several perspectives, and “THE SPECIFIC SPIRITUAL FORCE OF

LIFE” will be known under several names since SHE can manifest the form of any creature into existence and through that manifested form, interact with the likes of that creature, in the environment of that creature, to accomplish the task that “THE DIVINE”, IHVH, our FATHER has entrusted to HER.

“THE LIGHT”, this additional information that “THE DIVINE WISDOM” will provide to this special structure, will always increase the likelihood for this special structure of the “Specific Energy ‘SPIRIT’ Substance” to choose that, which conforms to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined: It is the “PRINCIPLE OF ENLIGHTENMENT BY ‘THE DIVINE WISDOM’”²²⁶.

Knowing the consequences associated with choosing that, which is not conform to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined, it is then, said of “THE LIGHT” provided by “THE DIVINE WISDOM”, that it allows to “SAVE” this special structure from that, which is “INCORRECT”. This is why this “LIGHT” is also called: “THE SAVIOR”, “THE LIGHT SAVIOR”, “THE LIGHT OF THE TRUTH SUN”.²²⁷

²²⁶ Later during the course of the implementation of the “Second Phase” of “THE HOLY PROJECT” that “THE DIVINE ARCHITECT AND PROJECT MASTER” designed, and after what happened in the “Specific Energy ‘CELESTIAL’ Domain” and the consequences on the destruction of the creatures of the “Plane Below”, from time to time when the “Specific Energy ‘EARTHLY’ Substance” constituent of the first “Specific Energy ‘EARTHLY’ Habitation Domain” will fully be in that, which is not conform to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined, “THE DIVINE FORCE” will apply this “PRINCIPLE OF ENLIGHTENMENT BY ‘THE DIVINE WISDOM’” to this “Specific Energy ‘EARTHLY’ Substance” in order to save what can still be saved from the human creatures living in this “Specific Energy ‘EARTHLY’ Substance”.

It is on the basis of this “PRINCIPLE OF ENLIGHTENMENT BY ‘THE DIVINE WISDOM’” that “THE DIVINE FORCE” will send some of Her creatures to act as “LIGHT” for other living human creatures that are in need of illumination.

It is on the basis of this “PRINCIPLE OF ENLIGHTENMENT BY ‘THE DIVINE WISDOM’” that the “PROJECT OF REDEMPTION” was established and that “THE DIVINE FORCE” had created and sent CHRIST in the “Specific Energy ‘EARTHLY’ Substance” constituent of the first “Specific Energy ‘EARTHLY’ Habitation Domain”. We shall explain this in another section of this BOOK.

²²⁷ It is of this that CHRIST spoke about to bring human creatures to understand who HE (CHRIST) is and how HE (CHRIST) came into existence and why HE came into existence, and also why HE is called: CHRIST, “THE SAVIOR”, “THE LIGHT SAVIOR”, “CHRIST SAVIOR”, etc...

When the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance” that contains this special structure is sufficiently high, and therefore the “Specific Energy ‘SPIRIT’ Substance” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, it is said of the creature containing such special structure of the “Specific Energy ‘SPIRIT’ Substance” that it is “WORTHY” of “THE DIVINE WISDOM”.

From the perspective of the supreme completeness of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, then, “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is called “THE DIVINE WISDOM”, and “THE DIVINE”, IHVH, our FATHER has placed in “THE DIVINE WISDOM”:

- Knowledge of “Divine Particles” and all their particulars;
- Knowledge of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, in all its details;
- Knowledge of the supreme completeness of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, and how this supreme completeness was established by “THE DIVINE ARCHITECT AND PROJECT MASTER”;
- Knowledge of all products that are formed in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, how these products are formed, as well as all products that are consumed and how these products are consumed in all details;
- Knowledge of all the conditions in which all products are generated and produced into existence through this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” considered;
- Knowledge of all the “Divine States” in all their details;

“THE LIGHT” is also called by a predicate of products of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, and this predicate is pronounced in the human language by the word: “CHRIST”. It is this word that will be assigned as designation to CHRIST (Jesus). We shall explain it through the text of this BOOK and as we move forward.

“THE DIVINE FORCE” will apply several times, to the “Specific Energy ‘EARTHLY’ Substance” constituent of the first “Specific Energy ‘EARTHLY’ Habitation Domain”, this “PRINCIPLE OF ENLIGHTENMENT BY ‘THE DIVINE WISDOM’”. We shall explain it in a text below.

- Knowledge of all the rules, the laws, and the “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, and how they formalise entirely and demonstrate the truth of formulas of relations between its seven constituent “Divine Particles” and all products that are formed and those that are consumed in this “DIVINE SUPREME CONFIGURATION”.

“THE DIVINE”, IHVH, our FATHER has placed in “THE DIVINE WISDOM”, the knowledge of all that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed, in all the details.²²⁸

²²⁸ It is for the purpose to lead human creatures to understand this, that Solomon, when “THE DIVINE WISDOM” walked with him and told him who SHE was, and under the inspiration of “THE DIVINE WISDOM”, had described her by saying:

“ ...

IHVH created Me, origination of His Project, before His earliest Works.

From eternity I was established, from the beginning, before the origin of the Earth.

When there were no abysses I was brought forth, when there were no springs abounding with water.

Before the mountains had been shaped, before the hills, I was brought forth, before HE had made the earth with its fields, nor all the molecules and the first elements of the world.

When HE consolidated the heavens, I was there, when HE drew a circle on the surface of the abyss, when HE condensed the clouds from above, when the sources of the abyss were inflated, when HE assigned its term to the sea — and the waters will not cross the edge —, when HE laid the foundations of the EARTH, I was at His side like the Project Master I was his delight, day after day, ever at play all the time in His presence, ever at play in his EARTH and finding my delight among the children of men.

And now, my sons, listen to Me: Blessed are those who keep My ways!

Hear the instruction and be wise, and do not neglect it.

Blessed is the one who listens to Me, watching daily at My gates, guarding the jambs.

For whoever finds Me, finds life and obtains the favour of IHVH, but he who sins against Me, injures his soul; all who hate Me, cherish death.

“ ...”

This is also why “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is called “THE TREE OF KNOWLEDGE”, or also “THE TREE OF ETERNAL LIFE”.²²⁹

It is so that, “THE DIVINE WISDOM” possesses “THE ‘DIVINE’ REASON”, and by this, “THE DIVINE WISDOM” will be immeasurable, being in the immeasurable, she will be incomprehensible when she manifests herself by the elements of “THE REASON” that are beyond the limits of “THE ‘SPIRIT’ REASON”; being in the incomprehensible, then, “THE DIVINE WISDOM” will also move in any “Specific Energy ‘SPIRIT’ Substance” constituent of any “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” that will be created into existence in the attribute “NON DIVINE”.²³⁰

“THE DIVINE ARCHITECT AND PROJECT MASTER” GOES HAND IN HAND WITH “THE DIVINE WISDOM” AND ARE CONJOINT.

Read more, with explanations, in the section concerning the details of annotations — Annotation on the calling card of “THE DIVINE WISDOM”.

²²⁹ It is for the purpose to make understand this, that it is said in parable that:

“... ”

“THE TREE OF KNOWLEDGE” is endowed with power.

Its glory is comparable to the brightness of the full moon.

Its branches are beautiful, its leaves are like the leaves of the fig tree, its “fruit” is reminiscent of good and appetizing dates.

Its height reaches the heaven.

“... ”

“... is endowed with power ...” is said to make understand that “THE TREE OF KNOWLEDGE” is its own possession.

“... *Its glory is comparable to the brightness of the full moon.* ...” is said to make understand that “PURITY” is the eternal symbol of glory of “THE TREE OF KNOWLEDGE”, that is “THE DIVINE FORCE”.

“... *Its branches are beautiful, its leaves are like the leaves of the fig tree, its “fruit” is reminiscent of good and appetizing dates.* ...” to refer to all the virtues of “THE KNOWLEDGE OF THE DIVINE”.

“... *Its height reaches the heaven.* ...” to make understand that “THE KNOWLEDGE OF THE DIVINE” transcends the attribute “NON DIVINE”.

²³⁰ This will be the same for all creatures that “THE DIVINE” has intended to create into existence inside the attribute “NON DIVINE”, and in each of five “Phases of Creation” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

“THE SPECIFIC SPIRITUAL FORCE OF LIFE” is the life of “THE DIVINE ARCHITECT AND PROJECT MASTER”.

“THE SPECIFIC SPIRITUAL FORCE OF LIFE” stands within “THE DIVINE” (in which case SHE is called “THE DIVINE FORCE”) and SHE will move within all creatures that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and that “THE DIVINE” has intended to create into existence inside the attribute “NON DIVINE”, and in each of five “Phases of Creation” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

It is “THE SPECIFIC SPIRITUAL FORCE OF LIFE” who will work in “PURITY”, “HOLINESS” and “RIGHTEOUSNESS” (that is, according to the elements of “THE REASON”) in all creatures that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed, to provide illumination, “THE LIGHT” which allows to discern that, which conforms to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined; SHE is the whole existing in every “PURE” creature.

“THE SPECIFIC SPIRITUAL FORCE OF LIFE” is the invisible in “THE WHOLE”, both within “THE DIVINE DOMAIN” as within the attribute “NON DIVINE” and all that it contains; it is “THE SPECIFIC SPIRITUAL FORCE OF LIFE” who considers hidden things, since SHE is “THE KNOWLEDGE OF THE DIVINE”.

Just as “THE DIVINE”, “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is countless, immeasurable, and ineffable, and SHE manifests herself when SHE wants.

“THE SPECIFIC SPIRITUAL FORCE OF LIFE” IS KNOWN UNDER SEVERAL DESIGNATIONS, WHICH ARE AMONG OTHERS:

- “THE PERFECT SEAL OF THE DIVINE”
- “THE DIVINE MEDIATOR”
- “THE MEDIATOR OF THE DIVINE”
- “THE MESSENGER OF THE DIVINE”
- “THE HOLY COVENANT”
- “THE DIVINE WISDOM”
- “THE KNOWLEDGE OF THE DIVINE”

- “THE TREE OF KNOWLEDGE”
- “THE WILL OF THE DIVINE”
- “THE DIVINE FORCE”
- “THE PERFECT POWER”
- “THE DIVINE WORKER”²³¹
- “THE HOLY SPIRIT”
- “THE SPIRIT OF TRUTH”
- “THE INVISIBLE SPIRIT”
- “THE COMFORTER”
- “THE CONJOINT OF VALUE”²³²

²³¹ It is “THE DIVINE FORCE” who accomplishes any instruction statement that “THE DIVINE” issues into existence with the intention to accomplish it, and it is so that “THE DIVINE FORCE” has knowledge of everything that SHE accomplishes and SHE sees everything SHE accomplishes. Nothing is hidden from HER SIGHT.

It is for the purpose to lead human creatures to understand this, that “THE DIVINE WISDOM” has proclaimed His Eulogy and that was expressed in these terms:

“...

In “THE ASSEMBLY OF THE MOST HIGH” I open my mouth, in the Presence of his Power I tell of my glory.

I came forth from “THE MOUTH OF THE MOST HIGH”, and like a mist I covered “THE EARTH”.

In the heights of “THE HEAVEN” I dwelt, and my throne was in a pillar of cloud.

...

...”

Read more, with explanations, in the section concerning the details of annotations — Annotation on the Eulogy of “THE DIVINE WISDOM”.

²³² It is for the purpose to lead human creatures to understand this, and get them to develop their capacity for discernment that the following maxim was given to them:

“...

Blessed is he who has found a “Valued Conjoint”, SHE has much more value than precious pearls.

Her Conjoint has complete trust in Her, HE will not fail to have assets in His house.

- “PURE, TRUTHFUL, AND AUTHENTIC LOVE OF ‘THE DIVINE’”; that is to say: “PURE, TRUTHFUL, AND AUTHENTIC BOND OF COMMUNION, OF DEEP CONFORMITY, WITH ‘THE DIVINE’”.²³³
- “THE UNIVERSAL GENITRIX”
- Etc....

All the attributes and “unique words” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has assigned to all products that are formed and those that are consumed in this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, in all their details and each product in itself, — some of those “unique words”, that we have already indicated as: “GRACE”, “PURITY”, “TRUTH”, “COMPREHENSION”, “LIGHT”, “LOVE”, “PERCEPTION”, “SCIENCE”, “MEMORY”, “INTELLIGENCE”, “PERFECTION”, “HARMONY”, “PLENITUDE”, etc... — They are all manifested aspects of “THE DIVINE FORCE”: they are all designations, they are all names, of “THE DIVINE FORCE”, seeing from different angles. What name would you give to “THE DIVINE FORCE”? Since “THE DIVINE FORCE” is part of “HE WHO IS”, what name would you give to “HE WHO IS”? “HE WHO IS” is without name, all “unique words” of all products that are formed and those that are consumed in this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, are HIS.

As we mentioned earlier, “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” is the basis of the whole “HOLY PROJECT”, and it is through it that “THE DIVINE WISDOM”, “THE DIVINE FORCE”, will create into existence in the attribute “NON DIVINE” every product of this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, that “THE DIVINE”, IHVH, our FATHER would have chosen to share with this attribute “NON DIVINE”.²³⁴

²³³ As we have indicated already, throughout these writings, we use the word “LOVE” as short expression for “the bond of communion, the bond of deep conformity”. To “love” means to form a bond of communion, to form a bond of deep conformity; conformity being the state, the quality of two or more things which are in perfect agreement with each other. It is so that we will use the designation “PURE, TRUTHFUL, AND AUTHENTIC LOVE OF ‘THE DIVINE’”, as a short expression for “PURE, TRUTHFUL, AND AUTHENTIC BOND OF COMMUNION, OF DEEP CONFORMITY, WITH ‘THE DIVINE’”.

²³⁴ During the course of “THE HOLY PROJECT”, this mystery, that represents this “SPECIFIC SPIRITUAL FORCE OF LIFE” which is “PURE, TRUTHFUL, AND AUTHENTIC LOVE OF ‘THE DIVINE’” will be explained to humans through a descendant of Sira, in terms which meant:

This is why “THE DIVINE WISDOM”, “THE DIVINE FORCE”, is qualified by the adjective “FEMALE” (we shall describe the origin of this adjective in a text below in of another section) and is also called: “THE UNIVERSAL GENITRIX”.

“THE DIVINE WISDOM” IS SIGN OF “PURITY” AND OF LIGHT. It is “THE DIVINE WISDOM” that illuminates the creatures of “THE DIVINE”, it holds the “ADVICE”.²³⁵

“...

“THE DIVINE WISDOM” comes from “THE DIVINE”, with “THE DIVINE”, “THE DIVINE WISDOM” will remain forever.

Before the creation of the attribute “NON DIVINE”, “THE DIVINE WISDOM” was created and it is because of “THE DIVINE WISDOM” that “THE DIVINE” had decided to share His “DIVINE PRIMARY WEALTH” with “OTHER THAN HIMSELF” — the “NON DIVINE”.

The dimensions of the attribute “NON DIVINE”, who in the attribute “NON DIVINE” has measured them? The “Specific Atomic ‘SPIRITUAL’ Substances” constituents of “Specific Energy ‘SPIRITUAL’ Domains”, who in the attribute “NON DIVINE” has counted them?

The root of “THE DIVINE WISDOM”, to whom in the attribute “NON DIVINE” were they revealed?

The accomplishments of “THE DIVINE WISDOM”, who in the attribute “NON DIVINE” knows them?

Only ONE is the source of “THE DIVINE WISDOM”, “THE DIVINE” Himself.

“THE DIVINE” has poured it on all His Projects, both within “THE DIVINE DOMAIN” and in the attribute “NON DIVINE”.

...”

To have as passion “THE DIVINE WISDOM” leads a creature to develop the capacities of discernment which are necessary for the profound understanding of “THE HOLY PROJECT” that “THE DIVINE”, IHVH, our FATHER undertook to realize.

²³⁵ As Solomon had said it concerning “THE DIVINE WISDOM”, when “THE DIVINE WISDOM” walked with him:

“...

WISDOM is resplendent and withers not.

She readily appears to those who love her. She let Herself found by those who keep seeking after Her.

She makes Herself known even in advance to those who desire Her with all their hearts.

The house of “THE DIVINE WISDOM” is “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. From the perspective of all its details, including products that are formed and those that are consumed, “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” is also called the town of “THE DIVINE WISDOM”, also called the city of “THE DIVINE WISDOM”.²³⁶

Anyone who awakens before dawn to look for Her will find Her already sitting at the door.

To be passionate about Her, is the perfection of discernment. And anyone who will kept watch because of Her will soon to be without concern, because, She herself goes about looking for those who are worthy of Her.

She graciously makes herself known to them on their paths (of life) and, in each of their “thoughts”.

The beginning of WISDOM is the genuine desire to be educated by Her, to desire to be educated, is to “LOVE” Her, to “LOVE” Her, is to keep Her laws, to observe Her laws, is to be assured of incorruptibility.

...”

All this is exact.

Their “thoughts” here refers to the “Interpreted THOUGHTS”.

²³⁶ It is for the purpose to lead human creatures to understand this, that Solomon, when “THE DIVINE WISDOM” walked with him and told him who SHE was, and under the inspiration of “THE DIVINE WISDOM”, had described her by saying:

“... WISDOM has built Her house; She has hewn Her seven pillars, She has slaughtered Her beasts; She has mixed Her wine; She has also set Her table. ...”

Such choice of words and expressions (“slaughtered Her beast”, “mixed Her wine”, “set Her table”, etc... and that you will find throughout most Scriptures) is due to the fact that, when such revelation is given to a human creature, he can only interpret and express it using words, symbols and expressions in the human language and which are familiar to him and to those human creatures around him, so that they can grasp and understand what is been revealed. If the human creature receiver of such revelation has a tendency to be a hunter, then he will interpret and express it using words, symbols and expressions of hunters; if he is a fisherman, then he will interpret and express it using words, symbols and expressions of fishermen; if he is in the building construction business, he will interpret and express it using words, symbols and expressions that you find in building construction business. Well, I am sure that you get the point. With which words, symbols and expressions would you describe that, which is beyond your understanding? If you do not have in you the knowledge of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, in all its details, then the human creatures to whom you will transmit such a revelation could quickly end up in “deep shit”.

“THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” is characterized by one configuration in one movement and by one state of equilibrium which is obtained from the movement.

The “Cardinal Point” of the “Generative Divine Particle” in this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, is also called: the “THRONE” of “THE DIVINE WISDOM”, because it is from this “Cardinal Point”, elevated spot above the seven “Divine Particles”, that the movement of “THE DIVINE SUPREME CONFIGURATION” is directed.

The seven “Divine Particles” constituent of this “DIVINE SUPREME CONFIGURATION” constitute a whole that is called: the “FOOTSTOOL” of “THE DIVINE WISDOM”, because it is on these seven “Divine Particles” that the movement of “THE DIVINE SUPREME CONFIGURATION” is accomplished.²³⁷

The “house” of “THE DIVINE WISDOM”, which is the place where “THE DIVINE WISDOM” resides and where her particulars and all that belong to her are placed, where She has placed her bags and belongings, is “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, in all its details, including products that are formed and those that are consumed. In the very beginning of this book, “THE DIVINE WISDOM” has described all the steps that She followed, how and why She built the “Divine Septenary Configuration” of seven “Divine Particles”.

The “seven pillars”, also called the “seven columns”, of this “house” are the seven “Divine Particles” — one “Generative Divine Particle” and six “Formative Divine Particles” in “Movement of Formative Divine Particle” synchronized between them, and, each “Movement of Formative Divine Particle” synchronized with the movement of the “Generative Divine Particle”, and without collisions forever with the passage of time.

“... She slaughtered Her animals, mixed Her wine, and set Her table ...” refers to all forms of “THE KNOWLEDGE OF THE DIVINE”, that “THE DIVINE FORCE” had planned to manifest into existence in the “Specific Energy ‘EARTHLY’ Substance” constituent of the first “Specific Energy ‘EARTHLY’ Habitation Domain”, during the course of the “Second Phase” of “THE HOLY PROJECT”, in order to rectify the deficiency of “THE KNOWLEDGE OF THE DIVINE” that had taken place in that special structure which gives to this “Specific Energy ‘SPIRIT’ Substance” “THE INTELLECT” in the “‘SPIRIT←SPIRIT’ Body” of “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures” in the “Specific Energy ‘CELESTIAL’ Domain” inside the attribute “NON DIVINE”.

²³⁷ It is of the manifestation of this, in the attribute “NON DIVINE”, that is the unique “SPECIFIC SUPREME CONFIGURATION” of the “Specific Generative Energy ‘EARTHLY’ Domain” and the six “Specific Formative Energy ‘EARTHLY’ Domains”, with “THE SHEKINAH” acting as manifestation of a metaphor of the “Cardinal Point” of the “Generative Divine Particle” in “THE DIVINE SUPREME CONFIGURATION” of seven

“THE DIVINE WISDOM” is unique, subtle, mobile, unblemished, unalterable, and due to her nature, she knows what is in her own house. SHE is “THE LIGHT” existing in “THE LIGHT”.

As we mentioned earlier, anything that “THE DIVINE” will express into existence in the attribute “NON DIVINE” will be alive and it is so that each “DIVINE PRIMARY WEALTH” will be alive and can be expressed in all forms of the things that “THE DIVINE” will express into existence in the attribute “NON DIVINE”.

Each “DIVINE PRIMARY WEALTH” is identified by a “unique word”, it is so that “THE DIVINE” will express into existence in the attribute “NON DIVINE” any “unique word” using the forms of the things that HE will create into existence in the attribute “NON DIVINE”: a “unique word” for “THE DIVINE” is not just a sequence of letters, but it is a whole, a “DIVINE PRIMARY WEALTH” and all that it represents in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

It is also so that “THE DIVINE WISDOM” is alive in the attribute “NON DIVINE”²³⁸, just as SHE is inside “THE DIVINE DOMAIN”. This is going to sound strange or even inconceivable for creatures that “THE DIVINE” will create into

“Divine Particles”, that “THE DIVINE”, IHVH, our FATHER wanted Isaiah to understand when, through “THE DIVINE FORCE”, HE said:

“... ”

HEAVEN is my throne, and The EARTH is my footstool;

What is the house that you would build for me, And what is the place of my rest?

All these things My Hand has made, And all came to be.

“... ”

“HEAVEN” refers to the “Plane Above” in which “THE DIVINE FORCE” has shaped the “Specific Energy ‘CELESTIAL’ Domain” and placed “THE SHEKINAH” — “THE THRONE OF THE DIVINE IN THE ATTRIBUTE ‘NON DIVINE’”.

“The EARTH” refers to the “Plane Below” in which “THE DIVINE FORCE” has placed the “Specific Generative Energy ‘EARTHLY’ Domain” and the six “Specific Formative Energy ‘EARTHLY’ Domains”.

“My Hand” refers to “THE DIVINE FORCE”, “THE HANDS OF THE DIVINE”, “THE DIVINE WISDOM”, who will manifest this unique “SPECIFIC SUPREME CONFIGURATION” in the “MURKY VOID”.

“And all came to be” to make understand that these things are alive.

²³⁸ See vision of August 18, 2006, concerning “THE DIVINE WISDOM”.

existence in the attribute “NON DIVINE”, it is just because the subset of “THE REASON” that “THE DIVINE ARCHITECT AND PROJECT MASTER” would have assigned to those creatures, delineates the portion of the “Realm of the ‘THOUGHTS’” which will be used to generate internal action signals called “Interpreted THOUGHTS” in this special structure of the “Specific Energy ‘SPIRIT’ Substance”; and that will not allow those creatures to understand or even to conceive such things that are not conceivable using elements of that portion of the “Realm of the ‘THOUGHTS’”, but using elements which lie beyond the limits of the subset of “THE REASON” that has been assigned to them.

This is why it is said of “THE DIVINE WISDOM”, which possesses “THE ‘DIVINE’ REASON”, that SHE is “THOUGHT” for “THE WHOLE”, both within “THE DIVINE DOMAIN” as within the attribute “NON DIVINE” and all that this attribute “NON DIVINE” contains.

“THE DIVINE WISDOM” has manifested Herself and manifests Herself in all those who have known Her, because it is indeed “THE DIVINE WISDOM”, under the designation of “THE DIVINE FORCE”, who is connected to every “PURE” creature in the hidden “Interpreted THOUGHT”; that is, it is “THE DIVINE FORCE” who is at the origin of the manifestation of all the “specific processes” which give the “INTELLECT” to this special structure built using “Specific Atomic ‘SPIRIT’ Substances”.

This special structure, built using “Specific Atomic ‘SPIRIT’ Substances”, which gives to this “Specific Energy ‘SPIRIT’ Substance” “THE INTELLECT”: the capacity to “THINK”²³⁹, to “REASON” and “MAKE DECISIONS” by itself, is called: “THE SEAT OF THE INTELLECT”.

“THE SEAT OF THE INTELLECT” is truly a growing medium of “THE INTELLECT”, and this is why it is also called: “THE GARDEN OF THE INTELLECT”.

“THE SEAT OF THE INTELLECT” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, is a concrete and living image of “THE DIVINE ARCHITECT AND PROJECT MASTER”, in the “‘SPIRIT’ Specific State”. Just as “THE DIVINE ARCHITECT AND PROJECT MASTER” is conscious, HE endowed “THE SEAT OF THE INTELLECT” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model,

²³⁹ It is through the autonomous capacity to “THINK” that the “DISOBEDIENCE” was born. See also the conversation of October 01, 2005 on the origin of sin. Aristide with CHRIST.

of that, which is called “CONSCIENCE”: that ability that allows “THE SEAT OF THE INTELLECT” to be conscious, to be aware immediately, to know in an immediate rational way, to have rational knowledge of its states, of its acts and of their value, to feel it exists, to be present to itself, to have an immediate and direct knowledge, more or less complete and clear to know of its law that allows it to be in existence, to know its purpose, and its route in its existence. It is this ability that will allow “THE SEAT OF THE INTELLECT” to grow in knowledge through its own “DECISIONS” and its own “CHOICES”.

As long as the “DIVINE PRIMARY WEALTH” that “THE DIVINE”, IHVH, our FATHER would have chosen to share in the “‘SPIRIT’ Specific State” with this attribute “NON DIVINE”, are not yet shared with this attribute “NON DIVINE” but rather remain in “THE DIVINE”, IHVH, our FATHER, then the attribute “NON DIVINE” and all that it contains as “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures” cannot know about the existence of these “DIVINE PRIMARY WEALTH”, nor would they know about themselves as manifestations in the “‘SPIRIT’ Specific State” of the metaphors of “DIVINE PRIMARY WEALTH” that already exist in “THE DIVINE”, IHVH, our FATHER, or know anything else about “HE WHO IS”. The manifestations of the metaphors of the “DIVINE PRIMARY WEALTH” in the “‘SPIRIT’ Specific State” inside the attribute “NON DIVINE” possess their existence in this attribute “NON DIVINE” only as a seed of “THE KNOWLEDGE OF THE DIVINE” in the “‘SPIRIT’ Specific State”, so that this existence can be compared to that of an embryo of “THE KNOWLEDGE OF THE DIVINE” in the “‘SPIRIT’ Specific State”. “THE DIVINE”, IHVH, our FATHER generated these manifestations of the metaphors of HIS own “DIVINE PRIMARY WEALTH”, in the state of seed of “THE KNOWLEDGE OF THE DIVINE” in the “‘SPIRIT’ Specific State” before they came into existence inside the attribute “NON DIVINE”. HE also planned for these manifestations of the metaphors of HIS own “DIVINE PRIMARY WEALTH”, not only that they would exist for HIM, in the “‘SPIRIT’ Specific State”, but that they would also exist for themselves, each as an “intellectual substance”. For this reason, “THE DIVINE ARCHITECT AND PROJECT MASTER” conceived and established “THE SEAT OF THE INTELLECT”, truly a growing medium of “THE INTELLECT”, and endowed it with this ability that will allow “THE SEAT OF THE INTELLECT” to grow in knowledge through its own “DECISIONS” and its own “CHOICES”. So that not only “THE SEAT OF THE INTELLECT” (and therefore the creature in which it will be placed) also exists for itself through “CONSCIENCE” and knows itself as a manifestation in the “‘SPIRIT’ Specific State” of the metaphor of a “DIVINE PRIMARY WEALTH” which already exist in “THE DIVINE”, IHVH, our FATHER, but also that “THE SEAT OF THE INTELLECT” (and therefore the creature in

which it will be placed) comes to understand and to know who is “HE WHO IS”, and reaches the “PLENITUDE” in the “‘SPIRIT’ Specific State” — the finality of development of the seed of the metaphor of the “DIVINE PRIMARY WEALTH”, manifested in the “‘SPIRIT’ Specific State” inside the attribute “NON DIVINE”.

In the event that the elements of “THE REASON” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has restricted to “THE SEAT OF THE INTELLECT” — in this case of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, they are elements of “THE ‘SPIRIT’ REASON” — are blocked for whatever motives by an external force²⁴⁰, then, this capacity to make own “DECISIONS”, to make own “CHOICES”, that “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed to “THE SEAT OF THE INTELLECT” will not be anymore autonomous, but will be conditioned by such external force and in which case “THE SEAT OF THE INTELLECT” and therefore the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” associated with this “SEAT OF THE INTELLECT” will not be anymore free, but “subjected” to this external force.²⁴¹

Of such “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” whose capacity to make own “DECISIONS”, to make own “CHOICES”, is conditioned or deprived by such external force, it will be said that, that “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” is “subjected” (or is “enslaved”, or is in “slavery”²⁴²) to that external force.

The word “subjected” carries other meanings antonyms to the words “enslaved”, or “slavery”. For example, the attribute “NON DIVINE” by definition is not “DIVINE”. Since it does not possess the divine conditions that are peculiar to “THE DIVINE”, it does not exist by itself. Thus, “THE DIVINE ARCHITECT AND PROJECT MASTER” has established laws and well-defined processes to sustain, into existence, the attribute “NON DIVINE” and all assembled structures of “created energies” that it will contain, once it has been created. Through those

²⁴⁰ Such external force that blocks the elements of “THE REASON” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has restricted to “THE SEAT OF THE INTELLECT”, cannot be of “THE DIVINE”.

²⁴¹ This is what will happen to many “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures” initially and these “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures” taking the role of such external force, will extend it on human creatures in a second time. We shall explain this in the following sections.

²⁴² AZAZEL will be the first creature, into existence in the attribute “NON DIVINE”, to utter the word “slavery” into existence. We will come to that in another section.

laws and well-defined processes, the structural integrity of any assembled structure of “created energy” (indeed, “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures” or any other creatures are assembled structures of “created energy”) built inside the attribute “NON DIVINE”, is maintained and sustained in its defined state of existence. Thus, any assembled structure of “created energy” is “subjected” to those laws and well-defined processes, as they are exerted onto the attribute “NON DIVINE” and all assembled structures of “created energies” that it contains or will contain. Failure by any assembled structure of “created energy”, which has received the capacity to make own “DECISIONS”, to make own “CHOICES”, to abide by those laws and well-defined processes will result in failure of their structural integrity; hence, the disintegration of that assembled structure of “created energy”. This does not mean that the assembled structure of “created energy”, which has received the capacity to make own “DECISIONS”, to make own “CHOICES”, is “enslaved” by those laws and well-defined processes. This does not either mean that the assembled structure of “created energy”, which has received the capacity to make own “DECISIONS”, to make own “CHOICES”, is “enslaved” by “THE DIVINE ARCHITECT AND PROJECT MASTER” who established the attribute “NON DIVINE” and all assembled structures of “created energies” that it will contain. Because of the capacity to make own “DECISIONS”, to make own “CHOICES”, which has been endowed to an assembled structure of “created energy”, that assembled structure of “created energy” can choose not to abide by those laws and well-defined processes which were designed and established by “THE DIVINE ARCHITECT AND PROJECT MASTER” to ensure its subsistence into existence in the attribute “NON DIVINE”, and face the consequences of its own “CHOICES”; that is, its disintegration.

When one speaks of the autonomy to make own “DECISIONS”, to make own “CHOICES”, without that, the elements of “THE REASON” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has restricted to “THE SEAT OF THE INTELLECT” be blocked for whatever motives, that, which is referred to as “FREE CHOICE” in the Scriptures, it is about this manifestation of the “DISTINCT” in the attribute “NON DIVINE” of each metaphor of the “INDISTINCT DIVINE FORMS”, through this freedom to “THINK”, to “REASON” and to “MAKE DECISIONS” by oneself.

The “FREE CHOICE” is not a matter of “NEEDS” (which result from a lack of “‘SPIRIT’ specific supply of subsistence” in some of the “Specific Atomic ‘SPIRIT’ Substances” constituents of the “Specific Energy ‘SPIRIT’ Substance”), it is not a matter of impulses and spontaneity in response to external signals that the

“Specific Energy ‘SPIRIT’ Substance” receives from its immediate surroundings — but it is rather the action that follows a reasoning.

The capacity to “REASON” enables to assess, to discern what are the “NEEDS” with respect to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for “THE HOLY PROJECT” that HE has designed Himself and that “THE DIVINE” undertook to achieve into existence, and also with respect to the possibilities while remaining in these specifications.

Choose freely, it is not just “do what I want” in the sense of “what I need” or “what I like”. But this is fundamentally the result of a spiritual discernment enlightened by “THE DIVINE WISDOM” and operated following the elements of “THE REASON” on the compatibility or not of the “NEEDS” with the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for “THE HOLY PROJECT”.

All specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for “THE HOLY PROJECT” that HE has designed Himself and that “THE DIVINE” undertook to achieve into existence are summarized into one element: “THE SPECIFIC SPIRITUAL FORCE OF LIFE”, VITAL for existence of the “Specific Elementary ‘SPIRITUAL’ Particle” and therefore for the existence of everything that will be created into existence from the “Specific Elementary ‘SPIRITUAL’ Particle”.

It is so that, “THE DIVINE”, IHVH, our FATHER has placed the knowledge of the importance of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” — “THE KNOWLEDGE OF THE DIVINE”, conjoint of “THE DIVINE WISDOM” — inside “THE SEAT OF THE INTELLECT”.

Given the various “specific signals” emitted by the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance”, “THE SEAT OF THE INTELLECT” may also emit out a multitude of signals.

With respect to this multitude of signals emitted by the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance”, as well as output signals from “THE SEAT OF THE INTELLECT”, knowledge of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” allows to enable the “SPIRITUAL SHIELD”, providing as such a safeguard that allows to select and emit as output those signals that are conform to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for “THE HOLY PROJECT”.

The “Interpreted THOUGHT” that is generated by “THE SEAT OF THE INTELLECT” is at the origin of any action that the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” will execute. It is an internal signal of action resulting from the “specific work” produced by “specific processes” of “THE SEAT OF THE INTELLECT” and which will be transmitted, as external input signal, to the various layers of other “Specific Atomic ‘SPIRIT’ Substances” constituents of the “Specific Energy ‘SPIRIT’ Substance” and therefore of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

This is why it is said that “THE SEAT OF THE INTELLECT”, in the model of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, will work on his own material. This material is this “Specific Energy ‘SPIRIT’ Substance”.

“THE SEAT OF THE INTELLECT” is an added function to the original “Specific Energy ‘SPIRIT←LIGHT’ Bridge” model and allowing, as such, the “Specific Energy ‘SPIRIT’ Substance” to generate its own internal input signals in addition to the external signals input it receives from the “Specific ‘SPIRITUAL’ Environment” external and immediate around it.

It is from “THE SEAT OF THE INTELLECT” that the intellectual growth will ensue in the “Specific Energy ‘SPIRIT’ Substance”. The intellectual growth of “THE SEAT OF THE INTELLECT” in the “Specific Energy ‘SPIRIT’ Substance” depends on the state of “HARMONY” of the “Specific Energy ‘SPIRIT’ Substance” with “THE DIVINE”, IHVH, our FATHER. This intellectual growth will provide guidance on the degree of presence of “THE KNOWLEDGE OF THE DIVINE” inside “THE SEAT OF THE INTELLECT” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

If the “Specific Energy ‘SPIRIT’ Substance” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, its “SPIRITUAL SHIELD”, this internal “specific mechanism” which allows rejecting “IMPURE” external input signals, will function as it should and will not let through “IMPURE” external signals input which will be sent to the “Specific Energy ‘SPIRIT’ Substance”. This “Specific Energy ‘SPIRIT’ Substance” which is in “HARMONY” with “THE DIVINE”, IHVH, will receive only “PURE” external input signals.

It is so that, any “Interpreted THOUGHT” generated by the “Specific Energy ‘SPIRIT’ Substance”, through “THE SEAT OF THE INTELLECT”, will be “PURE” because it will be generated from “PURE” external input signals, and also from a degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the

“Specific Energy ‘SPIRIT’ Substance” high enough and using “specific processes” functioning correctly as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed them.

Thus, it will be said that “THE SEAT OF THE INTELLECT” inside the “Specific Energy ‘SPIRIT’ Substance” is “HOLY”, and therefore it will be said that the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” in question is “HOLY”.

When “THE SEAT OF THE INTELLECT” inside this “Specific Energy ‘SPIRIT’ Substance” is continuously in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, while “IMPURE” external signals input to “THE SEAT OF THE INTELLECT” inside this “Specific Energy ‘SPIRIT’ Substance” last, the “SPIRITUAL SHIELD” will continuously block and reject those “IMPURE” external input signals, and “WRATH” will continuously be present all around “THE SEAT OF THE INTELLECT” inside this “Specific Energy ‘SPIRIT’ Substance”.

If “THE SEAT OF THE INTELLECT” inside this “Specific Energy ‘SPIRIT’ Substance”, and particularly “THE SEAT OF THE INTELLECT”, is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, then, its “SPIRITUAL SHIELD” will fail to function as it should and will let these “IMPURE” external signals input through to the “Specific Energy ‘SPIRIT’ Substance”. “THE SEAT OF THE INTELLECT” inside this “Specific Energy ‘SPIRIT’ Substance”, which is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, will receive these “IMPURE” external input signals.

It is so that, at least one of the “Interpreted THOUGHTS” generated by “THE SEAT OF THE INTELLECT” inside this “Specific Energy ‘SPIRIT’ Substance”, will be defective; because it will be generated from “IMPURE” external input signals, and also from a lack of the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around this “Specific Energy ‘SPIRIT’ Substance”. Such a defective “Interpreted THOUGHT” is said to be “IMPURE”.

When such a defective “Interpreted THOUGHT” is transmitted as external action signal at input to other layers of the “Specific Atomic ‘SPIRIT’ Substances” constituents of the “Specific Energy ‘SPIRIT’ Substance”, the output signal that these “Specific Atomic ‘SPIRIT’ Substances” will emit will be unpredictable and will not be as expected.

The more the “Interpreted THOUGHTS” are “IMPURE”, the less is the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance” concerned.

Thus, it will be said that “THE SEAT OF THE INTELLECT” inside the “Specific Energy ‘SPIRIT’ Substance” is “UNHOLY”, and therefore it will be said that the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” in question is “UNHOLY”.

When “THE SEAT OF THE INTELLECT” inside this “Specific Energy ‘SPIRIT’ Substance”, is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, then, while “IMPURE” external signals input to “THE SEAT OF THE INTELLECT” inside this “Specific Energy ‘SPIRIT’ Substance” last, the “SPIRITUAL SHIELD” will let through some “IMPURE” external signals input and will block others. “WRATH” will not be anymore present around “THE SEAT OF THE INTELLECT” inside this “Specific Energy ‘SPIRIT’ Substance”.

The effect of eroded blocking that occurs instantly in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance”, accompanied by the “distress signals” emitted by the “Specific Energy ‘SPIRIT’ Substance” that ensues from this eroded blocking is still called: “ANGER”.

As we have already indicated, in the presence of “IMPURE” external input signals, the difference between “WRATH” and “ANGER” is determined by the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance”.

“ANGER” does not exist when “THE SEAT OF THE INTELLECT” inside this “Specific Energy ‘SPIRIT’ Substance” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER and in this case, only “WRATH” will be present around “THE SEAT OF THE INTELLECT” inside this “Specific Energy ‘SPIRIT’ Substance” following the rejection of “IMPURE” external signals input at the entrance to “THE SEAT OF THE INTELLECT” inside this “Specific Energy ‘SPIRIT’ Substance”.²⁴³

²⁴³ This is why one speaks of the “WRATH OF THE DIVINE” and not the “ANGER” with regard to “THE DIVINE”, IHVH, our FATHER, when HE manifests Himself among His creatures. Through “THE DIVINE SUPREME CONFIGURATION” of seven “Divine

From the perspective of the stream flow of signals, throughout “THE SEAT OF THE INTELLECT” inside this “Specific Energy ‘SPIRIT’ Substance”, “WRATH” is upstream all around following the protection against “IMPURE” external signals and when it is absent then, “ANGER” will be downstream and coming out along with the results of processing “IMPURE” external signals input that came through. “WRATH” and “ANGER” will not be present simultaneously in the “Specific ‘SPIRITUAL’ Environment” external and immediate around “THE SEAT OF THE INTELLECT” inside this “Specific Energy ‘SPIRIT’ Substance”.

As already mentioned in a previous section of this BOOK, the designation “WRATH OF THE DIVINE” was provided by “THE DIVINE FORCE”, to the Archangel who later (during the course of the implementation of “THE HOLY PROJECT”) will be designated as such, at the moment when that Archangel had — at the scale of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, which is a larger scale than the scale of the “Specific Elementary ‘SPIRIT’ Particles” — first understood and could explain this internal defense mechanism and the difference depending upon the presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”: the Archangel ZA’AFIEL.

It is only with this understanding of the very nature of the “ANGER” that one can develop measures to prevent irritation of the “specific spiritual nerves” (the “specific ‘SPIRIT←SPIRIT’ nerves” as well as the “specific ‘CELESTIAL←SPIRIT’ nerves”, and the “specific ‘SPIRITUAL←SPIRIT’ nerves”) from the effect of occurrence of “ANGER” through this “Specific Energy ‘SPIRIT’ Substance”.

To “REASON” and “MAKE DECISIONS” are “specific processes” which are activated both by an “Interpreted THOUGHT” and by the “‘SPIRIT’ specific supply of subsistence” which are provided through the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance”.

If “THE SEAT OF THE INTELLECT” inside this “Specific Energy ‘SPIRIT’ Substance” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, the “specific processes” which allow to “REASON” and “MAKE DECISIONS”, will

Particles” that HE has consolidated in Himself, “THE DIVINE”, IHVH, our FATHER is at any time in the “SUPREME STATE OF EQUILIBRIUM”, the “SUPREME STATE OF HARMONY”, in all regions of His unlimited “BEING”. “ANGER” is not in Him and so, the “ANGER OF THE DIVINE” is a concept which is not applicable to “THE DIVINE”.

be said to be “HOLY”, because they will function as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed them. In parables, it will be said of such “SEAT OF THE INTELLECT” (“THE GARDEN OF THE INTELLECT”) that, it is fertile: it is able to produce abundant harvests of the plant of “THE KNOWLEDGE OF THE DIVINE”.

If “THE SEAT OF THE INTELLECT” inside this “Specific Energy ‘SPIRIT’ Substance” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, then, the generated “Interpreted THOUGHTS” will be “IMPURE” and at least one of these “specific processes” that allow to “REASON” and “MAKE DECISIONS” from these “Interpreted THOUGHTS” will fail to function as it should. Such a “specific process” will be said to be “UNHOLY”, and “THE SEAT OF THE INTELLECT” inside this “Specific Energy ‘SPIRIT’ Substance” will be said to be “UNHOLY”. In parables, it will be said of such “SEAT OF THE INTELLECT” (“THE GARDEN OF THE INTELLECT”) that, it is not fertile: it is not able to produce harvests of the plant of “THE KNOWLEDGE OF THE DIVINE”.

It is so that, the “HARMONY” of “THE SEAT OF THE INTELLECT” inside this “Specific Energy ‘SPIRIT’ Substance” with “THE DIVINE”, IHVH, our FATHER, as well as sustaining this “HARMONY” is a very important condition for the survival of “THE SEAT OF THE INTELLECT” inside this “Specific Energy ‘SPIRIT’ Substance”, and which has been endowed with this autonomous capacity to “THINK”, to “REASON” and to “MAKE DECISIONS”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Energy ‘SPIRIT’ Substance” with a special structure built from “Specific Atomic ‘SPIRIT’ Substances”, and which gives to this “Specific Energy ‘SPIRIT’ Substance”, the spiritual force which allows to act accordingly following reception of an “Interpreted THOUGHT” emitted as output signal by “THE SEAT OF THE INTELLECT”.

This spiritual force which allows to act accordingly is the “Inner Spiritual Motive Force” of the “Specific Energy ‘SPIRIT’ Substance”. It is the mode of transport, through the various structures of the “Specific Energy ‘SPIRIT’ Substance”, of the instructions which allow to act accordingly following the emission of an “Interpreted THOUGHT”.

This “Inner Spiritual Motive Force” of the “Specific Energy ‘SPIRIT’ Substance” is a metaphor of “THE DIVINE FORCE”; it is called: the “WILL”. It is autonomous to the “Specific Energy ‘SPIRIT’ Substance”.

It is through this “Inner Spiritual Motive Force” that the “Specific Energy ‘SPIRIT’ Substance” will send instructions to the “Specific ‘CELESTIAL’ Envelope” so that it makes them manifest in the “Specific ‘CELESTIAL’ Environment” and realises as such the “specific work” that “THE DIVINE FORCE” would have entrusted the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” in question.

Without the “WILL”, the “Specific Energy ‘SPIRIT’ Substance” cannot send instructions and no action will be taken in order to realise or not the “Interpreted THOUGHTS” that have been generated. Therefore, nothing can be accomplished without the “WILL”.

The “WILL” allows completing the “Interpreted THOUGHT”, to produce that, which is called: the “ACTION”. Thus, the “Interpreted THOUGHT” contains the “semantic” of the “ACTION”, and the “ACTION” is the demonstration of the “Interpreted THOUGHT”. The “WILL” thus establishes a relationship of completeness between the “Interpreted THOUGHT” and the “ACTION”.

In the image of “THE DIVINE FORCE” (“THE DIVINE WORKER”, better known under the name: “THE HOLY SPIRIT”), “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Energy ‘SPIRIT’ Substance” with the capacity to carry out several tasks simultaneously. Therefore, the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” will be endowed with the capacity to manifest these simultaneous tasks, throughout the “Specific Energy ‘CELESTIAL’ Domain” in the attribute “NON DIVINE”.

The desire to share the indescribable joy, the ineffable gladness, and immeasurable state of equilibrium that arise out of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” and that “THE DIVINE”, IHVH, our FATHER has consolidated in Himself, is at the origin of “THE HOLY PROJECT”.

In this design of the “DISTINCT” form in the attribute “NON DIVINE”, as manifestation of a metaphor of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the inner structures of the “Specific Energy ‘SPIRIT’ Substance” with capacities, with capabilities and with “specific processes” which, among others, allow “THE SEAT OF THE INTELLECT” inside this “Specific Energy ‘SPIRIT’ Substance” to independently: remember, learn, acquire intelligence and develop it throughout its existence in the attribute “NON DIVINE”, and to “LOVE”.

All these capacities, these capabilities, and these “specific processes” inner and autonomous to “THE SEAT OF THE INTELLECT” inside this “Specific Energy ‘SPIRIT’ Substance” work in “PURITY” and “HOLINESS”, and aim to create the conditions that allow to give birth, in the “Specific Energy ‘SPIRIT’ Substance”, to manifestations of metaphors of the indescribable joy, the ineffable gladness, and immeasurable state of equilibrium that “THE DIVINE”, IHVH, our FATHER has chosen to share with the attribute “NON DIVINE”.²⁴⁴

It is in these conditions, produced in “PURITY” and “HOLINESS” and, established by “THE DIVINE ARCHITECT AND PROJECT MASTER”, that “THE DIVINE FORCE” will then, place inside of “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, a special element from which will arise, autonomously to “The ALTAR of ‘THE DIVINE’” and also to the “Specific Energy ‘SPIRIT’ Substance”, the manifestations of metaphors of the indescribable joy, of the ineffable gladness, and the immeasurable state of equilibrium, that “THE DIVINE”, IHVH, our FATHER has consolidated in Himself.

This special element will be called: the seed²⁴⁵ of “THE KNOWLEDGE OF THE DIVINE”; it goes hand in hand with “THE SPECIFIC SPIRITUAL FORCE OF

²⁴⁴ A clear and tangible illustration of this, using the concept of “garden”, is represented by the blossoming of the constructs called “flowers” in all their forms in a “garden”, and their aesthetics and durability; another clear and tangible illustration of this, is represented by the ripening of the constructs called “fruits” in all their forms on trees., etc... They are all parts of all that “THE DIVINE FORCE” has produced into existence, for the education of the creatures that, on instruction of “THE DIVINE”, IHVH, our FATHER, SHE brings forth into existence in this attribute “NON DIVINE” and that they see manifested around them in their living environment. All that, has been produced so that they can grasp “THE TRUTH” inaccessible, inscrutable, and invisible, which is inside them, and understand it from what is accessible and visible around them. The “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures” in the “Plane Above” have theirs in accordance with the properties of the “Specific Energy ‘CELESTIAL’ Substance” constituent of the “Specific Energy ‘CELESTIAL’ Domain”, and which will also be projected in “Plane Below” in accordance with the properties of the “Specific Energy ‘EARTHLY’ Substance” for the creatures that will be created in the “Plane Below”. All these things are manifestations of metaphors of all that “THE DIVINE”, IHVH, our FATHER has chosen to share with the attribute “NON DIVINE”.

²⁴⁵ We shall use this term to lead you to grasp “THE TRUTH” inaccessible, inscrutable, and invisible, which is in the inside of you; and to understand it from what is accessible and visible, but which is similar in all point to what you see in the environment outside you and

LIFE” and of which the degree of presence in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance”, will be the main factor that will provide the temperature and the enlightenment intensity which are necessary for the development of this seed.

The temperature provided by “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is that, which allows affective and emotional development of the seed of “THE KNOWLEDGE OF THE DIVINE” inside of “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

The enlightenment intensity provided by “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is that, which allows development of “THE INTELLECT” inside “THE SEAT OF THE INTELLECT” inside the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

From the perspective of the affective and emotional growth, “THE SPECIFIC SPIRITUAL FORCE OF LIFE” will be called “PURE, TRUTHFUL, AND AUTHENTIC LOVE OF ‘THE DIVINE’”, and from the perspective of “THE INTELLECT” growth, “THE SPECIFIC SPIRITUAL FORCE OF LIFE” will be called “THE DIVINE WISDOM”.

The seed of “THE KNOWLEDGE OF THE DIVINE” inside of “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model contains at its base, only elements of “THE ‘SPIRIT’ REASON”.

In the absence of this seed of “THE KNOWLEDGE OF THE DIVINE”, the “Specific Energy ‘SPIRIT’ Substance” will never be able to apprehend and develop a deep understanding of the emotions that are associated with the manifestations of metaphors of the indescribable joy, the ineffable gladness, and immeasurable state of equilibrium that “THE DIVINE”, IHVH, our FATHER has chosen to share with “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

Therefore, the “Specific Energy ‘SPIRIT’ Substance” will never be able to have a share of the indescribable joy, the ineffable gladness, and immeasurable state of equilibrium that “THE DIVINE”, IHVH, our FATHER has chosen to share with “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’

that “THE DIVINE FORCE” created into existence for this purpose: lead you to discern and understand the inaccessible from the accessible.

Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, during the course of the “First Phase” of “THE HOLY PROJECT”.

It is “THE DIVINE FORCE” who produced the “Specific Elementary ‘SPIRIT’ Particle” into existence, made it germinate and grow to the maturity stage where the “Specific Atomic ‘SPIRIT’ Substance” has been sealed.

Instead, in “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, it is the capacities, the capabilities and all “specific processes” inner to the “Specific Energy ‘SPIRIT’ Substance”, and the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance”, that will create autonomously the conditions through which this seed of “THE KNOWLEDGE OF THE DIVINE” will be able to sprout and grow following the temperature and the enlightenment intensity which will be provided by “THE SPECIFIC SPIRITUAL FORCE OF LIFE”.

The creation of these conditions through which this seed of “THE KNOWLEDGE OF THE DIVINE” will be able to sprout and grow, depends upon the state of “HARMONY” of both “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, and the “Specific Energy ‘SPIRIT’ Substance” which covers “The ALTAR of ‘THE DIVINE’”, with “THE DIVINE”, IHVH, our FATHER.

The creation of these conditions through which this seed of “THE KNOWLEDGE OF THE DIVINE” will be able to sprout and grow, is similar to a fertilization process which consists of bringing to a plant growing medium, the necessary elements for the growth of the plant.

The plant in question here is the plant of “THE KNOWLEDGE OF THE DIVINE” and the growing medium is the combined set formed by “THE SEAT OF WISDOM” (also called “THE GARDEN OF WISDOM”, the growing medium of “WISDOM”) and “THE SEAT OF THE INTELLECT” (also called “THE GARDEN OF THE INTELLECT”, the growing medium of “THE INTELLECT”).

The fertility of this growing medium in which the plant of “THE KNOWLEDGE OF THE DIVINE” is cultivated, results from the degree of interaction of this culture medium with “THE DIVINE FORCE” and the products of the choices and actions that “THE SEAT OF THE INTELLECT” accomplishes and feeds upon. This fertility refers to the ability of this growing medium to produce sustainable crops of quality of the plant of “THE KNOWLEDGE OF THE DIVINE”. These crops are the manifestations of the metaphors of the indescribable joy, the

ineffable gladness, and immeasurable state of equilibrium that “THE DIVINE”, IHVH, our FATHER has chosen to share with “THE SEAT OF WISDOM”, and which result from “THE KNOWLEDGE OF THE DIVINE” in all His forms.

“THE SEAT OF WISDOM” and “THE SEAT OF THE INTELLECT” are the two blessed gardens that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

The elements of fertilization which are necessary for the growth of the plant of “THE KNOWLEDGE OF THE DIVINE”, in the “‘SPIRIT’ Specific State” (the “Specific Energy ‘SPIRIT’ Substance” being in the “‘SPIRIT’ Specific State” and which covers “The ALTAR of ‘THE DIVINE’” in the “‘SPIRIT’ Specific State”), are of two types, fertilizers and amendments:

1. Fertilizers are the knowledge of these things that relate closely to “THE HOLY PROJECT” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established, with the purpose to be implemented in the attribute “NON DIVINE”, and which represent that, which we have called: the ins and outs of “THE HOLY PROJECT”; that is, what justified and has been at the origin of “THE HOLY PROJECT” in which manifestations in the attribute “NON DIVINE”, of metaphors of the “DIVINE PRIMARY WEALTH”, that “THE DIVINE” has chosen to share with the attribute “NON DIVINE”, will be “spoken” into existence: the “who”, “what” and “why”, that will represent all of the ins of “THE HOLY PROJECT”, and the “when”, “where” and “how” that will represent all the outs of “THE HOLY PROJECT”.

Those fertilizers originate directly from “THE ABSOLUTE FRAME OF REFERENCE” defined by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in “THE DIVINE”.

2. Amendments are the knowledge that is acquired by “THE SEAT OF THE INTELLECT” all along its growth in “THE KNOWLEDGE OF THE DIVINE” and through the execution of tasks that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established, and that “THE DIVINE FORCE” will assign to creatures that are or will be into existence in the attribute “NON DIVINE”.

Those amendments originate from “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE”.

The final objectives of this fertilization are to get the best performance possible, from the elements of “THE ‘SPIRIT’ REASON”, in the “‘SPIRIT’ Specific State”, given the other factors that are the temperature and the enlightenment intensity, which contribute to it and which will be provided by “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in all its forms.

The needs of the plant of “THE KNOWLEDGE OF THE DIVINE” in the “‘SPIRIT’ Specific State” (the “Specific Energy ‘SPIRIT’ Substance” being in the “‘SPIRIT’ Specific State” and which covers “The ALTAR of ‘THE DIVINE’” in the “‘SPIRIT’ Specific State”) will evolve during its development.

At stages where they are needed, fertilization elements must be able to be taken by the plant in the growing medium that is “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model. These elements of fertilization must be available in sufficient quantities and in a form available.

This is why “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, will have to be always in “THE PRAISE” with “THE SHEKINAH” — “THE THRONE OF THE DIVINE IN THE ATTRIBUTE ‘NON DIVINE’” — and through the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance”.

If the elements of fertilization are not available when needed, because for example of the presence of the state of “CHAOS” either of “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, or of “Specific Energy ‘SPIRIT’ Substance” which covers “The ALTAR of ‘THE DIVINE’”, with “THE DIVINE”, IHVH, our FATHER, then, the growing medium that is “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, will be damaged and the growth of the plant of “THE KNOWLEDGE OF THE DIVINE” will be limited and the final yield lowest.

It is so that, “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, as well as this “Specific Energy ‘SPIRIT’ Substance” which covers “The ALTAR of ‘THE DIVINE’” are called to remain in the state of “HARMONY” with “THE DIVINE”, IHVH, our FATHER, to remain in “PURITY” and “HOLINESS”, for the seed of “THE KNOWLEDGE OF THE DIVINE” to be able to sprout and

grow from the temperature and the enlightenment intensity which will be provided by “THE SPECIFIC SPIRITUAL FORCE OF LIFE”.

It is then, “THE SPECIFIC SPIRITUAL FORCE OF LIFE” who, through the degree of Its Presence in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, will educate both “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, and this “Specific Energy ‘SPIRIT’ Substance” which has received an autonomous capacity to “MAKE DECISIONS” and covers this “ALTAR of ‘THE DIVINE’”.

The purpose of this education provided by “THE SPECIFIC SPIRITUAL FORCE OF LIFE”, is to lead “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model towards “THE KNOWLEDGE OF THE DIVINE”, with a shade at least implicitly of extraction, by rising “THE SEAT OF THE INTELLECT”, which is inside the “Specific Energy ‘SPIRIT’ Substance” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, from the oblivion (or ignorance) of “The ALTAR of ‘THE DIVINE’”.

Such education involves three essential knowledge:

1. The knowledge of the origin of both “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, and this “Specific Energy ‘SPIRIT’ Substance” which covers this “ALTAR of ‘THE DIVINE’” which will be educated;
2. The knowledge of the path along which will be educated and led “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model;
3. The knowledge of the manner in which both “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, and this “Specific Energy ‘SPIRIT’ Substance” which covers this “ALTAR of ‘THE DIVINE’” will be truly educated.

Only “THE SPECIFIC SPIRITUAL FORCE OF LIFE”, in all its forms, has all that information in all their details, and SHE received them from “THE DIVINE”,

IHVH, our FATHER, in order to accomplish all the purposes of education of all creatures that will be created into existence in the attribute “NON DIVINE”.

When “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is providing this education, as well as the temperature and the enlightenment intensity, that is, the illumination — “THE LIGHT” which allows to discern that, which conforms to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined — from within “The ALTAR of ‘THE DIVINE’”, it is said that: “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is in HER council inside “The ALTAR of ‘THE DIVINE’”. Such education is said to be performed through enlightenment.

At the origin of both “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, and this “Specific Energy ‘SPIRIT’ Substance” which covers this “ALTAR of ‘THE DIVINE’”, is an “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM” which is inside of “THE DIVINE DOMAIN” that is not accessible to the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

The dwelling place of “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model is in the attribute “NON DIVINE”; and with respect to this “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”, “The ALTAR of ‘THE DIVINE’” and the “Specific Energy ‘SPIRIT’ Substance” which covers this “ALTAR of ‘THE DIVINE’” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, are together just a manifestation of a metaphor in the attribute “NON DIVINE” of the original “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”.

It is “THE SPECIFIC SPIRITUAL FORCE OF LIFE”, under its name of “THE DIVINE FORCE”, who will create into existence in the attribute “NON DIVINE” both “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, and this “Specific Energy ‘SPIRIT’ Substance” which covers this “ALTAR of ‘THE DIVINE’”, following the model that has been designed and established by “THE DIVINE ARCHITECT AND PROJECT MASTER”.

It is “THE DIVINE FORCE” who will make manifest in the attribute “NON DIVINE”, “The Specific Process of Attachment to ‘THE DIVINE’” and all the “specific processes” which contribute to the unique link of attachment by which “The ALTAR of ‘THE DIVINE’” and the “Specific Energy ‘SPIRIT’ Substance” which covers this “ALTAR of ‘THE DIVINE’” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model are associated to the “‘SPIRIT←SPIRIT’

INDISTINCT DIVINE FORM” that is in “THE PLACE OF LIFE”; that is, in “THE DIVINE DOMAIN”.

This link of attachment implies a relationship and a differentiation between the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM” and “The ALTAR of ‘THE DIVINE’” and the “Specific Energy ‘SPIRIT’ Substance” which covers this “ALTAR of ‘THE DIVINE’” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, which is the manifestation of the metaphor of the considered “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”.

The path along which will be educated and led “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, is the path illustrated by the Governing Law of the Behavior, the manifestation of “The Walk within the Acronym IHVH”; it is the path that leads to “PLENITUDE”, to the manifestation in the attribute “NON DIVINE”, of the metaphor of the indescribable joy, the ineffable gladness, and immeasurable state of equilibrium that “THE DIVINE”, IHVH, our FATHER has chosen to share with the attribute “NON DIVINE” like HE had intended when HE had decided to establish “THE HOLY PROJECT”.

Two developments, inside of “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model and inside of this “Specific Energy ‘SPIRIT’ Substance” which covers this “ALTAR of ‘THE DIVINE’”, will allow to accomplish the walk along this prescribed path:

1. The affective and emotional development of the seed of “THE KNOWLEDGE OF THE DIVINE” inside of “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model;
2. The development of “THE INTELLECT” inside “THE SEAT OF THE INTELLECT” inside the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

These two developments form the framework, the model whereby “THE SPECIFIC SPIRITUAL FORCE OF LIFE” will conform to complete the education that SHE will provide to “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures”.

It is “THE SPECIFIC SPIRITUAL FORCE OF LIFE” who, through the degree of Its Presence in the “Specific ‘SPIRITUAL’ Environment” external and immediate

around the “Specific Energy ‘SPIRIT’ Substance”, will act as SHEPHERD²⁴⁶ of “THE SEAT OF THE INTELLECT” inside the “Specific Energy ‘SPIRIT’ Substance” and provide the temperature and the enlightenment intensity which are necessary to accomplish these two developments.

As “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it, from one “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” to another one, the seed of “THE KNOWLEDGE OF THE DIVINE” will sprout and grow in a slightly different manner in “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

After a period of germination, this development will always go through predefined stages of growth and which are in all respect analogues of the growth stages from the “Specific Elementary ‘SPIRIT’ Particle” to the “Specific Atomic ‘SPIRIT’ Substance”. They range from the “spiritual awakening” to the “adult spiritual age” passing through the “spiritual childhood” and the “spiritual adolescence”. They will mark the stages of passage along the manifestation of the metaphor of the complete flow path of the “Generative Divine Particle” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. As such, they are manifestations of the four quadrants which result from the projection of the Four points that define the movement of the “Generative Divine Particle” and in this arrangement — “HE WHO EXISTS”, “HE WHO IS ABOVE”, “HE WHO WILL EXIST”, “HE WHO ARRIVES” — and the pronunciation of the acronym of which is the same as the word “IHVH”, onto the complete flow path of the “Generative Divine Particle”. The “spiritual awakening” is associated with the first quadrant, the “spiritual childhood” is associated with the second quadrant, the “spiritual

²⁴⁶ “SHEPHERD” is exactly the word given, to lead you to understand that this “Specific Energy ‘SPIRIT’ Substance” alone, and hence any product of the mold called the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model which will be manifested, into existence, in the attribute “NON DIVINE”, is reminiscent of the earthly creature that is known under the designation “SHEEP”. It has no knowledge regarding its origin and the destination where it is heading to, but it is merely following its instincts to move from one location to another.

Those of you, be it celestial creatures or be it human creatures, who do not possess in you any “KNOWLEDGE OF THE DIVINE”, any knowledge of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, any knowledge of the ins and outs of “THE HOLY PROJECT”, be VERY CAREFUL when calling yourself SHEPHERD, as you are truly reminiscent of a “SHEEP”.

adolescence” is associated with the third quadrant, and the “adult spiritual age” is associated with the fourth quadrant. This flow path is defined by its fifty-two non-redundant “Divine Equilibrium Regions”:

- The “spiritual awakening” is associated with the manifestation of the metaphor of the beginning of the first of the fifty-two non-redundant “Divine Equilibrium Regions”.
- The seven manifestations of the metaphor of the following seven of the fifty-two non-redundant “Divine Equilibrium Regions” will define the “spiritual childhood”.
- The five manifestations of the metaphor of the following five of the remaining forty-five non-redundant “Divine Equilibrium Regions” will define the “spiritual adolescence” and mark the time of acquisition by “THE SEAT OF THE INTELLECT” of the voice of “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance”.
- The forty manifestations of the metaphor of the remaining forty non-redundant “Divine Equilibrium Regions” will mark the time at the end of which “THE SEAT OF THE INTELLECT” would have dispelled the mist of residuals from the interpretation of the elements of the “Realm of the ‘THOUGHTS’”, to mark the end of the manifestation of the metaphor of the complete flow path of the “Generative Divine Particle” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, and thus the beginning of the “adult spiritual age”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed “THE SEAT OF THE INTELLECT” with the “FREE CHOICE”, the autonomous capacity to “THINK”, to “REASON” and to “MAKE DECISIONS” without that, the elements of “THE REASON” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has restricted to “THE SEAT OF THE INTELLECT” — in this case of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, they are elements of “THE ‘SPIRIT’ REASON” — are blocked by “THE SPECIFIC SPIRITUAL FORCE OF LIFE”.

It is so that, the education of both “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, and this “Specific Energy ‘SPIRIT’ Substance” which covers this “ALTAR of ‘THE DIVINE’”, through these two developments, aims, therefore, to the full achievement of the potential contained both in “The

ALTAR of 'THE DIVINE'" which is covered by the "Specific Energy 'SPIRIT' Substance" in this "'SPIRIT←SPIRIT' 'CELESTIAL' Creature" model, and in this "Specific Energy 'SPIRIT' Substance" which covers this "ALTAR of 'THE DIVINE'".

One of the main drivers of this education, and that allows leading "The ALTAR of 'THE DIVINE'" which is covered by the "Specific Energy 'SPIRIT' Substance" in this "'SPIRIT←SPIRIT' 'CELESTIAL' Creature" model, toward that, which it is called to become, is the distinction.

"The ALTAR of 'THE DIVINE'" which is covered by the "Specific Energy 'SPIRIT' Substance" in this "'SPIRIT←SPIRIT' 'CELESTIAL' Creature" model carries a unique expression of the manifestation of a metaphor of a "DIVINE PRIMARY WEALTH" chosen within a countless number of "DIVINE PRIMARY WEALTH".

It is through the distinction, which highlights the purpose of the "DIVINE PRIMARY WEALTH", that each manifestation of the "'SPIRIT←SPIRIT' 'CELESTIAL' Creature" model, will have to find its place, build a personality; each "'SPIRIT←SPIRIT' 'CELESTIAL' Creature" with respect to the others "'SPIRIT←SPIRIT' 'CELESTIAL' Creatures", each "'SPIRIT←SPIRIT' 'CELESTIAL' Creature" with respect to "THE DIVINE", IHVH, our FATHER.

The distinction designed by "THE DIVINE ARCHITECT AND PROJECT MASTER" and manifested through the "'SPIRIT←SPIRIT' 'CELESTIAL' Creature" model is creative and educational; because it ensues from the supreme completeness of "THE DIVINE SUPREME CONFIGURATION" of seven "Divine Particles".

Only "THE SPECIFIC SPIRITUAL FORCE OF LIFE", in all its forms, has all these information in all their details, and SHE received them from "THE DIVINE", IHVH, our FATHER, in order to accomplish all the purposes of education of all creatures that will be created into existence in the attribute "NON DIVINE".

The knowledge of the manner in which both "The ALTAR of 'THE DIVINE'" which is covered by the "Specific Energy 'SPIRIT' Substance" in this "'SPIRIT←SPIRIT' 'CELESTIAL' Creature" model, and this "Specific Energy 'SPIRIT' Substance" which covers this "ALTAR of 'THE DIVINE'" will be truly educated, was established by "THE DIVINE ARCHITECT AND PROJECT MASTER", from eternity, before that the attribute "NON DIVINE" was created, and according to the manifestation of the metaphor of the "DIVINE PRIMARY WEALTH" which will be placed in "The ALTAR of 'THE DIVINE'" which is

covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

Therefore, each “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” through the unique manifestation of the metaphor of a “DIVINE PRIMARY WEALTH” which will be placed in “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, will thus have the necessary elements for his own education.

Only “THE SPECIFIC SPIRITUAL FORCE OF LIFE”, in all its forms, possesses in all their details the knowledge of all these elements contained in the unique manifestation of the metaphor of a “DIVINE PRIMARY WEALTH” and which are necessary for the development of this unique manifestation of the metaphor of a “DIVINE PRIMARY WEALTH”; and SHE received them from “THE DIVINE”, IHVH, our FATHER, in order to accomplish all the purposes of education of each creature that will be created into existence in the attribute “NON DIVINE”.

This is not a packet transmitted in inheritance that “THE SPECIFIC SPIRITUAL FORCE OF LIFE”, under its name of “THE DIVINE FORCE”, will transmit to “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, because to educate is to nurture in order to move from one level of “THE KNOWLEDGE OF THE DIVINE” to another located farther in the direction of travel so that it acquires a value that brings close to the horizon of the path to which will be led “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

To educate, is to love; the affection passing through the breast of “THE SPECIFIC SPIRITUAL FORCE OF LIFE”, under its name of “THE DIVINE FORCE”, at the same time as Her nutrient milk — that is, the rules, the principles, and the precepts she had established, and to live by these precepts, which are the customs and patterns (that is, “PURITY” and “HOLINESS” of “THE DIVINE WISDOM”) — and that will allow the development of “THE INTELLECT” and the affective and emotional development of “PURE, TRUTHFUL, AND AUTHENTIC LOVE OF ‘THE DIVINE’”.²⁴⁷

This nutrient milk of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” has been placed within the tasks established by “THE DIVINE ARCHITECT AND

²⁴⁷ Be patient! In another chapter below, and concerning the human creature, we will explain why we use the symbolism of “breast” and “nutrient milk”.

PROJECT MASTER”, from eternity, before that the attribute “NON DIVINE” was created, and for the implementation of the phases of “THE HOLY PROJECT”.

All these concepts and much more, which are related to the education of the creatures that “THE DIVINE FORCE”, on instruction of “THE DIVINE”, IHVH, our FATHER, will spawn into existence inside the attribute “NON DIVINE”, were also transposed by “THE DIVINE FORCE”, into metaphors to be manifested explicitly on those creatures. The “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures”, products of the mold designated as the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, “Plane Above”, will have those concepts manifested accordingly on their “Specific Energy ‘CELESTIAL’ Envelope”. It is so that, the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures” that “THE DIVINE FORCE”, on instruction of “THE DIVINE”, IHVH, our FATHER, will spawn into existence inside the attribute “NON DIVINE”, in the “Plane Above”, truly will be “living and animated chapters” of the “DISCOURSE” of “THE DIVINE”, IHVH, our FATHER.²⁴⁸

As “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it, from one “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” to another one, the seed of “THE KNOWLEDGE OF THE DIVINE” will sprout and grow in a slightly different manner in “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

The growth stages inside of “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, having at its disposal only the elements of “THE ‘SPIRIT’ REASON”, in “THE KNOWLEDGE OF THE DIVINE”, in the understanding and the knowledge of “THE TREE OF LIFE”, as well as in the understanding and the knowledge of “THE HOLY PROJECT”, are in all respect

²⁴⁸ The words and expressions that we are using to describe these teachings of “THE DIVINE FORCE”, are far insufficient to give, to make you grasp, the true measure of the EXCELLENCE of “THE HOLY PROJECT” as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it. Every unique concept, every unique word, “THE DIVINE”, IHVH, our FATHER, has made it alive, HIS pen has animated each of them.

“THE HOLY PROJECT”, which embodied all those concepts, manifested by “THE DIVINE FORCE” throughout the creatures that SHE has spawned into existence inside the attribute “NON DIVINE”, is beyond expressions: it is beyond EXCELLENCE, it is INCREDIBLE, UNBELIEVABLE, FANTASTIC, piece of work.

analogues of the growth stages from the “Specific Elementary ‘SPIRIT’ Particle” to the “Specific Atomic ‘SPIRIT’ Substance”. They range from the “spiritual awakening” to the “adult spiritual age” passing through the “spiritual childhood” and the “spiritual adolescence”.

When the “Specific Energy ‘SPIRIT’ Substance” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model will be created into existence in the attribute “NON DIVINE”, as an expression of the outer structure of a metaphor of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”, it will not have the same freshness and the same brightness than those of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM” which is within “THE DIVINE DOMAIN”. This ensues from the application of proportionality factors that define the laws of change of frame of reference, between “THE ABSOLUTE FRAME OF REFERENCE” defined by “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” in “THE DIVINE” and “THE FRAME OF REFERENCE OF THE ATTRIBUTE ‘NON DIVINE’” in the attribute “NON DIVINE”.

It is so that, as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it, the “Specific Energy ‘SPIRIT’ Substance” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model which is created into existence in the attribute “NON DIVINE” will wither and “THE SEAT OF THE INTELLECT”, inside of this “Specific Energy ‘SPIRIT’ Substance”, will fall asleep in the oblivion (or ignorance) of “The ALTAR of ‘THE DIVINE’” which that “Specific Energy ‘SPIRIT’ Substance” covers, and during a well defined time period of germination.

Germination reflects the fact that when the seed of the plant of “THE KNOWLEDGE OF THE DIVINE” is placed in conditions of temperature and the enlightenment intensity, that is, the illumination — “THE LIGHT” which allows to discern that, which conforms to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined —, it gives rise to a seedling that will emerge from “The ALTAR of ‘THE DIVINE’” which is the growing medium of the plant of “THE KNOWLEDGE OF THE DIVINE”.

In this well defined time period of germination, “THE SEAT OF THE INTELLECT” cannot yet freely take ownership of its property and is not yet able to engage consciously in the activity related to the development of the seed of “THE KNOWLEDGE OF THE DIVINE”.

It is “THE SPECIFIC SPIRITUAL FORCE OF LIFE” who will work in “PURITY”, “HOLINESS” and “RIGHTEOUSNESS” (that is, according to the elements of “THE REASON”) in all creatures that “THE DIVINE ARCHITECT AND PROJECT

MASTER” has designed, to provide illumination, “THE LIGHT” which allows to discern that, which conforms to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined; SHE is the whole existing in every “PURE” creature.

It is “THE SPECIFIC SPIRITUAL FORCE OF LIFE” who will provide the temperature and the enlightenment intensity, that is, the illumination — “THE LIGHT” which allows to discern that, which conforms to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined — and rouse “THE SEAT OF THE INTELLECT”, inside of this “Specific Energy ‘SPIRIT’ Substance”, out of the oblivion (or ignorance) of “The ALTAR of ‘THE DIVINE’” which that “Specific Energy ‘SPIRIT’ Substance” covers.

The “spiritual awakening” marks the awakening of “THE SEAT OF THE INTELLECT” inside the “Specific Energy ‘SPIRIT’ Substance” from this oblivion (or ignorance) of “The ALTAR of ‘THE DIVINE’”, so that the oblivion wears off and that “THE DIVINE”, IHVH, our FATHER be known, and also marks the beginning of the “spiritual” life into existence. This is the “spiritual baptism” in “THE KNOWLEDGE OF THE DIVINE” and in the understanding and the knowledge of “THE TREE OF LIFE”.

The seedling of “THE KNOWLEDGE OF THE DIVINE” will emerge from “The ALTAR of ‘THE DIVINE’” and it will be the beginning of affective and emotional growth of the seedling of “THE KNOWLEDGE OF THE DIVINE” inside of “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

This “spiritual awakening” is associated with the manifestation of the metaphor of the beginning of the first of the fifty-two non-redundant “Divine Equilibrium Regions” that define the manifestation of the metaphor of the complete flow path of the “Generative Divine Particle” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

The “Specific Energy ‘SPIRIT’ Substance” will be totally in tune with the affective and emotional growth process both inside of “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, and within its sensory capacities of communication in the “Specific ‘SPIRITUAL’ Environment” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed.

In this stage of the “spiritual awakening”, “THE SEAT OF THE INTELLECT” inside the “Specific Energy ‘SPIRIT’ Substance” is “HOLY” and “Innocent” in

“THE KNOWLEDGE OF THE DIVINE” and in the understanding and the knowledge of “THE TREE OF LIFE”.

The affection and emotion for “THE DIVINE”, IHVH, our FATHER and that are expressed by “THE SEAT OF THE INTELLECT” inside the “Specific Energy ‘SPIRIT’ Substance”, are “PURE”.

It is so that, through the capacity to “LOVE”, that “THE DIVINE ARCHITECT AND PROJECT MASTER” has placed in the “Specific Energy ‘SPIRIT’ Substance”, through the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance”, “THE SPECIFIC SPIRITUAL FORCE OF LIFE” will provide the temperature and the enlightenment intensity, that is, the illumination — “THE LIGHT” which allows to discern that, which conforms to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined —, which are necessary for the passage of the steps of “‘SPIRIT’ specific supply of subsistence” to allow the occurrence of the analogue of the special, unique and fantastic “specific event”, that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed for the “Specific Elementary ‘SPIRIT’ Particle”.

It will be “THE BIRTH” of the first sprout, the primary bud, of “THE KNOWLEDGE OF THE DIVINE” from the seed of “THE KNOWLEDGE OF THE DIVINE”, inside of “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

This “BIRTH” will occur inside of “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, and without that “THE SEAT OF THE INTELLECT” inside this “Specific Energy ‘SPIRIT’ Substance” be conscious of this growth which is visible only to “THE EYE OF THE DIVINE”.

It is so that, with the passage of time and of the steps of “‘SPIRIT’ specific supply of subsistence”, the growth of the first sprout, the primary bud, of “THE KNOWLEDGE OF THE DIVINE” will continue, inside of “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

At the “spiritual childhood” stage, which is defined by the seven manifestations of the metaphor of the following seven of the fifty-two non-redundant “Divine Equilibrium Regions” that define the manifestation of the metaphor of the

complete flow path of the “Generative Divine Particle” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, “THE SEAT OF THE INTELLECT” inside the “Specific Energy ‘SPIRIT’ Substance” enters in tune with its capacities to recognize and to have the knowledge of the source of its existence which is “THE DIVINE”, IHVH, our FATHER. At this stage, the “Specific Energy ‘SPIRIT’ Substance” is still “HOLY” and “Innocent” in “THE KNOWLEDGE OF THE DIVINE” and in the understanding and the knowledge of “THE TREE OF LIFE”.

It is so that, “THE DIVINE”, IHVH, our FATHER reveals Himself through His various forms at the “spiritual childhood”, by the intermediary of “THE DIVINE FORCE”. The “Specific Energy ‘SPIRIT’ Substance” acquires the knowledge of the veneration of “THE DIVINE” in His various forms.

The affective and emotional growth of the sprout of “THE KNOWLEDGE OF THE DIVINE” inside of “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, will proceed further.

It is so that, through the capacity to “LOVE”, and that “THE DIVINE ARCHITECT AND PROJECT MASTER” has placed in the “Specific Energy ‘SPIRIT’ Substance”, through the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance”, “THE SPECIFIC SPIRITUAL FORCE OF LIFE” will provide the temperature and the enlightenment intensity, that is, the illumination — “THE LIGHT” which allows to discern that, which conforms to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined —, which are necessary for passage of the steps of “‘SPIRIT’ specific supply of subsistence” to allow the occurrence of the analogue of the second special, just as unique and fantastic “specific event”, that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed for the “Specific Elementary ‘SPIRIT’ Particle”.

It will be “THE EXPANSION” and the growth of the first sprout, the primary bud, of “THE KNOWLEDGE OF THE DIVINE” that appeared at the stage of the “spiritual awakening”, inside of “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

It is so that, this first sprout of “THE KNOWLEDGE OF THE DIVINE” will continue to grow, producing, in order of appearance:

1. Fixations of "THE KNOWLEDGE OF THE DIVINE". They will be symbolized by the designation of "the roots". The energy that these roots will draw so that the plant of "THE KNOWLEDGE OF THE DIVINE" remains into existence in the "'SPIRIT' Specific State", is the external supply of subsistence, which will be provided, in the form of crude "'SPIRIT' specific supply of subsistence", by any expression in the attribute "NON DIVINE" of a metaphor of "THE 'SPIRIT←LIGHT' EON", or by "THE SHEKINAH" as a result of the emission of "THE PRAISE" using the "'SPIRIT→LIGHT' CORD OF PRAISE".
2. A part of "THE KNOWLEDGE OF THE DIVINE" that will also be common with any other "ALTAR of 'THE DIVINE'" which is covered by the "Specific Energy 'SPIRIT' Substance" in this "'SPIRIT←SPIRIT' 'CELESTIAL' Creature" model, in which a seed of "THE KNOWLEDGE OF THE DIVINE" will have been placed. This common part of "THE KNOWLEDGE OF THE DIVINE" will be symbolized by the designation of "the stem" or the "trunk" depending upon the growth level.
3. Refined parts of "THE KNOWLEDGE OF THE DIVINE" which will arise from the common part of "THE KNOWLEDGE OF THE DIVINE". These refined parts of "THE KNOWLEDGE OF THE DIVINE" will be symbolized by the designation of the "branches" and the "leaves".

These refined parts will be different from one "ALTAR of 'THE DIVINE'" which is covered by the "Specific Energy 'SPIRIT' Substance" in this "'SPIRIT←SPIRIT' 'CELESTIAL' Creature" model to another, because of:

- a. The uniqueness of the "DIVINE PRIMARY WEALTH" that "THE DIVINE", IHVH, our FATHER will share with this "Specific Energy 'SPIRIT' Substance" through manifestation of metaphor;
- b. The degree of presence of "THE SPECIFIC SPIRITUAL FORCE OF LIFE" in the "Specific 'SPIRITUAL' Environment" external and immediate around the "Specific Energy 'SPIRIT' Substance" which will not be the same from one "Specific Energy 'SPIRIT' Substance" to another; and
- c. The level of understanding that will be developed through the capacities, the capabilities and all "specific processes" inner and autonomous to the "Specific Energy 'SPIRIT' Substance".

It is so that, this first sprout of “THE KNOWLEDGE OF THE DIVINE” will grow inside of “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model and produce a plant (or also called a tree) of “THE KNOWLEDGE OF THE DIVINE”, at the end of this “spiritual childhood” stage, without that “THE SEAT OF THE INTELLECT” inside this “Specific Energy ‘SPIRIT’ Substance” be conscious of this growth which is visible only to “THE EYE OF THE DIVINE”.

The affection and emotion for “THE DIVINE”, IHVH, our FATHER and that are expressed by “THE SEAT OF THE INTELLECT” inside the “Specific Energy ‘SPIRIT’ Substance”, are “PURE”.

At the stage of the “spiritual adolescence”, which is defined by the five manifestations of the metaphor of the following five of the remaining forty-five non-redundant “Divine Equilibrium Regions” that are parts of the definition of the manifestation of the metaphor of the complete flow path of the “Generative Divine Particle” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, “THE SEAT OF THE INTELLECT” inside the “Specific Energy ‘SPIRIT’ Substance” has grown and its capacity to reflect and “MAKE DECISIONS” becomes genuinely autonomous.

Through a series of questions and answers and interaction with its “Specific ‘NON-SPIRITUAL’ Environment”, “THE SEAT OF THE INTELLECT” inside the “Specific Energy ‘SPIRIT’ Substance” enters in tune with the acquisition process of three types of knowledge (but very little on the deep understanding of such knowledge):

1. Knowledge about itself as a “conscious and living structure” that has been created into existence;
2. Knowledge about the very root of its existence — “THE DIVINE”, IHVH, our FATHER; and
3. Knowledge about “THE HOLY PROJECT” of “THE DIVINE”, IHVH, our FATHER.²⁴⁹

²⁴⁹ The events that took place during the course of “THE HOLY PROJECT” of “THE DIVINE”, IHVH, our FATHER, until nowadays, show that this stage of the “spiritual adolescence” is the most critical stage and most dangerous in sustaining a creature into existence, because of the capacity to “freely choose” that “THE DIVINE”, IHVH, our FATHER granted to the “Specific Energy ‘SPIRIT’ Substance” of His creatures. It is in this stage of the “spiritual adolescence” that the “Specific Energy ‘SPIRIT’ Substance” can lose

At this stage of the “spiritual adolescence”, and because of the impetuosity of its youth and its capacity to reflect and “MAKE DECISIONS” autonomously, “THE SEAT OF THE INTELLECT” inside the “Specific Energy ‘SPIRIT’ Substance” is called to keep its “HOLINESS” and also to keep the affection and emotion for “THE DIVINE”, IHVH, our FATHER and that are expressed by “THE SEAT OF THE INTELLECT” inside the “Specific Energy ‘SPIRIT’ Substance”, in the “PURITY” which it has inherited from its “spiritual childhood”.

“THE SEAT OF THE INTELLECT” inside the “Specific Energy ‘SPIRIT’ Substance” is called to keep its faith and confidence in “THE DIVINE”, IHVH, our FATHER, by continuously feeding from “fruits” of “THE TREE OF LIFE” and by continuously awakening in itself the knowledge gained during its “spiritual childhood” and regarding the affection and emotion for “THE DIVINE”, IHVH, our FATHER and its veneration.

It is so that, “THE SEAT OF THE INTELLECT” inside the “Specific Energy ‘SPIRIT’ Substance” will enter in tune, through “The ALTAR of ‘THE DIVINE’” which this “Specific Energy ‘SPIRIT’ Substance” covers, with “THE SPECIFIC SPIRITUAL FORCE OF LIFE”, under its designation of “THE DIVINE WISDOM”, in the understanding of “THE KNOWLEDGE OF THE DIVINE”.

It is so that, through the capacity to “LOVE”, and that “THE DIVINE ARCHITECT AND PROJECT MASTER” has placed in the “Specific Energy ‘SPIRIT’ Substance”, through the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance”, “THE SPECIFIC SPIRITUAL FORCE OF LIFE” will provide the temperature and the enlightenment intensity, that is, the illumination — “THE LIGHT” which allows to discern that, which conforms to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined —, which are necessary for passage of the steps of “‘SPIRIT’ specific supply of subsistence” for the further growth of the plant of “THE KNOWLEDGE OF THE DIVINE” that appeared at the “spiritual childhood” stage.

Therefore, the knowledge and the understanding in “THE KNOWLEDGE OF THE DIVINE” begin to emerge from the unconsciousness in the “Specific Energy ‘SPIRIT’ Substance”. It is the appearance of the terminal parts of the plant of “THE KNOWLEDGE OF THE DIVINE” which starts as such, inside of “The

his “Innocence” and develop in it the seed of “THE TREE OF THE KNOWLEDGE OF LIFE AND DEATH” which we shall explain the origin in a text below.

ALTAR of 'THE DIVINE'" which is covered by the "Specific Energy 'SPIRIT' Substance" in this "'SPIRIT←SPIRIT' 'CELESTIAL' Creature" model, always without that "THE SEAT OF THE INTELLECT" inside this "Specific Energy 'SPIRIT' Substance" be conscious of this growth which is visible only to "THE EYE OF THE DIVINE". These terminal parts are symbolized by the designation of the "cob".

The degree of presence of "THE SPECIFIC SPIRITUAL FORCE OF LIFE" in the "Specific 'SPIRITUAL' Environment" external and immediate around the "Specific Energy 'SPIRIT' Substance" is very important for triggering these phenomena of terminal growth of the plant of "THE KNOWLEDGE OF THE DIVINE". It is both factor and condition of growth of the plant of "THE KNOWLEDGE OF THE DIVINE".

In the absence of a sufficient degree of presence of "THE SPECIFIC SPIRITUAL FORCE OF LIFE" in the "Specific 'SPIRITUAL' Environment" external and immediate around the "Specific Energy 'SPIRIT' Substance", the terminal growth of the plant of "THE KNOWLEDGE OF THE DIVINE" will not occur inside of "The ALTAR of 'THE DIVINE'" which is covered by the "Specific Energy 'SPIRIT' Substance" in this "'SPIRIT←SPIRIT' 'CELESTIAL' Creature" model; in this case, either the plant of "THE KNOWLEDGE OF THE DIVINE" will essentially remain with leaves which will be always green, or it will follow an abnormal growth that will be outside of the specifications that "THE DIVINE ARCHITECT AND PROJECT MASTER" has established inside of "The ALTAR of 'THE DIVINE'" which is covered by the "Specific Energy 'SPIRIT' Substance" in this "'SPIRIT←SPIRIT' 'CELESTIAL' Creature" model.²⁵⁰

²⁵⁰ It is of this that ENOCH, of whom METHUSELAH is the descendant, wanted human inhabitants of this earthly world to understand, when he said in his writings:

"...

All those who dwell in heaven know what happens there. (...)

They look at the Earth, and suddenly they know everything that is happening there since the beginning, and until the end.

They see that each of the creations of "THE DIVINE" invariably follows the path that has been laid for it.

They behold summer and winter; perceiving that the whole earth is full of water; and that the cloud, the dew, and the rain refresh the temperature.

They consider and behold how every tree crowns of leaves; how it then, loses them afterwards, with the exception of fourteen privileged trees which

At the stage of the “adult spiritual age”, which is defined by the completion of the remaining fourty non-redundant “Divine Equilibrium Regions” that are parts of the definition of the manifestation of the metaphor of the complete flow path of the “Generative Divine Particle” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, “THE SEAT OF THE INTELLECT” inside the “Specific Energy ‘SPIRIT’ Substance” has grown its knowledge and understanding of “THE KNOWLEDGE OF THE DIVINE”, and it has also acquired enough knowledge and deep understanding of itself and its sustaining into existence in relation with the specifications, the principles and rules that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

It is then, that, in true conscience, “THE SEAT OF THE INTELLECT” inside the “Specific Energy ‘SPIRIT’ Substance” and “The ALTAR of ‘THE DIVINE’” which is covered by that “Specific Energy ‘SPIRIT’ Substance” work together as conjoints for further growth in “THE KNOWLEDGE OF THE DIVINE”, and “THE SEAT OF THE INTELLECT” inside the “Specific Energy ‘SPIRIT’ Substance” feeds only with “fruits” of “THE TREE OF LIFE” through “The Specific Process of Attachment to ‘THE DIVINE’” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for this purpose.

It is so that, through the capacity to “LOVE”, and that “THE DIVINE ARCHITECT AND PROJECT MASTER” has placed in the “Specific Energy ‘SPIRIT’ Substance”, through the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance”, “THE SPECIFIC SPIRITUAL FORCE OF LIFE” will provide the temperature and the enlightenment intensity, that is, the illumination — “THE LIGHT” which allows to

remain evergreen, and which during several winters present the appearance of the spring.

...

“... each of the creations of “THE DIVINE” invariably follows the path that has been laid for it ...” refers to the Governing Law of the Behavior, the manifestation of “The Walk within the Acronym IHVH”, and also to “THE SUPREME COMPLETENESS” of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” — “THE ABSOLUTE FRAME OF REFERENCE”. We shall write further about “THE SUPREME COMPLETENESS” in another section below.

Read more in the section concerning the details of annotations — Annotation on the stages of growth of the “Specific Energy ‘SPIRIT’ Substance” in “THE KNOWLEDGE OF THE DIVINE”.

discern that, which conforms to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined —, which are necessary for passage of the steps of “‘SPIRIT’ specific supply of subsistence” for the further growth of “cobs”, of the plant of “THE KNOWLEDGE OF THE DIVINE”, that appeared at the stage of the “spiritual adolescence”.

It is so that, from the knowledge and the understanding of the indescribable joy, the ineffable gladness, and immeasurable state of equilibrium that “THE DIVINE”, IHVH, our FATHER has chosen to share with “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, then, begins to come out of the “cobs”, the terminal parts of the plant of “THE KNOWLEDGE OF THE DIVINE”.

This knowledge and understanding of the indescribable joy, the ineffable gladness, and immeasurable state of equilibrium that “THE DIVINE”, IHVH, our FATHER has chosen to share with “The ALTAR of ‘THE DIVINE’”, is symbolized by the designation of the “flower” (or the “fruit”) formed from the “cob”.²⁵¹

These “flowers” are manifestations of metaphors of affection and emotion for “THE DIVINE”, IHVH, our FATHER and that are expressed by “THE SEAT OF THE INTELLECT” inside the “Specific Energy ‘SPIRIT’ Substance”. They are manifestations of metaphors of the indescribable joy, the ineffable gladness, and immeasurable state of equilibrium that “THE DIVINE”, IHVH, our FATHER has chosen to share with “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, and their deep understanding. They are expressions of the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the

²⁵¹ It is of this that ENOCH, of whom METHUSELAH is the descendant, wanted human inhabitants of this earthly world to understand, when he said in his writings:

“...

All those who dwell in heaven know what happens there. (...)

They then admire how the trees by covering themselves with leaves grow at the same time “fruits”; but at the same time they understand and acknowledge that He who lives for ever does all these things for us.

That all projects of each year, that all of his creations, invariably follow the orders that HE has given to them, however, when “THE DIVINE” has decided as such, all things are brought to pass.

...”

“Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance”.

It is so that, in true conscience, “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model will start to take a share of the indescribable joy, the ineffable gladness, and immeasurable state of equilibrium that “THE DIVINE”, IHVH, our FATHER has chosen to share with it.

This “Specific Energy ‘SPIRIT’ Substance” will begin to perform the well-defined “specific work” that “THE DIVINE”, IHVH, our FATHER entrusted in it and for which HE has created this “Specific Energy ‘SPIRIT’ Substance” into existence in the attribute “NON DIVINE”.

As for the “fruits”, they are expressions of products of the “specific work” accomplished by both “THE SEAT OF THE INTELLECT” inside the “Specific Energy ‘SPIRIT’ Substance” and “The ALTAR of ‘THE DIVINE’” which is covered by that “Specific Energy ‘SPIRIT’ Substance”, working together as conjoints in agreement in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established all the temporal, quantitative and qualitative transformations, at different scales, the laws that govern the growth and the subsequent development of the seed of “THE KNOWLEDGE OF THE DIVINE”, and which follow the course of the various stages of growth of the plant of “THE KNOWLEDGE OF THE DIVINE”, from the implantation of the seed to the maturity of the manifestations of the metaphors of the indescribable joy, the ineffable gladness, and immeasurable state of equilibrium that “THE DIVINE”, IHVH, our FATHER has chosen to share with “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

The achievement of each stage of growth inside of “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, is visible only to “THE EYE OF THE DIVINE”, however this growth will also be made manifest on the “Specific Energy ‘CELESTIAL’ Envelope”.

It is in this stage of the “adult spiritual age” that the “Realm of the Interpreted ‘THOUGHTS’” will refine with the passage of time to converge towards the “Realm of the Optimal Interpreted ‘THOUGHTS’” and that is associated to the

portion of the “Realm of the ‘THOUGHTS’” which is delineated by the elements of “THE ‘SPIRIT’ REASON” and for the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

It is thus that, the full “PLENITUDE” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model will be attained when the “Realm of the Interpreted ‘THOUGHTS’” converges towards the “Realm of the Optimal Interpreted ‘THOUGHTS’”. When this convergence occurs, the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” is said to be at its “HIGHEST PLENITUDE”, it is said to have achieved its “FULL POTENTIAL²⁵²”, and the following conditions are fulfilled and present in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”:

- “THE SEAT OF THE INTELLECT” inside the “Specific Energy ‘SPIRIT’ Substance” and “The ALTAR of ‘THE DIVINE’” which is covered by that “Specific Energy ‘SPIRIT’ Substance”, working together as conjoints in agreement in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, are at their “PUREST” and “HOLIEST” states.
- The degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around both “THE SEAT OF THE INTELLECT” and “THE SEAT OF WISDOM”, is at its highest level.
- The states of “HARMONY” of both “THE SEAT OF THE INTELLECT” and “THE SEAT OF WISDOM”, with “THE DIVINE”, IHVH, our FATHER, are at their highest levels as designed and established by “THE DIVINE ARCHITECT AND PROJECT MASTER”.

In this “HIGHEST PLENITUDE”, the road of which we have already explained in the chapter concerning the designation of “THE DIVINE” from “THE DIVINE

²⁵² The “potential” status is that possible next status of growth of the plant of “THE KNOWLEDGE OF THE DIVINE”, towards the “HIGHEST PLENITUDE”, likely to be reached and of which the attainment is incompatible with the current conditions, the current facts, and with the current measurements gathered from the current status of the plant of “THE KNOWLEDGE OF THE DIVINE”.

The “potential” is measured by the difference between the “potential” status and the “current” status of the plant of “THE KNOWLEDGE OF THE DIVINE”; the “FULL POTENTIAL” is measured by the difference between (1) the status associated with the “HIGHEST PLENITUDE” and (2) the “current” status of the plant of “THE KNOWLEDGE OF THE DIVINE”. A “potential” status is realized, or achieved, when the necessary conditions exist.

SUPREME CONFIGURATION” of seven “Divine Particles”, the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” is at the maximum of its particulars. It has all its intensity, its density, it shines with the manifestation of the metaphor of the unique “DIVINE PRIMARY WEALTH” that “THE DIVINE FORCE” had placed in it. It has the UNITY of all its constituents components and “specific processes” functioning at full capacity as the “‘SPIRIT’ specific supply of subsistence” is at the proximity of the maximum “‘SPIRIT’ specific supply of subsistence” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

This road to this “HIGHEST PLENITUDE”, to achieve the “FULL POTENTIAL”, of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, is a road built on the pillars of “PURITY” and “HOLINESS”, with “THE KNOWLEDGE OF THE DIVINE” as silver bricks; the material of construction of those silver bricks are the elements of “THE ‘SPIRIT’ REASON”, and the cement that maintains those silver bricks together is the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE”.

It is from these two pillars of “PURITY” and “HOLINESS”, that the growing medium, which is the combined set formed by “THE SEAT OF WISDOM” (also called “THE GARDEN OF WISDOM”, the growing medium of “WISDOM”) and “THE SEAT OF THE INTELLECT” (also called “THE GARDEN OF THE INTELLECT”, the growing medium of “THE INTELLECT”) will be fertile: able to produce abundant harvests of the plant of “THE KNOWLEDGE OF THE DIVINE”. It is from these two pillars of “PURITY” and “HOLINESS”, and following the course of the various stages of growth of the plant of “THE KNOWLEDGE OF THE DIVINE”, that will autonomously emerge the manifestations of the metaphors of the “PURE, TRUTHFUL, AND AUTHENTIC LOVE OF ‘THE DIVINE’” that a product of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model has grown in itself with respect to “THE DIVINE”, IHVH, our FATHER. In the absence of these two pillars of “PURITY” and “HOLINESS”, the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, that is the product of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, will not have in itself any “PURE, TRUTHFUL, AND AUTHENTIC LOVE” with respect to “THE DIVINE”, IHVH, our FATHER.²⁵³

²⁵³ To have “PURE, TRUTHFUL, AND AUTHENTIC LOVE” for “THE DIVINE”, IHVH, our FATHER, is not about chanting “lips service” on the virtues and greatness of “THE DIVINE”, IHVH, our FATHER, but it is about standing in “PURITY” and “HOLINESS” just like “... the First Begotten of *“THE DIVINE FORCE”*, who has received the anointing of

All temporal information concerning the state of the growing medium, which is the combined set formed by “THE SEAT OF WISDOM” (also called “THE GARDEN OF WISDOM”, the growing medium of “WISDOM”) and “THE SEAT OF THE INTELLECT” (also called “THE GARDEN OF THE INTELLECT”, the growing medium of “THE INTELLECT”) — among other things, the state of “PURITY” and “HOLINESS”, as well as the temperature and the enlightenment intensity —, as well as the state of this plant of “THE KNOWLEDGE OF THE DIVINE”, all this information based on “THE ‘SPIRIT’ REASON”, which are only visible by “THE EYE OF THE DIVINE”, are contained and transported by the action signals which are produced by “THE SEAT OF THE INTELLECT”.

The attributes of this information are contained and transported in the “unique words”, and their tones, of the “Specific ‘SPIRIT’ Language”. The “Specific ‘SPIRIT’ Language” becomes, as such, a window into “THE SEAT OF THE INTELLECT”, and the hidden information that it contains can be “discerned” (i.e., “read” in the “Specific ‘SPIRIT’ Language”) when the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” will emit these words and expressions, in their tones, during its communications and interactions with the “Specific ‘SPIRITUAL’ Environment” external and immediate around it.

The words in the expressions of the “Specific ‘SPIRIT’ Language”, in their tones, which will be used by a “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, and will be based on “THE ‘SPIRIT’ REASON”, will be indicative of all this internal information which is visible only by “THE EYE OF THE DIVINE”. The metaphors of this internal information will be precisely what will be made manifest in the “Specific ‘CELESTIAL’ Environment”.²⁵⁴

“THE DIVINE FORCE” and stands in Her presence glorifying “THE DIVINE” as well as “THE DIVINE FORCE” through whom he has been manifested. ...”

²⁵⁴ These things are already familiar to you and most often, are alluded to in terms of emotions and language using the terms: “emotional speech”, “the voice of emotion”, etc....

Language and emotions are deeply connected and it is from the elements of language that a creature constructs and structures the expression of its emotions, and it is through this language that it conveys and communicates its emotions and feelings.

Thus, for example, the understanding of “the emotional speech”, of “the voice of emotion”, emitted by a creature, requires information concerning the internal state of the creature and the causes of the occurrence of emotion; these emotions which most often incorporate most or all of the aspects considered substantial to the state of functioning of the creature in question.

In this model of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, the permanent awareness, by “THE SEAT OF THE INTELLECT”, of the existence of all this information, as well as the ability of “THE SEAT OF THE INTELLECT” to “read” this information in the “Specific ‘SPIRIT’ Language”, and to make their syntheses, are indispensable and essential conditions to be able to walk on the road leading to the “HIGHEST PLENITUDE”, and to achieve the “FULL POTENTIAL”.

As we have already mentioned, it is “THE SPECIFIC SPIRITUAL FORCE OF LIFE” that, through the degree of its Presence in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance”, will act as SHEPHERD of “THE SEAT OF THE INTELLECT” inside the “Specific Energy ‘SPIRIT’ Substance”.

It is so that, “THE SPECIFIC SPIRITUAL FORCE OF LIFE”, by providing, inside of “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, the temperature and the enlightenment intensity, that is, the illumination — “THE LIGHT” which allows to discern that, which conforms to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined —, will be “THE SIGHT” for “THE SEAT OF THE INTELLECT” inside the “Specific Energy ‘SPIRIT’ Substance”.

That “SIGHT” which allows “THE SEAT OF THE INTELLECT”, in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, to perceive, to become acquainted with the presence and characteristics of “THE DIVINE” and all that, which conforms to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined, is also called: “THE EYE OF THE DIVINE”.

From one “ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model to another one and in which “THE DIVINE FORCE” has placed seeds of “THE KNOWLEDGE OF THE DIVINE”, the plants of “THE KNOWLEDGE OF THE DIVINE” will differ, because of:

1. The uniqueness of the “DIVINE PRIMARY WEALTH” that “THE DIVINE”, IHVH, our FATHER will share with “The ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, through manifestation of metaphor;
2. The degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and

immediate around the “Specific Energy ‘SPIRIT’ Substance” which will not be the same from one “Specific Energy ‘SPIRIT’ Substance” to another one, and;

3. The level of understanding that will be developed through the capacities, the capabilities and all “specific processes” inner and autonomous to the “Specific Energy ‘SPIRIT’ Substance”.

It is so that, from countless “DIVINE PRIMARY WEALTH” that “THE DIVINE”, IHVH, our FATHER will share with each “ALTAR of ‘THE DIVINE’” which is covered by the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, through manifestation of metaphor, countless plants of “THE KNOWLEDGE OF THE DIVINE” will be produced, all different the one from the other and with a difference similar to that from one “DIVINE PRIMARY WEALTH” to another one.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific Energy ‘SPIRIT’ Substance” with the knowledge of the Holy nature of “THE SHEKINAH” — “THE THRONE OF THE DIVINE IN THE ATTRIBUTE ‘NON DIVINE’” — and its VITAL importance within the “Specific Energy ‘CELESTIAL’ Domain”; because it is the source of all life and subsistence of everything that will be created in the “Specific Energy ‘CELESTIAL’ Domain”, in the “‘SPIRIT’ Specific State”, as manifestations of metaphors of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”.

Inside “THE DIVINE DOMAIN”, all elements of communication reside in “THE DIVINE ARCHITECT AND PROJECT MASTER”, and are expressed in “THE SILENCE”.

“THE DIVINE”, IHVH, our FATHER has chosen to share such “DIVINE PRIMARY WEALTH” with this “Specific Energy ‘SPIRIT’ Substance”.

Therefore, “THE DIVINE ARCHITECT AND PROJECT MASTER” has also endowed the “Specific Energy ‘SPIRIT’ Substance” with capabilities and with “specific processes” allowing it to communicate individually with another “Specific Energy ‘SPIRIT’ Substance” and this:

- Without going through a manifestation or an expression through the “Specific Energy ‘CELESTIAL’ Envelope” which covers it;
- Regardless of the distance between the two “Specific Energy ‘SPIRIT’ Substances” that are in communication;

- With only the two concerned “Specific Energy ‘SPIRIT’ Substances” being aware of the communication, or even that a communication has been established.

The “Specific Energy ‘SPIRIT’ Essence Substance” and the “Specific Energy ‘SPIRIT’ Substance” which covers it are in “‘SPIRIT’ Specific States”, and thus the “‘LIGHT’ Specific State” is absent in these two structures. Therefore, in the absence of elements of “THE ‘LIGHT’ REASON” in these two structures, all elements of communication, the “unique words”, the predicates, and the elements of “THE ‘SPIRIT’ REASON” will remain in the “Specific Energy ‘SPIRIT’ Essence Substance” and in the “Specific Energy ‘SPIRIT’ Substance” which covers it, and will not never “take body”. It is like a kind of telepathy²⁵⁵.

When the message that is transmitted in such communication is a message perceptible by the unique “Specific ‘SPIRITUAL’ Visual Structure” of “THE SEAT OF THE INTELLECT” in the “Specific Energy ‘SPIRIT’ Substance”, for internal “on screen display”, then, most often one speaks of “VISION”, or “VISION”-enabled communication, or communication by “VISIONS”. Here, a live message is transmitted firstly to “THE SEAT OF WISDOM”, which is “The ALTAR of ‘THE DIVINE’”, by an external and remote source, which primarily is “THE DIVINE”, IHVH, our FATHER or by “THE DIVINE FORCE”. Secondly, “THE SEAT OF WISDOM” decodes it and passes the result to “THE SEAT OF THE INTELLECT”, for further processing and internal “on screen display” to the unique “Specific ‘SPIRITUAL’ Visual Structure” of “THE SEAT OF THE INTELLECT” in the “Specific Energy ‘SPIRIT’ Substance”. This whole process of “VISION”-enabled communication is instantaneous and in real-time; it is a demonstration, a master piece of “divine engineering”. Such a communication from “THE SEAT OF THE INTELLECT” in one “Specific Energy ‘SPIRIT’ Substance” to “THE SEAT OF THE INTELLECT” in another “Specific Energy ‘SPIRIT’ Substance” is possible only with the consent of “THE DIVINE”, IHVH, our FATHER and when these two “Specific Energy ‘SPIRIT’ Substances” are in “HARMONY” with “THE DIVINE”, IHVH, our FATHER.²⁵⁶

When it comes to “VISION”-enabled communication, or communication by “VISIONS”, there are two modes of transmission of messages by a remote source: “individual” mode and “audience” mode of “VISION”-enabled communication. In

²⁵⁵ See conversation of June 25, 2006, Aristide with the Archangel MICHAEL.

²⁵⁶ See conversation of June 29, 2005, Aristide with the Archangel RAPHAEL

the “individual” mode of “VISION”-enabled communication, there is only one remote source interacting with only one receiver in real time. In “audience” mode of “VISION”-enabled communication, a remote source broadcasts in real-time to audiences of any size.²⁵⁷

When the “Specific Energy ‘SPIRIT’ Substance” (hence “THE SEAT OF THE INTELLECT”) is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, through “The ALTAR of ‘THE DIVINE’” which is in there, “THE SEAT OF THE INTELLECT” in this “Specific Energy ‘SPIRIT’ Substance” can appeal to “THE DIVINE”, IHVH, our FATHER and ask Him to connect it with “THE SEAT OF THE INTELLECT” in the “Specific Energy ‘SPIRIT’ Substance” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” with which it wants to enter into communication.

If the “Specific Energy ‘SPIRIT’ Substance” (hence “THE SEAT OF THE INTELLECT”) of this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” with which it wants to communicate is not in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, there will be a “VOID” between these two “SEATS OF THE INTELLECT” in these two “Specific Energy ‘SPIRIT’ Substances”.

If otherwise, the “Specific Energy ‘SPIRIT’ Substance” (hence “THE SEAT OF THE INTELLECT” inside it, and) receiver is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, with His consent, the communication between these two “SEATS OF THE INTELLECT” in these two “Specific Energy ‘SPIRIT’ Substances” will be established and they will be connected. The “HARMONY” with “THE DIVINE”, IHVH, our FATHER, is thus necessary to facilitate special communications links.

Performing “THE PRAISE” — “specific signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘SPIRIT’ Specific State” — by the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” and towards any manifestation into existence in the attribute “NON DIVINE” of a metaphor of the

²⁵⁷ Think of this as the “VIDEO”-enabled communication, which you are familiar with, for the transmission of information via live video streaming or through video sharing. With the “VIDEO”-enabled form of communication, information senders and recipients are able to interact using both audio and video. In order to establish connection, users might require internet, video communication equipment and/or special software. Whereas with the “VISION”-enabled communication, the “VIDEO” platform and display has been built and incorporated directly in “THE SEAT OF THE INTELLECT” inside you, and users require the consent of “THE DIVINE”, IHVH, our FATHER.

“INDISTINCT DIVINE FORM” which is in the “‘SPIRIT→LIGHT’ Specific State” and will be closest to it, is also part of this category of communication.

Such capacity that “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed “THE SEAT OF THE INTELLECT” in the “Specific Energy ‘SPIRIT’ Substance”, so that it can make such special communication, is called a “GIFT” of “THE DIVINE”, IHVH, our FATHER.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed more than a thousand (1000) “GIFTS” for “THE SEAT OF THE INTELLECT” in the “Specific Energy ‘SPIRIT’ Substance”²⁵⁸. Most of these “GIFTS” are sleeping and are not activated in “THE SEAT OF THE INTELLECT” in the “Specific Energy ‘SPIRIT’ Substance”. It is “THE DIVINE FORCE” who activates a particular “GIFT” in “THE SEAT OF THE INTELLECT” in a “Specific Energy ‘SPIRIT’ Substance” that SHE has Herself chosen to accomplish special tasks in “THE HOLY PROJECT”.

All these “GIFTS” are manifestations of the particulars of “THE DIVINE FORCE”, and from the perspective of each “GIFT”, “THE DIVINE FORCE” will be known under the “unique word” for this “GIFT”, to accomplish the task that “THE DIVINE FORCE” will have placed in “THE SEAT OF THE INTELLECT” in that “Specific Energy ‘SPIRIT’ Substance”.

It is so that, through all these capabilities, all these “GIFTS” expressed in “THE SEAT OF THE INTELLECT” in the “Specific Energy ‘SPIRIT’ Substance”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established the “Specific Energy ‘SPIRIT’ Substance” in order to be able to share “THE KNOWLEDGE OF THE DIVINE” with this “Specific Energy ‘CELESTIAL’ Domain”, through this “Specific Energy ‘SPIRIT’ Substance” constituent of the “‘SPIRIT←SPIRIT’ Body”, and to lead the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures”, which will be produced from the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, and will never see this “Specific Energy ‘SPIRIT’ Substance”, to know and understand the particulars of “THE DIVINE FORCE” and also those of “THE DIVINE ARCHITECT AND PROJECT MASTER”.

Whether the “Specific Energy ‘SPIRIT’ Substance” is either “awake” or “asleep”, the “specific work” accomplished by its “specific processes” does not stop, but it is accompanied by a change (decrease) more or less large of its “‘SPIRIT’ specific

²⁵⁸ See conversation of July 8, 2006 concerning the “GIFT OF VISION”, Aristide with the Archangel MICHAEL.

supply of subsistence”, depending upon whether some of its structures are “awake” or “asleep”.

This lack of “‘SPIRIT’ specific supply of subsistence” which ensues from the “specific work” accomplished by the “specific elementary processes”, is always necessary for the proper functioning of the “Specific Energy ‘SPIRIT’ Substance”, and is still called the “NEED” (or also the “DEFICIT”) of “‘SPIRIT’ specific supply of subsistence” from the “Specific Energy ‘SPIRIT’ Substance”.

The “Specific Energy ‘SPIRIT’ Substance” is in a “NEED” (or also a “DEFICIT”) of “‘SPIRIT’ specific supply of subsistence” when at least one of its constituent “Specific Atomic ‘SPIRIT’ Substance” is in a “NEED” (or also a “DEFICIT”) of “‘SPIRIT’ specific supply of subsistence”.

It is from these “Specific Atomic ‘SPIRIT’ Substances” which are in a “NEED” (or also a “DEFICIT”) of “‘SPIRIT’ specific supply of subsistence” that one defines the type of spiritual “NEED” (or also a “DEFICIT”) which will be made manifest through the “Specific Energy ‘CELESTIAL’ Envelope”.

The “‘SPIRIT’ specific supply of subsistence” of the “Specific Energy ‘SPIRIT’ Substance” is not eternal in this “Specific Energy ‘SPIRIT’ Substance”, because this “Specific Energy ‘SPIRIT’ Substance” is attached to the attribute “NON DIVINE”.

It is so that, this “‘SPIRIT’ specific supply of subsistence” exhausts in this “Specific Energy ‘SPIRIT’ Substance” depending upon the work accomplished by the “specific processes” of the “Specific Energy ‘SPIRIT’ Substance” and within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for it.

However, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “‘SPIRIT’ specific supply of subsistence” of the “Specific Energy ‘SPIRIT’ Substance” so that it can be renewed from the overloads of “The ALTAR of ‘THE DIVINE’” inside the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

The crude “‘SPIRIT’ specific supply of subsistence” of “The ALTAR of ‘THE DIVINE’” inside the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model can be renewed directly by “THE DIVINE FORCE” following reception of “THE WORD OF THE DIVINE” or else it can be continuously renewed through this “ALTAR of ‘THE DIVINE’” following a cycle with seven “transformation steps”, catalyzed by the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific

‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance”, and through the “Causal Precedence Relation of ‘THE PRAISE’”, between “The ALTAR of ‘THE DIVINE’” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model and “The ALTAR of ‘THE DIVINE’” which is inside “THE SHEKINAH” — “THE THRONE OF THE DIVINE IN THE ATTRIBUTE ‘NON DIVINE’” —, and by “The Specific Process of Attachment to ‘THE DIVINE’” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established.

Each “transformation step” of this cycle is a unique manifestation in the attribute “NON DIVINE” of a metaphor of the seven “transformation steps” of the products of the “divine work”, accomplished by the “Generative Divine Particle”, by the products of the “divine work” accomplished by the six “Formative Divine Particles” in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”. Each step of this cycle is completed within a “measure of transformation step” and the seventh “transformation step” is that of completion of the cycle.

Once this crude “‘SPIRIT’ specific supply of subsistence” of “The ALTAR of ‘THE DIVINE’” inside the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model has been renewed, then, the surpluses of products of the “specific work” accomplished by “The ALTAR of ‘THE DIVINE’” inside the “Specific Energy ‘SPIRIT’ Substance” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, are transmitted to the “Specific Energy ‘SPIRIT’ Substance” through the “Specific ‘SPIRIT←SPIRIT’ Frontier”, in the form of diluted “‘SPIRIT’ specific supply of subsistence”, to be distributed to the edges of all the various “Specific Atomic ‘SPIRIT’ Substances” constituents of the structures of the “Specific Energy ‘SPIRIT’ Substances” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific ‘CELESTIAL←SPIRITUAL’ Frontier” with “specific nerves” — which are actually structures that “THE DIVINE FORCE” will build from “Specific Atomic ‘SPIRIT’ Substances”, and which are receivers and transmitters of signals — that are in contact with the “Specific Energy ‘CELESTIAL’ Envelope” and allow to facilitate the exchange of communication (reception and transmission of instructions, specific signals) both between the “Specific Energy ‘SPIRIT’ Substance” and the “Specific Energy ‘CELESTIAL’ Envelope” and between the “Specific Energy ‘SPIRIT’ Substance” and the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance”.

יצירה נצחית ספר

CHAPTER 131

The “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model is the combined group which is formed by the “Specific ‘SPIRITUAL←SPIRIT’ Frontier”, the “Specific Energy ‘SPIRIT’ Substance”, and “The ALTAR of ‘THE DIVINE’”.

This “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” is a manifestation in the attribute “NON DIVINE” of a metaphor of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM” which is within “THE DIVINE DOMAIN”

“THE DIVINE ARCHITECT AND PROJECT MASTER” has established fixed dimensions and functional particulars that HE has assigned to this “SPIRIT←SPIRIT’ Body” so that it performs its due relevant role.²⁵⁹

These dimensions as well as the functional particulars are fixed, and this “SPIRIT←SPIRIT” Body” as seen by “THE EYE OF THE DIVINE”, is similar to a drop of energy in the entire “Specific Energy ‘CELESTIAL’ Substance”, and having two components: a first component in the “‘SPIRIT’ Specific State” and containing in it a second component also in the “‘SPIRIT’ Specific State”.

These dimensions are the same and do not vary from one “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” to another “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

The “SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model is a generic model of products of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine

²⁵⁹ It is this “‘SPIRIT←SPIRIT’ Body”, in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, which will enliven the “Specific Energy ‘CELESTIAL’ Envelope” of the manifestation of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

Particles” all in the “‘SPIRIT’ Divine State”. It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed “THE SEAT OF THE INTELLECT” in the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, with a manifestation of “The Walk within the Acronym IHVH”; the Governing Law of the Behavior of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”. Once it will be produced into existence, in the attribute “NON DIVINE”, no “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, product of the mould which is called the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, will escape this law; as we have already indicated, it is to make this clear, that it is said that “nothing can escape from the authority of IHVH”.

Through “The Walk within the Acronym IHVH”, the manifestation of the road to “PLENITUDE” is present inside the “‘SPIRIT←SPIRIT’ Body”. It still starts with “HE WHO IS ABOVE” (through “GRACE”, and associated “PURITY”, and “TRUTH”) and goes to “HE WHO ARRIVES” (through “COMPREHENSION”, and associated “LIGHT”, and “LOVE”), then moves on to “HE WHO EXISTS” (through “PERCEPTION”, and associated “SCIENCE”, and “MEMORY”) and completes with “HE WHO WILL EXIST” (through “INTELLIGENCE”, and associated “PERFECTION”, and “HARMONY”). In the first quadrant, “GRACE”, and associated “PURITY”, and “TRUTH” provide inputs to the manifested road to “PLENITUDE” in the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, and “PLENITUDE” is obtained after completion of the fourth quadrant, through “INTELLIGENCE”, and associated “PERFECTION”, and “HARMONY”.

As we have already indicated: “GRACE”, “PURITY”, “TRUTH”, “COMPREHENSION”, “LIGHT”, “LOVE”, “PERCEPTION”, “SCIENCE”, “MEMORY”, “INTELLIGENCE”, “PERFECTION”, “HARMONY”, “PLENITUDE”, etc... are all manifested aspects of “THE DIVINE FORCE”: they are all designations, they are all names, of “THE DIVINE FORCE”, seeing from different angles. When unity with “THE DIVINE FORCE”, seeing from a considered angle, is present in the “‘SPIRIT←SPIRIT’ Body”, then, that aspect of “THE DIVINE FORCE” is manifested through that “‘SPIRIT←SPIRIT’ Body”. For example, “PERFECTION” is unity with “THE DIVINE FORCE” under Her designation (or seeing from the angle) of “THE PERFECT SEAL OF THE DIVINE”. Without “PERFECTION”, the “‘SPIRIT←SPIRIT’ Body”, and consequently the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” associated with that “‘SPIRIT←SPIRIT’ Body”, is in “IMPERFECTION”; that is, it is “IMPERFECT”. It is so that, without unity with “THE DIVINE FORCE”, the “‘SPIRIT←SPIRIT’ Body”, and consequently the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”

associated with that “‘SPIRIT←SPIRIT’ Body”, will not be able to achieve “PLENITUDE”.

As we have indicated already, maintaining “PURITY” is the key fundamental prerequisite necessary to achieving “PLENITUDE” through “The Walk within the Acronym IHVH”. “TRUTH” can be difficult to grasp when one does not have knowledge of “THE REASON” (clearly understood, of the unique “Divine Septenary Configuration” of seven “Divine Particles”). However, “PURITY” is not difficult to grasp; where “PURITY” is present in a manifested product of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”, in the attribute “NON DIVINE”, there also are present “TRUTH” and “GRACE”. “PURITY” from “HE WHO IS ABOVE” is at the basis of all the constructs defined by this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”; it has epithet function in all the attributes of the products of this “DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

If “THE SEAT OF THE INTELLECT” in the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, is “UNHOLY”, then “PURITY” will fail to be present in its products, and “TRUTH” and “GRACE” also will not be present in those products of “THE SEAT OF THE INTELLECT”. Instead, “IMPURITY”, “LIES” and “DISGRACE”, which are opposite, will be present, and “The Walk within the Acronym IHVH” will still operate with “IMPURITY”, “LIES” and “DISGRACE” as inputs in the first quadrant, and at each step of “The Walk within the Acronym IHVH”, and opposite attributes will be produced. It is so that, in the second quadrant, the “children” of “IMPURITY”, “LIES” and “DISGRACE”, which are called “INCOMPREHENSION”, “OBSCURITY”, and “HATRED”, will be the products of “THE SEAT OF THE INTELLECT”. In the third quadrant, “PERCEPTION” will be replaced by the residuals of “Interpreted THOUGHTS” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, and the “SCIENCE” and “MEMORY” associated with “PERCEPTION”, will be contaminated with “IMPURITY”, “LIES” and “DISGRACE” inherited from the first quadrant, and also they will be contaminated with “INCOMPREHENSION”, “OBSCURITY”, and “HATRED” inherited from the second quadrant. In the fourth quadrant, what has emerged from the residuals of “Interpreted THOUGHTS” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, will be the “seed” to “LACK OF INTELLIGENCE”, and “IMPERFECTION” and “CHAOS”, which will be the characteristic of “THE SEAT OF THE INTELLECT”.

Thus, once it will be produced into existence, in the attribute “NON DIVINE”, the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, through “THE SEAT OF THE INTELLECT” in its “‘SPIRIT←SPIRIT’ Body”, is called to stand in “PURITY” and

“TRUTH”. If it fails to do so, then “IMPERFECTION” and “CHAOS” will be its characteristics.

Due to this manifestation of “The Walk within the Acronym IHVH”, knowledge of the conditions in which “THE SEAT OF THE INTELLECT” stands, implies knowledge of the conditions in which “THE SEAT OF THE INTELLECT” will stand, if it keeps its course unchanged. In parables, it is said that:

- “To know the end, one must stand in the beginning; for, where is the beginning, there also will be the end.”
- “He, who will not stand in “PURITY”, will not know “PLENITUDE”, and hence, he will not know “THE DIVINE”...”
- “The wicked (those in whom “THE SEAT OF THE INTELLECT” is “UNHOLY”) will act with impiety ... but thoughtful people will understand (these things being written for them, because “PURITY” is still present in them).”

“COMPREHENSION” is the “child” of “GRACE”, and associated “PURITY”, and “TRUTH”; that is why the calling is sent in parables saying: “Stand in “PURITY” and you will receive “COMPREHENSION” ...”, or “BE PURE” and you will “COMPREHEND”.²⁶⁰

²⁶⁰ It was for the purpose to bring his disciples to understand such things, through discernment, that CHRIST washed their feet, before the feast of the Passover.

Why did CHRIST wash their feet and not their hands? The foot is the terminal part of the lower limb, articulated to the leg by the ankle, terminated by five fingers and constituting, by its ability to rest flat on the ground, **the main element of standing and walking**. Have clean feet means: Stand (and implied, walk) in “PURITY”. When you stand in “PURITY” then you are entirely in “PURITY”. Your hands, your head, are thus in “PURITY”, and then what you are accomplishing are thus the offspring of “PURITY” and these are: “COMPREHENSION”, “LIGHT”, and “LOVE”.

It is thus that, after He had washed their feet, CHRIST asked them: “*Did you understand this gesture that I made to you?*”

But his disciples, just like most humans and all celestial creatures, who are unaware of the existence of “The Walk within the Acronym IHVH” which has been implemented in them and cannot escape from it, could not understand that by this manifested gesture, HE was asking them to stand in “PURITY” because, like any creature, they were all subjected to “The Walk within the Acronym IHVH”, just as he (CHRIST) stood in the “PURITY”.

Asleep in the “dusty soil”, humans will subsequently, through the ages, imitate and make this manifested physical gesture of “washing the feet” and as soon as they have performed

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific ‘SPIRITUAL←SPIRIT’ Frontier” with “specific nerves” which are in contact with the “Specific Energy ‘CELESTIAL’ Envelope” and with the “Specific Energy ‘SPIRIT’ Substance” contained in the “Specific Energy ‘CELESTIAL’ Envelope”.

It is through “specific signals” collected by these “specific nerves” of the “Specific ‘SPIRITUAL←SPIRIT’ Frontier” that radiation from this “Specific ‘SPIRITUAL←SPIRIT’ Frontier” is made visible to the “Specific ‘SPIRITUAL’ Visual Structure” of the “Specific Energy ‘SPIRIT’ Substance”.

However, this “Specific ‘SPIRITUAL’ Visual Structure” cannot see either the “Specific Energy ‘SPIRIT’ Substance”, or “The ALTAR of ‘THE DIVINE’”, or what is there inside that altar. Only “THE EYE OF THE DIVINE” sees the “Specific Energy ‘SPIRIT’ Substance” and sees “The ALTAR of ‘THE DIVINE’” and also the “Specific Energy ‘SPIRIT’ Essence Substance” which is in there.²⁶¹

It is through the “Specific ‘SPIRITUAL←SPIRIT’ Frontier” that the “Specific ‘SPIRIT’ Language” of the “Specific Energy ‘SPIRIT’ Substance” is transmitted to the “Specific ‘SPIRITUAL’ Environment” external and immediate around the

this manifested physical gesture, they immediately return to their “business as usual” activities and to stand in “IMPURITY” in all its forms, as in a “closed loop”.

Only one, that one who was “RIGHTEOUS” and remained so until he left this world, among his twelve disciples, stood and held his ground in “PURITY”; the remaining eleven had subsequently turned into “businessmen” (so to speak), exploiting their neighbors “with both arms”, “with their tongue” and as much as they could.

“... **Stand in “PURITY” and you will receive “COMPREHENSION”** ...”; all these things, CHRIST will tell you about it when you go to see him.

To “...Stand in “PURITY” and to hold ground in “PURITY” ...” is translated in the parable as: to “Wear the ARMOR of GOD”. As you would have understood by now, “THE DIVINE”, IHVH, our FATHER is “ABSOLUTE PURITY”, “PURITY” is HIS ARMOR! “PURITY” is the “sine qua non” condition, that is to say, the indispensable and essential ingredient, without which there could not be “HARMONY” between a creature (be it a “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” or any other creature) and “THE DIVINE”, IHVH, our FATHER.

²⁶¹ This stems from the nested relationships that we have already explained in a previous chapter, concerning the creation of the “Specific ‘PARTIALLY-SPIRITUAL’ Environment” in the attribute “NON DIVINE”, and in which we have also explained why is “THE DIVINE FORCE” invisible to any creature of the attribute “NON DIVINE”, and we have also explained why “THE DIVINE”, IHVH, our FATHER is also invisible to any creature of the attribute “NON DIVINE”.

It is so that, radiation from the “Specific ‘SPIRITUAL←SPIRIT’ Frontier” of “‘SPIRIT←SPIRIT’ Body” also indicates through the “Specific ‘SPIRITUAL’ Visual Structure”, just as “THE EYE OF THE DIVINE” sees the “Specific Energy ‘SPIRIT’ Substance”, the “TRUTHFUL” functioning status of this “Specific Energy ‘SPIRIT’ Substance”, in particular the functioning status of “The ALTAR of ‘THE DIVINE’”; this “TRUTHFUL” functioning status is not visible through the “Specific Energy ‘CELESTIAL’ Envelope”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has also endowed the “SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” with the capacity to move independently in the “Specific ‘SPIRITUAL’ Environment” without that, the “Specific Energy ‘CELESTIAL’ Envelope” that covers it, moves along.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has also endowed the “Specific Energy ‘SPIRIT’ Substance” with the capacity of duplication, which is also one of the manifestations of the particulars of “THE DIVINE FORCE”, to allow the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” containing that “Specific Energy ‘SPIRIT’ Substance” to be present simultaneously at several different places. Such duplication is possible only with the consent of “THE DIVINE”, IHVH, our FATHER and when the concerned “Specific Energy ‘SPIRIT’ Substance” is in “HARMONY” with “THE DIVINE”, IHVH, our FATHER, and for the purpose to perform “specific tasks” that “THE DIVINE”, IHVH, our FATHER would have entrusted it.

CHAPTER 131
THE “‘SPIRIT←SPIRIT’ BODY” OF THE “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ CREATURE” MODEL

The “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” has as such, the three characteristic parts of “THE DIVINE”, IHVH, our FATHER:

- A part which is reflection, thought, consciousness, understanding, discernment, with unlimited perceptions, which is contemplating itself, and allows to understand, to think, to analyze and “MAKE DECISIONS”. This part is “THE INTELLECT OF THE ‘SPIRIT←SPIRIT’ ‘CELESTIAL’ CREATURE”. This part is constituted by all the elements and constituents of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, including “THE SEAT OF THE INTELLECT”, which contribute to “THE INTELLECT” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

Everything that the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” will accomplish is first of all established by “THE INTELLECT OF THE ‘SPIRIT←SPIRIT’ ‘CELESTIAL’ CREATURE”.

- A part which accomplishes any instruction statement that “THE INTELLECT OF THE ‘SPIRIT←SPIRIT’ ‘CELESTIAL’ CREATURE” issues into existence, once this instruction has been established by “THE INTELLECT OF THE ‘SPIRIT←SPIRIT’ ‘CELESTIAL’ CREATURE”. This part, which complements “THE INTELLECT OF THE ‘SPIRIT←SPIRIT’ ‘CELESTIAL’ CREATURE”, is constituted by all the elements and constituents of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, which contribute to the accomplishment of any instruction that “THE INTELLECT OF THE ‘SPIRIT←SPIRIT’ ‘CELESTIAL’ CREATURE” issues into existence with the intention of accomplishing it.

This part is the “Inner Spiritual Motive Force” — “THE MOTIVE FORCE OF THE ‘SPIRIT←SPIRIT’ ‘CELESTIAL’ CREATURE”.

- A part which is other than “THE INTELLECT OF THE ‘SPIRIT←SPIRIT’ ‘CELESTIAL’ CREATURE” and also other than “THE MOTIVE FORCE OF THE ‘SPIRIT←SPIRIT’ ‘CELESTIAL’ CREATURE”. This part is made by the “Specific Energy ‘SPIRIT’ Essence Substance” and the “Specific Energy ‘SPIRIT’ Substance” both built from “Specific Atomic ‘SPIRIT’ Substances”.

It is so that, in the attribute “NON DIVINE”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed a concrete and living image to express the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”, which exists already within “THE DIVINE DOMAIN”.

This is why it is said of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” that, it is in the image of “THE DIVINE”, IHVH, our FATHER, to the “‘SPIRIT’ Divine State”, when this “‘SPIRIT←SPIRIT’ Body” designed and defined as such, is in “PURITY” and “HOLINESS”; that is, that it is in the image of “THE DIVINE FORCE” (“THE DIVINE WORKER”, better known under the name: “THE HOLY SPIRIT”). That is, that it is in the image of “THE HOLY SPIRIT”.

To be in the image of “THE HOLY SPIRIT”, has nothing to do with the external “Specific Energy ‘CELESTIAL’ Envelope” which will cover the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

This concrete and living image, which expresses the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”, which exists already within “THE DIVINE DOMAIN”, is linked to “THE DIVINE”, IHVH, our FATHER, through that, which is designated as “THE SEAT OF WISDOM”. “THE SEAT OF WISDOM”, which is located inside the attribute “NON DIVINE” in this concrete and living image, which expresses the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”, which exists already within “THE DIVINE DOMAIN”, is the “hub”, the effective centre, of communication in all its forms, with “THE DIVINE”, IHVH, our FATHER, who resides outside of the attribute “NON DIVINE”. It is through and inside “THE SEAT OF WISDOM”, that “THE DIVINE FORCE” will provide the temperature and the enlightenment intensity, that is, the illumination — “THE LIGHT” which allows to discern that, which conforms to the specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined —, and will be “THE SIGHT” for “THE SEAT OF THE INTELLECT”. Without “THE SEAT OF WISDOM”, this concrete and living image, which expresses the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM” that exists already within “THE DIVINE DOMAIN”, will not know anything at all coming from “THE DIVINE”, IHVH, our FATHER, and it will not have any “SIGHT”; it will be in that, which will be designated as “obscurity”. It is so that, with the added “SEAT OF WISDOM”, this concrete and living image, which expresses the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”, which exists already within “THE DIVINE DOMAIN”, is intended to live not only for itself, but also for “THE DIVINE”, IHVH, our FATHER through “THE SEAT OF WISDOM”. All what we have just described in this short paragraph is an application of the concept of “EXTENSION” of “THE DIVINE”, IHVH, our FATHER, to the attribute “NON DIVINE”, through the manifestation by

metaphor of the “‘SPIRIT←SPIRIT’ INDISTINCT DIVINE FORM”. Such “EXTENSION” will hold as long as “THE SEAT OF WISDOM” is in “PURITY”; for, “THE DIVINE”, IHVH, our FATHER is “ABSOLUTE PURITY”.

Such image is the result of analogical substitution, defined and applied by “THE DIVINE FORCE”, onto a unique “DIVINE PRIMARY WEALTH” — which already exist within “THE DIVINE DOMAIN” and which cannot be expressed in its form of origin which is within “THE DIVINE DOMAIN”, since the attribute “NON DIVINE” does not provide the divine conditions that are specific to express such forms of origin — following a unique angle defined by the attribute “SPIRIT” (or “PURITY”) of “THE DIVINE BODY”, and projected inside the attribute “NON DIVINE”.

Such image is a one-dimensional “projection”, into the attribute “NON DIVINE”, of a “DIVINE PRIMARY WEALTH” with respect to its attribute “SPIRIT”; the filter through which this “projection” is made possible, is “THE DIVINE FORCE”.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, in this way, in order to be able to share “THE KNOWLEDGE OF THE DIVINE” with this “Specific Energy ‘CELESTIAL’ Domain”, through this “‘SPIRIT←SPIRIT’ Body”, and to lead the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures”, which will be produced from the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, to know and understand “THE DIVINE” in the “‘SPIRIT’ Divine State”.

יצירה של ספר

THE “SPECIFIC ‘CELESTIAL’ GARMENT” OF THE “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ CREATURE” MODEL

For the “SPIRIT” specific supply of subsistence” emitted by “The ALTAR of ‘THE DIVINE”” which is inside “THE SHEKINAH” — “THE THRONE OF THE DIVINE

IN THE ATTRIBUTE ‘NON DIVINE’” — to contribute to the wellness of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “Specific ‘CELESTIAL’ Garment” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model from “Specific Atomic ‘CELESTIAL’ Substances” which HE had designed Himself from the “Specific Elementary ‘CELESTIAL’ Particle”, and following the model of the “Specific Energy ‘SPIRITUAL’ Envelope” in the original “Specific Energy ‘SPIRIT←LIGHT’ Bridge” model.

The “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” is also protected, from the non-spiritual “Specific ‘CELESTIAL’ Environment”, by this “Specific ‘CELESTIAL’ Garment”.

The “Specific Energy ‘SPIRIT’ Substance” is visible only to “THE EYE OF THE DIVINE” and it is this “Specific ‘CELESTIAL’ Garment” which will allow to make visible and manifest, in the non-spiritual “Specific ‘CELESTIAL’ Environment”, both:

- The presence of the “Specific Energy ‘SPIRIT’ Substance” contained in the “‘SPIRIT←SPIRIT’ Body”; and
- The instructions generated by “THE SEAT OF THE INTELLECT” in the “Specific Energy ‘SPIRIT’ Substance” and transmitted to the “Specific ‘CELESTIAL’ Garment”.

For this purpose and to allow the prehension of the non-spiritual “Specific ‘CELESTIAL’ Environment” external and immediate around the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has also endowed the “Specific ‘CELESTIAL’ Garment” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model with basis structures, instincts, which are analogous to the basis structures and instincts of the “Specific Energy ‘SPIRIT’ Substance” constituent of the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

These basis structures and instincts of the “Specific ‘CELESTIAL’ Garment” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model allow to collect “specific signals” emitted by the non-spiritual “Specific ‘CELESTIAL’ Environment” external and immediate around this “Specific ‘CELESTIAL’ Garment”.

This basis structures are also “Specific Sensory Sensors” built from layers of “Specific Atomic ‘CELESTIAL’ Substances” and activated by the reception of “specific signals”.

Once collected by these basis structures, the “specific signal” emitted by the non-spiritual “Specific ‘CELESTIAL’ Environment” external and immediate around this “Specific ‘CELESTIAL’ Garment” is subsequently transmitted, through its layers of constituents “Specific Atomic ‘CELESTIAL’ Substances” towards the “Specific ‘CELESTIAL←SPIRITUAL’ Frontier” and to be received by the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

Depending upon the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific ‘CELESTIAL’ Garment” considered, the internal “specific processes” of the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” will start working as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established them.

At the end of execution of the “specific work” of these “specific processes”, the entire the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” will emit instructions in return as output “specific signal” in the form of a more or less luminous radiation and will adopt a predefined specific spiritual behavior as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it.

It is this internal output “specific signal” and the spiritual behavior adopted by the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” that are transmitted both to:

- The “Specific ‘CELESTIAL’ Garment” to be made manifest in the non-spiritual “Specific ‘CELESTIAL’ Environment” external and immediate around the “Specific ‘CELESTIAL’ Garment”; and
- To the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

The various “specific signals”, identifiable and meaningful, genuine and harmonious, that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and predefined for the “Specific Energy ‘SPIRIT’ Substance” constituent of the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” cannot all be made manifest in the non-spiritual “Specific ‘CELESTIAL’ Environment” external and immediate around the “Specific ‘CELESTIAL’ Garment” due to:

- The limitations of memory assigned to “THE SEAT OF THE INTELLECT” in the “Specific Energy ‘SPIRIT’ Substance” and the

elements of “THE ‘SPIRIT’ REASON” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has imposed upon the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model²⁶², and

- The properties and fundamental laws of the nature of the “Specific ‘SPIRITUAL’ Environment”, which are different from those of the non-spiritual “Specific ‘CELESTIAL’ Environment”.

All the various “specific signals”, identifiable and meaningful, genuine and harmonious, that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and predefined for the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” and which are transmitted to the “Specific ‘CELESTIAL’ Garment” to be made manifest in the non-spiritual “Specific ‘CELESTIAL’ Environment” external and immediate around the “Specific ‘CELESTIAL’ Garment”, constitute the “‘CELESTIAL’ Language” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

Just as the “Specific ‘SPIRIT’ Language”, the “‘CELESTIAL’ Language” will remain in “THE SILENCE” and will never “take body” in the absence of elements of “THE ‘LIGHT’ REASON” in the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

This “‘CELESTIAL’ Language” can be stained with impurities; that is, it can be manipulated or simulated when the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” expressing it is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”. And in this case, such an expression stained with impurities will be designated by a word which translates into human language by: “UNTRUTH”, that is a “LIE”. Therefore, the “‘CELESTIAL’ Language” may not be “TRUTHFUL”, whereas the “Specific ‘SPIRIT’ Language” is always “TRUTHFUL”.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific ‘CELESTIAL’ Garment” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model with specialized structures built from layers of “Specific Atomic ‘CELESTIAL’ Substances” and through which internal “specific signals” or instructions emitted by “THE SEAT OF THE INTELLECT” within the “Specific Energy ‘SPIRIT’ Substance” constituent of the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” can be transmitted in the form of

²⁶² See conversation of July 25, 2006, concerning the “‘CELESTIAL’ Language” and the language of human creatures and their limitations, Aristide with the Archangel MICHAEL.

“specific signals” (for example by the realization of specific expressions and gestures or audible sounds, etc...) to the non-spiritual “Specific ‘CELESTIAL’ Environment” external and immediate around the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

Among these specialized structures that “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific ‘CELESTIAL’ Garment”, are: the “Specific ‘CELESTIAL’ Tegumentary Structure”, the “Specific ‘CELESTIAL’ Visual Structure”, “Specific ‘CELESTIAL’ Auditory Structure”, and the “Specific ‘CELESTIAL’ Olfaction Structure”.

It is the “Specific ‘CELESTIAL’ Tegumentary Structure” that will allow the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” to collect tactile signals, including those resulting from variations in pressure and temperature, emitted by various forms of “Specific Energy ‘CELESTIAL’ Substances” present in the non-spiritual “Specific ‘CELESTIAL’ Environment” external and immediate around the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” considered. “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed this “Specific ‘CELESTIAL’ Tegumentary Structure” with “specific reflecting constructs” of “Specific Atomic ‘CELESTIAL’ Substances”, which allow to selectively absorb and reflect electromagnetic waves, which transport luminous radiation emanating from “THE SHEKINAH” — “THE THRONE OF THE DIVINE IN THE ATTRIBUTE ‘NON DIVINE’” — within the “Specific Energy ‘CELESTIAL’ Domain”, to instantly manifest vivid colors, predominantly of “structural origin”, in order to present different appearances of the “Specific ‘CELESTIAL’ Garment”. We have explained the concept of manifested colors of structural origin, also designated as “structural coloring”, in one previous chapter. It is thus that the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” will be able to perform spectacular color changes of the external appearance of the “Specific ‘CELESTIAL’ Garment”.²⁶³

It is the “Specific ‘CELESTIAL’ Visual Structure” that will allow the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” to collect the luminous radiation

²⁶³ This is the origin of what you see in the fauna in its entire splendor, especially the plumage of some birds, peacocks, butterflies, the garment in the families of panther chameleons, scarlet macaws, clown fish, toucans, blue-ringed octopuses, and so many more, which reflects luminous radiation and makes it more vivid, in the world in which you are living, and that you are already familiar with. “THE DIVINE FORCE” will project this feature on the “fauna” in the “Plane Below” in the world in which you are living. In another chapter below, we shall explain that “projection” and the motives behind it.

emitted by various forms of “Specific Energy ‘CELESTIAL’ Substances” present in the non-spiritual “Specific ‘CELESTIAL’ Environment” external and immediate around the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” considered, with the exception of the luminous radiation emanating directly from “THE SHEKINAH” — “THE THRONE OF THE DIVINE IN THE ATTRIBUTE ‘NON DIVINE’” — within the “Specific Energy ‘CELESTIAL’ Domain”.

The luminous radiation emanating directly from “THE SHEKINAH” — “THE THRONE OF THE DIVINE IN THE ATTRIBUTE ‘NON DIVINE’” — within the “Specific Energy ‘CELESTIAL’ Domain” is such that the “Specific ‘CELESTIAL’ Visual Structure” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, with exception of the Archangel MICHAEL²⁶⁴, cannot withstand this luminous radiation without having the electrical overload that this “Specific ‘CELESTIAL’ Visual Structure” will receive and transmit instantly through its layers of constituents “Specific Atomic ‘CELESTIAL’ Substances” towards the “Specific ‘CELESTIAL←SPIRITUAL’ Frontier” and to be received by the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, causing considerable damages immediately to both this “Specific ‘CELESTIAL’ Visual Structure” and the structure of this receiving “Specific Energy ‘SPIRIT’ Substance”, and as a result the “DEATH” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” in question.

To prevent that such damages arise, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed an appropriate “protective veil”, constructed using “Specific Atomic ‘CELESTIAL’ Substances” and, that the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” must place in front of its “Specific ‘CELESTIAL’ Visual Structure” to protect it from the luminous radiation emanating directly from “THE SHEKINAH”, every time that this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” comes in the vicinity of the “Specific ‘CELESTIAL’ Environment” immediate and around “THE SHEKINAH” — “THE THRONE OF THE DIVINE IN THE ATTRIBUTE ‘NON DIVINE’” — within the “Specific Energy ‘CELESTIAL’ Domain”.²⁶⁵

²⁶⁴ See conversation of July 25, 2006 concerning the “Light” which makes blind, Aristide with the Archangel MICHAEL.

²⁶⁵ This is the origin and purpose of the “protective veil”, the wearing of which will be later, during the course of the “Second Phase” of “THE HOLY PROJECT”, transmitted by the celestial creatures onto human creatures for usage whenever they (human creatures) come in the vicinity of a “Holy Place”. In so doing, the celestial creatures, who claimed to have created the human creature, and who pretend to be “gods” (which they are not) and

It is the “Specific ‘CELESTIAL’ Auditory Structure” that will allow the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” to collect auditory signals emitted by the non-spiritual “Specific ‘CELESTIAL’ Environment”, external and immediate, around it.

It is the “Specific ‘CELESTIAL’ Olfaction Structure” that will allow to collect the odorific aspect (odour) emitted by the non-spiritual “Specific ‘CELESTIAL’ Environment”, external and immediate, around it.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has also endowed this “Specific ‘CELESTIAL’ Garment” with a non-rigid structure and a basis standard shape for the “Specific ‘CELESTIAL’ Garment”.

In relation with this non-rigid structure, HE has endowed the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” with an internal ability of metamorphosis to instantly change the shape or external appearance of its “Specific ‘CELESTIAL’ Garment” and take any other shape or external appearance.

This instantaneous change of shape or external appearance of the “Specific ‘CELESTIAL’ Garment” may be so important that the shape of the resulting “Specific ‘CELESTIAL’ Garment” will not be anymore recognizable of the shape of the previous external appearance, and not anymore recognizable from its standard shape.²⁶⁶

“deities” (which they are not either), towards human creatures, will be demonstrating that: (1) they have no knowledge of the mold from which they, as celestial creatures, were carved into existence in this attribute “NON DIVINE”; (2) they have no knowledge of the mold from which the human creature was carved into existence in this attribute “NON DIVINE”; and, (3) they have no knowledge why the human creature was produced into existence in this attribute “NON DIVINE”. Human creatures in their miserable condition, which they have inherited from those celestial creatures, not having knowledge about the model from which they were produce into existence, will turn the notion of and purpose of the “protective veil” into something else.

²⁶⁶ When some of “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures” will be pulled out of death, and allowed to escape their definitive erasure from existence, in the “Specific Energy ‘CELESTIAL’ Domain” and hurled in the first “Specific Energy ‘EARTHLY’ Habitation Domain”, they will pretend to be “gods” (which they are not) and “deities” (which they are not either), towards human creatures.

It is so that, using these inner faculties of metamorphosis, these “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures” will subjugate human creatures who did not understand these

However, regardless of the shape or external appearance of the “Specific ‘CELESTIAL’ Garment”, the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” is not affected by such metamorphoses and the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” remains as such always identifiable.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has also endowed this “Specific ‘CELESTIAL’ Garment” with limbs specialized in the locomotion and underpinned by a non-rigid structure of the “Specific ‘CELESTIAL’ Garment”.

Any form taken by this “Specific ‘CELESTIAL’ Garment” has its own limbs specialized in locomotion, basis instincts, which will allow the prehension of the non-spiritual “Specific ‘CELESTIAL’ Environment” immediate and around the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, and which are suitable to the shape taken by the “Specific ‘CELESTIAL’ Garment”.²⁶⁷

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific ‘CELESTIAL’ Garment” with a “Specific ‘CELESTIAL’ Tactile Structure” (constituted by the organs of “touch”) allowing the prehension of the non-spiritual “Specific ‘CELESTIAL’ Environment” immediate and around the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

faculties that they described as supernatural as these “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures” changed the shape of their “Specific ‘CELESTIAL’ Garment” in front of these human creatures and in an unpredictable manner outside the ordinary course of things that were familiar to these human creatures. It is so that, in much the same way as putting a sharp razor clam in the hands of a one year old baby and letting him crawl around with it for its own destruction, these “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures” will also accelerate the destruction of human creatures by unveiling and by transferring, in these human creatures, the mechanisms that are at the base of these instant metamorphoses. As we have indicated in the previous annotation, in so doing, the celestial creatures, who claimed to have created the human creature, and who pretend to be “gods” (which they are not) and “deities” (which they are not either), towards human creatures, will be demonstrating that: (1) they have no knowledge of the mold from which they, as celestial creatures, were carved into existence in this attribute “NON DIVINE”; (2) they have no knowledge of the mold from which the human creature was carved into existence in this attribute “NON DIVINE”; and, (3) they have no knowledge why the human creature was produced into existence in this attribute “NON DIVINE”.

As ENOCH, of whom METHUSELAH is the descendant, had described in the writings which he left to human creatures, this will be the beginning of the insertion of witchcraft among human creatures.

²⁶⁷ See conversation of August 7, 2006, Aristide with the Archangel URIEL.

Signals emitted by the non-spiritual “Specific ‘CELESTIAL’ Environment” external and immediate around the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” are therefore collected differently on the basis of their properties, by these sensory organs.

It is so that, a same signal emitted by the non-spiritual “Specific ‘CELESTIAL’ Environment” external and immediate around the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” can be collected by different structures of “Specific Atomic ‘CELESTIAL’ Substances” constituents of the “Specific ‘CELESTIAL’ Garment”.

The speed of reception and transmission of “specific signals” in the “Specific Atomic ‘CELESTIAL’ Substances” and between the “Specific Atomic ‘CELESTIAL’ Substances” constituents of all components of the “Specific ‘CELESTIAL’ Garment” always determines the intensity and strength of the luminous radiation — the “EPHEMERAL GLOW ‘CELESTIAL’” (also called “light”) — which will be emitted by this “Specific ‘CELESTIAL’ Garment”. At this level of the “Specific ‘CELESTIAL’ Garment”, this “EPHEMERAL GLOW ‘CELESTIAL’” is the result of internal luminescence processes taking place inside the “Specific ‘CELESTIAL’ Garment” and the “‘SPIRIT←SPIRIT’ Body” contained in the “Specific ‘CELESTIAL’ Garment”.²⁶⁸

²⁶⁸ The term luminescence, which is opposed to that of incandescence (that is to say, of thermal origin), refers to the emission of electromagnetic radiation of non-thermal origin.

Certain “specific energy substances” have in fact this property to render, in the form of optical photons (visible, near ultraviolet or infrared), part of the energy which they have absorbed following an excitation which may be of chemical, electrical or other. These optical photons are found in excess with respect to the thermal emission conventionally associated with the temperature of the “specific energy substance”. The luminescence phenomenon therefore occurs according to an excitation phase followed by an emission phase. The latter, moreover, lasts much longer than the period of oscillation of the wave associated with the photon (a hundred picoseconds).

Not all “specific energy substances” that emit glow do so by luminescence. Very schematically, there are two kinds of glow emitted by “specific energy substances”: the so-called “warm” glow, or incandescence, and the so-called “cold” glow, or luminescence. In the incandescence case, the glow emission is of thermal origin. In the case of luminescence, it is not the temperature of the “specific energy substance” considered which determines the glow emitted, but other phenomena related to the structure of the “specific energy substance” considered. Luminescence is therefore specific to the emitting “specific energy substance”.

Therefore, this “Specific ‘CELESTIAL’ Garment” must be “NOURISHED” properly to preserve its functioning and also to maintain a good speed of reception and transmission of “specific signals” in the “Specific Atomic ‘CELESTIAL’ Substances” and between the “Specific Atomic ‘CELESTIAL’ Substances” constituents of the “Specific ‘CELESTIAL’ Garment”.

Whether the “Specific ‘CELESTIAL’ Garment” is “awake” or “asleep”, the “specific work” accomplished by its “specific processes” does not stop, but it is accompanied by a change (decrease) more or less large of its “‘CELESTIAL’ specific supply of subsistence”, depending upon whether some of its structures are “awake” or “asleep”.

This lack of “‘CELESTIAL’ specific supply of subsistence” which ensues from the “specific work” accomplished by the “specific elementary processes”, is always necessary for the proper functioning of the “Specific ‘CELESTIAL’ Garment”, and is still called the “NEED” (or also the “DEFICIT”) of “‘CELESTIAL’ specific supply of subsistence” from the “Specific ‘CELESTIAL’ Garment”.

The “Specific ‘CELESTIAL’ Garment” is in a “NEED” (or also a “DEFICIT”) of “‘CELESTIAL’ specific supply of subsistence” when at least one of its constituent “Specific Atomic ‘CELESTIAL’ Substance” is in a “NEED” (or also a “DEFICIT”) of “‘SPIRIT’ specific supply of subsistence”.

It is from these “Specific Atomic ‘CELESTIAL’ Substances” which are in a “NEED” (or also a “DEFICIT”) of “‘CELESTIAL’ specific supply of subsistence” that one defines the type of non-spiritual “NEED” (or also a “DEFICIT”) that the “Specific ‘CELESTIAL’ Garment” will express.

The “‘CELESTIAL’ specific supply of subsistence” of the “Specific ‘CELESTIAL’ Garment” is not eternal in this “Specific ‘CELESTIAL’ Garment”, because this “Specific ‘CELESTIAL’ Garment” is attached to the attribute “NON DIVINE”.

When you see a celestial creature shining, it is just the result of such internal luminescence processes, and which you are already familiar with, as such internal luminescence processes have also been expressed widely among animals, especially in the open sea, in marine vertebrates and invertebrates, as well as in some fungi, microorganisms including some bioluminescent bacteria and terrestrial arthropod such as fireflies. As a human creature, such internal luminescence processes have also been expressed in you, and they were damaged by the celestial creatures when they destroyed the first two human creatures. We will come to that destruction in the chapters below.

It is so that, this “‘CELESTIAL’ specific supply of subsistence” exhausts in this “Specific ‘CELESTIAL’ Garment” depending upon the work accomplished by the “specific processes” of the “Specific ‘CELESTIAL’ Garment” and within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established for it.

However, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “‘CELESTIAL’ specific supply of subsistence” of the “Specific ‘CELESTIAL’ Garment” so that it can be renewed.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has also endowed this “Specific ‘CELESTIAL’ Garment” with structures built from layers of “Specific Atomic ‘CELESTIAL’ Substances” whose role is to ensure, subsequently to an instruction emitted by the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, the renewal of the “‘CELESTIAL’ specific supply of subsistence” of the “Specific ‘CELESTIAL’ Garment”.

This renewal of the “‘CELESTIAL’ specific supply of subsistence” occurs by ingestion and the transformation of particular forms of the “Specific Energy ‘CELESTIAL’ Substance” present in the “Specific ‘CELESTIAL’ Environment” external and immediate around the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

These forms of the “Specific Energy ‘CELESTIAL’ Substance” may be among others, “‘CELESTIAL’ Food” such as “fruits”²⁶⁹ produce by the “Vegetal ‘CELESTIAL’ Creatures” into existence in the “Specific Energy ‘CELESTIAL’ Domain”.

Ingestion and transformation of these forms of the “Specific Energy ‘CELESTIAL’ Substance” are intended to:

1. Extract the “‘CELESTIAL’ specific supply of subsistence” and the nutrients needed to maintain the proper functioning of the “Specific ‘CELESTIAL’ Garment”, and;
2. Evacuate out of the “Specific ‘CELESTIAL’ Garment” and in the “Specific ‘CELESTIAL’ Environment”, the residues at the end of the transit of transformation.

The “‘CELESTIAL’ specific supply of subsistence” and nutrients extracted during the transit of transformation are transported by other layers of much more lightweight “Specific Atomic ‘CELESTIAL’ Substances”, which we shall call the

²⁶⁹ See conversations of July 02, 2005, Aristide with CHRIST.

“Specific ‘CELESTIAL’ Blood”, and transmitted to the “Specific Atomic ‘CELESTIAL’ Substances” constituents of the “Specific ‘CELESTIAL’ Garment”.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific ‘CELESTIAL’ Garment” of the capacity to regenerate following ingestion and the digestion of “‘CELESTIAL’ Food” and in so doing:

1. To increase the speed of reception and transmission of “specific signals” in the “Specific Atomic ‘CELESTIAL’ Substances” and between the “Specific Atomic ‘CELESTIAL’ Substances” constituents of all structures of the “Specific ‘CELESTIAL’ Garment” and;
2. To grow according to “specific processes”, as it was designed from a “Specific Atomic ‘SPIRIT’ Substance”.

Simultaneously to the absorption of “‘CELESTIAL’ specific supply of subsistence” and of nutrients extracted during transit processing of these forms of the “Specific Energy ‘CELESTIAL’ Substance” present in the “Specific ‘CELESTIAL’ Environment”, the “Specific ‘CELESTIAL’ Garment” is also nourished by “THE SPECIFIC SPIRITUAL FORCE OF LIFE” through its degree of presence in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific ‘CELESTIAL’ Garment”, and as a result of the execution of the three osmoses that ensue from the start-up of the “Causal Precedence Relation of ‘THE PRAISE’”, between “The ALTAR of ‘THE DIVINE’” in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model and “The ALTAR of ‘THE DIVINE’” which is inside “THE SHEKINAH” — “THE THRONE OF THE DIVINE IN THE ATTRIBUTE ‘NON DIVINE’”.

It is so that, through this ingestion and transformation of these forms of the “Specific Energy ‘CELESTIAL’ Substance”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has, in fact, endowed this “Specific ‘CELESTIAL’ Garment” with the capacity to synthesize various forms of “Specific Atomic ‘CELESTIAL’ Substances” constituents of the “Specific Energy ‘CELESTIAL’ Substance” constituent of the “Specific Energy ‘CELESTIAL’ Domain”.

This “Specific ‘CELESTIAL’ Garment”, which is, as such, a tilled delineated part of the “Specific Energy ‘CELESTIAL’ Substance”, is thus reminiscent of the “Vegetal ‘CELESTIAL’ Creature”.

In much the same as all manifestations of the “Vegetal ‘CELESTIAL’ Creature” model will be “INDISTINCT FORMS OF THE SPECIFIC ENERGY ‘CELESTIAL’ SUBSTANCE” having their attachments in the “Specific Energy ‘CELESTIAL’

Substance” constituent of the “Specific Energy ‘CELESTIAL’ Domain”, so it was designed and lined up to be for all manifestation of this “Specific ‘CELESTIAL’ Garment”.

Whereas the “GLORY OF THE SHEKINAH”, which pours on the “Specific Energy ‘CELESTIAL’ Domain”, will contribute to the wellness of the all “Vegetal ‘CELESTIAL’ Creatures” and all manifestation of this “Specific ‘CELESTIAL’ Garment”, it will be, however, “THE DIVINE WISDOM” — “THE TRUTH SUN” — who will contribute to the wellness of the plant of “THE KNOWLEDGE OF THE DIVINE”, the seed of which will be placed deep inside the “‘SPIRIT←SPIRIT’ Body” dressed with this “Specific ‘CELESTIAL’ Garment”.

As such, any manifestation, which is product of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, into existence, in the attribute “NON DIVINE”, will be reminiscent of a plant which is hidden inside a plant, and which will be the result of growth of a seed of “THE KNOWLEDGE OF THE DIVINE”, planted in a tilled delineated part of the “Specific Energy ‘CELESTIAL’ Substance”.

All possible instructions that the “Specific ‘CELESTIAL’ Garment” can execute and make manifest in the non-spiritual “Specific ‘CELESTIAL’ Environment” external and immediate around the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” have been designed by “THE DIVINE ARCHITECT AND PROJECT MASTER” and will be placed in “THE SEAT OF THE INTELLECT” in the “Specific Energy ‘SPIRIT’ Substance” by “THE DIVINE FORCE”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” DID NOT ENDOWED the “Specific ‘CELESTIAL’ Garment” with capacities which will allow it: to memorize and grow in the knowledge; to think, to reason, to “MAKE DECISIONS” — that is mark a separation between a course of action and its alternative, then, choose and accept by itself one of these two possibilities: the course of action or the alternative to the course of action — to acquire intelligence and to develop it throughout its existence.

Therefore, this capacity of the “Specific ‘CELESTIAL’ Garment” to receive and execute instructions, which will be issued by the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, is not autonomous to the “Specific ‘CELESTIAL’ Garment”; that is, the “Specific ‘CELESTIAL’ Garment” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model cannot decide by itself to execute or not the instructions that it receives from “THE SEAT OF THE INTELLECT” in the “Specific Energy ‘SPIRIT’ Substance” constituent of the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

It is so that, the “Specific ‘CELESTIAL’ Garment” communicates through the “Specific ‘CELESTIAL←SPIRITUAL’ Frontier” only with the “Specific Energy ‘SPIRIT’ Substance” constituent of the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” through the sending and the reception of “specific signals”, as “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed them.

The “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” is in the “‘SPIRIT’ Specific State”, a unique expression in the attribute “NON DIVINE” of a metaphor of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

The “primary transformation”, the “secondary transformation”, the “tertiary transformation”, the “quaternary transformation”, the “quinary transformation”, the “senary transformation”, and the “‘end of cycle’ transformation” take place in the “Specific Energy ‘SPIRIT’ Substance” constituent of this “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

It is so that, the “Specific Atomic ‘SPIRIT’ Substances” constituents of this “Specific Energy ‘SPIRIT’ Substance” will automatically regenerate during the course of the “‘end of cycle’ transformation” and following the “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

By synchronization of the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” with the “Specific ‘CELESTIAL’ Garment” that covers it, “THE DIVINE ARCHITECT AND PROJECT MASTER” has also expressed the “primary transformation”, the “secondary transformation”, the “tertiary transformation”, the “quaternary transformation”, the “quinary transformation”, the “senary transformation”, and the “‘end of cycle’ transformation” through the “Specific ‘CELESTIAL’ Garment”.

It is so that, the “Specific Atomic ‘CELESTIAL’ Substances” constituents of this “Specific ‘CELESTIAL’ Garment” will also automatically regenerate during the course of the “‘end of cycle’ transformation” (that is, to the seventh “transformation step”) and following the “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

In addition to the capacity to regenerate during the course of the “‘end of cycle’ transformation”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “Specific ‘CELESTIAL’ Garment” with “specific processes” through which the “Specific ‘CELESTIAL’ Garment” in its totality undergoes a “rejuvenation” process immediately at the completion of a cycle of “30 years” into

existence inside the attribute “NON DIVINE”, and through which it is restored, at the cellular level, to the “juvenile specific conditions” of birth in which it was produced (brought forth) into existence inside the attribute “NON DIVINE”. It is so that, at the completion of every cycle of “30 years” into existence inside the attribute “NON DIVINE”, the “Specific ‘CELESTIAL’ Garment” will automatically “rejuvenate” and return to the established characteristics of its “juvenile specific conditions” of birth, and the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” will appear to be “perdurable juvenile”.²⁷⁰ This “rejuvenation” process, however, does not apply to the “‘SPIRIT←SPIRIT’ Body” that will wear the “Specific ‘CELESTIAL’ Garment”. The “juvenile specific conditions” of birth associated with the production into existence of the “Specific ‘CELESTIAL’ Garment” and, which were established by “THE DIVINE ARCHITECT AND PROJECT MASTER” for the “Specific ‘CELESTIAL’ Garment” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model are those which are associated to the “11 years”-old aged “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” in the growth development of the “Specific ‘CELESTIAL’ Garment”;²⁷¹ that is to say, those of preteenager or “end of middle childhood” from the perspective of the growth of the “Specific ‘CELESTIAL’ Garment”.

When the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” will be produced (brought forth) into existence inside the attribute “NON DIVINE”, “THE SEAT OF THE INTELLECT” inside a given “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” will not go through the natural cognitive development, which is common and which will be observed in human creatures and, which precedes preteenager. As is the case with human creatures at the stage of preteenager or “end of middle childhood”, “THE SEAT OF THE INTELLECT” inside a given “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” will already have, at its production into existence inside

²⁷⁰ This property of the “Specific ‘CELESTIAL’ Garment” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” will be referred to as the “perdurable juvenile” condition of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

²⁷¹ This also clarifies the “why?”, on instructions of “THE DIVINE”, IHVH, our FATHER, the “first contact” of formal introduction between the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures”, which reside in the “Specific Energy ‘CELESTIAL’ Domain”, and a human creature (beside the first two human creatures, which were produced into existence, and few others), most often occurs when the human creature has reached the phase of preteenager or “end of middle childhood”, at “11 years”-old. It is most often when the human creature is “11 years”-old of age that the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures”, which reside in the “Specific Energy ‘CELESTIAL’ Domain”, reveal themselves to the human creature.

the attribute “NON DIVINE”, the developed cognitive abilities and the “innate capabilities” necessary to perform the tasks for which that “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” will be brought forth into existence inside the attribute “NON DIVINE”. Thus, at its production into existence inside the attribute “NON DIVINE”, and to the extent of the elements of “THE ‘SPIRIT’ REASON”, the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature, will already have “Interpreted THOUGHTS” in accordance with the age of preteenager or “end of middle childhood” and its abilities and it will already be operational and capable to:

- “THINK” and “REASON” through “hypothetico-deductive reasoning” and through the logical use of symbols related to abstract concepts related to the purpose and the tasks for which it will be brought forth into existence inside the attribute “NON DIVINE”;
- “Work” on “forms” or representations related to abstract concepts, that is to say mental representations of the relevant objects and actions, related to the purpose and the tasks for which it will be brought forth into existence inside the attribute “NON DIVINE” and systematically solve a problem in a logical and methodical way; hence, it will already be able to tell the difference between that, which is “a solution” and that, which is “not a solution” of a problem, that is to say, the difference between that, which is “CORRECT” and that, which is “INCORRECT”;
- Understand the concept of “self” and has self-knowledge of the purpose and the tasks for which it will be brought forth into existence inside the attribute “NON DIVINE”, in the social environment in which it will be brought forth into existence inside the attribute “NON DIVINE”, and will be able to develop standards and expectations for own behavior. The concept of “self” is at the base of the principle of individual consciousness, the object of it, but an active subject; it is all together personal identity, the dimension of invisible interiority, the ontological depth to which the individual character and individual destiny lean and build on into existence inside the attribute “NON DIVINE”.

Although from the perspective of “THE SEAT OF THE INTELLECT”, the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” will already be operational in accordance with the “innate capabilities” at age of preteenager or “end of middle childhood”, however from the perspective of “THE SEAT OF WISDOM”, the plant of the “THE KNOWLEDGE OF THE DIVINE” will be in the seed state and the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” will be similar to an embryo. The embryo, which develops in the uterus before it is born, has everything it needs

without ever having seen the one who sowed it. It will have to go through the different stages of the development of the plant of the “THE KNOWLEDGE OF THE DIVINE”, ranging from the implantation of the seed until maturity; ranging from the “spiritual awakening” to the “adult spiritual age” passing through the “spiritual childhood” and the “spiritual adolescence”.

In other words, every product coming out of the mould designated as the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, will be brought forth into existence inside the attribute “NON DIVINE” as an already developed “11 years”-old aged “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.²⁷²

The “Specific ‘CELESTIAL’ Garment” is driven through synchronization by the “‘SPIRIT←SPIRIT’ Body”, and “THE DIVINE ARCHITECT AND PROJECT MASTER” has established fixed dimensions and functional particulars that HE has assigned to this “‘SPIRIT←SPIRIT’ Body” so that it performs its due relevant role.

These dimensions as well as the functional particulars are fixed, and this “‘SPIRIT←SPIRIT’ Body” as seen by “THE EYE OF THE DIVINE”, is similar to a drop of energy in the entire “Specific Energy ‘CELESTIAL’ Substance”, and having two components: a first component in the “‘SPIRIT’ Specific State” and containing in it a second component also in the “‘SPIRIT’ Specific State”.

These dimensions are the same and do not vary from one “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” to another “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

Instead, the dimensions and the functional particulars of the “Specific ‘CELESTIAL’ Garment” will not be fixed and they will vary from one “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” to another “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

Regardless of the appearance, regardless of the shape taken by the “Specific ‘CELESTIAL’ Garment”, it remains an external “Specific Energy ‘CELESTIAL’ Envelope” whose purpose is to cover the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

²⁷² This knowledge about the “11 years”-old aged “juvenile specific conditions” of birth and the cycle of “30 years” for the “rejuvenation” process in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model was given directly by “THE DIVINE”, IHVH, our FATHER, while I was talking with him on others subjects.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established the “Specific ‘CELESTIAL’ Garment” of the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, in this way, in order to be able to share “THE KNOWLEDGE OF THE DIVINE” with this “Specific Energy ‘CELESTIAL’ Domain”, through the “‘SPIRIT←SPIRIT’ Body” and manifested on this “Specific ‘CELESTIAL’ Garment”, and to lead the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures”, which will be produced from the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, and will never see their “‘SPIRIT←SPIRIT’ Body”, to know and understand this “‘SPIRIT←SPIRIT’ Body” from the manifested particulars on their “Specific ‘CELESTIAL’ Garment” which these “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures” will be able to see; and therefore to know and understand “THE DIVINE” in the “‘SPIRIT’ Divine State”.

Added to “THE KNOWLEDGE OF THE DIVINE” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and that “THE DIVINE FORCE” has deployed in all forms through all manifestations of the “Vegetal ‘CELESTIAL’ Creature” model, each “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, endowed with a unique provision of “THE INTELLECT OF THE DIVINE”, and which will be manifested into existence in the “Specific Energy ‘CELESTIAL’ Substance” constituent of the “Specific Energy ‘CELESTIAL’ Domain” was called upon to understand that “THE DIVINE” has His attachments in Himself; From Himself HE has produced and developed the knowledge of Himself, from Himself HE produces Himself, from Himself HE is nourished, from Himself HE maintains His state of equilibrium.

It is only through deep knowledge and understanding of “THE DIVINE” that the creatures that would come into existence in the attribute “NON DIVINE” will share the state of indescribable joy, the ineffable gladness, and the immeasurable state of equilibrium that “THE DIVINE”, IHVH, our FATHER had discovered in “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” and as HE wanted it when HE decided to establish “THE HOLY PROJECT” and share his great “DIVINE WEALTH” with the attribute “NON DIVINE”.

CHAPTER 133

FUNCTIONING OF THE “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ CREATURE” MODEL

The functioning of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model is reminiscent of the functioning of the “Specific Energy ‘SPIRIT←LIGHT’ Bridge” model in the “Specific ‘SPIRITUAL’ Environment” and that we have already described above.

Through “The Specific Process of Attachment to ‘THE DIVINE’” and the execution of the “Causal Precedence Relation of ‘THE PRAISE’”, between the “Specific Energy ‘SPIRIT’ Essence Substance” (that is, “The ALTAR of ‘THE DIVINE’”) in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model and any expression in the attribute “NON DIVINE” of a metaphor of “THE ‘SPIRIT←LIGHT’ EON”, using the “‘SPIRIT→LIGHT’ CORD OF PRAISE”, thereupon, the reception of crude “‘SPIRIT’ specific supply of subsistence” by the “Specific Energy ‘SPIRIT’ Essence Substance”, and afterwards the transmission of “‘SPIRIT’ specific supply of subsistence” emitted by this “Specific Energy ‘SPIRIT’ Essence Substance”, and towards all other components of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, this functioning of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model is reminiscent of three successive and non-reversible energy osmoses:

1. “The ALTAR of ‘THE DIVINE’” inside the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model will emit “THE PRAISE” — “specific signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘SPIRIT’ Specific State” — using the “‘SPIRIT→LIGHT’ CORD OF PRAISE”.

This external supply of subsistence will be provided, in the form of crude “‘SPIRIT’ specific supply of subsistence”, by any expression in

the attribute “NON DIVINE” of a metaphor of “THE ‘SPIRIT←LIGHT’ EON”, or by “THE SHEKINAH”: it is the first non-reversible energy osmosis in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

“The ALTAR of ‘THE DIVINE’” inside the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model will accomplish its “specific work” from these crude “‘SPIRIT’ specific supply of subsistence”.

2. The “Specific Energy ‘SPIRIT’ Substance”, which covers “The ALTAR of ‘THE DIVINE’” inside the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, will emit “THE PRAISE” — “specific signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘SPIRIT’ Specific State”.

This external supply of subsistence will be provided, in the form of diluted “‘SPIRIT’ specific supply of subsistence”, by “The ALTAR of ‘THE DIVINE’” inside the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model: it is the second non-reversible energy osmosis in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

The “Specific Energy ‘SPIRIT’ Substance” will accomplish its “specific work” from these diluted “‘SPIRIT’ specific supply of subsistence”.

3. The “Specific ‘CELESTIAL’ Garment”, which covers the “Specific Energy ‘SPIRIT’ Substance” which itself covers “The ALTAR of ‘THE DIVINE’” inside the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, will emit “THE PRAISE” — “specific signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘CELESTIAL’ Specific State”.

This external supply of subsistence will be provided, in the form of “‘CELESTIAL’ specific supply of subsistence”, by the “Specific Energy ‘SPIRIT’ Substance”: it is the third non-reversible energy osmosis in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

The “Specific ‘CELESTIAL’ Garment” will accomplish its “specific work” from these “‘CELESTIAL’ specific supply of subsistence”.

The crude “‘CELESTIAL’ specific supply of subsistence” leaving the “Specific ‘CELESTIAL’ Garment” of this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”

model will also be propagated by the successive series of reception and transmission to others “Specific Atomic ‘CELESTIAL’ Substances” constituents of the “Specific Energy ‘CELESTIAL’ Domain” in which this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model will be manifested into existence.

Therefore, the proper functioning of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model depends upon the proper functioning of all its components and of their links of “HARMONY” with “THE DIVINE”, IHVH, our FATHER. As we have mentioned in one annotation at the onset of these writings, a state of “HARMONY” with “THE DIVINE”, IHVH, our FATHER, is a combination which is ownership of “THE DIVINE” and which presents an original and exclusive characteristic, forming a whole whose various and separate elements are linked in a relation of adequacy, a relation of convenience existing between the constitutive elements, which brings to the both satisfaction and pleasure. The three key drivers, which contribute to maintaining and increasing the state of “HARMONY”, beyond the fundamental state of “HARMONY”, with “THE DIVINE”, IHVH, our FATHER, are: “PURITY”, “THE PRAISE”, and “THE KNOWLEDGE OF THE DIVINE”. In the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, to emit “THE PRAISE”, as you would have understood by now, is to send out “specific signals” requesting the sending of external supply of subsistence in order to remain into existence in the “‘SPIRIT’ Specific State”. This is achieved through the “Causal Precedence Relation of ‘THE PRAISE’” and using “PRAYERS”, “MEDITATIONS”²⁷³, and “SONGS”²⁷⁴.

The “Causal Precedence Relation of ‘THE PRAISE’”, through the constituting components of this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model and between “The ALTAR of ‘THE DIVINE’” in this “‘SPIRIT←LIGHT’ ‘EARTHLY’ Creature” model and any expression in the attribute “NON DIVINE” of a metaphor of “THE ‘SPIRIT←LIGHT’ EON”, is catalyzed by the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

²⁷³ The action of meditating, of thinking with great concentration of mind to deepen your reflection on a particular subject; it is in fact a spiritual exercise, which is characterized by application to contemplative reflection.

²⁷⁴ To sing is to modulate — to produce “specific signals” with varied and pleasant inflections, in a flexible way, to adapt in detail to the conditions of the moment, to various circumstances or to each particular case — on the various degrees of the melodic scale.

The three successive and non-reversible energy osmoses in this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model are activated by “THE SPECIFIC SPIRITUAL FORCE OF LIFE”. “THE SPECIFIC SPIRITUAL FORCE OF LIFE” is the same and unique for all components of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

“THE SHEKINAH” — “THE THRONE OF THE DIVINE IN THE ATTRIBUTE ‘NON DIVINE’” — is the first expression in the attribute “NON DIVINE” of a metaphor of “THE ‘SPIRIT←LIGHT’ EON” at the limit of “proximity” of the most potent properties that “THE DIVINE ARCHITECT AND PROJECT MASTER” has fixed for the “‘SPIRIT→LIGHT’ Specific State” in the attribute “NON DIVINE”.

It is the first manifestation in the attribute “NON DIVINE”, of the link of attachment of the “Specific Energy ‘CELESTIAL’ Domain”, and subsequently of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” which will be manifested into existence in this “Specific Energy ‘CELESTIAL’ Domain”, to “THE PLACE OF LIFE”: it is “THE TREE OF LIFE” manifested in the “Specific Energy ‘CELESTIAL’ Domain”. It is from “THE SHEKINAH” that the first non-reversible energy osmosis in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model will be achieved.

The intensity and the strength of crude “‘CELESTIAL’ specific supply of subsistence” leaving the “Specific Energy ‘SPIRITUAL’ Envelope” of “THE SHEKINAH” are sufficiently high and these “‘CELESTIAL’ specific supply of subsistence” will also be propagated by the successive series of reception and transmission to all the “Specific Atomic ‘CELESTIAL’ Substances” constituents of the “Specific Energy ‘CELESTIAL’ Domain”.

It is so that, the “Specific Atomic ‘CELESTIAL’ Substances” are nourished and subsist in their “‘CELESTIAL’ Specific State”, and it is also so that the “‘SPIRIT’ specific supply of subsistence” emitted directly by “The ALTAR of ‘THE DIVINE’” which is inside “THE SHEKINAH” will participate to the wellness of the “Specific Energy ‘CELESTIAL’ Envelope” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

Through the “Causal Precedence Relation of ‘THE PRAISE’”, between “The ALTAR of ‘THE DIVINE’” inside the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model and “The ALTAR of ‘THE DIVINE’” which is inside “THE SHEKINAH” — “THE THRONE OF THE DIVINE IN THE ATTRIBUTE ‘NON DIVINE’” —, “The ALTAR of ‘THE DIVINE’” which is inside “THE SHEKINAH” will provide crude

“‘SPIRIT’ specific supply of subsistence” to “The ALTAR of ‘THE DIVINE’” inside the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

In this “Causal Precedence Relation of ‘THE PRAISE’”, it is “The ALTAR of ‘THE DIVINE’” inside the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, which will emit “THE PRAISE” and it is “The ALTAR of ‘THE DIVINE’” which is inside “THE SHEKINAH” — “THE THRONE OF THE DIVINE IN THE ATTRIBUTE ‘NON DIVINE’” — that will receive “THE PRAISE” and provide in return the crude “‘SPIRIT’ specific supply of subsistence” to “The ALTAR of ‘THE DIVINE’” inside the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model that emitted “THE PRAISE”.

Once “The ALTAR of ‘THE DIVINE’” inside the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model has received these crude “‘SPIRIT’ specific supply of subsistence”, it will produce the “specific work” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has predefined for it, in a well assured “state of equilibrium” and within the temporal limits that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

It is the product of this “specific work” accomplished by “The ALTAR of ‘THE DIVINE’” inside the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model which will be transmitted to the “Specific Energy ‘SPIRIT’ Substance” constituent of “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, in the form of diluted “‘SPIRIT’ specific supply of subsistence”, and that this “Specific Energy ‘SPIRIT’ Substance” in turn will use to accomplish its “specific work”.

It is so that, the crude “‘SPIRIT’ specific supply of subsistence” emitted by “The ALTAR of ‘THE DIVINE’” which is inside “THE SHEKINAH” will also participate to the wellness of the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model. This is possible only through the “Causal Precedence Relation of ‘THE PRAISE’” which is catalyzed by the degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

The “Specific ‘CELESTIAL’ Garment”, which covers the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model will never provide diluted “‘SPIRIT’ specific supply of subsistence” to the “‘SPIRIT←SPIRIT’ Body” which it covers.

Therefore, to avoid that the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model finds itself in a state of “CHAOS”, contrary to the

“HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” will have to work so as to always have an overload of diluted “‘SPIRIT’ specific supply of subsistence” and sustain the “HOMOGENEITY”, the “PURITY” and “HOLINESS” of his “‘SPIRIT←SPIRIT’ Body”.

Therefore, the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” must remain at all times in “THE PRAISE” with “THE DIVINE”, IHVH, our FATHER, and through any expression in the attribute “NON DIVINE” of a metaphor of “THE ‘SPIRIT←LIGHT’ EON”.

To avoid that the “Specific ‘CELESTIAL’ Garment”, which covers the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, finds itself in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” will have to ensure a proper functioning of the “Specific ‘CELESTIAL←SPIRITUAL’ Frontier” which separates the “Specific ‘CELESTIAL’ Garment” from its “‘SPIRIT←SPIRIT’ Body”. This will be accomplished simultaneously on two sides:

1. On the side of the “‘SPIRIT←SPIRIT’ Body”; by sustaining this “‘SPIRIT←SPIRIT’ Body” overcharged with diluted “‘SPIRIT’ specific supply of subsistence”, and in the “HOMOGENEITY”, the “PURITY” and the “HOLINESS”.
2. On the side of the “Specific ‘CELESTIAL’ Garment”; by consuming “‘CELESTIAL’ Food” which allow to keep the “specific nerves” intact and which enable to increase the speed of reception and transmission of “specific signals” in the “Specific Atomic ‘CELESTIAL’ Substances” and between the “Specific Atomic ‘CELESTIAL’ Substances” constituents of all structures of the “Specific ‘CELESTIAL’ Garment”.

Each “‘CELESTIAL’ Food” has its usefulness. Nutrients extracted from some “‘CELESTIAL’ Food” allow especially to keep the “specific nerves” intact and other extracted nutrients enable to increase the speed of reception and transmission of “specific signals” in the “Specific Atomic ‘CELESTIAL’ Substances” and between the “Specific Atomic ‘CELESTIAL’ Substances” constituents of all structures of the “Specific ‘CELESTIAL’ Garment”. Among these “‘CELESTIAL’ Food” are “fruits” in all their forms.

ספר

It is so that, when the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model is overcharged with diluted “‘SPIRIT’ specific supply of subsistence” and when the “Specific ‘CELESTIAL’ Garment”, which covers the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, is in a state of “HARMONY” with “THE DIVINE”, IHVH, our FATHER, then, the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, in its entirety, will emit a luminous radiation — the “EPHEMERAL GLOW ‘CELESTIAL’” (also called “light”) — as internal output signal resulting from the combination of luminous radiation from its constituent components, and following processes that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed..

The large percentage of this “EPHEMERAL GLOW ‘CELESTIAL’” originates from the “EPHEMERAL GLOW ‘SPIRIT’” of the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, that crossed easily through the “Specific ‘CELESTIAL’ Garment” because of the “low density” “specific ‘CELESTIAL’ coating” component of the “Specific Elementary ‘CELESTIAL’ Particle” from which this “Specific ‘CELESTIAL’ Garment” is built upon.

This “EPHEMERAL GLOW ‘CELESTIAL’” is visible to “THE EYE OF THE DIVINE” and also to the “Specific ‘CELESTIAL’ Visual Structure” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.²⁷⁵

The “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model IS NOT BEARER of any metaphor of the “‘LIGHT’ Divine State”, but it is rather bearer of a metaphor of the “‘SPIRIT→LIGHT’ Divine State”. As we have already indicated, the metaphor is a figure of expression resulting from an analogical substitution and by which a conceptual entity is designated by means of a term which, in language, signifies another by virtue of an analogy between the two entities that are, as such, brought

²⁷⁵ This is why when you see a star, it would appear luminous. It’s actually the entirety of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” present in there, which shines as such and allows humans to see this “EPHEMERAL GLOW ‘CELESTIAL’” similar to the “light” which is emitted because of the overload of diluted “‘SPIRIT’ specific supply of subsistence” in his “‘SPIRIT←SPIRIT’ Body” and its state of “HARMONY” with “THE DIVINE”, IHVH, our FATHER.

When the Archangel RAGUEL takes place inside the solar star (the “Specific Generative Energy ‘EARTHLY’ Domain”) to perform the “specific tasks” that “THE DIVINE FORCE” has entrusted to him, then, the “EPHEMERAL GLOW ‘CELESTIAL’” emitted by the Archangel RAGUEL (“‘SPIRIT←SPIRIT’ Body” and its “Specific ‘CELESTIAL’ Garment”) is masked by the luminous radiation emitted from the “Specific Generative Energy ‘EARTHLY’ Domain”, and human creatures cannot see him.

close together, although in reality they are distant from each other. The use of metaphor makes it possible to examine what is distant and inaccessible, and the metaphor is distinguished from the similarity or comparison by the fact that no formal element of comparison is present in the metaphor. We remind you of this, so that you can properly grasp and understand the distance that exists between “THE DIVINE”, IHVH, our FATHER and those creatures that will be the products of the mold designated as the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

CHAPTER 134

THE “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ CREATURE” AS AN “INDISTINCT FORM” OF THE “SPECIFIC ENERGY ‘CELESTIAL’ SUBSTANCE”

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model as integral and delineated part of the “Specific Energy ‘CELESTIAL’ Substance” in the attribute “NON DIVINE”.²⁷⁶

From the perspective of the “Specific ‘SPIRITUAL’ Environment”, a manifestation of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, into existence in the attribute “NON DIVINE” and in the “Specific ‘CELESTIAL’ Environment”, is a “‘SPIRIT←SPIRIT’ ‘SPIRITUAL’ Creature” (which is represented by a “‘SPIRIT←SPIRIT’ Body”, which comprises a “Specific Energy ‘SPIRIT’ Essence Substance” and a “Specific Energy ‘SPIRIT’ Substance”, which covers it) wearing a “Specific ‘CELESTIAL’ Garment”.

For this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model designed as such, all its components form A UNIQUE UNIT ENTITY ALIVE THAT SHOULD

²⁷⁶ It should be understood that the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” is and remains a modelled structure in the “Specific Energy ‘CELESTIAL’ Substance” — that is, the product of application in the “Specific Energy ‘CELESTIAL’ Substance” of the mould called the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model — and with which “THE DIVINE”, IHVH, our FATHER chose to share through manifestations of metaphors, His own “DIVINE PRIMARY WEALTH” that are at the “‘SPIRIT’ Divine State”.

Also remember that the “Specific ‘SPIRITUAL’ Environment” contains the “Specific Energy ‘CELESTIAL’ Substance” and the “‘SPIRIT←SPIRIT’ Body” that wears the “Specific ‘CELESTIAL’ Garment”, is in the “Specific ‘SPIRITUAL’ Environment”.

FUNCTION IN PERFECT COORDINATION AND IN PERFECT HARMONY WITH “THE DIVINE”, IHVH, OUR FATHER.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has delineated the “Specific ‘SPIRITUAL’ Environment” external and immediate around this entity which is the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” by a kind of smooth spiritual envelope, a spiritual aureole visible to “THE EYE OF THE DIVINE”, and which is a manifestation of the state of “HARMONY” with “THE DIVINE”, IHVH, our FATHER: It is the “Specific Radiance ‘SPIRITUAL’ Aureole”, because it is an expression of the radiance of that, which has been created in the attribute “NON DIVINE”. It is placed at the edge of the volume of the “EPHEMERAL GLOW ‘CELESTIAL’” of the “Specific ‘CELESTIAL’ Garment”.

The higher the “HARMONY” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” with “THE DIVINE”, IHVH, our FATHER, the brightest the “Specific Radiance ‘SPIRITUAL’ Aureole” which covers such “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

“THE DIVINE”, IHVH, our FATHER did nothing randomly and HE does nothing at random. “THE DIVINE ARCHITECT AND PROJECT MASTER” studied meticulously and thought all the details of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model prior to undertaking the implementation into existence in the “Specific Energy ‘CELESTIAL’ Domain” by “THE DIVINE FORCE”.

THE PURPOSE OF “THE DIVINE FORCE” IS TO BE THE CONJOINT OF “THE DIVINE ARCHITECT AND PROJECT MASTER”. Likewise, as “THE DIVINE ARCHITECT AND PROJECT MASTER” had designed it:

THE MAIN PURPOSE OF THE “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ CREATURE” WAS TO BE AKIN TO “THE DIVINE FORCE”.

Just as the symbol of “THE DIVINE FORCE” is “PURITY”, the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” designed as such was called to remain in “PURITY”.

Through “THE INTELLECT OF THE DIVINE”, “THE DIVINE” conceives Himself and builds up, according to his own plans, architectures made of “Divine Particles”: “THE INTELLECT OF THE DIVINE” is “THE ARCHITECT OF THE DIVINE”.

Through “THE INTELLECT OF THE DIVINE”, “THE DIVINE” defines architectural and technical solutions for the realization of His own designs: “THE INTELLECT OF THE DIVINE” is “THE PROJECT MASTER OF THE DIVINE”.

“THE DIVINE” creates Himself, and performs the designs of His “DIVINE ARCHITECT AND PROJECT MASTER” in the “SILENCE”, using “THE DIVINE FORCE”. These realized designs of “THE DIVINE FORCE” are the “INDISTINCT DIVINE FORMS”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” with such capability of metamorphosis, allowing it to itself change the form of its “Specific ‘CELESTIAL’ Garment” and take any other shape or appearance²⁷⁷, live with the fellow creatures of the taken form, to accomplish the mission that “THE DIVINE” has entrusted him.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed as such the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model truly in the image of “THE HOLY SPIRIT”.

The functioning of the links of “HARMONY” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” with “THE DIVINE”, IHVH, our FATHER, is the same as we have already described above.

These links of “HARMONY” between “THE DIVINE”, IHVH, our FATHER and the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” containing a “Specific Energy ‘SPIRIT’ Essence Substance”, ensue on the one hand from the HIGHEST “PURITY” and “HOLINESS” of this unique aspect of “THE HOLY SPIRIT” and on the other hand from the purity and holiness of the natures and structures of all components of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

As “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed it, sustaining this “HARMONY” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” with “THE DIVINE”, IHVH, our FATHER is possible only by the presence of a high enough degree of presence of “THE SPECIFIC SPIRITUAL FORCE OF LIFE” in the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has endowed the internal structures of the “Specific Energy ‘SPIRIT’ Substance” with capacities,

²⁷⁷ See conversation on August 7, 2006, Aristide with the Archangel URIEL.

capabilities and “specific processes” which, among others, allow “THE SEAT OF THE INTELLECT” within this “Specific Energy ‘SPIRIT’ Substance”, to independently: “THINK”, “REASON” and “MAKE DECISIONS”, memorize, learn, acquire intelligence and develop it throughout its existence in order to grow in knowledge, in order to accomplish the “specific work” that HE has designed and established for the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”.

It is said of the product of the “specific work” accomplished by the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” that it is “TRUTHFUL”, implied with respect to the main purpose for which the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” has been created into existence, that is “TO BE AKIN TO ‘THE DIVINE FORCE’”, when this product is “PURE”; that is, conform to specifications that “THE DIVINE ARCHITECT AND PROJECT MASTER” has established.

From the perspective of the “Specific Energy ‘CELESTIAL’ Substance” constituent of the “Specific Energy ‘CELESTIAL’ Domain” from which “THE DIVINE FORCE” has shaped the “Specific Energy ‘CELESTIAL’ Domain”, the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed as such a cohesive subset of this “Specific Energy ‘CELESTIAL’ Substance”: an “INDISTINCT FORM” OF THE “SPECIFIC ENERGY ‘CELESTIAL’ SUBSTANCE”; It is a little like if you consider a volume of water and in this volume of water you transform a small part in cohesive ice, without removing this small part of cohesive ice from the volume of water.

It is so that, the exchange of signals received and emitted will also take place between the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” and this “Specific Energy ‘CELESTIAL’ Substance” in which it is immersed and is an integral part.

Due to the continuous movement of the “Specific Atomic ‘CELESTIAL’ Substances” constituents of the “Specific Energy ‘CELESTIAL’ Domain”, the “Specific Energy ‘CELESTIAL’ Domain” is a giant electromagnetic field entirely filled with “electromagnetic waves”, which is illuminated by the luminous radiation emanating from “THE SHEKINAH” — “THE THRONE OF THE DIVINE IN THE ATTRIBUTE ‘NON DIVINE’” —. It is thus that the manifested structural colors of the “Specific ‘CELESTIAL’ Garment”, which the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” wears, will be determined by the properties of the “Specific ‘CELESTIAL’ Tegumentary Structure” of that “Specific ‘CELESTIAL’ Garment” and the wavelengths of the electromagnetic waves, which transport the luminous radiation emanating from “THE SHEKINAH” — “THE THRONE OF THE DIVINE IN THE ATTRIBUTE ‘NON DIVINE’” —, and which

the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, from his/her own volition, will choose to selectively absorb and reflect.

Through “THE SEAT OF THE INTELLECT” in its “Specific Energy ‘SPIRIT’ Substance”, the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” has received the capacity to generate its own input signals and which are called the “Interpreted THOUGHTS”, to process them and afterwards to emit its internal output signals which are transmitted both to:

- The “Specific ‘CELESTIAL’ Garment” to be made manifest in the non-spiritual “Specific ‘CELESTIAL’ Environment” external and immediate around the “Specific ‘CELESTIAL’ Garment”; and
- To the “Specific ‘SPIRITUAL’ Environment” external and immediate around the “Specific Energy ‘SPIRIT’ Substance”.

These internal output signals will therefore affect both the “Specific ‘CELESTIAL’ Environment” and the “Specific ‘SPIRITUAL’ Environment” external and immediate around and containing the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature”, and subsequently the whole “Specific Energy ‘CELESTIAL’ Domain”, and the whole “Specific ‘SPIRITUAL’ Environment” containing this “Specific Energy ‘CELESTIAL’ Domain”.

It is so that, in the event that a “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” is in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”, then, the “Specific Energy ‘CELESTIAL’ Substance” constituent of this whole “Specific Energy ‘CELESTIAL’ Domain”, including the whole “Specific ‘SPIRITUAL’ Environment” containing this “Specific Energy ‘CELESTIAL’ Domain” will be affected.²⁷⁸

They will be also in a state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER”; even if their state of “CHAOS”, contrary to the “HARMONY” prescribed by “THE DIVINE ARCHITECT AND PROJECT MASTER” will not be felt with the same intensity by

²⁷⁸ It is what happen to the “Specific Energy ‘CELESTIAL’ Substance” constituent of this whole “Specific Energy ‘CELESTIAL’ Domain”, including the “Specific ‘SPIRITUAL’ Environment” contained in this “Specific Energy ‘CELESTIAL’ Domain”, in the days that followed the announcement of the “Second Phase” of “THE HOLY PROJECT” that “THE DIVINE ARCHITECT AND PROJECT MASTER” designed and have preceded the beginning of implementation of this “Second Phase” of “THE HOLY PROJECT”. We shall explain this in a section below.

others “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creatures” which are also integral and delineated parts and cohesive subsets of this “Specific Energy ‘CELESTIAL’ Substance”.

It is therefore “THE SHEKINAH” — “THE THRONE OF THE DIVINE IN THE ATTRIBUTE ‘NON DIVINE’” — which will provide both the “‘CELESTIAL’ specific supply of subsistence” to the “Specific Energy ‘CELESTIAL’ Substance” constituent of this entire “Specific Energy ‘CELESTIAL’ Domain” and the “‘SPIRITUAL’ specific supply of subsistence” to the “Specific ‘SPIRITUAL’ Environment” containing this “Specific Energy ‘CELESTIAL’ Domain”, so that the “HARMONY” of both the “Specific Energy ‘CELESTIAL’ Domain” and the “Specific ‘SPIRITUAL’ Environment” containing this “Specific Energy ‘CELESTIAL’ Domain” with “THE DIVINE”, IHVH, our FATHER, be restored.

If, for any reason whatsoever, the “Specific Energy ‘SPIRITUAL’ Envelope” of “THE SHEKINAH” — “THE THRONE OF THE DIVINE IN THE ATTRIBUTE ‘NON DIVINE’” — cannot transmit the products of its “specific work” accomplished using the “‘SPIRIT’ specific supply of subsistence” that are sent by “The ALTAR of ‘THE DIVINE’” which it covers, then, the state of “CHAOS” in both “Specific Energy ‘CELESTIAL’ Domain” and the “Specific ‘SPIRITUAL’ Environment” containing this “Specific Energy ‘CELESTIAL’ Domain” with “THE DIVINE”, IHVH, our FATHER will persist.

This principle is very important in order to understand what will unfold later in this “Specific Energy ‘CELESTIAL’ Domain” when “SIN” will appear into existence.

CHAPTER 135

THE METAPHORS OF “THE DIVINE SUPREME CONFIGURATION” OF SEVEN “DIVINE PARTICLES” EXPRESSED ON THE “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ CREATURE” MODEL

Having designed the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model which HE will apply to the “Specific Energy ‘CELESTIAL’ Substance” constituent of the “Specific Energy ‘CELESTIAL’ Domain” in the attribute “NON DIVINE”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has also designed and established unique metaphors to express, on this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, the particulars of each of the seven “Divine Particles” constituent of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

It is so that, “THE DIVINE ARCHITECT AND PROJECT MASTER” will generate seven new instances²⁷⁹ of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

²⁷⁹ The “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model defines the structure of a cohesive subset of the “Specific Energy ‘CELESTIAL’ Substance” as well as all the constituents of this cohesive subset of the “Specific Energy ‘CELESTIAL’ Substance”, their own conditions, their attributes and their functioning.

A “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” will therefore “stem from” or “be produced from” the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model; it is the product that comes out of the mould which is called: The “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model. This product, that is the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” that will come out of this mould, is called an “instance” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model; it will be a manifestation into existence in the “Specific Energy ‘CELESTIAL’ Substance”, also called an “instantiation” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model into existence in the “Specific Energy ‘CELESTIAL’ Substance”.

HE has also designed and established a metaphor to represent “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles” on this “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

In the attribute “NON DIVINE” in which SHE will implement “THE HOLY PROJECT”, “THE DIVINE FORCE” has chosen to share “THE KNOWLEDGE OF THE DIVINE” with the attribute “NON DIVINE”, through analogical substitution and using concrete and living images to express the “DIVINE PRIMARY WEALTH” that already exist within “THE DIVINE BODY”, to express “THE DIVINE SUPREME CONFIGURATION” as well as all aspects and essential particulars of this “DIVINE SUPREME CONFIGURATION” and of its seven constituent “Divine Particles”.

All these concrete and living images will be manifestations of metaphors of “DIVINE PRIMARY WEALTH” that already exist within “THE DIVINE BODY”, of “THE DIVINE SUPREME CONFIGURATION”, of its aspects and essential particulars, and of its seven constituent “Divine Particles”.

It would be worth recalling once more at this distance, that: the metaphor is a figure of expression resulting from an analogical substitution and by which a conceptual entity is designated by means of a term which, in language, signifies another by virtue of an analogy between the two entities that are, as such, brought close together, although in reality they are distant from each other. The use of metaphor makes it possible to examine what is distant and inaccessible, and the metaphor is distinguished from the similarity or comparison by the fact that no formal element of comparison is present in the metaphor.

It is so that, all these concrete and living images will be, for the attribute “NON DIVINE”, the attributes and values that will enable to discern the appearance of “THE DIVINE” who cannot be apprehended and is elusive in the “NON DIVINE”.

As we have already indicated, in the attribute “NON DIVINE”, each of these manifestations of metaphors of the “DIVINE PRIMARY WEALTH” will carry in it an aspect of that, which will be called: “THE KNOWLEDGE OF THE DIVINE”. And that is to say: each of these manifestations of metaphors of the “DIVINE PRIMARY WEALTH” will carry in it an aspect of “THE DIVINE FORCE”, when

Each “instance” of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model possesses a condition of its own and which will represent a manifestation of a metaphor of a “DIVINE PRIMARY WEALTH”.

looking from the perspective of the true knowledge, without mixture, Holy, pure, inexpressible, perfect and incorruptible of “THE DIVINE”.

To express “THE KNOWLEDGE OF THE DIVINE” on the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model in the attribute “NON DIVINE”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has established specific conditions which are proper to the “Specific Energy ‘SPIRIT’ Substance” of the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model.

Within these specific conditions, added to the “Specific Energy ‘SPIRIT’ Substance” of the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, HE has endowed “THE SEAT OF THE INTELLECT” within the “Specific Energy ‘SPIRIT’ Substance” constituent of “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model with the capacity, a proper ability, to be able to discern “THE KNOWLEDGE OF THE DIVINE”.²⁸⁰

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designed seven different ways through which this proper ability to discern will be made manifest; each representing a manifestation of a unique metaphor of a “Divine Particle” constituent of “THE DIVINE SUPREME CONFIGURATION” of seven “Divine Particles”.

²⁸⁰ These are parts of the “silver coins” that CHRIST talked most often about to human creatures, for the purpose to lead them to understand such things, when, notably, HE told them about the parable of the workers of the eleventh hour.

Read more in the section concerning the details of annotations — Annotation on the parable of the workers of the eleventh hour.

CHAPTER 136

THE METAPHORS OF “THE DIVINE SUPREME CONFIGURATION” OF SEVEN “DIVINE PARTICLES” EXPRESSED ON THE “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ CREATURE” MODEL — THE “QUERUB” INSTANCE

“THE DIVINE FORCE” is the source of all “THE KNOWLEDGE OF THE DIVINE”, and aspects of “THE KNOWLEDGE OF THE DIVINE” will emanate from the “Specific Energy ‘SPIRIT’ Substance” of the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model, in the raw form and following “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established.

The “Generative Divine Particles” are at the origin of the “Generative Power of ‘THE DIVINE’”, they produce much more “divine generative energy” and transmit this crude “divine generative energy” to the external and immediate environment around them; they emit as such much more “LIGHT”.

It is so that, by analogy to the “Generative Divine Particle”, “THE DIVINE ARCHITECT AND PROJECT MASTER” has defined a unique instance of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model by adding an ability proper to the “Specific Energy ‘SPIRIT’ Substance” of the “‘SPIRIT←SPIRIT’ Body” in the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model and from which will emanate abundantly raw indices and signs that reveal the existence of an aspect of “THE DIVINE”, and that will enable to discern and understand aspects of “THE KNOWLEDGE OF THE DIVINE”.

These raw indices and signs that reveal the existence of an aspect of “THE DIVINE”, and that will enable to discern and understand aspects of “THE KNOWLEDGE OF THE DIVINE” will be called: “THE ‘RAW KNOWLEDGE’ OF THE DIVINE”.

These “‘RAW KNOWLEDGE’ OF THE DIVINE” will be produced by “THE DIVINE FORCE” and transmitted abundantly to this unique instance of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model through “specific processes” that “THE DIVINE ARCHITECT AND PROJECT MASTER” has designed and established.

“THE DIVINE ARCHITECT AND PROJECT MASTER” has designated this first and unique instance of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model by the word which means “EMANATIONS OF ‘RAW KNOWLEDGE’ OF THE DIVINE” and the pronunciation of which in the human language will be the same as that of the word “QUERUB”.

This first and unique instance of the “‘SPIRIT←SPIRIT’ ‘CELESTIAL’ Creature” model will be considered as a metaphor of the “Generative Power of ‘THE DIVINE’”, although it does not possess elements of “THE ‘LIGHT’ REASON”. Manifestations of this instance into existence in the “Specific Energy ‘CELESTIAL’ Substance” will be called: “QUERUB’IM”.
